Focus Area 1: Infectious Disease Prevention and Control

Goal 4: Prevent, reduce and ultimately eliminate the infectious disease burden in Connecticut.

Area of Concentration: Vaccine-Preventable Diseases

SHIP Objective ID-1: Increase by 5% the vaccination coverage levels for Advisory Committee on Immunization Practices (ACIP) recommended vaccines among children and adults.

Dashboard Indicator:
- Vaccine coverage levels for ACIP recommended vaccines among children 19 - 35 months of age.
- Varicella vaccine coverage levels for ACIP recommended vaccines among adolescents 13 to 17 years of age.
- Tdap vaccine coverage levels for ACIP recommended vaccines among adolescents 13 - 17 years of age.
- Meningococcal conjugate vaccine coverage levels for ACIP recommended vaccines among adolescents (13 – 17 years of age).

</table>

Resources Required (human, partnerships, financial, infrastructure or other)
- Human/partnerships: Advocacy from partners
- Financial: $23,100,000 in state budget and funding from the CDC

Monitoring/Evaluation Approaches
- Provide quarterly report outs
- Regular reports from Connecticut legislation available on their website
- DPH Government Relations gives updates on StateScape
Focus Area 1: Infectious Disease Prevention and Control

Goal 4: Prevent, reduce and ultimately eliminate the infectious disease burden in Connecticut.

Area of Concentration: Vaccine-Preventable Diseases

SHIP Objective ID-5: Increase by 5% the percentage of adults who are vaccinated annually against seasonal influenza.

Dashboard Indicator:
- Percent of youth in Connecticut under 18 years of age who are vaccinated annually against seasonal influenza.
- Percent of adults in Connecticut (18 years of age and older) who are vaccinated annually against seasonal influenza.
- Percent of adults (65 years of age and older) in Connecticut who are vaccinated annually against seasonal influenza.

| Educate providers about vaccine availability, delivery, cost and practice guidelines. | a. Launch public communication campaign.  
   • Call-to-action letter from DPH Commissioner to physicians. **Due: 1/1/16**  
   • Engage vulnerable populations in the development and dissemination of Social media messages. Dissemination could include reaching existing networks: local libraries, school districts, local health departments, community health centers, faith based communities, DPH website, Twitter, Facebook, etc. **Due: 10/1/16** | DPH Office of Communications, American Academy of Pediatrics-CT chapter (CT-AAP), Connecticut Cancer Partnership, CT Vaccine Advisory Committee | |
| Educate parents and providers about the cancer prevention benefits of the HPV vaccine. | | | |

Resources Required (human, partnerships, financial, infrastructure or other)
- In-kind DPH staff

Monitoring/Evaluation Approaches
- Review of DPH website for social media, call-to-action
Focus Area 1: Infectious Disease Prevention and Control

Goal 4: Prevent, reduce and ultimately eliminate the infectious disease burden in Connecticut.

Area of Concentration: HIV

| SHIP Objective ID-12: | Reduce by 5% the number of diagnosed cases of HIV overall, among men who have sex with men (MSM) and among black females. |

Dashboard Indicator:
- Number of newly diagnosed cases of HIV in Connecticut overall.
- Number of newly diagnosed cases of HIV in Connecticut among men who have sex with men (MSM).
- Number of newly diagnosed cases of HIV in Connecticut among black females.
