**TESTIMONY OF CHRISTINE PERRA RAPILLO, CHIEF PUBLIC DEFENDER**  
**HEARING ON GOVERNOR'S RECOMMENDED BUDGET**  
**FOR THE FY 2021 - FY 2022 BIENNIUM**  
**APPROPRIATIONS COMMITTEE**  
**February 26, 2021**

*Mission Statement of the Division of Public Defender Services*

*Striving to ensure justice and a fair and unbiased system, the Connecticut Division of Public Defender Services zealously promotes and protects the rights, liberty and dignity of all clients entrusted to us. We are committed to holistic representation that recognizes clients as individuals, fosters trust and prevents unnecessary and wrongful convictions.*

The Division of Public Defender Services is responsible for the:

- Defense of indigent accused children and adults in criminal cases and parole revocation hearings,
- Representation of children and indigent adults in child welfare cases,
- Representation of indigent contemnors and respondents in paternity matters in family magistrate court, and
- Appointment of Guardian-Ad Litem and attorneys for children in Family Court where the family qualifies for state-rates.

The Office of Chief Public Defender supports the Governor's Recommended Budget for the Division of Public Defender Services for FY 22/23. The appropriation recommended by the Governor should be adequate to fund our operations for the upcoming biennium, including replacing staff that is retiring or leaving state service.

The Governor's proposal does the following:

- Provides \$384,000 in FY 22 and FY 23 to fund the annual operating costs for our Case Management System.
- Provides \$2.165 million in FY 22 and \$2.615 million in FY 23 in funding for collectively bargained union wage adjustments.

- Provides \$1.66 million in FY 23 for the 27<sup>th</sup> payroll.
- Recommends \$5 million Unallocated Lapse to the Judicial Branch in the back of the budget that will result in a reduction of \$577,958 to the Division of Public Defender Services.
- Reduces funding of \$613,250 in FY 22 and FY 23 by annualizing the FY 21 Rescissions.
- Eliminates the Agency's budget request of \$384,000 to increase rates for contracted Assigned Counsel in Geographical Areas and Juvenile Delinquency matters from \$350 to \$400 per case.

### **Impact of Coronavirus Pandemic**

In FY 19/20, the Division of Public Defender Services was fiscally responsible for approximately 106,252 cases. This is down approximately 18% from 129,333 in FY 18/19. <sup>1</sup>The caseload decrease is directly related to the coronavirus pandemic. While court operations never stopped, a number of factors have led to the decrease. According to Judicial Branch statistics, from March 1 to June 30, 2019, there were 24,327 criminal arrests in Connecticut. For the same period in 2020, there were 18,239 cases, an approximately 25% decrease. This number has been trending up since the summer, a pattern that is expected to continue as we move beyond the pandemic<sup>2</sup>.

There is also a large backlog of criminal cases that have not yet been presented for arraignment. Most criminal defendants apply for a public defender at the time of arraignment, so these cases will not be accounted for in our current caseloads. The Division of Public Defender Services has worked to mitigate this by utilizing our CARES Act funding to hold outdoor public defender application events in each Judicial District. These took place throughout autumn, 2020. The events have been replaced with a call-in center, where individuals can apply for a public defender at any time through a central number. This service has also allowed us to help clients navigate continued court dates and reduced non appearances.

Our agency will face significant challenges in managing the flow of cases as we emerge from the pandemic. As the backlogged cases begin to appear on dockets, it will be difficult to keep up with a sudden surge of a year's worth of cases. In addition, resolving cases has been difficult. Dockets are limited due to the need to keep crowds down and ensure social distancing at courthouses. Attorneys have significant issues communicating with incarcerated individuals, who must then wait for video conferencing to be available in order to appear in court. Jury trials have also been suspended since March, 2020 and there is also a large backlog of cases needing to be tried.

---

<sup>1</sup> Division of Public Defender Services, Annual Report, 2019/20

<sup>2</sup> Connecticut Office of Policy and Management, Monthly Indicators Report, January, 2021

Like other agencies, the Division of Public Defender Services is beginning to feel the effects of the 2022 changes to the pension program that will result in a surge in staff retirements. Since the pandemic began, we have limited our hiring as court business was restricted and office capacity was capped at 50%. We will need to move quickly to fill necessary positions in order to effectively deal with the coming surge in cases and trials.

