I think Mr. Hartley started to get into where I believe the real value of bringing Trinity Health to Connecticut and Western Massachusetts is really benefitting the patients through the clinicians on the ground, and part of that is this unified clinical organization that Mr. Hartley was describing, where, regardless of what program we're talking about, what we want to look for across our system and the real value of the system is to find what I'll call best in breed, so who is doing best in whatever program we're talking about.

It could be an open heart program. It could be an obesity program. It could be care of the elderly. How do we keep the older adult population living independently longer?

Up until now, it's been what locally we have in our own particular organizations that really have driven sort of either the evidence-based or, when the evidence is lacking, the best practice.

Now we have partners across the country in 22 states, who have struggled with the same thing. Some are a bit ahead of us, some are a bit behind us, and it

saves us from having to recreate the wheel, so we can bring that evidence-based or that best practice to bear more rapidly by being connected to this unified clinical organization for our physicians.

Rather than go program-by-program, it's who are the high-risk patients? Who are the ones that we need to identify today, who are going to be our patients tomorrow? How do we keep them healthier? How do we keep them out of the hospital? How do we keep them out of the emergency room? How do we reduce the cost and the time that they spend in the health care system, and how do we improve their overall well-being moving forward?

MS. RIGGOTT: Thank you.

MR. HARTLEY: Chris Hartley. Just one other thing to point out. This is multi-dimensional. Basically, we work with Trinity Health on the state and local basis on legislative changes that are necessary to encourage program development.

On Tobacco 21, for example, what we think is a best care scenario. Basically, we help to work passing an increase in the smoking age from 18 to 21. We didn't succeed this year, but that's part of Trinity's ongoing initiatives across the country, to move the tobacco age up, because there's evidence base that if you

move the age up for people to begin smoking, fewer people actually start.

We also work with obesity programs nationally, and we look at them locally to try to promote those programs, as well, as part of our evidence-based practice at reducing obesity, particularly in the poor populations, as a way to manage a variety of health issues, including diabetes, amongst others, so we're part of that.

We're part of a national what's called a Tiger Teams Initiative to expand access to behavioral health services nationally, on a national level and locally, to make sure that we have mental health parity for all patients and families in this community, so those are all initiatives that we work on, as well, as we work with Trinity to try to move those issues forward nationally and statewide.

MS. RIGGOTT: Thank you. My next question is for Mr. Wable. You mentioned in your pre-filed testimony via the transfer agreement that parties intend to reduce the cost of health care in the New England Regional Health Ministry service area and St. Mary's Waterbury service area.

Can you elaborate on how this is intended

to be accomplished?

MR. WABLE: Sure. I think there's probably multiple ways that this will be attended to. I think, first, on the local level, we're always looking at ways to be more efficient, through better productivity management, better management across the entire health system. That's the first and foremost, is what can we do locally?

Regionally, we're going to be able to then work together to figure out where there might be a certain amount of synergies where we can work better together.

An example of that is through supply chain alone, both on the regional and national level. Hopefully, we'll be able to buy products and services at a lower cost as a result of multiple parties working together to accomplish that. That's another example.

The third way will be best practices across all the different entities, so each one of us may take care of a surgical patient or a medical patient a little different than one another, being able to have forums, where physicians and clinicians and administrators can come together and learn what those best practices might be and roll those out within a

region or use national best practices to roll out where there have been either cost saving, evidence of cost savings nationally, or regionally, or otherwise, where we can continue to reduce cost, and I think, through all of those prongs, we will be able to reduce costs over time.

MS. RIGGOTT: Okay, thank you. My next question is regarding the makeup of the Board. In the application, it was stated that the New England Regional Health Ministry Board of Directors will appoint two members from the Saint Mary's community to the Board.

It's important to OHCA to have true community representation on the Board, and I'm wondering if there are alternatives to having community members selected by the Board.

We are most interested in someone, who can bring the community's concerns to the hospital and likewise bring hospital information to the community.

MR. DADLEZ: Well I'm sure you know that the organization is a community not-for-profit organization, and all the Board members that serve are volunteer Board members that are community representatives, so we think we do a great job in identifying individuals that represent the community.

We're really focusing on making sure that

they're reflective of the community and trying to get more minority representation and others on our Board, but we feel that those individuals that are currently in place and the potential folks that are coming on board do reflect and bring that community representation, so I'm not sure what other suggestions you might have, but we think that they're incredible advocates for their communities and have done a really outstanding job over the years representing the community, so we feel we're in good shape, but I don't know whether, you know, what, specifically.

MR. HARTLEY: I think it's evidenced by the public testimony and the letters that are in our application. There is no apparent concern about the level of representation we have provided to the community in the past. We're remaining not-for-profit.

We continue to provide plenty of access to our community health and needs assessment and other activities to services and needs in the community and will continue to do so.

MR. DADLEZ: We also have many other avenues of community representation. For example, our Curtis Robinson Center for Health Equity has a very comprehensive Advisory Board that brings together leaders

in the community that are really focused on health equity and their issues. All that information bubbles up to the regional Board. All our local Boards have community representation, that, in addition, they focus on the quality, on the immediate local needs of those communities.

All that information comes up to the Board, so one of the things of a well-functioning Board is not to have an overwhelming volume of people on it, because you'll never get anything done.

You want to have the correct number of folks on there and make sure that you're really implementing the strategic direction for the community, so you don't want to overwhelm it, you don't want to overburden it, but you want to make sure all the correct information comes up to the regional Board, and I think that we're doing a very good job at it right now in my estimation.

MS. RIGGOTT: Thank you. With respect to a three-year service plan, are there concerns regarding submitting to OHCA a plan describing any consolidation reduction, elimination, or expansion of existing services, or introduction of new services?

MR. HARTLEY: Chris Hartley, St. Francis.

I think the issue here is threefold. One, it is a health service. What is a health service, and what are we talking about, and, also, recognizing the dynamic nature of health care right now, projecting today, and we will be happy to commit to what we're providing services now.

Without taking into account the changes that are rapidly occurring in the health care system, the changes in reimbursement, and, actually, the changes in the way we deliver health care potentially could lock in place services without service change that are not appropriate to do at this point in time, but, clearly, our intention is to continue to provide health services in this community over the three-year time frame that's talked about, but there's nothing magic about three years.

The issue here is to make sure that we do care in the right place, the right way, at the right time, and that's going to change over time, and it's going to be focused more and more on prevention and maintaining the total health of a person over time, so, yes, the concern would be artificially locking in place an ill thought out definition of health services that doesn't give us the flexibility to change with the way health care, itself, is changing in a rapid fashion.

As you know, some of the things that we've talked about today, even the input of the Community Health Needs Assessment, isn't available at this point in time. When this is finished and available, there may be some new areas that identify for us as part of that.

Clearly, the reimbursement changes that are going on have impacts and pressures on all health care providers, and working with others in the collaboration may change the way we deliver that health care in the future, and we've got to look at that and think of that as we go forward together, but, clearly, our intention remains to provide the health services that we have today tomorrow, but perhaps in a different way, and we can't predict all those ways at this point in time.

MS. RIGGOTT: Thank you. Any my last question involves the capital investment plan. Are there any concerns with submitting to OHCA within a specified time frame a capital investment plan, detailing a list of planned capital expenditures with descriptions and associated estimated costs and time frames?

MR. BITTNER: I think, with -- David Bittner. I think that any capital planning I think both our organizations, St. Mary's and Trinity Health, Trinity

Health New England, try to plan out capital in a three-year, five-year kind of time frame, however, even in a single year, it's hard to predict that the capital that we planned this year for next fiscal year that we'll spend all that capital exactly how we've outlined, those capital spends.

I think we've provided to OHCA in a series of reports those kind of capital expenditures that we kind of foresee, in terms of facilities, equipment, technology, as well as other kind of future opportunities that we haven't identified what those opportunities are.

We have provided, I think, at least in the last, next couple of years related to capital, but, from the specificity around which pieces of equipment or which facilities are those that I don't think we have -- able to commit to, simply because even when we have a fiscal year budget over a 12-month period, those change on a month-to-month basis, depending on availability of capital, what's happening with funding from the state and the federal side, as well, which really has a place hold on what and how much capital you can spend in a fiscal year.

MS. RIGGOTT: Thank you.

MR. DAVID FERNANDES: Hello. My name is

David Fernandes. I'm part of the OHCA staff. My questions will pertain to the intercompany system fees, and my first question is going to be would it be accurate to say that the incremental column within the financial Worksheet A, as submitted in the pre-filed testimony, does not include the Trinity Health New England intercompany fees?

MS. SCHNEIDER: Jennifer Schneider. With respect to the intercompany fees, there's a couple of different components, and the first is the system allocation, which is -- I think you've seen us reference it. It's a .8 percent of total operating expenses.

When we show the incremental savings of one percent, that was net of the 1.8, so those types of corporate fees really are to support all the things we've talked about here, evidence-based standards as we move forward, and it really gives the ministries access to those services and really that benefit.

There's another piece, as you see reference in the definitive agreement and other places in the submission, where it talks about shared services.

In those shared services, really we tap into those. They're more direct expenses, so once we start utilizing revenue cycle and other areas directly,

it's really, again, a one-for-one, so there's no incremental costs associated with either Trinity Health New England or Saint Mary's with respect to those, and those come on later, as we become more mature into Trinity Health and Trinity Health New England as the organizations move forward.

MR. FERNANDES: Thank you. My second question is can the Applicants at this time provide an estimated dollar amount for what the intercompany fee might be after the first year of the proposal?

MS. SCHNEIDER: So the intercompany fee, again, is the .8 percent of operating expenses, and it will be set at the Trinity Health New England level, so, you know, for Trinity Health New England, it will likely be about between eight and nine million for the entire system, and then it will be Trinity Health New England's responsibility to allocate that across all of the local hospitals and other entities within the organization.

MR. FERNANDES: Okay, thank you. Third question. Currently, what is Saint Mary's spending on the services that will now be covered by the intercompany fees?

MR. BITTNER: Well I think it's hard to quantify at this point, because there are certain I guess

operational costs that we just haven't been able to get to. Some of them are purposes for FTC reasons, but, as you look at Trinity's overall supply chain that Chad Wable had just mentioned, in terms of changing group purchasing organizations and having a group purchasing organization the size that Trinity Health has, bring supply chain savings to Saint Mary's, specifically, but, also, to Trinity Health New England.

In addition to that, they also maintain their own commercial insurance programs. Not only commercial insurance, but for property, casualty, general liability, malpractice. All those costs are self-insured by Trinity Health.

There's 90 hospitals with over $15 billion or $16 billion in revenue, so given that scope in size, so insurance costs related to Saint Mary's, supply chain costs, also treasury costs, when you start looking at cost of capital, the amount of investment return that one could have, when you're in a position like Trinity Health has been, St. Francis Care and Saint Mary's, as well, where you're subject to debt covenants around certain days cash on hand, you don't really have the luxury to invest a lot of your cash into the open market, because it doesn't -- it can't really suffice with the swings in

the market, so if you have an unrealized loss, it can put you in a position where now you no longer meet those covenants.

And, so, with Trinity Health, they actually put, they can actually put those investments in the market and earn an additional return, so it's not only a savings on expense perspective, but, also, it's beneficial interest or investment income that can be generated from the cash that's currently on hand at the respective organizations.

MR. FERNANDES: Thank you. My last question will be, other than the intercompany system fees, will Saint Mary's be required to make any other payment, either directly or indirectly, through the New England Regional Health Ministry to Trinity Health, Inc.?

MR. BITTNER: Well, at this time, there's no fees that I can tell you today that would occur and how some of those could change in the future.

I do think that, as we bring the region together, there will be shared services across the whole region, so there will be regional costs that will be held at Hartford, so revenue excellence, a revenue cycle, for instance.

What we're trying to work on is developing

a unified billing office, so if you're a patient, wherever you had gone within Trinity Health New England, you would get one patient bill for any service provided by any clinician, who is affiliated with our system, would go through a unified billing office, and that patient, then, is connected throughout the entire region through the electronic medical record.

So with that aspect, some of those services are corporate services, and those fees, then, would be charged up through the individual hospitals that they belong to, so Saint Mary's could have a regional fee, if you will, but all those fees would just be offset by the overhead cost reductions as the system kind of matures and achieves and climbs the scale throughout the region.

MR. FERNANDES: The billing service, is that included right now in the .08 percent?

MR. BITTNER: No, it's not.

MR. FERNANDES: So it potentially may be an increase, or there may be a potential like --

MR. BITTNER: There may be a price that goes, maybe a cost over to the regional system, but if you look at the cost currently for Saint Mary's to provide billing services, that actual cost would go down.

It would just be, instead of spending it on FTEs within the local area, it would be in a regional setting, so, actually, a reduction in the overall cost, itself, but it stays within the region.

MR. FERNANDES: Okay, thank you. That concludes my questions.

MR. RONALD CIESONES: Ron Ciesones, OHCA staff. My questions are going to start regarding some of the accounting methods and the financial stability of the organizations. They come from the interrogatories that were filed.

Regarding the statement of operations data for the first six months that were submitted with the pre-file, do you expect the financial performance would be similar in the second half of the year as with the first six months of activity?

MR. BITTNER: The short answer is, no, no. We expect operations to improve. September of 2015, the health system, both our health systems, actually, was really hit with the first kind of round of Governor Malloy's reductions and really forced us, and we at St. Francis Care had a budget ready to go in front of our Finance Committee.

We actually kind of tossed it. We kind of

restart the budget process over again, and that time that it took, basically, to respond to the reductions in reimbursement on the State and the Federal level I think took us at least that six months, and, as Chris has stated before and Chad, as well, what we've done is focus on productivity improvements, trying to look at the productivity of our staff, provide them tools and resources to better manage the staff and be able to flex up and down between where the volume is occurring with each of the patient floors.

That, and then working with Trinity Health to try to optimize some of the synergy, so it's taken us I think the first six months of the fiscal year to get in line a lot of those operating improvements and get in line some of the strategic initiatives that we wanted to put in place to make those improvements into the fiscal year, so that six months ending March we actually had significant improvements in our fiscal situation, were, actually, we had a $3 million gain as Trinity Health New England and then moving forward in the April, May, June, which completes the fiscal year for Trinity Health.

We expect the latter six months to improve significantly, and we're hopeful that we'll get the funding that the legislative body just approved in this

last special session back in December and, again, in May.

MR. CIESONES: Now your response is mostly regarding Trinity Health New England's piece, as to the finances?

MR. BITTNER: Yeah.

MR. BECKER: Ralph Becker. We are doing a little bit better this year than we have been. Volumes are up a little bit, so that's been helping, but do I see us doing as well in the last six months? Yes. I think we will continue doing as well as we are right now, again, subject to what happens with the provider techs.

MR. CIESONES: So would you say that the financial ?? that were submitted with the application would be accurate for the years 2017, '18 and '19, or would they need to be adjusted?

MR. BITTNER: That's our best estimate today. I think that assumes that we get some of the tax funding back that have been promised in the legislature, so, again, if the administration withholds the supplemental payments, so, for Hartford, for St. Francis, that's $40 million of taxes that we pay, so whatever supplemental payments we don't get, that kind of goes back into the overall tax, itself.

This assumes that we get at least what's

been estimated by the legislature, and it's our best estimate at this point in time.

MR. CIESONES: Throughout the application or the pre-file, rather, you, on pages 1025 and 1034, you reference cash flow from operations quite a few times for both St. Francis and Saint Mary's.

How come you use -- is there a reason that you use cash flow from operations, as opposed to operating income and losses from the statement of operations?

MR. BITTNER: Yeah, because the cash flow from operations kind of, before we actually make any kind of capital expenditures, so that's basically what the organizations bring in from a cash perspective before we actually expend it in other capital or other investments, so that's the indication of what we can generate just from an overall cash flow perspective.

MR. CIESONES: And would you be able to provide a supporting worksheet for the numbers that you have on both pages 1025 and 1034 for both St. Francis and Saint Mary's?

MS. SCHNEIDER: Jennifer Schneider. So you're just looking for supporting documentation to support those numbers?

MR. CIESONES: Right. There's St. Francis, 33.6 million.

MS. SCHNEIDER: We could provide that.

MR. CIESONES: Okay, thanks.

HEARING OFFICER HANSTED: Okay. I'll order that as Late File No. 1.

MR. CIESONES: My next question regards Saint Mary's pensions. That's noted throughout the pre-file. You noted that one of the -- once this was to go through, that you would like to bring the Saint Mary's pensions more -- fund more of the pensions, similar to Trinity. Do you have any procedures, methods to do that?

MR. BITTNER: I think there's an overall, I guess, philosophy, and that philosophy would be to fund it at the same levels as you mentioned before.

There's a lot of information that goes, a lot of variability that goes into that calculation, itself, so a discount rate, for example, so if you look at the current interest rate environment that we're in, it has a lot to do with what the overall pension obligation is going to be out in the future, so it has a huge impact on what the funding status is, so if you had a one percent increase in the discount rate, you could have an increase of funding status significantly just

from that one change in interest rate environments.

The second one is some of the demographic information related to the assumptions being used in the actuarial valuation, so a lot of those were just recently changed, both for Saint Mary's and organizations, I think, in the United States, actually, that has a significant impact on the overall pension obligation, how much that is.

The other piece is how well is the investments in the pensions doing within the market, itself. So if the market does significantly better than what your expectations are, then your funding status automatically goes up, without any additional contributions.

I guess, aside from that, there is an overall plan. Historically, Hartford has always funded the pension expense, and, so, that would be more of a minimum funding requirement from a personal perspective or how we kind of treat that historically, but anything above that we'd like to get to that 80 percent, plus, 80, 85 percent level of funding status, where, currently, at the end of FY '15, Saint Mary's was at 47 and a half percent.

And, so, that's both a combination of

change in discount rate, change in looking at the actual how the investment performance is doing, as well as contributions by Trinity Health, Trinity Health New England into the actual pension plan, itself.

MR. CIESONES: Do you see Trinity somehow taking a loan to bump up the funded status possibly?

MR. BITTNER: Possibly. That's always an option. That is one of which we're looking for with Trinity Health New England. With St. Francis Care, we're looking at a loan to help continue to fund our pension liability into the future, as well.

MR. CIESONES: The next couple of questions I have are regarding the capital commitment amounts for Trinity Health New England.

On page 1034, the previous responses indicate that the hospital spends roughly $12 million per year on capital expenditures or capital acquisitions, and Saint Mary's Health System projects to earn approximately 8 million per year from operations after the merger.

Why does -- considering that there will be a profit from operations, why does Trinity have to contribute the 54.7 million for Saint Mary's?

MR. BITTNER: A big portion, I think, of that, the $45.3 million is over a series of time, so,

over the five-year period, it's expected that there will be an operating income, which is that 45.3, so there's a $100 million commitment. The difference, then, is that 54.7, so what's hard to predict, in terms of either whether we forecast something two years out or three years out, is what's going to happen on a federal and state reimbursement perspective?

It's hard to predict, and I think, to a certain degree, as we try to even budget for even this year and last year, St. Francis I can speak for had made commitments to its employees to increase its across the board living adjustments.

We make commitments to fund defined contribution plans, of which, because of the promises that were made around the supplemental payments and the supplemental pools around the provider tax, itself, we made those commitments, but, then, once those were pooled, we still honored those commitments, knowing that there may be opportunities where the legislature comes back, and I think in this case, as well, I just look at the 45.3 million, some of the 54 that's got to be funded through intercompany debt is because it's anticipated that there are going to be issues, I think, on the state side, as well, and federal reimbursement, for that

matter.

MR. CIESONES: Also, on page 1034, will the operating losses that thus far in fiscal year 2016 for Trinity affect the funding for St. Francis' $158 million contribution from operating income from the same chart?

MR. BITTNER: Could you repeat that?

MR. CIESONES: On the chart, you have 158 million for St. Francis.

MR. BITTNER: In expected operating.

MR. CIESONES: Right.

MR. BITTNER: Right.

MR. CIESONES: On the financials that you submitted with the pre-file for the first six months shows Trinity Health with an operating loss of roughly 16 million?

MR. BITTNER: Right.

MR. CIESONES: Will that affect the $158 million commitment, the commitment that comes from operating?

MR. BITTNER: No. So, first of all, I'll just kind of mention, when St. Francis and Trinity Health got together, there was a $275 million kind of commitment over a five-year period of time.

You kind of see the breakout is 1,033, how we're looking at that 275 million amongst, and it has given us opportunities with Saint Mary's, Johnson Memorial Medical Center to kind of come together in this regional health system, so if Hartford, if St. Francis Care does not perform financially, then more money, then, would come from Trinity Health, in order to fund that commitment versus the funding of the commitment coming through hospital operations through income from operations.

I don't expect -- I think the 158 million is our best estimate of what our cash flow income is going to be over the next five years, considering what's happened with reimbursement, and that's kind of our best guesstimate.

It wouldn't impact, then, if we had losses, it may impact where we'd get more money from Trinity. If we got higher, the less money that we have to borrow from Trinity from a capital commitment perspective.

MR. CIESONES: I just have one last question. Would the operating revenues from one of the hospitals, whether it's Johnson or Saint Mary's, be used to fund capital improvements at another regional health

ministry hospital?

MR. BITTNER: Within Trinity Health New England? Are you asking if it could?

MR. CIESONES: Yes.

MR. BITTNER: Yes, it could.

MR. CIESONES: So money can kind of flow in between the three hospitals?

MR. BITTNER: Yeah. If one hospital is much more successful than another hospital, then definitely, if there's a need from a community perspective, then that hospital would have the funding it needs to support those programs and services, and one of the pillars I think Trinity Health has and Trinity Health New England is commitment to those, who are poor, and, so if one hospital is struggling to fulfill that commitment and the other one is doing very, very well, then some of that operating income would go to actually improve the other's performance and continue those other services.

MR. CIESONES: So the three will kind of all be working together?

MR. DADLEZ: Well you're seeing that right now, for example, at Johnson Memorial. We're providing substantial support to Johnson right now while it's getting its feet on the ground and restructured, so,

obviously, that has to happen.

When we're trying to do is evolve from this old school hospital enterprise to a total health care operating company that's responsible for developing the right services in the right place at the right time for the entire region, so we'll be investing in ambulatory care development that might be between Hartford and Waterbury. We'll be investing in ambulatory development between ourselves and Johnson Memorial.

So the whole world is changing, and how we invest our dollars is really focused at how do we create the best system we can for the people that we serve?

And, so, it will be somewhat fungible, but we want to take care of the locations, because the hospitals right now, you know, they have to be successful and drive a lot of business, but we're trying to evolve in this case, and capital investment is going to depend on how the whole health care enterprise evolves, if that makes sense.

MR. CIESONES: That's all I have for questions.

HEARING OFFICER HANSTED: Before OHCA continues with its questions, I understand we have a senator that would like to give public comment.

(Whereupon, Joan Hartley gave public comment.)

MS. SCHAEFFER-HELMECKI: Hi. Good afternoon. So I'd like to ask a few more questions about the capital commitment and, specifically, how you expect it to be apportioned among the different regional health ministry entities.

And, as a basic question, firstly, are the amounts of capital expenditure allotted to each hospital maximums or minimums?

MR. BITTNER: Minimums.

MS. SCHAEFFER-HELMECKI: Now during the public hearing associated with St. Francis' application, 15-31979-CON, Trinity stated that at least 195 million of the $275 million pool of capital expenditures would be committed to St. Francis Hospital, specifically. Is that correct? I believe it was actually your testimony, Ms. Schneider.

MS. SCHNEIDER: Well I have to locate it.

MS. SCHAEFFER-HELMECKI: It was on page 33 of the transcript. I believe it was the portion that we took administrative notice of.

MS. SCHNEIDER: That's correct. So if you note there, it says 195, specific to St. Francis Hospital

capital acquisitions, whether it's upgrade to facilities, medical appointment, other areas that have been identified.

And I think, when we speak about, you know, the upgrades and the capital acquisitions, that can be inclusive of the St. Francis system.

MS. SCHAEFFER-HELMECKI: Okay and I believe you later said that it was specifically for entities already affiliated with St. Francis on that July 1, 2015 hearing, although there was 48 million allocated for other future associations.

MS. SCHNEIDER: Correct. That is correct.

MS. SCHAEFFER-HELMECKI: Great. So, in your responses to the completeness questions, you also stated that, at the time of the St. Francis hearing, again, July 1st, that you knew Trinity and Saint Mary's would seek to merge.

That being said, why has St. Francis' capital commitment been reduced from 195 million to possibly 142 million?

MS. SCHNEIDER: So I think, again, to David's point earlier, it's the minimum capital commitment, and I think it's really the 162 million is specifically a minimum to St. Francis. Oh, sorry. Page

1034.

MS. SCHAEFFER-HELMECKI: Excuse me. What was that on page 1034?

MS. SCHNEIDER: 1034, up at the top, the total capital expenditures, total funding. We were asked, I think, to show, to demonstrate how the 275 could be allocated, and we talk about the 100 million minimum to Saint Mary's, 13 million to Johnson, and 162 million to St. Francis, and, again, these are the minimums.

MS. SCHAEFFER-HELMECKI: Maybe I misunderstood, but I thought that was the source of the funding, where the money was coming from, not where the money was going on page 1034, so are you referencing 1033?

MS. SCHNEIDER: Correct. Which rolls over to 1034.

MR. BITTNER: Let me just mention, so, when Trinity Health and St. Francis Care came together, it formed Trinity Health New England, and, so, a $275 million capital commitment went to Trinity Health New England, of which then it's utilized to that capital commitment to help with the acquisition of Johnson Memorial Medical Center on January 1, 2016, and then now, as Saint Mary's have come together, it's provided the

necessary capital to provide a commitment.

St. Francis Care on its own wouldn't have the ability to be able to commit those kind of funds without a partner like Trinity Health, so that 275 was at Trinity Health, so St. Francis Care on October 1st became Trinity Health New England.

MS. SCHAEFFER-HELMECKI: So you're saying there was no money allocated to a specific entity, and you're saying it was just a general pool of 275, and the allocation that was submitted as part of the application was not indicative of how the money was actually to be spent?

MR. BITTNER: No. The 275 was allocated to Hartford within Trinity Health. It formed Trinity Health New England, so Trinity New England then became the entity in which, for the Hartford office, then, of which it could spend or have commitments of that 275 million over a five-year period of time.

MS. SCHAEFFER-HELMECKI: But at the time of the application, St. Francis Hospital was St. Francis Hospital, so references to money allocated to St. Francis Hospital was the hospital and not St. Francis Care or what is now the Regional Health Ministry, correct?

MR. BITTNER: Correct.

MS. SCHAEFFER-HELMECKI: Okay, great. All right, so, just to return to that $48 million, that was unallocated originally, so, at the time, you did state that you believe that Johnson's capital expenditures would probably come out of that 48 million, as it was an organizational priority, correct?

MS. SCHNEIDER: That is correct.

MS. SCHAEFFER-HELMECKI: And then, also, you stated that St. Francis, so, like you anticipated the Saint Mary's merger, and I still am not seeing exactly why there wasn't money allocated in that 48 million for Saint Mary's, because now we're looking at a capital expenditure for other entities of between 113 million and 133 million, which that seems like a fairly significant departure from the 48 million that you had set aside originally, so I don't understand. I guess I'm not seeing why there wasn't more money set aside.

MS. SCHNEIDER: I think, at that point, it was really the timing and where we were in the maturity of the discussions with Saint Mary's, in terms of being able to specifically allocate anything at that point in time.

MS. SCHAEFFER-HELMECKI: So now the change in the Saint Francis, excuse me, Saint Francis Hospital

allocation is about between 65 and 85 million difference than what was initially projected to be spent on capital there.

What projects, if any, will be eliminated or modified at St. Francis as a result of that change?

MS. SCHNEIDER: I think, going back to David's point around our capital strategy, we really look at three years. We try to plan three years. It's even difficult, so there's nothing that we're aware of that would not happen.

And, again, this is the minimum commitment, as we continue to identify strategic initiatives and necessities within the local hospitals that are part of the ministry.

Those would be our priorities, and if we needed access to capital, we would, then, move forward as part of the capital management process within Trinity and see if we could get funding for those if our operating income and our current cash flows could not support that, but there's nothing, I think at this point, that I'm aware of that would be delayed or not fulfilled, based on any of these changes, specific to St. Francis Hospital.

MS. SCHAEFFER-HELMECKI: And at what point would you know what the capital expenditure plan is at

St. Francis if anything is changing?

MS. SCHNEIDER: So we are in the process of doing our capital budget right now for fiscal '17, which we will manage and report I think as of July 1 fiscal year, and, at this point, everything that's included in our capital plan is going to, you know, Trinity Health for insurance.

It's aligned with the strategy, and we would hear, and we don't believe, and we've heard nothing to lead us to believe that that wouldn't continue to be our plan for fiscal '16. '17.

MS. SCHAEFFER-HELMECKI: So, now, if there are any additional entities that are acquired by Trinity in the future that become part of the Regional Health Ministry, would that in any way alter the amount available to Saint Mary's for capital expenditures?

MR. BITTNER: I think that the 100 million or 120 million, depending on how Saint Mary's performs, there may be opportunities that Saint Mary's finds within the community within Waterbury for investment opportunities that may go against that $100 million.

So, if you look at their current operations now, there's a lot more investments that have to occur, I think, in the future, whether that's the

acquisition of ambulatory strategies ?? the community.

That could further -- I mean that's an investment of capital, right? So that goes against the $100 million, I guess you'd say, if it's related to the ambulatory strategy around the Waterbury market.

So I think, from a capital perspective, we tend to look at this from a more global perspective around Trinity Health New England and the region and how we provide health care services around the region, as well.

I can say that, as we mentioned before, these are minimum requirements, so if there's opportunities within the state, within the region that are good opportunities from an economic perspective, that those would be funded by Trinity Health, but those go to a separate Board at Trinity Health or a separate committee, of which Chris sits on, as well, that helps to allocate the overall resources that Trinity Health has from an investment perspective.

MS. SCHAEFFER-HELMECKI: So that's a, yes, it could change, but it's a minimum? You're saying that 100 million is an absolute floor, and regardless of any entities acquired in the next five years, there's a guaranteed $100 million commitment?

MR. BITTNER: Correct.

MS. SCHAEFFER-HELMECKI: Okay, thank you. Okay, I have just one last set of questions. Prior to Trinity's acquisition of St. Francis, how much was St. Francis spending each year on average on capital investments.

MS. SCHNEIDER: Between 35 and 38 million on average prior to. The more recent years were a little bit higher with our investment in the Epic implementation, so prior to those two years, it's probably closer to 30 million, but, more recently, about 35 to 38.

MS. SCHAEFFER-HELMECKI: Yeah. I think we had 39, the number that had been stated several times, so that seems accurate.

Based on your projections of spending between 142 and 162 million in capital at St. Francis over the next five years, that works out to an average of between 20.4 million and 32.4 million per year.

Are you projecting a decline in capital spending at St. Francis compared to its spending prior to joining Trinity?

MS. SCHNEIDER: No. Again, that would be the minimum, and the budget currently, going into fiscal

'17, is just under 40 million as it stands today. Again, there's a lot of regulatory pressures and other financial issues we're dealing with, so it's not approved yet, but it's higher.

MR. DADLEZ: An example of that is, because we keep stressing minimum, minimum, I mean this is the bottom threshold, in the Springfield market, for example, which doesn't deal with Connecticut, Trinity just funded the purchase of a 200-member physician group, River Bend Physician Group in that region, and over and above, way over and above the capital commitments that is made on an annual basis to assistance of Providence health system, so the commitment is to do what's right for the community, and if there are opportunities to develop and grow, Trinity's commitment is to fund that.

We're very quickly becoming one of the largest, if not the largest regional ministry in the nation, and they want us to grow and develop.

The intent is for us not to squeeze dollars out of this region, but to strategically grow it and make it stronger, so I frankly and firmly believe that there's a commitment to do more, not less, so, in my mind, there's no way that it will be less than what we've traditionally spent.

MS. SCHAEFFER-HELMECKI: Okay, great. Thank you.

MR. DADLEZ: Okay.

HEARING OFFICER HANSTED: All set? Okay. That concludes OHCA's questioning.

At this point, I want to ask one more time is there anybody here that would like to give public comment that has not had an opportunity to do so?

I don't hear or see anyone. It's only 5:30 at this point. What I'd like to do is give members of the public an opportunity to get out of work and actually travel here, if they choose to do so, so we will adjourn until 6:00 p.m.

At that time, we'll go back on the record to see if there's any more public comment, so, at this point, we're adjourned until 6:00 p.m.

(Off the record)

HEARING OFFICER HANSTED: Okay, we're back on the record. It's now 6:00 p.m. One last time, is there anybody here that would like to give public comment on the proposal before us?

Hearing and seeing none, I would like to thank everyone for attending, and this hearing is adjourned.

(Whereupon, the hearing adjourned at 6:00 p.m.)

Docket Number: **15-32045-CON**

Project Title: **Transfer of ownership of Saint Mary's Health System, Inc. to Trinity Health Corporation and Trinity Health–New England**

Project Description: Saint Mary's Health System, Inc. ("SMHS"), Trinity Health-New England, Inc. ("TH-NE") and Trinity Health Corporation ("THC"), herein collectively referred to as the ("Applicants"), seek authorization to transfer ownership of SMHS and its subsidiaries to THC and TH-NE.

Procedural History: The Applicants published notice of their intent to file a Certificate of Need ("CON") application in the *Republican American* (Waterbury) on October 22, 23 and 24, 2015. On November 25, 2015, the Office of Health Care Access ("OHCA") received the CON application from the Applicants for the above-referenced project and deemed the application complete on April 5, 2016.

www.ct.gov/dph
Affirmative Action/Equal Opportunity Employer

On April 18, 2016, the Applicants were notified of the date, time, and place of the public hearing. On April 20, 2016, a notice to the public announcing the hearing was published in the *Republican American*. Thereafter, pursuant to Connecticut General Statutes ("Conn. Gen. Stat.") § 19a-639a, a public hearing regarding the CON application was held on May 9, 2016.

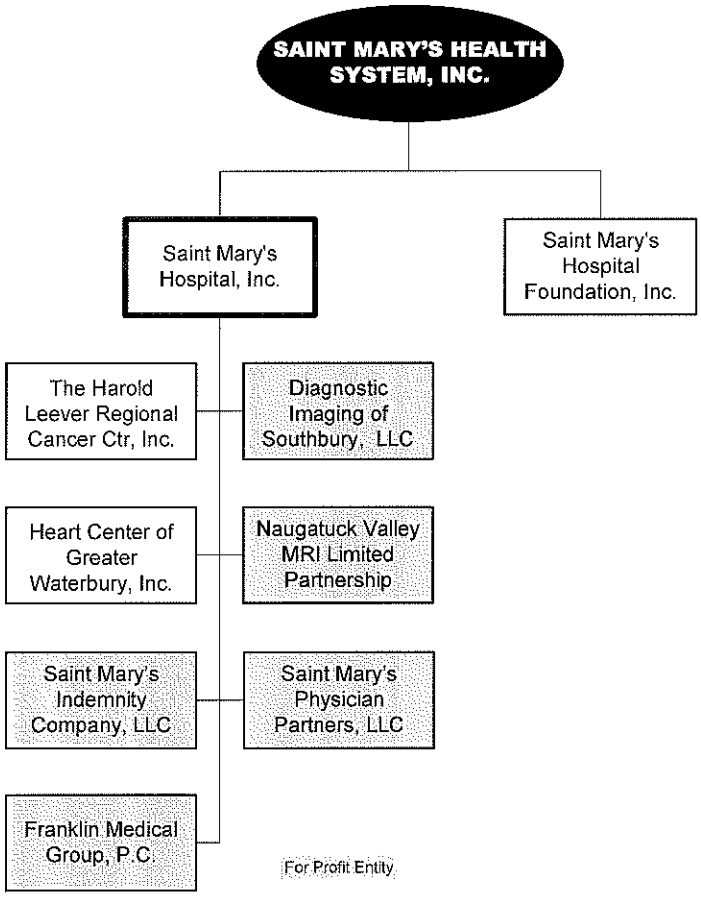
Attorney Kevin T. Hansted was designated as the hearing officer in this matter. The hearing was conducted in accordance with the provisions of the Uniform Administrative Procedure Act (Chapter 54 of the Conn. Gen. Stat.) and Conn. Gen. Stat. § 19a-639a.

The record was closed on June 1, 2016. Deputy Commissioner Addo considered the entire record in this matter.

Findings of Fact and Conclusions of Law

1. SMHS is a not-for profit, integrated Catholic health care delivery system serving the greater Waterbury area. Ex. A, p. 18.

2. SMHS is the parent company of Saint Mary's Hospital, Inc. ("Hospital"), and various other subsidiaries and affiliated entities (see legal chart of corporate structure, below). Department of Public Health, Office of Health Care Access, 2015, *Annual Report on the Financial Status of Connecticut's Short Term Acute Care Hospitals for Fiscal Year 2015*; Appendix AA.



3. The Hospital is a 347-bed Catholic acute care hospital. It is designated as a Level II Trauma Center and provides a full range of inpatient, outpatient and ancillary services to residents of Waterbury and surrounding towns. Ex. A, p. 18.

4. The Hospital's primary service area is comprised of 16 towns. The Hospital's service area will remain the same as a result of this proposal. Over half of all inpatients in fiscal year (FY) 2015 were Waterbury residents (see table below).

TABLE 1
SAINT MARY'S HOSPITAL FY2015
PRIMARY SERVICE AREA TOWNS

Primary Service Area	
Town*	**Discharges (FY 2014)**
Waterbury	58.75%
Naugatuck	9.18%
Wolcott	6.25%
Prospect	3.34%
Total	**77.52%**

*Listed in descending order of discharge volume.
Ex. A, pp. 32-33; Ex. A, p. 289.

5. In anticipation of health care industry changes and federal health policy and reimbursement reform, SMHS's 2016-2020 Strategic Plan emphasized a shift from a fee-for-service structure to an accountable care organizations ("ACO") focused on population health management. SMHS determined that a strategic partner would bolster its ability to effectuate its Strategic Plan. Ex. A, pp. 22-23.

6. The need to address the following factors also prompted the Hospital to seek a partnership with another health care system:
   - Increased costs associated with quality improvements,
   - The growth of physician partnerships and the need for additional expertise in the management, staffing, data analysis and clinical oversight of a larger physician enterprise,
   - Necessity of expertise in clinical service redesign to utilize the latest clinical techniques,
   - SMHS's intent to expand upon its integrated accountable care organization
   - The financial capital required to meet the medicals records standard of the Patient Protection and Affordable Care Act ("PPACA"),
   - Development of a plan to address pension and other debt obligations, and
   - An aging infrastructure and the need to provide health services to the community as reflected in the Community Health Needs Assessment ("CHNA").

   Ex. A, pp. 22-24; Ex. E, p. 874; Ex. L, pp. 1026-1032.

7. SMHS created the SMHS Board-Appointed Taskforce ("Taskforce") more than a decade ago to assess potential partners based on a set of criteria including each candidates philosophical principles and adherence to a complementary set of religious directives; financial strength and ability to assist in satisfying SMHS's pension liability; provision of resources to improve technology at SMHS; and opportunities to recruit and retain staff. Ex. A, pp. 26-27; Ex. L, Prefile Testimony of Robert Mazaika, Chairman of the Board, SMHS, pp. 1062-3.

8. SMHS found THC and TH-NE to have a strategic plan and values very similar to its own, while sharing a common vision, philosophy and mission that preserves the Catholic health care tradition. Ex. A, pp. 22-23; 27.

9. Following the recommendation of the Taskforce, SMHS's full board approved a strategic alliance and a membership transfer agreement was signed on September 19, 2015. Ex. A, pp. 22-23; 27.

10. As a result of this agreement, the Applicants are requesting approval to transfer ownership of the Hospital and its subsidiaries to THC in order to become part of TH-NE. Ex. A, pp. 20, 27.

11. THC is a Catholic health care system with 88 hospitals, 126 continuing care facilities, home health and hospice programs across 21 states. It is the sole shareholder of TH-NE. Ex. A, p. 19.

12. TH-NE is the parent company of other health care facilities in Connecticut, including Saint Francis Hospital and Medical Center and Mount Sinai Rehabilitation Hospital in Hartford. Docket Number 15-31979-CON. Ex. A, p. 19.

13. The focus of TH-NE's organizational structure is to create a system that meets PPACA's objectives of improving population health, enhancing the patient care experience and controlling cost, while maintaining a positive financial margin. Ex. A, p. 24.

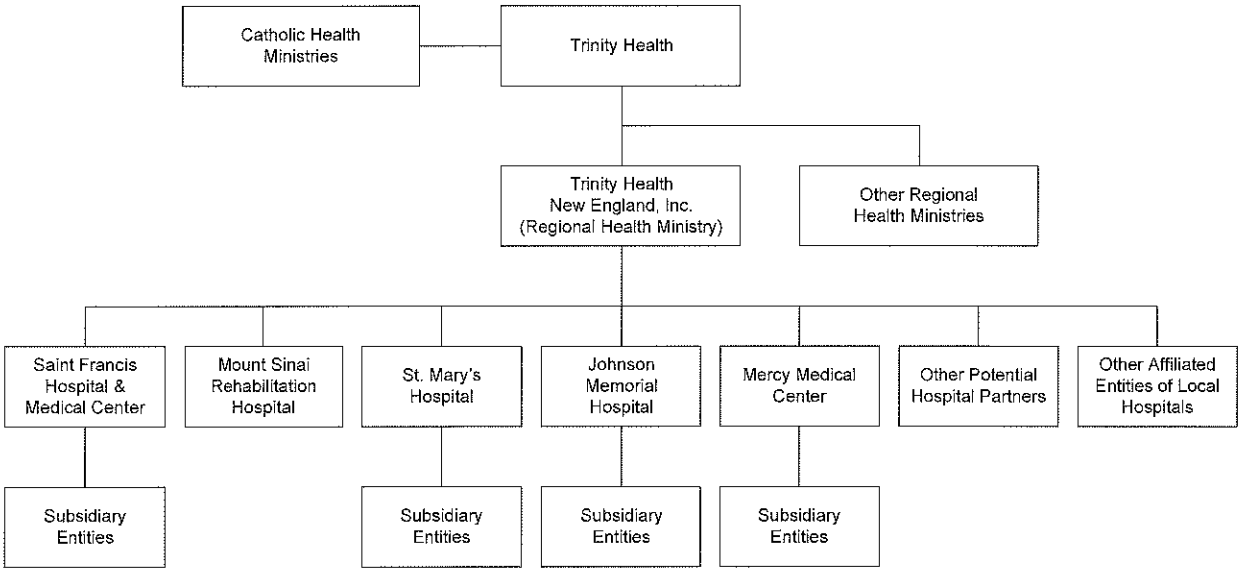
14. THC's key growth initiatives aim to align with organizations to strengthen the Catholic health care mission and to expand the system "footprint" to create an integrated ACO in each of its markets. Ex. A, p. 20.

15. THC has established a Unified Clinician Organization ("UCO"), a data and evidence-based infrastructure to align and support clinicians across the THC system, in an effort to advance a culture of safety, best practices, quality, patient satisfaction and high reliability. THC's accomplishments as a result of implementing its UCO initiatives include:
    - Decrease in sepsis mortality rate from 15.8% to 11.2% between FY 2010 and December 2014, resulting in 2,328 saved lives;
    - Elimination of vaginal birth after cesarean section "serious reportable events" following 2009 policy implementation;
    - Decrease in elective deliveries before 39 weeks from 4.7% from 2010 to 0.5% in 2015;
    - Consistent medication reconciliation composite score (both admission and discharge data) of 88% in FY 2015 to date;
    - Decline in pressure ulcer rates from 3.8% in FY 2008 to 0.01% in January 2015;
    - Lower than expected severity adjusted mortality rate (83%) in FY 2015;
    - Elimination of retained sponges in FY 2014 post-sponge accounting implementation; and
    - Improvement in safety checklist perfect patient score from 48% in January 2013 to 81% in July 2014.

    Ex. A, pp. 44-46.

16. To combat the substantial costs of hospital readmission, THC developed a post-acute care affiliated network that links a hospital to the continuum of post-acute providers. The result was a more accurate and efficient transition of patients from the hospital to the next level of care reducing readmission. Ex. A, pp. 52-53.

17. It is anticipated that SMHS will be dissolved, leaving the Hospital as the surviving entity. The following illustration depicts the organizational chart of the Applicants following the proposed transaction.



Ex. A, p. 163; Ex. E, p. 865.

18. SMHS's existing Bylaws and Certificate of Incorporation will be amended and restated so that TH-NE is the sole corporate member of the Hospital and the Hospital will be a direct subsidiary of TH-NE. Ex. A, pp. 20, 112.

19. The Applicants propose adding two board members, appointed by THC for a period of three years to the TH-NE Board of Directors. The Hospital's governing board will remain unchanged other than the addition of the CEO of TH-NE. The governing board of the Hospital will be comprised of:
    - A representative of the member, designated by the member;
    - At least one physician; and
    - Members of the local community or members or associates of a Roman Catholic religious congregation who need not reside in the local community.

    Ex. A, pp. 20-21; 70-71; 113; Ex. E, pp. 900-901.

20. The Hospital's board will have community representation that will have the ability to pass on quality concerns and local community health needs to the regional governing board. Testimony of Mr. Dadlez, Ex. N, pp. 40-41.

21. There are no planned changes to the clinical services or location of any clinical services currently being offered by the Hospital. However, following implementation of the proposal, an "efficiency analysis" will be conducted to assess whether the Hospital's current clinical practices are consistent with those of THC's in an effort to standardize the processes. Ex. A, pp. 21-22; Ex. E, p. 875.

22. For three years following implementation of the proposal, the existing SMHS Board's approval will be required prior to the termination or material reduction of any existing clinical services. Ex. A, p. 16.

23. The proposal does not involve any new equipment. There is no capital cost associated with the Transfer Agreement between the Applicants. Ex. A, pp. 21-22; Ex. E, p. 875.

24. The affiliation with TH-NE is intended to allow the Hospital to access experts in all clinical service lines and support platforms, and enhance its service delivery approach and systems. Ex. A, p.41.

25. The partnership between the Hospital and THC is also expected to result in access to resources of a large system at both the regional and national levels which will:
    - Help develop more preventive and primary care service programs, the need for which is identified in the 2014 CHNA;
    - Meet the demands of the 2010 PPACA, which requires an emphasis on value rather than volume in terms of reimbursement;
    - Provide access to readily available capital and financing at favorable interest rates; and
    - Assist in developing a plan to adequately fund SMHS's pension plan obligations. Ex. A, pp. 24-25.

26. The Health Resources and Services Administration has designated Central Waterbury as a medically underserved area and medically underserved population. Ex. A, p. 35.

27. TH-NE's CHNA and Strategic Implementation Plan ("SIP"), to be published in June 2016 and November 2016, respectively, will integrate the community health care priorities and strategies identified in SMHS's current CHNA. Ex. A, pp. 80-81; Ex. L, pp. 1031-1032.

28. The CHNA, developed by SMHS in conjunction with the Greater Waterbury Health Improvement Partnership, identified access to care, availability of mental health and substance abuse services, obesity and tobacco use as priority areas of improvement for the Waterbury area. Greater Waterbury Health Improvement Partnership, *Community Health Needs Assessment Final Summary Report* 45 (Sept. 2013). Ex. A, p. 233.

29. To address chronic health conditions, THC will use community outreach to implement its Community Health and Well-Being Strategy, which emphasizes reducing the number of uninsured, recruiting multi-cultural and multi-lingual input from the community, prioritizing obesity prevention and tobacco control and transforming safety net care. The Hospital's current strategic focus area, in an effort to align its focus with that of the Connecticut Hospital Association, also addresses asthma in the community. Ex. L, p. 1030; Testimony of Mr. Connolly, Ex. N, pp. 23-25.

30. The SIP will follow the recommendations of the CHNA. Testimony of Mr. Connolly, Ex. N, p. 25.

31. The Hospital will be supported with resources in the form of regional and national experts to participate in national initiatives from the corporate headquarters of THC. Testimony of Mr. Dadlez, Ex. N, pp. 25-26.

32. SMHS currently leases space to Connecticut Children's Medical Center to provide inpatient services and the Hospital will continue to so following implementation of the proposal. Ex. A, pp. 39-40.

33. Following implementation of the proposal, TH-NE and Waterbury Hospital will work collaboratively to ensure the continued coordination of services provided by the Harold Leever Regional Cancer Center and the Heart Center of Greater Waterbury. Ex. E, p. 865.

34. Existing referrals patterns will remain unchanged. Ex. A, p. 57.

35. The Hospital will continue to operate for the benefit of the community and serve the poor and underserved, including supporting wellness, health education and other community programs, participating in medical research and governmental health care programs and identifying gaps in services in the community. Ex. A, p. 114.

36. The transfer of ownership will be complete by 10/1/2016. Ex. A, p. 70.

37. Overall volume for the Hospital fluctuated slightly from FY2012 through FY2015. Inpatient volume is projected to decrease .5% each year from FY2017 through FY2019 due to an expected continued shift of services performed as outpatient procedures.

TABLE 2

*Includes managed care activity
[1] Fiscal year is October through September
[2] Volume equals equivalent discharges
Ex. A, p 63.

39. There will be no changes in services for indigent or Medicaid recipients. Ex. A, p. 48.

40. The Hospital's policies, procedures and guidelines on charity care and financial assistance policies will be reviewed to ensure compliance with the new Internal Revenue Code Section 501(r) requirements effective January 1, 2016. Ex. A, p. 82; Ex. E, p. 870.

41. The Hospital's charitable policies are consistent with those of both THC and TH-NE Ex. E, p. 870; Testimony of Mr. Hartley, Ex. N, p. 31.

42. Saint Mary's Hospital Foundation, Inc. will continue to be a separate endowed foundation supporting the Hospital and the Hospital's subsidiaries. The Hospital will continue to comply with existing donor restrictions of the Foundation. Ex. A, p. 17; 114.

