Education

Understand your Child’s IEP and your Role in the IEP Process

Autism Society- The Individualized Education Plan (IEP) is a written document that outlines a child’s education. Learn about the goals of an IEP, the contents within an IEP, and what to know about the IEP meeting http://www.autism-society.org/living-with-autism/academic-success/individualized-education-plan-iep/

Autism Speaks- offers an IEP toolkit which has been put together by a team of lawyers at Goodwin Procter LLP offering a summary of an IEP, information of the process, and practical tips
Car Autism RoadMap - Participating in evaluations of your child and developing an intervention plan are intimidating tasks for most parents. Many parents feel overwhelmed by the process and may feel that they do not have the knowledge and skills necessary to be a contributing member of the Individualized Education Program (IEP) team. Parents are experts on their children, however, and have much to contribute to the process, even if it seems foreign to them.

Learn about 504 Plans

Car Autism RoadMap- 504 Plans are governed by the Rehabilitation Act of 1973. They are mainly used by students who do not qualify for services under the Individuals with Disabilities Education Act (IDEA). To learn more about the basics of the 504 Plan, visit https://www.carautismroadmap.org/504-basics/

Review Connecticut’s State Department of Education “A Parent Guide to Special Education in CT”

This publication, from the CT State Department of Education, provides a clear explanation of the laws, regulations and policies affecting special education programs and services https://portal.ct.gov/-/media/SDE/Special-Education/Parents_Guide_SE.pdf

Learn about Assessments and Evaluations for Children with ASD

Car Autism RoadMap- the Individuals with Disabilities Education Act (IDEA) requires that a full and individualized evaluation be conducted before your child can be provided special education and related services. In addition to initial eligibility evaluations, reevaluations occur on a regular basis throughout your child’s education to determine the need for continued and new services. It is important to understand your family’s rights during the evaluation process, what is considered during an evaluation, and what happens if you disagree with the results https://www.carautismroadmap.org/school-age-special-education-evaluations/.

Car Autism RoadMap- An Independent Educational Evaluation (IEE) is an evaluation done by a qualified examiner who is not employed by the public school or agency responsible for the education of your child. An IEE may evaluate any skills related to your child’s educational needs, such as behavior, social skills, or occupational therapy; it is not limited to academic skills. Learn about Independent Education Evaluations https://www.carautismroadmap.org/independent-education-evaluations/

Complete Functional and Community-Based Assessments and Interest Inventories
Autism Speaks provides a Community-Based Skills Assessment guide to help you create a transition plan which focuses on the individual's strengths, needs, challenges and preferences. This tool is divided into three levels based on age with eight areas of functional life skills to be assessed

Contact CT State Department of Education Bureau of Special Education to file a Special Education Complaint, if Necessary

Any individual or organization may submit a complaint if they feel the Connecticut education agency (school) is not complying with requirements outlined in the Individuals with Disabilities Education Act (IDEA) Connecticut State Department of Education - Bureau of Special Education

Understand the Requirements/Criteria for Exiting with a Diploma vs. Certificate of Completion

The State of Connecticut General Assembly has legislation providing details about the requirements to obtain a high school diploma https://www.cga.ct.gov/2015/fc/2015SB-01059-R000502-FC.htm

The Anderson Community Schools special education division in Anderson Indiana has useful information which helps individuals understand what a certificate of completion is https://sites.google.com/a/acsc.net/anderson-community-schools-special-education-services/parent-pages/what-is-a-certificate-of-completion

For more information regarding high school diploma and certificate of completion requirements, contact your local school districts board of education.

Develop an Individualized Transition Plan with Your Child’s Educational Team

As part of your child’s Individualized Educational Plan (IEP), address necessary supports and accommodations in advance. Begin transition planning early in the year. Have current school personnel
assess current environment, student’s strengths and challenges, as well as necessary supports and accommodations

Develop Student Success Plans Yearly

In addition to any 504 Plans or IEP your child may have, beginning in grade six students should have a Student Success Plan (SSP). This is an individualized student driven plan that will be developed to address every student’s needs and interests to help every student stay connected in school and to achieve postsecondary educational and career goals. To learn more, visit the State of Connecticut Department of Education website at https://portal.ct.gov/SDE/SSReform/SSP/Student-Success-Plan

Develop Positive Behavioral Intervention Plans as Appropriate

If your child exhibits behaviors that impede learning for themselves and others, you can incorporate a Behavior Intervention Plan (BIP) into your child’s Individualized Education Program (IEP). For more information visit the Car Autism Roadmap website at https://www.carautismroadmap.org/behavior-intervention-plan/

Did you know any use of restraint is to be documented in the child’s educational record and, if needed, in the child’s school health record?

