### General Instructions:

Each State must provide the information indicated below on its TANF program regardless of the funding source -- i.e., no matter whether the State used segregated Federal TANF funds, segregated State TANF funds, or commingled funds to pay for the benefit or service.

If the State elects to report on other benefits or activities provided through other program funding streams, please mention it after the TANF-funded benefits or activities for each item.

#### Note

1. The State’s definition of each work activity.
2. A description of the transitional services provided to families no longer receiving assistance due to employment.
3. A description of how a State will reduce the amount of assistance payable to a family when an individual refuses to engage in work without good cause pursuant to 45 CFR 261.14 of this chapter.
4. The average monthly number of payments for child care services made by the State through the use of disregards, by the following types of child care providers:

   - Licensed/regulated in-home child care
   - Licensed/regulated family child care
   - Licensed/regulated group home child care
   - Licensed/regulated center-based child care
   - Legally operating (i.e., no license category available in State or locality) in-home child care
   - Legally operating (i.e., no license category available in State or locality) family child care
   - Legally operating (i.e., no license category available in State or locality) center-based child care

5. If the State has adopted the Family Violence Option and wants Federal recognition of its good cause domestic violence waivers under 45 CFR 260.50-58, then provide (a) a description of the strategies and procedures in place to ensure that victims of domestic violence receive appropriate alternative services and (b) an aggregate figure for the total number of good cause domestic violence waivers granted.

CT has not adopted the Family Violence option.

#### Note

6. A description of any nonrecurrent, short-term benefits (as defined in 45 CFR 260.31(b)(1)) provided, including:

   - The eligibility criteria associated with such benefits, including any restrictions on the amount, duration, or frequency of payments;
   - Any policies that limit such payments to families that are eligible for TANF assistance or that have the effect of delaying or suspending a family’s eligibility for assistance;
iii. Any procedures or activities developed under the TANF program to ensure that individuals diverted from assistance receive information about, referrals to, or access to other program benefits (such as Medicaid and food stamps) that might help them make the transition from welfare to work.

CT offers a Diversion Program to help families remain self-sufficient rather than become dependent on monthly cash assistance. The goal of the program is to provide families with the assistance they need in lump sum payments that remove barriers to employment. Payments are limited to families who are likely to succeed with short term help, must be employed or have a job offer, have a solid work history, marketable skills, and barriers that can be removed within a three month period if given Diversion assistance. The financial eligibility criteria for Diversion are identical to those for Temporary Family Assistance (TFA), which are described in Section A, Part I (A) of CT's TANF State Plan. Families are eligible to receive payments to cover current and anticipated needs, up to three times the amount that they would have received under TFA. Families may be eligible for Diversion for up to three months. If a family would be subject to the TFA time-limit, up to three months of time limit are recorded under Diversion. Receipt of Diversion payments makes a family ineligible for TFA for three months, unless the family experiences undue hardship if family's circumstances constitute a serious threat to the health, safety or welfare of the family, and are a result of forces outside the family's control, and the circumstances prevent the family from maintaining or getting a job. Diversion families are served by DSS staff who explore eligibility for Medicaid, the Supplemental Nutrition Assistance Program (SNAP), and other programs, including child care benefits.

7. A description of the grievance procedures the State has established and is maintaining to resolve displacement complaints, pursuant to section 407(f)(3) of the Social Security Act. This description must include the name of the State agency with the lead responsibility for administering this provision and explanations of how the State has notified the public about these procedures and how an individual can register a complaint.

The delivery of TANF employment services is administered by the CT Department of Labor (DOL). In this capacity, DOL contracts with the state's five regional Workforce Development Boards (WDBs), which contract with local organizations to provide employment and case management services to TFA/TANF recipients. DOL requires WDBs to administer services in accordance with all applicable federal and state laws. DOL contract language prohibits the WDBs and their subcontractors from placing TANF recipients into jobs from which their employees have been laid off and maintain recall rights and also prohibits termination of employment in order to hire TANF recipients. DOL has instructed the WDBs to use complaint resolution procedures to resolve complaints brought by TFA participants. Each WDB must maintain these complaint resolution procedures, which stipulate how individuals can register complaints in each WDB region. TFA recipients also have access to the DSS administered appeals process through Fair Hearing Officers, and if unsatisfactory to the TFA recipient, they may then request reconsideration or appeal to the courts.

