

## **Approval of Educational Programs for Candidates for Licensure**

### **19a-14-20. Approval of educational programs**

Whenever a Board or Commission identified in Section 19a-14 of the Connecticut General Statutes is authorized to approve, with the consent of the Commissioner of Health Services, educational programs for candidates for licensure, the following procedure shall apply.

The process of approval shall require the Board or Commission to provide the Department of Health Services with a written statement of the approved educational program. The Department shall provide a written response acknowledging receipt of the approved program and noting either consent or refusal of the program. The approved program and an affirmative response from the Department shall be incorporated into the formal minutes of the Board or Commission.

An agreement between the Department and a Board or Commission regarding educational programs shall remain in effect until such time as both parties have a new agreement regarding this matter.

(Effective April 9, 1984.)