43. The Hospital will retain all assets and property currently belonging to SMHS. Ex. A, p. 21.

44. There are no planned changes to existing reimbursement contracts or billing practices between the Applicants and payers as a result of this proposal. Ex. A, p. 83; Ex. E, p. 865.

45. The Hospital will have access to TH-NE's internal Value Analysis Committee and its group purchasing agreements providing advantageous pricing for products and supplies. Ex. A, p. 53, 85.

46. The most recent credit ratings for THC are as follows:
    - Fitch (December 2015): AA/Negative Outlook;
    - S&P (December 2015): AA-/Stable Outlook; and
    - Moody's (December 2015): Aa3/Stable Outlook.

    Ex. E, p. 871.

47. THC and TH-NE have agreed to ensure the expenditure of $100 million for capital expenditures at the Hospital and its current subsidiaries over the next five years following the closing date. If specific performance metrics are met in the 3rd and 4th year following the close of the transaction, an additional $10 million of committed capital in both the 4th and 5th fiscal year will be available. Ex. A, p. 21; Ex. E, p. 866.

48. The $100 million capital commitment, and additional $20 million if certain metrics are met, will be part of the $275 million capital commitment THC made to the recently formed TH-NE. THC is responsible for the $275 million capital commitment to TH-NE with TH-NE being responsible to ensure $120 million of the capital is allocated to the Hospital and its current subsidiaries. Ex. E, p. 866; Ex. G, p. 1018.

49. The funding sources of THC's $100M capital commitment will be:
    - Available cash and investments generated by the hospital;
    - Financing obtained through the THC system debt program; and
    - Capital contributions from THC, to the extent necessary.

    Ex. A, p. 116; Ex. E, p. 866.

50. The Hospital's annually budgeted $12 million for routine capital purchases is included in the $100 million capital commitment from TH-NE. Ex. E, p. 869.

51. Operating revenue from one hospital could be used to help fund capital improvements at another hospital within TH-NE, if a hospital is unable to raise the needed capital through its own operations. Testimony of Mr. Bittner, Ex. N, pp. 59-60.

52. The commitment of $100 million for the Hospital and its subsidiaries will not be reduced if future acquisitions were to take place. Ex. G, p. 1017.

53. The table below provides a preliminary capital investment plan for the Hospital. Approximately $40 million is for routine capital needs while the remaining $60 million is for strategic investments.

TABLE 7
PRELIMINARY CAPITAL INVESTMENT PLAN FOR THE HOSPITAL (IN THOUSANDS)

Description	Five Year Total
Hospital facility upgrades	$ 22,000
Replacement of clinical equipment	$18,000
Information Technology & Electronic Health Records	$12,000
Urgent Care / Ambulatory Care	$10,000
Ambulatory pavilion on campus	$25,000
Conversion to private patient rooms	$8,000
Clinically integrated network development	$5,000
Total estimated capital expenditures	**$100,000**

Ex. A, p.82.

54. The Hospital will have access to THC's intercompany loan program, if necessary, to develop a health information technology exchange (HITE) and electronic health records system. Ex. A, p. 31.

55. The Hospital will be subject to an annual intercompany system fee by TH-NE one year from the close of the transaction to help cover shared system office services. The shared resources include the departments of revenue, treasury, human resources, supply chain management and information technology. This will reduce the need for members of the TH-NE to use outsourced accounting, legal and consulting firms. Ex. E, p. 873-874; Ex. G, p. 1016-1017.

56. The shared system office services and resources-- and concomitant fee-- may increase to include additional resources and services in the future. Testimony of Mr. Bittner, Ex. N, pp. 49-50.

57. THC charges TH-NE 0.8% of operating expenses for providing the shared system office services. TH-NE will allocate the charge among its member hospitals and other subsidiaries. The fee will be determined based on the members 'comparative use of the system resources. Ex. G, p. 1016; Ex. L, pp. 1032-1033.

58. Based on savings observed at hospitals previously acquired by THC, an annual savings of at least 1% of the Hospital's operating revenue ($3.1M) is anticipated as a result of this proposal. Ex. A, p. 432.

59. The Hospital projects no incremental revenue for the first three fiscal years (FY 2016-2018) following the change in ownership, however operating gains of $1.5M, $3.1M and $3.2M, respectively, will be achieved from reductions in the cost of supplies and drugs and other operating expenses. Overall and with CON approval, the Hospital projects positive increasing gains from operations over the same time period.

TABLE 8
SAINT MARY'S HOSPITAL PROJECTED INCREMENTAL REVENUES AND EXPENSES (in thousands)

	FY 2016	FY 2017	FY 2018	FY 2019
Revenue from Operations	$0	$0	$0	$0
Total Operating Expenses	$0	($1,538)	($3,133)	($3,241)
Gain/Loss from Operations	**$0**	**$1,538**	**$3,133**	**$3,241**

TABLE 9
SAINT MARY'S HOSPITAL PROJECTED REVENUES AND EXPENSES WITH CON (in thousands)

	FY 2016	FY 2017	FY 2018	FY 2019
Total Operating Revenue	$301,416	$310,435	$319,530	$328,683
Total Operating Expenses	$297,061	$303,963	$311,078	$319,960
Gain/Loss from Operations	**$4,355**	**$6,472**	**$8,453**	**$8,723**

Ex. A, pp. 432-434; Testimony of Mr. Wable, Ex. N, p. 38.

60. The projected operational cost savings are summarized by expense category in the table below:

TABLE 10
SAINT MARY'S HOSPITAL PROJECTED OPERATING EXPENSE SAVINGS WITH CON (in thousands)

Expense Category	FY 2016	FY 2017	FY 2018	FY 2019
Supplies and Drugs	$0	($720)	($1,512)	($1,588)
Other Operating Expenses	0	($817)	($1,621)	($1,654)
Total Reductions	**$0**	**($1,538)**	**($3,133)**	**($3,241)**

Ex. A, p. 434;

61. THC's acquisitions of health systems and hospitals have yielded improved financial performances, cost savings and new capital investments:
    - Chelsea Community Hospital, Michigan - nearly a 40% increase in revenue between FY 2011 and FY 2016; approximately $67 million capital investment to construct a tower, including conversion to private acute beds; operating margin improved from 0.6% pre-merger to 4.4% in FY 2016;
    - Mercy Health, Hackley Campus, Michigan - annual aggregate savings of $1 million from enhanced revenue management and reduced supply and vendor costs; awarded 2016 America's Best Hospitals by Healthgrades; operating margin of 10% in FY 2015 compared to 1.0% in FY 2009, the first year after merging with THC;
    - St. Alphonsus Regional Medical Center, Idaho - $225 million in investments planned for campus relocation that would capture a broader patient base (easier patient access) and enhance physician recruitment and satisfaction; increase in Operating Cash Flow Margin to 16.3%, up from 6.4% in FY 2011; operating margin currently at 9.8%;
    - Loyola University Health System, Illinois - improved its first-year operational performance by $44.5 million across support functions, including insurance/risk

management, organizational integrity, supply chain, treasury, information services and revenue cycle; operating margin and operating cash flow margins have improved from -1.4% and 4.0% respectively to 1.2% and 6.5% in FY 2015;

- Catholic Health East, with facilities across 9 states - $285 million of synergies since the system level mergers occurred in May 2013, with more than $25 million in additional synergies planned through June 2016; operating expenses of $13.9 billion in FY 2015 with synergies savings of 1.8% of operating expenses; and
- St. Joseph Health, Inc., New York - $4 million in savings since merging with THC on July 2015 representing a synergies savings of 0.6% of operating expenses.
- St. Francis Hospital and Medical Center, Connecticut - has been a part of THC for over a quarter, but anticipated annualized savings of 7.6 million is expected to be realized representing 1% of operating expenses; a fixed pay interest rate swap was transferred to THC resulting in $44 million reduction in liability strengthening the balance sheet by increasing its unrestricted net assets.

Ex. E, pp. 872-873; Ex. G, p. 1018-1021.

62. There have been no changes in the price structure resulting from recent acquisitions other than St. Alphonsus Medical Center. Prices increased by approximately 12% as prior to the acquisition, prices had not increased for four years. Ex. G, p. 1021.

63. The Membership Transfer Agreement provides that within one year following closing, THC will develop a plan to address the Hospital's third party debt and to fully fund its pension plan obligations. Ex. A, pp. 114-115.

64. The Hospital's pension plan is underfunded by $75.9 million and its funding status was at 48% as of 9/30/2015. Currently, there are no plans to restructure the debt. A review to determine if an intercompany loan will be used to pay off or refinance the outstanding debt will be conducted post-closing. Ex. E, pp. 870-871; Ex. L, p. 1025; Testimony of Mr. Bittner, Ex. N, pp. 55-56.

65. OHCA is currently in the process of establishing its policies and standards as regulations. Therefore, OHCA has not made any findings as to this proposal's relationship to any regulations not yet adopted by OHCA. (Conn. Gen. Stat. § 19a-639(a)(1))

66. This CON application is consistent with the Statewide Health Care Facilities and Service Plan. (Conn. Gen. Stat. § 19a-639(a)(2))

67. The Applicants have established that there is a clear public need for the proposal. (Conn. Gen. Stat. § 19a-639(a)(3))

68. The Applicants have demonstrated that the proposal will improve the overall financial strength of the health care system and that it is financially feasible. (Conn. Gen. Stat. § 19a-639(a)(4))

69. The Applicants have satisfactorily demonstrated that the proposal will maintain quality, accessibility and cost effectiveness of health care delivery in the region. (Conn. Gen. Stat.§ 19a-639(a)(5))

70. The Applicants have shown that there would be no adverse change in the provision of health care services to the relevant populations and payer mix, including access to services by Medicaid recipients and indigent persons. (Conn. Gen. Stat. § 19a-639(a)(6))

71. The Applicants have satisfactorily identified the population to be affected by this proposal. (Conn. Gen. Stat. § 19a-639(a)(7))

72. The Applicants provided historical utilization of Saint Mary's Health System services in the service area that supports this proposal. (Conn. Gen. Stat. § 19a-639(a)(8))

73. The Applicants have satisfactorily demonstrated that this proposal will not result in an unnecessary duplication of existing services in the area. (Conn. Gen. Stat. § 19a-639(a)(9))

74. The Applicants have demonstrated that there will be no reduction in access to services by Medicaid recipients or indigent persons. (Conn. Gen. Stat. § 19a-639(a)(10))

75. The Applicants have satisfactorily demonstrated that the proposal will not have a negative impact on the diversity of health care providers in the area. (Conn. Gen. Stat. § 19a-639(a)(11))

76. The Applicants have satisfactorily demonstrated that the proposal will not result in any consolidation that would affect health care costs or accessibility to care. (Conn. Gen. Stat. § 19a-639(a)(12))

DISCUSSION

CON applications are decided on a case by case basis and do not lend themselves to general applicability due to the uniqueness of the facts in each case. In rendering its decision, OHCA considers the factors set forth in § 19a-639(a) of the Statutes. The Applicants bear the burden of proof in this matter by a preponderance of the evidence. *Jones v. Connecticut Medical Examining Board, 309 Conn. 727 (2013).*

Saint Mary's Health System, Inc. ("SMHS") is a not-for-profit integrated Catholic health care delivery system serving the greater Waterbury area. *FF1.* SMHS is the parent company of Saint Mary's Hospital, Inc. ("Hospital"), and various other subsidiaries and affiliates. *FF2.* The Hospital, a 347-bed acute care general hospital, has served the greater Waterbury area since 1907, and is licensed as a Level II Trauma Center. It provides a full range of inpatient, outpatient and ancillary services to the 16 towns encompassing its primary service area. *FF3-4.*

In response to changes in health care delivery as well as federal health policy and reimbursement reform, SMHS's 2016-2020 Strategic Plan emphasized a shift from a fee-for-service structure to that of an accountable care organization focusing on population health management. SMHS determined it could best effectuate this and other goals of its strategic plan through a partnership. *FF5.* Additionally, the need for capital improvements to an aging infrastructure, the mandate to provide health services as reflected in the Community Health Needs Assessment, the requirement to meet the medicals records standard as a result of the Patient Protection and Affordable Care Act ("PPACA") and SMHS's debt obligations have made the need to partner with another health care provider essential in order to maintain the quality of care currently provided. *FF6.* SMHS, through its SMHS Board Taskforce ("Taskforce"), has been searching for a partner that would meet its philosophical principles and the resources to improve SMHS's financial strength. *FF7.* The Taskforce found Trinity Health Corporation ("THC") and the New England Regional Health Ministry ("TH-NE") to have a strategic plan similar to its own while sharing a common vision, philosophy, mission and compatible religious directives. *FF7-8.*

THC is a national Catholic health care system with 88 hospitals, 126 continuing care facilities, home health and hospice programs in 21 states. It is the sole shareholder of TH-NE. *FF11.* TH-NE is the parent company of health care facilities located in Connecticut, including Saint Francis Hospital in Hartford. *FF12.*

SMHS's Board of Directors approved a strategic alliance with TH-NE based on the findings and recommendation of the Taskforce. A membership agreement was signed on September 19, 2015. *FF9.* As a result of this agreement, the Applicants are requesting approval to transfer ownership of SMHS and its subsidiaries to TH-NE in order to become part of THC. *FF10.*

Following the completion of the transfer of ownership, it is anticipated that SMHS will be dissolved, leaving the Hospital as the surviving entity. *FF17.* TH-NE will be the sole corporate member of the Hospital and the Hospital will be a direct subsidiary of TH-NE. *FF18.* The Applicants propose adding two members from the Hospital's community to the TH-NE Board of Directors who will be appointed by THC for three years. *FF19.* The governing board of the Hospital will remain unchanged other than the addition of the CEO of TH-NE. *FF19.* To ensure

quality concerns and the local health needs of the community are identified, local boards will have the ability to pass on relevant information to the regional governing boards through a representative. *FF20.*

TH-NE's organizational structure aims to create a system that meets the PPACA's objectives of improving population health and enhancing patient care experience while controlling costs. *FF13.* The Hospital will be able to leverage TH-NE's data and evidence-based national infrastructure to align and support clinicians in a Unified Clinician Organization ("UCO"). This will enable medical practitioners to work collaboratively throughout the THC-system to advance patient safety, best practices, quality and patient satisfaction. Hospitals participating in the TH-NE's UCO initiative have seen a decrease in sepsis mortality and pressure ulcer rates as well as an increase in patient satisfaction measures. *FF15.* Additionally, to address the increasing cost of hospital readmission, THC has developed a post-acute affiliated network resulting in a more accurate and efficient transition of patients from the hospital to the next level of care. *FF16.* The Hospital will be able to take advantage of THC's UCO and the associated best practices.

The Health Resources and Services Administration has designated Central Waterbury as a as a medically underserved area and medically underserved population. By affiliating with THC, the Hospital will gain the resources to strengthen health care in the region. *FF 25-26.* The Hospital's 2013 Community Health Needs Assessment ("CHNA") has identified access to care, availability of mental health and substance abuse services, obesity and tobacco use as priority areas of improvement. *FF28.* The Hospital has also adopted the Connecticut Hospital Association's initiative to reduce instances of chronic conditions, specifically choosing to focus on asthma prevention. *FF29.* TH-NE has committed to integrating the health priorities identified by SMHS and the Hospital into its Community Health and Well-Being Strategy. *FF27.* The proposal will also benefit the local community by increasing access to resources of a large system, and its ability to develop more preventive and primary care services.

Following implementation of the proposal, an efficiency analysis will be conducted to assess whether the Hospital's current clinical practices are consistent with those of THC's in an effort to standardize processes. However, neither the Hospital's clinical services nor its locations are expected to change as a result of this proposal. *FF21.* Additionally, the Hospital's Board would be required to approve a termination or a reduction of a service if it were to occur within three years following implementation. *FF22.* There are no proposed changes in services for the indigent or the Medicaid patients served by the Hospital. Furthermore, The Applicants do not anticipate any significant changes in the overall payer mix. *FF38-39.*

SMHS's charitable policies are consistent with both THC and TH-NE with no planned changes, thus ensuring that access to services for the Medicaid and indigent population continue. *FF41.* All charitable gifts to the Hospital will remain a part of the Hospital's Foundation and will continue to operate separately from the Hospital. All donations will continue to comply with existing donor restrictions. *FF42-43.* As a result, the integration of the Hospital with THC and TH-NE will allow the Hospital to maintain its commitment to the poor, the uninsured and underinsured as well as the Medicaid population.

There are no capital cost associated with the Transfer Agreement between the Applicants. *FF23.* Additionally, the proposal will enable the Hospital to make needed capital upgrades and investments. As a condition of THC's 2015 acquisition of Saint Francis *Care* and subsequent establishment of TH-NE, THC made a capital commitment of $275M to TH-NE. *FF48.* TH-NE is now proposing to commit at least $100M of that capital funding over the next five years to the Hospital. NE-RHM will contribute an additional $20M if the Hospital meets specific metrics in the 3rd and 4th year following the close of the transaction. *FF47.* Funding for the committed capital will be derived from cash and investments generated by the Hospital, financing obtained through the THC-system debt program and, if necessary, capital contributions from THC. *FF49.* The committed capital of $100M is a minimum that will not erode if further mergers were to occur. *FF52.*

The preliminary capital investment plan includes $40M in Hospital facility upgrades including the replacement of clinical equipment that has been delayed due to budgetary constraints. The remaining $60M is intended for the development of an electronic health records system, improving ambulatory care, converting to private patient rooms and developing a clinical network. *FF53.* In addition, the Hospital will be able to secure better long-term capital at favorable interest rates utilizing THC's strong credit ratings as well as develop a plan to adequately fund its pension obligations. *FF25, FF63.*

Cost savings will be achieved at the Hospital as a result of synergies expected to be realized as a result of becoming part of a larger system. Some synergies will be realized through a system of shared office services by THC members. The departments of revenue, treasury, human resources, supply chain management and information technology will be centralized. *FF55.* For use of these services, THC will impose a charge of 0.8% of NE-RHM's operating expenses, to be distributed among NE-RHM's member hospitals. Centralizing these departments will, however, likely result in net savings for TH-NE's members. *FF57.*

Based on observations at hospitals previously acquired by THC, an annual savings of at least 1% of the Hospital's operating revenue is anticipated as a result of this proposal. *FF58.* No incremental revenue for FY 2016 to 2018 is projected; however, operating gains of $1.5M, $3.1M, and $3.2M, respectively, are projected, in part, from reductions in the cost of supplies and drugs. In addition, the Hospital projects positive and increasing gains from operations following the transfer. *FF59.*

As a result of the potential for improved financial performance and new capital investments, the Applicants have demonstrated that the proposal is financially feasible and that the financial strength of the health care system will be improved by providing the Hospital with financial stability through improved access to capital and debt financing to preserve and enhance existing services.

The proposal will allow the Hospital to access TH-NE's system of best clinical practices, centralized office functions, and cost savings measures. Such benefits will enable the Hospital to invest in beneficial capital upgrades while still meeting its debt obligations and maintaining positive financial margins.

As a result of these combined factors, the Applicants have satisfactorily demonstrated that there is a clear public need for the proposal and that quality of care will improve through integration with a national system providing a variety of clinical and financial benefits. Thus, the Applicant has demonstrated that the proposal is consistent with the Statewide Health Care Facilities and Services Plan.

Order

Based upon the foregoing Findings of Fact and Discussion, the Applicants' request for the transfer of ownership of SMHS and its controlled affiliates to Trinity Health – New England, Inc., a subsidiary of Trinity Health Corporation is hereby **Approved** under Conn. Gen. Stat. §19a-639 subject to the enumerated conditions (the "Conditions") set forth below

Unless expressly provided otherwise, all Conditions of this Order shall, to the extent applicable, be binding on the Applicants, their affiliates, successors and assigns, regardless of whether THC remains the parent company and sole shareholder of the Trinity Health–New England, Inc. ("TH-NE") OHCA and any successor agency shall have the right to enforce the Conditions by all means and remedies available to it under law and equity, and the right to impose and collect a civil penalty under Conn. Gen. Stat. § l9a-653 against any person or health care facility or institution that fails to file required data or information within the prescribed time periods set forth in this Order. All references to days in these Conditions shall mean calendar days.

1. Within twenty (20) days following the Closing Date of the transfer of ownership authorized by this Order, TH-NE shall submit schedules to OHCA setting forth Saint Mary's Hospital's inpatient bed allocation and the location and hours of operation for all outpatient services, by department, as of the Decision Date and publish this same information on the applicable website of the Hospital. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Conn. Gen. Stat. §§19a-613(b), 19a-639(a)(8) & (11); FF 21-22.*

2. Within twenty (20) days following the Closing Date of the transfer of ownership authorized by this Order, TH-NE shall identify and provide the Certificates of Incorporation for the THC or TH-NE -affiliated entities that shall directly own, operate and hold the Hospital's license post-closing. This entity shall be duly organized and validly existing under the laws of Connecticut and TH-NE shall be its parent company and sole shareholder as proposed in the CON application. OHCA is imposing this Condition to verify that safeguard procedures are in place to avoid a conflict of interest in patient referral. *Legal and Factual Basis: Conn. Gen. Stat. §§ 19a-613(b), 19a-639(a)(8) & (11); FF 17-18*

3. TH-NE shall notify OHCA in writing of the Closing Date of the transfer of ownership authorized by this Order within twenty (20) days of such closing and shall supply final execution copies of all agreements related to same, including but not limited to:
    a. the Transfer Agreement, including any and all schedules and exhibits; and
    b. Bylaws or similar governance documents for the Hospital.

    TH-NE may redact from the Transfer Agreement any information that is exempt from disclosure under Conn. Gen. Stat. § 1-210. If TH-NE redacts materials in accordance with the previous sentence, the Applicants shall provide a list to OHCA, which identifies in general terms the nature of the redacted material and why it is claimed to be exempt for public record purposes.

OHCA is imposing this Condition to verify that safeguard procedures are in place to avoid a conflict of interest in patient referral. *Legal and Factual Basis: Conn. Gen. Stat. §19a-613(b); FF 9- 10, 19-20, 34.*

4. Following the completion of the Hospital's 2016 Community Health Needs Assessment (CHNA), TH-NE shall participate with the Hospital, and the key community stakeholders and health organizations, in conducting future CHNAs and shall provide a copy of the 2016 CHNA and its Implementation Strategy to OHCA within thirty (30) days of completion. TH-NE and the participants shall utilize Healthy Connecticut State Health Improvement Plan data and priorities as the starting point for the new CHNA (available at http://www.ct.gov/dph/lib/dph/state_health_planning/sha-ship/hct2020/hct2020_state_hlth_impv_032514.pdf), as well as any applicable community health improvement plan issued by any local health department in the Service Area.[1] The Implementation Strategy shall also adopt the evidence-based interventions identified in the Centers for Disease Control 6/18 initiative (available at http://www.cdc.gov/sixeighteen) to the extent the health priorities identified in the Study correlate to the health conditions identified by the CDC and provide information on how any patient outcomes related to the Implementation Strategy will be measured and reported to the community. In the event that the Hospital has already substantially completed its 2016 Implementation Strategy at the time of the signing of this Order, it may submit the information requested in the 6/18 initiative as an addendum within six months of the Closing Date. TH-NE shall publish the Community Health Needs Assessment and the Implementation Strategy on the website of the Hospital. Until such time as the CHNA and Implementation Strategy are submitted to OHCA, TH-NE shall continue to support and implement the Hospital's current CHNA. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(3) & (7); FF 27-30*

5. Within one hundred and eighty (180) days following the Closing Date, TH-NE shall submit a plan demonstrating how health care services will be provided by the Hospital for the first three years following the Transfer Agreement, including any consolidation, reduction, or elimination of existing services or introduction of new services (the "Services Plan"). The Services Plan will be provided in a format mutually agreed upon by OHCA and TH-NE. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Conn. Stat. §§ 19a-613(b), 19a-639(a)(5),(6) (7),(8),(9),(11) & (12); FF 21-22, 24-25.*

6. Until such time as the Services Plan is submitted, TH-NE shall provide OHCA with notice of any reallocation of inpatient beds and relocation of outpatient services for the Hospital specific to those services that existed at the Hospital as of the Decision Date.

---

[1] Other tools and resources which the Applicants are encouraged to consider include County Health Rankings and CDC Community Health Improvement Navigator in order to assist with the Study process in terms of an understanding of social, behavioral, and environmental conditions that affect health, identifying priorities, and the use of evidence-based interventions.

Such notice shall be provided within ten (10) days of any such reallocation or relocation and published on the website pages of Saint Mary's Hospital. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(5),(6) (7),(8),(9),(11) & (12); FF -21-22*

7. Within one hundred and eighty (180) days following the Closing Date and thereafter on the same semi-annual schedule as set forth in Condition 8 below until the capital commitment is satisfied TH-NE shall submit to OHCA a report on the capital investments ("Capital Investment Report") it has made in the Hospital and its affiliates from the minimum $100 million Commitment Amount. The Capital Investment Report shall include the following in a format to be agreed upon:

    a. A list of the capital expenditures that have been made in the prior one hundred and eighty (180) days with descriptions of each associated project; and

    b. An explanation of why each expenditure was made and a timeframe for the roll out of the associated capital project (including estimated beginning, ending and startup/operation dates); and

    c. The funding source of the capital investment; indicate whether it was drawn from intercompany loans, operating revenue, capital contributions from THC or another source. If funding was drawn from another source, indicate the source.

    The reports shall be signed by the Hospital's or TH-NE's Chief Financial Officer. OHCA is imposing this Condition to ensure continued access to health care services for the patient population and to verify the continued financial feasibility of the project. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(3),(4) & (5); FF 47-49, 53*

8. For three (3) years following the Closing Date, TH-NE shall file the following information with OHCA on a semi-annual basis for the Hospital and TH-NE:

    a. The cost saving totals achieved in the following Operating Expense Categories for the Hospital and TH-NE Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A, B, C, D, E, G, H, I, J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The semi-annual submission shall also contain narratives describing:

        1. the major cost savings achieved for each expense category for the semi-annual period; and

        2. the effect of these cost savings on the clinical quality of care.

b. A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for the Hospital and TH-NE. The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/300 (balance sheets), 150/350 (statement of operations) or successor reports.

For purposes of this Order, semi-annual periods are October 1-March 31 and April 1 – September 30. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning November 30, 2016. OHCA is imposing this Condition to ensure continued access to health care services for the patient population and to verify the continued financial feasibility of the project. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(4) & (5);* FF *47-49, 53*

9. For three (3) years following the Closing Date, TH-NE shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data and comparable prior year period data for the Hospital and TH-NE. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning November 30, 2016. The following financial measurements/indicators should be addressed in the report:

Financial Measurement/Indicators

A. Operating Performance
1. Operating Margin
2. Non-Operating Margin
3. Total Margin
B. Liquidity
1. Current Ratio
2. Days Cash on Hand
3. Days in Net Accounts Receivables
4. Average Payment Period
C. Leverage and Capital Structure
1. Long-term Debt to Equity
2. Long-term Debt to Capitalization
3. Unrestricted Cash to Debt
4. Times Interest Earned Ratio
5. Debt Service Coverage Ratio

6. Equity Financing Ratio
D. Additional Statistics
1. Income from Operations
2. Revenue Over/(Under) Expense
3. Cash from Operations
4. Cash and Cash Equivalents
5. Net Working Capital
6. Free Cash Flow (and the elements used in the calculation)
7. Unrestricted Net Assets/Retained Earnings
8. Bad Debt as % of Gross Revenue
9. Credit Ratings (S&P, FITCH or Moody's)

OHCA is imposing this Condition to ensure continued access to health care services for the patient population and to verify the continued financial feasibility of the project. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(4) & (5); FF 59-60*

10. TH-NE shall ensure that the Hospital maintains and adheres to the Hospital's current policies regarding charity care, indigent care and community volunteer services after the Closing Date, or adopt other policies that are at least as generous and benevolent to the community as the Hospital's current policies, consistent with state and federal law. These policies shall be posted on the website pages of the Hospital and as additionally required by applicable law. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(5),(6) & (11); FF 40-42*

11. For three (3) years following the Closing Date, TH-NE shall provide written notice to OHCA of any modification, amendment or revision to the charity care, indigent care and community volunteer services policies of the Hospital within thirty (30) days of such change. The notice of these changes shall be accompanied by copies of any revised policies and the notice and revised policies shall be posted on the website of the Hospital simultaneously with their submission to OHCA. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(5),(6) & (11); FF 40-42*

12. TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.

In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

a. On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(5),(6) & (11); FF 35.*

13. TH-NE shall work toward making culturally and linguistically appropriate services available and integrated throughout the Hospital's operations. Specifically, TH-NE shall ensure that the Hospital shall take reasonable steps to provide meaningful access to each individual with limited English proficiency eligible to be served or likely to be encountered in its health programs and activities, in accordance with the implementing regulations of Section 1557 of the Patient Protection and Affordable Care Act. Additionally, TH-NE shall provide at the Hospital, appropriate insurance navigator services for patients and, where appropriate, English as a second language and cultural competency training for employees. In complying with this Condition, TH-NE shall ensure that the Hospital shall be guided by the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care published by the U.S. Department of Health and Human Services' Office of Minority Health. For three (3) years following the Closing Date, TH-NE shall submit a written report on its activities directed at meeting this Condition. Such reporting shall be filed within thirty (30) days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition so as to ensure continued access to health care services for the patient population. *Legal and Factual Basis: 45 C.F.R. §92.201; Stat. §§ 19a-486d(a), 19a-613(b), 19a-639(a)(5),(6) & (11); FF 29.*

14. For three (3) years following the Closing Date, Trinity shall allow for one (1) community representative to serve as voting members of the Hospital's Board of Directors with rights and obligations consistent with other voting member under the Hospital's Board of Director Bylaws. The community representative shall be selected in consultation with the Mayor of Waterbury in order to ensure the appointment of one unbiased persons who will fairly represent the interests of the communities served by the Hospital. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(2),(3),(5),(7),(8),(11) & (12); FF 19-20*

State of Connecticut
GENERAL ASSEMBLY
STATE CAPITOL
HARTFORD, CONNECTICUT 06106-1591

May 9, 2016

Kimberly R. Martone
Director of Operations
Department of Public Health
Office of Health Care Access
410 Capitol Avenue: MS#13HCA
Hartford, CT 06134-0308

Dear Ms. Martone:

I am pleased to offer this testimony in support of the Certificate of Need application submitted by Trinity Health New England, Inc.'s Acquisition of Saint Mary's Health System, Inc. and Franklin Medical Group, P.C.

I am supportive of this merger, in part, because I believe that Saint Mary's will be able to retain their local commitment, including their Catholic identity and mission, while being part of a more financially secure regional system. The $100 million commitment over five years will allow Saint Mary's to improve the delivery of quality care and help fulfill its community based mission. Patients will have greater access to medical expertise and shared resources.

Changes are occurring in our health care delivery system. I view the change contemplated in this transaction as a very positive step for Saint Mary's and the Greater Waterbury community. I thank you for your consideration of this proposal.

Very Truly Yours,

Joan Hartley
State Senator, 15th District

Jeffrey J. Berger
State Representative, 73rd District

1. **Within twenty (20) days following the Closing Date of the transfer of ownership authorized by this Order, TH-NE shall submit schedules to OHCA setting forth Saint Mary's Hospital's inpatient bed allocation and the location and hours of operation for all outpatient services, by department, as of the decision Date and publish this same information on the applicable website of the Hospital. OHCA is imposing this Condition to ensure continued access to health care services for the patient population.**

   In accordance with Condition 1 of the Order, Trinity Health – New England, Inc. is submitting schedules to OCHA setting forth Saint Mary's Hospitals inpatient bed allocation along with the location & hours of operation for all outpatient services by department (**See Attachment 1**). Currently, locations and hours of operation can be viewed on the Saint Mary's Hospital's website (www.stmh.org).

2. **Within twenty (20) days following the Closing Date of the transfer of ownership authorized by this Order, TH-NE- affiliated entities that shall directly own, operate and hold the Hospital's license post-closing. The entity shall be duly organized and validly existing under the laws of Connecticut and TH-NE shall be its parent company and sole shareholder as proposed in the CON application. OHCA is imposing this condition to verify that safeguard procedures are in place to avoid a conflict of interest in patient referral.**

   In accordance with Condition 2 of the Order, Trinity Health – New England, Inc. is submitting the Certificate of Incorporation for the TH-NE affiliated entities that shall directly own, operate and hold the hospital's license post-closing along with the document of existence under the laws of CT (**See Attachments 2**).

3. **TH-NE shall notify OHCA in writing of the Closing Date of the transfer of ownership authorized by this Order within twenty (20) days of such closing and shall supply final execution copies of all agreements related to same, including but not limited to:**
   a. **The Transfer Agreement, including any and all schedules and exhibits; and**
   b. **Bylaws or similar governance documents for the Hospital.**

   TH-NE may redact from the Transfer Agreement any information that is exempt from disclosure under Conn. Gen. Stat. 1-210. If TH-NE redacts materials in accordance with the previous sentence, the Applications shall provide a list to

OHCA, which identifies in general terms the nature of the redacted material and why it is claimed to be exempt for public record purposes.

OHCA is imposing this Condition to verify that safeguard procedures are in place to avoid a conflict of interest in patient referral.

In accordance with Condition 3.a. of the Order, Trinity Health – New England, Inc. ("TH-NE") is submitting a copy of the Transfer Agreement, including any and all schedules and exhibits. Pursuant to Condition 3, TH-NE has redacted Schedule 6.15(a) from the copy of the Transfer Agreement submitted: Schedule 6.15(a) identifies correspondence from various state and federal agencies, contractors, and payors discussing matters relating to compliance with state and federal laws and reimbursement rules. The redacted information is exempt from disclosure because it is commercial or financial information given in confidence by the parties to each other even though such disclosure is not required by statute (see Conn. Gen. Stat. § 1-210 (5) (B)). Moreover, public disclosure of this information would unduly harm the parties and may create unwarranted unease among patients, potential patients, physicians, and other members of the community (**See Attachment 3**).

6. Until such time as the Services Plan is submitted, TH-NE shall provide OCHA with notice of any reallocation of inpatient beds and relocation of outpatient services for the Hospital specific to those services that existed at the Hospital as of the Decision Date. Such notice shall be provided within ten (10) of any such reallocation or relocation and published on the website pages of Saint Mary's Hospital. OHCA is imposing this Condition to ensure continued access to health care services for patient population.

In accordance with Condition 6 of the Order, Trinity Health – New England, Inc. ("TH-NE") is notifying OCHA that there are no plans to reallocate inpatient beds or relocate any outpatient services for Saint Mary's Hospital at this time.

10. TH-NE shall ensure that the Hospital maintains and adheres to the Hospital's current policies regarding charity care, indigent care and community volunteer services after the Closing Date, or adopt other policies that are at least as generous and benevolent to the community as the Hospital's current policies, consistent with state and federal law. These policies shall be posted on the website pages of the Hospital and as additionally required by applicable law. OHCA is imposing this Condition to ensure continued access to health care services for the patient population.

In accordance with Condition 10 of the Order, Trinity Health – New England, Inc. will ensure that Saint Mary's will maintain and adhere to all of their current policies regarding charity care, indigent care and community volunteer services. Currently, all policies are located on the Saint Mary's Hospital website (www.stmh.org).

ATTACHMENT 2

AMENDED 11/17/2015

Amended and Restated Certificate of Incorporation of

Trinity Health – New England, Inc.

A Connecticut Nonstock Corporation

1. This Amended and Restated Certificate of Incorporation integrates and amends the previous Certificate of Incorporation and is executed pursuant to the provisions of the Connecticut Nonstock Corporation Act (the "Act"), as amended.

2. The text of the Amended and Restated Certificate of Incorporation is as follows:

ARTICLE I

Name

The name of the Corporation is Trinity Health – New England, Inc. which was incorporated on July 31, 1997.

ARTICLE II

Definitions

For the purposes of this Certificate, the following defined terms shall have the following meanings:

"Affiliate" means a corporation or other entity that is subject to the direct or indirect Control or Ownership (as defined in the Bylaws) of the Corporation.

"Board" or "Board of Directors" means the Board of Directors of the Corporation, and the term "Director" means an individual member of the Board.

"Certificate of Incorporation" means the Certificate of Incorporation of the Corporation as amended from time to time.

"Catholic Health Ministries" or "CHM" means Catholic Health Ministries, a public juridic person that is the religious sponsor of the Corporation under the canon law of the Roman Catholic Church.

"Catholic Identity" means the theological, ethical, and canonical underpinnings of a Catholic-sponsored organization without which the entity cannot be considered a Roman Catholic church-related ministry.

"Code" shall mean the Internal Revenue Code of 1986, as amended from time to time.

"Corporation" shall mean Trinity Health – New England, Inc., a Connecticut nonstock corporation.

"Governance Documents" means the Articles of Incorporation, Certificate of Incorporation, Bylaws, System Authority Matrix, Code of Regulations or equivalent organizational documents of a corporation or other entity.

"Health System" or "Trinity Health System" means the health system which consists of Trinity Health and its subsidiaries and Affiliates.

"Member" shall refer to Trinity Health Corporation, an Indiana nonprofit corporation, which is the sole member of the Corporation.

"Significant Finance Matters" shall refer to the following matters which pursuant to the System Authority Matrix are subject to the approval of Trinity Health: (a) capital expenditures and dispositions; (b) incurrence of additional debt; and (c) execution of contracts and leases.

"System Authority Matrix" refers to the document that sets forth an allocation of corporate governance authority that is binding on the Corporation and its Affiliates as part of the Health System, as may be amended by Trinity Health from time to time.

"Trinity Health" means Trinity Health Corporation, an Indiana nonprofit corporation, its successors and assigns.

ARTICLE III
Purposes

The Corporation shall be organized and operated exclusively for religious, charitable, scientific, and educational purposes within the meaning of Section 501(c)(3) of the Code. The Corporation shall not have or issue shares of stock or make distributions. The Corporation shall have no power to act in a manner which is not exclusively within the contemplation of Section 501(c)(3) of the Code, and the Corporation shall not engage directly or indirectly in any activity which would prevent it from qualifying, and continuing to qualify, as a Corporation as described in Section 501(c)(3) of the Code. Without limiting the generality of the foregoing, the purposes for which the Corporation is organized are to advance, promote, support, and carry out the purposes of Trinity Health Corporation, an Indiana nonprofit corporation, or its successor, and to further the apostolate and charitable works of Catholic Health Ministries on behalf of and as an integral part of the Roman Catholic Church in the United States. Without limiting the generality of the foregoing, the specific purposes of the Corporation shall include the following:

A. To engage in the delivery of and to carry on, sponsor or participate, directly or through one or more affiliates, in any activities related to the delivery of health care and health care related services of every kind, nature and description which,

in the opinion of the Directors of the Corporation, are appropriate in carrying out the health care mission of the Member and Catholic Health Ministries. The Corporation shall take all such actions including, but not limited to, support and assistance of affiliates, as may be necessary or desirable to accomplish the foregoing purpose within the restrictions and limitations of this Certificate of Incorporation, the Bylaws of the Corporation or applicable law, including, without limitation, promoting and carrying on scientific research and educational activities related to the care of the sick and promotion of health, and establishing, maintaining, owning, managing, operating, transferring, conveying, supporting, assisting and acquiring institutions, facilities and programs in several states, directly or through one or more affiliates, including, but not limited to, hospitals and clinics, which shall provide diagnosis and treatment to inpatients and outpatients and shall provide such support services as, but not limited to, extended care, shared services, pastoral care, home care, long-term care, operation of senior residences, care of the elderly and the handicapped, care of the economically needy, child care, social services, mental health and substance abuse services;

B. To promote, support and further any and all charitable, scientific, religious and educational purposes within the meaning of Section 501(c)(3) of the Code;

C. To coordinate and oversee the activities of Affiliates, and to allocate the assets, liabilities and resources of the Corporation and its Affiliates within the Health System;

D. To acquire, purchase, own, loan and borrow, erect, maintain, hold, use, control, manage, invest, exchange, convey, transfer, sell, mortgage, lease and rent all real and personal property of every kind and nature, which may be necessary or incidental to the accomplishment of any and all of the above purposes;

E. To accept, receive and hold, in trust or otherwise, all contributions, legacies, bequests, gifts and benefactions which may be left, made or given to the Corporation, or its predecessor or constituent corporations, by any person, persons or organizations;

F. To take all such actions as may be necessary or desirable to accomplish the foregoing purposes within the restrictions and limitations of this Certificate of Incorporation, the Bylaws of the Corporation and applicable law, provided that no substantial part of the activities of the Corporation shall be to carry out propaganda, or to otherwise attempt to influence legislation; and the Corporation shall not participate or intervene in any political campaign on behalf of or in opposition of any candidate for public office (by the publishing or distribution of statements or otherwise), in violation of any provisions applicable to corporations

exempt from taxation under Section 501(c)(3) of the Code and the regulations promulgated thereunder as they now exist or as they may be amended;

G. The Corporation shall not be operated for the pecuniary gain or profit, incidental or otherwise, of any private individual, and no part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to, its Directors, Officers or other private individuals, except the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered to or for the Corporation and to make payments and distributions in furtherance of the purposes set forth herein consistent with applicable law; and

H. Notwithstanding any other provisions of this Certificate of Incorporation, the Corporation shall not carry on any activity not permitted to be carried on by: (i) a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (ii) a corporation, contributions to which are deductible under Section 170(c)(2) of the Code; and a corporation described in Section 509(a)(3) (or, if the Corporation is so classified, Section 509(a)(1) or 509(a)(2) of the Code).

ARTICLE IV

Catholic Identity

The activities of the Corporation shall be carried out in a manner consistent with the teachings of the Roman Catholic Church and "Founding Principles of Catholic Health Ministries" or successor documents which set forth principles describing how the apostolic and charitable works of Catholic Health Ministries are to be carried out, as well as the values and principles inherent in the medical-moral teachings of the Roman Catholic Church (such as the *Ethical and Religious Directives for Catholic Health Care Services* as promulgated from time to time by the United States Conference of Catholic Bishops (or any successor organization), as amended from time to time). Under Canon Law, Catholic Health Ministries shall retain its canonical stewardship with respect to those facilities, real or personal property, and other assets that constitute the temporal goods belonging, by operation of Canon Law, to Catholic Health Ministries. No alienation, within the meaning of Canon Law, of property considered to be stable patrimony of Catholic Health Ministries shall occur without prior approval of Catholic Health Ministries.

ARTICLE V

Organization

The Corporation is a religious corporation, organized on a non-stock basis as a membership corporation. The Corporation's sole member is Trinity Health Corporation, an Indiana nonprofit corporation.

ARTICLE VI

Registered Office and Resident Agent

The address of the Corporation's registered office is c/o CT Corporation System, One Corporate Center, Hartford, CT 06103. The resident agent of the Corporation is CT Corporation System, One Corporate Center, Hartford, CT 06103. The address of the Corporation's registered office and/or name of the Corporation's resident agent may be changed from time to time by the Board of Directors of the Corporation.

ARTICLE VII

Membership

Trinity Health Corporation, an Indiana nonprofit corporation is the sole member of the Corporation. The Member shall be entitled to all rights and powers of a member under Connecticut law, this Certificate of Incorporation and the Bylaws of the Corporation. Certain rights and powers related to the Corporation are reserved to the Member under the Corporation's Governance Documents. Action by the Corporation shall not be taken or authorized until the Member shall have exercised its reserved powers in the manner provided in the Governance Documents. The following powers are reserved to the Member:

a) Adopt, amend, modify or restate the Certificate of Incorporation and Bylaws of the Corporation, in whole or in part, or if any such action is recommended by the Board of Directors of the Corporation, approve such action as recommended;

(b) Appoint and remove Directors of the Corporation, with or without cause, of if any such action is recommended by the Board of Directors of the Corporation, approve such action as recommended;

(c) Ratify the appointment and removal of the Chair of the Board of Directors of the Corporation;

(d) Appoint and remove the President of the Corporation;

(e) Approve the strategic plan of the Corporation to the extent required pursuant to the System Authority Matrix, which shall be consistent with the strategic plan of Trinity Health;

(f) Approve those Significant Finance Matters which pursuant to the System Authority Matrix are subject to the approval of Trinity Health;

(g) Approve the operating and capital budgets of the Corporation;

(h) Appoint and remove the independent fiscal auditor of the Corporation;

(i) Approve any merger, consolidation, transfer or relinquishment of membership rights, or the sale of all or substantially all of the operating assets of the Corporation (certain transactions and transfers of real property and immovable goods may also be subject to the approval of Catholic Health Ministries);

(j) Approve any dissolution, winding up or abandonment of operations, liquidation, filing of action in bankruptcy, receivership or similar action affecting the Corporation;

(k) Approve any formation or dissolution of Affiliates, partnerships, cosponsorships, joint membership arrangements, and other joint ventures involving the Corporation;

(l) Approve any pledge or encumbrance of assets whether pursuant to a sale, capital lease, mortgage, disposition, hypothecation, or other transaction in excess of limits established by Trinity Health (pledges or encumbrances of certain real property and immovable goods may be subject to approval by Catholic Health Ministries);

(m) Approve any change to the structure or operation of the Corporation which would affect its status as a nonprofit entity, exempt from taxation under Section 501(c) of the Internal Revenue Code;

(n) In recognition of the benefits accruing to the Corporation from Trinity Health, and in addition to any other rights reserved to Trinity Health under applicable law or Governance Documents of the Corporation, Trinity Health shall have the power to transfer assets of the Corporation, or to require the Corporation to transfer assets, to Trinity Health or an entity Controlled by, Controlling or under common Control with Trinity Health, whether within or without the state of domicile of the Corporation, to the extent necessary to accomplish Trinity Health's goals and objectives. The Corporation shall not be required to violate its charitable purposes, the terms of any restricted gifts, the covenants of its debt instruments, or the law of any applicable jurisdiction as a result of any asset transfers to be made to or directed by Trinity Health pursuant to this provision;

(o) Neither the Corporation, nor any of its Affiliates, shall transfer assets to entities other than to Trinity Health without the approval of Trinity Health, except for (i) transfers previously approved by Trinity Health, either individually or as part of Trinity Health's budget process, (ii) transfers to any entity which is a direct or indirect subsidiary of Trinity Health and that is subject to the reserved powers set forth in this Certificate, or (iii) transfers in the ordinary course of business; and

(p) Approve all other matters and take all other actions reserved to members of nonprofit corporations (or shareholders of for-profit corporations, as the case may be) by the state laws of the state in which the Corporation is domiciled or as reserved in the Governance Documents of the Corporation.

ARTICLE VIII

Indemnification

The Corporation shall, to the maximum extent allowed by law, indemnify those persons who are serving or have served as members, trustees, directors, officers, employees, committee members, or agents of the Corporation, and those who are serving or have served at the request of the Corporation as a director, officer, employee, committee member, or agent of another corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorney's fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred in connection with such action, suit, or proceeding.

ARTICLE IX

Dissolution

Subject to any approvals described in this Certificate of Incorporation or the Bylaws of the Corporation, upon the dissolution and final liquidation of the Corporation, all of its assets, after paying or making provision for payment of all its known debts, obligations and liabilities, and returning, transferring or conveying assets held by the Corporation conditional upon their return, transfer or conveyance upon dissolution of the Corporation, shall be distributed to the Member of this Corporation or its successor, so long as such distributee is an organization exempt from federal income tax by virtue of being an organization as described in Section 501(c)(3) of the Code. Any such assets not disposed of in accordance with the foregoing shall be distributed to Trinity Health Corporation, an Indiana nonprofit corporation or its successor, so long as such distributee is an organization exempt from federal income tax by virtue of being an organization as described in Section 501(c)(3) of the Code. Any assets not so disposed of in accordance with the foregoing shall be distributed to one or more corporations, trusts, funds or organizations which at the time appear in the Official Catholic Directory published annually by P.J. Kenedy & Sons or any successor publication, or are controlled by any such corporation, trust, fund or organization that so appears, and are exempt from federal income tax as organizations described in Section 501(c)(3) of the Code, as in the sole judgment of the Catholic Health Ministries have purposes most closely aligned to those of the Corporation, subject to any approvals described in this Certificate of Incorporation or the Bylaws of the Corporation and applicable law. Any assets not so disposed of shall be disposed of by a court of competent jurisdiction exclusively to one or more corporations, trusts, funds or other organizations as said court shall determine, which at the time are exempt from federal income tax as organizations described in Section 501(c)(3) of the Code and which are organized and operated exclusively for

such purposes. No private individual shall share in the distribution of any Corporation assets upon dissolution of the Corporation.

ARTICLE X

Effective Date of This Amended and Restated Certificate of Incorporation

This Amended and Restated Certificate of Incorporation is effective as of October 1, 2015.

Office of the Secretary of the State of Connecticut

I, the Connecticut Secretary of the State, and keeper of the seal thereof, DO HEREBY CERTIFY, that the certificate of incorporation of

TRANSFER AGREEMENT

This Transfer Agreement (this "**Agreement**"), dated as of September 18, 2015 (the "**Signature Date**"), is entered into by and among Saint Francis Care, Inc. ("**NE-RHM**"), a Connecticut non-stock corporation, Trinity Health Corporation, an Indiana nonprofit corporation ("**Trinity Health**"), and Saint Mary's Health System, Inc. ("**SMHS**") and Saint Mary's Hospital, Inc. ("**SMH**"), both Connecticut non-stock corporations (SMHS, SMH and their wholly owned or controlled subsidiaries, collectively, "**Saint Mary's**"). NE-RHM, Trinity Health and Saint Mary's are sometimes referred to herein individually as a "**Party**," and, collectively, as "**Parties**."

RECITALS

1. Saint Mary's is an integrated Catholic healthcare delivery system serving the greater Waterbury, Connecticut community and includes SMH, a 347-bed general acute hospital, and related healthcare facilities.

2. NE-RHM is a regional Catholic health care provider in Connecticut, which has entered into a Membership Transfer Agreement with Trinity Health with the intent that NE-RHM will operate the Regional Health Ministry for most of Trinity Health's operations in Connecticut and Massachusetts (the "**Regional Health Ministry**") after the date that transaction is completed ("**Saint Francis/Trinity Transfer Date**"). References in this Agreement to NE-RHM before the Saint Francis/Trinity Transfer Date refer to Saint Francis Care, Inc. as presently structured as a standalone regional provider. References to NE-RHM after the Saint Francis/Trinity Transfer Date refer to Saint Francis Care, Inc. restructured and renamed as the Trinity Health Regional Health Ministry for its operations in Massachusetts and Connecticut (the "**NE-RHM Service Area**").

