DRAFT 2011-12 BUDGET FOR HITE-CT
Meg Hooper provided an overview of the revised HITE-CT budget. This budget was revised as per the discussion at the May Board meeting. Additional points include:
- The "HIE Services and Implementation" budget line item funds may include more than one contract.
- Cost-sharing and cost-saving measurements should be looked at between the REC, CCC, DSS and other avenues.
- A business case should be developed soon to support accepting private funds (i.e. payers, hospitals, providers, etc)
- The newly appointed State CIO should be included in future discussions

MOTION: Dan Carmody moved to adopt the draft budget. This was seconded by Kevin Carr. Motion Passed.

HITE-CT LEGISLATION ADOPTED JUNE 2011 (SUBST. HOUSE BILL NO. 6618)
Commissioner Mullen presented that the bill requires the Health Information Technology Exchange of Connecticut’s Board of Directors to establish an advisory committee on patient privacy and security. The Board’s chairman appoints the members, who must have expertise in the field of privacy, health data security, or patient rights. Advisory committee members must include a representative from a nonprofit research and educational organization dedicated to improving access to health care and a patient advocacy group; an ethicist; an attorney with expertise in health information technology and HIPAA protections; the chief information officer of a hospital; an insurer or representative of a health plan; and a primary care physician in
active practice who uses electronic health records. The lieutenant governor appoints the committee chairperson.

The committee must monitor developments in federal law concerning patient privacy and security relating to health information technology and report to the board on national and regional trends and federal policies and guidance. The Board must include information supplied by the advisory committee in the annual report it must make to the legislature and the governor.

- The Board came to the agreement that this Advisory Committee will support the HITE-CT further look at the consent issue in Connecticut and will expand the understanding of this issue.
- This Advisory Committee will report to the Public Health Committee and the HITE-CT.

ONC is also currently developing recommendations regarding consent and this Advisory Committee will work with the information and recommendations provided by the federal agency.

Please note that the ONC Workgroup that will develop the federal recommendations on consent is open and everyone is welcome to participate. If a member would like to learn more about the workgroup and has not been able to connect through ONC directly, please contact Kevin Carr.

HITE-CT FINANCIAL REPORT
Tom Agresta reported as of June 20, 2011 there is a total of $23,000 in the bank account. No funds have been expended.

COMMITTEE REPORTS:
