Notice of Proposed Medicaid State Plan Amendment (SPA)

SPA 18-X: Updates to CPAP and BiPAP Supplies

The State of Connecticut Department of Social Services (DSS) proposes to submit the following Medicaid State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS) within the U.S. Department of Health and Human Services (HHS).

Changes to Medicaid State Plan

Effective on or after August 1, 2018, the Department of Social Services will begin allowing reimbursement of supplies used with Continuous Positive Airway Pressure (CPAP) and, Bi-Level Positive Airway Pressure (BiPAP) respiratory assist devices during the rental period of CPAP and BiPAP devices.

In order to enable that change, effective on or after August 1, 2018, SPA 18-X will amend Attachment 4.19-B of the Medicaid State Plan in order to reduce the reimbursement of the following supply codes used with CPAP and BiPAP devices:

Fees were developed using the lowest of the following:

- Current Medicaid rate, or;
- Medicare Fee Schedule rate, or;
- Average of the three Medicare Competitive Bidding Program rates for Connecticut.

For all procedure codes, the lowest rate was the average of the three Medicare Competitive Bidding Program rates. This rate change reflects a substantial reduction to these procedure codes.

Fee schedules are published at this link: <http://www.ctdssmap.com>, then select “Provider”, then select “Provider Fee Schedule Download.”

Fiscal Information

Based on available information and due to the variance in CPAP and BiPAP supplies that members may require during the rental period of the CPAP and BiPAP devices, the fiscal impact is unquantifiable. However, DSS estimates that the reduction in rates to the CPAP and BiPAP

supplies will result in a substantial reduction of annual aggregate expenditures in both State Fiscal Year (SFY) 2019 and SFY 2020.

Compliance with Federal Access Regulations

In accordance with federal regulations at 42 C.F.R. §§ 447.203 and 447.204, DSS is required to ensure that there is sufficient access to Medicaid services, including services where payment rates are proposed to be reduced. Those federal regulations also require DSS to have ongoing mechanisms for Medicaid members, providers, other stakeholders, and the public to provide DSS with feedback about access. In addition to other available procedures, anyone may send DSS comments about the potential impact of this SPA on access to medical equipment devices and supplies for which rates are being reduced or payment is being restructured in a manner that could affect access, as part of the public comment process for this SPA. Contact information and the deadline for submitting public comments are listed below.