3. Trinity Health is a multi-institutional Catholic healthcare system serving people and communities in 21 states, including Connecticut and Massachusetts.

4. Saint Mary's, NE-RHM and Trinity Health are each committed to the philosophy that healthcare services and programs should be offered in a quality setting with a commitment to the values of the Roman Catholic Church and that their facilities, services and programs, in the aggregate, should be operated on an efficient and financially sound basis so as to maintain their continued existence, viability and availability.

5. The Parties have determined that Saint Mary's would be an important part of Trinity Health's operations in the NE-RHM Service Area and as part of NE-RHM will help promote quality and cost effective health care services through a continuum of care to those served by NE-RHM.

6. The Parties believe that the contemplated transaction will bring together organizations with shared vision, values, philosophy and mission and strengthen the Catholic healthcare tradition in the NE-RHM Service Area.

7. In furtherance of their shared vision, values, mission and philosophy, the Parties wish to enter into a transaction whereby Saint Mary's will become part of the Regional Health Ministry.

8. To accomplish the affiliation, NE-RHM shall become the sole corporate member of SMHS and will serve as SMHS's parent. It is anticipated that SMHS will be dissolved, restructured or merged with and into SMH. NE-RHM will be the primary organization for future Trinity Health expansion in the NE-RHM Service Area.

9. Saint Mary's wishes to join the Regional Health Ministry, through which the Parties intend to:

a. improve the infrastructure and capabilities required to deliver value-based accountable care and improve population health in the NE-RHM Service Area;

b. enhance the quality of care provided in the NE-RHM Service Area, as well as improve the overall patient experience including with respect to, without limitation, safety and satisfaction;

c. reduce the costs of healthcare in the NE-RHM Service Area;

d. expand services in the NE-RHM Service Area through both strategic and organic growth, including pursuant to an ambulatory care strategy; and

e. support physician alignment capabilities and initiatives that foster physician engagement while maintaining an open medical staff.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

ARTICLE I
DEFINITIONS

The following terms have the meanings specified or referred to in this **Article I**:

"**Affiliate**" of a Person means any other Person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, such Person. The term "control" (including the terms "controlled by" and "under common control with") means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise. An "Affiliate" will not be considered to be an "ERISA Affiliate" unless it complies with the definition of an "ERISA Affiliate," as provided in **Section 6.22(c)** hereof.

"**Agreement**" has the meaning set forth in the preamble.

"**Amended and Restated Certificates of Incorporation of SMHS and SMH**" means the amended and restated certificates of incorporation contemplated by **Section 2.01**.

"**Amended and Restated Bylaws of SMH**" means the amended and restated bylaws contemplated by **Section 2.01**.

"**Applicable Exceptions**" means applicable bankruptcy, insolvency, reorganization, moratorium and similar Laws affecting creditors' rights generally, and subject, as to enforceability, to general principles of equity (regardless of whether enforcement is sought in a proceeding at law or in equity).

"**Balance Sheet**" has the meaning set forth in **Section 6.06**.

"**Balance Sheet Date**" has the meaning set forth in **Section 6.06**.

"**Capital Expenditures**" means, with respect to Saint Mary's and the Saint Mary's Controlled Subsidiaries, expenditures that are capitalized in accordance with GAAP, including, without limitation, the expenditures described in **Section 4.02**.

"**CERCLA**" means the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986, 42 U.S.C. §§ 9601 et seq.

"Certification of AFTAP" has the meaning set forth in **Section 6.22(c)**.

"**Church Plan**" has the meaning set forth in **Section 6.22(e).**

"**Closing**" has the meaning set forth in **Section 5.01**.

"**Closing Date**" has the meaning set forth in **Section 5.01**.

"**COBRA**" means the group health plan continuation coverage requirements of Part 6 of Subtitle B of Title I of ERISA and Section 4980B of the Code and of any similar state or local Law.

"**Code**" means the Internal Revenue Code of 1986, as amended.

"**Committed Capital**" has the meaning set forth in **Section 4.01**.

"**Confidentiality Agreement**" means confidentiality agreement entered into by the Parties on March 12, 2015 and amended on July 22, 2015.

"**Confidential Information**" has the meaning set forth in **Section 8.11(a).**

"**Contracts**" means all contracts, leases, deeds, mortgages, licenses, instruments, notes, commitments, undertakings, indentures, joint ventures and all other agreements, commitments and legally binding arrangements, whether written or oral.

"**CONs**" has the meaning set forth in **Section 8.04**.

"**Disclosing Party**" has the meaning set forth in **Section 8.11(a)**.

"**Disclosure Schedules**" means the Disclosure Schedules initially delivered by Saint Mary's, NE-RHM and Trinity Health concurrently with the execution and delivery of this Agreement and as updated through Closing Date.

"**Effective Date**" has the meaning set forth in **Section 5.01**.

"**Encumbrance**" means any lien, pledge, mortgage, deed of trust, security interest, charge, claim, easement, encroachment or other encumbrance.

"**Environmental Claim**" means any Governmental Order, action, suit, claim, investigation or other legal proceeding by any Person alleging liability of whatever kind or nature (including liability or responsibility for the costs of enforcement proceedings, investigations, cleanup, governmental response, removal or remediation, natural resources damages, property damages, personal injuries, medical monitoring, penalties, contribution, indemnification and injunctive relief) arising out of, based on or resulting from: (a) the presence, Release of, or exposure to, any Hazardous Materials; or (b) any actual or alleged non-compliance with any Environmental Law or term or condition of any Environmental Permit.

"**Environmental Law**" means any applicable Law, and any Governmental Order or binding agreement with any Governmental Authority: (a) relating to pollution (or the cleanup thereof) or the protection of natural resources, endangered or threatened species, human health, or the environment (including ambient air, soil, surface water or groundwater, or subsurface strata); or (b) concerning the presence of, exposure to, or the management, manufacture, use, containment, storage, recycling, reclamation, reuse, treatment, generation, discharge, transportation, processing, production, disposal or remediation of any Hazardous Materials. The term "**Environmental Law**" includes, without limitation, the following (including their implementing regulations and any state analogs): CERCLA; the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, as amended by the Hazardous and Solid Waste Amendments of 1984, 42 U.S.C. §§ 6901 et seq.; the Federal Water Pollution Control Act of 1972, as amended by the Clean Water Act of 1977, 33 U.S.C. §§ 1251 et seq.; the Toxic Substances Control Act of 1976, as amended, 15 U.S.C. §§ 2601 et seq.; the Emergency Planning and Community Right-to-Know Act of 1986, 42 U.S.C. §§ 11001 et seq.; and the Clean Air Act of 1966, as amended by the Clean Air Act Amendments of 1990, 42 U.S.C. §§ 7401 et seq.

"**Environmental Notice**" means any written directive, notice of violation or infraction, or notice respecting any Environmental Claim relating to actual or alleged non-compliance with any Environmental Law or any term or condition of any Environmental Permit.

"**Environmental Permit**" means any Permit required under or issued, granted, given, authorized by or made pursuant to Environmental Law.

"**ERISA**" means the Employee Retirement Income Security Act of 1974, as amended, and the regulations promulgated thereunder.

"**ERISA Affiliate**" has the meaning set forth in **Section 6.22(c)**.

"**Exempt Subsidiaries**" means those Saint Mary's Controlled Subsidiaries that are exempt from federal income taxation pursuant to Section 501(a) of the Code, as organizations described in Section 501(c)(3) of the Code, which are identified as such on **Exhibit A**.

"**Financial Statements**" has the meaning set forth in **Section 6.06**.

"**Foundation**" has the meaning set forth **in Section 3.09(b)**.

"**GAAP**" means United States generally accepted accounting principles in effect from time to time.

"**Government Programs**" has the meaning set forth in **Section 6.16(a)**.

"**Governmental Authority**" means any federal, state, local or foreign government or political subdivision thereof, or any agency or instrumentality of such government or political subdivision, or any self-regulated organization or other non-governmental regulatory authority or quasi-governmental authority (to the extent that the rules, regulations or orders of such organization or authority have the force of Law), or any arbitrator, court or tribunal of competent jurisdiction.

"**Governmental Order**" means any order, writ, judgment, injunction, decree, stipulation, determination or award entered by or with any Governmental Authority.

"**Hazardous Materials**" means: (a) any material, substance, chemical, waste, product, derivative, compound, mixture, solid, liquid, mineral or gas, in each case, whether naturally occurring or man-made, that is hazardous, acutely hazardous, toxic, or words of similar import or regulatory effect under Environmental Laws; and (b) any petroleum or petroleum-derived products, radon, radioactive materials or wastes, asbestos in any form, lead or lead-containing materials, urea formaldehyde foam insulation and polychlorinated biphenyls.

"**HIPAA**" means the Health Insurance Portability and Accountability Act of 1996 (Pub. Law 104-191), as amended from time to time.

"**HITECH**" means the Health Information Technology for Economic Clinical Health Act, Division A, Title XIII § 1301 et seq. of the American Recovery and Reinvestment Act of 2009, as amended from time to time.

"**HSR Act**" means the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended from time to time.

"**Interested Person**" has the meaning set forth in **Section 6.20(a)**.

"**IRS**" means the Internal Revenue Service.

"**Joint Ventures**" means Heart Center of Greater Waterbury, Inc. and Harold Leever Regional Cancer Center, Inc.

"**Knowledge**" or any other similar knowledge qualification with respect to Saint Mary's means (i) the actual knowledge of those persons listed in **Schedule 1A** of the Disclosure Schedules, which shall consist of their own recollections, information in their files, information in written or electronic communications to or from them and information attributable to them as a result of actions taken by them or (ii) information in the minutes of the boards of directors, executive committees, compliance committees or finance committees of Saint Mary's or the Saint Mary's Controlled Subsidiaries. Knowledge or any other similar knowledge qualification with respect to NE-RHM means (i) the actual knowledge of those persons listed in **Schedule 1B** of the Disclosure Schedules, which shall consist of their own recollections, information in their files, information in written or electronic communications to or from them and information attributable to them as a result of actions taken by them or (ii) information in the minutes of the boards of directors, executive committee, compliance committee or finance committee of NE-RHM. Knowledge or any other similar knowledge qualification with respect to Trinity Health means (i) the actual knowledge of those persons listed in **Schedule 1C** of the Disclosure Schedules, which shall consist of their own recollections, information in their files, information in written or electronic communications to or from them and information attributable to them as a result of actions taken by them or (ii) information in the minutes of the boards of directors, executive committee, compliance committee or finance committee of Trinity Health.

"**Law**" means any statute, law, ordinance, regulation, rule, code, order, constitution, treaty, common law, judgment, decree, other requirement or rule of law of any Governmental Authority.

"**Leased Real Property**" has the meaning set forth in **Section 6.12(b)**.

"**Material Adverse Effect**" means (a) as to NE-RHM, any event, occurrence, fact, condition or change that materially adversely impacts the ability of NE-RHM to perform its obligations under this Agreement or to consummate the transactions contemplated by this Agreement; (b) as to Trinity Health, any event, occurrence, fact, condition or change that materially adversely impacts the ability of Trinity Health to perform its obligations under this Agreement or to consummate the transactions contemplated by this Agreement; and (c) as to Saint Mary's, any event, occurrence, fact, condition or change that materially adversely impacts the business, results of operations, financial condition or assets of Saint Mary's, taken as a whole; provided, however, that as to Saint Mary's, "**Material Adverse Effect**" shall not include any event, occurrence, fact, condition or change, directly or indirectly, arising out of or attributable to: (i) general economic or political conditions in the United States or in the State of Connecticut; (ii) changes or conditions generally affecting the healthcare industry as a whole in the United States or in the State of Connecticut that are not unique to the operations of Saint Mary's, (iii) any action required or permitted by this Agreement or any action taken (or omitted to be taken) with the written consent of or at the written request of NE-RHM or Trinity Health, as the case may be; (iv) the acts or omissions of NE-RHM or Trinity Health, as the case may be, (v) any changes in applicable Laws or accounting rules (including GAAP) or the Ethical and Religious Directives described in **Section 3.06** below, or the enforcement, implementation or interpretation thereof; (vi) the announcement, pendency or completion of the transaction contemplated by this Agreement or any effect resulting from the announcement or pendency of the transaction contemplated by this Agreement; (viii) any natural or man-made disaster, acts of God, or acts of terrorism, sabotage, military action or war (whether or not declared) or any

escalation or worsening thereof; (ix) changes in the requirements, reimbursement rates, policies or procedures of third party payors, Governmental Authorities or accreditation commissions or organizations that are generally applicable to hospitals or healthcare facilities in the United States or the State of Connecticut; or (x) Saint Mary's failure to meet projections or revenue or earnings predictions for any period ending on or after the date hereof, provided, however, that this shall not prevent a determination that any change, event or effect underlying such a failure to meet projections or revenue or earnings predictions has resulted in a Material Adverse Effect (to the extent such a change, event or effect is not otherwise excluded from the definition of Material Adverse Effect).

"**Material Contracts**" has the meaning set forth in **Section 6.09(a)**.

"**Multiemployer Plan**" has the meaning set forth in **Section 6.22(d)**.

"**Multiple Employer Plan**" has the meaning set forth in **Section 6.22(d)**.

"NE-RHM" has the meaning set forth in the preamble.

"NE-RHM Controlled Subsidiary" means any Person that is controlled by NE-RHM. The term "control" is defined in the definition of "Saint Mary's Controlled Subsidiary", below.

"NE-RHM Providers" means Saint Francis Hospital and Medical Center, Mount Sinai Rehabilitation Hospital, Inc., Saint Francis Medical Group, Inc., Saint Francis Emergency Medical Group, Inc., Asylum Hill Family Medical Center, Inc., Collaborative Laboratory Services, LLC, MedWorks, LLC, Saint Francis Behavioral Group, P.C., and Saint Francis Care Medical Group, P.C.

"**NE-RHM Service Area**" has the meaning set forth in the preamble.

"**OHCA**" has the meaning set forth in **Section 8.04**.

"**Organizational Documents**" means (a) in the case of a Person that is a corporation, its articles or certificate of incorporation and its by-laws, regulations or similar governing instruments required by the laws of its jurisdiction of formation or organization; (b) in the case of a Person that is a partnership, its articles or certificate of partnership, formation or association, and its partnership agreement (in each case, limited, limited liability, general or otherwise); (c) in the case of a Person that is a limited liability company, its articles or certificate of formation or organization, and its limited liability company agreement or operating agreement; and (d) in the case of a Person that is none of a corporation, partnership (limited, limited liability, general or otherwise), limited liability company or natural person, its governing instruments as required or contemplated by the laws of its jurisdiction of organization.

"**Owned Real Property**" has the meaning set forth in **Section 6.12(a)**.

"**PBGC**" has the meaning set forth in **Section 6.22(a)**.

"**Plan**" has the meaning set forth in **Section 6.22(k)**.

"**Permits**" means all permits, licenses, franchises, approvals, authorizations and consents required to be obtained from Governmental Authorities.

"**Permitted Encumbrances**" has the meaning set forth in **Section 6.10(b)**.

"**Person**" means an individual, corporation, partnership, joint venture, limited liability company, Governmental Authority, unincorporated organization, trust, association or other entity.

"**Prohibited Transaction**" is defined in Sections 406 and 408 of ERISA and Section 4975 of the Code.

"**Potential Investment Opportunity**" has the meaning set forth in **Section 4.05**.

"**Real Property**" means, collectively, the Owned Real Property and the Leased Real Property.

"**Recipient**" has the meaning set forth in **Section 8.11(a)**.

"**Regional Health Ministry**" or "**RHM**" has the meaning set forth in the Recitals and in the Trinity Health Authority Matrix.

"**Release**" means any actual or threatened release, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, abandonment, or disposing into the environment (including, without limitation, ambient air, surface water, groundwater, land surface or subsurface strata).

"**Representative**" means, with respect to any Person, any and all directors, officers, employees, consultants, financial advisors, counsel, accountants and other agents of such Person.

"**Review Period**" has the meaning set forth in **Section 8.08(b)**.

"**Saint Francis/Trinity Transfer Date**" has the meaning set forth in the Recitals.

"**Saint Mary's**" has the meaning set forth in the preamble.

"**Saint Mary's Assets**" means all of the property and assets of Saint Mary's and each Saint Mary's Controlled Subsidiary of every kind, character or description, tangible or intangible, wherever located, and whether or not reflected on the Financial Statements.

"**Saint Mary's Benefit Plan**" has the meaning set forth in **Section 6.22(a)**.

"**Saint Mary's Controlled Subsidiary**" means any Person that is controlled by Saint Mary's. The term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of the Controlled Subsidiary, whether through the ownership of voting securities, by contract or otherwise. The Controlled Subsidiaries are identified on **Exhibit B**.

"**Saint Mary's Employees**" has the meaning set forth in **Section 8.06(a)**.

"**Saint Mary's Leases**" has the meaning set forth in **Section 6.12(b)**.

"**Saint Mary's Providers**" means Saint Mary's Hospital, Inc., Saint Mary's Physician Partners, LLC, Diagnostic Imaging of Southbury, LLC, Naugatuck Valley MRI, LLC, and Franklin Medical Group, P.C.

"**Saint Mary's Retirement Plan**" means the Pension Plan for Employees of St. Mary's Corporation, as revised and restated effective October 1, 1997 (which corporate name was changed to Saint Mary's Hospital, Inc.), and as subsequently amended.

"**Signature Date**" has the meaning set forth in the preamble.

"**SMH**" or "**Saint Mary's Hospital**" means Saint Mary's Hospital, Inc.

"**Survey**" has the meaning set forth in **Section 8.08(b)**.

"**Taxes**" means all federal, state, local, foreign and other income, gross receipts, sales, use, production, ad valorem, transfer, franchise, registration, profits, license, lease, service, service use, withholding, payroll, employment, unemployment, estimated, excise, severance, environmental, stamp, occupation, premium, property (real or personal), real property gains, windfall profits, customs, duties or other taxes, fees, assessments or charges of any kind whatsoever, together with any interest, additions or penalties with respect thereto and any interest in respect of such additions or penalties.

"**Tax Return**" means any return, declaration, report, claim for refund, information return or statement or other document required to be filed with respect to Taxes, including any schedule or attachment thereto, and including any amendment thereof.

"**Title Commitment**" has the meaning set forth in **Section 8.08(a)**.

"**Title Company**" has the meaning set forth in **Section 8.08(a)**.

"**Title Policy**" has the meaning set forth in **Section 8.08(a)**.

"**Transaction Documents**" means this Agreement and the other agreements, instruments and documents required to be delivered at the Closing.

"**Trinity Health**" has the meaning set forth in the preamble.

"Trinity Health Controlled Subsidiary" means any Person that is controlled by Trinity Health. The term "control" is defined in the definition of "**Saint Mary's Controlled Subsidiary**," above.

"**Trinity Health System Authority Matrix**" means the description of governance and management responsibilities of Trinity Health and its subsidiaries, as such may be amended from time to time, the current copy of which is attached as **Exhibit C**, which describes the delegated authority from the Catholic Health Ministries and the Trinity Health Board of Directors to the governance and management of subsidiaries, including the RHM.

"Withdrawal Liability" has the meaning set forth in **Section 6.22(d)**.

ARTICLE II
TRANSFER

Section 2.01 Admission of NE-RHM as the Sole Member of SMHS; Restated Governance Documents of SMHS and SMH. As of the Effective Date, and subject to the terms and conditions set forth in this Agreement, SMHS and SMH will be merged or other action will be taken so that NE-RHM shall be admitted as the sole corporate member of SMH; in the alternative, at Trinity Health's option, NE-RHM will be admitted as the sole corporate member of SMHS and as soon as reasonable after the Effective Date, SMHS and SMH will be merged or other action will be taken so that SMH is a direct subsidiary of NE-RHM. The Certificates of Incorporation and Bylaws of SMH (and, if applicable, SMHS) will be restated in the form attached as **Exhibit D.** The initial members of the SMH Board will be identified by the Parties prior to the Closing Date and will be listed on **Schedule 2.01** to this Agreement. At Trinity Health's option, the Saint Mary's Controlled Subsidiaries will duly approve the adoption of amended and restated Organizational Documents, either as of or following the Effective Date, to reflect the admission of NE-RHM as the sole corporate member of SMH. As of the Effective Date, and except as mutually agreed to by the Parties in writing, and except as provided in the attached Disclosure Schedule with respect to the liability owed by SMH to Saint Mary's Retirement Plan all assets and properties of Saint Mary's shall remain as assets and properties of Saint Mary's and all outstanding liabilities of Saint Mary's shall remain as liabilities of Saint Mary's.

Section 2.02 Church Plan Exemption Under the Code and Under ERISA; SMH or SMHS Bankruptcy. In the event that the Church Plan Exemption from ERISA and the Code is determined for any reason to not be available to SMH by a court of competent authority, by settlement agreement of the parties, or by other legally enforceable means, or in the event that following the Effective Date, SMH, SMHS, or NE-RHM becomes subject to a voluntary federal bankruptcy proceeding involving SMH, SMHS, or NE-RHM as the debtor, then all financial and other legally enforceable obligations owed by SMH to the Saint Mary's Retirement Plan shall be assumed by Trinity Health. The parties recognize, acknowledge and agree that such assumption shall not require any payment or any other consideration to be provided by SMH to Trinity Health.

ARTICLE III
GOVERNANCE AND OPERATIONS OF THE NE- RHM; ADDITIONAL POST-EFFECTIVE DATE COVENANTS

Section 3.01 Governance. As of and following the Effective Date SMHS will be sponsored by Catholic Health Ministries, the public juridic person of pontifical right that sponsors Trinity Health, and will be guided by Trinity Health's mission and core values. Upon adoption of the Amended and Restated Certificate of Incorporation and Bylaws of SMHS, SMHS shall be part of NE-RHM's governance and management structure, consistent with the role of other components of NE-RHM.

Section 3.02 NE-RHM Board of Directors. As of the Effective Date, two members of the NE-RHM board will be appointed to the NE-RHM board by Trinity Health for a term of three years (the "Saint Mary's Members"). The Saint Mary's Members will be included on the NE-RHM board as community members. The Saint Mary's Members will be eligible for reappointment to the NE-RHM board in the same manner as other NE-RHM board members. The Saint Mary's Members will be identified by the Parties prior to the Closing Date and will be listed on **Schedule 3.02** to this Agreement.

Section 3.03 Other Appointments. A person designated by Saint Mary's will be appointed as one of the NE-RHM appointees to the TotalHealth, L.L.C ("TotalHealth") Board of Directors, consistent with the Organizational Documents of TotalHealth.

Section 3.04 President and CEO of Saint Mary's. Following the Effective Date, Chad W. Wable will continue to serve as the President and Chief Executive Officer of Saint Mary's, and will also have a substantial and meaningful regional oversight/governing role in the Regional Health Ministry (along with continued oversight of SMH). Mr. Wable's specific role with NE-RHM will be agreed to by the President and CEO of NE-RHM, Trinity and Mr. Wable and memorialized in an employment agreement prior to the Closing (the "Wable Employment Agreement").

Section 3.05 Name and Branding. Following the Effective Date, no changes to the names, trade names, and brands of the Saint Mary's Controlled Subsidiaries will take place without first consulting with the local boards, as applicable. Any future name, trade name, or branding changes for the Saint Mary's Controlled Subsidiaries will be determined and implemented in a manner that is consistent with Trinity Health branding policies that best preserve the current name, trade name and brand recognition while furthering the branding strategy of the Regional Health Ministry.

Section 3.06 Catholic Identity. Saint Mary's will continue its Catholic identity following the Effective Date and will be operated in a manner consistent with the Ethical and Religious Directives for Catholic Health Care Services as promulgated by the United States Conference of Catholic Bishops. A chapel and all existing religious artifacts will be maintained at SMH.

Section 3.07 Operational Commitments. For a period of at least three (3) years following the Effective Date, SMH will not be closed, sold, transferred, "spun-off" or otherwise divested by NE-RHM ("SMH Divestiture"). During such three (3) year period, the SMHS board (or the board of the surviving corporation following consolidation of SMHS and SMH) must approve any termination or material reduction of an existing clinical service; however, the parties recognize that continuation of any clinical service shall take into account (i) evolving community needs, (ii) healthcare reform initiatives, opportunities and mandates, (iii) financial viability, and (iv) applicable Law. In addition, SMH will have access to the clinical resources and services, including physician professional services, of the Regional Health Ministry for medical and surgical specialties needed to meet the needs of the community served by SMH. Specifically, NE-RHM would, at a minimum, work with SMH to grow and develop the following services: cardiovascular services, including cardiothoracic surgery, interventional cardiology and other

aspects of cardiac diagnostic and therapeutic services; orthopedic services, including, but not limited to, major joint replacement services; and all aspects of oncology services.

Section 3.08 Medical Staff. Following the Effective Date, the medical staff, admitting privileges and medical staff bylaws of SMH will remain in place unless amended or changed in accordance with the medical staff bylaws of SMH.

Section 3.09 Community Benefit.

(a) Following the Effective Date, Saint Mary's will continue to operate for the benefit of the community and serve the poor and underserved. Trinity Health and NE-RHM intend to preserve Saint Mary's' longstanding and unwavering commitment to improving the health of those in the communities it serves. Additionally, and to the extent consistent with the changing needs of the communities served, the changing environment in which healthcare is provided, applicable Law, and Trinity Health and NE-RHM policies and practices, Saint Mary's will continue, either directly or through its subsidiaries: (i) offering medical education residency and fellowship programs, (ii) supporting wellness, health education and other community programs consistent with Saint Mary's' past policies and practices, (iii) participating in medical research programs and innovation activities, (iv) participating in governmental healthcare programs, (v) identifying community needs in the community and potential clinical improvements or enhancements, and (vi) supporting and enhancing education and community programs.

(b) Following the Effective Date, Saint Mary's Hospital Foundation, Inc. (the "**Foundation**") will continue to be a separately endowed foundation that supports Saint Mary's and the other Saint Mary's Controlled Subsidiaries. NE-RHM will consider regional fundraising opportunities and the role of the Foundation in connection with those activities. Saint Mary's will continue to comply with any donor restrictions applicable to charitable remainder trusts, donor restricted endowment funds, and other funds heretofore or hereafter donated to the Foundation.

Section 3.10 Participation in NE-RHM and Trinity Health Services and Initiatives.

(a) As part of the Regional Health Ministry, as soon as practicable after the Effective Date, Saint Mary's, through NE-RHM, will participate in Trinity Health services and initiatives (*e.g.*, financing, professional liability and other insurances, retirement and benefit programs, information technology, supply chain, cash management, compliance, and clinical quality initiatives, etc.) in the same manner as other NE-RHM members.

(b) NE-RHM will be charged standard Trinity Health system overhead and system services allocations to which other RHMs/RHM subsidiaries are subject. NE-RHM will, in turn, allocate those amounts to Saint Mary's and other entities within NE-RHM. Notwithstanding the foregoing, if the Effective Date occurs within one (1) year after the Saint Francis/Trinity Transfer Date, Saint Mary's, as part of NE-RHM, will not be charged standard Trinity Health system overhead until the first anniversary of the Saint Francis/Trinity Transfer Date.

Section 3.11 Debt and Long-Term Liabilities.

(a) Within one (1) year of the Effective Date, Trinity Health will develop a plan to address the third party debt of Saint Mary's and, to the extent possible, restructure the debt into

the Trinity Health system debt program and intercompany loan program. The Saint Mary's third party debt will remain on the balance sheet of Saint Mary's, but, to the extent possible, it will be replaced with intercompany debt to Trinity Health, provided that the terms of the existing debt and current rates of interest make that advisable. Intercompany loans from Trinity Health will be made to NE-RHM and allocated to Saint Mary's by NE-RHM. To the extent that any current Saint Mary's third party debt cannot be restructured into the Trinity Health system debt program, Trinity Health will exercise reasonable best efforts to ensure that such third party debt is paid by Saint Mary's.

(b) Additionally, within one year of the Effective Date, Trinity Health and Saint Mary's will agree on a plan to fully fund the Saint Mary's Retirement Plan. Upon a SMH Divestiture or other form of reorganization under which SMH is no longer an ERISA Affiliate of Trinity Health, the financial and other legal obligations owed to Saint Mary's Retirement Plan will either be assumed by the buyer/new parent or other transferee of SMH, fully funded by Trinity and/or NE-RHM, or retained by Trinity or NE-RHM (with any decision to fully fund or retain the Saint Mary's Retirement Plan's financial and other legal obligations of SMH to remain with Trinity Health in the sole discretion of Trinity/NE-RHM). If at any time SMH is unable to meet such Saint Mary's Retirement Plan's financial and other legal obligations through its operating cash flows and available funds, Trinity Health will allow NE-RHM to borrow any shortfall from the intercompany loan program in order to assure the payment of SMH's plan benefits to all participants, and so as to assure the payment by SMH of all required pension plan contributions to be paid by SMH to the Saint Mary's Retirement Plan in each future year.

(c) The Parties agree that the assets of the Foundation will not be a funding source for SMH's financial and other legal obligations owed to the Saint Mary's Retirement Plan or the Committed Capital, as defined in Section 4.01 below.

ARTICLE IV
CAPITAL COMMITMENT

Section 4.01 Capital Commitment. During the five (5) year period following the Effective Date, Trinity Health and NE-RHM will commit to spend aggregate Capital Expenditures in an amount no less than One Hundred Twenty Million dollars ($120,000,000), subject to achievement of the performance metrics described below in years four (4) and five (5), to support the operations of Saint Mary's and Saint Mary's Controlled Subsidiaries (the "Committed Capital"). The Committed Capital will be as follows:

(a) In the five (5) years following the Effective Date, One Hundred Million Dollars ($100,000,000) will be available to Saint Mary's for Capital Expenditures;

(b) In the fourth (4th) year following the Effective Date, if Saint Mary's obtains an operating cash flow margin of at least eight percent (8.0%) ("Target Margin") in the prior year, as determined by NE-RHM, an additional Ten Million dollars ($10,000,000) of Committed Capital will be available to Saint Mary's;

(c) In the fifth (5th) year following the Effective Date, if Saint Mary's obtains the Target Margin in the prior year, as determined by NE-RHM, an additional Ten Million dollars ($10,000,000) of Committed Capital will be available to SMHS;

(d) If the Target Margin is not met by Saint Mary's, the capital needs will be evaluated jointly by Trinity Health/NE-RHM and Saint Mary's subject to Trinity Health's standard capital allocation process.

Among the sources of the Committed Capital are: (i) available cash and investments generated by Saint Mary's, provided, however, any utilization of such cash and investments will be done in a manner that ensures Saint Mary's continued compliance with any applicable bond or loan covenants; (ii) financing obtained through the Trinity Health system debt program; and (iii) to the extent necessary, capital contributions from Trinity Health. Committed Capital shall be in addition to any funds the Foundation may make available to Saint Mary's for Capital Expenditures. The Saint Mary's capital plan will be approved by NE-RHM and presented to Trinity Health as required by Trinity Health's capital approval procedures. The Capital Expenditure allocation and approval process will not lower the amount of the Committed Capital or reduce Trinity Health's and NE-RHM's obligation to ensure the Committed Capital is spent during the five (5) year period.

Section 4.02 Use of the Committed Capital. The Committed Capital will be made available to support the capital needs of Saint Mary's and the other Saint Mary's Controlled Subsidiaries including strategic growth and infrastructure development for Saint Mary's integrated delivery system, to expand and upgrade the health care services provided by Saint Mary's, and to support Saint Mary's community health/population management initiatives as well as strategic growth including mergers, acquisitions, joint ventures and physician network development. Specific Capital Expenditures funded by the Committed Capital and the timing of such expenditures will be subject to (i) **Section 4.01**, (ii) Trinity Health system processes, and (iii) review and approval of the strategic plan and capital budgets of NE-RHM, including system management and governance approvals as set forth in the Trinity Health System Authority Matrix. The Parties agree that cash used to fund the Saint Mary's Retirement Plan will not be counted towards nor deducted from the Committed Capital.

Section 4.03 Obligation to Repay Loans. Loans extended through the Trinity Health system debt program and intercompany loan program to NE-RHM and allocated to Saint Mary's, whether for capital (including the Committed Capital) or otherwise, are required to be repaid consistent with the terms of such program.

Section 4.04 Additional Capital Needs. The Parties anticipate that Saint Mary's also may propose large-scale, strategic merger and acquisition opportunities for which capital needs exceed the Committed Capital. Such opportunities will be brought by Saint Mary's to NE-RHM and, if NE-RHM deems it appropriate, such opportunities will be evaluated jointly by NE-RHM and Trinity Health in connection with Trinity Health's standard capital allocation process in order to determine whether such opportunities will be supported by additional capital from Trinity Health in addition to the Committed Capital.

ARTICLE V
CLOSING

Section 5.01 Closing. Subject to the terms and conditions of this Agreement, the consummation of the transaction contemplated by this Agreement (the "**Closing**") shall take place on the last day of the month immediately after all of the conditions to Closing set forth in **Article IX** are either satisfied or waived (other than conditions which, by their nature, are to be satisfied on the Closing Date), or such other date to which the Parties mutually agree upon in writing. The date on which the Closing is to occur is herein referred to as the "**Closing Date**" and the Closing shall be effective as of 12:00:01 AM on the first day of the month immediately following the Closing Date (the "**Effective Date**").

Section 5.02 Closing Deliverables.

(a) At or prior to Closing, Saint Mary's shall deliver or cause to be delivered to NE-RHM the following:

(i) [Reserved];

(ii) the Amended and Restated Certificates of Incorporation of SMHS and SMH, duly filed with the Secretary of State of Connecticut to be effective as of the Effective Date, and the Amended and Restated Bylaws of SMHS and SMH effective as of the Effective Date, pursuant to which, among other things, NE-RHM will be designated as the sole member of SMHS and the holder of specified reserved powers;

(iii) the amended and restated Organizational Documents of the Saint Mary's Controlled Subsidiaries effective as of the Effective Date, with such applicable Organizational Documents duly filed with the Secretary of State of Connecticut or such other Governmental Authority as is necessary to give them effect under applicable Law;

(iv) certified copies of the resolutions of the Boards of Directors of SMHS and SMH authorizing and approving the execution of this Agreement and the transaction contemplated hereby;

(v) evidence of the approval of the Archbishop of Hartford required in connection with the execution of this Agreement and the transaction contemplated hereby in a form reasonably acceptable to Trinity Health;

(vi) documents, instruments, affidavits, indemnifications and undertakings required by the Title Company to issue the Title Policies;

(vii) Title Polic(ies) covering the Owned Real Property in accordance with **Section 8.08** in a form and substance satisfactory to NE-RHM and Trinity Health;

(viii) a list of the officers and directors of SMHS and SMH as of the Closing Date certified by an appropriate officer of Saint Mary's, as applicable;

(ix) written resignations, effective as of the Effective Date, of the officers and directors of SMHS and SMH;

(x) evidence of all church and canonical approvals required in connection with the alienation of property arising from the transactions; and

(xi) such other customary instruments of transfer, assumption, filings or documents, in form and substance reasonably satisfactory to Trinity Health and NE-RHM, as may be required to give effect to this Agreement.

(b) At the Closing, NE-RHM shall deliver to Saint Mary's the following:

(i) documents, instruments, affidavits, indemnifications and undertakings, if any, required by the Title Company to issue the Title Policies;

(ii) certified copies of resolutions of NE-RHM's governing body authorizing and approving the execution of this Agreement and the transaction contemplated hereby; and

(iii) such other customary instruments of transfer, assumption, filings or documents, in form and substance reasonably satisfactory to Saint Mary's, as may be required to give effect to this Agreement.

(c) At the Closing, Trinity Health shall deliver to Saint Mary's the following:

(i) certified copies of any resolutions of Trinity Health's governing body authorizing and approving the execution of this Agreement and the transaction contemplated hereby which are required under the Trinity Health System Authority Matrix; and

(ii) such other customary instruments of transfer, assumption, filings or documents, in form and substance reasonably satisfactory to Saint Mary's, as may be required to give effect to this Agreement.

ARTICLE VI
REPRESENTATIONS AND WARRANTIES OF SAINT MARY'S

Except as set forth in the Disclosure Schedules or as otherwise set forth below, Saint Mary's represents and warrants to NE-RHM and Trinity Health that the statements contained in this **Article VI** are true and correct as of the Signature Date and will be true and correct as of the Closing Date subject to any updates in the Disclosure Schedules delivered by Saint Mary's prior to the Closing Date.

Section 6.01 Organization and Corporate Authority.

(a) Each of SMHS and SMH is a non-stock corporation, duly organized and validly existing in good standing under the laws of the State of Connecticut. Each of SMHS and SMH has all requisite corporate power and corporate authority to enter into this Agreement and the other Transaction Documents to which it will be a Party and to perform its obligations hereunder and thereunder.

(b) Each Saint Mary's Controlled Subsidiary is duly organized and validly existing in good standing under the laws of its state of organization and has the requisite power and authority to own, lease, and operate the assets used in the conduct of its business and to carry on its business as it is now being conducted.

Section 6.02 Tax-Exempt Status. Each of SMHS and SMH and each Exempt Subsidiary is exempt from federal income taxation pursuant to Section 501(a) of the Code, as an organization described in Section 501(c)(3) of the Code, and is not a "private foundation" as defined in Section 509(a) of the Code, in each case as evidenced either by a determination letter from the IRS or a listing in the Official Catholic Directory. Neither SMHS nor SMH nor any Exempt Subsidiary has within the past three (3) most recent fiscal years received any written correspondence or notice from any taxing authority that any of its exemptions from Tax (including specifically, under Section 501(a) of the Code by virtue of being an organization described in Section 501(c)(3) of the Code and for real, personal and sales tax liability in the jurisdiction in which the organization is located) have been or may be revoked, modified or under consideration or review. Neither SMHS nor SMH nor any Exempt Subsidiary has taken any action that may cause it to lose its exemption from taxation under Section 501(a) of the Code.

Section 6.03 Authorization and Enforceability of this Agreement. The execution, delivery and performance of this Agreement by Saint Mary's (including the execution, delivery and performance of any Transaction Document to which it will be a party) has been duly authorized by all necessary corporate action. This Agreement has been duly executed and delivered by Saint Mary's and constitutes a valid and legally binding obligation of Saint Mary's, enforceable against Saint Mary's in accordance with its terms, subject to Applicable Exceptions.

Section 6.04 No Conflicts; Consents. The execution, delivery and performance by Saint Mary's of this Agreement and the other Transaction Documents to which it is a party, and the consummation of the transaction contemplated hereby and thereby, do not and will not: (a) conflict with or result in a violation or breach of, or default under, any provision of the certificate of incorporation, bylaws or other Organizational Documents of Saint Mary's and the Saint Mary's Controlled Subsidiaries; (b) except as set forth in **Schedule 6.04**, conflict with or result in a violation or breach of any provision of any Law or Governmental Order applicable to Saint Mary's or the Saint Mary's Controlled Subsidiaries; (c) except as set forth in **Schedule 6.04**, (i) require the consent, notice to or other action by any Person under, (ii) conflict with, (iii) result in a violation or breach of, (iv) constitute a default or an event that, with or without notice or lapse of time or both, would constitute a default under, (v) result in the acceleration of or create in any party the right to accelerate, terminate, modify or cancel any Contract or Permit to which Saint Mary's or a Saint Mary's Controlled Subsidiary is a party or by which Saint Mary's or a Saint Mary's Controlled Subsidiary, or to which any of the Saint Mary's Assets are subject; or (d) result in the creation or imposition of any Encumbrance other than Permitted Encumbrances on the Saint Mary's Assets, except in the case of clauses (b), (c), and (d), where the violation, breach, conflict, default, acceleration, failure to give notice, or Encumbrance would not have a Material Adverse Effect with respect to Saint Mary's. No consent, approval, Permit, Governmental Order, declaration or filing with, or notice to, any Governmental Authority is required by or with respect to Saint Mary's or the Saint Mary's Controlled Subsidiaries in connection with the execution and delivery of this Agreement or any of the other Transaction

Documents and the consummation of the transaction contemplated hereby and thereby, except for such matters as are set forth in **Schedule 6.04** and such consents, approvals, Permits, Governmental Orders, declarations, filings or notices which would not have a Material Adverse Effect with respect to Saint Mary's.

Section 6.05 Saint Mary's Subsidiaries. The organizational chart attached as **Schedule 6.05** is an accurate and complete description of the ownership structure of Saint Mary's and the Saint Mary's Controlled Subsidiaries and the respective ownership interests of Saint Mary's and the Saint Mary's Controlled Subsidiaries in other Persons. Except as depicted on **Schedule 6.05**, neither Saint Mary's nor the Saint Mary's Controlled Subsidiaries have any ownership interests in any Person (other than shares of publicly traded securities or similar non-controlling interests held solely for investment purposes). The interest held by Saint Mary's and the Saint Mary's Controlled Subsidiaries in any Person was acquired in compliance with applicable Law.

Section 6.06 Financial Statements. Copies of the audited financial statements for Saint Mary's and each Saint Mary's Controlled Subsidiary as of September 30, for each of the years 2012, 2013, and 2014, and unaudited financial statements for each of the subsequent months available through the Signing Date (collectively the "**Financial Statements**"), have been made available to NE-RHM and Trinity Health. The Financial Statements have been prepared in accordance with GAAP applied on a consistent basis throughout the period involved. The Financial Statements fairly present in all material respects the financial condition of Saint Mary's and each Saint Mary's Controlled Subsidiary as of the respective dates they were prepared and the results of the operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries for the periods indicated, subject to year-end adjustments in the case of the Financial Statements as of and for the period ending June 30, 2015. The balance sheets of Saint Mary's and each Saint Mary's Controlled Subsidiary as of June 30, 2015, are referred to herein, collectively, as the "**Balance Sheet**" and the date thereof as the "**Balance Sheet Date**."

Section 6.07 Undisclosed Liabilities. Except as set forth in **Schedule 6.07**, neither Saint Mary's nor any Saint Mary's Controlled Subsidiaries has any liabilities, obligations or commitments of any nature whatsoever, asserted or unasserted, known or unknown, absolute or contingent, accrued or unaccrued, matured or unmatured or otherwise, except (a) those which are adequately reflected or reserved against in the Balance Sheet as of the Balance Sheet Date and those existing on the Balance Sheet Date which are not, individually or in the aggregate, material in amount, and (b) those which have been incurred in the ordinary course of business since the Balance Sheet Date and which are not, individually or in the aggregate, material in amount.

Section 6.08 Absence of Certain Changes, Events and Conditions. Except as set forth in **Schedule 6.08** of the Disclosure Schedules, from the Balance Sheet Date until the Signature Date, Saint Mary's and each Saint Mary's Controlled Subsidiary have been operated in the ordinary course in all material respects and there has not been any:

(a) event, occurrence or development that has had, or could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect;

(b) amendment of the Organizational Documents of Saint Mary's or any Saint Mary's Controlled Subsidiary;

(c) issuance, sale or other disposition of, or creation of any Encumbrance on, any interests in any Saint Mary's Controlled Subsidiary, or grant of any options, warrants or other rights to purchase or obtain (including upon conversion, exchange or exercise) any interests in a Saint Mary's Controlled Subsidiary;

(d) material change in any method of accounting or accounting practice of Saint Mary's and the Saint Mary's Controlled Subsidiaries, except as required by GAAP;

(e) material change in the Saint Mary's Insurance Policies;

(f) failure to report to any insurance carrier any incidents, acts, errors or omissions that are covered by insurance, involve liability beyond any applicable deductibles, and relate to any patient services, visitors, or employees of any Saint Mary's Controlled Subsidiary;

(g) reservation of rights or denial letters received by Saint Mary's or Saint Mary's Controlled Subsidiary from any insurance carrier with respect to any claim in excess of $100,000;

(h) incurrence, assumption or guarantee of any indebtedness for borrowed money in excess of $100,000 except unsecured current obligations and liabilities incurred in the ordinary course of business;

(i) transfer, assignment, sale or other disposition of any of the assets shown or reflected in the Balance Sheet with a book value greater than $100,000 or cancellation of any debts or entitlements other than in the ordinary course of business;

(j) material damage, destruction or loss (not covered by insurance) to any Saint Mary's Asset in an amount which exceeds $100,000;

(k) any Capital Expenditure, capital investment in, or any loan to, any other Person not disclosed or reserved for in the Financial Statements by Saint Mary's or a Saint Mary's Controlled Subsidiary except in accordance with an approved capital budget or in the ordinary course of business;

(l) acceleration, termination, or cancellation of any Material Contract to which Saint Mary's or a Saint Mary's Controlled Subsidiary is a party by reason of default by Saint Mary's or such Saint Mary's Controlled Subsidiary;

(m) except for Permitted Encumbrances, imposition of any Encumbrance securing indebtedness in excess of $100,000 upon any of the Saint Mary's Assets;

(n) increase in the compensation or bonus paid or payable or in the benefits provided to any employees of Saint Mary's or a Saint Mary's Controlled Subsidiary other than increases made in the ordinary course of business (including those under existing labor agreements), grant to any employee of Saint Mary's or a Saint Mary's Controlled Subsidiary of any increase in severance or termination pay or any right to receive any severance or termination pay, or the adoption, amendment or termination of any Saint Mary's Benefit Plans, except in the ordinary course of business or to the extent required by applicable Law;

(o) adoption of any plan of merger, consolidation, reorganization, liquidation or dissolution or filing of a petition in bankruptcy under any provisions of federal or state bankruptcy Law or consent to the filing of any bankruptcy petition against it under any similar Law by Saint Mary's or a Saint Mary's Controlled Subsidiary;

(p) purchase, lease or other acquisition of the right to own, use or lease any property or assets for an amount in excess of $100,000, individually (in the case of a lease, per annum) or $1,000,000 in the aggregate (in the case of a lease, for the entire term of the lease, not including any option term) by Saint Mary's or a Saint Mary's Controlled Subsidiary, except for purchases in accordance with an approved capital budget or in the ordinary course of business;

(q) acquisition by merger or consolidation with, or by purchase of a substantial portion of the assets, stock or other equity of, or by any other manner, any business or any Person by Saint Mary's or a Saint Mary's Controlled Subsidiary; or

(r) any Contract to do any of the foregoing, or any action or omission that would result in any of the foregoing other than this Agreement.

Section 6.09 Material Contracts.

(a) **Schedule 6.09** of the Disclosure Schedules lists each of the following Contracts of Saint Mary's and the Saint Mary's Controlled Subsidiaries (together with the Contracts described in **Section 6.09(b)** below, the "**Material Contracts**"):

(i) each Contract involving aggregate consideration in excess of $100,000;

(ii) all Contracts that relate to the acquisition of any business, a material amount of equity or assets of any other Person or any real property (whether by merger, sale of stock or equity, sale of assets or otherwise), in each case involving amounts in excess of $100,000;

(iii) all Contracts with any Governmental Authority;

(iv) any Contracts to which Saint Mary's or a Saint Mary's Controlled Subsidiary is a party that provide for any joint venture, partnership or similar arrangement;

(v) all Contracts between or among Saint Mary's on the one hand and any Affiliate of Saint Mary's on the other hand;

(vi) all collective bargaining agreements or Contracts with any a union, works council or labor organization to which Saint Mary's or a Saint Mary's Controlled Subsidiary is a party; and

(vii) except for agreements relating to trade receivables, all Contracts relating to indebtedness (including, without limitation, guarantees), in each case having an outstanding principal amount in excess of $100,000.

(b) Saint Mary's has provided to Trinity Health the following Contracts of Saint Mary's and the Saint Mary's Controlled Subsidiaries:

(i) any agreements between Saint Mary's or a Saint Mary's Controlled Subsidiary and any physician or physician-owned entity or medical group practice;

(ii) any managed care agreements;

(iii) any agreements between Saint Mary's or a Saint Mary's Controlled Subsidiary and any Person who is an officer, director or employee of Saint Mary's or a Saint Mary's Controlled Subsidiary; and

(iv) all Contracts that limit or purport to limit the ability of Saint Mary's or a Saint Mary's Controlled Subsidiary to compete in any line of business or with any Person or in any geographic area or during any period of time.

(c) Except as set forth in **Schedule 6.09(c),** and except to the extent that the inaccuracy of any of the following statements would not have a Material Adverse Effect with respect to Saint Mary's: (i) each Material Contract is valid and binding on Saint Mary's or a Saint Mary's Controlled Subsidiary, as applicable, in accordance with its terms and is in full force and effect; (ii) to the Knowledge of Saint Mary's, no party is in breach of or default under (or is alleged to be in breach of or default under), or has provided or received any notice of any intention to terminate, any Material Contract; and (iii) no event or circumstance has occurred that, with notice or lapse of time or both, would constitute an event of default under any Material Contract or result in a termination thereof or would cause or permit the acceleration or other changes of any right or obligation or the loss of any benefit thereunder. Complete and correct copies of each Material Contract (including all modifications, amendments and supplements thereto and waivers thereunder) have been made available to Trinity Health.

(d) Saint Mary's has made copies of all of the Material Contracts available to Trinity Health and NE-RHM through the MediTract on-line database.

Section 6.10 Title to Saint Mary's Assets.

(a) Either Saint Mary's or a Saint Mary's Controlled Subsidiary has good and valid title to, or a valid leasehold interest in, the Saint Mary's Assets, except for such imperfections as would not result in a Material Adverse Effect with respect to Saint Mary's. All of the Saint Mary's Assets (including leasehold interests) are free and clear of Encumbrances except for Permitted Encumbrances. All of the material tangible Saint Mary's Assets, whether owned or leased, are in the possession or control of Saint Mary's or a Saint Mary's Controlled Subsidiary.