The appropriation of \$384,000 to annualize the cost of our case management system is critical to our efficient operations. This amount reflects our annual cost to operate and maintain our system, which allows us to accurately track caseloads and trends across our practice areas. This system helps us provide the Legislature and the general public with transparent data on our operations. During the pandemic, the system also helped our staff remain effective while courts were closed or consolidated, since it allowed staff to easily access case information and share data. Without this funding, we would not be able to maintain the automated system, which the Office of Policy and Management has used as a model for other agencies, including the system currently being implemented by the Division of Criminal Justice.

The Governor's budget does not recommend funding for our requested \$384,000 to increase the Assigned Counsel pay rate for flat rate criminal and juvenile delinquency cases from \$350 to \$400. We have consistently made this request over the last few years, since the rate has not been increased since 2007. These are cases that must be sent to contracted counsel due to a conflict of interest or other ethical reasons.

Our prior requests were for an increase from \$350 to \$500 but we have modified the requested increase to \$400 to potentially make the proposal more affordable. There are real concerns that the low pay for our contracted Assigned Counsel will negatively impact our practice. During our last audit, the representative from the Auditor of Public Accounts was skeptical of our Assigned Counsel billing, not because he found any demonstrated irregularities in the actual invoices, but because he "assumed people would rip you off since you pay them so little". We have also lost nearly ten percent of our contractors and have seen a steep decline in attorneys who are willing to accept individual appointments.

Our rates are markedly lower than other states with comparable systems. It is also of significance that our rate of \$350 includes not only misdemeanor cases but also felonies that are prosecuted in the Geographical Areas courts. The National Association of Criminal Defense Lawyers did a 50-state survey in 2013.<sup>3</sup> Most states pay an hourly rate with a cap. The list below outlines what our neighboring states are paying for contracted counsel work:

1. Maine: \$50/hour with a cap between \$1,250 and \$450, depending on if the case is a misdemeanor or felony. Our \$350 rate includes both felonies and misdemeanors.
2. Maryland: \$50/hour with a cap of \$750

---

<sup>3</sup> "Gideon at 50: A Three Part Examination of Indigent Defense in America" National Council of Criminal Defense Lawyers March, 2013

3. Massachusetts: \$50/hour; no cap
4. New Hampshire: \$50/hour with a cap of \$1400
5. New York: \$50/hour with a cap of \$2400
6. Rhode Island: \$50/hour with a cap of \$1500
7. Vermont: \$50 per hour with a cap of \$1000

All states except for Maine are paid at the aforementioned rate for misdemeanor cases only.

Although our agency expects to have a budget surplus this fiscal year, that does not indicate a need for reduced funding. The pandemic has delayed most court operations and we expect to see a significant increase in billing for trials, experts, Assigned Counsel cases and other related expenses as trials resume and court operations normalize.

The staff and administration of the Division of Public Defender Services have always understood that we are the stewards of public trust. We work to maximize services to our clients while staying within our appropriated budget. Our staff has worked continuously during this most difficult year to try and ensure that justice continued for the clients entrusted to us by the statutes and constitution of this state. I believe that Governor Lamont's recommended budget for our Agency is sufficient to support this work as we emerge from the pandemic and ask that you approve his recommendations. The Deputy Chief and I look forward to working with this Committee, the Office of Fiscal Analysis and the Office of Policy and Management during this budget process.

**CONNECTICUT DIVISION OF PUBLIC DEFENDER  
SERVICES**

**ANNUAL REPORT FISCAL YEAR 2019/2020**

**STILL DEFENDING**

2020 was a unique and challenging year for the Division of Public Defender Services (DPDS). The onset of the Coronavirus pandemic fundamentally changed our operations. By mid-April, the Judicial Branch had consolidated operations into 6 courthouses and limited business to essential hearings. For DPDS, this meant criminal arraignments, bond modification motions and other emergency hearings, juvenile court detention hearings, child protection emergency hearings and cases at the Supreme and Appellate Courts.

