The Community Action Agency will notify the Vendor's CEAP customers. These customers will be required to select another vendor from the list of participating vendors. No further authorizations will be issued to the withdrawn vendor during the remainder of the current program year. Payment for any outstanding authorizations of oil will be made in accordance with the Fixed Margin Price;
24. Agree that eligible CEAP customers, at their discretion, may change vendors during the course of the program year. In this event, any remaining balance of funds will be made available for the new vendor, and no further deliveries will be made by the previous vendor;

Vendors may request credit reports in situations where a CEAP customer is seeking credit for future deliveries not paid for by the energy assistance program.

PART IV – PRODUCT PRICING

DSS will use information from the Oil Price Information Services (OPIS) to determine the daily Fixed Margin Price, which will be used to pay oil vendors making deliveries to CEAP households. The Fixed Margin Price will be based on the daily OPIS Gross Ultra Low Sulfur Red Dye Distillate price, plus a fixed margin of 35 cents per gallon.

In addition, the Fixed Margin Pricing Program will continue to include county differentials in the pricing mechanism. The county differentials are as follows, and **include the 35 cents fixed margin:**

Fairfield County	\$0.465
Hartford County	\$0.389
Litchfield County	\$0.417
Middlesex County	\$0.383
New Haven County	\$0.395
New London County	\$0.392
Windham County	\$0.450
Tolland County	\$0.449

The following example is for demonstration purposes:

Under the Fixed Margin Pricing Program pricing mechanism in place last year, oil deliveries made on Tuesday, December 3, 2019 were paid based on the previous day's New Haven Rack Average OPIS Price, as provided in this example on Monday, December 2, 2019. The price was determined as follows:

\$2.035	New Haven Rack Average OPIS Price, Monday, 12/2/19
.350	Fixed Margin in FFY 2020
<u>.115</u>	County Differential – Fairfield County
\$2.500	Total Fixed Margin Price for Tuesday, 12/3/19 (Fairfield County)

Please note, since each county has a different county differential, the Total Fixed Margin Price on any given day will vary from county to county.

Vendors who deliver in multiple counties will be paid in accordance with the county differential in the county the delivery is made. DSS will determine all fixed margin prices.

The pricing mechanism may be adjusted by DSS to respond to unanticipated changes in the heating oil market.

In the event of the shutdown of state offices due to an emergency, e.g., hazardous weather, the last posted fixed margin price shall remain in effect until the state offices reopen.

Vendors must put their retail price on all delivery tickets, bills or statements. If the vendor's posted retail price is lower than the Fixed Margin Price, the vendor will be paid in accordance with the retail price.

For those deliveries of home heating oil paid by the program, vendors shall not charge CEAP customers the difference between their retail price and the CEAP payment.

All kerosene and propane deliveries will be paid at the vendor's regular retail price.

Deliveries made before a CEAP customer's eligibility has been determined may be paid, if the customer is found eligible, and the delivery was made **on or after** November 2, 2020 to March 31, 2021.