(b) For the purposes of this Agreement, "**Permitted Encumbrances**" means the following:

(i) those items set forth in **Schedule 6.10**;

(ii) liens for Taxes not yet due and payable or which are being diligently contested in good faith, by appropriate proceedings or other appropriate actions which are sufficient to prevent imminent foreclosure of such liens and with respect to which adequate reserves or other appropriate provisions are being maintained by Saint Mary's;

(iii) rights of way, zoning ordinances and other encumbrances affecting the Owned Real Property which do not, individually or in the aggregate, materially adversely affect the operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries, or prohibit or interfere with the current operation of any Owned Real Property, or adversely affect title or the marketability of any Owned Real Property and which are otherwise acceptable to Trinity Health in its commercially reasonable judgment;

(iv) other than with respect to Owned Real Property, liens arising under original purchase price conditional sales contracts and equipment leases with third parties entered into in the ordinary course of business which are not, individually or in the aggregate, material to the operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries;

(v) statutory liens of landlords and liens of carriers, warehousemen, bailees, mechanics, materialmen and other like liens imposed by law, created in the ordinary course of business and for amounts not yet due (or which are being contested in good faith, by appropriate proceedings or other appropriate actions which are sufficient to prevent imminent foreclosure of such liens) and with respect to which adequate reserves or other appropriate provisions are being maintained by Saint Mary's; and

(vi) pledges or deposits made (and the liens thereon) in the ordinary course of business of Saint Mary's (including, without limitation, security deposits for leases, indemnity bonds, surety bonds and appeal bonds) in connection with workers' compensation, unemployment insurance and other types of social security benefits and deposits securing liability to insurance carriers under insurance or self-insurance arrangements or to secure the performance of tenders, bids, contracts (other than for the repayment or guarantee of borrowed money or purchase money obligations), statutory obligations and other similar obligations.

Section 6.11 Condition and Sufficiency of the Saint Mary's Assets. Subject to ordinary wear and tear and matters contemplated in Saint Mary's capital replacement plans adopted in the ordinary course of business from time to time, the buildings, plants, structures, furniture, fixtures, machinery, equipment, vehicles and other items of tangible personal property included in the Saint Mary's Assets are in good operating condition and repair, and are adequate for the uses to which they are being put, and none of such buildings, plants, structures, furniture, fixtures, machinery, equipment, vehicles and other items of tangible personal property is in need of maintenance or repairs except for ordinary, routine maintenance and repairs that are not material in nature or cost. The Saint Mary's Assets are sufficient for the continued conduct of the business of Saint Mary's and the Saint Mary's Controlled Subsidiaries after the Effective Date in substantially the same manner as conducted prior to the Effective Date and constitute all of the rights, property and assets necessary to conduct of the business of Saint Mary's and the Saint Mary's Controlled Subsidiaries other than as set forth in **Schedule 6.11**.

Section 6.12 Real Property.

(a) **Schedule 6.12(a)** of the Disclosure Schedules sets forth a list of all real property owned by Saint Mary's or a Saint Mary's Controlled Subsidiary (collectively, the "**Owned Real Property**"). Saint Mary's or a Saint Mary's Controlled Subsidiary has good and marketable fee simple title to the Owned Real Property, free and clear of all Encumbrances, except (A) Permitted

Encumbrances and (B) those Encumbrances set forth in **Schedule 6.12(a)** of the Disclosure Schedules.

(b) **Schedule 6.12(b)** of the Disclosure Schedules sets forth a list of all real property leased by Saint Mary's or a Saint Mary's Controlled Subsidiary (collectively, the "**Leased Real Property**"), and a list of all leases for the Saint Mary's Owned Real Property (collectively, the "**Saint Mary's Leases**").

(c) Neither Saint Mary's nor a Saint Mary's Controlled Subsidiary has received any written notice of existing, pending or threatened (i) condemnation proceedings affecting the Owned Real Property, or (ii) zoning, building code or other moratorium proceedings, or matters which would reasonably be expected to materially and adversely affect the ability to operate the Owned Real Property as currently operated. Neither the whole nor any material portion of any Owned Real Property has been damaged or destroyed by fire or other casualty.

Section 6.13 Intangible Personal Property; Software.

(a) Saint Mary's has disclosed to NE-RHM and Trinity Health all patents, copyrights, trademarks, service marks, trade names or other items of intellectual property registered by Saint Mary's or a Saint Mary's Controlled Subsidiary with any Governmental Authority. Saint Mary's and each Saint Mary's Controlled Subsidiary own or hold adequate licenses or other rights to use all intellectual property used in or necessary for the operation of its business as now conducted.

(b) To the Knowledge of Saint Mary's, neither Saint Mary's nor any Saint Mary's Controlled Subsidiary is infringing any patent, trade name, trademark, service mark, copyright, trade secret, technology, know-how, or process belonging to any other Person. Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary has received any written notice of any such claim of infringement and, to the Knowledge of Saint Mary's, no actions have been instituted or are pending or threatened, which challenge the validity of the ownership or use by Saint Mary's or any Saint Mary's Controlled Subsidiary of any intellectual property used in connection with the operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries.

(c) To the Knowledge of Saint Mary's, the use by Saint Mary's or Saint Mary's Controlled Subsidiary of any third-party software in connection with such party's business operations does not conflict with, misappropriate or infringe upon the rights or ownership interests of any other Person.

Section 6.14 Legal Proceedings; Governmental Orders.

(a) Except as set forth in **Schedule 6.14(a)** of the Disclosure Schedules, there are no actions, suits, claims, investigations or other legal proceedings pending or, to the Knowledge of Saint Mary's, threatened (i) against or by Saint Mary's or a Saint Mary's Controlled Subsidiary that are not covered in full (subject to standard deductibles) under insurance policies and, to the extent not covered by insurance, exceed $100,000 in alleged liability; or (ii) against or by Saint Mary's or any Saint Mary's Controlled Subsidiary that challenges or seeks to prevent, enjoin or otherwise delay the transaction contemplated by this Agreement. No event has occurred or circumstances exist that may give rise to, or serve as a basis for, any such action, suit, claim,

investigation or other legal proceeding, except for such actions, suits, claims, investigations or other legal proceedings that would not, in the aggregate, have a Material Adverse Effect.

(b) Except as set forth in **Schedule 6.14(b)** of the Disclosure Schedules, there are no outstanding Governmental Orders and no unsatisfied judgments, penalties or awards against or affecting Saint Mary's or any Saint Mary's Controlled Subsidiary, except for such Governmental Orders, unsatisfied judgments, penalties or awards that would not, in the aggregate, have a Material Adverse Effect. Saint Mary's and the Saint Mary's Controlled Subsidiaries are in compliance with the terms of each Governmental Order set forth in **Schedule 6.14(b)** of the Disclosure Schedules, except to the extent that non-compliance would not result in a Material Adverse Effect. No event has occurred or circumstances exist that may constitute or result in (with or without notice or lapse of time) a violation of any such Governmental Order except for violations that would not in the aggregate result in a Material Adverse Effect.

Section 6.15 Compliance with Laws; Permits.

(a) Except as set forth in **Schedule 6.15(a)** of the Disclosure Schedules, Saint Mary's and each Saint Mary's Controlled Subsidiary are in material compliance with all Laws applicable to the business, properties and assets of Saint Mary's and the Saint Mary's Controlled Subsidiaries including, without limitation, the False Claims Act (31 U.S.C. § 3729, et seq.), the Civil Monetary Penalties Law (42 U.S.C. § 1320a-7a), federal and state anti-kickback statutes (including 42 U.S.C. § 1320a 7b), federal and state referral laws (including 42 U.S.C. §1395nn), criminal false claims statutes (e.g. 18 U.S.C. §§ 287 and 1001), and the Beneficiary Inducement Statute (42 U.S.C. §1320a-7a(a)(5)). Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary has received notice of any violation of any such Laws nor, to the Knowledge of Saint Mary's, does there exist any facts which would provide a basis for such claims.

(b) All Permits required for Saint Mary's and the Saint Mary's Controlled Subsidiaries to conduct their business as currently conducted or for the ownership and use of the Saint Mary's Assets have been obtained by Saint Mary's and the Saint Mary's Controlled Subsidiaries and are valid and in full force and effect, except where the failure to obtain such Permits would not have a Material Adverse Effect. All fees and charges with respect to such Permits have been paid in full. Saint Mary's has disclosed to NE-RHM and Trinity Health all current material Permits issued to Saint Mary's and the Saint Mary's Controlled Subsidiaries which relate to their operations as currently conducted or the ownership and use of the Saint Mary's Assets, including the names of the Permits and their respective dates of issuance and expiration. No event has occurred that, with or without notice or lapse of time or both, would reasonably be expected to result in the revocation, suspension, lapse or limitation of any material Permit except such revocations, suspensions, lapses or limitations that would not in the aggregate result in a Material Adverse Effect.

(c) Saint Mary's has made available to NE-RHM and Trinity Health pursuant to due diligence requests a copy of the most recent state licensing reports and lists of deficiencies, if any, and the most recent fire marshal surveys and list of deficiencies, if any, for the Saint Mary's Controlled Subsidiaries. SMH is in compliance in all material respects with applicable fire code regulations. SMH has cured or submitted a plan of correction with respect to the deficiencies noted in any such licensure surveys and fire marshal reports and shall provide documentation that

such cures and/or plans of correction have been accepted by the appropriate Governmental Authority as of the Closing Date.

(d) There are no outstanding patient complaints with respect to the Saint Mary's Controlled Subsidiaries which have been substantiated by a Governmental Authority and which have not been cured or are not the subject of a plan of correction accepted by the applicable Governmental Authority, except such complaints as would not in the aggregate result in a Material Adverse Effect. All fines imposed, if any, against the Saint Mary's Controlled Subsidiaries with respect to any patient complaints have been paid in full.

(e) None of the representations and warranties in **Section 6.15** shall be deemed to relate to environmental matters (which are governed by **Section 6.21**), employee benefits matters (which are governed by **Section 6.22**), employment matters (which are governed by **Section 6.23**) or tax matters (which are governed by **Section 6.24**).

Section 6.16 Medicare Participation/Accreditation

(a) The Saint Mary's Providers and, to the Knowledge of Saint Mary's, the Joint Ventures are eligible without restriction for participation in the Medicare, Medicaid and TRICARE plan programs (collectively, the "**Government Programs**") and have current and valid provider contracts with the Government Programs. To the Knowledge of Saint Mary's, the Saint Mary's Providers and the Joint Ventures are each in compliance with the applicable conditions of participation for the Government Programs in all material respects. There is neither pending, nor, to the Knowledge of Saint Mary's, threatened, any proceeding or investigation under the Government Programs involving the Saint Mary's Providers or the Joint Ventures. Saint Mary's has made available to Trinity Health true and complete copies of the most recent Government Program survey reports and all plans of correction, if any, which the Saint Mary's Providers and the Joint Ventures were required to submit in response to such surveys and, except as set forth in **Schedule 6.16(a)** of the Disclosure Schedules, all such plans of correction have been accepted by the applicable Government Program and all have been or are in the process of being implemented.

(b) Each of the Saint Mary's Providers and, to the Knowledge of Saint Mary's, each of the Joint Ventures has timely filed all required Government Program cost reports for all the fiscal years through and including the most current fiscal year. To the Knowledge of Saint Mary's, all of such cost reports filed by the Saint Mary's Providers and the Joint Ventures are complete and correct in all material respects and such cost reports do not claim, and none of Saint Mary's Providers or, to the Knowledge of Saint Mary's, either of the Joint Ventures have received, reimbursement in excess of the amounts provided by Law or any applicable agreement. True and complete copies of all such cost reports for the three (3) most recent fiscal years of the Saint Mary's Providers and the Joint Ventures have been furnished to Trinity Health. Except for routine claims for reimbursement made in the ordinary course of business and except as set forth in **Schedule 6.16(b)** of the Disclosure Schedules, there are no claims, actions or appeals pending before any commission, board or agency, including any fiscal intermediary or carrier, the Provider Reimbursement Review Board or the Administrator of the Centers for Medicare and Medicaid Services, with respect to Government Program claims filed on behalf of the Saint Mary's Providers or, to the Knowledge of Saint Mary's, the Joint Ventures.

(c) The billing practices of the Saint Mary's Providers and, to the Knowledge of Saint Mary's, the Joint Ventures with respect to all third party payors, including the Government Programs and private insurance companies, have been performed in the ordinary course of business and, to the Knowledge of Saint Mary's, are in compliance in all material respects with all applicable Law and billing requirements of such third party payors and Government Programs, and none of the Saint Mary's Providers or, to the Knowledge of Saint Mary's, the Joint Ventures have knowingly billed or received any material payment or reimbursement in excess of amounts allowed by Law other than underpayments and overpayments arising in the ordinary course of business.

(d) SMH is duly accredited with no material contingencies by the Joint Commission or by any other accrediting bodies. Saint Mary's has made available to NE-RHM and Trinity Health each accreditation survey report and deficiency list prepared by the Joint Commission for the past three (3) years and except as set forth on **Schedule 6.16(d)** each of the Saint Mary's Providers' and Joint Ventures' most recent statement of deficiencies and plan of correction, all of which have been accepted by the accrediting body and have been implemented or are in the process of being implemented.

Section 6.17 Compliance Programs

(a) To the Knowledge of Saint Mary's, during the past five (5) years, each of the Saint Mary's Providers and Joint Ventures has maintained and adhered to in all material respects a compliance program designed to promote compliance with all Laws and ethical standards, to improve the quality and performance of operations, and to detect, prevent, and address violations of legal or ethical standards applicable to the operations of the Saint Mary's Providers and Joint Ventures, as applicable.

(b) Upon hiring employees and regularly thereafter, searches of the Office of Inspector General's List of Excluded Individuals/Entities are performed by Saint Mary's or its designee to confirm that all employees, independent contractors, consultants, medical staff members, and other Persons providing any services under any Contract with Saint Mary's or a Saint Mary's Controlled Subsidiary are not, as of the date of such search, excluded, debarred or otherwise ineligible to participate in the Government Programs. Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary has received written notice that (i) any Person providing services under a Contract with Saint Mary's or a Saint Mary's Controlled Subsidiary or (ii) any employee, contractor, or medical staff member performing services for Saint Mary's or a Saint Mary's Controlled Subsidiary is charged with or has been convicted of a criminal offense related to the Government Programs, but has not yet been excluded, debarred or otherwise declared ineligible to participate in such programs or is proposed for exclusion therefrom.

(c) Saint Mary's has made available to NE-RHM and Trinity Health all records, audit reports and logs maintained by or behalf of the Saint Mary's Providers and the Joint Ventures in connection with their respective compliance programs. Except for matters set forth in such records, audit reports and logs, or as otherwise disclosed to NE-RHM and Trinity Health, to the Knowledge of Saint Mary's, there are no actual or potential violations by the Saint Mary's Providers or the Joint Ventures or any of their respective directors, officers or employees of any

Law applicable to the Government Programs for which criminal penalties, civil monetary penalties or exclusion may be authorized.

Section 6.18 Corporate Integrity Agreements. Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary (i) is a party to a corporate integrity agreement or to a Certification of Compliance Agreement with the Office of the Inspector General of the United States Department of Health and Human Services, (ii) has reporting obligations pursuant to any settlement agreement entered into with any Governmental Authority, (iii) to the Knowledge of Saint Mary's, is the subject of any Government Program investigation, (iv) has been a defendant in any qui tam/False Claims Act litigation, (v) to the Knowledge of Saint Mary's, has been served with or received any search warrant, subpoena, civil investigation demand, contact letter or telephone or personal contact by or from any Governmental Authority, and (vi) to the Knowledge of Saint Mary's, has received any complaints through any compliance "hotlines" from employees, independent contractors, vendors, physicians, or any other Persons that would indicate, based on due inquiry by the Saint Mary's, that Saint Mary's or any Saint Mary's Controlled Subsidiary, or any of their directors, officers, or employees has violated any Law which has not been (or are not being) addressed in accordance with the applicable party's compliance program.

Section 6.19 HIPAA. To the Knowledge of Saint Mary's, each Saint Mary's Controlled Subsidiary that is a "**Covered Entity**" (as defined in HIPAA) is in material compliance with the applicable rules and regulations promulgated under HIPAA pursuant to 45 CFR Parts 160, 162, and 164 (subparts A, D and E) and the changes thereto imposed by HITECH. Except as previously disclosed in writing by Saint Mary's to NE-RHM and Trinity Health, none of Saint Mary's or any Saint Mary's Controlled Subsidiary has been the subject of an enforcement action by or resolution agreement with the U.S. Department of Health & Human Services, Office for Civil Rights or any other Governmental Authority related to HIPAA within the past three (3) years. A list of all breach notifications made by Saint Mary's or a Saint Mary's Controlled Subsidiary pursuant to HIPAA is set forth on **Schedule 6.19**.

Section 6.20 Affiliate Transactions. Except as disclosed in **Schedule 6.20**:

(a) To the Knowledge of Saint Mary's, no officer or director of Saint Mary's or any Saint Mary's Controlled Subsidiary ("**Interested Person**") directly or indirectly (i) owns any interest in any corporation, partnership, proprietorship or other entity which sells to or purchases products or services from Saint Mary's or any Saint Mary's Controlled Subsidiary, (ii) has any cause of action or claim against Saint Mary's or any Saint Mary's Controlled Subsidiary, or (iii) holds a beneficial interest in any Contract to which Saint Mary's or any Saint Mary's Controlled Subsidiary is a party or by which Saint Mary's or any Saint Mary's Controlled Subsidiary may be bound;

(b) None of Saint Mary's or any Saint Mary's Controlled Subsidiary is indebted, either directly or indirectly, to any Interested Person in any amount whatsoever, other than current obligations for payments of fees, salaries, bonuses and other fringe benefits for past services rendered; and

(c) No Interested Person is indebted to Saint Mary's or any Saint Mary's Controlled Subsidiary.

Section 6.21 Environmental Matters.

(a) To the Knowledge of Saint Mary's, except as disclosed in the reports described in subsection (e) below, the operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries are in compliance with all Environmental Laws. To the Knowledge of Saint Mary's, neither Saint Mary's nor any Saint Mary's Controlled Subsidiary has received from any Person in the past 10 years any: (i) Environmental Notice or Environmental Claim; or (ii) written request for information pursuant to Environmental Law, which, in each case, either remains pending or unresolved, or is the source of ongoing obligations or requirements as of the Closing Date.

(b) To Saint Mary's' Knowledge, Saint Mary's and the Saint Mary's Controlled Subsidiaries have obtained and are in material compliance with all material Environmental Permits necessary for the conduct of business of Saint Mary's and the Saint Mary's Controlled Subsidiaries as currently conducted or the ownership, lease, operation or use of the Saint Mary's Assets.

(c) None of the Owned Real Property is listed on, or has been proposed for listing on, the National Priorities List (or CERCLIS) under CERCLA, or any similar state list.

(d) To Saint Mary's' Knowledge, except as disclosed in the reports described in subsection (e) below, there has been no Release of Hazardous Materials in contravention of Environmental Law with respect to the Saint Mary's Assets or any Owned Real Property, and neither Saint Mary's nor any Saint Mary's Controlled Subsidiary has received any Environmental Notice that any of the Saint Mary's Assets or Owned Real Property has been contaminated with any Hazardous Material which would reasonably be expected to result in an Environmental Claim against, or a violation of Environmental Law or term of any Environmental Permit by, Saint Mary's or a Saint Mary's Controlled Subsidiary.

(e) **Section 6.21(e)** of the Disclosure Schedules lists all material environmental reports with respect to the Saint Mary's Assets or any Owned Real Property that are in the possession or control of Saint Mary's.

(f) The representations and warranties set forth in this **Section 6.21** are the sole and exclusive representations and warranties of Saint Mary's regarding environmental matters.

Section 6.22 Employee Benefit Matters.

(a) **Schedule 6.22(a)** of the Disclosure Schedules includes a complete list of each "employee benefit plan" (as such term is defined in Section 3(3) of ERISA) and each other material compensatory, pension, retirement, thrift savings, profit-sharing, bonus, stock option, stock purchase, stock ownership, equity, stock appreciation right, restricted stock, "phantom" stock, employee stock ownership, severance, deferred compensation, excess benefit, supplemental retirement, supplemental unemployment, change in control, employment, post-retirement medical or life insurance, welfare, incentive, sick leave, fringe benefit, paid time off, vacation, retention, education/tuition assistance, relocation assistance, disability, medical, hospitalization, life

insurance, other insurance or employee benefit plan, program, policy, agreement or arrangement of any kind, whether or not subject to ERISA, whether formal or informal, covering one or more persons, oral or written, that applies to any current or former employees, directors, owners or service providers or their spouses, dependents or beneficiaries or under which any such Person is or may become (assuming any vesting, performance or other benefit requirements are met) entitled to benefit (whether or not contingent) that is maintained, sponsored, contributed to, or required to be maintained or contributed to by Saint Mary's or a Saint Mary's Controlled Subsidiary, or with respect to which Saint Mary's or a Saint Mary's Controlled Subsidiary has any present liability (as stated in **Schedule 6.22(a)** of the Disclosure Schedules, each, a "**Saint Mary's Benefit Plan**"). For the avoidance of any doubt, the term "Saint Mary's Benefit Plan" includes Saint Mary's Retirement Plan unless such Retirement Plan is excluded from the term "Saint Mary's Benefit Plan." In addition, where reference is made herein to Saint Mary's Retirement Plan, it is a reference to such Plan alone, and not to other Saint Mary's Benefits Plans.

With respect to each Saint Mary's Benefit Plan, except as disclosed on **Schedule 6.22(a)**, Saint Mary's has provided to Trinity Health a true, correct and complete copy of the following documents (if applicable): (i) each writing constituting all or any part of such Saint Mary's Benefit Plan, including all plan documents and amendments thereto (or, with respect to any unwritten Saint Mary's Benefit Plans, accurate descriptions thereof); (ii) any trust agreement, insurance contract, annuity contract, voluntary employees' beneficiary association as defined in Section 501(c)(9) of the Code, or other funding instrument related to such Saint Mary's Benefit Plan; (iii) the three most recent annual reports (Forms 5500 series), including all schedules and audited financial statements attached thereto, if any; (iv) the two most recent actuarial reports; (v) the current summary plan description, any summary of material modifications thereto, and any other material employee communications provided within the last three (3) years measured from the date hereof; (vi) any notices to or other material communications with any participants or any Governmental Authority, commission or regulatory body relative to the Saint Mary's Benefit Plan in the past three (3) years; (vii) the most recent determination letter or opinion letter issued by the IRS, if any; (viii) all rulings, no-action letters or advisory opinions from the IRS, U.S. Department of Labor, the Pension Benefit Guarantee Corporation ("**PBGC**"), or any other federal or state authority that pertain to any Saint Mary's Retirement Plan and any open requests therefore; and (ix) the Form PBGC-1 filed for each of the three most recent plan years, if such forms exist. Except as specifically provided in the foregoing documents provided to NE-RHM and Trinity Health, there are no amendments to any Saint Mary's Benefit Plan that have been adopted or approved.

(b) Except as listed in **Schedule 6.22(b)** of the Disclosure Schedules, each Saint Mary's Benefit Plan has been established, maintained, operated, and administered, in all material respects, in accordance with its terms and with all applicable Laws (including ERISA, if applicable, and the Code and the regulations promulgated thereunder) and the terms of all collectively bargaining agreements. Except as listed in **Schedule 6.22(b)** of the Disclosure Schedules, each Saint Mary's Benefit Plan that is intended to be qualified under Section 401(a) of the Code has been timely amended for all applicable legal requirements in order to maintain such tax-qualified status, is subject to a current favorable determination letter, or may rely upon an opinion or advisory letter, issued by the IRS with respect to such Saint Mary's Benefit Plan, and no such favorable determination letter or opinion letter has been revoked (or to the Knowledge of Saint Mary's has revocation been threatened) and there are no existing circumstances nor to the

Knowledge of Saint Mary's have any events occurred since the date of the most recent determination letter or opinion letter that could adversely affect the tax-qualified status of any such Saint Mary's Benefit Plan or the related trust or increase the costs relating thereto. Except as listed in **Schedule 6.22(b)** of the Disclosure Schedules, with respect to each such Saint Mary's Benefit Plan that is not in the form of a volume submitter or prototype plan, the current favorable determination letter evidences compliance with the most recent cumulative list of required amendments applicable to such Saint Mary's Benefit Plan, or the Saint Mary's Benefit Plan applied for such a favorable determination letter prior to the expiration of the requisite period under the applicable Treasury Regulations or IRS pronouncements, or the Saint Mary's Benefit Plan still has a remaining period of time under the applicable Treasury Regulations or IRS pronouncements in which to apply for such letter and to make any amendments necessary to obtain a favorable letter.

(c) Except as set forth in **Schedule 6.22(c)** of the Disclosure Schedules, none of Saint Mary's, any Saint Mary's Controlled Subsidiary or an ERISA Affiliate of Saint Mary's or a Saint Mary's Controlled Subsidiary sponsors, maintains or contributes to, or has any obligation to contribute to, or has any liability or potential liability under or with respect to, any "employee pension benefit plan" (as defined in Section 3(2) of ERISA), that is subject to Sections 412 or 4971 of the Code, Section 302 of ERISA or Title IV of ERISA (not including any Multiemployer Plan or Multiple Employer Plan), or otherwise has any liability or potential liability under Title IV of ERISA. With respect to each plan listed in **Schedule 6.22(c)** of the Disclosure Schedule, except as set forth in **Schedule 6.22(c)** of the Disclosure Schedule: (i) such plan is not currently, and is not reasonably expected to be, in "at risk status" within the meaning of Section 430(i) of the Code or Section 303(i) of ERISA; (ii) an election has not been made under Section 430(c)(2)(D) of the Code or Section 303(c)(2)(D) of ERISA; (iii) a copy of the most recent Certification of AFTAP has been delivered or made available to Trinity Health; (iv) no reportable event within the meaning of Section 4043(c) of ERISA (for which the disclosure requirements of Regulation Section 4043.1 et seq., promulgated by the PBGC, have not been waived) has occurred since January 1, 2009, and the consummation of the transactions contemplated by this Agreement will not result in the occurrence of any such reportable event; (v) since January 1, 2009, neither Saint Mary's, a Saint Mary's Controlled Subsidiary nor any of their ERISA Affiliates has incurred any liability under Title IV of ERISA other than for the payment of premiums to the PBGC, all of which have been paid when due; (vi) since January 1, 2009, such plan has not applied for or received a waiver of the minimum funding standards imposed by Section 412 of the Code; (vii) no notice of intent to terminate the plan has been given under Section 4041 of ERISA; (viii) the PBGC has not instituted proceedings to terminate the plan or to appoint a trustee or administrator of any such plan, and no circumstances exist that constitute grounds under Title IV of ERISA for any such proceeding; (ix) for each year beginning on or after January 1, 2008, Saint Mary's, the Saint Mary's Controlled Subsidiaries or ERISA Affiliates, as applicable, has made contributions that are not less than the minimum required contribution under Section 430 of the Code; (x) there is no "amount of unfunded benefit liabilities" as defined in Section 4001(a)(18) of ERISA as of the last day of such plan's most recent fiscal year; (xi) there is not now, and there are no existing circumstances that would give rise to, any requirement for the posting of security with respect to the plan under Sections 401(a)(29) and 436(f) of the Code or the imposition of any lien on the assets of Saint Mary's or a Saint Mary's Controlled Subsidiary or one of their ERISA Affiliates under ERISA or the Code; (xii) neither Saint Mary's, a Saint Mary's Controlled Subsidiary nor any of their ERISA Affiliates

has engaged in any transaction described in Section 4069 of ERISA; (xiii) none of Saint Mary's or any Saint Mary's Controlled Subsidiary has incurred any liability for any taxes under Section 4971 of the Code; and (xiv) there is no lien pursuant to Sections 303(k) or 4068 of ERISA or Section 430(k) of the Code in favor of, or enforceable by the PBGC or any other entity with respect to any of the assets of Saint Mary's or any Saint Mary's Controlled Subsidiary. "**ERISA Affiliate**" means, with respect to any entity, trade or business, any other entity, trade or business that is or was at the relevant time a member of a group described in Section 414(b), (c), (m) or (o) of the Code or Section 4001(b)(1) of ERISA that includes or included the first entity, trade or business, or that is a member of the same "controlled group" as the first entity, trade or business pursuant to Section 4001(a)(14) of ERISA. "**Certification of AFTAP**" means the certification of an enrolled actuary meeting the requirements imposed under Treasury Regulations Section 1.436-1 that includes, without limitation, a certification of the applicable Saint Mary's Benefit Plan's "adjusted funding target attainment percentage" within the meaning of Section 436(j) of the Code.

(d) Except as listed in **Schedule 6.22(d)** of the Disclosure Schedules, none of Saint Mary's, any Saint Mary's Controlled Subsidiary or an ERISA Affiliate of Saint Mary's or a Saint Mary's Controlled Subsidiary has at any time sponsored, established, maintained, participated in, contributed to, or been obligated to contribute to, or has any liability or potential liability under or with respect to, any Multiemployer Plan or Multiple Employer Plan. A "**Multiemployer Plan**" has the meaning set forth in in Sections 3(37) and 4001(a)(3) of ERISA. A "**Multiple Employer Plan**" is a plan that has two or more contributing sponsors, at least two of whom are not under common control within the meaning of Section 4063 of ERISA and Section 413(c) of the Code. To the Knowledge of Saint Mary's, with respect to each Multiemployer Plan identified pursuant to this **Section 6.22(d)**: (i) neither Saint Mary's, a Saint Mary's Controlled Subsidiary nor any of their ERISA Affiliates has engaged in any transaction that constitutes a withdrawal under Section 4201 et seq. of ERISA; (ii) if Saint Mary's, a Saint Mary's Controlled Subsidiary or any of their ERISA Affiliates have incurred any liability or responsibility under Title IV of ERISA, including Withdrawal Liability, or any other provision of ERISA, the Code or any other applicable Law, the liability or responsibility has been satisfied in full and all Withdrawal Liability payments have been duly and timely made; (iii) if Saint Mary's, a Saint Mary's Controlled Subsidiary or any of their ERISA Affiliates were to experience a withdrawal or partial withdrawal from such Multiemployer Plan, no Withdrawal Liability would be incurred; and (iv) neither Saint Mary's, a Saint Mary's Controlled Subsidiary nor any of their ERISA Affiliates have received any notification, nor have any reason to believe, that any such plan is in reorganization, is insolvent, has been terminated, or would be in reorganization, be insolvent or be terminated. "**Withdrawal Liability**" means liability to a Multiemployer Plan as a result of a complete or partial withdrawal from such Multiemployer Plan, as those terms are defined in Part I of Subtitle E of Title IV of ERISA.

(e) Except as listed in Schedule 6.22(e) of the Disclosure Schedules, no Saint Mary's Benefit Plan is a "church plan" as defined in Section 414(e) of the Code and Section 3(33) of ERISA that is a non-electing employee benefit plan under Section 4(b)(2) of ERISA ("**Church Plan**"). There is no pending or, to the Knowledge of Saint Mary's, threatened lawsuit, challenge or claim by any Person challenging the "church plan" status and ERISA exemption of any Saint Mary's Benefit Plan that is a Church Plan. Except as listed in Schedule 6.22(e) of the Disclosure Schedules, any Saint Mary's Plan listed in Schedule 6.22(e) that is a defined benefit pension plan is no less than 80% funded, as determined for financial accounting purposes, and except as listed

in the **Schedule 6.22(e)**, there are no other defined benefit pension plans sponsored or maintained by Saint Mary's Hospital.

(f) Except as listed in **Schedule 6.22(f)** of the Disclosure Schedules, with respect to any Saint Mary's Benefits Plan that is an employee welfare benefit plan within the meaning of Section 3(1) of ERISA (whether or not subject thereto), (i) no such Saint Mary's Benefit Plan is funded through a "welfare benefits fund" (as such term is defined in Section 419(e) of the Code), (ii) each such Saint Mary's Benefit Plan that is a "group health plan" (as such term is defined in Section 5000(b)(1) of the Code) complies in all material respects with the applicable requirements of COBRA (or any similar state or local Law) and HIPAA (including regulations thereunder) and (iii) each such Saint Mary's Benefit Plan complies in all material respects with the applicable provisions of the Patient Protection and Affordable Care Act and the regulations thereunder, and no such plan is grandfathered thereunder. Further, except as listed in **Schedule 6.22(f)** of the Disclosure Schedules, no Saint Mary's Benefit Plan provides and none of Saint Mary's, the Saint Mary's Controlled Subsidiaries and their ERISA Affiliates maintain, contribute to or have any present or future obligation to make any contribution or payment to, or with respect to, or have any other liability with respect to any plan or other arrangement that provides health, life or other welfare-type benefits following retirement or other termination of employment (other than death benefits when termination occurs upon death) to any Person (or any spouse or other dependent thereof), other than as required under COBRA or any similar state or local Law (and for which COBRA or other continuation coverage the Person, including any spouse or dependent thereof, pays the entire cost of coverage).

(g) Except as listed in **Schedule 6.22(g)** of the Disclosure Schedules, no Saint Mary's Benefit Plan exists that could: (i) result in the payment of any money or other property to an employee providing services for Saint Mary's or a Saint Mary's Controlled Subsidiary; or (ii) provide any additional rights or benefits (including funding of compensation or benefits through a trust or otherwise) to any employee providing services for Saint Mary's or a Saint Mary's Controlled Subsidiary, in either case as a result of the execution of this Agreement or the consummation of the transaction contemplated hereby (either alone or in conjunction with any other event, including as a result of any termination of employment). Except as listed in **Schedule 6.22(g)** of the Disclosure Schedules, neither the execution of this Agreement nor the consummation of the transaction contemplated hereby will (either solely as a result thereof or as a result of such transaction in conjunction with any other event, including as a result of any termination of employment) result in any "excess parachute payments" within the meaning of Section 280G(b) of the Code being made to any employees of Saint Mary's or a Saint Mary's Controlled Subsidiary. Further, except as listed in **Schedule 6.22(g)** of the Disclosure Schedules, execution and delivery of this Agreement nor the consummation of the transaction contemplated hereby will (either alone or in conjunction with any other event, including as a result of any termination of employment), except as contemplated pursuant to the terms of this Agreement, result in (iii) the acceleration or creation of any rights of any Person to benefits under any Saint Mary's Benefit Plan (including, without limitation, the acceleration of the accrual, vesting, or time of the payment of any benefits under any Saint Mary's Benefit Plan) or the acceleration or creation of any rights under any severance, parachute, or change in control agreement; (iv) forgiveness of indebtedness; (v) any limitation on the right of Saint Mary's or a Saint Mary's Controlled Subsidiary to amend, merge, terminate or receive a reversion of assets from any Saint Mary's Benefit Plan or related trust; (vi) the forfeiture of compensation or benefits under any

Saint Mary's Benefit Plan; (vii) Saint Mary's or a Saint Mary's Controlled Subsidiary being required to make a contribution to any Saint Mary's Benefit Plan; (viii) a conflict with the terms of any Saint Mary's Benefit Plan; (ix) any Person becoming entitled to severance or termination pay; (x) the acceleration of the funding (through a grantor trust or otherwise) of compensation or benefits under any Saint Mary's Benefit Plan; (xi) any other material obligation pursuant to any Saint Mary's Benefit Plan; or (xii) any breach or violation of, or a default under, any Saint Mary's Benefit Plan.

(h) Except as listed in **Schedule 6.22(h)** of the Disclosure Schedules, to the Knowledge of Saint Mary's, there have been no Prohibited Transactions with respect to any Saint Mary's Benefit Plan that are not exempt transactions pursuant to applicable law. Except as listed in **Schedule 6.22(h)**, to the Knowledge of Saint Mary's, no fiduciary of any Saint Mary's Benefit Plan has any material liability for breach of fiduciary duty or any other failure to act or comply in connection with the administration or investment of the assets of any Saint Mary's Benefit Plan. No claim, action, lawsuit, charge, complaint, grievance, audit, proceeding, hearing, investigation or arbitration relating to any Saint Mary's Benefit Plan (other than routine claims for benefits) is pending or, to Saint Mary's' Knowledge, threatened and, to Saint Mary's' Knowledge, no set of circumstances exists that may reasonably give rise to a claim, action, lawsuit, charge, complaint, grievance, audit, proceeding, hearing, investigation or arbitration, relating to a Saint Mary's Benefit Plan or against a Saint Mary's Benefit Plan or the assets of any of trust under any Saint Mary's Benefit Plan, other than as listed in **Schedule 6.22(h)** of the Disclosure Schedules.

(i) To the Knowledge of Saint Mary's and other than with respect to the Saint Mary's Retirement Plan, all contributions (including all employer contributions and employee salary reduction contributions) that are due have been paid within the time periods prescribed by ERISA, to the extent ERISA is applicable, and the Code, and the plan's terms, to each Saint Mary's Benefit Plan that is a retirement type benefit plan and all contributions for any period ending on or before the Closing Date that are not yet due but which are due within legally allowable periods of time after the Closing Date have been paid to each such Saint Mary's Benefit Plan or have been properly accrued in the financial statements of SMH. All premiums or other payments for all periods ending on or before the Closing Date have been paid with respect to each Saint Mary's Benefit Plan that is a welfare benefit plan or accrued.

(j) There is no matter pending (other than routine filings) with respect to any Saint Mary's Benefit Plan before the IRS, Department of Labor, PBGC, or any other Governmental Authority.

(k) To the Knowledge of Saint Mary's, and other than as listed in **Schedule 6.22(k)**, each Saint Mary's Benefit Plan that is a "nonqualified deferred compensation plan" (as defined for purposes of Section 409A(d)(1) of the Code) has (i) been maintained and operated since January 1, 2005 in good faith compliance with Section 409A of the Code and all applicable IRS guidance promulgated thereunder so as to avoid any tax, penalty or interest under Section 409A of the Code and, since January 1, 2009, been in documentary and operational compliance with Section 409A of the Code and all applicable IRS guidance promulgated thereunder or (ii) as to any such plan in existence prior to January 1, 2005, not been "materially modified" (within the meaning of IRS Notice 2005-1) at any time after October 3, 2004. No amounts under any such plan have been subject to the interest and additional tax set forth under Code Section

409A(a)(1)(B). To the Knowledge of Saint Mary's, neither Saint Mary's nor a Saint Mary's Controlled Subsidiary has any actual or potential obligation to reimburse or otherwise "gross-up" any Person for the interest or additional tax set forth under Section 409A of the Code, nor has Saint Mary's or any Saint Mary's Controlled Subsidiary been obligated to report any corrections made with respect to any such Plan to any Governmental Authority.

(l) The representations and warranties set forth in this **Section 6.22** are the sole and exclusive representations and warranties of Saint Mary's regarding employee benefit matters.

Section 6.23 Employment Matters.

(a) Except as set forth in **Schedule 6.23** of the Disclosure Schedules, neither Saint Mary's nor any Saint Mary's Controlled Subsidiary is a party to, bound by, any collective bargaining or other agreement with a labor organization representing any of the employees providing services to Saint Mary's or any Saint Mary's Controlled Subsidiary. Except as set forth in **Schedule 6.23** of the Disclosure Schedules, during the past five years, there has not been, nor, to Saint Mary's' Knowledge, has there been any threat of, any strike, slowdown, work stoppage, lockout, concerted refusal to work overtime or other similar labor activity or dispute affecting any of the employees providing services to Saint Mary's or any Saint Mary's Controlled Subsidiary.

(b) To the Knowledge of Saint Mary's, Saint Mary's and the Saint Mary's Controlled Subsidiaries are in compliance with all applicable Laws pertaining to employment and employment practices, except to the extent that non-compliance would not have a Material Adverse Effect with respect to Saint Mary's.

(c) Copies of all written employment agreements to which Saint Mary's or a Saint Mary's Controlled Subsidiary is a party have been provided to NE-RHM prior to the Signature Date. Additionally, a written description of all oral employment agreements to which Saint Mary's or a Saint Mary's Controlled Subsidiary is a party have been provided NE-RHM to prior to the Signature Date.

(d) The representations and warranties set forth in this **Section 6.23** are the sole and exclusive representations and warranties of Saint Mary's regarding employment matters.

Section 6.24 Taxes.

(a) Except as set forth in **Schedule 6.24** of the Disclosure Schedules, Saint Mary's and each Saint Mary's Controlled Subsidiary have each filed (taking into account any valid extensions) all Tax Returns applicable to such party and the applicable party has paid all Taxes shown thereon as owing. Such Tax Returns are true, complete and correct in all respects. Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary is currently the beneficiary of any extension of time within which to file any Tax Return other than extensions of time to file Tax Returns obtained in the ordinary course of business. Except as set forth in **Schedule 6.24** of the Disclosure Schedules, to the Knowledge of Saint Mary's, Saint Mary's and each Saint Mary's Controlled Subsidiary have withheld and paid all Taxes required to have been withheld and paid in connection with amounts paid or owing to any employee, independent contractor, creditor, or other third party, and all Internal Revenue Service Forms W-2 and 1099 required with respect thereto have been properly completed and timely filed. There is no material dispute or claim

concerning any Tax liability of Saint Mary's or any Saint Mary's Controlled Subsidiary either claimed or raised in writing by any Governmental Authority that has not been settled or as to which Saint Mary's has Knowledge.

(b) Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary is a "foreign person" as that term is used in Treasury Regulations Section 1.1445-2.

(c) Except for certain representations related to Taxes in **Section 6.22**, the representations and warranties set forth in this **Section 6.24** are the sole and exclusive representations and warranties of Saint Mary's regarding Tax matters.

Section 6.25 Insurance. Schedule 6.25 of the Disclosure Schedules sets forth (i) a true and complete list of all current insurance or self-insurance policies of all risk properties, including fire, liability, product liability, errors and omissions, malpractice, workers' compensation, vehicular (often referred to as automobile liability), directors' and officers' liability, employment practices, fiduciary liability and any and all other forms of insurance maintained by or on behalf of Saint Mary's or any Saint Mary's Controlled Subsidiary to provide insurance protection for the assets and business thereof (collectively, the "**Saint Mary's Insurance Policies**"); and (ii) a list of all pending claims and the claims history related to Saint Mary's or any Saint Mary's Controlled Subsidiary for the ten (10) year period prior to the Signature Date. To the Knowledge of Saint Mary's, there are no claims related to Saint Mary's or any Saint Mary's Controlled Subsidiary under any such Saint Mary's Insurance Policies as to which coverage has been questioned, denied or disputed or in respect of which there is an outstanding reservation of rights. During the ten (10) years prior to the date hereof, to the Knowledge of Saint Mary's, neither Saint Mary's nor any Saint Mary's Controlled Subsidiary has received any written notice of cancellation of, premium increase with respect to, or alteration of coverage under, any of such Saint Mary's Insurance Policies. All Saint Mary's Insurance Policies are in full force and effect and enforceable in accordance with their terms and have not been subject to any lapse in coverage. To the Knowledge of Saint Mary's, none of Saint Mary's or any Saint Mary's Controlled Subsidiary is in default under, or has otherwise failed to comply with, in any material respect, any provision contained in any such Saint Mary's Insurance Policies. The Saint Mary's Insurance Policies are sufficient for compliance with all applicable Laws and Contracts to which either Saint Mary's or any Saint Mary's Controlled Subsidiary is a party. True and complete copies of the Saint Mary's Insurance Policies have been made available to Trinity Health.

Section 6.26 Medical Staff. SMH has an open medical staff other than with respect to hospital-based service lines where the medical staff has been closed for purposes of granting an exclusive contract or otherwise. Saint Mary's has made available to NE-RHM a true and complete copy of medical staff privilege and membership application forms used by the Saint Mary's Hospitals, including a description of medical staff privileges, all current medical staff bylaws, rules and regulations, and amendments thereto, all credentials and appeals procedures not incorporated therein, and copies of all written Contracts between SMH and physicians, physician groups, or other members of its medical staff. Except as previously disclosed by Saint Mary's to NE-RHM and Trinity Health in writing, there are no pending or, to the Knowledge of Saint Mary's, threatened appeals, challenges, disciplinary or corrective actions, or disputes involving applicants, staff members, or health professionals at SMH. To the Knowledge of Saint

Mary's, no member of the medical staff of SMH (i) is currently excluded, debarred or otherwise ineligible to participate in Government Programs, (ii) has been convicted of a criminal offense related to the provision of health care items or services but has not yet been excluded, debarred or otherwise declared ineligible to participate in the Government Programs, or (iii) is under an investigation that may result in exclusion from participation in the Government Programs.

Section 6.27 Brokers. Except for Hammond Hanlon Camp LLC, no broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transaction contemplated by this Agreement or any other Transaction Document based upon arrangements made by or on behalf of Saint Mary's or any Saint Mary's Controlled Subsidiary.

Section 6.28 Due Diligence. Saint Mary's has provided or caused to be provided to NE-RHM, Trinity Health and their Representatives all information and documents regarding the business operations and facilities of Saint Mary's and the Saint Mary's Controlled Subsidiaries that have been requested by NE-RHM and Trinity Health in connection with NE-RHM's and Trinity Health's due diligence review in connection with the transaction contemplated by this Agreement. In that regard, Saint Mary's acknowledges and agrees that the representations and warranties set forth in this **Article VI** apply with full force and effect regardless of any due diligence investigation conducted by NE-RHM, Trinity Health, or their Representatives, prior to the Closing Date.

Section 6.29 Full Disclosure. No representation or warranty by Saint Mary's in this Agreement and no statement contained in the Disclosure Schedules to this Agreement or any certificate or other document furnished or to be furnished to NE-RHM or Trinity Health by Saint Mary's pursuant to this Agreement contains any untrue statement of a material fact, or omits to state a material fact necessary to make the statements contained therein, in light of the circumstances in which they are made, not misleading.

Section 6.30 No Other Representations and Warranties. Except for the representations and warranties contained in this **Article VI** (including the related portions of the Disclosure Schedules), neither Saint Mary's nor any other Person has made or makes any other express or implied representation or warranty, either written or oral, on behalf of Saint Mary's.

ARTICLE VII
REPRESENTATIONS AND WARRANTIES OF NE-RHM AND TRINITY HEALTH

Except as set forth in the Disclosure Schedules or as otherwise set forth below, NE-RHM and Trinity Health, where applicable, represent and warrant to Saint Mary's that the statements contained in this **Article VII** are true and correct as of the Signature Date and will be true and correct as of the Closing Date subject to any updates in the Disclosure Schedules delivered by NE-RHM or Trinity Health prior to the Closing Date.

Section 7.01 Organization and Corporate Authority of NE-RHM and Trinity Health.

(a) NE-RHM is a non-stock corporation, duly organized and validly existing in good standing under the laws of Connecticut. NE-RHM has all requisite corporate power and

corporate authority to enter into this Agreement and the other Transaction Documents to which it will be a party and to perform its obligations hereunder and thereunder.

(b) Trinity Health is a nonprofit corporation, duly organized and validly existing in good standing under the laws of the State of Indiana. Trinity Health has all requisite corporate power and corporate authority to enter into this Agreement and the other Transaction Documents to which it will be a party and to perform its obligations hereunder and thereunder.

Section 7.02 Tax-Exempt Status. Each of NE-RHM and Trinity Health is exempt from federal income taxation pursuant to Section 501(a) of the Code, as an organization described in Section 501(c) (3) of the Code, and is not a "private foundation" as defined in Section 509(a) of the Code, as evidenced by either a determination letter from the IRS or a listing in the Official Catholic Directory. Neither NE-RHM nor Trinity Health has within the past three (3) most recent fiscal years received any written correspondence or notice from any taxing authority that any of its exemptions from Tax have been or may be revoked, modified or under consideration or review. Neither NE-RHM nor Trinity Health has taken any action that may cause it to lose its exemption from taxation under Section 501(a) of the Code.

Section 7.03 Authorization and Enforceability of this Agreement. The execution, delivery and performance of this Agreement by NE-RHM and Trinity Health (including the execution, delivery and performance of any Transaction Document to which it will be a party) have been duly authorized by all necessary corporate action as required by their Organizational Documents or policies. This Agreement has been duly executed and delivered by NE-RHM and Trinity Health and constitutes a valid and legally binding obligation of each of them, enforceable against each of them in accordance with its terms, subject to Applicable Exceptions.

Section 7.04 No Conflicts; Consents. The execution, delivery and performance by NE-RHM and Trinity Health of this Agreement and the other Transaction Documents to which each is a party, and the consummation of the transaction contemplated hereby and thereby, do not and will not: (a) result in a violation or breach of any provision of their Organizational Documents; (b) conflict with or result in a violation or breach of any provision of any Law or Governmental Order applicable to either of them; or (c) except as set forth in **Schedule 7.04** of the Disclosure Schedules, require the consent, notice or other action by any Person under, conflict with, result in a violation or breach of, constitute a default under or result in the acceleration of any agreement to which NE-RHM or Trinity Health is a party, except in the cases of clauses (b) and (c), where the violation, breach, conflict, default, acceleration or failure to give notice would not have a Material Adverse Effect with respect to NE-RHM or Trinity Health, as the case may be. No consent, approval, Permit, Governmental Order, declaration or filing with, or notice to, any Governmental Authority is required by or with respect to NE-RHM or Trinity Health in connection with the execution and delivery of this Agreement and the other Transaction Documents and the consummation of the transaction contemplated hereby and thereby, except for such filings as set forth in **Schedule 7.04** of the Disclosure Schedules and such consents, approvals, Permits, Governmental Orders, declarations, filings or notices which would not have a Material Adverse Effect with respect to NE-RHM or Trinity Health, as the case may be.

Section 7.05 Brokers. Except for Kaufman, Hall & Associates, LLC, no broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in

connection with the transaction contemplated by this Agreement or any other Transaction Document based upon arrangements made by or on behalf of NE-RHM or Trinity Health.

Section 7.06 Legal Proceedings. There are no actions, suits, claims, investigations or other legal proceedings pending or, to NE-RHM's or Trinity Health's Knowledge, threatened against or by NE-RHM or Trinity Health or any Affiliate of either of them that challenge or seek to prevent, enjoin or otherwise delay the transaction contemplated by this Agreement. No event has occurred nor do any circumstances exist that may give rise to, or serve as a basis for, any such action, suit, claim, investigation or other legal proceeding except for such actions, suits, claims, investigations or other legal proceedings that would not, in the aggregate, have a Material Adverse Effect with respect to NE-RHM or Trinity Health, as the case may be.