From late March to early July, DPDS functioned with a volunteer workforce providing front line representation in the criminal and juvenile courts. These dedicated advocates came from all of our work classes; lawyers, clerical, investigators, social workers and administrative staff. Our information and technology staff worked tirelessly to install equipment and programming that allowed our staff to communicate with clients and appear in court remotely. Employees working from home took on the task of communicating with clients, both in and out of custody. Each office was assigned a cell phone and the numbers posted at the Department of Correction (DOC) and on the DPDS website. Every incarcerated public defender client was sent a letter, informing them of the court closures and providing information on how to contact their attorney.

Our lawyers worked collaboratively with the prosecutors and court staff to identify incarcerated individuals eligible for release. Where no agreement could be reached, the public defenders litigated bond and sentence modification motions. Jury trials remained suspended at the end of fiscal 19/20 but public defenders have litigated the right to a speedy trial on behalf of individual clients who wish to exercise that right.

In June, Connecticut Public Defenders joined with our colleagues nationwide in a march to protest racial injustice and brutality in our criminal justice system. Public Defenders were joined by several prosecutors as we marched from the Hartford courthouse to the Capitol to show that Black lives, the lives of our clients, matter to public defenders. Staff at courthouses knelt for 8 minutes and 46 seconds in honor of George Floyd and all of our clients who have been mistreated because of their race.

Public Defender staff and all those who engage in front line criminal court business are unsung heroes of the pandemic. They were flexible, creative and ensured that clients' rights were protected. As this Annual Report is being prepared, we are still in the throes of the pandemic. Six courthouses remain closed and there is no clear picture of when court operations will return to normal. Whatever the future brings, the staff of the Division of Public Defender Services will still be defending.

Christine P. Rapillo

Chief Public Defender

## ORGANIZATION AND ADMINISTRATION

The Division of Public Defender Services is an agency of the State of Connecticut, established by Chapter 887 of the Connecticut General Statutes (C.G.S.). The policy-making and appointing authority for the Division is the Public Defender Services Commission. The seven (7) members of the Commission are appointed for three-year terms, in accordance with Sec. 51-289, C.G.S., by the Governor, the Chief Justice, the Speaker of the House, the Senate President Pro Tempore, and the House of Representatives Minority and Majority Leaders. The current members of the Commission are listed on page six together with their appointing authorities.

As established by statute, the Division is made up of three separate components: a Commission responsible for policy-making, appointments of all personnel and compensation matters; an Office of Chief Public Defender charged with statewide administration of the public defender system and the provision of specialized legal representation; and the individual public defender offices providing legal services throughout the State to indigent persons accused of crimes as required by both the United States and Connecticut Constitutions.

Section 51-291(m), C.G.S., specifies that the Commission is an “autonomous body within the Judicial Department for fiscal and budgetary purposes only.” As such, the Commission is part of the Judicial Department but is otherwise autonomous within that branch of state government. All attorneys and other employees of the Division are appointed by the Public Defender Services Commission. The Commission also establishes the compensation plan for the Division, approves certain expenditures, and establishes policies and procedures relating to the operation of the Division.

The chief administrative officer for the Division, appointed by the Commission, is *Chief Public Defender, Attorney Christine Rapillo*. The *Deputy Chief Public Defender* is *Attorney John Day*. The duties of the Chief Public Defender are specified in Sec. 51-291, C.G.S., and include supervision of all personnel and operations of the Division, training of all attorneys and support staff, and preparation of all grant and budget requests for approval by the Commission and submission to the Governor.

In addition to the Chief and Deputy Chief Public Defender, management and administration of the Division is carried out by the Office of Chief Public Defender, located at 55 Farmington Avenue, 8<sup>th</sup> Floor, Hartford, CT, 06105. In FY 2019/20, administrative staff consisted of Director of Training, Director of Assigned Counsel, Director of Delinquency Defense and Child Protection, Legal Counsel (Director), Financial Director, Director of Human Resources, Chief Investigator, Chief Social Worker, three (3) Managers (Administrative Services,

Information Systems and Legal Technology Planning and Staff Development), seventeen (17) administrative staff, and two (2) secretarial positions. The Division of Public Defender Services is authorized for 451 positions. In FY 2019/20, 391 were filled; 212 were attorneys.

