

**STATE OF CONNECTICUT
OFFICE OF HEALTH STRATEGY**

**COVERED CT OUTREACH AND ENGAGEMENT
RFP# OHS22328**

Third Addendum

RELEASE DATE – 08-05-22

“Section IV, C, 4.3 of the Request for Proposals has been amended to include the additional information regarding training through Access Health CT.”

The Office of Health Strategy is seeking approximately 15 Community Based Organization contractors with expertise in outreach and engagement for the CoveredCT program. Only Connecticut licensed producers who are certified by Access Health CT or individuals who work for eligible entities and are certified as Certified Application Counselors by Access Health CT may assist in enrollments pursuant to the Affordable Care Act. With respect to Certified Application Counselors (CACs), CACs must be sponsored by an organization that falls into one of the following categories per the ACA:

- Federally Qualified Health Centers
- Hospitals
- Issuers
- Municipalities
- Healthcare Provider Organizations

With respect to certifications, licensed brokers and CACs must complete Access Health CT provided training and sign an agreement that details several requirements, including the disclosure of conflicts of interest and the protection of personally identifiable information.
