

April 27, 2023
Connecticut Department of Social Services
Supportive Documentation Requirements
and Updated Review Process Webinar

Webinar Description

The State of Connecticut will be implementing Supportive Documentation Requirements (SDRs) for all Minimum Data Set (MDS) assessments with an Assessment Reference Date (ARD) of 5-1-2023 and after effective May 1, 2023. Additionally, the State of Connecticut will be altering the way the MDS Review process is currently conducted. To assist in these endeavors, the State of Connecticut has contracted with Myers and Stauffer to conduct provider training to cover both topics. The training will be held via webinar format on April 27, 2023. Please click on the appropriate link in this flier to register.

Please plan to join us during the scheduled session. If unable to attend, the presentation will be posted to the [Myers and Stauffer website](#) following the event.

Registration is required.

Who Should Attend

This training's targeted audience are those facility staff members involved with or impacted by the MDS process, including but not limited to:

- ✓ Administrators
- ✓ Directors of Nursing
- ✓ MDS Coordinators
- ✓ Consultants

Date & Time

April 27, 2023
10:00 am - 12:30 pm (EDT)