Public Defender services are provided to "indigent" accused adults and juveniles throughout Connecticut at thirty-eight (38) *combined* field offices and six (6) specialized units (reflecting the combined Habeas and CTIP unit) and branches of the Office of Chief Public Defender. Pursuant to Sec. 51-296, C.G.S., public defenders may be appointed to represent individuals in any criminal action, any habeas corpus proceeding arising from a criminal matter, any extradition proceeding, or in any delinquency matter.

Representation is provided to clients in both adult and juvenile misdemeanor and felony cases, including appeals and other post-conviction matters, as well as to children and indigent parties in child protection matters, children from indigent families in contested family court custody cases and indigent contemnors in family support matters.

# ORGANIZATIONAL CHART

CONNECTICUT DIVISION OF PUBLIC DEFENDER SERVICES ORGANIZATIONAL CHART  
FISCAL YEAR 2019/2020 ANNUAL REPORT

## EXPENDITURES 2020

The Public Defender Services Commissions' Actual General Fund Expenditures for FY 2020 totaled \$66,101,358. Below is a breakout of the actual expenditures for the agency:

Account	FY 2020
Personal Services	\$ 40,690,485
Other (Operating) Expenses	\$ 1,075,167
Assigned Counsel	\$ 21,338,531
Expert Witnesses	\$ 2,886,981
Training and Education	\$ 110,194
<b>Total FY 20 Expenditures</b>	<b>\$ 66,101,358</b>

The Commission's FY 2020 expenditures of \$66.1 million supported a permanent staff of 388 full-time and 3 part-time employees, 212 of whom were attorneys. Other staff consisted of administrative, social work, investigative, secretarial and clerical personnel.

## APPROPRIATED BUDGET 2021

In FY 2021, the Commission's total available General Fund appropriation, as adjusted for savings under Public Act 19-117, is \$68,360,690 to support a staff of 451 full time positions (the agency authorized position count) and 7 part-time positions. Below is a breakout of the FY 2021 General Fund available appropriations.

Account	FY 2021
Personal Services	\$ 42,299,163
Other (Operating) Expenses	\$ 1,181,163
Assigned Counsel	\$ 21,885,012
Expert Witnesses	\$ 2,875,604
Training and Education	\$ 119,748
<b>Total FY 21 Appropriation</b>	<b>\$ 68,360,690</b>

The Commission's original FY 2021 General Fund appropriation of \$68,917,962 was reduced by \$557,272 as a result of programmed lapse savings. This reduction occurred in the Assigned Counsel account.

## FEDERAL GRANTS

### *Court Improvement Program (CIP) Training Grant*

In FY 2020, \$39,991 was spent on a federal grant passed through the Judicial Branch titled, *Court Improvement Program (CIP) Training*. The funding is to enhance and strengthen the core competencies that surround matters of child welfare and protection for legal, court and child welfare agency personnel through the creation and implementation of a professional development system that identifies needs and provides ongoing training to meet those needs in order to help provide for the safety, well-being and permanence of children in foster care in the State of Connecticut. The *Court Improvement Program (CIP) Training Grant* ended 09/30/2019 and the remaining funds of \$5.72 was returned.

### *Post-Conviction Testing of DNA Evidence to Exonerate the Innocent Grant*

In FY 2020, \$7,883 was spent on a federal grant passed through the Department of Emergency Services and Public Protection titled, *Post-Conviction Testing of DNA Evidence to Exonerate the Innocent* in the amount of \$170,841 (\$110,269 plus additional funds of \$60,572). The funding is to identify cases of wrongful conviction where DNA analysis of hairs previously compared may establish innocence and seek the release and exoneration of the innocent individuals.

The *Post-Conviction Testing of DNA Evidence to Exonerate the Innocent* ended 04/24/2020 and the remaining funds of \$119,464 returned.

