

Area: CHRONIC DISEASE

Meeting: 2

Date: 5/13/13

Time: 8:00-9:30 a.m.

Location: Conference Call

Time	Agenda Item	<i>min</i>	Notes
8:15-8:45	Review & Discuss Draft Objectives	30	<ul style="list-style-type: none"> <li>• Carol Bower took roll call.</li> <li>• Steve opened meeting at 8:15.</li> <li>• Rose Swensen reviewed output from first meeting and work done drafting objectives and strategies to date.</li> <li>• Oral health needs to be added as an area of concentration... inadvertently left off from objectives from first list of areas of concentration.</li> <li>• Vision and hearing also missing. NO DATA and will be DROPPED.</li> <li>• Steve asking if someone would like to develop objectives for oral health, vision and hearing?</li> <li>• Add objective for heart disease screening similar to cancer? Good idea. Have objectives re: blood pressure and cholesterol. Need to define "adults."</li> <li>• Fruit consumption: need to define age category. Adult in BRFSS is 18+. Youth is grades 9-12 from YRS.</li> <li>• Include age ranges in each objective to be specific!</li> <li>• Can we set objective for youth younger than grades 9-12? Youth tobacco survey includes junior high school as well, but DPH does not routinely screen anyone below HS age in surveys.</li> <li>• Steve: If people are aware of other data sets out there, please bring to the group.</li> <li>• Suggestion made to group by risk factors across several diseases (e.g., fruit and vegetable consumption)?</li> <li>• Carol to speak with Dr. Dalal to see if there is additional data.</li> </ul>

			<ul style="list-style-type: none"> <li>• State Cancer Plan being developed now for period 2014-2017 : language included in plan will relate to SHIP objectives. This is great timing. Refer to cancer specific content in new plan in the SHIP (released simultaneously).</li> <li>• Steve asked for subject matter experts to offer input on specific number targets for objectives.</li> </ul>
8:45-9:00	Review strategies	15	<ul style="list-style-type: none"> <li>• Steve reviewed strategies and format of strategies from handout.</li> <li>• Steve reinforced need to ensure that strategies are evidence-based.</li> </ul>
9:00 – 9:15	Review agenda for 6/4/13 planning session and identify preferred areas of concentration for workgroup members	15	<ul style="list-style-type: none"> <li>• Rose reviewed and discussed agenda for 6/4/13 session.</li> <li>• Carol did roll call to ask for volunteers for different objective areas (see attached).</li> </ul>
9:15 – 9:30	Next Steps and Pre-Planning Work	15	<ul style="list-style-type: none"> <li>• Rose resent DROPBOX link instructions and Cross-Cutting Themes document to all workgroup members.</li> <li>• Request by working group members to organize all necessary documents in DROPBOX under the specific focus area folder.</li> </ul> <p>PLANNING WORK:</p> <ol style="list-style-type: none"> <li>1. Investigate other data tables and sources.</li> <li>2. Review objectives and targets.</li> <li>3. Review and brainstorm strategies.
