

DAS NEW VISITOR POLICY due to COVID-19

Following the executive orders provided by Governor Lamont and the guidelines set forth by the CDC to establish social distancing and limit non-essential contact, DAS Facilities Management is implementing the following visitor restrictions at DAS owned buildings.

No visitors will be allowed to enter a DAS-owned building unless they are on the approved visitors list. Visitors on this list should be limited to individuals whose physical attendance is necessary and must be signed off by agency head or designee. The list will be maintained by Statewide Security and reviewed by DAS Facilities Management.

State Agencies and employees should cancel all non-mandatory meetings or utilize technology such as Skype/MS Teams meetings to hold such meetings remotely. This should include public meetings.

Pursuant to the March 16, 2020 "Questions regarding the COVID-19 Guidance" issued by DAS and OPM, state workers should not bring their children to work.

This policy will take effect on Wednesday, March 18, 2020.