Inclusion Evolution provides information on providing your child’s school with a “No Consent” letter for restraint and seclusion. As part of positive behavioral plan, you can request this letter be included in your child’s official records https://www.inclusionevolution.com/child-needs-no-consent-letter-restraint-seclusion/

Understand Your Child’s Educational Needs and Placement Options

The document that spells out your child’s needs and how these needs will be met is the Individualized Education program (IEP). To know more about the IEP, the IEP meeting, teacher/staff requirements,

You can also review *“A Parent Guide to Special Education in CT”* which is a publication from the CT State Department of Education. Explore the Legal Implications of Reaching Age 18 (Conservatorship)

The age at which an individual is considered legally an adult, or “age of majority”, in most states is 18.

SOURCE: CGS Sec. 1-1d [https://www.cga.ct.gov/current/pub/chap_001.htm#sec_1-1d](https://www.cga.ct.gov/current/pub/chap_001.htm#sec_1-1d)

This means individuals in the State of Connecticut are old enough to be considered legally capable of making personal and financial decisions. Individuals with autism, however, may be unable to direct his or her own personal affairs and/or financial decisions, therefore, matters related to their safety, health, and finances are of concern.

A conservator is a person appointed by the probate court to oversee the financial or personal affairs of an adult determined to be incapable of managing his or her own affairs or unable to care for himself or herself. There are two basic types of conservatorships:
• A **conservator of the person** is appointed to supervise the personal affairs of an individual who is found by the court to be unable, even with appropriate assistance, to meet essential requirements for personal needs. These needs may include, but are not limited to, the need for food, clothing, shelter, health care, and safety.

• A **conservator of the estate** is appointed to supervise the financial affairs of an individual who is found by the court to be incapable of doing so himself to the extent that property will be wasted unless adequate property management is provided. This may include, but is not limited to, actions to obtain and manage assets, income and public assistance benefits.

• A person may be in need of one or both types of conservators. Two separate individuals may perform these two roles, or one person may serve in both capacities. A conservator of the estate or person may be an individual, a legally authorized municipal or state official, or a private or nonprofit corporation. However, hospitals and nursing homes cannot be appointed conservators of either the person or the estate, and banks cannot be appointed conservators of the person.

To become a conservator, please visit the **Connecticut Probate Courts** website at [http://www.ctprobate.gov/Pages/Conservatorships.aspx](http://www.ctprobate.gov/Pages/Conservatorships.aspx)

**Learn about Life Planning Tools**

**ABLE National Resource Center**- Achieving a Better Life Experience (ABLE) account - ABLE Accounts, which are tax-advantaged savings accounts for individuals with disabilities and their families, were created as a result of the passage of the Stephen Beck Jr., Achieving a Better Life Experience Act of 2014 or better known as the ABLE Act. The beneficiary of the account is the account owner, and income earned by the accounts will not be taxed. Contributions to the account, which can be made by any person (the account beneficiary, family and friends), must be made using post-taxed dollars and will not be tax deductible for purposes of federal taxes, however some states may allow for state income tax deductions for contribution made to an ABLE account [http://www.ablenrc.org/about/what-are-able-accounts](http://www.ablenrc.org/about/what-are-able-accounts)

**Special Needs Trust (SNT’s)** are well-established savings tools that also protect eligibility for public programs [https://www.specialneedsalliance.org/able-accounts-and-snts-how-to-choose/](https://www.specialneedsalliance.org/able-accounts-and-snts-how-to-choose/)

Help Your Child Learn Self-Advocacy Skills

Teaching your children social skills is crucial given an autistic child’s limitation with certain social skills. As part of the social skills lesson, teach your child to self-advocate.

Organization for Autism Research - Too often, young people with disabilities have things done for them that their typical peers do themselves, which they could do as well. These well-intended supports can get in the way of their ability to advocate for themselves. In this week’s blog, an autism specialist, Deborah Hammer, describes the steps you can take to help children learn to self-advocate. This post originally appeared in the July 2015 edition of the OARacle newsletter [https://researchautism.org/help-children-learn-how-to-self-advocate/](https://researchautism.org/help-children-learn-how-to-self-advocate/)
