

*Farmington Woman Cpl Dorothy Dee, WWII Marine Veteran Recognized
as Living Legend*

The Military Women's Memorial is proud to announce that World War II U.S. Marine Corps veteran Dorothy (Dottie) Dee has been selected as a ***Living Legend***.

The Military Women's Memorial Living Legend program recognizes military women whose stories of service provide inspiration and example for all to appreciate. These women are true trailblazers who paved the way for so many other women to follow and deserve this special recognition. Their stories of service not only inspire, but they also increase public awareness of women's contributions to America's national defense.

The Military Women's Memorial has selected Corporal Dee for her service from 1943-1945 at Marine Corps Air Station Miramar in California. Her service and sacrifice helped blaze a trail for future generations of military women to follow and serve the nation in peace and war.

Per CW5 (Retired) Phyllis Wilson, President of the Military Women's Memorial – "It is our distinct honor to designate Cpl Dorothy (Dottie) Dee, USMCR as a Living Legend. We hope that everyone recognizes the importance of trailblazing service women like Dottie who have made so much possible for so many generations that follow."