8. A summary of State programs and activities directed at the third and fourth statutory purposes of TANF (as specified at 45 CFR 260.20(c) and (d) of this chapter).

a. Summarize below, the State programs and activities directed at preventing and reducing the incidence of out-of-wedlock pregnancies and establishing annual numerical goals for preventing and reducing the incidence of these pregnancies (TANF purpose 3):

- Please refer to the program descriptions and activities in the TANF Plan FFY 2014- 2017 - Section A - Part I, subsections C & D. The CT TANF Purpose #3 programs include the following: School Readiness; Teen Pregnancy Prevention Initiative; Priority School District Grants; Priority School Districts-Extended Hours; Youth Services Bureau; Leadership, Education, Athletics in Partnership; Neighborhood Youth Centers; Young Parents Program; Extended Day Treatment Program; Family Resource Centers; Child Welfare/Prevention Intervention Services. DSS has set numerical goals for reducing the number out-of-wedlock pregnancies for teens between the ages of 15 and 19 to no more than 19 births per 1,000 in FFY 2016.

b. Summarize below, the State programs and activities directed at encouraging the formation and maintenance of two-parent families (TANF purpose 4):

Please refer to the program descriptions and activities in the TANF Plan FFY 2014-2017 - Section A - Part I, subsections C & D. The CT TANF Purpose #4 programs include the following: Fatherhood Initiative; Education and Training Services - Department of Corrections (DOC); Addiction Treatment Services, (DOC); 4. Family Resource Centers- State Department of Education (SDE); Priority School Districts Grants - (SDE); Priority School Districts - Extended Hours - (SDE).

9. An estimate of the total number of individuals who have participated in subsidized employment under Â§261.30(b) or (c) of this chapter. 561

10. A description of EBT policies and practices in the following four areas: (1) procedures for preventing the use of TANF assistance via electronic benefit transfer transactions in any liquor store; any casino, gambling casino, or gaming establishment, and any retail establishment which provides adult oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment;(2) how the state identifies the locations specified in the statute;(3) procedures for ongoing monitoring to ensure policies are being carried out as intended; and (4)how the state plans to respond to findings of non-compliance or program ineffectiveness.

CT has adopted policy and procedures that review all EBT transactions on a monthly basis to determine if a violation has occurred. CT identified the establishments via coordination with the CT Department of Consumer Protection (issues licenses for such establishments) and internet sites (use to identify adult oriented entertainment). Every month, the EBT transactions file is retrieved by the DSS Financial Services/Benefit Accounting unit. The file is filtered to delete the non-prohibited merchants and then transferred to the DSS Investigations unit to match against the prohibited merchants and then sent to the DSS Economic Security to analyze the final information and record the violations and actions taken. The DSS Economic Security Unit has agency responsibility to administer the TANF program in CT. CT has adopted Penalties for Failure to Comply. If TFA electronic benefit transfer (EBT) card benefits are used in any of the restricted places, the TFA recipient will be subject to the following penalties: for the first violation, a warning that a prohibited transaction occurred; for the second violation, a penalty in the amount of the EBT transaction that occurred at the prohibited location; for the third violation, a penalty of one month's suspension of TFA benefits in addition to the amount of the EBT transaction that occurred at the prohibited location; for the fourth violation, DSS may suspend the TFA benefits for a certain amount of time or may stop the TFA benefits forever. If DSS plans to impose a penalty for failure to follow the new law, a notice will be sent to the TFA recipient explaining the violation of the rules and client rights to a Fair Hearing.

Temporary Family Assistance

Grantee Information

State: CONNECTICUT
Fiscal Year: 2016

Program Information

Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.