Section 7.07 Financial Statements.

(a) NE-RHM has made available to Saint Mary's copies of the audited consolidated financial statements for NE-RHM as of September 30, for each of the years 2012, 2013, and 2014 (collectively the "NE-RHM Financial Statements"). The NE-RHM Financial Statements have been prepared in accordance with GAAP applied on a consistent basis throughout the period involved. The NE-RHM Financial Statements fairly present in all material respects the financial condition of NE-RHM and the NE-RHM Controlled Subsidiaries as of the respective dates they were prepared and the results of the operations of NE-RHM and the NE-RHM Controlled Subsidiaries for the periods indicated.

(b) Trinity Health has (i) made available the following to Saint Mary's: (1) copies of the audited consolidated financial statements for Trinity Health as of June 30, for each of the years 2012, 2013, and 2014, and (2) copies of the audited consolidated financial statements of Catholic Health East as of December 31, for each of the years 2011 and 2012, and (ii) made publicly available unaudited consolidated financial statements of Trinity Health on a quarterly basis following the end of its most recent fiscal year (collectively the "**Trinity Health Financial Statements**"). The Trinity Health Financial Statements have been prepared in accordance with GAAP applied on a consistent basis throughout the period involved. The Trinity Health Financial Statements fairly present in all material respects the financial condition of Trinity Health and the Trinity Health Controlled Subsidiaries as of the respective dates they were prepared and the results of the operations of Trinity Health and the Trinity Health Controlled Subsidiaries for the periods indicated.

Section 7.08 Compliance with Laws; Permits.

(a) Except as set forth in **Schedule 7.08(a)** of the Disclosure Schedules, NE-RHM and the NE-RHM Controlled Subsidiaries are in material compliance with all Laws applicable to their respective businesses, properties and assets including, without limitation, the False Claims Act (31 U.S.C. § 3729, et seq.), the Civil Monetary Penalties Law (42 U.S.C. § 1320a-7a), federal and state anti-kickback statutes (including 42 U.S.C. § 1320a 7b), federal and state referral laws (including 42 U.S.C. §1395nn), criminal false claims statutes (e.g. 18 U.S.C. §§ 287 and 1001), and the Beneficiary Inducement Statute (42 U.S.C. §1320a-7a(a)(5)). NE-RHM has not received notice of any violation of any such Laws nor, to the Knowledge of NE-RHM, does there exist any facts which would provide a basis for such claims.

(b) All Permits required for NE-RHM and the NE-RHM Controlled Subsidiaries to conduct their respective businesses as currently conducted or for the ownership and use of their assets have been obtained and are valid and in full force and effect, except where the failure to obtain such Permits would not have a Material Adverse Effect with respect to NE-RHM. All fees and charges with respect to such Permits have been paid in full. NE-RHM has disclosed to Saint Mary's all current material Permits issued to NE-RHM and the NE-RHM Controlled Subsidiaries which relate to their operations as currently conducted or the ownership and use of their assets, including the names of the Permits and their respective dates of issuance and expiration. No event has occurred that, with or without notice or lapse of time or both, would reasonably be expected to result in the revocation, suspension, lapse or limitation of any such Permit except such revocations, suspensions, lapses or limitations that would not in the aggregate result in a Material Adverse Effect.

(c) NE-RHM has made available to Saint Mary's pursuant to due diligence requests a copy of the most recent state licensing reports and lists of deficiencies, if any, and the most recent fire marshal surveys and list of deficiencies, if any, for the NE-RHM Controlled Subsidiaries. Each NE-RHM Controlled Subsidiary is in compliance in all material respects with applicable fire code regulations. NE-RHM has cured or submitted a plan of correction with respect to the deficiencies noted in any such licensure surveys and fire marshal reports and shall provide documentation that such cures and/or plans of correction have been accepted by the appropriate Governmental Authority as of the Closing Date.

(d) There are no outstanding patient complaints with respect to any NE-RHM Controlled Subsidiary which have been substantiated by a Governmental Authority and which have not been cured or are not the subject of a plan of correction accepted by the applicable Governmental Authority, except such complaints as would not in the aggregate result in a Material Adverse Effect. All fines imposed, if any, against the NE-RHM Controlled Subsidiaries with respect to any patient complaints have been paid in full.

Section 7.09 Medicare Participation/Accreditation

(a) Each NE-RHM Provider is eligible without restriction for participation in the Government Programs and have current and valid provider contracts with the Government Programs and are each in compliance with the applicable conditions of participation for the Government Programs in all material respects. There is neither pending, nor, to the Knowledge of NE-RHM, threatened, any proceeding or investigation under the Government Programs involving any NE-RHM Provider. NE-RHM has made available to Saint Mary's true and complete copies of the most recent Government Program survey reports and all plans of correction, if any, which were required in response to such surveys and, except as set forth in **Schedule 7.09(a)** of the Disclosure Schedules, all such plans of correction have been accepted by the applicable Government Program and all have been or are in the process of being implemented.

(b) Each of the NE-RHM Providers has timely filed all required Government Program cost reports for all the fiscal years through and including the most current fiscal year. To the Knowledge of NE-RHM, all of such cost reports are complete and correct in all material respects and such cost reports do not claim, and none of the NE-RHM Providers have received, reimbursement in excess of the amounts provided by Law or any applicable agreement. True and

complete copies of all such cost reports for the three (3) most recent fiscal years of the NE-RHM Providers have been furnished to Saint Mary's. Except for routine claims for reimbursement made in the ordinary course of business and except as set forth in **Schedule 7.09(b)** of the Disclosure Schedules, there are no claims, actions or appeals pending before any commission, board or agency, including any fiscal intermediary or carrier, the Provider Reimbursement Review Board or the Administrator of the Centers for Medicare and Medicaid Services, with respect to Government Program claims filed on behalf of those providers.

(c) The billing practices of the NE-RHM Providers with respect to all third party payors, including the Government Programs and private insurance companies, have been performed in the ordinary course of business and, to the Knowledge of NE-RHM, are in compliance in all material respects with all applicable Law and billing requirements of such third party payors and Government Programs, and none of the NE-RHM Providers have knowingly billed or received any material payment or reimbursement in excess of amounts allowed by Law other than underpayments and overpayments arising in the ordinary course of business.

Section 7.10 Compliance Programs

(a) To the Knowledge of NE-RHM, during the past five (5) years, the NE-RHM Providers have maintained and adhered in all material respects to a compliance program designed to promote compliance with all Laws and ethical standards, to improve the quality and performance of operations, and to detect, prevent, and address violations of legal or ethical standards, as applicable.

(b) Upon hiring employees and regularly thereafter, searches of the Office of Inspector General's List of Excluded Individuals/Entities are performed by NE-RHM or its designee to confirm that all employees, independent contractors, consultants, medical staff members, and other Persons providing any services under any Contract with NE-RHM or a NE-RHM Subsidiary are not, as of the date of such search, excluded, debarred or otherwise ineligible to participate in the Government Programs. Neither NE-RHM nor any NE-RHM Subsidiary has received written notice that (i) any Person providing services under a contract with NE-RHM or any NE-RHM Subsidiary or (ii) any employee, contractor, or medical staff member performing services for NE-RHM or any NE-RHM Subsidiary is charged with or has been convicted of a criminal offense related to the Government Programs, but has not yet been excluded, debarred or otherwise declared ineligible to participate in such programs or is proposed for exclusion therefrom.

(c) NE-RHM has made available to Saint Mary's all records, audit reports and logs maintained by or on behalf of the NE-RHM Providers in connection with their respective compliance programs. Except for matters set forth in such records, audit reports and logs, or as otherwise disclosed to Saint Mary's, to the Knowledge of NE-RHM, there are no actual or potential violations by any of the NE-RHM Providers or any of their directors, officers or employees of any Law applicable to the Government Programs for which criminal penalties, civil monetary penalties or exclusion may be authorized.

Section 7.11 Corporate Integrity Agreements. Neither NE-RHM nor any NE-RHM Controlled Subsidiary (i) is a party to a corporate integrity agreement or to a Certification of Compliance Agreement with the Office of the Inspector General of the United States Department

of Health and Human Services, (ii) has any reporting obligations pursuant to any settlement agreement entered into with any Governmental Authority, (iii) to the Knowledge of NE-RHM, is the subject of any Government Program investigation, (iv) has been a defendant in any qui tam/False Claims Act litigation, (v) to the Knowledge of NE-RHM, has been served with or received any search warrant, subpoena, civil investigation demand, contact letter or telephone or personal contact by or from any Governmental Authority, and (vi) to the Knowledge of NE-RHM, has received any complaints through any compliance "hotlines" from employees, independent contractors, vendors, physicians, or any other Persons that would indicate, based on due inquiry by NE-RHM, that NE-RHM or any NE-RHM Controlled Subsidiary, or any of their respective directors, officers, or employees, has violated any Law which has not been (or are not being) addressed in accordance with the applicable party's compliance program.

Section 7.12 HIPAA. To the Knowledge of NE-RHM, each NE-RHM Controlled Subsidiary that is a "**Covered Entity**" (as defined in HIPAA) is in material compliance with the applicable rules and regulations promulgated under HIPAA pursuant to 45 CFR Parts 160, 162, and 164 (subparts A, D and E) and the changes thereto imposed by HITECH. None of these entities have been the subject of an enforcement action by or resolution agreement with the U.S. Department of Health & Human Services, Office for Civil Rights or any other Governmental Authority related to HIPAA within the past three (3) years. A list of all breach notifications made by any of these entities pursuant to HIPAA is set forth on **Schedule 7.12**.

Section 7.13 Financial Capacity. NE-RHM and Trinity Health currently have the financial capacity to perform all of their obligations under this Agreement without any conditions or contingencies.

Section 7.14 Due Diligence. NE-RHM and Trinity Health have provided or caused to be provided to Saint Mary's and its Representatives all information and documents regarding the business operations and facilities of NE-RHM and Trinity Health that have been requested by Saint Mary's in connection with Saint Mary's due diligence review in connection with the transaction contemplated by this Agreement. In that regard, NE-RHM and Trinity Health acknowledge and agree that the representations and warranties set forth in this **Article VII** apply with full force and effect regardless of any due diligence investigation conducted by Saint Mary's, or its Representatives, prior to the Closing Date.

Section 7.15 Full Disclosure. No representation or warranty by NE-RHM or Trinity Health in this Agreement and no statement contained in the Disclosure Schedules to this Agreement or any certificate or other document furnished or to be furnished to Saint Mary's pursuant to this Agreement contains any untrue statement of a material fact, or omits to state a material fact necessary to make the statements contained therein, in light of the circumstances in which they are made, not misleading.

Section 7.16 No Other Representations and Warranties. Except for the representations and warranties contained in this **Article VII** (including the related portions of the Disclosure Schedules), neither NE-RHM, Trinity Health nor any other Person has made or makes any other express or implied representation or warranty, either written or oral, on behalf of NE-RHM or Trinity Health.

ARTICLE VIII
COVENANTS

Section 8.01 Conduct of Operations Prior to the Effective Date.

(a) From the Signature Date until the Effective Date, except as otherwise provided in this Agreement or consented to in writing by NE-RHM and Trinity Health (which consent shall not be unreasonably withheld, conditioned or delayed), Saint Mary's shall, and shall cause the Saint Mary's Controlled Subsidiaries to, (i) conduct the business of Saint Mary's and the Saint Mary's Controlled Subsidiaries in the ordinary course of business; and (ii) use commercially reasonable efforts to maintain and preserve intact the current organization and operations and to preserve the rights and relationships of the employees, physicians, patients, suppliers, regulators and others having relationships with Saint Mary's and the Saint Mary's Controlled Subsidiaries.

(b) From the date hereof until the Effective Date, except as consented to in writing by NE-RHM and Trinity Health, Saint Mary's (i) shall not take any action that would cause any of the changes, events or conditions described in **Section 6.08(a), (b), (c), (o),** or **(q)** to occur, (ii) shall not take any action that would cause any of the changes, events or conditions described in **Section 6.08(d), (e), (h), (i), (k), (m), (n),** or **(p)** to occur without NE-RHM's and Trinity Health's prior written consent, which will not be unreasonably withheld, conditioned or delayed, and (iii) shall notify NE-RHM and Trinity Health of any event or condition described in **Section 6.08(f), (g), (j),** or **(l)**. Saint Mary's shall promptly notify NE-RHM and Trinity Health of any Material Adverse Effect or any events that, individually or in the aggregate, with or without the lapse of time, could be reasonably expected to result in a Material Adverse Effect.

Section 8.02 Regional Strategy/Structure and Integration Plan. As soon as legally permissible following the Signature Date, the Parties will begin developing the framework for an integration plan to facilitate a smooth operational and administrative transition of Saint Mary's becoming part of the Regional Health Ministry. The integration plan will identify and prioritize near-term and long-term integration and planning needs as well as strategic opportunities and operational improvements that could be developed and implemented after the Effective Date.

Section 8.03 Access to Information.

(a) From the date hereof until the Closing, Saint Mary's shall (a) afford NE-RHM, Trinity Health and their Representatives reasonable access to and the right to inspect all of the Real Property, properties, assets, premises, books and records, Contracts and other documents and data related to Saint Mary's and the Saint Mary's Controlled Subsidiaries; (b) furnish NE-RHM and Trinity Health and their Representatives with such financial, operating and other data and information related to Saint Mary's and the Saint Mary's Controlled Subsidiaries as NE-RHM, Trinity Health or any of their Representatives may reasonably request; and (c) instruct the Representatives of Saint Mary's to cooperate with NE-RHM and Trinity Health in their investigation of Saint Mary's and the Saint Mary's Controlled Subsidiaries; provided, however, that any such investigation shall be conducted during normal business hours upon reasonable advance notice to Saint Mary's, under the supervision of Saint Mary's' personnel and in such a manner as not to interfere with the conduct of the business of Saint Mary's and the Saint Mary's Controlled Subsidiaries.

(b) From the date hereof until the Closing, NE-RHM and Trinity Health shall furnish Saint Mary's and its Representatives with such financial, operating and other data and information as is reasonably necessary in the reasonable opinion of Saint Mary's to demonstrate NE-RHM's and Trinity Health's ability to satisfy their obligations under this Agreement.

Section 8.04 Efforts to Consummate. Subject to the terms and conditions of this Agreement, the Parties shall (and shall cause their respective Affiliates to) use commercially reasonable efforts to take all actions and to do all things necessary, proper or advisable to consummate the transaction contemplated by this Agreement as promptly as practicable, including using commercially reasonable efforts to (a) provide all required notices to third parties, (b) make any filing with and obtain any consent, authorization, order or approval of, or any exemption by, any Governmental Authority that is required to be made or obtained in connection with the transaction contemplated by this Agreement, including, without limitation, those required under the HSR Act and obtaining all certificates of need ("**CONs**"), as described below, (c) obtain any church and canonical approvals required in connection with the alienation of property arising from the transaction contemplated by this Agreement, (d) obtain the approval of the Archbishop of Hartford to the transaction contemplated by this Agreement, (e) obtain any consent, waiver, approval or authorization from any other third party required in order to maintain in full force and effect any of the contracts, licenses or other rights of Saint Mary's Indemnity Company, LLC, the Saint Mary's Providers, and the Joint Ventures, including hospital licenses, following the Effective Date, and (f) cause the conditions in **Article IX** applicable to it to be satisfied at or prior to Closing. Without limiting the foregoing, NE-RHM and Saint Mary's shall collaborate on the development and prosecution of a joint CON application to be filed with the State of Connecticut Office of Health Care Access ("**OHCA**") for approval of the transactions contemplated by this Agreement. The parties agree that NE-RHM will prepare the first draft of the CON application, including all documents and exhibits related thereto, which shall be subject to review by the Parties and shall be approved by Trinity Health, NE-RHM, and Saint Mary's before the final CON application is filed with OHCA.

Section 8.05 Updated Financial Statements. Within twenty (20) days following the end of each calendar month ending prior to the Closing Date, Saint Mary's will deliver to NE-RHM true and complete copies of the unaudited consolidated financial statements for Saint Mary's and the Saint Mary's Controlled Subsidiaries, in each case prepared in a manner consistent with the Financial Statements described in **Section 6.06** hereof, and which shall fairly present the financial condition and results of operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries as of, and for the month ended on, the date thereof and which shall properly reflect all liabilities incurred by Saint Mary's and the Saint Mary's Controlled Subsidiaries since the date of the Financial Statements described in **Section 6.06**. The last such updated financial statements to be delivered shall be as of and for the month ended on the day prior to the Closing Date. Additionally, Saint Mary's shall deliver to NE-RHM a copy of the audited financial statements of Saint Mary's and each Saint Mary's Controlled Subsidiary for the fiscal year ending September 30, 2015, within five (5) days of their completion.

Section 8.06 Employment Matters.

(a) Subject to NE-RHM's and Trinity Health's due diligence review, (i) all active employees of Saint Mary's and the Saint Mary's Controlled Subsidiaries as of the Effective Date

(the "**Saint Mary's Employees**") will retain their current employment pursuant to terms and conditions substantially similar to the terms and conditions of such employees' employment immediately prior to the Effective Date, and (ii) all current employment policies, commitments and benefit plans of Saint Mary's and the Saint Mary's Controlled Subsidiaries will remain in effect after the Effective Date until the same are amended, modified, replaced or terminated. The employment of the Saint Mary's Employees will continue to be at-will following the Effective Date and NE-RHM or a Saint Mary's Controlled Subsidiary (with the consent of NE-RHM) shall have the authority to make changes regarding the terms or conditions of employment of the Saint Mary's Employees consistent with the business needs of NE-RHM.

(b) As soon as reasonably practicable, the Saint Mary's Employees shall be provided benefits comparable to those provided to other similarly situated employees of NE-RHM. Service credit will be granted to the Saint Mary's Employees under NE-RHM or Trinity Health, as the case may be, employee benefit plans or programs including, but not limited to, any retirement, 403(b), 401(k), profit sharing, health and welfare (other than any post-employment health or post-employment welfare plan eligibility), life, disability, vacation or paid time-off, severance and similar plans of NE-RHM or of Trinity Health, as the case may be, in which the Saint Mary's Employees are eligible to participate after the Effective Date for their continuous employment with Saint Mary's or a Saint Mary's Controlled Subsidiary from their most recent hire date by Saint Mary's or a Saint Mary's Controlled Subsidiary through the Effective Date for purposes of (i) satisfying any and all eligibility and participation requirements under such plans; (ii) determining the vested status of the Saint Mary's Employees under such plans; and (iii) determining the amount and duration of any benefits under such plans to the extent that service or seniority is a consideration in calculating benefits, but no credit for any service will be required that would result in a duplication of benefits, such as pension or retirement benefits, or an accrual of such a benefit for a period of time prior to the Effective Date. Notwithstanding the foregoing, such service credit will be granted only to the extent service with NE-RHM or Trinity Health is recognized under any such plan, program, policy or arrangement, and will not be granted to the extent such service is prior to a specific date before which service would not have been credited for employees of Trinity Health. In addition, such service credit will be provided only to the extent that Saint Mary's provides to Trinity Health comprehensive and complete records of such prior service that includes the duration of service and the hours worked.

(c) No provision of this **Section 8.06** shall be treated as an amendment to any Saint Mary's Benefit Plan or any employee benefit plan, program, policy, arrangement or agreement of Trinity Health. Notwithstanding anything else contained in this **Section 8.06**, the Parties do not intend for this **Section 8.06**, or any term, provision, condition or agreement contained herein, to amend any plans or arrangements or create any rights or obligations except as between the Parties to this Agreement and no provisions of this Agreement shall constitute such an amendment to any plan or arrangement, whether directly, by implication or impliedly, or by interpretation thereof, and no past, present or future director, owner, employee or other service provider (or such Person's spouse, dependent or beneficiary) will be treated as a third-party beneficiary of this Agreement.

Section 8.07 Insurance.

(a) From and after the date hereof through: (i) the end of the statute of limitations period applicable to an insurable claim in the case of a "claims made" policy, and (ii) the Effective Date for an "occurrence-based" policy, Saint Mary's, on behalf of itself and each Saint Mary's Controlled Subsidiary, shall at its expense maintain or caused to be maintained in effect policies of insurance (together with evidence of paid premiums with respect to such binders) providing substantially the same coverage as in effect on the date hereof as listed on **Schedule 6.25** which insure potential liability of Saint Mary's and the Saint Mary's Controlled Subsidiaries arising from the conduct of their business operations for any acts, omissions, events, claims or occurrences arising out of or otherwise related thereto prior to the Effective Date, including, without limitation, any general liability insurance policies. In the event that Saint Mary's or an applicable Saint Mary's Controlled Subsidiary does not replace or maintain a policy that is a "claims-made" policy, Saint Mary's will or cause the applicable Saint Mary's Controlled Subsidiary to negotiate an extended reporting period for a period of not less than the end of the applicable statute of limitations period or six (6) years, whichever is greater, following the Effective Date.

(b) Saint Mary's shall or shall cause the applicable Saint Mary's Controlled Subsidiaries to, as promptly as possible, notify such carriers of any claims affecting such policies.

(c) If any of the policies of insurance described in **Schedule 6.25** are due to expire or renew prior to the Closing Date, Saint Mary's will provide the binder of insurance that demonstrates that the policy terms and conditions have not been changed, and that the full premium has been paid, and Trinity Health shall have the right to review these policies prior to the Closing Date. Additionally, Saint Mary's will or cause the applicable Saint Mary's Controlled Subsidiary to obtain and provide tail insurance for any policy that is on a claims-made basis and provide Trinity Health with evidence of such tail insurance.

(d) For any and all insurance policies described in **Schedule 6.25** with a provision that may cause a policy to be cancelled or go into automatic "run-off" (e.g., management liability such as directors and officers, fiduciary, employment practices, and cyber) due to a change in control of ownership, Saint Mary's will provide evidence that tail, either through endorsement to an existing policy or under a separate policy affording the same terms and conditions that were in place prior to the Closing, has been purchased for a minimum of six (6) years. Such binder and evidence of payment for this tail will be presented to Trinity Health prior to the Closing Date.

Section 8.08 Title and Survey Matters.

(a) Prior to the Closing Date, Saint Mary's shall obtain a current title commitment (the "**Title Commitment**") issued by a national title insurance company selected by Saint Mary's but acceptable to NE-RHM (the "**Title Company**"), together with legible copies of all exceptions to title referenced therein, with respect to the Owned Real Property listed in **Schedule 8.08(a)** (the "**Insured Real Property**"). The Title Commitment shall contain the express commitment of the Title Company to issue a standard form ALTA Owner's Title Policy (each a "**Title Policy**") in an amount equal to the allocated value of the Insured Real Property, insuring good and marketable fee simple title to such Insured Real Property with the standard printed exceptions deleted in

accordance with **Section 8.08(c)** below. Saint Mary's shall promptly upon receipt provide a copy of the Title Commitment and, upon request, each exception document to NE-RHM.

(b) NE-RHM may, at its expense, obtain current as built surveys of any parcels of Insured Real Property (each a "**Survey**"), as it elects. NE-RHM shall promptly upon its receipt furnish a copy of any Survey to Saint Mary's and to the Title Company. NE-RHM shall, with respect to each Insured Real Property, have forty-five (45) days after receipt of both the Title Commitment and copies of all documents constituting exceptions to title to such Insured Real Property and the Survey of such Insured Real Property to review such Title Commitment and Survey (each, the "**Review Period**"). If NE-RHM objects to any matters (other than Permitted Encumbrances) in the Title Commitment or Survey of the applicable Insured Real Property, NE-RHM shall notify Saint Mary's in writing prior to the expiration of the applicable Review Period. In the event NE-RHM objects to such matters contained in any Title Commitment or Survey, then Saint Mary's shall either (i) cure or cause such objections to be cured, or (ii) within fifteen (15) days following NE-RHM's notification to Saint Mary's of its objection regarding such Insured Real Property, inform NE-RHM that it is unwilling or unable to cure some or all of such objections. If Saint Mary's is unable or unwilling to cure such matters, then NE-RHM may either (A) consummate the transaction contemplated by this Agreement, in which event such uncured matters to which NE-RHM has objected shall be deemed to constitute Permitted Encumbrances, or (B) terminate this Agreement, but only if the uncured matters have a material adverse effect on (1) the ownership or value of the Insured Real Property, taken as a whole, or (2) the continued use and operation of the Insured Real Property, taken as a whole, following the Closing for the same purposes as used and operated prior to Closing. Notwithstanding the foregoing, the procurement by Saint Mary's of affirmative insurance coverage insuring that an exception to title reflected in the Existing Title Policies provided to NE-RHM does not materially interfere with the use or operation of the premises for its intended or current use or operation shall cause such exception to be deemed a Permitted Encumbrance.

(c) On or before the Closing Date, Saint Mary's shall cause the Title Company to issue a pro forma Title Policy (or marked Title Commitment) for the Insured Real Property. If any such pro forma or marked Title Commitment contains exceptions to title in addition to the Permitted Encumbrances for such Insured Real Property, and such additional exceptions have a material adverse effect on (1) the ownership or value of the Insured Real Property, taken as a whole, or (2) the continued use and operation of the Insured Real Property, taken as a whole, following the Closing for the same purposes as used and operated prior to Closing, then NE-RHM shall have fifteen (15) days after receipt of such pro forma or marked Title Commitment, as applicable, to object in writing to such additional exceptions, and the process set forth in the last three (3) sentences of **Section 8.08(b)** shall be followed with respect to such additional exceptions. The Title Policy, if issued, shall be issued on a standard form ALTA Owner's Title Policy with the standard printed exceptions deleted (other than the standard printed exceptions that can be removed by the Title Company based only upon an accurate survey of the property, unless NE-RHM provides the survey required by the Title Company to remove such standard printed exceptions), providing insurance in an amount equal to the allocated value of the Insured Real Property and shall insure good and marketable fee simple title to the Insured Real Property subject only to Permitted Encumbrances. At Closing, Saint Mary's shall pay the premiums for the Title Policies.

(d) NE-RHM also shall exercise good faith efforts to notify Saint Mary's within 45 days of the Signature Date of any objections that it has to related to any exceptions to title reflected in the Existing Title Policies that Saint Mary's has made available to NE-RHM as of the Signature Date as part of NE-RHM's due diligence review.

Section 8.09 Transfer Taxes. All transfer or similar taxes (including any penalties and interest) and recording fees of any type incurred in connection with the transfer of the Owned Real Property pursuant to this Agreement, if any, and the other Transaction Documents shall be paid in accordance with state law and practice.

Section 8.10 Public Announcements. Unless otherwise required by applicable Law (based upon the reasonable advice of counsel), no Party to this Agreement shall make any public announcements in respect of this Agreement or the transaction contemplated hereby or otherwise communicate with any news media without the prior written consent of the other Party (which consent shall not be unreasonably withheld or delayed), and the Parties shall cooperate as to the timing and contents of any such announcement.

Section 8.11 Confidentiality.

(a) "**Confidential Information**" means all confidential and proprietary information, including data, documents, agreements, files and other materials, whether disclosed orally or disclosed or accessed in written, electronic or other form or media, and whether or not marked, designated or otherwise identified as "confidential," which is obtained from or disclosed by either Party (a "**Disclosing Party**") or its Representatives to the other Party (a "**Recipient**") and its Representatives in connection with this Agreement and the transaction contemplated by this Agreement, including information relating to any Saint Mary's Benefit Plan. The term Confidential Information includes, without limitation, all Confidential Information, as such term is defined in the Confidentiality Agreement, exchanged between the Parties pursuant to the Confidentiality Agreement. The term "**Confidential Information**" does not include information that: (i) at the time of disclosure or thereafter is generally available to and known by the public (other than as a result of its disclosure directly or indirectly by the Recipient or its Representatives in violation of this Agreement); (ii) was available to the Recipient from a source other than the Disclosing Party or its Representatives, provided that such source, to the Recipient's knowledge after reasonable inquiry, is not and was not bound by a confidentiality agreement with the Disclosing Party; or (iii) has been independently acquired or developed by the Recipient without violating any of its obligations under this Agreement or the Confidentiality Agreement.

(b) The Recipient shall keep the Confidential Information strictly confidential and shall not use the Confidential Information for any purpose other than to consummate the transaction contemplated by this Agreement. The Recipient shall not disclose or permit its Representatives to disclose any Confidential Information except: (i) as permitted by this Agreement, (ii) if required by Law, but only in accordance with **Section 8.11(d)**, or (iii) to its Representatives, to the extent necessary to permit such Representatives to assist the Recipient in consummating the transaction contemplated by this Agreement; provided, that the Recipient shall require each such Representative to be bound by the terms of this Agreement to the same extent as if they were parties hereto and the Recipient shall be responsible for any breach of this Agreement by any of its Representatives.

(c) Except for such disclosure as is necessary not to be in violation of any applicable Law, Governmental Order or other similar requirement of any Governmental Authority, or except as otherwise permitted by this Agreement, the Recipient shall not, and shall not permit any of its Representatives to, without the prior written consent of the Disclosing Party, disclose to any person: (i) the fact that the Confidential Information has been made available to it or that it has received or inspected any portion of the Confidential Information, (ii) the existence or contents of this Agreement, (iii) the fact that investigations, discussions or negotiations are taking or have taken place concerning the transaction contemplated by this Agreement, including the status thereof, or (iv) any terms, conditions or other matters relating to the transaction contemplated by this Agreement.

(d) If the Recipient or any of its Representatives is required, in the written opinion of the Recipient's counsel, to disclose any Confidential Information by Law, the Recipient shall (i) take all reasonable steps to preserve the privileged nature and confidentiality of the Confidential Information, including requesting that the Confidential Information not be disclosed to non-Parties or the public; (ii) give the Disclosing Party prompt prior written notice of such request or requirement so that the Disclosing Party may seek, at its sole cost and expense, an appropriate protective order or other remedy; and (iii) cooperate with the Disclosing Party, at the Disclosing Party's sole cost and expense, to obtain such protective order. In the event that such protective order or other remedy is not obtained, the Recipient (or such other persons to whom such request is directed) will furnish only that portion of the Confidential Information which, on the advice of the Recipient's counsel, is legally required to be disclosed and, upon the Disclosing Party's request, use its best efforts to obtain assurances that confidential treatment will be accorded to such information.

(e) Following the termination of this Agreement, both Parties will, as soon as reasonably practicable, (i) return or destroy or cause to be returned or destroyed all documents or other materials furnished by one Party to the other constituting Confidential Information, together with all copies and summaries thereof in the possession or under control of the Recipient or its Representatives, and (ii) destroy materials generated by the Recipient and its Representatives that include or refer to any part of Confidential Information in the possession or control of the Recipient or its Representatives. Notwithstanding the above, both Parties may retain one (1) copy of the Confidential Information and related summaries and analyses in their secure files solely for retention purposes. The Recipient and its Representatives shall continue to be bound by their obligations of confidentiality and other obligations hereunder.

(f) To the extent that any Confidential Information includes materials subject to the attorney-client privilege, none of the Company or the Disclosing Party is waiving, and shall not be deemed to have waived or diminished, its attorney work-product protections, attorney-client privileges or similar protections and privileges as a result of disclosing any Confidential Information (including Confidential Information related to pending or threatened litigation) to the Recipient or any of its Representatives.

(g) This Agreement sets forth the entire agreement regarding the Confidential Information, and supersedes the Confidentiality Agreement, which is hereby terminated in its entirety. If this Agreement is, for any reason, terminated prior to the Closing, the provisions of this **Section 8.11** shall nonetheless continue in full force and effect.

Section 8.12 Updated Disclosure Schedules. Not later than ten (10) business days prior to the Closing Date, Saint Mary's and NE-RHM/Trinity Health shall disclose to each other in writing any updates, supplements, or modifications to the Disclosure Schedules for which they are responsible for under this Agreement such that the Disclosure Schedules are current through that date. Saint Mary's and NE-RHM/Trinity Health shall further update such Disclosure Schedules so that they are current through the Closing Date and are reasonably acceptable to NE-RHM/Trinity Health and Saint Mary's, as applicable.

Section 8.13 Further Assurances. Following the Closing, each of the Parties hereto shall, and shall cause their respective Affiliates to, execute and deliver such additional documents, instruments, conveyances and assurances and take such further actions as may be reasonably required to carry out the provisions hereof and give effect to the transaction contemplated by this Agreement and the other Transaction Documents.

Section 8.14 No Shop. The Parties agree that, for the period commencing upon the execution of this Agreement and ending on the effective date of any termination of this Agreement, neither Saint Mary's nor its officers, directors, employees, or agents will, directly or indirectly: (a) solicit or initiate, directly or indirectly, or encourage submission of any inquiries, proposals or offers from any potential acquirors relating to a merger, reorganization, recapitalization, consolidation or other similar transaction of Saint Mary's or any disposition of the assets or membership interest of Saint Mary's, or any part thereof; or (b) participate in any discussions or negotiations regarding, or furnish to, any Person and information with respect to the merger, consolidation, reorganization, recapitalization or similar transaction of Saint Mary's or any disposition of the assets or membership interest of Saint Mary's, or any part thereof. Saint Mary's shall immediately notify NE-RHM and Trinity Health of any contact between Saint Mary's, its officers, directors, employees or agents, and any other Person regarding any such offer, proposal or related inquiry which proposal or inquiry are received by Saint Mary's after the execution of this Agreement and prior to the Effective Date.

ARTICLE IX
CONDITIONS TO CLOSING

Section 9.01 Conditions to Obligations of NE-RHM and Trinity Health. The obligations of NE-RHM and Trinity Health to consummate the transaction contemplated by this Agreement shall be subject to the fulfillment or NE-RHM's and Trinity Health's waiver, at or prior to the Closing, of each of the following conditions:

(a) The transaction by which Trinity Health will become the corporate member of NE-RHM shall have been completed;

(b) The representations and warranties set forth in **Article VI** are true, accurate and complete in all material respects as of the Closing Date; provided, however, that any representation containing a materiality limitation must be true, accurate and complete in all respects as of the Closing Date;

(c) All of the covenants and obligations that Saint Mary's is required to perform or to comply with pursuant to this Agreement at or prior to the Closing Date must have been duly performed and complied with in all material respects;

(d) From the Signature Date, there shall not have occurred any Material Adverse Effect with respect to Saint Mary's, nor shall any event or events have occurred that, individually or in the aggregate, with or without the lapse of time, could be reasonably expected to result in a Material Adverse Effect with respect to Saint Mary's;

(e) Saint Mary's shall have executed and delivered to NE-RHM and Trinity Health all of the documents, agreements, certificates and deliverables required to be executed or delivered by Saint Mary's pursuant to **Section 5.02**;

(f) All corporate approvals necessary to effectuate this Agreement and the transaction contemplated by this Agreement have been obtained by Saint Mary's;

(g) No action or proceeding before a court or any other governmental agency or body shall have been instituted or threatened to restrain or prohibit the transaction contemplated by this Agreement, and no Governmental Authority shall have taken any other action or made any request of either Trinity Health or Saint Mary's as a result of which Trinity Health reasonably and in good faith deems it inadvisable to proceed with the transaction;

(h) Neither Saint Mary's nor any Saint Mary's Controlled Subsidiary shall (i) be in receivership or dissolution, (ii) have made any assignment for the benefit of creditors, (iii) have admitted inability to pay debts as they mature, (iv) have been adjudicated insolvent or bankrupt, or (v) have filed a petition in voluntary bankruptcy, a petition or answer seeking reorganization, or an arrangement with creditors under the federal bankruptcy Law or any other similar Law or statute of the United States or any state, nor shall any such petition have been filed against Saint Mary's or any Saint Mary's Controlled Subsidiary;

(i) The filings of the Parties pursuant to the HSR Act, if any, shall have been made and the applicable waiting period and any extensions thereof shall have expired or been terminated;

(j) All material consents, waivers and estoppels of any third parties or Government Authorities which are reasonably necessary, in the opinion of NE-RHM and Trinity Health, to effectively complete the transaction contemplated by this Agreement or to operate Saint Mary's and the Saint Mary's Controlled Subsidiaries in the ordinary course of business subsequent to the Closing Date, including all CONs, shall have been obtained or otherwise mutually addressed by NE-RHM, Trinity Health and Saint Mary's pursuant to a separate agreement;

(k) NE-RHM, Trinity Health and Saint Mary's shall have received documentation, assurances, or other satisfactory evidence from all Governmental Authorities that, upon the Effective Date, all Permits required by Law to operate the licensed components of Saint Mary's and the Saint Mary's Controlled Subsidiaries will have been received by NE-RHM or will continue without interruption in the name of NE-RHM or in the names in which the licenses are currently issued without further action on the part of NE-RHM;

(l) NE-RHM and Trinity Health shall have received documentation, assurances, or other satisfactory evidence that the Medicare and Medicaid certifications of the Saint Mary's Providers and the Joint Ventures will continue without interruption as of and after the Effective Date and that the facilities and operations of Saint Mary's and the Saint Mary's Controlled Subsidiaries that are providers in the Government Programs as of the Signature Date shall continue to participate as providers in and be eligible to continue to receive reimbursement from the Government Programs as of and after the Effective Date;

(m) All canonical approvals for Saint Mary's to consummate the transaction contemplated by this Agreement shall have been received; and

(n) Saint Mary's shall have furnished NE-RHM and Trinity Health with:

(i) complete and accurate copies of the Disclosure Schedules for which Saint Mary's is responsible under this Agreement current as of the Closing Date that are reasonably acceptable to NE-RHM and Trinity Health; provided, however, (1) NE-RHM and Trinity Health shall exercise good faith efforts to notify Saint Mary's of any objections to the Disclosure Schedules provided as of the Signature Date by Saint Mary's, and (2) all such Disclosure Schedules and any new Disclosure Schedules or updates to the Disclosure Schedules shall be deemed reasonably acceptable to NE-RHM and Trinity Health unless one or more matters disclosed on such Disclosure Schedules constitutes a Material Adverse Effect;

(ii) custody of the corporate record book and all records of Saint Mary's and the Saint Mary's Controlled Subsidiaries;

(iii) custody of all Contracts of Saint Mary's and the Saint Mary's Controlled Subsidiaries;

(iv) custody of all keys, security codes and entry cards, and other items of information necessary to gain access to and occupy the Real Property in the normal course;

(v) certificates signed by the authorized officers of the Saint Mary's, reasonably satisfactory in form and substance to NE-RHM, certifying that (a) each covenant and agreement to be performed by Saint Mary's prior to or as of the Closing Date has been performed, and (b) as of the Closing Date, all of the representations and warranties by or on behalf of the Saint Mary's contained in this Agreement are true, accurate and complete in all material respects, subject to the qualification set forth in subsection (a) above; and

(vi) such other customary instruments of transfer, assumption, filings or documents, in form and substance reasonably satisfactory to NE-RHM and Trinity Health, as may be required to give effect to this Agreement.

Section 9.02 Conditions Precedent to Obligations of Saint Mary's. The obligations of Saint Mary's to consummate the transaction contemplated by this Agreement shall be subject to the fulfillment or Saint Mary's' waiver, at or prior to the Closing, of each of the following conditions:

(a) The transaction by which Trinity Health will become the corporate member of NE-RHM shall have been completed;

(b) The representations and warranties set forth in **Article VII** are true, accurate and complete in all material respects as of the Closing Date; provided, however, that any representation containing a materiality limitation must be true, accurate and complete in all respects as of the Closing Date;

(c) All of the covenants and obligations that NE-RHM and Trinity Health are required to perform or to comply with pursuant to this Agreement at or prior to the Closing Date must have been duly performed and complied with in all material respects;

(d) From the Signature Date, there shall not have occurred any Material Adverse Effect with respect to NE-RHM or Trinity Health, as the case may be, nor shall any event or events have occurred that, individually or in the aggregate, with or without the lapse of time, could be reasonably expected to result in a Material Adverse Effect with respect to NE-RHM or Trinity Health as the case may be;

(e) NE-RHM and Trinity Health shall have executed and delivered to Saint Mary's all of the documents, agreements, certificates and deliverables required to be executed or delivered by them pursuant to **Section 5.02**;

(f) All corporate approvals necessary to effectuate this Agreement and the transaction contemplated by this Agreement have been obtained by NE-RHM and Trinity Health;

(g) No action or proceeding before a court or any other governmental agency or body shall have been instituted or threatened to restrain or prohibit the transaction contemplated by this Agreement, and no Governmental Authority shall have taken any other action or made any request of either NE-RHM or Saint Mary's as a result of which Saint Mary's reasonably and in good faith deems it inadvisable to proceed with the transaction;

(h) Neither Trinity Health nor NE-RHM shall (i) be in receivership or dissolution, (ii) have made any assignment for the benefit of creditors, (iii) have admitted inability to pay debts as they mature, (iv) have been adjudicated insolvent or bankrupt, or (v) have filed a petition in voluntary bankruptcy, a petition or answer seeking reorganization, or an arrangement with creditors under the federal bankruptcy Law or any other similar Law or statute of the United States or any state, nor shall any such petition have been filed against NE-RHM or Trinity Health;

(i) The filings of the Parties pursuant to the HSR Act, if any, shall have been made and the applicable waiting period and any extensions thereof shall have expired or been terminated;

(j) All material consents, waivers and estoppels of any third parties which are reasonably necessary, in the opinion of Saint Mary's, to effectively complete the transaction contemplated by this Agreement, including without limitation all CONs and other required approvals of Governmental Authorities, shall have been obtained or otherwise mutually addressed by Saint Mary's, NE-RHM and Trinity Health pursuant to a separate agreement;

(k) NE-RHM, Trinity Health and Saint Mary's shall have received documentation, assurances, or other satisfactory evidence from all Governmental Authorities that, upon the Effective Date, all Permits required by Law to operate the licensed components of Saint Mary's and the Saint Mary's Controlled Subsidiaries will have been received by NE-RHM or will continue without interruption in the name of NE-RHM or in the names in which the licenses are currently issued without further action on the part of NE-RHM;

(l) All canonical approvals for Saint Mary's to consummate the transaction contemplated by this Agreement shall have been received;

(m) The Wable Employment Agreement shall have been fully executed and delivered; and

(n) NE-RHM and Trinity Health shall have furnished Saint Mary's with:

(i) complete and accurate copies of the Disclosure Schedules for which they are responsible under this Agreement current as of the Closing Date; provided, however, (1) Saint Mary's shall exercise good faith efforts to notify NE-RHM and Trinity Health of any objections to the Disclosure Schedules provided as of the Signature Date by NE-RHM and Trinity Health to Saint Mary's, and (2) all such Disclosure Schedules and any new Disclosure Schedules or updates to the Disclosure Schedules shall be deemed reasonably acceptable to Saint Mary's unless one or more matters disclosed on such Disclosure Schedules constitutes a Material Adverse Effect with respect to NE-RHM;

(ii) certificates signed by authorized officers of NE-RHM and Trinity Health, reasonably satisfactory in form and substance to Saint Mary's, certifying that (a) each covenant and agreement to be performed by NE-RHM and Trinity Health prior to or as of the Closing Date has been performed, and (b) as of the Closing Date, all of the representations and warranties by or on behalf of NE-RHM and Trinity Health contained in this Agreement are true, accurate and complete in all material respects, subject to the qualification set forth in subsection (a) above; and

(iii) such other customary instruments of transfer, assumption, filings or documents, in form and substance reasonably satisfactory to Saint Mary's, as may be required to give effect to this Agreement.

ARTICLE X
TERMINATION

Section 10.01 Termination. This Agreement may be terminated at any time prior to the Closing:

(a) by the mutual written consent of Saint Mary's, NE-RHM and Trinity Health;

(b) by NE-RHM or Trinity Health by written notice to Saint Mary's if:

(i) Neither NE-RHM nor Trinity Health is then in material breach of any provision of this Agreement and there has been a material breach, inaccuracy in or failure to

perform any representation, warranty, covenant or agreement made by Saint Mary's pursuant to this Agreement that would give rise to the failure of any of the conditions specified in **Article IX** and such breach, inaccuracy or failure cannot be cured by Saint Mary's by December 31, 2016; or

(ii) any of the conditions set forth in **Section 9.01** shall not have been fulfilled by December 31, 2016, unless such failure shall be due to the failure of NE-RHM or Trinity Health to perform or comply with any of the covenants, agreements or conditions hereof to be performed or complied with by it prior to the Closing;

(c) by Saint Mary's by written notice to NE-RHM and Trinity Health if:

(i) Saint Mary's is not then in material breach of any provision of this Agreement and there has been a material breach, inaccuracy in or failure to perform any representation, warranty, covenant or agreement made by NE-RHM or Trinity Health pursuant to this Agreement that would give rise to the failure of any of the conditions specified in **Article IX** and such breach, inaccuracy or failure cannot be cured by NE-RHM or Trinity Health, as the case may be, by December 31, 2016; or

(ii) any of the conditions set forth in **Section 9.02** shall not have been fulfilled by December 31, 2016, unless such failure shall be due to the failure of Saint Mary's to perform or comply with any of the covenants, agreements or conditions hereof to be performed or complied with by it prior to the Closing; or

(d) by NE-RHM, Trinity Health or Saint Mary's in the event that:

(i) there shall be any Law that makes consummation of the transaction contemplated by this Agreement illegal or otherwise prohibited; or

(ii) any Governmental Authority shall have issued a Governmental Order restraining or enjoining the transaction contemplated by this Agreement, and such Governmental Order shall have become final and non-appealable; or

(iii) the transaction by which Trinity Health will become the corporate member of NE-RHM is not completed by January 1, 2016.

Section 10.02 Effect of Termination. In the event of the termination of this Agreement in accordance with this Article, this Agreement shall forthwith become void and there shall be no liability on the part of any Party hereto except:

(a) as set forth in this **Article X**, **Section 8.11** and **Article XI** hereof; and

(b) that nothing herein shall relieve any Party hereto from liability for any breach of any provision hereof.

ARTICLE XI
MISCELLANEOUS

Section 11.01 Survival. None of the representations and warranties contained herein shall survive the Closing, except for any instances of fraud or intentional misrepresentation. None of the covenants or other agreements contained in this Agreement shall survive the Effective Date other than those which by their terms contemplate performance after the Effective Date, and each such surviving covenant and agreement shall survive the Effective Date for the period contemplated by its terms. Notwithstanding the foregoing, any claims asserted in good faith with reasonable specificity (to the extent known at such time) and in writing by notice from the non-breaching Party to the breaching Party prior to the expiration date of the applicable survival period shall not thereafter be barred by the expiration of such survival period and such claims shall survive until finally resolved.

Section 11.02 Expenses. Except as otherwise expressly provided herein (including **Section 8.09** hereof), all costs and expenses, including, without limitation, fees and disbursements of counsel, financial advisors and accountants, incurred in connection with this Agreement and the transaction contemplated hereby shall be paid by the Party incurring such costs and expenses, whether or not the Closing shall have occurred. Notwithstanding the foregoing, Saint Mary's and NE-RHM agree to split equally the filing fees incurred by Saint Mary's and NE-RHM in connection with (i) any filings or submissions under the HSR Act; (ii) obtaining all CONs necessary to transfer ownership of the Saint Mary's Providers and the Joint Ventures, and (iii) obtaining all Permits required by Law to operate the licensed components of Saint Mary's and the Saint Mary's Controlled Subsidiaries following the Effective Date.

Section 11.03 Notices. All notices, requests, consents, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been given (a) when delivered by hand (with written confirmation of receipt); (b) when received by the addressee if sent by a nationally recognized overnight courier (receipt requested); (c) on the date sent by facsimile or e-mail of a PDF document (with confirmation of transmission) if sent during normal business hours of the recipient, and on the next business day if sent after normal business hours of the recipient or (d) on the third day after the date mailed, by certified or registered mail, return receipt requested, postage prepaid. Such communications must be sent to the respective Parties at the following addresses (or at such other address for a Party as shall be specified in a notice given in accordance with this **Section 11.03**):

If to Saint Mary's

Section 11.04 Interpretation. For purposes of this Agreement, (a) the words "include," "includes" and "including" shall be deemed to be followed by the words "without limitation"; (b) the word "or" is not exclusive; and (c) the words "herein," "hereof," "hereby," "hereto" and "hereunder" refer to this Agreement as a whole. Unless the context otherwise requires, references herein: (a) to Articles, Sections, Disclosure Schedules and Exhibits mean the Articles and Sections of, and Disclosure Schedules and Exhibits attached to, this Agreement; (b) to an agreement, instrument or other document means such agreement, instrument or other document as amended, supplemented and modified from time to time to the extent permitted by the provisions thereof and (c) to a statute means such statute as amended from time to time and includes any successor legislation thereto and any regulations promulgated thereunder. This Agreement shall be construed without regard to any presumption or rule requiring construction or interpretation against the Party drafting an instrument or causing any instrument to be drafted. The Disclosure Schedules and Exhibits referred to herein shall be construed with, and as an integral part of, this Agreement to the same extent as if they were set forth verbatim herein.

Section 11.05 Headings. The headings in this Agreement are for reference only and shall not affect the interpretation of this Agreement.

Section 11.06 Severability. If any term or provision of this Agreement is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable

such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or unenforceable, the Parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner in order that the transaction contemplated hereby be consummated as originally contemplated to the greatest extent possible.

Section 11.07 Entire Agreement. This Agreement and the other Transaction Documents constitute the sole and entire agreement of the Parties to this Agreement with respect to the subject matter contained herein and therein, and supersede all prior and contemporaneous representations, warranties, understandings and agreements, both written and oral, with respect to such subject matter. In the event of any inconsistency between the statements in the body of this Agreement and those in the other Transaction Documents, the Exhibits and Disclosure Schedules (other than an exception expressly set forth as such in the Disclosure Schedules), the statements in the body of this Agreement will control.

Section 11.08 Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the Parties hereto and their respective successors and permitted assigns. No Party may assign its rights or obligations hereunder without the prior written consent of the other Parties, which consent shall not be unreasonably withheld or delayed. No assignment shall relieve the assigning Party of any of its obligations hereunder.