### *Early Appointment of Counsel for Juveniles in Hartford Grant* (*State System Enhancements for Youthful Offenders Grant*)

In FY 2020, \$122,079 was spent on a federal grant titled, *Early Appointment of Counsel for Juveniles in Hartford (State System Enhancements for Youthful Offenders)* in the amount of \$410,234. The Division of Public Defender Services (DPDS) contracted with Central Connecticut State University (CCSU) to design and implement a research study of the impact of appointing attorneys during questioning and interrogation of juveniles on case outcomes, collateral consequences, and client satisfaction. The funding supports defense services to juvenile offenders (younger than age 18) who are questioned in Hartford as potential suspects in relation to a crime during the grant period. This includes community educational materials about the juvenile justice process, the right to counsel, and available resources.

The *Early Appointment of Counsel for Juveniles in Hartford (State System Enhancements for Youthful Offenders)* continued into FY 2021 with the remaining balance of \$265,879.

## CLIENT REIMBURSEMENT PROGRAM

A client reimbursement program was implemented by the Commission in 1992-93 at the direction of the Appropriations Committee of the General Assembly and has continued in effect with full implementation at twenty (20) G.A. offices. All clients, except those in custody, are requested to reimburse the system \$25 towards the cost of their defense. A minimal, flat amount was set in order to simplify the collection process and to encourage clients to make some effort of payment.

A total of \$36,840 was collected in FY 2020. Over the past ten (10) years of full implementation, the average yearly collected is \$79,500. The decrease is attributed to the drop in out-of-custody clients added since March. While some public defender clients are unable to meet this minimal reimbursement charge, these clients are entitled to services of the public defenders, by constitution and by statute, regardless of whether they make payment. As such, the agency must rely on voluntary payment by financially-able clients in order to collect these funds.

## LEGISLATION AND POLICY

With the COVID pandemic, the 2020 legislative session was cancelled in March. A Special Session was held in July in which *P.A. 20-1, An Act Concerning Police Accountability* was passed. Division of Public Defender Services (DPDS) has proposed *An Act Promoting Justice and Equity in the Criminal Justice System* for the legislature's consideration during the 2021 session.

## CHILD PROTECTION AND FAMILY MATTERS

Caseloads in the child protection and family matters practice were also impacted by the pandemic. Child protection cases reflect matters heard in Juvenile Court as a result of a petition being filed by the Department of Children and Families. The following chart shows child protection appointments broken down by party and appointment type. "Atty IOJ" are appointments in the interest of justice pursuant to C.G.S. 46b-136(a).

## CHILD PROTECTION

<b>Appeal Reviews</b>
For Mothers - 78
For Fathers - 35

## ASSIGNED COUNSEL

The Assigned Counsel Unit is responsible for the oversight and management of attorneys who contract with DPDS to provide representation in matters where there exists a conflict of interest, where DPDS lacks the staffing or expertise to handle the matter or where justice requires that accused be represented by counsel outside DPDS. The following chart shows the distribution of cases transferred to assigned counsel during FY 2020. FY 2019 data is shown for comparison to illustrate the impact of the Coronavirus pandemic.

## CASES REFERRED TO ASSIGNED COUNSEL

Case Type	Total for FY 2020	Total for FY 2019
Criminal Appeals	230	229
Delinquency	566	765
GA	3617	6681
Habeas	523	463
JD	791	897

## CASELOADS

The Coronavirus pandemic has resulted in a significant disruption in case flow for the entire criminal justice system. From mid-March to the end of the fiscal year, court operations were limited to essential hearings, namely arraignments for incarcerated individuals and domestic violence cases. From March 1 to June 30, 2019, there were 24,327 criminal arrests in Connecticut. For the same period in 2020, there were 18,239, an approximately 25% decrease.

The Connecticut Division of Public Defender Services was fiscally responsible for 106,252 cases in fiscal year 2019/20, compared to 129,333 for FY 2018/19. This count does not include the specific number of family magistrate court contemnors receiving services, since the contracted attorneys providing representation are paid by the day and not the case. The Family Magistrate matters handled by public defender staff are included in *Pending Cases* in the chart for adult criminal Geographical Area caseloads.

For FY 2019/2020, the Division of Public Defender Services (DPDS) continues to report data as a straight count of cases pending, appointed, and transferred out for the fiscal year. This gives an accurate assessment of the number of cases for which DPDS has fiscal responsibility. Each office's data is presented with a breakdown of murders and felony sexual assaults. These are some of the most complicated matters to defend and the data gives the reader a sense of the workload for each office.