1. Name of Benefit or Service Program:
Temporary Family Assistance

2. Description of the Major Program Benefits, Services, and Activities:
Temporary Family Assistance (TFA) is a time limited assistance program that provides families with monthly cash assistance for ongoing needs such as food, shelter, and clothing. The program design is based on the assumption that cash assistance should be a temporary program of assistance, and it is better to work than to receive cash assistance. TFA recipients are encouraged to assume personal responsibility for their economic self-sufficiency. The TFA program is applicable to all four TANF statutory purposes. In FFY 2014, the Two Parent TFA and Certain Exempt TFA program components were funded as Solely State Funded (SSF) programs as they are no longer part of the TANF program or claimed as separate state program(s). The expenditures for FFY for these SSF programs are included in Total State Expenditures (#6 below). Two-Parent TFA cases are those with two parents as defined at 45 CFR 261.24. The Certain Exempt TFA program is provided to certain exempt categories in which all adults are exempt from time limits and work requirements because they are either medically incapacitated, pregnant or postpartum and unable to work, age 60 or older, or unemployable. TFA benefit levels vary throughout the state based on the average cost of rent in each area. There are three regions in the state each with a different benefit level.

3. Purpose(s) of Benefit or Service Program:
Provides cash assistance to needy families so that children may be cared for in their homes or in the homes of relatives.

8. Total Number of Families Served under the Program with MOE Funds: 11,401
   
   This last figure represents (Check one):
The average monthly total for the fiscal year.

9. Financial Eligibility Criteria for Receiving MOE-funded Program Benefits or Services:
The countable income of the family must be less than the applicable TFA payment standard based on family size and the rent region of the state. Unless they meet exemption criteria, adult TFA recipients are required to seek and retain employment if it is available. TFA recipients unable to secure employment without assistance receive services, including education and training, designed to assist them in attaining employment within twenty-one months. The TFA program contains many features that support this objective. For example, the asset limit is $3,000. Families are allowed to own a reliable car to seek employment, to travel to and from work, or to transport a disabled family member. Earned income is excluded up to the Federal Poverty Level (FPL). Once earnings reach the FPL, the family becomes ineligible for TFA assistance. The first $50 in monthly child support payments is disregarded. Child care and transportation benefits are provided as needed. If a family member refuses to participate in Employment Services activities, the family is penalized through grant reduction. If the family has made a good faith effort to comply with the employment activities but still has income below the payment standard at the end of twenty-one months of assistance, a six-month extension of benefits may be granted. Extensions may also be given to families who have encountered circumstances beyond their control such as domestic violence. Up to two extensions may be granted. For third or subsequent extensions, each adult must also either have two or more substantiated barriers to employment, or be working thirty-five or more hours per week at or above minimum wage, or be working fewer than thirty-five hours per week due to a medical problem or the need to care for a disabled household member, or precluded from working because of domestic violence. A 60-month time limit also applies. The 60-month limit can only be exceeded if a domestic violence hardship exists, or if the family is exempt, as described below. If each adult in the family meets at least one of the following exemption criteria, the family is not subject to the time limit: medical incapacitation; age 60 or older; responsible for the care of an incapacitated family member; non-parent caretaker relative who does not receive assistance; caring for a child under the age of one who is not subject to the family cap; pregnant if a physician has certified that she is unable to work; in a 6-week post-pregnancy period, or determined to be unemployable. Minor parents attending and satisfactorily completing high school or high school equivalency programs and their children are exempt from the time limit. Other features of the TFA program are in the TANF Plan 2014-2017.

Program Information

Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.