Section 11.09 No Third Party Beneficiaries. This Agreement is for the sole benefit of the Parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person or entity any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

Section 11.10 Amendment and Modification; Waiver. This Agreement may only be amended, modified or supplemented by an agreement in writing signed by each Party hereto. No waiver by any Party of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the Party so waiving. No waiver by any Party shall operate or be construed as a waiver in respect of any failure, breach or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power or privilege arising from this Agreement shall operate or be construed as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

Section 11.11 Governing Law; Submission to Jurisdiction. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Connecticut without giving effect to any choice or conflict of Law provision or rule (whether of the State of Connecticut or any other jurisdiction) that would cause the application of Laws of any jurisdiction other than those of the State of Connecticut. The Parties to this Agreement irrevocably agree and consent to the exclusive jurisdiction of the courts of the State of Connecticut and the federal courts of the United States, sitting in the State of Connecticut for the adjudication of any matters arising under or in connection with this Agreement.

Section 11.12 Specific Performance. The Parties agree that irreparable damage would occur if any provision of this Agreement were not performed in accordance with the terms hereof and that the Parties shall be entitled to specific performance of the terms hereof, in addition to any other remedy to which they are entitled at Law or in equity.

Section 11.13 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

TRINITY HEALTH
System Authority Matrix

This Authority Matrix summarizes a number of important activities that might be taken by an entity within the Trinity Health System and the corresponding actions or approvals that must be taken before proceeding with such activity. Many of these actions are delegations from the Board of Trinity Health to management, to Committees of the Board of Directors of Trinity Health and to governance of entities affiliated with Trinity Health. Trinity Health has adopted the following Operating Principles which apply to these delegations:

Unity: We act as a unified system, recognizing the interdependency of all its parts in fulfillment of its mission and vision while promoting the strength of our ministries serving our unique communities.

Excellence: We seek to continually innovate and improve our performance excellence and to add value by leveraging our skill and scale.

Simplicity and Clarity: Local, regional and system office leadership work in partnership to make decisions in a timely and collaborative manner that takes into account the variety of interests being affected.

Accountability: We are flexible in shaping roles, responsibilities and accountabilities at all leadership levels of the organization.

The Trinity Health Board retains control over its statutory obligations in carrying out the purposes of the corporation as the parent of a large Catholic health system. The Board is responsible for key strategic decisions and issues that will significantly impact the Trinity Health System. Delegations are established taking into account the balance between making efficient decisions close to the business activity and the need for the board and management to oversee areas of significant impact on the system as a whole in terms of Catholic Identity, strategic direction, risk and value.

The Board has adopted a process of Mission Discernment, which is intended to ensure that in the course of making major decisions, the Mission and Core Values are used as a measure to evaluate the effect of the proposed action.

This Authority Matrix is not intended to be an exclusive listing of the various actions reserved to Trinity Health or its affiliated entities. Trinity Health may clarify these delegations through policies. State law may confer additional rights or require additional actions. Those variations will be set forth in the governing documents of the entity and prevail over any conflicting authorities described in this System Authority Matrix. Different rights may also be set forth in the terms of joint venture organizing documents or other agreements. Decisions related to those joint venture entities should be made in accordance with the organizing documents; however, decisions which exceed financial thresholds or which may, in management's judgment, affect the reputation or identity of the Trinity Health System are required to be reviewed by Trinity Health management, regardless of the minority position held by the CHE Trinity affiliate in the joint venture.

Entities:

Catholic Health Ministries or CHM means the public juridic person that sponsors the Trinity Health system and exercises all canonical responsibilities related to its operations, subject to certain rights retained by sponsoring congregations or public juridic persons until such time as the stable patrimony (property) under the control of those sponsoring congregations or public juridic persons is alienated (transferred) to CHM.

Trinity Health means Trinity Health Corporation, an Indiana nonprofit corporation, which is the parent of the Trinity Health System.

Trinity Health System means Trinity Health, together with its subsidiaries and affiliates.

Ministry or Ministries means any or all RHMs, NHMs, and MHMs.

Mission Health Ministry or MHM means a first tier subsidiary of Trinity Health that maintains a governing body and which has oversight of non-institutional health operations and/or grant making. A list of MHMs is set forth on Exhibit A to this Matrix.

National Health Ministry or NHM means a first tier (direct) subsidiary that maintains a governing body that has day to day management oversight of a business line throughout the Trinity Health System. A list of NHMs is set forth on Exhibit A to this Matrix.

Regional Health Ministries or RHM means a first tier (direct) subsidiary, affiliate or operating division of Trinity Health that maintains a governing body that has day to day management oversight of a designated portion of the Trinity Health System within a geographical market. A list of RHMs is set forth Exhibit A to this Matrix.

Group 1 RHM means an RHM which had a minimum total operating revenue of $300 million in the previous fiscal year or an RHM that has been selected by management for inclusion in Group 1 RHMs based on operational objectives.

Group 2 RHM means an RHM which is not a Group 1 RHM.

Second Tier Subsidiaries means subsidiaries and affiliates of Ministries.

Actions:

Approve means to have ultimate authority over an action. Approval includes the authority to adopt, accept, modify, disapprove or send back for further consideration an action recommended or approved by another entity in the Trinity Health System. Some actions required approval at more than one level. Final approval authority is exercised by the highest level independently of any recommendation or participation actions. If more than one entity has Approval authority, the matter may be initiated and approved by the highest level of Approval authority when permitted by law.

Participate means a timely, meaningful, collaborative and consultative process among interested parties to inform the decision under consideration.

Ratify means to confirm and adopt the act of another even if it was not approved beforehand. It also means final decision making authority, but without the power to initiate or change a recommendation.

Recommend means to review and present a matter for approval by another entity in the Trinity Health System. Recommending authority does not limit the right of the approving entity to initiate an action without a recommendation.

Other:

Governing documents are documents which establish and describe an entity, including the purposes, the powers reserved to the members or shareholders, and which set forth the rights of partners or joint owners relative to each other. Governing documents include documents

filed with the state (such as articles or certificates of incorporation), bylaws (whether a corporation or an unincorporated division which has its own governing body), operating agreements and partnership agreements.

Key Bylaws Provisions are variations from the standard Governing Documents that concern any of the following: (a) the Ministry name and corporate purposes; (b) the Mission, Core Values and Catholic Identity of the Ministry and powers exercisable by CHM; (c) the identity of, reserved powers exercisable by and other matters pertaining to Trinity Health; and (d) the authority and membership (including election, composition and removal) of the Ministry Board of Directors. All other variations are not Key Bylaw Provisions.

EXHIBIT D

SAINT MARY'S HOSPITAL, INC. AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AND AMENDED AND RESTATED BYLAWS

[SEE ATTACHED]

Restated Certificate of Incorporation of Saint Mary's Hospital, Inc.

A Connecticut Nonstock Corporation

1. The present name of the Corporation is Saint Mary's Hospital, Inc., which was incorporated on April 11, 1907.

2. This Restated Certificate of Incorporation integrates and amends the previous Certificate of Incorporation and is executed pursuant to the provisions of the Connecticut Nonstock Corporation Act (the "Act"), as amended.

3. The text of the Restated Certificate of Incorporation is as follows:

ARTICLE I

Name

The name of the Corporation is Saint Mary's Hospital, Inc.

ARTICLE II

Definitions

For the purposes of this Certificate, the following defined terms shall have the following meanings:

"Affiliate" means a corporation or other entity that is subject to the direct or indirect Control or Ownership (as defined in the Bylaws) of the Corporation.

"Board" or "Board of Directors" means the Board of Directors of the Corporation, and the term "Director" means an individual member of the Board.

"Catholic Health Ministries" or "CHM" means Catholic Health Ministries, a public juridic person that is the religious sponsor of the Corporation under the canon law of the Roman Catholic Church.

"Catholic Identity" means the theological, ethical, and canonical underpinnings of a Catholic-sponsored organization without which the entity cannot be considered a Roman Catholic church-related ministry.

"Certificate of Incorporation" means the Certificate of Incorporation of the Corporation, as amended or restated from time to time.

"Code" shall mean the Internal Revenue Code of 1986, as amended from time to time.

"Corporation" shall mean Saint Mary's Hospital, Inc., a Connecticut nonstock corporation.

"Governance Documents" means the Articles of Incorporation, Certificate of Incorporation, Code of Regulations, System Authority Matrix, Bylaws or equivalent organizational documents of a corporation or other entity.

"Health System" or "Trinity Health System" means the health system which consists of Trinity Health and its subsidiaries and Affiliates.

"Member" shall refer to Saint Francis Care, Inc., a Connecticut nonstock corporation which is the sole member of the Corporation.

"Significant Finance Matters" shall refer to the following matters which pursuant to the System Authority Matrix are subject to the approval of Trinity Health: (a) capital expenditures and dispositions; (b) incurrence of additional debt; and (c) execution of contracts and leases.

"System Authority Matrix" refers to the document that sets forth an allocation of corporate governance authority that is binding on the Corporation and its Affiliates as part of the Health System, as may be amended by Trinity Health from time to time.

"Trinity Health" means Trinity Health Corporation, an Indiana nonprofit corporation, its successors and assigns.

ARTICLE III

Purposes

The Corporation shall be organized and operated exclusively for religious, charitable, scientific, and educational purposes within the meaning of Section 501(c)(3) of the Code. The Corporation shall not have or issue shares of stock or make distributions. The Corporation shall have no power to act in a manner which is not exclusively within the contemplation of Section 501(c)(3) of the Code, and the Corporation shall not engage directly or indirectly in any activity which would prevent it from qualifying, and continuing to qualify, as a Corporation as described in Section 501(c)(3) of the Code. Without limiting the generality of the foregoing, the purposes for which the Corporation is organized are to advance, promote, support, and carry out the purposes of Trinity Health Corporation, an Indiana nonprofit corporation, or its successor, and to further the apostolate and charitable works of Catholic Health Ministries on behalf of and as an integral part of the Roman Catholic Church in the United States. Without limiting the generality of the foregoing, the specific purposes of the Corporation shall include the following:

A. To carry out the purposes of Saint Francis Care, Inc., a Connecticut nonstock corporation, or its successor, which is the Member of the Corporation, and to further the apostolate of Catholic Health Ministries on

behalf of and as an integral part of the Roman Catholic Church in the United States;

B. To engage in the delivery of and to carry on, sponsor or participate, directly or through one or more affiliates, in any activities related to the delivery of health care and health care related services of every kind, nature and description which, in the opinion of the Directors of the Corporation, are appropriate in carrying out the health care mission of the Trinity Health and Catholic Health Ministries. The Corporation shall take all such actions including, but not limited to, support and assistance of affiliates, as may be necessary or desirable to accomplish the foregoing purpose within the restrictions and limitations of this Certificate of Incorporation, the Bylaws of the Corporation or applicable law, including, without limitation, promoting and carrying on scientific research and educational activities related to the care of the sick and promotion of health, and establishing, maintaining, owning, managing, operating, transferring, conveying, supporting, assisting and acquiring institutions, facilities and programs in several states, directly or through one or more affiliates, including, but not limited to, hospitals and clinics, which shall provide diagnosis and treatment to inpatients and outpatients and shall provide such support services as, but not limited to, extended care, shared services, pastoral care, home care, long-term care, operation of senior residences, care of the elderly and the handicapped, care of the economically needy, child care, social services, mental health and substance abuse services;

C. To promote, support and further any and all charitable, scientific, religious and educational purposes within the meaning of Section 501(c)(3) of the Code;

D. To coordinate and oversee the activities of Affiliates, and to allocate the assets, liabilities and resources of the Corporation and its Affiliates within the Health System;

E. To acquire, purchase, own, loan and borrow, erect, maintain, hold, use, control, manage, invest, exchange, convey, transfer, sell, mortgage, lease and rent all real and personal property of every kind and nature, which may be necessary or incidental to the accomplishment of any and all of the above purposes;

F. To accept, receive and hold, in trust or otherwise, all contributions, legacies, bequests, gifts and benefactions which may be left, made or given to the Corporation, or its predecessor or constituent corporations, by any person, persons or organizations;

G. To take all such actions as may be necessary or desirable to accomplish the foregoing purposes within the restrictions and limitations of this

Certificate of Incorporation, the Bylaws of the Corporation and applicable law, provided that no substantial part of the activities of the Corporation shall be to carry out propaganda, or to otherwise attempt to influence legislation; and the Corporation shall not participate or intervene in any political campaign on behalf of or in opposition of any candidate for public office (by the publishing or distribution of statements or otherwise), in violation of any provisions applicable to corporations exempt from taxation under Section 501(c)(3) of the Code and the regulations promulgated thereunder as they now exist or as they may be amended;

H. The Corporation shall not be operated for the pecuniary gain or profit, incidental or otherwise, of any private individual, and no part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to, its Directors, Officers or other private individuals, except the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered to or for the Corporation and to make payments and distributions in furtherance of the purposes set forth herein consistent with applicable law; and

I. Notwithstanding any other provisions of this Certificate of Incorporation, the Corporation shall not carry on any activity not permitted to be carried on by: (i) a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (ii) a corporation, contributions to which are deductible under Section 170(c)(2) of the Code; and a corporation described in Section 509(a)(3) of the Code (or, if the Corporation is classified, Section 509(a)(1) or 509(a)(2) of the Code).

ARTICLE IV
Catholic Identity

The activities of the Corporation shall be carried out in a manner consistent with the teachings of the Roman Catholic Church and "Founding Principles of Catholic Health Ministries" or successor documents which set forth principles describing how the apostolic and charitable works of Catholic Health Ministries are to be carried out, as well as the values and principles inherent in the medical-moral teachings of the Roman Catholic Church (such as the *Ethical and Religious Directives for Catholic Health Care Services* as promulgated from time to time by the United States Conference of Catholic Bishops (or any successor organization), as amended from time to time). Under Canon Law, Catholic Health Ministries shall retain its canonical stewardship with respect to those facilities, real or personal property, and other assets that constitute the temporal goods belonging, by operation of Canon Law, to Catholic Health Ministries. No alienation, within the meaning of Canon Law, of property considered to be stable patrimony of Catholic Health Ministries shall occur without prior approval of Catholic Health Ministries.

ARTICLE V

Organization

The Corporation is a religious corporation, organized on a non-stock basis as a membership corporation. The Corporation's sole member is Saint Francis Care, Inc., a Connecticut nonstock corporation.

ARTICLE VI

Registered Office and Resident Agent

The address of the Corporation's registered office is _____. The resident agent of the Corporation is _____. The address of the Corporation's registered office and/or name of the Corporation's resident agent may be changed from time to time by the Board of Directors of the Corporation.

ARTICLE VII

Membership

Saint Francis Care, Inc., a Connecticut nonstock corporation ("Member") is the sole member of the Corporation. The Member shall be entitled to all rights and powers of a member under Connecticut law, this Certificate of Incorporation and the Bylaws of the Corporation. Certain rights and powers related to the Corporation are reserved to the Member and Trinity Health under the Corporation's Governance Documents. Action by the Corporation shall not be taken or authorized until the Member and Trinity Health, as required, shall have exercised their respective reserved powers in the manner provided in the Governance Documents. The following powers are reserved to the Member and Trinity Health:

a. As reserved to the Member:

(a) Approve the amendment or restatement of the Certificate of Incorporation and Bylaws of the Corporation, in whole or in part, and recommend the same to Trinity Health for adoption;

(b) Appoint and remove members of the Corporation's Board of Directors;

(c) Appoint and remove the President of the Corporation;

(d) Approve the strategic plan of the Corporation, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption as part of the consolidated strategic plan of the Regional Health Ministry in which the Corporation participates;

(e) Approve those Significant Finance Matters which pursuant to the System Authority Matrix are subject to the authority of the Member, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(f) Approve the annual operating and capital budgets of the Corporation, and recommend the same to Trinity Health for adoption as part of the consolidated operating and capital budgets of the Regional Health Ministry in which the Corporation participates;

(g) Approve any merger, consolidation, transfer or relinquishment of membership rights, or the sale of all or substantially all of the operating assets of the Corporation (certain transactions and transfers of real property and immovable goods may also be subject to the approval of Catholic Health Ministries), and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(h) Approve any dissolution, winding up or abandonment of operations, liquidation, filing of action in bankruptcy, receivership or similar action affecting the Corporation, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(i) Approve any formation or dissolution of Affiliates, partnerships, cosponsorships, joint membership arrangements, and other joint ventures involving the Corporation, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(j) Approve any pledge or encumbrance of assets whether pursuant to a sale, capital lease, mortgage, disposition, hypothecation, or other transaction in excess of limits established by Trinity Health (pledges or encumbrances of certain real property and immovable goods may also be subject to the approval of Catholic Health Ministries), and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(k) Approve any change to the structure or operations of the Corporation which would affect its status as a nonprofit entity, exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, and recommend the same to Trinity Health for approval; and

(l) Approve all other matters and take all other actions reserved to members of nonstock corporations (or shareholders of for-profit-corporations, as the case may be) by the laws of the state in which the Corporation is domiciled or as reserved in the Governance Documents of the Corporation.

b. As reserved to Trinity Health:

(a) Adopt, amend, modify or restate the Certificate of Incorporation and Bylaws of the Corporation, in whole or in part, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(b) Approve those Significant Finance Matters which pursuant to the System Authority Matrix are subject to the authority of Trinity Health, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(c) Approve any merger, consolidation, transfer or relinquishment of membership rights, or the sale of all or substantially all of the operating assets of the Corporation (certain transactions and transfers of real property and immovable goods may also be subject to the approval of Catholic Health Ministries), or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(d) Approve any dissolution, winding up or abandonment of operations, liquidation, filing of action in bankruptcy, receivership or similar action affecting the Corporation, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(e) Approve any formation or dissolution of Affiliates, partnerships, cosponsorships, joint membership arrangements, and other joint ventures involving the Corporation, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(f) Approve any pledge or encumbrance of assets whether pursuant to a sale, capital lease, mortgage, disposition, hypothecation, or other transaction in excess of limits established by Trinity Health (pledges or encumbrances of certain real property and immovable goods may also be subject to the approval of Catholic Health Ministries), or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(g) Approve any change to the structure or operation of the Corporation which would affect its status as a nonprofit entity, exempt from taxation under Section 501(c) of the Internal Revenue Code, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(h) Appoint and remove the independent fiscal auditor of the Corporation;

(i) In recognition of the benefits accruing to the Corporation from Trinity Health, and in addition to any other rights reserved to Trinity Health under applicable

law or Governance Documents of the Corporation, Trinity Health shall have the power to transfer assets of the Corporation, or to require the Corporation to transfer assets, to Trinity Health or an entity Controlled by, Controlling or under common Control with Trinity Health, whether within or without the state of domicile of the Corporation, to the extent necessary to accomplish Trinity Health's goals and objectives. The Corporation shall not be required to violate its corporate or charitable purposes, the terms of any restricted gifts, the covenants of its debt instruments, or the law of any applicable jurisdiction as a result of any asset transfers to be made to or directed by the Member or Trinity Health pursuant to this provision; and

(j) Neither the Corporation, nor any of its Affiliates, shall transfer assets to entities other than Trinity Health without the approval of Trinity Health, except for (i) transfers previously approved by Trinity Health, either individually or as part of Trinity Health's budget process, (ii) transfers to any entity which is a direct or indirect subsidiary of Trinity Health and that is subject to the reserved powers set forth in this Certificate, or (iii) transfers in the ordinary course of business.

ARTICLE VIII

Indemnification and Standard of Care

Section 1. Indemnification. The Corporation shall, to the maximum extent allowed by law, indemnify those persons who are serving or have served as members, trustees, directors, religious congregations or other canonical persons serving as sponsors, officers, employees, committee members, or agents of the Corporation, and those who are serving or have served at the request of the Corporation as a trustee, director, religious congregation or other canonical person serving as sponsor, officer, manager, partner, employee, committee member, or agent of another corporation, partnership, joint venture, trust, employee benefit plan, limited liability company or other enterprise, whether for profit or nonprofit, against expenses (including attorney's fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred in connection with such action, suit, or proceeding.

Section 2. Insurance. Except as may be limited by law, the Corporation may purchase and maintain insurance on behalf of any person who is or was a member, director, trustee, religious congregation or other canonical person serving as sponsor, officer, director, committee member, employee, or agent of the Corporation, or who is or was serving at the request of the Corporation as a trustee, religious congregation or other canonical person serving as sponsor, officer, director, committee member, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, to protect against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not the Corporation would have power to indemnify him or her against such liability under state law.

Section 3. Standard of Care. Each Director shall stand in a fiduciary relation to the Corporation and shall perform his or her duties as a Director, including his or her duties as a

member of any committee of the Board upon which he or she may serve, in good faith, in a manner he or she reasonably believes to be in the best interests of the Corporation, and with such care, including reasonable inquiry, skill and diligence, as a person of ordinary prudence would use under similar circumstances.

Section 4. Justifiable Reliance. In performing his or her duties, a Director (including when such Director is acting as an officer of the Corporation) shall be entitled to rely in good faith on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by any of the following:

a. One or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and competent in the matters presented.
b. Counsel, public accountants or other persons on matters that the Director reasonably believes to be within the professional or expert competence of such person.
c. A committee of the Board upon which he or she does not serve, duly designated in accordance with law, as to matters within its designated authority, which committee the Director reasonably believes to merit confidence.
d. A Director shall not be considered to be acting in good faith if he or she has knowledge concerning the matter in question that would cause his or her reliance to be unwarranted.

Section 5. Consideration of Factors. In discharging the duties of their respective positions, the Board of Directors, committees of the Board and individual Directors may, in considering the best interests of the Corporation, consider the effects of any action upon employees, upon suppliers and customers of the Corporation and upon communities in which offices or other establishments of the Corporation are located, and all other pertinent factors. The consideration of those factors shall not constitute a violation of the standards described herein.

Section 6. Presumption. Absent breach of fiduciary duty, lack of good faith or self-dealing, actions taken as a Director or any failure to take any actions shall be presumed to be in the best interests of the Corporation.

Section 7. Personal Liability of Director. No Director shall be personally liable for monetary damages for any action taken, or any failure to take any action, unless the Director has breached or failed to perform the duties of his or her office under the standards described herein, has engaged in self-dealing, or the action or inaction constitutes willful misconduct or recklessness. The provisions of this Section shall not apply to the responsibility or liability of a Director pursuant to any criminal statute or the liability of a Director for the payment of taxes pursuant to local, state or federal law.

Nothing in this Article is intended to preclude or limit the application of any other provision of law that may provide a more favorable standard or higher level of protection for the Corporation's Directors.

ARTICLE IX

Dissolution

Subject to any approvals described in this Certificate of Incorporation or the Bylaws of the Corporation, upon the dissolution and final liquidation of the Corporation, all of its assets, after paying or making provision for payment of all its known debts, obligations and liabilities, and returning, transferring or conveying assets held by the Corporation conditional upon their return, transfer or conveyance upon dissolution of the Corporation, shall be distributed to the Member of this Corporation or its successor, so long as such distributee is an organization exempt from federal income tax by virtue of being an organization as described in Section 501(c)(3) of the Code. Any such assets not disposed of in accordance with the foregoing shall be distributed to Trinity Health Corporation, an Indiana nonprofit corporation or its successor, so long as such distributee is an organization exempt from federal income tax by virtue of being an organization as described in Section 501(c)(3) of the Code. Any assets not so disposed of in accordance with the foregoing shall be distributed to one or more corporations, trusts, funds or organizations which at the time appear in the Official Catholic Directory published annually by P.J. Kenedy & Sons or any successor publication, or are controlled by any such corporation, trust, fund or organization that so appears, and are exempt from federal income tax as organizations described in Section 501(c)(3) of the Code, as in the sole judgment of the Catholic Health Ministries have purposes most closely aligned to those of the Corporation, subject to any approvals described in this Certificate of Incorporation or the Bylaws of the Corporation and applicable law. Any assets not so disposed of shall be disposed of by a court of competent jurisdiction exclusively to one or more corporations, trusts, funds or other organizations as said court shall determine, which at the time are exempt from federal income tax as organizations described in Section 501(c)(3) of the Code and which are organized and operated exclusively for such purposes. No private individual shall share in the distribution of any Corporation assets upon dissolution of the Corporation.

ARTICLE I. DEFINITIONS

For the purposes of these Bylaws, the following defined terms shall have the following meanings:

"Affiliate" means a corporation or other entity that is subject to the direct or indirect Control or Ownership of the Corporation.

"Board" or "Board of Directors" means the Board of Directors of the Corporation, and the term "Director" means an individual member of the Board.

"Catholic Health Ministries" or "CHM" means Catholic Health Ministries, a public juridic person that is the religious sponsor of the Corporation under the canon law of the Roman Catholic Church.

"Catholic Identity" means the theological, ethical, and canonical underpinnings of a Catholic-sponsored organization without which the entity cannot be considered a Roman Catholic church-related ministry.

"Certificate of Incorporation" means the Certificate of Incorporation of the Corporation, as amended or restated from time to time.

"Code" shall mean the Internal Revenue Code of 1986, as amended from time to time.

"Control" or "Ownership" will be deemed to exist:

(i) as to a corporation: (a) through ownership of the majority of voting stock or the ownership of the class of stock which exercises reserved powers, if it is a stock corporation; or (b) through serving as member and having the power to appoint (including through appointing one's own directors or officers who then serve ex officio as to the Affiliate) the majority of the voting members or the class of members which exercises reserved powers, if it is a corporation with members; or (c) through having the power to appoint (including through appointing one's own directors or officers who then serve *ex officio* as to the Affiliate) the majority of the voting directors or trustees or the controlling class of directors or trustees, if it is a corporation without members; or

(ii) as to a partnership or other joint venture: through the possession of sufficient controls over the activities of the partnership or joint venture that the entity having control is permitted to consolidate the activities of the partnership or joint venture on its financial statements under generally accepted accounting principles.

The terms "Controlled," "Controlling," "Owned" or "Owning" shall be subsumed within the definitions of "Control" or "Ownership."

"Corporation" shall mean Saint Mary's Hospital, Inc., a Connecticut nonstock corporation.

"Governance Documents" means the Articles of Incorporation, Certificate of Incorporation, Bylaws, System Authority Matrix, Code of Regulations or equivalent organizational documents of a corporation or other entity.

"Health System" or "Trinity Health System" means the health system which consists of Trinity Health and its subsidiaries and Affiliates.

"Key Bylaws Provisions" shall refer to sections of these Bylaws that concern any of the following: (a) the name and corporate purposes of the Corporation; (b) the Catholic Identity and Mission and Core Values of the Corporation and the powers exercisable by CHM; (c) the identity of, reserved powers exercisable by, and other matters pertaining to, the Member and Trinity Health; and (d) the authority and membership (including election, composition and removal) of the Board of Directors of the Corporation.

"Member" shall refer to Saint Francis Care, Inc., a Connecticut nonstock corporation which is the sole member of the Corporation.

"Operating Unit" shall have the definition set forth in Section 5.04 of these Bylaws.

"Regional Health Ministry" or "RHM" is an Affiliate or operating division within the Health System that maintains a governing body that has day to day management oversight of a designated portion of the Health System, subject to certain authorities that are reserved to Trinity Health. RHMs may be based on a geographical market or dedicated to a service line or business.

"Significant Finance Matters" shall refer to the following matters which pursuant to the System Authority Matrix are subject to the approval of Trinity Health: (a) capital expenditures and dispositions; (b) incurrence of additional debt; and (c) execution of contracts and leases.

"System Authority Matrix" refers to the document that sets forth an allocation of corporate governance authority that is binding on the Corporation and its Affiliates as part of the Health System, a copy of which is attached and incorporated into these Bylaws as Exhibit A, and as may be amended by Trinity Health from time to time.

"Trinity Health" means Trinity Health Corporation, an Indiana nonprofit corporation, its successors and assigns.

Article II. PURPOSES

Section 2.01 Purposes

The purposes of the Corporation are set forth in the Certificate of Incorporation of the Corporation.

Section 2.02 Catholic Identity

The activities of the Corporation shall be carried out in a manner consistent with the teachings of the Roman Catholic Church and "Founding Principles of Catholic Health Ministries" or successor documents which set forth principles describing how the apostolic and charitable works of Catholic Health Ministries are to be carried out, as well as the values and principles inherent in the medical-moral teachings of the Roman Catholic Church (such as the Ethical and Religious Directives for Catholic Health Care Services as promulgated from time to time by the United States Conference of Catholic Bishops (or any successor organization), as amended from time to time).

Section 2.03 Mission Statement

The Mission and Core Values of the Corporation shall be as adopted and approved from time to time by Catholic Health Ministries. The mission statement may by action of the Corporation's Board of Directors be supplemented by reference to the purposes of the Corporation. The mission statement of the Corporation shall be as follows:

"We serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities."

The mission statement may by action of the Corporation's Board of Directors be supplemented by reference to the purposes of the Corporation.

Section 2.04 Alienation of Property

Under Canon Law, Catholic Health Ministries shall retain its canonical stewardship with respect to those facilities, real or personal property, and other assets that constitute the temporal goods belonging, by operation of Canon Law, to Catholic Health Ministries. No alienation, within the meaning of Canon Law, of property considered to be stable patrimony of Catholic Health Ministries shall occur without prior approval of Catholic Health Ministries.

ARTICLE III. MEMBER

Section 3.01 Sole Member

The sole member of the Corporation is Saint Francis Care, Inc., a Connecticut nonstock corporation, or its successors or assigns.

Section 3.02 Member Authority

The following actions shall be reserved exclusively to the Member of the Corporation. Subject to the reserved powers of Trinity Health, the Member may initiate and implement any proposal with respect to any of the following, or if any proposal with respect to any of the following is otherwise initiated, it shall not become effective unless the requisite approvals and other actions shall have been taken by the Member and Trinity Health, as required pursuant to the Corporation's Governance Documents:

(a) Approve the amendment or restatement of the Certificate of Incorporation and Bylaws of the Corporation, in whole or in part, and recommend the same to Trinity Health for adoption;

(b) Appoint and remove members of the Corporation's Board of Directors;

(c) Appoint and remove the President of the Corporation;

(d) Approve the strategic plan of the Corporation, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption as part of the consolidated strategic plan of the Regional Health Ministry in which the Corporation participates;

(e) Approve those Significant Finance Matters which pursuant to the System Authority Matrix are subject to the authority of the Member, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(f) Approve the annual operating and capital budgets of the Corporation, and recommend the same to Trinity Health for adoption as part of the consolidated operating and capital budgets of the Regional Health Ministry in which the Corporation participates;

(g) Approve any merger, consolidation, transfer or relinquishment of membership rights, or the sale of all or substantially all of the operating assets of the Corporation (certain transactions and transfers of real property and immovable goods may also be subject to the approval of Catholic Health Ministries), and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(h) Approve any dissolution, winding up or abandonment of operations, liquidation, filing of action in bankruptcy, receivership or similar action affecting the Corporation, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(i) Approve any formation or dissolution of Affiliates, partnerships, cosponsorships, joint membership arrangements, and other joint ventures involving the Corporation, and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(j) Approve any pledge or encumbrance of assets whether pursuant to a sale, capital lease, mortgage, disposition, hypothecation, or other transaction in excess of limits established by Trinity Health (pledges or encumbrances of certain real property and immovable goods may also be subject to the approval of Catholic Health Ministries), and if required by the System Authority Matrix, recommend the same to Trinity Health for adoption and authorization;

(k) Approve any change to the structure or operations of the Corporation which would affect its status as a nonprofit entity, exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, and recommend the same to Trinity Health for approval; and

(l) Approve all other matters and take all other actions reserved to members of nonprofit corporations (or shareholders of for-profit-corporations, as the case may be) by the laws of the state in which the Corporation is domiciled or as reserved in the Governance Documents of the Corporation.

Section 3.03 Reserved Powers of Trinity Health

The following actions shall be reserved exclusively to Trinity Health. Trinity Health may initiate and implement any proposal with respect to any of the following, or if a proposal with respect to any of the following is otherwise initiated, it shall not become effective unless the requisite approval and other actions shall have been taken by Trinity Health, as required pursuant to the Corporation's Governance Documents:

(a) Adopt, amend, modify or restate the Certificate of Incorporation and Bylaws of the Corporation, in whole or in part, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(b) Approve those Significant Finance Matters which pursuant to the System Authority Matrix are subject to the authority of Trinity Health, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(c) Approve any merger, consolidation, transfer or relinquishment of membership rights, or the sale of all or substantially all of the operating assets of the Corporation (certain transactions and transfers of real property and immovable goods may also be subject to the approval of Catholic Health Ministries), or Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(d) Approve any dissolution, winding up or abandonment of operations, liquidation, filing of action in bankruptcy, receivership or similar action affecting the Corporation, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(e) Approve any formation or dissolution of Affiliates, partnerships, cosponsorships, joint membership arrangements, and other joint ventures involving the Corporation, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(f) Approve any pledge or encumbrance of assets whether pursuant to a sale, capital lease, mortgage, disposition, hypothecation, or other transaction in excess of limits established by Trinity Health (pledges or encumbrances of certain real property and immovable goods may also be subject to the approval of Catholic Health Ministries), or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(g) Approve any change to the structure or operation of the Corporation which would affect its status as a nonprofit entity, exempt from taxation under Section 501(c) of the Internal Revenue Code, or if Trinity Health receives a recommendation as to any such action, approve such action as recommended;

(h) Appoint and remove the independent fiscal auditor of the Corporation;

(i) In recognition of the benefits accruing to the Corporation from Trinity Health, and in accordance to any other rights reserved to Trinity Health under applicable law or Governance Documents of the Corporation, Trinity Health shall have the power to transfer assets of the Corporation, or to require the Corporation to transfer assets, to Trinity Health or an entity Controlled by, Controlling or under common Control with Trinity Health, whether within or without the state of domicile of the Corporation, to the extent necessary to accomplish Trinity Health's goals and objectives. The Corporation shall not be required to violate its corporate or charitable purposes, the terms of any restricted gifts, the covenants of its debt instruments, or the law of any applicable jurisdiction as a result of any asset transfers to be made to or directed by the Member or Trinity Health pursuant to this provision; and

(j) Neither the Corporation, nor any of its Affiliates, shall transfer assets to entities other than Trinity Health without the approval of Trinity Health, except for (i) transfers previously approved by Trinity Health, either individually or as part of Trinity Health's budget process, (ii) transfers to any entity which is a direct or indirect subsidiary of Trinity Health and that is subject to the reserved powers set forth in Sections 3.02 and 3.03 of these Bylaws, or (iii) transfers in the ordinary course of business.

Section 3.04 Meetings of the Member

Meetings of the Member shall be held at the principal office of the Member or as otherwise provided in the bylaws of the Member at such time and date determined in accordance with the bylaws of the Member. Notice of meetings of the Member shall be given in accordance with the bylaws of the Member.

ARTICLE IV. BOARD OF DIRECTORS

Section 4.01 Duties and Powers

With the exception of the powers reserved to the Member, Trinity Health or Catholic Health Ministries under the Corporation's Governance Documents or applicable law, the Board of Directors shall govern, regulate and direct the affairs and business of the Corporation, carry out such policies and guidelines as adopted by the Member and Trinity Health and carry out such responsibilities as shall be delegated to it by the Member and Trinity Health, all in a manner consistent with the Mission and Core Values of the Corporation. Additional descriptions of the duties and powers of the Board of Directors are set forth in the System Authority Matrix. Among the matters under the direction of the Corporation's Board of Directors are the following actions:

(a) Elect the officers of the Corporation (except the President);

(b) Approve the Medical/Dental staff credentials for the hospital facilities owned and operated by the Corporation;

(c) Oversee the Corporation's relationship with the Medical/Dental staff as contemplated in Article V of these Bylaws;

(d) Adopt, amend, or repeal the Medical/Dental staff bylaws;

(e) Adopt and amend from time to time rules, regulations, and policies for the conduct of the operations and affairs of the Corporation;

(f) Develop and monitor the Corporation's quality improvement programs and approve quality and safety standards that shall be consistent with Trinity Health System quality and safety standards;

(g) Conduct an annual review of the Corporation's quality and safety performance; and

(h) Recommend to the Member or Trinity Health matters relating to the Corporation that require the approval or other action of the Member or Trinity Health pursuant to the Corporation's Governance Documents.

Section 4.02 Appointments and Composition

The Member shall appoint a Board of Directors on the basis of qualifications and criteria established by the Member. Except as otherwise authorized by action of the Member, the members of the Corporation's Board of Directors shall include: (i) at least one representative of the Member, designated by the Member (who shall serve ex officio with vote) (the "Member Director"), and, unless the Chief Executive Officer/Executive Vice Chief Executive Officer of the Corporation is designated as the Member Director, the

Chief Executive Officer/Executive Vice Chief Executive Officer of the Corporation (who shall serve ex officio with vote), (ii) at least one physician, and (iii) members of the local community or members or associates of a Roman Catholic religious congregation who need not reside in the local community. Any exception to the Board composition requires the approval of the Member. The size of the Board shall be established by the Member, by policy or otherwise.

Section 4.03 Term

Directors shall serve a three-year term, or such shorter term as may be determined by the Member in order to achieve continuity in board composition. Ex officio members of the Board of Directors shall cease to be Directors upon the termination of their service in the office resulting in their ex officio service on the Board of Directors. Other than ex officio members, no Directors may serve for more than nine (9) consecutive years, unless appointed to complete the unexpired term of another Director, in which case a Director may serve for up to ten (10) consecutive years. Former Directors are eligible for reappointment after a one-year absence from service.

Section 4.04 Annual Meeting of the Board of Directors

An annual meeting of the Board of Directors shall be held at any time during the last six months of the calendar year for the purpose of the appointment of officers and the transaction of such other business as may properly come before the meeting. Notice of the annual meeting shall be given not less than ten (10) nor more than sixty (60) days before the date of the meeting. The meeting notice shall specify the date, time and place of the meeting. Presence at any such meeting shall be deemed to be waiver of notice of said meeting.

Section 4.05 Regular Meetings and Notice

Regular meetings of the Board of Directors shall be held as determined by the Board but no less frequently than quarterly at such time, place and date as determined from time to time by the Board of Directors. An agenda, indicating items requiring a vote of the members of the Board of Directors, together with copies of reports, statements and other supporting information shall be mailed by the Chief Executive Officer prior to meetings. No notice of regular meetings shall be required other than the resolution setting the time, place and date of the meeting.

Section 4.06 Special Meetings and Notice

Special meetings of the Board may be called by or at the request of the Chair, by written request of any two (2) members of the Board, or by the Member. The special meeting shall be held within five (5) days after receipt of such request. Notice of the special meeting shall be given in writing, personally, by telephone, electronic transmission or by facsimile transmission at least forty-eight (48) hours prior to the special meeting. The notice of any special meeting shall state the purpose for which it is called. No other business shall be transacted at the special meeting except for that business stated in the notice.

Section 4.07 Waiver of Notice

Attendance of a Director at a meeting constitutes a waiver of notice of the meeting except where a Director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Notice also may be waived in writing, either before or after the meeting.

Section 4.08 Quorum and Valid Director Action

At all meetings of the Board, a simple majority of the Directors then in office shall constitute a quorum for the transaction of business. The vote of a majority of the Directors present and voting at any meeting at which a quorum is present shall constitute the act of the Board, unless the vote of a larger number is specifically required by law, or by the Certificate of Incorporation, Bylaws or policies of the Corporation.

Section 4.09 Written Consents

Any action required or permitted to be taken by vote at any meeting of the Board or of any committee thereof may be taken without a meeting, if before or after the action, all members of the Board or committee consent in writing. The written consents shall be filed with the minutes of proceedings of the Board or committee. Such consents shall have the same effect as a vote of the Board or committee for all purposes.

Section 4.10 Communication Equipment

Members of the Board of Directors, or any committee designated by the Board, may participate in a meeting of the Board or committee by means of teleconference, video conference or similar communications equipment by virtue of which all persons participating in the meeting may hear each other if all participants are advised of the communications equipment and the names of the participants in the conference are divulged to all participants. Participation in a meeting pursuant to this section shall constitute presence in person at such meeting.

Section 4.11 Resignation

Any Director may resign by written notice to the Chair of the Board. The Chair of the Board may resign by written notice to the Corporation's President who shall promptly thereafter notify the entire Board of Directors. Resignations shall be effective upon receipt or at a subsequent time if specified in the notice of resignation.

Section 4.12 Removal

Any Director may be removed with or without cause at any time by the Member. Absences of a Director from three (3) consecutive regular meetings of the Board of Directors may constitute cause for removal from the Board of Directors.

Section 4.13 Periodic Performance Review

The Board of Directors shall periodically review its own performance and issue reports to Trinity Health summarizing the results of its review.

ARTICLE V. MEDICAL/DENTAL STAFF

Section 5.01 Medical/Dental Staff Bylaws

The Medical/Dental staff of the hospital operated by the Corporation shall be organized pursuant to the bylaws of the Medical/Dental staff. The bylaws shall (i) describe the organization of the medical staff, (ii) describe the qualifications and criteria for Medical/Dental staff appointment and privilege determinations, (iii) state the duties and privileges of each category of the Medical/Dental staff, (iv) include procedures for recommendations by the Medical/Dental staff on the appointment of members of the Medical/Dental staff, the delineation of their staff privileges and the initiation of corrective action taken against any member, and (v) state the requirements for completion and documentation of patient histories and physical exams. The Medical/Dental staff bylaws also shall contain procedures for the resolution of disputes that may arise regarding the granting, denial or limitation of staff privileges or corrective action taken against any member of the Medical/Dental staff, including a hearing and appeal process and the circumstances in which such hearing/appeal rights will be made available. Bylaws, rules, regulations, and policies of the Medical/Dental staff may be proposed and adopted by the Medical/Dental staff of the hospital (or other health care provider that has a Medical/Dental staff), but the bylaws, rules, regulations, policies, and amendments thereto shall not become effective until approved by the Corporation's Board of Directors.

The Board of Directors shall have final responsibility for (i) appointment and reappointment of the members of the Medical/Dental staff and delineation of their staff privileges; (ii) taking such corrective action relating to Medical/Dental staff members as it deems appropriate; (iii) ratifying the selection of Medical/Dental staff officers made by the Medical/Dental staff; (iv) ratifying the selection of heads of the departments of the Medical/Dental staff; (v) reviewing and monitoring the quality improvement programs developed by the Medical/Dental staff; and (vi) determining which categories of practitioners are eligible for appointment to the Medical/Dental Staff. The Medical/Dental staff bylaws are not deemed to be a contract and are not intended to create contractual rights or responsibilities. The Board of Directors reserves the authority to take any direct action with respect to any Medical/Dental staff appointee action it deems to be in the best interests of the hospital operated by the Corporation, whether initiated by the Medical/Dental staff or not, and the decision of the Board shall be final.

Section 5.02 Medical/Dental Staff of Operating Units

The powers described in this Article V may be delegated to the governing body of an unincorporated operating division of governance and management of the Corporation

("Operating Unit") where such Operating Unit governing body is responsible for the operation of a hospital under applicable state law or standards of accrediting agencies. Such delegation may be accomplished by resolution or by setting forth the powers and duties of such governing body in the bylaws of the Operating Unit.

ARTICLE VI. COMMITTEES

Section 6.01 Committees

The Executive Committee of the Board of Directors and such other committees as state law may require shall be standing committees of the Corporation. The Board of Directors may establish such additional standing or special committees from time to time as it shall deem appropriate to conduct the activities of the Corporation and shall define the powers and responsibilities of such committees. Those other committees shall serve at the pleasure of the Board. The Corporation shall not have a separate audit committee as matters related to the audit of the Corporation's finances are consolidated at the Trinity Health level. The Board shall establish the purpose, composition, term and other operating matters relative to each such other committee. Each committee shall keep minutes in some manner reasonably intended to record the business that occurred at the meeting and shall forward these minutes to the Board of Directors.

Section 6.02 Executive Committee

There shall be an Executive Committee, consisting of the Chair of the Board, who shall serve as chair of the Executive Committee, the Chief Executive Officer, and at least two (2) other Directors selected by vote of the Board of Directors. All members of the Executive Committee must be members of the Board of Directors. The Executive Committee shall meet on the call of the Chair or President. Except as otherwise provided by resolution of the Board or as limited by law, the Executive Committee shall exercise the power and authority of the Board when necessary or advisable between meetings of the Board and shall exercise such other powers as may be assigned from time to time by the Board. The Executive Committee shall report on its actions at the next meeting of the Board and such actions shall be subject to revision and alteration of the Board; provided, however, that the rights of third parties shall not be affected by any such revision or alteration.

Section 6.03 Service on Committees

The committees shall establish rules and regulations for meetings and shall meet at such times as are necessary, provided that a reasonable notice of all meetings shall be given to committee members. No act of a committee shall be valid unless approved by the vote or written consent of a majority of its members. Committees shall keep regular minutes of their proceedings and report the same to the Board from time to time as the Board may require. Members of the committees (except the Executive Committee) shall be appointed for one (1) year by the Chair of the Board of Directors as soon as possible after the annual meeting of the Board. Members of the committees shall serve on their respective

committees through the next annual meeting or until their successors are appointed. The Chair of the Board shall fill vacancies on committees (except the Executive Committee) and appointees shall serve through the next annual meeting. The President shall be an ex officio member of all committees, except for any committee that reviews compliance or executive compensation matters.

Section 6.04 Quorum, Meetings, Rules and Procedures

A quorum for any meeting of a committee shall be a simple majority of the committee members or as otherwise required by applicable law, except that any ex officio members of the committee shall not be included in calculating the quorum requirement unless they are present at the meeting, in which event they shall be included towards meeting the quorum requirement. The affirmative vote of a majority of the quorum is necessary to take action of the committee, including the affirmative vote of at least one (1) member of the Board present at the meeting of the committee in order to take any action other than recommendation by the committee to the Board or Executive Committee. Minutes of all committee meetings shall be kept and forwarded to the Board. Each committee shall adopt rules for its own governance not inconsistent with these Bylaws or the acts of the Board.

Section 6.05 Committee Composition

The members and all chairs of committees other than the Executive Committee shall be appointed by the Chair of the Board. The chair of each committee shall be a Director. Committees, other than the Executive Committee, may include persons other than members of the Board of Directors; provided that each standing committee shall have at least two (2) Director members in addition to the Chair and Chief Executive Officer who shall serve ex officio; and provided further, that no authority of the Board may be delegated to a committee unless the majority of the members of such committee with Board delegated authority are members of the Board of Directors and otherwise in accordance with applicable law.

ARTICLE VII. OFFICERS

Section 7.01 Officers

The officers of the Corporation shall be the Chair, President, Secretary and Treasurer. Additionally, upon recommendation of the President, the Board of Directors may appoint a Vice Chair, an Assistant Secretary, an Assistant Treasurer, and such other officers of the Corporation as shall be deemed necessary and appropriate from time to time. Officers shall hold their respective offices until their successors are chosen and qualified.

Section 7.02 Appointment and Election of Officers

The President of the Corporation shall be appointed, evaluated, reappointed and/or removed by the Member. The President shall be Chief Executive Officer of the Corporation and any vacancy in the office of President shall be filled by the Member. The

Chair shall serve a term of one (1) year and may be elected for a total of three (3) consecutive complete one year terms. The Chair, Treasurer and Secretary of the Corporation shall be elected at the annual meeting of the Directors by the Board of Directors. The Directors and Secretary need not be members of the Board.

Section 7.03 Vacancies

Vacancies, occurring for any reason, shall be filled in the same manner as appointment or election and the officer so appointed or elected shall hold office until a successor is chosen and qualified.

Section 7.04 Chair

The Chair shall preside at the Board meetings and shall be an ex-officio voting member of all committees.

Section 7.05 President

The President shall have general and active management responsibility for the business of the Corporation and shall see that all orders and resolutions of the Board of Directors and the policies of the Member are carried into effect, consistent with the Mission and Core Values of the Corporation. The President shall be responsible for the appointment, evaluation, compensation and removal of the respective executive officers of those corporations of which the Corporation is the member or other controlling shareholder or owner. The President shall be a voting ex officio member of all committees and shall have the general powers and duties of supervision and management usually vested in the office of President of a corporation.

Section 7.06 Secretary

The Secretary of the Corporation shall issue, or cause to be issued, notices of all Board meetings, shall be responsible for the keeping and the reporting of adequate records of all transactions of the Board, and shall record the minutes of all meetings of the Board of Directors. The Secretary shall further perform such other duties incident to his or her office and as the Board of Directors may from time to time determine.

Section 7.07 Treasurer

The Treasurer of the Corporation shall be responsible for all funds of the Corporation, shall make reports to the Board of Directors as requested by the Board of Directors, and shall see that an accounting system is maintained in such a manner as to give a true and accurate accounting of the financial transactions of the Corporation. The Treasurer shall further perform such other duties incident to his or her office as the Board of Directors may from time to time determine. The Treasurer may delegate any of the functions, powers, duties, and responsibilities to any agent or employee of the Corporation. In the event of such

delegation, the Treasurer shall thereafter be relieved of all responsibility for the proper performance or exercise thereof.

ARTICLE VIII. INDEMNIFICATION AND STANDARD OF CARE

Section 8.01 Indemnification

The Corporation shall, to the maximum extent allowed by law, indemnify those persons (including religious congregations and their members or other canonical persons and their members) who

(a) are serving or have served as members, trustees, directors, sponsors, officers, employees, committee or subcommittee members, or agents of the Corporation, or

(b) are serving or have served at the request of the Corporation as a member, trustee, director, sponsor, officer, employee, committee or subcommittee member, agent, manager, or partner of another corporation, partnership, joint venture, trust, employee benefit plan, limited liability company or other enterprise, whether for profit or nonprofit, against expenses (including attorney's fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred in connection with such action, suit, or proceeding.

Section 8.02 Insurance

Except as may be limited by law, the Corporation may purchase and maintain insurance on behalf of any person (including religious congregations and their members or other canonical persons and their members) who

(a) is or was a member, trustee, director, sponsor, officer, employee, committee or subcommittee member, or agent of the Corporation, or

(b) is or was serving at the request of the Corporation as a member, trustee, director, sponsor, officer, employee, committee or subcommittee member, agent, manager, or partner of another corporation, partnership, joint venture, trust, employee benefit plan, limited liability company or other enterprise, whether for profit or nonprofit, to protect against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not this Corporation would have power to indemnify him or her against such liability under state law.

