Electronic Visit Verification (EVV)

November 4, 2017
Electronic Visit Verification (EVV) is a telephonic, mobile, and computer-based system that documents the precise time and actions taken by caregivers in the home.
The Centers for Medicare and Medicaid Services (CMS) established requirement for all states to use an EVV system, in accordance with the 21st Century CURES Act.

- Personal Care Services must use EVV by January 1, 2019
- Home Health Care Services must use EVV by January 1, 2023
- Failure to meet these deadlines results in reduction of Federal Financial Participation for those services
An EVV system must identify:

- The type of service performed;
- The individual receiving the service;
- The date of the service;
- The location of service delivery;
- The individual providing the service; and
- The time the service begins and ends.
DSS successfully implemented EVV beginning January 1, 2017 for waiver agency providers and April 3rd 2017 for home health providers.

Current DSS EVV Program Status:

• 304 provider agencies are using EVV system:
  • 240 CHC/ABI/PCA providers
  • 64 Home Health Providers
Future Consumer Direct EVV Solution

Caregivers: Use EVV technology at visit to create electronic timesheet by capturing time in/out (duration) and tasks.

Caregiver EVV Portal: Caregiver can review and edit their timesheets. (Not Approve)

Client EVV Portal: Client/Representative can review, edit, and approve EVV created timesheets for submission to payroll.

System/Data
System configured for Consumer Direct program with client and caregiver data.

Visit Verification
Caregivers use multiple verification methods to capture time worked.

Timesheet
Timesheet is created with EVV data and available for review by both client and caregiver.

Caregiver Portal
Caregiver can review and edit timesheet.

Client Portal
Client can review, edit, and approve timesheet for payment.
Fiscal Management Portal

The Santrax Fiscal Management Portal will provide Allied Community Resources the capability to view and edit visit data across the entire program

- Allied will have a real time view of all visit data
- Visits approved by the client/representative via the client portal do not need to be faxed or emailed to Allied
Santrax Electronic Visit Verification (EVV)

- Mobile app, Telephony, Fixed Visit Verification Device

Calling Instructions

Calling Out: When leaving the client’s home, make sure you have the following information:
- Your Santrax ID.
- A list of tasks performed during the visit.
Remember: When speaking to Santrax on any toll-free line, speak in English, slowly and clearly one digit at a time (1075 = one, zero, seven, five).

6. Follow steps 1-3, and then continue.
Santrax will say: “Please select “1” to call in or “2” to call out.”

7. Press the 2 key to “Call Out”.
Santrax will say, “Received at (TIME). Enter number of tasks”

8. Press the total number of tasks performed for the client.
Santrax will say, “Enter task ID”

9. Press the Task Number you performed.

NOTES:
- Refer to your agency’s task list.
- At this time, enter the task number for the service you provided.
- If you performed more than one task, wait for the system to confirm the task and then enter the next task number until you have entered all tasks performed during the visit.
- If you are performing a task with a reading, Santrax will pause after receiving the Task ID. During the pause, press the appropriate reading for this task using the amount of digits indicated on the task list.
- If you made a mistake entering Tasks, press “00”, the system will confirm by saying: “Starting Over, Enter number of tasks”. Enter all task ID’s again.

Santrax will say: “Starting Over, Enter number of tasks. Enter all task ID’s again.”

10. Hang up.
