

## Our Mission Is Simple, Our Care Is Not

“Your facility is excellent and it is a fine representation of the care and honor that you give Veterans. Thank you again on behalf of my Dad and my family.”

*-Jim Johnson, son of  
Health Care Center patient*

November 1, 1945 - November 8, 2000  
United States Air Force Sgt. John L. Levitow was awarded the Medal of Honor for his heroic actions on February 24, 1969 in Vietnam.

After his service, Sgt. Levitow returned to Connecticut and worked tirelessly for the CT DVA for more than 20 years.

*Serving Those Who Served* is our guiding principle. We take great pride in the care of our Veterans and encourage the natural bond between them.

Come visit and see why we're Connecticut's Veteran destination for world-class, quality care.

# A Place Veterans Call Home

The Connecticut Veterans' Home, founded in 1864, was the first home for Veterans in the country.

At the Sgt. John L. Levitow Health Care Center (HCC) in Rocky Hill, our team of dedicated professionals continues our mission to "Serve Those Who Served".

## Long-Term Chronic Care

The HCC follows a rehabilitative model providing long-term care to Veterans with chronic, disabling conditions who require 24-hour assistance.

The HCC is licensed by the CT Department of Public Health, the Centers for Medicare and Medicaid (CMS), and recognized by the U.S. Department of Veterans Affairs.

# Impeccable Care

When you walk through the doors of the HCC, one immediately feels a sense of community, comfort, and camaraderie. The HCC stands apart from other 24-hour care centers with full time physicians and advanced practice registered nurses on staff. Residents also enjoy private and semi-private rooms with en suite bathroom.

Our highly trained staff is dedicated to providing compassionate care to meet the unique needs of Veterans, built on the foundation of integrity, honor, and respect.

We pride ourselves on fostering these qualities as we honor Veterans for their service and encourage the innate bond between them.

## Memory Care Unit

A secure, safe, and structured social environment with dedicated programming for Veterans with Dementia, Alzheimer's disease, and other illnesses affecting cognition.

# Uncompromised Standards

## Palliative and End of Life Care

Serious and chronic illness affects more than just the body; it touches all aspects of a Veteran's life. Our goal is to prevent or relieve physical, emotional, and spiritual distress while maintaining quality of life.