Section 8.03 Standard of Care

Each Director shall stand in a fiduciary relation to the Corporation and shall perform his or her duties as a Director, including his or her duties as a member of any committee of the Board upon which he or she may serve, in good faith, in a manner he or she reasonably believes to be in the best interests of the Corporation, the Member and Trinity Health, and with such care, including reasonable inquiry, skill and diligence, as a person of ordinary prudence would use under similar circumstances.

Section 8.04 Justifiable Reliance

In performing his or her duties, a Director (including when such Director is acting as an officer of the Corporation) shall be entitled to rely in good faith on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by any of the following:

(a) One or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and competent in the matters presented.

(b) Counsel, public accountants or other persons on matters that the Director reasonably believes to be within the professional or expert competence of such person.

(c) A committee of the Board upon which he or she does not serve, duly designated in accordance with law, as to matters within its designated authority, which committee the Director reasonably believes to merit confidence.

A Director shall not be considered to be acting in good faith if he or she has knowledge concerning the matter in question that would cause his or her reliance to be unwarranted.

Section 8.05 Consideration of Factors

In discharging the duties of their respective positions, the Board of Directors, committees of the Board and individual Directors may, in considering the best interests of the Corporation, the Member and Trinity Health, consider the effects of any action upon employees, upon suppliers and customers of the Corporation and upon communities in which offices or other establishments of the Corporation, the Member and Trinity Health are located, and all other pertinent factors. The consideration of those factors shall not constitute a violation of the standards described herein.

Section 8.06 Presumption

Absent breach of fiduciary duty, lack of good faith or self-dealing, actions taken as a Director or any failure to take any actions shall be presumed to be in the best interests of the Corporation, the Member and Trinity Health.

Section 8.07 Personal Liability of Directors

No Director shall be personally liable for monetary damages for any action taken, or any failure to take any action, unless the Director has breached or failed to perform the duties of his or her office under the standards described herein, has engaged in self-dealing, or the action or inaction constitutes willful misconduct or recklessness. The provisions of this Section shall not apply to the responsibility or liability of a Director pursuant to any criminal statute or the liability of a Director for the payment of taxes pursuant to local, state or federal law.

Nothing in this Article is intended to preclude or limit the application of any other provision of law that may provide a more favorable standard or higher level of protection for the Corporation's Directors.

ARTICLE IX. SUBSIDIARIES AND VOLUNTARY HOSPITAL SERVICE ORGANIZATIONS

Section 9.01 Authority

In accordance with policies of Trinity Health, including without limitation those referenced in the System Authority Matrix, each organization of which the Corporation is the sole or majority member or owner shall have reserved certain powers to be exercised by this Corporation.

Section 9.02 Voluntary Hospital Service Organizations

The Board of Directors may authorize the establishment or dissolution of voluntary service organizations, such as an auxiliary to the Corporation or any Operating Unit of the Corporation. Such organization may be a non-profit corporation or voluntary association. No service organization may be established without approval of the Board of Directors, subject to the reserved powers of the Member and Trinity Health and any guidelines or policies established by Trinity Health with respect to voluntary organizations.

ARTICLE X. OPERATING UNITS

Section 10.01 Authority

The Board of Directors of the Corporation may organize the operations of the Corporation into one or more other Operating Units of governance and management that shall have such powers and shall carry out such responsibilities as shall be delegated to them pursuant to the policies of the Corporation and Trinity Health in effect from time to time.

Article XI. MISCELLANEOUS

Section 11.01 Fiscal Year

The fiscal year of the Corporation shall end on the 30th day of September of each year and shall begin on the 1st day of October of each year.

Section 11.02 Required Records

The officers, agents and employees of the Corporation shall maintain such books, records and accounts of the Corporation's business and affairs as may be from time to time

required by the Board of Directors, or required by the laws of the state in which the Corporation is domiciled.

Section 11.03 Confidentiality

Except as otherwise publicly disclosed, or in order to appropriately conduct the Corporation's business, the records and reports of the Corporation shall be held in confidence by those persons with access to them.

Section 11.04 Conflict of Interest

Each of the Corporation's officers and members of the Board shall at all times act in a manner that furthers the Corporation's charitable purposes and shall exercise care that he or she does not act in a manner that furthers his or her private interests to the detriment of the Corporation's community benefit purposes. The Corporation's officers and members of the Board shall fully disclose to the Corporation any potential or actual conflicts of interest, if such conflicts cannot be avoided, so that such conflicts are dealt with in the best interests of the Corporation. Conflicts of interest shall be resolved in accordance with the Corporation's conflict of interest policy. The Corporation and all its officers and members of the Board shall comply with any policies of the Corporation and Trinity Health regarding conflicts of interest, as well as the requirements of applicable state law regarding such conflicts, and shall complete any and all disclosure forms as may be deemed necessary or useful by the Corporation for identifying potential conflicts of interest.

ARTICLE XII. AMENDMENT AND REVIEW

Section 12.01 Amendment

These Bylaws may be amended only in accordance with Article III of these Bylaws.

Section 12.02Periodic Review

These Bylaws shall be reviewed periodically by the Board of Directors and any recommended revisions shall be forwarded to the Member and Trinity Health for action.

Schedule 8.08(a) .....Owned Real Property

DISCLOSURE SCHEDULE

This Disclosure Schedule (this **"Disclosure Schedule"**) is being delivered pursuant to the terms of that certain Transfer Agreement (the **"Agreement"**), dated as of _____, 2015, by and among Trinity Health Corporation, an Indiana nonprofit corporation (**"Trinity Health"**), Saint Francis Care, Inc., a Connecticut nonstock corporation (**"NE-RHM"**), and Saint Mary's Health System, Inc. (**"SMHS"**) and Saint Mary's Hospital, Inc. (**"SMH"**), both Connecticut nonstock corporations (collectively, **"Saint Mary's"**). The substitution of **NE-RHM** for the Archbishop of Hartford as the sole member of Saint Mary's and the other transactions contemplated by the Agreement are referred to collectively in this Disclosure Schedule as the "Transaction."

Capitalized terms used in this Disclosure Schedule and not otherwise defined herein shall have the respective meaning ascribed thereto in the Agreement. Any headings herein are included for convenience of reference only and shall be ignored in the construction and interpretation hereof. Any summary of or reference to a written document in this Disclosure Schedule shall be deemed to refer to the version of such document in the form that it has been made available to **NE-RHM and** Trinity Health via the electronic data room set up for this transaction at https://datasite.merrillcorp.com.

Knowledge of Trinity Health

1. James R. O'Connell, Executive Vice President
2. Paul Neumann, Executive Vice President and General Counsel
3. Benjamin Carter, Executive Vice President and CFO
4. Michael Holper, Senior Vice President

Schedule 2.01

SMH Board Members

The initial members of the SMH Board will be identified by the Parties prior to the Closing Date

Schedule 3.02

Board of Directors of NE-RHM - Saint Mary's Members

To be identified by Parties prior to the Closing Date

Schedule 6.04

Conflicts/Consents

(a) None.

(b)

OHCA CON Order, Docket No. 08-31202. Condition 2(b) to the Order provides that the Heart Center's CON authorization will become invalid and therefore null and void if, "any changes in the ownership or control of one or both of the legal entities, [Saint Mary's Hospital or the Waterbury Hospital]" occur. Saint Mary's and Waterbury Hospital are in the process of filing a CON Modification requesting that OHCA vacate Condition 2(b).

(c)(i)

(1) Waterbury Hospital pursuant to Members' Agreement among Saint Mary's Hospital, the Waterbury Hospital, and the Harold Leever Regional Cancer Center, Inc., dated May 17, 1999, the Members' Agreement among St. Mary's Hospital, the Waterbury Hospital, and Waterbury Area Heart Center, Inc., dated December 22, 2003, and the bylaws of both Harold Leever and the Heart Center.

(2) Operating Agreement of Naugatuck Valley MRI, LLC, dated January 26, 2015

(3) Connecticut Department of Social Services Health Care Financing - Provider Enrollment Agreement, dated 3/12/09, between CT DSS and Saint Mary's Hospital. Re-enrollment requires notification

(4) Craneware License and Service Agreement, dated 4/29/13, between Craneware plc and Saint Mary's Hospital. Assignment, which includes change of ownership, requires consent.

(5) McKesson Premier Member Letter of Participation, dated 12/16/13, between McKesson and Saint Mary's Health System, Inc. Notice required on change of ownership.

(6) The following consents, approvals, Permits, Governmental Orders, declaration and filings with, or notices to the following Governmental Authorities may be required by or with respect to Saint Mary's Hospital or the Saint Mary's Controlled Subsidiaries in connection with the execution and delivery of the Agreement and the other Transaction Documents and the consummation of the transaction contemplated hereby and thereby:

a. Roman Catholic Archdiocese of Hartford
b. Holy See, Roman Catholic Church
c. State of Connecticut Office of Healthcare Access
d. Office of the Attorney General of the State of Connecticut
e. Federal Trade Commission

(7) Consent may be required with respect to Diagnostic Imaging of Southbury, LLC

(c)(ii) None.

(c)(iii) None.

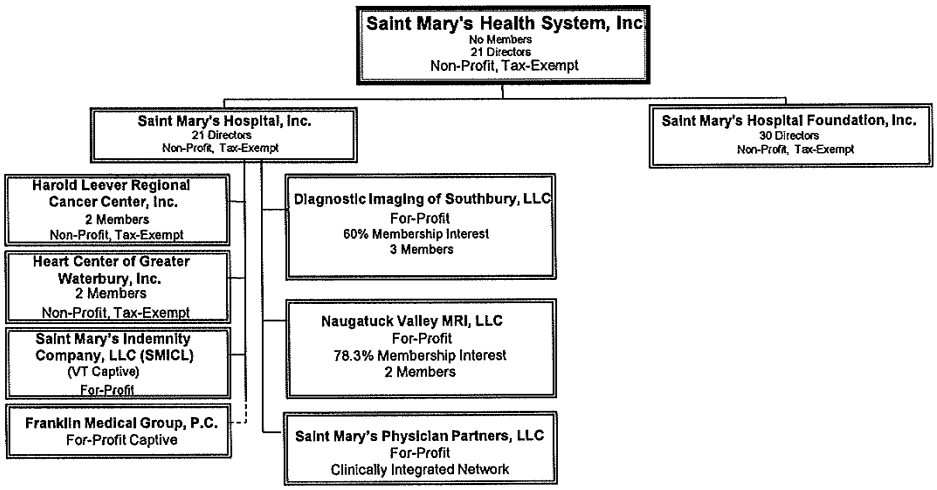
(c)(iv) None.

(c)(v)

1. Master Service Agreement, dated 1/5/09, between Connecticut Children's Medical Center and Saint Mary's Hospital, Inc.

Schedule 6.05

Organizational Chart



August 2015

Schedule 6.07

Undisclosed Liabilities

1. Amended and Restated Commercial Revolving Note, dated August 16, 2010, in favor of Webster Bank, National Association for the principal sum of $5,000,000

2. Amended and Restated Commercial Loan Agreement, dated March 11, 2015 by and between Webster Bank, National Association and Saint Mary's Hospital, Inc.

3. Asset Pledge, Security and Control Agreement dated August 16, 2010 by and among Webster Bank, National Association and Saint Mary's Hospital, Inc.

4. Church Plan Exemption: The Internal Revenue Service issued a Private Letter Ruling ("PLR") to Saint Mary's Hospital Corporation dated March 18, 1993, in which it concluded that the Pension Plan for Employees of St. Mary's Hospital Corporation ("Pension Plan") was a church plan within the meaning of Internal Revenue Code ("Code") Section 414(e). No irrevocable and affirmative election has previously been made pursuant to Code Section 410(d) to make such otherwise exempt church plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and to the additional plan qualification requirements set forth in Treasury Regulations Section 1.401(d)-1 and in other related Code provisions. However, a request for a Department of Labor opinion that the Pension Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Pension Plan is determined to be subject to ERISA, it would result in significant liability.

   Effective in 1997 Saint Mary's established a defined contribution retirement plan for its eligible participants, which is known as the St. Mary's Hospital Retirement Savings Plan ("Savings Plan"), and which contains a Code Section 401(k) component. Although the Savings Plan has been operated as a church plan that is exempt from Title I of ERISA, a request for an IRS PLR that the Savings Plan is a church plan within the meaning of Code Section 414(e) has not be requested. In addition, a request for a Department of Labor opinion that the Savings Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Savings Plan is determined to be subject to ERISA, it could likely result in a significant liability.

Schedule 6.08

Absence of Certain Changes, Events, Conditions

6.08(a):

Church Plan Exemption: The Internal Revenue Service issued a Private Letter Ruling ("PLR") to Saint Mary's Hospital Corporation dated March 18, 1993, in which it concluded that the Pension Plan for Employees of St. Mary's Hospital Corporation ("Pension Plan") was a church plan within the meaning of Internal Revenue Code ("Code") Section 414(e). No irrevocable and affirmative election has previously been made pursuant to Code Section 410(d) to make such otherwise exempt church plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and to the additional plan qualification requirements set forth in Treasury Regulations Section 1.401(d)-1 and in other related Code provisions. However, a request for a Department of Labor opinion that the Pension Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Pension Plan is determined to be subject to ERISA, it would result in significant liability.

Effective in 1997 Saint Mary's established a defined contribution retirement plan for its eligible participants, which is known as the St. Mary's Hospital Retirement Savings Plan ("Savings Plan"), and which contains a Code Section 401(k) component. Although the Savings Plan has been operated as a church plan that is exempt from Title I of ERISA, a request for an IRS PLR that the Savings Plan is a church plan within the meaning of Code Section 414(e) has not be requested. In addition, a request for a Department of Labor opinion that the Savings Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Savings Plan is determined to be subject to ERISA, it could likely result in a significant liability.

6.08(b):

Saint Mary's is in the process of converting Franklin Medical Group to a Medical Foundation.

An electrical transformer failed in July 2015. Replacement of the transformer itself and associated labor are expected to be greater than $100,000. Incident has not been submitted to

insurance. Awaiting final invoices from contractor.

6.08(k):

The receivable for $315k as of June 30, 2015 for CVS retail pharmacy will be written off by end of year. The retail pharmacy program started in April FY15. The program is being discontinued. Approximately $165k was accrued for expenses associated with these revenues. Those will also be released to income. The net impact to the income statement will be approximately $150k.

SMH capitalized $904k worth of fixed asset additions in the month of July. Cath Lab equipment ($190k) and build out of West Main Urgent Care ($151k) were included.

Schedule 6.09(c)

Material Contracts - Validity

To the knowledge of Saint Mary's, each Material Contract is valid and binding on Saint Mary's or a Saint Mary's Controlled Subsidiary, as applicable, in accordance with its terms and is in full force and effect;

To the Knowledge of Saint Mary's, no party is in breach of or default under (or is alleged to be in breach of or default under), or has provided or received any notice of any intention to terminate, any Material Contract; and

No event or circumstance has occurred that, with notice or lapse of time or both, would constitute an event of default under any Material Contract or result in a termination thereof or would cause or permit the acceleration or other changes of any right or obligation or the loss of any benefit thereunder.

Schedule 6.10

Permitted Encumbrances

See attached lien report, dated September 14, 2015, prepared by CT Lien Solutions for all entities in Saint Mary's Health System

Blanket liens in favor of the master trustee (#0001772303) and in favor of Baytree National Bank & Trust Company (#0002913889) will be released prior to closing

Schedule 6.11

Condition and Sufficiency of the Saint Mary's Assets

Church Plan Exemption: The Internal Revenue Service issued a Private Letter Ruling ("PLR") to Saint Mary's Hospital Corporation dated March 18, 1993, in which it concluded that the Pension Plan for Employees of St. Mary's Hospital Corporation ("Pension Plan") was a church plan within the meaning of Internal Revenue Code ("Code") Section 414(e). No irrevocable and affirmative election has previously been made pursuant to Code Section 410(d) to make such otherwise exempt church plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and to the additional plan qualification requirements set forth in Treasury Regulations Section 1.401(d)-1 and in other related Code provisions. However, a request for a Department of Labor opinion that the Pension Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Pension Plan is determined to be subject to ERISA, it would result in significant liability.

Effective in 1997 Saint Mary's established a defined contribution retirement plan for its eligible participants, which is known as the St. Mary's Hospital Retirement Savings Plan ("Savings Plan"), and which contains a Code Section 401(k) component. Although the Savings Plan has been operated as a church plan that is exempt from Title I of ERISA, a request for an IRS PLR that the Savings Plan is a church plan within the meaning of Code Section 414(e) has not be requested. In addition, a request for a Department of Labor opinion that the Savings Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Savings Plan is determined to be subject to ERISA, it could likely result in a significant liability.

Schedule 6.12(a)

Owned Real Property

1. **Parcel One**

That certain piece or parcel of land situated on the southerly side of Scovill Street, the westerly side of Franklin Street, the northerly side of Union Street and the easterly side of South Elm Street in the City of Waterbury, Conn. bounded and described as follows:

Beginning at an iron pin marking the intersection of the southerly line of Scovill Street with the easterly line of South Elm Street, said point being the northwesterly corner of the within described land, thence running in the southerly line of Scovill Street, S 77° 39' 30" E 304.17 feet to a point of curve marked by a drill hole, thence running southeasterly and in a line curving to the right having a radius of 50.285 feet, a central angle of 66° 19' 38"1, a distance of 58.21 feet to a point of compound curve marked by a drill hole, thence running southerly and in a line curving to the right having a radius of 147.42 feet, a central angle of 22° 13' 12", a distance of 57.17 feet to Franklin Street and a point of tangency marked by a drill hole, thence running in the westerly line of Franklin Street S 10° 53' 20" W 320.80 feet to Union Street, thence running westerly in the northerly line of Union Street and in a line curving to the right having a radius of 60.00 feet a distance of 30.95 feet to a point of tangency, the last two described points being connected by a chord having a bearing of S 86° 26' 23" W 30.61 feet, thence running in the northerly line of Union Street N 78° 45' 10" W 223.04 feet to a point of curve marked by a drill hole, thence running westerly in the northerly line of Union Street and in a line curving to the right having a radius of 393.00 feet, a central angle of 14° 30' 02", a distance of 99.46 feet to a point of compound curve marked by a drill hole, thence running northwesterly in a line curving to the right having a radius of 27.56 feet, a central angle of 76° 50' 58", a distance of 37.02 feet to South Elm Street, and a point of tangency, said point being marked by a drill hole, thence running in the easterly line of South Elm Street N 12° 34' 50" E 381.36 feet to Scovill Street and the point of beginning. Said parcel containing 151,285 square feet.

BOUNDED:

NORTHERLY: By Scovill Street

NORTHEASTERLY: by a curved line that connects the southerly line of Scovill Street with the westerly line of Franklin Street
EASTERLY: By Franklin Street

SOUTHERLY: By Union Street

SOUTHWESTERLY: by a curved line that connects the northerly line of Union Street with the easterly line of South Elm Street.
WESTERLY: by South Elm Street.

Being the premises shown on a certain map entitled: "AS-BUILT SURVEY MAP OF LAND OF SAINT MARY'S HOSPITAL CORPORATION WATERBURY, CONN. THE A.J. PATTON CO. SURVEYOR, WATERBURY, CONN. JAN. 30, 1980 SCALE 1" = 20' REVISED MARCH 10, 1980, REVISED JUNE 14, 1983, REVISED FEB. 27, 1984, REVISED AUG. 25, 1988" to be filed in the office of the Waterbury Town Clerk.

Being the same premises shown on a map entitled "Map of Properties owned by Saint Mary's Hospital Corporation, South Elm Street, Union Street and Scovill Street, Waterbury, Connecticut, Meyers Associates P.C. Engineers, Surveyors, Planners, 60 Linden Street, Waterbury, Conn. 06702, April 29, 1997, Scale 1" = 40' " to be filed in the office of the Waterbury Town Clerk.

2. Parcel Two

That certain piece of parcel of land situated on the easterly side of South Elm Street, the northerly side of Scovill Street and the southwesterly side of Cole Street in the City of Waterbury, Connecticut bounded and described as follows:

Beginning at an iron pin marking the intersection of the easterly line of South Elm Street with the northerly line of Scovill Street, said point being the southwesterly corner of the within described land, thence running in the easterly line of South Elm Street N 11° 43' 24" E 284.60 feet to a point of curve, thence running easterly in a curved line having a radius of 9.70 feet, a central angle of 128° 16', that connects the easterly line of South Elm Street with the southwesterly line of Cole Street, and in a line curving to the right having a distance of 21.72 feet to Cole Street and a point of tangency, thence running in the southwesterly line of Cole Street and tangent to the curve S 40° 00' 36" E 148.72 feet to land now or formerly of Saint Mary's Hospital Corporation, thence running in line of land now or formerly of Saint Mary's Hospital S 11° 43' 24" W, 141.04 feet, S 78° 16' 36" E, 30.29 feet, S 11° 43' 24", 49.70 feet, N 78° 21' 24" W 12.94 feet, N 33° 19' 09" W 8.485 feet, N 77° 58' 50" W 5.85 feet and S 11" 40' W 16.00 feet to Scovill Street, thence running in the northerly line of Scovill Street N 78° 01' 09" W 137.98 feet to South Elm Street and the point of beginning.

BOUNDED:

NORTHERLY: by a curved line that connects the easterly line of South Elm Street with the southwesterly line of Cole Street and by land now or formerly of Saint Mary's Hospital Corporation.

NORTHEASTERLY: by Cole Street.

EASTERLY: by land now or formerly of Saint Mary's Hospital Corporation.

SOUTHERLY: by Scovill Street and by land now or formerly of Saint Mary's Hospital Corporation.

SOUTHWESTERLY: by land now or formerly of Saint Mary's Hospital Corporation.

WESTERLY: by South Elm Street.

Being the premises shown on a map entitled "MAP SHOWING PARCEL #1 LAND OF SAINT MARY'S HOSPITAL CORPORATION WATERBURY, CONN. THE A.J. PATTON CO. SURVEYOR, WATERBURY, CONN. DEC. 28, 1979 SCALE 1" = 20' REVISED MARCH 10, 1980, REVISED JUNE 10, 1983, REVISED FEB. 27, 1984, REVISED AUG. 25, 1988" to be filed in the office of the Waterbury Clerk.

Together with those easements, covenants, and rights reserved by the Grantor and in a Quit Claim Deed dated January 27, 1988 and recorded February 2, 1988 in Volume 2235, at Page 33 of the Waterbury Land Records and a Corrective Quit Claim Deed dated March 16, 1988 and recorded March 30, 1988 in Volume 2261, at Page 241 of the Waterbury Land Records, in which the Grantor granted to

The Slocum Corporation a certain parcel of land in the City of Waterbury, County of New Haven, State of Connecticut.

Together with those easements, covenants and rights-contained in an Easement Agreement dated September 26, 1988 between and among Saint Mary's Hospital Corporation, Scovill Street Medical Building Association, Inc., and The Slocum Corporation.

Together with those rights contained in a Release of Covenant to Subordinate dated September 26, 1988 between Saint Mary's Hospital Corporation and Scovill Street Medical Building Association, Inc. and recorded in Volume 2364, Page 90 of the Waterbury Land Records.

Being the same premises shown on a map entitled "Map of Properties owned by Saint Mary's Hospital Corporation, South Elm Street, Union Street and Scovill Street, Waterbury, Connecticut, Meyers Associates P.C., Engineers, Surveyors, Planners, 60 Linden Street, Waterbury, Conn. 06702, April 29, 1997, Scale 1" = 40'" to be filed in the Office of the Waterbury Town Clerk.

3. Parcel Three

Grantor's rights to an air space easement granted to Grantor by the City of Waterbury by Quit Claim Deed dated March 18, 1980 and recorded in Volume 1438 at Page 73 of the Waterbury Land Records, said easement being more particularly described as follows:

The air space beginning at a distance of fourteen feet above the said crown of Scovill Street and consisting of all the air space beginning at the said fourteen feet distance above the said crown of Scovill Street) above the following piece or parcel of land:

That certain piece or parcel of land being a portion of Scovill Street situated easterly of South Elm Street in the City of Waterbury, Connecticut bounded and described as follows:

Beginning at an iron pin set in the northerly line of Scovill Street, said pin being S 78° 01' 06" E 132.46 feet, from an iron pin that marks the intersection of the northerly line of Scovill Street with the easterly line of South Elm Street as measured in the northerly line of Scovill Street, thence running in the northerly line of Scovill Street S 78° 01' 06" E 80.00 feet, thence running across Scovill Street 11° 58' 54" W 39.99 feet to the southerly line of Scovill Street, thence running in the southerly line of Scovill Street N 77° 39' 30" W Or-' feet, thence running across Scovill Street N 11° 58' 54" E 39.49 feet to the northerly line of Scovill Street and the point of beginning.

4. Parcel Four

That parcel of land in the City of Waterbury, County of New Haven, State of Connecticut, shown on map entitled, "Topographic Survey, South Elm St. and Union St., Waterbury, Connecticut. Prepared for Saint Mary's Hospital" scale 1" = 20', dated 2/20/89, revised 4/17/89, last revision 10/9/89, prepared by Kasper Associates, which map is filed with the Town Clerk of Waterbury in Drawer XXVIII, Page 73 and such map has been further revised July 26, 1990, but such further revised map is not intended to be filed on the land records, and which parcel being triangular in shape is described as follows: beginning at a point in the easterly streetline of South Elm Street as shown on said map, said point also being the southwest corner of said parcel thence along the eastern streetline of South Elm Street N.12° 37' 14" E 209.79 feet; thence along a curve concave to the northwest with radius of 15.00 feet, arch length of 23.90 feet and delta of 91° 16' 32"; thence along the southerly street line of Union Street the following two

courses, S 76° 06' 14" E a distance of 413.54 feet and along a curve concave to the south with radius of 1225.00 feet, arc length of 99.17 feet and delta 04° 38' 19" to a C.H.D. monument N. 261898.9378, E 521693.2863, thence S 80° 55' 49" W along monumented highway line of interstate 84 a distance of 559.84 feet; thence S 48° 55' 48" W still along monumented highway line of Interstate 84 a distance of 13.00 feet to the point of beginning.

Said parcel contains 1.30 acres.

(Bounded by Interstate 84, South Elm Street and Union Street)

Together with such rights, if any, as acquired under an Encroachment Agreement by and between the State of Connecticut Department of Transportation and Saint Mary's Hospital Corporation, dated July 31, 1991 and recorded September 12, 1991 in Volume 2774 at Page 229 of the Waterbury Land Records, with respect to a pedestrian link between parcel 4 and parcel 1, as shown on plan entitled "Pedestrian Link Easement Map, Union Street, Waterbury, Connecticut, prepared for Saint Mary's Hospital KA, Kasper Associates, Engineers, Surveyors, Planners, Bethel, Connecticut, Scale 1" = 20', Date: 8/16/89 Sheet 1 of 1 designed by, drawn by, BEM check by JJK, Project No, 2348)

Being the same premises shown on a map entitled "Map of Properties owned by Saint Mary's Hospital Corporation, South Elm Street, Union Street and Scovill Street, Waterbury, Connecticut, Meyers Associates, P.C., Engineers, Surveyors, Planners, 60 Linden Street, Waterbury, Conn. 06702, April 29, 1997, Scale 1" = 40'" to be filed in the Office of the Waterbury Town Clerk.

5. <u>Parcel Five</u>

That certain parcel of land situated in the Town of Waterbury, County of New Haven and State of Connecticut, on the easterly side of Present Franklin Street, at Present Scovill Street, containing 0.77 of an acre, more or less, bounded and described as follows:

Schedule 6.14(a)

Legal Proceedings

Don Doe v. The Hartford Roman Catholic Diocesan Corp., et al.
Brian Doe v. The Hartford Roman Catholic Diocesan Corp., et al.
George Doe v. The Hartford Roman Catholic Diocesan Corp., et al.
Patrick Doe v. The Hartford Roman Catholic Diocesan Corp., et al.

In each of the *Doe* matters, the plaintiffs allege that they were victims of sexual molestation perpetrated by the same priest while patients at Saint Mary's Hospital in the 1970s. The George Doe case was mediated before Judge Zemetis on June 30, 2015. The case was settled for $500,000 and will be paid in full by Travelers Insurance Company. Because the plaintiff was in bankruptcy, the settlement is subject to bankruptcy court approval. The remaining three *Doe* matters are being scheduled for mediation. Because Travelers filed a reservation of rights in 2008, Travelers has not affirmed coverage of the remaining three cases but is expected to provide coverage in full.

41. Letter from Eagle Environmental, Inc., dated August 1, 2007, re: proposal to provide asbestos abatement services for the renovation of the Main entrance lobby

42. Bulk Sample Collection and Analysis for Saint Mary's Elevator Lobby, dated December 4, 2007, prepared by Eagle Environmental, Inc.

43. Asbestos Disposal and Documentation Form, #142365, landfill date August 11, 2008

44. Asbestos Disposal and Documentation Form, #142366, landfill date August 11, 2008

45. Asbestos Disposal and Documentation Form, #142354, landfill date August 11, 2008

46. Uniform Hazardous Waste Manifest, # 002053366, landfill date September 15, 2008

47. Letter from ChemScope, dated July 30, 1993, enclosing copy of Asbestos O&M Program

48. Restatement of Policy Requirements for handling the spray on fireproofing found in the ceiling spaces of the O'Brien Building, floors 6, 7, and 8, dated April 16, 1991, prepared by TRC Environmental Consultants, Inc.

49. Report from TRC, dated January 21, 1986, re: asbestos project work conducted at Saint Mary's in January 1986

50. Letter from ChemScope, dated December 4, 1991, re: results from bulk samples

51. Letter from ChemScope, dated September 10, 1993, re: results from bulk samples

52. Letter from ChemScope, dated June 13, 1991, enclosing copies of final clearance testing after asbestos abatement for O'Brien 6, 7, and 8 elevator

53. Asbestos Abatement Specifications/Invitation to Bid, prepared by ChemScope Inc., dated March 4, 1991

54. ACM Monitoring Main Entrance Lobby Renovation Project, dated December 20, 2007, prepared by Eagle Environmental, Inc.

55. Bulk Sampling/Analysis Record for Boiler House – New D.A. Tank Room, dated November 20 (year unclear – possibly 1992)

56. Asbestos Abatement Report for MOB Elevator Lobby and CAT Scan, dated December 17, 1993, prepared by AEGIS Inc.

57. Report, dated August 4, 1994, prepared by ChemScope re: Asbestos Removal Monitoring of O'Brien 6-Mechanical Rooms and Adjacent Office Asbestos Removal Monitoring from June 13, 1994 through July 30, 1994

58. Asbestos Removal Specifications for O'Brien 6, dated May 2, 1994

59. Asbestos Abatement Report for Xavier Basement Mechanical room, dated March 24, 1994, prepared by AEGIS Inc.

60. Asbestos Abatement Project Site Monitoring Report for December 18, 1995 through February 8, 1996 for O'Brien 7, prepared by Mystic Air Quality Consultants, Inc.

61. Final Documentation Package for Asbestos Removal in MOB Elevator Lobby and CAT Scan, dated January 7, 1994, prepared by Haz-Pros, Inc.

62. Letter from AAIS, dated February 16, 1994, enclosing disposal documentation for various asbestos abatement and removal projects at Saint Mary's Hospital

63. Asbestos Removal Specifications for Xavier Attics, dated July 25, 1990

64. Certificate of Completion and Disposal Documentation Form for Abatement of Nun's Dining Room, dated October 1990

65. Letter from Acstar Insurance Company, dated July 10, 1991, re: status of bond concerning the Xavier and Slocum Basements

66. AAIS Certification of Payment of all Debts and Claims concerning Slocum and Xavier Basements, dated June 26, 1991

67. Letter from TRC, dated August 15, 1990, re: Justification for Alternative Work Practices

68. Letter from TRC, dated November 6, 1990, re: Completion of Asbestos Abatement of Slocum and Xavier Crawlspaces

69. AAIS Certification of Completion of abatement of crawl spaced, received October 26, 1990, enclosing copy of the Asbestos Abatement Project Notification Form and Asbestos Disposal and Documentation Form

70. Report on Fibrous Dust in Air Analysis, dated October 16, 1990, prepared by Environmental Hazard Control Associates, Inc.

71. Performance Bond, dated September 20, 1990, issued by the American Institute of Architects to AAIS in the amount of $38,500.00

72. Documentation of Approved Disposal of Asbestos Waste, dated September 1990 and October 1990

73. Asbestos Abatement Project Notification Form for work to be completed by September 5, 1990 (may be duplicate of Xavier Attic)

74. Asbestos Removal Specifications for Saint Mary's Penthouse, dated August 7, 1990, prepared by ChemScope

75. Final Inspection of Asbestos Clean-up Action, dated June 20, 1989, prepared by Statewide Environmental Services re: clean-up of electrical box

76. Approval for Special Waste Disposal – Asbestos, dated September 30, 1987, issued by the CTDEP

77. Letter from Saint Mary's, dated January 15, 1988, re: asbestos removal at Saint Mary's Hospital

78. Letter from Marsh &McLennan, dated January 26, 1988, re: asbestos removal at Saint Mary's Hospital

79. Letter from Manville Property Damage Settlement Trust, dated August 7 1989, re: filing first-cycle claims

80. Letter from Saint Mary's, dated July 20, 1987, re: scope of asbestos removal in boiler room and adjacent areas

81. Letter from Sitewide Environmental Services, dated May 19, 1988, re: disposal of asbestos from Saint Mary's at S&S Landfill in Clarkburg, West Virginia

82. Saint Mary's internal memorandum, dated March 29, 1988, re: amount of liability insurance for asbestos removal project

83. Saint Mary's internal memorandum, dated January 25, 1989, re: asbestos removal from the gift shop

84. Asbestos Removal Documentation for removal of 40 linear feet of asbestos pipe covering in March/April 1989

85. Non-hazardous Special Waste Manifests, dated November 19, 1990

86. Invoice from Ever Clear, dated April 30, 1990, re: removal of 135 feet of pipe covering

87. Asbestos removal documentation from Ever Clear re: removal of asbestos from valves and tees in mechanical room

88. Asbestos Fiber Analysis by Transmission Electron Microscopy, Selective Area Electron Diffraction and Energy Dispersive X-Ray Microanalysis, dated August 11, 1990, prepared by EMSL

89. Asbestos Preventative Maintenance Record, dated June 23, 1989, re: asbestos removal from pipe located in Xavier Attic for 3 inch steam line repair

90. Asbestos Preventative Maintenance Record, dated September 1, 1987, to change pressure regulating valve on heating system

91. Asbestos Preventive Maintenance Record, dated March 3, 1987, to remove make up water pump

92. Asbestos Preventive Maintenance Record, dated January 29, 1987, to make repairs to HAVAC unit

93. Asbestos Preventive Maintenance Record dated January 9, 1987, re: accidentally disturbed asbestos while making plumbing repair over top of boiler

94. Asbestos Preventive Maintenance Record, dated June 11, 1986, re: high pressure steam line leaking

95. Asbestos Preventive Maintenance Record, dated June 9, 1986, re: steam leak

96. Saint Mary's Interoffice Memorandum, dated January 13, 1986, re: removal of four barrels of asbestos

97. Approval for Special Waste Disposal Asbestos, dated May 13, 1985, issued CTDEP

98. Asbestos Preventive Maintenance Record, dated August 7, 1985, re: removal of duct to incinerator double plastic

99. Asbestos Preventive Maintenance Record, dated July 29, 1985, re: future removal of incinerator in School of Nursing

100. Asbestos Preventive Maintenance Record, dated March 9, 1985, re: removed asbestos because it was loose

101. Asbestos Preventive Maintenance Record, dated January 17, 1985, re: notification by manufacture and insulation replacement provided by Air Shield

102. Asbestos Preventive Maintenance Record, dated September 11 and 12, 1984, re: facilitate removal of head from heat exchanger in OB-SB

103. Asbestos Preventive Maintenance Record, dated January 25, 1984, re: remove pipe insulation to disconnect chill water coil

104. Asbestos Preventive Maintenance Record, dated January 2, 1984, re: water leak in SA city water bypass

105. Asbestos Preventive Maintenance Record, dated December 20, 1983, re: removal of asbestos from piping on hot water heater

106. Charge ticket from City of Waterbury – Solid and Liquid Waste Disposal, dated October 23, 1985

107. Approval for Special Waste Disposal – Asbestos, dated May 11, 1987, issued by the CTDEP

108. Saint Mary's Policy re: A.C.M. Asbestos Containing Material, dated December 30, 1985

109. Saint Mary's Interoffice Memorandum, dated June 20, 1983, re: asbestos removal on June 16, 1983

110. Saint Mary's Engineering Policy and Procedure Manual, dated December 6, 1983, re: Removal of Asbestos Insulation

111. Saint Mary's Interoffice Memorandum, dated April 21, 1980, re: Asbestos Fiber Containment

112. Saint Mary's internal memorandum, dated April 4, 1985, re: asbestos tests

113. Asbestos Removal Monitoring invoices, contracts, specifications, laboratory results, pre-abatement inspections and project summaries for the Courtyard Roof and Dietary Mechanical Room, dated December 1992 – February 1993

114. Ambient Air Asbestos Testing, Asbestos Project Summaries, Air Samples, Asbestos Worker Certifications, dated January 1992 – March 1992 and CTDPH Application for Approval of Alternative Work Practice, dated December 26, 1991

115. Asbestos Removal Monitoring for the Boiler Room Office, DA Tank Room and O'Brien 4 Mechanical Room, dated February 1, 1993 – February 4, 1993

116. Asbestos Disposal & Documentation Form, dated August 27, 1993

117. Asbestos Disposal & Documentation Form, dated August 11, 1993

118. Asbestos Abatement Report, MRI Hall, KB49 and KB50 prepared by Aegis, Inc. Environmental Consultants, dated November 4, 1993

119. Asbestos Disposal & Documentation Form, dated November 8, 1993

120. AEGIS Analytical Report, dated November 1993

121. Logano Asbestos Disposal & Documentation Form, dated November 8, 1993

122. AAIS Certificate of Completion, dated August 25, 1993, for asbestos removal on 1st & 2nd Floors of O'Brien Wing

123. AAIS Proposed Scope of Work letter, dated May 18, 1993, for the elevator lobby on 5th floor

124. AAIS Certificate of Completion and related documentation for Kinney X-Ray 4 & 5, dated November 1, 2004

125. ChemScope Asbestos Pre-Renovation Inspection for Kenny 1 Radiology Hallways Floor Tile, dated November 19, 2004

126. ChemScope Bulk Sample Identification and Findings, dated July 10, 1996

127. ChemScope Asbestos Abatement Specifications for O'Brien 8 (no drawings included), dated October 28, 1996

128. ChemScope Asbestos Removal Specifications for O'Brien 8, dated October 28, 1996

129. ChemScope Asbestos Removal Specifications for O'Brien 8, dated July 24, 1997

130. ChemScope Bulk Sample Identification and Findings, dated March 6, 1992

131. ChemScope Monitoring and Air Sampling for Mammography and Elevators 9 and 10, dated March 16, 1992 – March 17, 1992

132. ChemScope Monitoring and Air Sampling for ER Radiology Sections I & II, dated April 20, 1992 – April 21, 1992

133. AAIS Certificate of Completion for Asbestos Removal at the 3rd Floor Garage Elevator / Sections I & II Lobby, dated August 1992

134. ChemScope Bulk Sample Identification and Findings, dated November 23, 1992

135. Saint Mary's Bulk Sampling / Analysis Record Results for Boiler House – New D.A. Tank Room, dated November 13, 1992

136. AEGIS Air Monitoring Report, dated February 5, 1993

137. ChemScope Bulk Sample Identification and Findings, dated January 13, 1992

138. ChemScope Bulk Sampling / Analysis Record for O'Brien 5, dated January 13, 1992

139. CT Department of Health Services Asbestos Abatement Notification Form, dated July 22, 1991

140. Logano Asbestos Disposal & Documentation form, dated March 20, 1992

141. Logano Asbestos Disposal & Documentation forms, dated March 5, 1992

142. AAIS Certificate of Completion for Asbestos Removal at O'Brien Cafeteria Entrance, O'Brien Basement and O'Brien Subbasement Connector, dated March 30, 1992

143. ChemScope Bulk Sample Identification and Findings, dated January 9, 1992

144. ChemScope Air Sampling Results for 3rd Floor Garage Elevator Area Sections I and II, dated July 11, 1992

145. AEGIS Analytical Reports, dated March 5, 1992

146. ChemScope Bulk Sample Identification and Findings, dated July 28, 1992

147. Asbestos Abatement Specifications for the O'Brien Laboratory Department, 2nd Floor, dated November 8, 1991

148. ChemScope Bulk Sample Identification and Findings, dated November 25, 1991

149. TRC Request for Confirmation regarding asbestos work in the Basement and 5th Floor, dated January 29, 1991

150. ChemScope Ambient Asbestos Air Samples, dated July 23, 1990

151. TRC Asbestos Building Assessment, dated July 1990

152. TRC Summary Report – Quarterly Air Monitoring, dated June 1991

153. TRC Summary Report – Asbestos Removal Activities, dated December 1990

154. TRC Summary Report – Quarterly Air Monitoring, dated January 1991

155. AEGIS Report of Ambient Air Sampling, dated December 10, 1991

156. ChemScope Asbestos Sample Identification, dated October 31, 1991

157. ChemScope Bulk Sample Identification and Findings, dated January 9, 1992

158. Various Basement Sampling Results, dated December 27, 1991

159. ChemScope Bulk Sample Identification and Findings, dated May 28, 1991

160. ChemScope Bulk Sample Identification and Findings, dated April 1991

161. EnviroMed Laboratory Analysis Reports, dated April 1991

162. Declaration of Fran Fahy that there is asbestos in the ceiling of Radiation Therapy, dated September 11, 1990

163. Ever Clear Final Sample Test Report, dated May 31, 1990

164. ChemScope Post Abatement Asbestos Air Samples, dated August 31, 1990

165. ChemScope Asbestos Removal Monitoring for the Boiler Room, dated August 23, 1990

166. ChemScope Ambient Air Samples from Boiler Room, dated July 23, 1990

167. ChemScope Asbestos Air Samples, dated April and May 1988

168. Statewide Environmental Services Air Sampling for Friable Asbestos, dated October 3, 1988

169. ChemScope Asbestos Removal Monitoring for Xavier Attics North/South, dated September 1, 1990

170. Saint Mary's Memorandum regarding TRC Air Samples, dated August 7, 1990

171. TRC Verification of Sample Analysis for debris in the Boiler Room, dated July 25, 1990

172. TRC Physician's Notification of Requirement of Physical Examinations, dated April 16, 1991

173. TRC Completion of Asbestos Removal and Cleanup for the Boiler Room and Xavier North/South Attics, dated September 14, 1990

174. TRC letter regarding properly managing asbestos and the Hospital's liability, dated July 30, 1990

175. TRC handwritten letter regarding the floor locations to be inspected as part of the Asbestos Management Program, dated August 10, 1990

176. ChemScope Asbestos Removal Specifications for the Kenny Basement, dated May 29, 1997

177. ChemScope Asbestos Removal Specifications OB SB-1, Mechanical Room, K1 Radiology Rooms 1 & 2, Dark Room, Slocum Pipe Chase Levels B thru 4 and SH Condensate Pump Room, dated January 30, 1997

178. Asbestos Removal and Area Decontamination – Supplementary General Conditions (starts with Table of Contents)

179. ChemScope Asbestos Removal Monitoring for the Kenny Building, 1st Floor, Radiology Room 2 for July 8, 1997 through July 9, 1997, dated July 23, 1997

180. ChemScope Asbestos Removal Monitoring for the Kenny Building, 1st Floor, Radiology Room 2 for July 10, 1997 through July 16, 1997, dated July 23, 1997

181. ChemScope Final Clearance Testing After Asbestos Abatement, dated July 21, 1997

182. ChemScope Asbestos Bulk Sampling for O'Brien 6 Penthouse (mud on exposed ends of fiberglass insulated lines adjacent to heating and chilled water pumps), dated November 13, 2001

183. ChemScope Asbestos Bulk Sampling for O'Brien 5 PT Gym Room Floor Tile and Mastic, dated November 29, 2001

184. Certificate of Completion and related documents for O'Brien 1st Floor, dated April 4, 2001

185. Certificate of Completion and related documents for Kenny Basement Stairwell Tile, dated October 11, 2000

186. Certificate of Completion and related documents for Pick Up & Disposal, dated August 10, 2000

187. ChemScope Asbestos Pre-Renovation Inspection for O'Brien 1 – Inpatient Mental Health – Hellman Pavilion, dated February 11, 1999

188. Asbestos Air Monitoring, dated February 22-23, 1999, prepared by Dale Environmental, Inc.

189. ChemScope Bulk Sampling / Analysis Record for O'Brien - Inpatient Mental Health – Hellman Pavilion, dated February 1999

190. Asbestos Inspection, dated February 3, 1999, prepared by Dale Environmental, Inc.

191. ChemScope Final Clearance Testing After Asbestos Abatement for 1st Floor O'Brien Inpatient Mental Health – Hellman Pavilion – Area #5, dated July 16, 1999

192. ChemScope Final Clearance Testing After Asbestos Abatement for 1st Floor O'Brien Inpatient Mental Health – Hellman Pavilion – Area #4, dated July 16, 1999

193. ChemScope Final Clearance Testing After Asbestos Abatement for 1st Floor O'Brien Inpatient Mental Health – Hellman Pavilion – Area #1, dated July 16, 1999

194. ChemScope Final Clearance Testing After Asbestos Abatement for 1st Floor O'Brien Inpatient Mental Health – Hellman Pavilion – Area #3, dated July 16, 1999

195. Asbestos Abatement Specification for Cardiac Cath Lab, 2nd Floor, Sacred Heart Building, dated February 1999, prepared by Dale Environmental, Inc.