1. Name of Benefit or Service Program:
   Jobs First Employment Program (JFES)

2. Description of the Major Program Benefits, Services, and Activities:
   Employment services are provided to recipients and applicants of Temporary Family Assistance (TFA) who are participating in an employment service activity authorized by their employment plan until they complete that activity(ies). The program name is Jobs First Employment Services (JFES). The Connecticut Department of Labor (DOL) administers JFES through a partnership among DOL, the regional Workforce Development Boards (WDBs) and other state and local agencies. The goals of the JFES program are as follows: 1) enable TFA participants, through employment, to become independent from cash assistance by the end of the 21-month time limit established by CT law; 2) enable TFA participants who become independent from cash assistance to remain employed and independent of TFA; and 3) ensure that federally established participation rates are met through employment of TFA participants and engagement in other countable TANF work activities deemed appropriate based on assessments of clients' needs. To attain all three program goals, JFES includes a variety of services such as job search, employment, education, training and support services. The combination of services varies with each individual participant. This balance of employment activity with other services utilizes individual strengths and resources while addressing employment-related needs. This balanced work first approach ensures that participants will not only become independent, but will remain independent from assistance while the federal participation rates are met. Each participant, including volunteers, may receive employment services that include, but are not limited to the following: orientation, assessment, case management, employment plan development, barrier resolution, employment related education and training programs, job search skill training, job placement services, case management, support services (such as Special Benefits), retention services, and re-employment services. Participants who are having difficulty may be provided with contracted retention and intensive support services, including in-depth assessment, identification of participation barriers, and referrals to resources to overcome barriers in order to retain employment and/or successfully complete program activities. To facilitate maximum participation, JFES participants are supported by special benefit payments. Transportation benefits are provided to participants of regular, on-going employment services activities other than unsubsidized employment. Payment is made for bus fares or mileage for driving private automobiles. A participation allowance which is intended to assist participants with transportation and baby-sitting expenses is provided for short-term, intermittent employment services activities that last no longer than five consecutive days.

3. Purpose(s) of Benefit or Service Program:
   Helps to end the dependence of needy parents on government benefits by promoting job preparation, work and marriage.

   Jobs Funnel Employment Services

2. **Description of the Major Program Benefits, Services, and Activities:**
The Department of Labor (DOL), Office of Workforce Competitiveness (OWC) funds the Jobs Funnel program. The Jobs Funnel represents joint, public-private efforts to create career opportunities in the construction trades. Services include outreach, recruitment, assessment, case management, pre-employment preparation (consisting of math, remediation, life skills workshops, customized training, and/or pre-apprenticeship training), job placement, and retention support services. The program offers an initial training followed by assistance in finding employment in apprenticeships and other jobs. Program participants include members of families with dependent children, U.S. citizens, and income at or below 75 percent of the state median Income.

3. **Purpose(s) of Benefit or Service Program:**
This program helps end the dependence of needy parents by promoting work, job preparation, and marriage. Integral to the program are the outreach, assessment, and support services provided by community-based organizations. By providing these services, the goal of the program is to help participants become more job-ready to prevent or end their dependence on public assistance.

1. **Name of Benefit or Service Program:**
   CT Wage/Women in Transition (WIT) Employment Services

2. **Description of the Major Program Benefits, Services, and Activities:**
   The CT WAGE and WIT programs address the needs of low income parents who, with post-secondary education in career and occupational programs, will improve the quality of their lives. The programs assist low-income, working parents in completing a college degree. CT WAGE and WIT students must meet academic and financial eligibility criteria. The CT WAGE and WIT participants are provided with laptop computers, internet access, text books and reimbursement for books, courses not covered by financial aid, academic, career and personal counseling, and other related expenses that may include child care or transportation. The technology tools allow the student to take online courses and to communicate with faculty, student support staff and other students. Taking online courses alleviates the need for childcare and transportation costs and allows the family to spend more quality time together. The two programs differ in that Women in Transition serves only women.

3. **Purpose(s) of Benefit or Service Program:**
   This program helps end the dependence of needy parents by promoting work, job preparation, and marriage. The goal of the program is to help participants become more job-ready so as to prevent or end their dependence on public assistance.

## Program Information

Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.

1. **Name of Benefit or Service Program:**
   School Readiness

2. **Description of the Major Program Benefits, Services, and Activities:**
   The School Readiness Program provides comprehensive child care services to pre-school children ages 3-5 at state licensed child care centers and at schools governed by local health and safety laws throughout the state to families with incomes below the 75% state median income level.

3. **Purpose(s) of Benefit or Service Program:**
   School Readiness helps end the dependence of needy parents on government benefits by promoting job preparation, work and marriage as it allows TANF and former TANF eligible parents to work, participate in job training/counseling or activities to address substance abuse/mental health problems. It also provides educational opportunity to children to help them become ready for school. This opportunity in turn prevents and reduces the incidence of out-of-wedlock births.