196. ChemScope Asbestos Pre-Renovation Inspection for Xavier 1 Auxiliary Office Area, dated February 12, 1998

197. ChemScope Asbestos Removal Monitoring for February 21, 1997 through March 8, 1997, dated March 31, 1997

198. Internal Memorandum regarding the Status of the Manville Property Damage Settlement Trust and related documents including claim payment information, dated 1996-1997

199. ChemScope Bulk Sample Identification and Findings (submitted as evidence for the Manville Property Damage Settlement), dated July 27, 1991 – May 13, 1995

200. AEGIS Certificate of Visual Inspection, dated March 23, 1994

201. Notification to the EPA of Demolition and Renovation Activities for MRI-KB, dated October 1, 1993

202. List of Asbestos Removal Areas/Costs from 1987 to Present, dated February 26, 1991

203. List of Asbestos Monitoring Areas/Costs from July 1990 to Present, dated February 26, 1991

204. AAIS Certificate of Completion of Asbestos Removal at Saint Mary's Hospital O'Brien Elevator Project and related Asbestos Disposal & Documentation Forms and Asbestos Abatement Notification Form

205. Letter from ChemScope, dated April 17, 1989, re: Asbestos Identification in Samples

206. Letter from TRC, dated November 30, 1990, re: Draft Scope of Asbestos Work

207. Letter from TRC, dated October 3, 1990, re: Saint Mary's Hospital Asbestos Management Program

208. Letter from Cannon, dated August 14, 1990, re: vinyl asbestos tile in the Kenny Pavilion

209. Letter from TRC, dated August 10, 1990, re: Inspections of Parking Garage and Convent Building

210. Letter from ChemScope, dated July 22, 1990, re: Air Monitoring at Saint Mary's Hospital Boiler Room Asbestos Removal, Pipe Residuals

211. Letter from TRC, dated December 18, 1990, re: completion of removal of vinyl asbestos floor tile from the old vending machine room

212. ChemScope Certificate of Analysis, dated February 17, 1998, re: bulk samples collected on February 12, 1998

213. Asbestos Disposal and Documentation Form, dated January 21, 1997

214. Asbestos Disposal and Documentation Form, dated September 6, 1996

215. Disposal documents, air sampling results, and asbestos removal monitoring re: asbestos abatement of Marley Tower in September 1991

216. Disposal documents, air sampling results, and asbestos removal monitoring re: asbestos abatement of Quality Assurance Office Area 2 in July 1991

217. AAIS Certificate of Completion, dated November 23, 1993, re: asbestos removal at MRI KB-49 and KB-50

218. Letter, dated August 6, 1990, from TRC Environmental Consultants, Inc. re: Transmission Electron Microscope Analysis of Air Samples

219. Asbestos Disposal & Documentation Form for the Xavier Attic

220. Asbestos Abatement Project Notification Form for the Xavier Attic

221. Asbestos Project Summary and Asbestos Preabatement Inspection, prepared by ChemScope, for the Xavier Attic

222. ChemScope Asbestos Pre-Renovation Inspection for Roof Renovation – O'Brien 8 Roof, dated June 2004

223. American Hospital Association letter regarding Claim Forms for Filing Claims with the Manville Property Damage Settlement Trust, dated May 1985

224. Specifications for Procedures to Prevent Asbestos Contamination and Exposure During Containment Construction for Asbestos Abatement Work, dated August 1990

225. NHD Waste Shipment Record, dated July 16, 1997

226. ChemScope Final Clearance Testing After Asbestos Abatement for 1st Floor O'Brien Inpatient Mental Health – Hellman Pavilion – Area #2, dated July 16, 1999

227. Notification of Regulated Waste Activity, dated January 12, 2000

228. Saint Mary's Hospital Hazardous Materials Management Program, dated March 5, 2009; Revised March 6, 2009

229. 2009 Biennial Hazardous Waste Report for Saint Mary's Hospital, submitted by GZA GeoEnvironmental, Inc. on February 26, 2010

230. Budgetary Quotation, dated February 25, 2010, from United Industrial Services to Saint Mary's Hospital

231. Course Outline for Saint Mary's Hospital Hazardous Waste Training RCRA-OSHA-DOT Sessions 1, 2, and 3

232. List of Hazardous Material and Waste Storage Areas

233. Tier II Emergency and Hazardous Chemical Inventory Form Certification for Reporting Year 2009

234. Anesthetic Waste Gas Monitoring Report, dated November 2, 2009, prepared by Praxair

235. Anesthetic Waste Gas Monitoring Report, dated May 1, 2009, prepared by Praxair

236. Ethylene Oxide Environmental Monitoring Report, dated May 1, 2009, prepared by Praxair

237. Tier II Emergency and Hazardous Chemical Inventory Report for Reporting Year 2007

238. Tier II Emergency and Hazardous Chemical Inventory Report for Reporting Year 2006

239. Compliance Indicator Survey Information Sheet/Hazardous Waste Partial Compliance Evaluation for Saint Mary's Hospital, dated June 27, 2006

240. Tier II Emergency and Hazardous Chemical Inventory Report for Reporting Year 2005

241. Tier II Emergency and Hazardous Chemical Inventory Report for Reporting Year 2003

242. CT DEP Permit to Operate a Caterpillar D-349 Diesel Generator, No. 192-0093

243. CT DEP Permit to Construct and Operate a Caterpillar Model 3508TA diesel standby generator, No. 192-0116

244. Saint Mary's Compliance Plan for Connecticut Regulations for the Control of Oxides of Nitrogen, dated August 1994

245. Pre-Inspection Questionnaire (PIQ) for Calendar Year 1999

246. Pre-Inspection Questionnaire Report for Inspection Date June 28, 2000

247. Notice of CT DEP Air Inspection, dated March 26, 2004

248. Pre-Inspection Questionnaire (PIQ) for Calendar Year 2003

249. Letter, dated May 7, 2010, from GZA to Saint Mary's Hospital Re: Results of Greenhouse Gas Emissions Evaluation

250. Registration/Application to Seek Coverage Under the General Permit to Limit Potential to Emit for Saint Mary's Hospital, dated March 2006

251. Approval of Registration for General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution, Effective Date June 15, 2006

252. CT DEP General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution, issued November 19, 2010

253. 2009 Annual Compliance Certification Form for CT DEP General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution

254. Letter from GZA, dated January 20, 2011, re: 2010 GPLPE Annual Compliance Certification

255. Letter from CTDEP, dated January 8, 2008, re: notice of plant inspection on March 12, 2008

256. Indoor Air Quality Survey, dated May 6, 2009, for Lawlor Building

257. Environmental Testing at Saint Mary's Hospital re: Air Change Rates/Indoor Air Quality, dated February 2007, prepared by Praxair

258. Formaldehyde Vapor Analysis Reports, dated April 16, 2008, prepared by Praxair

259. Air Change Rate Report, dated May 1, 2009, prepared by Praxair

260. Acetic Acid & Hydrogen Peroxide lab Results Report, monitoring date May 26, 2009, prepared by Praxair

261. Fume Hood Environmental Monitoring Report, dated March 22, 2006, prepared by Praxair

262. Environmental Monitoring at Saint Mary's Hospital re: Air Change Rates, Indoor Air Quality, and Microbiological/Mold, dated March 2008, prepared by Praxair

263. Environmental Monitoring for Saint Mary's Child Development Center re: Air Change Rates and Indoor Air Quality, dated November 2007, prepared by Praxair

264. Environmental Monitoring for Saint Mary's Hospital re: Air Change Rates and Indoor Air Quality, dated January and February 2008, prepared by Praxair

265. Fume Hood Environmental Monitoring Report, dated May 1, 2009, prepared by Praxair

266. Fume Hood Environmental Monitoring Report, dated November 2, 2009, prepared by Praxair

267. Air Change Rate Report, dated November 2, 2009, prepared by Praxair

268. Air Change Rate Report, dated March 22, 2006, prepared by Praxair

269. Environmental Monitoring Report for Fume Hood, dated June 2010, prepared by Praxair

270. 2008 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

271. 2006 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

272. Boiler Operating Certificates 1995-2010

273. State of Connecticut DEP-Air Management Bureau-Hartford Premise Evaluation Report for inspection date April 26, 2004

274. 2005 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

275. 2004 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

276. 2003 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

277. 2002 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

278. 2001 Annual Compliance Certification Form to General Permit to Limit Potential to Emit from Major Stationary Sources of Air Pollution for Major Stationary Sources of Air Pollution

279. General Permit to Limit Potential to Emit Annual Emissions Summary for Reporting Year 2000

280. General Permit to Limit Potential to Emit Annual Emissions Summary for Reporting Year 1999

281. General Permit to Limit Potential to Emit Annual Emissions Summary for Reporting Year 1998

282. Letter from the City of Waterbury, dated January 23, 2001, re: cross connection inspection

283. Letter from the City of Waterbury, dated January 18, 2001, re: test results from November 28, 2000 backflow prevention test

284. Letter from the City of Waterbury, dated January 5, 2000, re: test results from November 29, 1999 backflow prevention test

37. Retiree medical (self-insured)

38. Retiree life insurance

39. Executive Incentive Plans

To the knowledge of Saint Mary's, all documents required to be disclosed pursuant to the second paragraph of 6.22(a) have been provided to Trinity Health.

6.22(b)

Church Plan Exemption: The Internal Revenue Service issued a Private Letter Ruling ("PLR") to Saint Mary's Hospital Corporation dated March 18, 1993, in which it concluded that the Pension Plan for Employees of St. Mary's Hospital Corporation ("Pension Plan") was a church plan within the meaning of Internal Revenue Code ("Code") Section 414(e). No irrevocable and affirmative election has previously been made pursuant to Code Section 410(d) to make such otherwise exempt church plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and to the additional plan qualification requirements set forth in Treasury Regulations Section 1.401(d)-1 and in other related Code provisions. However, a request for a Department of Labor opinion that the Pension Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Pension Plan is determined to be subject to ERISA, it would result in significant liability.

Effective in 1997 Saint Mary's established a defined contribution retirement plan for its eligible participants, which is known as the St. Mary's Hospital Retirement Savings Plan ("Savings Plan"), and which contains a Code Section 401(k) component. Although the Savings Plan has been operated as a church plan that is exempt from Title I of ERISA, a request for an IRS PLR that the Savings Plan is a church plan within the meaning of Code Section 414(e) has not be requested. In addition, a request for a Department of Labor opinion that the Savings Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Savings Plan is determined to be subject to ERISA, it could likely result in a significant liability.

A submission under the IRS's VCP was filed for each of the 401(k) Plan and Pension Plan with the most recent IRS determination letter submission for the plan to correct untimely amendments. A Compliance Statement from the IRS in connection with the VCP submission for the 401(k) Plan was issued on September 14, 2011. A Compliance Statement from the IRS in connection with the VCP submission for the Pension Plan was issued on July 25, 2011.

6.22(c)

None, provided the church plan exemption as described in Schedule 6.07 is legally valid and in effect for the Pension Plan for Employees of St. Mary's Hospital Corporation.

6.22(d)

None.

6.22(e)

The following St. Mary's Benefit Plans are intended to be "church plans:"

St. Mary's Hospital Retirement Savings Plan

Pension Plan for Employees of St. Mary's Hospital Corporation ("Pension Plan")

All health and welfare plans

The Pension Plan's funded status is materially below the 80% standard set forth in the Agreement section 6.22(e), and for which an Agreement Disclosure Schedule exception is now taken.

6.22(f)

All Saint Mary's welfare benefit plans have been considered and treated as exempt Church Plans.

Saint Mary's provides retiree medical and life insurance benefits.

6.22(g)

1. Amended and Restated Non-Competition and Severance Agreement, as amended, by and between Saint Mary's Hospital, Inc. and Joseph Connolly, dated July 3, 2008
2. Amended and Restated Non-Competition and Severance Agreement for a Vice President, as amended, by and between Saint Mary's Hospital, Inc. and Clark Kearney, dated June 24, 2008
3. Amended and Restated Non-Competition and Severance Agreement for a Vice President by and between Saint Mary's Hospital and Michael Novak, dated June 20, 2008
4. Non-Competition and Severance Agreement for an Executive by and between Saint Mary's Hospital and Steven Schneider, M.D., dated May 25, 2011
5. Non-Competition and Severance Agreement for a Vice President by and between Saint Mary's Hospital and Ralph W. Becker, dated January 27, 2014
6. Non-Competition and Severance Agreement for an Executive by and between Saint Mary's Hospital and Charles M. Flinn, dated December 12, 2013
7. Non-Competition and Severance Agreement for a Vice President by and between Saint Mary's Hospital and James B. Tucker, dated August 8, 2013
8. Second Amended and Restated Employment Agreement by and between Saint Mary's Hospital, Inc. and Chad Wable, dated January 31, 2013
9. Amended and Restated Saint Mary's Hospital, Inc. 457(b) Deferred Compensation Plan and Amended and Restated Saint Mary's Hospital, Inc. 457(f) Supplemental Deferred Compensation Plans
10. Executive Incentive Plans

6.22(h)

Church Plan Exemption: The Internal Revenue Service issued a Private Letter Ruling ("PLR") to Saint Mary's Hospital Corporation dated March 18, 1993, in which it concluded that the Pension Plan for Employees of St. Mary's Hospital Corporation ("Pension Plan") was a church plan within the meaning of Internal Revenue Code ("Code") Section 414(e). No irrevocable and affirmative election has previously been made pursuant to Code Section 410(d) to make such otherwise exempt church plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and to the additional plan qualification requirements set forth in Treasury Regulations Section 1.401(d)-1 and in other related Code provisions. However, a request for a Department of Labor opinion that the Pension Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Pension Plan is determined to be subject to ERISA, it would result in significant liability.

Effective in 1997 Saint Mary's established a defined contribution retirement plan for its eligible participants, which is known as the St. Mary's Hospital Retirement Savings Plan ("Savings Plan"), and which contains a Code Section 401(k) component. Although the Savings Plan has been operated as a church plan that is exempt from Title I of ERISA, a request for an IRS PLR that the Savings Plan is a church plan within the meaning of Code Section 414(e) has not be

requested. In addition, a request for a Department of Labor opinion that the Savings Plan is a church plan within the meaning of ERISA Section 3(33) has not been requested. If the Savings Plan is determined to be subject to ERISA, it could likely result in a significant liability.

6.22(k)

None.

Schedule 6.23

Employment Matters

None.

Schedule 6.24

Taxes

1. Failed to file 2009 Form 990 for the Heart Center of Greater Waterbury, Inc.

2. Saint Mary's Hospital was audited by the State of Connecticut for Sales and Use Tax in early 2010 for the calendar years from 12/31/2004 to 12/312009. The Hospital did not remit sales tax collected on certain contract revenues. The audit resulted in a tax of $7,159.86 with penalties and interest of $3,406.15 for a total of $10,566.01. Such tax was paid in full. The Hospital now files those tax returns every year and remits to the State

Schedule 7.04

Conflicts - Trinity Health and NE-RHM

Consents, approvals, Permits, Governmental Orders, declaration and filings with, or notices to the following Governmental Authorities may be required by or with respect to Trinity Health and NE-RHM in connection with the execution and delivery of the Agreement and the other Transaction Documents and the consummation of the transactions contemplated hereby and thereby:

Roman Catholic Archdiocese of Hartford
Holy See, Roman Catholic Church
State of Connecticut Office of HealthCare Access
Office of the Attorney General of the State of Connecticut
Federal Trade Commission

Schedule 7.08(a)

Compliance with Laws - NE-RHM

On August 24, 2015, the State of Connecticut Department of Social Services, Office of Quality Assurance, Audit Division ("DSS") sent a letter to Saint Francis Hospital and Medical Center ("SFHMC") with findings of a claim review with dates of service July 1, 2011 through June 30, 2014 in which co-insurance or deductibles were paid to SFHMC. According to the letter the payment due DSS is $993,559. The letter was incorrectly addressed and was not delivered to SFHMC until September 8, 2015. SFHMC is reviewing the letter and expects to appeal.

Schedule 7.09(a)

Medicare - Plans of Correction - NE-RHM

Saint Francis Hospital and Medical Center had its tri-annual Joint Commission survey on October 21-24, 2014. We are in process of submitting corrective action plans which are due by December 20, 2014 and January 4, 2014. A follow-up visit occurred on December 4, 2014 to validate compliance with certain Conditions of Participation and the Joint Commission concluded Saint Francis Hospital and Medical Center was in compliance. A follow up visit was conducted by the Joint Commission on June 22-23, 2015. Full compliance with all standards was identified with no further actions required.

The Department of Public conducted a CMS validation survey beginning November 24, 2014. The Department of Public Health identified Saint Francis Hospital and Medical Center was in full CMS compliance.

Mount Sinai Rehabilitation Hospital had its tri-annual Joint Commission survey on December 1st and 2nd of 2014. The report has been received, full compliance with CMS standards was identified and the evidence of Joint Commission standards compliance was submitted by the due dates of January 16, 2015 (45 day plan) and January 31, 2015 (60 day plan). Full compliance with Joint Commission standards was identified by the Joint Commission with acceptance of completed plans and data metrics on June 2, 2015.

Schedule 7.09(b)

Medicare/Medicaid Claims - NE-RHM

None.

Schedule 7.12

HIPAA - Breach Notifications - NE-RHM

Date of Occurrence	Description	Status
11/10/2014	Theft of camera at Access Center	A breach notification has not yet been made regarding this occurrence, as Saint Francis is still completing its internal investigation. Incident reported in the 2015 Annual Report to OCR.
10/24/2014	Inappropriate Access to PHI	Saint Francis has not received any correspondence from the Office of Civil Rights regarding this occurrence. Incident reported in the 2015 Annual Report to OCR.
9/23/2014	Stolen Laptop	Saint Francis has not received any correspondence from the Office of Civil Rights regarding this occurrence. Incident reported in the 2015 Annual Report to OCR.
12/27/2013	Paper records with certain patient information stolen from physician's vehicle	There have been two requests for information from the Office of Civil Rights regarding this occurrence and Saint Francis has responded to both requests. OCR has closed this matter. Refer to 6.14(a).

Schedule 8.08(a)

Insured Real Property

1. **Parcel One**

That certain piece or parcel of land situated on the southerly side of Scovill Street, the westerly side of Franklin Street, the northerly side of Union Street and the easterly side of South Elm Street in the City of Waterbury, Conn. bounded and described as follows:

Beginning at an iron pin marking the intersection of the southerly line of Scovill Street with the easterly line of South Elm Street, said point being the northwesterly corner of the within described land, thence running in the southerly line of Scovill Street, S 77° 39' 30" E 304.17 feet to a point of curve marked by a drill hole, thence running southeasterly and in a line curving to the right having a radius of 50.285 feet, a central angle of 66° 19' 38"1, a distance of 58.21 feet to a point of compound curve marked by a drill hole, thence running southerly and in a line curving to the right having a radius of 147.42 feet, a central angle of 22° 13' 12", a distance of 57.17 feet to Franklin Street and a point of tangency marked by a drill hole, thence running in the westerly line of Franklin Street S 10° 53' 20" W 320.80 feet to Union Street, thence running westerly in the northerly line of Union Street and in a line curving to the right having a radius of 60.00 feet a distance of 30.95 feet to a point of tangency, the last two described points being connected by a chord having a bearing of S 86° 26' 23" W 30.61 feet, thence running in the northerly line of Union Street N 78° 45' 10" W 223.04 feet to a point of curve marked by a drill hole, thence running westerly in the northerly line of Union Street and in a line curving to the right having a radius of 393.00 feet, a central angle of 14° 30' 02", a distance of 99.46 feet to a point of compound curve marked by a drill hole, thence running northwesterly in a line curving to the right having a radius of 27.56 feet, a central angle of 76° 50' 58", a distance of 37.02 feet to South Elm Street, and a point of tangency, said point being marked by a drill hole, thence running in the easterly line of South Elm Street N 12° 34' 50" E 381.36 feet to Scovill Street and the point of beginning. Said parcel containing 151,285 square feet.

BOUNDED:

NORTHERLY: By Scovill Street

NORTHEASTERLY: by a curved line that connects the southerly line of Scovill Street with the westerly line of Franklin Street
EASTERLY: By Franklin Street

SOUTHERLY: By Union Street

SOUTHWESTERLY: by a curved line that connects the northerly line of Union Street with the easterly line of South Elm Street.
WESTERLY: by South Elm Street.

Being the premises shown on a certain map entitled: "AS-BUILT SURVEY MAP OF LAND OF SAINT MARY'S HOSPITAL CORPORATION WATERBURY, CONN. THE A.J. PATTON CO. SURVEYOR, WATERBURY, CONN. JAN. 30, 1980 SCALE 1" = 20' REVISED MARCH 10, 1980, REVISED JUNE 14, 1983, REVISED FEB. 27, 1984, REVISED AUG. 25, 1988" to be filed in the office of the Waterbury Town Clerk.

Being the same premises shown on a map entitled "Map of Properties owned by Saint Mary's Hospital Corporation, South Elm Street, Union Street and Scovill Street, Waterbury, Connecticut, Meyers Associates P.C. Engineers, Surveyors, Planners, 60 Linden Street, Waterbury, Conn. 06702, April 29, 1997, Scale 1" = 40' " to be filed in the office of the Waterbury Town Clerk.

2. Parcel Two

That certain piece of parcel of land situated on the easterly side of South Elm Street, the northerly side of Scovill Street and the southwesterly side of Cole Street in the City of Waterbury, Connecticut bounded and described as follows:

Beginning at an iron pin marking the intersection of the easterly line of South Elm Street with the northerly line of Scovill Street, said point being the southwesterly corner of the within described land, thence running in the easterly line of South Elm Street N 11° 43' 24" E 284.60 feet to a point of curve, thence running easterly in a curved line having a radius of 9.70 feet, a central angle of 128° 16', that connects the easterly line of South Elm Street with the southwesterly line of Cole Street, and in a line curving to the right having a distance of 21.72 feet to Cole Street and a point of tangency, thence running in the southwesterly line of Cole Street and tangent to the curve S 40° 00' 36" E 148.72 feet to land now or formerly of Saint Mary's Hospital Corporation, thence running in line of land now or formerly of Saint Mary's Hospital S 11° 43' 24" W, 141.04 feet, S 78° 16' 36" E, 30.29 feet, S 11° 43' 24", 49.70 feet, N 78° 21' 24" W 12.94 feet, N 33° 19' 09" W 8.485 feet, N 77° 58' 50" W 5.85 feet and S 11" 40' W 16.00 feet to Scovill Street, thence running in the northerly line of Scovill Street N 78° 01' 09" W 137.98 feet to South Elm Street and the point of beginning.

BOUNDED:

NORTHERLY: by a curved line that connects the easterly line of South Elm Street with the southwesterly line of Cole Street and by land now or formerly of Saint Mary's Hospital Corporation.

NORTHEASTERLY: by Cole Street.

EASTERLY: by land now or formerly of Saint Mary's Hospital Corporation.

SOUTHERLY: by Scovill Street and by land now or formerly of Saint Mary's Hospital Corporation.

SOUTHWESTERLY: by land now or formerly of Saint Mary's Hospital Corporation.

WESTERLY: by South Elm Street.

Being the premises shown on a map entitled "MAP SHOWING PARCEL #1 LAND OF SAINT MARY'S HOSPITAL CORPORATION WATERBURY, CONN. THE A.J. PATTON CO. SURVEYOR, WATERBURY, CONN. DEC. 28, 1979 SCALE 1" = 20' REVISED MARCH 10, 1980, REVISED JUNE 10, 1983, REVISED FEB. 27, 1984, REVISED AUG. 25, 1988" to be filed in the office of the Waterbury Clerk.

Together with those easements, covenants, and rights reserved by the Grantor and in a Quit Claim Deed dated January 27, 1988 and recorded February 2, 1988 in Volume 2235, at Page 33 of the Waterbury Land Records and a Corrective Quit Claim Deed dated March 16, 1988 and recorded March 30, 1988 in Volume 2261, at Page 241 of the Waterbury Land Records, in which the Grantor granted to

The Slocum Corporation a certain parcel of land in the City of Waterbury, County of New Haven, State of Connecticut.

Together with those easements, covenants and rights-contained in an Easement Agreement dated September 26, 1988 between and among Saint Mary's Hospital Corporation, Scovill Street Medical Building Association, Inc., and The Slocum Corporation.

Together with those rights contained in a Release of Covenant to Subordinate dated September 26, 1988 between Saint Mary's Hospital Corporation and Scovill Street Medical Building Association, Inc. and recorded in Volume 2364, Page 90 of the Waterbury Land Records.

Being the same premises shown on a map entitled "Map of Properties owned by Saint Mary's Hospital Corporation, South Elm Street, Union Street and Scovill Street, Waterbury, Connecticut, Meyers Associates P.C., Engineers, Surveyors, Planners, 60 Linden Street, Waterbury, Conn. 06702, April 29, 1997, Scale 1" = 40'" to be filed in the Office of the Waterbury Town Clerk.

3. Parcel Three

Grantor's rights to an air space easement granted to Grantor by the City of Waterbury by Quit Claim Deed dated March 18, 1980 and recorded in Volume 1438 at Page 73 of the Waterbury Land Records, said easement being more particularly described as follows:

The air space beginning at a distance of fourteen feet above the said crown of Scovill Street and consisting of all the air space beginning at the said fourteen feet distance above the said crown of Scovill Street) above the following piece or parcel of land:

That certain piece or parcel of land being a portion of Scovill Street situated easterly of South Elm Street in the City of Waterbury, Connecticut bounded and described as follows:

Beginning at an iron pin set in the northerly line of Scovill Street, said pin being S 78° 01' 06" E 132.46 feet, from an iron pin that marks the intersection of the northerly line of Scovill Street with the easterly line of South Elm Street as measured in the northerly line of Scovill Street, thence running in the northerly line of Scovill Street S 78° 01' 06" E 80.00 feet, thence running across Scovill Street 11° 58' 54" W 39.99 feet to the southerly line of Scovill Street, thence running in the southerly line of Scovill Street N 77° 39' 30" W Or-' feet, thence running across Scovill Street N 11° 58' 54" E 39.49 feet to the northerly line of Scovill Street and the point of beginning.

4. Parcel Four

That parcel of land in the City of Waterbury, County of New Haven, State of Connecticut, shown on map entitled, "Topographic Survey, South Elm St. and Union St., Waterbury, Connecticut. Prepared for Saint Mary's Hospital" scale 1" = 20', dated 2/20/89, revised 4/17/89, last revision 10/9/89, prepared by Kasper Associates, which map is filed with the Town Clerk of Waterbury in Drawer XXVIII, Page 73 and such map has been further revised July 26, 1990, but such further revised map is not intended to be filed on the land records, and which parcel being triangular in shape is described as follows: beginning at a point in the easterly streetline of South Elm Street as shown on said map, said point also being the southwest corner of said parcel thence along the eastern streetline of South Elm Street N.12° 37' 14" E 209.79 feet; thence along a curve concave to the northwest with radius of 15.00 feet, arch length of 23.90 feet and delta of 91° 16' 32"; thence along the southerly street line of Union Street the following two

courses, S 76° 06' 14" E a distance of 413.54 feet and along a curve concave to the south with radius of 1225.00 feet, arc length of 99.17 feet and delta 04° 38' 19" to a C.H.D. monument N. 261898.9378, E 521693.2863, thence S 80° 55' 49" W along monumented highway line of interstate 84 a distance of 559.84 feet; thence S 48° 55' 48" W still along monumented highway line of Interstate 84 a distance of 13.00 feet to the point of beginning.

Said parcel contains 1.30 acres.

(Bounded by Interstate 84, South Elm Street and Union Street)

Together with such rights, if any, as acquired under an Encroachment Agreement by and between the State of Connecticut Department of Transportation and Saint Mary's Hospital Corporation, dated July 31, 1991 and recorded September 12, 1991 in Volume 2774 at Page 229 of the Waterbury Land Records, with respect to a pedestrian link between parcel 4 and parcel 1, as shown on plan entitled "Pedestrian Link Easement Map, Union Street, Waterbury, Connecticut, prepared for Saint Mary's Hospital KA, Kasper Associates, Engineers, Surveyors, Planners, Bethel, Connecticut, Scale 1" = 20', Date: 8/16/89 Sheet 1 of 1 designed by, drawn by, BEM check by JJK, Project No, 2348)

Being the same premises shown on a map entitled "Map of Properties owned by Saint Mary's Hospital Corporation, South Elm Street, Union Street and Scovill Street, Waterbury, Connecticut, Meyers Associates, P.C., Engineers, Surveyors, Planners, 60 Linden Street, Waterbury, Conn. 06702, April 29, 1997, Scale 1" = 40'" to be filed in the Office of the Waterbury Town Clerk.

5. Parcel Five

That certain parcel of land situated in the Town of Waterbury, County of New Haven and State of Connecticut, on the easterly side of Present Franklin Street, at Present Scovill Street, containing 0.77 of an acre, more or less, bounded and described as follows:

WESTERLY by Present Franklin Street, 303 fees, more or less, by a line designated "Release Line", as shown on the map hereinafter referred to;

WESTERLY,
NORTHWESTERLY
AND NORTHERLY by Present Franklin Street and by Present Scovill Street, each in part, 34 feet, more or less, by a line designated "Release Line", as shown on said map;

NORTHERLY by Present Scovill Street, 62 feet, more or less, by a line designated "Release Line", as shown on said map;

NORTHERLY,
NORTHEASTERLY
AND EASTERLY by Present Scovill Street and by Present Baldwin Street, each in part, 34 feet, more or less, by a line designated "Release Line", as shown on said map

EASTERLY by Present Baldwin Street, 299 feet, more or less, by a line designated "Release Line", as shown on said map;

SOUTHERLY by Present Union Street, 115 feet, more or less, by a line designated "Release Line", as shown on said map.

The above-described land comprises a portion of the premises acquired by the State of Connecticut from Saint Mary's Hospital Corporation as described in a Certificate of Condemnation recorded in Volume 1198 at Page 141 of the Waterbury Land Records; from the City of Waterbury as described in a Quit-Claim Deed recorded in Volume 1206 at Page 109 of said land records; and from Century Brass Products, Inc. as described in a Quit-Claim Deed recorded in Volume 1237 at Page 19 of said land records; and a portion of former Union Street, Baldwin Street and Cole Street.

6. Parcel Six

All that certain piece or parcel of land situated on the southerly side of French Street in the Town of Watertown, County of Litchfield, State of Connecticut shown as Lot 34A Area = 25,515 S.F. on 0.59 acres on a map entitled, "Division of land 'First Cut' owned by SAINT MARY'S HEALTH SYSTEM, INC. 290 French Street Watertown Connecticut Scale 1" = 30' dated 3-21-14 Meyers Associates P.C. 60 Linden Street Waterbury, Connecticut 06702". Said premises being bounded and described as follows:

Beginning at a point on the southerly street line of French Street, said point being just northerly of the northwest corner of land now or formerly of Mark & Cheryl C. Woodruff, and also being the northeast corner of the herein described parcel of land; thence running
S 09°29'38" E 273.42' along the westerly street line of French Street and along land of said Woodruff, in part by each, to a point; thence turning and running S 76°58'40" W 99.57' along land now or formerly of Town of Watertown, to a point; thence turning and running N 04°13'33" W 325.46' along Lot 34B, to a point on the said southerly street line of French Street; thence turning and running S 66°50'20" E 82.55' along the said southerly street line of French Street, to the point and place of beginning.
Said parcel contains 25,515 Square Feet or 0.59 Acres.

7. Parcel Seven

Office Condominium Unit 1A, 133 Scovill Street, Waterbury CT

8. Parcel Eight

Office Condominium Unit 2A, 133 Scovill Street, Waterbury CT

9. Parcel Nine

Office Condominium Unit 2B, 133 Scovill Street, Waterbury CT

10. Parcel Ten

Office Condominium Unit 2C, 133 Scovill Street, Waterbury CT

11. Parcel Eleven

Office Condominium Unit 2H, 133 Scovill Street, Waterbury CT

12. Parcel Twelve

Office Condominium Unit 2J, 133 Scovill Street, Waterbury CT

13. Parcel Thirteen

Office Condominium Unit 2K, 133 Scovill Street, Waterbury CT

14. Parcel Fourteen

Office Condominium Unit 3A, 133 Scovill Street, Waterbury CT

15. Parcel Fifteen

Office Condominium Unit 3B, 133 Scovill Street, Waterbury CT

16. Parcel Sixteen

Office Condominium Unit 3C, 133 Scovill Street, Waterbury CT

17. Parcel Seventeen

All that certain plot, piece or parcel of land, together with the improvements located thereon, situated, lying and being in the City of Waterbury, County of New Haven and State of Connecticut, being bounded and described as follows:

Beginning at the Westerly end of a curve connecting the Southerly side of Scovill Street and the Westerly side of South Elm Street;

Running thence in a general easterly direction, on a curve to the right having a radius of 8 feet for a distance of 12.64 feet to the Westerly side of South Elm Street;

Running thence along said Westerly side of South Elm Street, South 12 degrees 36' 46" West 345.35 feet to the Northerly end of a curve connecting said Westerly side of South Elm Street with the Northerly side of Union Street;

Running thence in a general Southwesterly direction on a curve to the right having a radius of 17.00 feet for a distance of 26.73 feet to the Northerly side of Union Street;

Running thence along said Northerly side of Union Street North 77 degrees 17' 05" West 246.85 feet to a point on lands now or formerly of Gulf Oil Corporation;

Running thence along the same, North 12 degrees 42' 55" East 137.39 feet to a point on lands now or formerly of Saint Mary's Hospital Corp.;

Running thence along the same the following courses and distances:

South 77 degrees 58' 14" East, 50.14 feet;
North 12 degrees 01' 46" East, 136.53 feet;
South 75 degrees 32' 14" East, 29.35 feet; and;
North 12 degrees 03' 46" East, 94.73 feet to the Southerly side of Scovill Street;

Running thence along said Southerly side of Scovill Street, South 77 degrees 56' 14" East, 178.40 feet to the point and place of beginning.

Together with and subject to all rights of way, easements and other right and obligation of the grantor appurtenant to the land, including all rights, title and interest of the grantor, if any, in and to the strips and gores, streets, highways and alleys abutting or adjacent thereto.

LIVONIA, MI 48152

RE: Supplemental Disclosure Letter

Dear Ms. Lubin-Szafranski:

In connection with the Transfer Agreement, dated September 18, 2015, by and among Saint Francis Care, Inc. ("Saint Francis"), Trinity Health Corporation ("Trinity"), Saint Mary's Health System, Inc., and Saint Mary's Hospital, Inc. ("Saint Mary's") (collectively, the "Parties"), Saint Mary's has requested to make several supplemental disclosures herein and Trinity Health and Saint Francis have agreed thereto. By signing below, the Parties agree the below disclosures are valid disclosures to the Transfer Agreement and have the same force and effect as the Transfer Agreement Disclosure Schedules. Based on the foregoing, Saint Mary's makes the following supplemental disclosures:

6.15

[redacted]

6.19:

Initial Breach Report, dated February 28, 2014, individual patient - unauthorized access/disclosure

Initial Breach Report, dated February 28, 2014, five patients affected - mail incorrectly addressed

6.22(b)

The current determination letter for the 401(k) Plan, dated January 18, 2012, is conditioned upon the timely execution of certain amendments. Exact evidence of the timely execution of these amendments has not been provided.

6.22(f):

Policies and procedures to comply with the HIPAA privacy and security regulations have not been specifically adopted for group health plans.

6.22(k):

Saint Mary's Hospital has a number of individual non-competition, non-disclosure and severance payment agreements in effect with a number of Officers and Executives of Saint Mary's Hospital. The Agreements, and certain amendments, are generally dated from 2008 to 2014. The severance payment obligations vary by agreement and often are measured based on years of service at the time of termination with maximum dollar amount limits. However, because the individual payments by Saint Mary's Hospital are incurred for employment terminations which occur with or without cause, and because the agreements contain required terminated employee release of claims provisions for the payments to occur, it appears likely that Section 409A compliance issues will therefore exist. Such Agreements may be viewed by the IRS as deferred compensation agreements in substance, and because of the required releases of claims, as well as the total amounts to be paid by Saint Mary's Hospital, IRS Notices 2010-6 and 2010-80 may provide relief for any desired amendments to be implemented for purposes of complying with Section 409A, and so as to legally avoid potential IRS penalties, individual income tax liabilities, interest and non-payment penalties.

Very truly yours,

- Summa, Esq., Kara

Schedule 3.02

Board of Directors of NE-RHM - Saint Mary's Members

Notwithstanding the provisions of the Transfer Agreement, the Parties hereto agree that the following individuals will be added to the Board of Directors of NE-RHM effective as of September 1, 2016:

Garret Casey, Jr.

Stephen R. Griffin, Esq.

Schedule 6.04

Conflicts/Consents

(a) No updates.

(b) No updates.

(c)(i) No updates.

(1) Waterbury Hospital, as member of the Harold Leever Regional Cancer Center, Inc., provided consent in September 2015. Waterbury Hospital and SMH recently filed a CON modification in anticipation of the transaction contemplated in the Transfer Agreement.

(2) NVRA consent provided to NE-RHM and Trinity Health

(3) Notice to DSS required within 35 days post-closing

(4) Craneware consent letter sent out. Awaiting receipt

(5) Notice letter to McKesson provided to NE-RHM, Trinity Health

(6)

a. Consent of Archdiocese provided to NE-RHM, Trinity Health.
b. Consent of Holy See, Roman Catholic Church provided to NE-RHM, Trinity Health
c. OHCA approval received and provided to all parties
d. Notice provided to Connecticut Attorney General
e. FTC did not provide comment

(7) Upon further review, consent of Diagnostic Imaging of Southbury, LLC is not required.

(8) Per Section 10.01 of the Indenture of Lease by and between Park West, LLC and Saint Mary's Hospital, Park West, LLC required consent to transfer the Indenture of Lease. Proof of Park West, LLC's consent to the transfer has been provided to NE-RHM and Trinity Health.

(9) Per Section 21(a) of the Lease by and between RPH Highland LLC and Saint Mary's Hospital, RPG Highland LLC required consent to assign the Lease. Proof of RPH Highland LLC's consent to the assignment has been provided to NE-RHM and Trinity Health.

(c)(ii) No updates.

(c)(iii) No updates.

(c)(iv) No updates.

(c)(v) Pursuant to Section 18.d. of the Master Service Agreement, dated January 5, 2009, by and between SMH and Connecticut Children's Medical Center ("CCMC"), CCMC may terminate the Master Service Agreement by providing written notice to SMH upon a Change of Control. Change of Control includes a change in the membership of SMH. SMH and CCMC remain on good terms and CCMC is not terminating the agreement.

(d) No updates.

Schedule 6.05

Organizational Chart

No updates.

Schedule 6.07

Undisclosed Liabilities

Webster Loan to be paid on August 1, 2016 and all necessary releases filed thereafter.

Material Contracts - Validity

To the knowledge of Saint Mary's, each Material Contract is valid and binding on Saint Mary's or a Saint Mary's Controlled Subsidiary, as applicable, in accordance with its terms and is in full force and effect;

To the Knowledge of Saint Mary's, no party is in breach of or default under (or is alleged to be in breach of or default under), or has provided or received any notice of any intention to terminate, any Material Contract; and

No event or circumstance has occurred that, with notice or lapse of time or both, would constitute an event of default under any Material Contract or result in a termination thereof or would cause or permit the acceleration or other changes of any right or obligation or the loss of any benefit thereunder.

Schedule 6.10

Permitted Encumbrances

(1) Filing No. 0003104990 in favor of Wells Fargo Equipment Finance, Inc.

(2) Filing No. 0003013154 in favor of General Electric

Schedule 6.11

Condition and Sufficiency of the Saint Mary's Assets

No updates.

Schedule 6.12(a)

Owned Real Property

The following units have been added since the Signing Date:

- Office Condominium Unit 2I (206), 133 Scovill Street, Waterbury CT
- Office Condominium Unit 3G (304), 133 Scovill Street, Waterbury CT
- Office Condominium Unit 3F (306), 133 Scovill Street, Waterbury CT

The following parcel was sold subsequent to the Signing Date:

All that certain piece or parcel of land situated on the southerly side of French Street in the Town of Watertown, County of Litchfield, State of Connecticut shown as Lot 34A Area = 25,515 S.F. on 0.59 acres on a map entitled, "Division of land 'First Cut' owned by SAINT MARY'S HEALTH SYSTEM, INC. 290 French Street Watertown Connecticut Scale 1" = 30' dated 3-21-14 Meyers Associates P.C. 60 Linden Street Waterbury, Connecticut 06702". Said premises being bounded and described as follows:

Beginning at a point on the southerly street line of French Street, said point being just northerly of the northwest corner of land now or formerly of Mark & Cheryl C. Woodruff, and also being the northeast corner of the herein described parcel of land; thence running S 09°29'38" E 273.42' along the westerly street line of French Street and along land of said Woodruff, in part by each, to a point; thence turning and running S 76°58'40" W 99.57' along land now or formerly of Town of Watertown, to a point; thence turning and running N 04°13'33" W 325.46' along Lot 34B, to a point on the said southerly street line of French Street; thence turning and running S 66°50'20" E 82.55' along the said southerly street line of French Street, to the point and place of beginning.
Said parcel contains 25,515 Square Feet or 0.59 Acres.

Schedule 6.12(b)

Leased Real Property

1. The property known as the Scovill Medical Center and located at 133 Scovill Street, Suite 206, Waterbury, Connecticut, and which was subject to the lease by and between Paolo Mapelli and Saint Mary's Hospital, Inc. dated January 1, 2006, as modified by the Lease Modification Agreement, dated January 1, 2009, is now owned by Saint Mary's Hospital, Inc.

Schedule 6.14(a)

Legal Proceedings

The following matters disclosed in the initial Disclosure Schedules have all been settled:

Don Doe v. The Hartford Roman Catholic Diocesan Corp., et al.
Brian Doe v. The Hartford Roman Catholic Diocesan Corp., et al.
George Doe v. The Hartford Roman Catholic Diocesan Corp., et al.
Patrick Doe v. The Hartford Roman Catholic Diocesan Corp., et al.

Schedule 6.16(b)

Medicare - Claims

- As of June 22, 2016, 454 Medicaid accounts were rebilled based on observation claims billed in excess of 24 hours. The total amount rebilled was $757,907.32. Notice of rebilling was placed in affected patient accounts. This matter is now closed.

- November 24, 2015 - Letter received from the State of Connecticut, Department of Social Services Office of Quality Assurance – Audit Division - Draft Results from FMG audit. A draft report was received covering DSS's audit of Medicaid claims paid to Franklin Medical Group during the period January 1, 2011 through December 31, 2013. The total of the proposed audit disallowances was $1,784,454. Additional documentation was provided and an exit interview was held. The final report was received on April 22, 2016. The overpayment due to DSS is $1,224,182. An appeal letter has been sent requesting a hearing.

Schedule 6.16(d)

Medicare - Accreditation Surveys/Deficiency Lists

No updates.

Schedule 6.19

HIPAA - Breach Notifications

- **February 10, 2016** - Saint Mary's reported a breach affecting approximately 33 individuals. On December 3, 2015, a contracted courier picked up a locked, secured bag containing 33 medical records from an outpatient center to bring to the hospital. During an intermediate stop, the courier's car, along with the bag containing the records, was stolen. The vehicle was recovered on December 7, 2015 but the records were not in the vehicle and were not recorded. Affected individuals were notified starting on December 4, 2015

Schedule 6.20

Insurance

[6.25(i) requires a true and complete list of all current insurance policies - this is unchanged since signature date and thus no updates are required. 6.25(ii) requires a list of all pending claims and the claims history related to SMH for the 10 year period prior to Signature Date and thus does not need to be updated. However, an updated list of pending claims has been provided to NE-RHM and Trinity Health.]

Schedule 7.04

Conflicts - Trinity Health and NE-RHM

No updates.

Schedule 7.08(a)

Compliance with Laws - NE-RHM

On August 24, 2015, the State of Connecticut Department of Social Services, Office of Quality Assurance, Audit Division ("DSS") sent a letter to Saint Francis Hospital and Medical Center ("SFHMC") with findings of a claim review with dates of service July 1, 2011 through June 30, 2014 in which co-insurance or deductibles were paid to SFHMC. According to the letter the payment due DSS is $993,559. The letter was incorrectly addressed and was not delivered to SFHMC until September 8, 2015. SFHMC has appealed the Medicaid findings.

On June 29, 2016 Saint Francis Medical Group ("SFMG") concluded a retrospective review of claims billed to NGS, Medicare Administrative Contractor. SFMG determined that some of the critical care E&M services should have been billed as E&M subsequent care services. The result of the findings is that a refund is required for reimbursement received by SFMG for Inpatient Critical Care services that were not billed according to CMS instructions. These findings were first identified through an operational review in an attempt to identify possible opportunities for operational improvement as a part of SFHMC and SFMG's Integrity and Compliance Program ("ICP"). SFMG put corrective actions in place. The refund to the Medicare Program as a result of this review is $281,740 for the payments received as a result of the error in submitting E&M critical care when it should have been submitted as E&M subsequent care services to NGS Medicare for payment. Due to the time elapsed and the inability to file a corrected claim, SFMG returned the overpayment to Medicare for the aforementioned errors. SFMG is in the process of refunding $101,990 to the Medicaid program as a result of this review.

On May 18, 2016 SFHMC and SFMG received a civil investigative demand subpoena from the U.S. Department of Health and Human Services, Office of Inspector General, Office of Investigations, issued pursuant to the authority provided to the Inspector General under Public Law 95-452 in regards to services rendered by licensed independent practitioners. This is in document gathering phases at this time.

Schedule 7.09(a)

Medicare - Plans of Correction - NE-RHM

In addition to those matters originally set forth on Schedule 7.09(a) to the Transfer Agreement on the Signing Date:

The Department of Public Health conducted a Complaints; Adverse Events and CMS follow up survey beginning June 13, 2016. The Department of Public Health has not yet released any findings.

Schedule 7.09(b)

Medicare/Medicaid Claims - NE-RHM

No non-routine Medicare appeals

Saint Francis Hospital and Medical Center has several Inpatient and Outpatient Medicaid rate appeals and requests for hearings, with the first rate hearing scheduled for the fall of 2016.

Additionally, SFHMC has Department of Social Services and Department of Revenue Service Petitions for Declaratory Ruling on the Hospital Tax.

Schedule 7.12

HIPAA - Breach Notifications - NE-RHM

YEAR	Date of Occurrence	Title	Action
Reported to OCR 2/2015	10/24/2014	Inappropriate Access to PHI	Employee termination: Obtained information to locate ex-husband by looking at the record for his current significant other.
	9/23/2014	Stolen Laptop	Employee counseled: Medical Necessity Documentation saved to home computer in an effort to catch up on paperwork
	12/31/2013	Stolen ED Log	Employee counseled: Report to OCR January, 2014
Reported to OCR 2/2016	4/8/2015	USPS Damaged Package	Patient notified. Envelopes for mailing will be mylar.
	7/17/2015	Pulmonary office staff mailed lab results for several patients to one patient	Employee counselled and office staff re-educated
	10/26/2015	Adoptive/Birth Mother Demographics	Epic build to prevent sharing of demographic information between baby and birth mother.

Schedule 8.08(a)

Insured Real Property

The following units have been added since the Signing Date:

- Office Condominium Unit 2I (206), 133 Scovill Street, Waterbury CT
- Office Condominium Unit 3G (304), 133 Scovill Street, Waterbury CT
- Office Condominium Unit 3F (306), 133 Scovill Street, Waterbury CT

The following parcel was sold subsequent to the Signing Date:

All that certain piece or parcel of land situated on the southerly side of French Street in the Town of Watertown, County of Litchfield, State of Connecticut shown as Lot 34A Area = 25,515 S.F. on 0.59 acres on a map entitled, "Division of land 'First Cut' owned by SAINT MARY'S HEALTH SYSTEM, INC. 290 French Street Watertown Connecticut Scale 1" = 30' dated 3-21-14 Meyers Associates P.C. 60 Linden Street Waterbury, Connecticut 06702". Executive Summary

In collaboration with the Greater Waterbury Health Improvement Partnership, Saint Mary's Hospital led a comprehensive Community Health Needs Assessment (CHNA) to evaluate the health needs of individuals living in and around Waterbury, Connecticut beginning in 2016. The partnership consisted of Saint Mary's Hospital, Waterbury Hospital, Waterbury Department of Public Health, the City of Waterbury, the StayWell Health Center, the Connecticut Community Foundation, the United Way, and other community partners. The purpose of the assessment was to gather information about local health needs and health behaviors. The assessment examined a variety of indicators including risky health behaviors (alcohol use, tobacco use) and chronic health conditions (diabetes, heart disease).

The completion of the CHNA enabled the Greater Waterbury Health Improvement Partnership to take an in-depth look at its greater community. The findings from the assessment were utilized by the partnership to prioritize public health issues and develop a community health implementation plan focused on meeting community needs. The Greater Waterbury Health Improvement Partnership is committed to the people it serves and the communities where they reside. Healthy communities lead to lower health care costs, robust community partnerships, and an overall enhanced quality of life. This Community Health Needs Assessment serves as a compilation of the overall findings of each research component.

CHNA Data Components

- DataHaven Community Wellbeing Survey (2015)
- Healthy People 2020 Report (2014)
- The ALICE study of Financial Hardship Report (2012)
- US Center for Disease Control and Prevention
    - County Health Rankings and Roadmaps (2016)
- Saint Mary's Hospital Community Health Profile (2015)
- Hospital Implementation Plans (2013)

Prioritized Health Issues

Based on the feedback from community partners including health care providers, public health experts, health and human service agencies, and other community representatives, the Greater Waterbury Health Improvement Partnership plans to focus community health improvement efforts on the following health priorities over the next three-year cycle:

- Access to Care
- Mental Health/Substance Abuse
- Obesity
- Tobacco Use
- Asthma
- Health Communications

Documentation

The final report of the CHNA was made public on September 30, 2016 and can be found on the Saint Mary's Hospital website (stmh.org). Paper copies are also available per request. The Saint Mary's Hospital Board of Directors approved the CHNA on September 1, 2016. An implementation plan for community health improvement activities will be created and available by February 15, 2017.

Introduction

Saint Mary's Hospital has served the city of Waterbury since 1907, when it was founded by the Sisters of Saint Joseph of Chambery. The founding of the hospital was made possible by a generous donation by the Right Reverend Monsignor William J. Slocum. In its first year, Saint Mary's Hospital was a 120 bed facility and had a staff of 14. It is now licensed for 347 beds and employs more than 2,100 people. The mission of Saint Mary's Hospital is to provide excellent healthcare in a spiritually enriched environment to improve the health of our community. The vision of Saint Mary's Hospital is to be the leading regional healthcare provider. Saint Mary's Hospital values are:

- Integrity: Commitment to doing what is right
- Caring: Compassionate approach to addressing the healthcare needs of all people
- Accountability: Personal responsibility for the performance of Saint Mary's Health System
- Respect: Respect for the dignity, worth, and rights of others
- Excellence: Working together in pursuit of superior clinical quality and service to others

Saint Mary's Hospital serves the city of Waterbury and 17 surrounding towns. In 2016, Saint Mary's Hospital conducted a comprehensive Community Health Needs Assessment (CHNA) to evaluate the health needs of individuals living in these communities. The CHNA was done in collaboration with The Greater Waterbury Health Improvement Partnership. The partnership consists of Saint Mary's Hospital, Waterbury Hospital, Waterbury Department of Public Health, the City of Waterbury, StayWell Health Center, Connecticut Community Foundation, United Way, and other community organizations. Saint Mary's Hospital views community health improvement as an ongoing effort that requires leadership through example and partnership with other community organizations to improve the health status and quality of life of community residents.

The purpose of the assessment was to gather information about health needs and behaviors. A variety of indicators were examined including risky health behaviors (alcohol use, tobacco use) and chronic health conditions (diabetes, heart disease). The current assessment will guide Saint Mary's ongoing work to improve community health and comply with new requirements for tax-exempt health care organizations to conduct a CHNA and adopt an Implementation Strategy aligned with identified community needs.

Community Health Needs Assessment Summary

Community Health Needs Assessments (CHNA) and implementation strategies are required of tax-exempt hospitals as a result of the Patient Protection and Affordable Care Act. The CHNA and implementation strategies create an important opportunity to improve the health of communities by ensuring that hospitals have the information they need to provide community benefits that meet the needs of their communities. They also provide an opportunity to improve coordination of hospital community benefits with other efforts to improve community health.

Saint Mary's Hospital published its first federal mandated CHNA in 2013 in collaboration with contracted research and consulting firm, Holleran, and The Greater Waterbury Health Improvement Partnership. The 2016 assessment will serve as a starting point for data-based goals and strategies on how to address the needs that have been identified. The health needs acknowledged by the CHNA will be integrated into a three-year community outreach plan and implementation strategy to overcome the issues. By utilizing existing resources, strengthening partnerships and creating innovative programs on both the hospital campus and within the community, Saint Mary's Hospital hopes to make a positive impact on these identified needs.

Report on Progress since 2013 CHNA

Saint Mary's has made meaningful progress during this three-year CHNA cycle as we have opened two new urgent care centers and grown our primary care practices with over twenty new internal medicine providers. Saint Mary's now offers four urgent care centers throughout our service area offering convenient access and extended hours. We continue to offer nurse navigation services for emergency department patients, and for our cardiac program to provide education and coordinate post-acute services. We established the "Pump Club" for cardiac patients who needed additional services to attend rehab sessions and other services. Saint Mary's also established a heart rhythm program during this period, creating easier, local access to electrophysiology services that were previously not available in our community. Saint Mary's continues to support and collaborate with the Malta House of Care, which provides medical services to undocumented and indigent population. We continue to work closely with the Harold Leever Cancer Center to address smoking cessation in our community. We have hosted a series of farmers markets on the hospital campus using our community partner, Brass City Harvest. Through our work with the Greater Waterbury Health Improvement Partnership are working towards the creation of a Community Care Team to provide cross-organization case management for high utilization emergency department visitors.

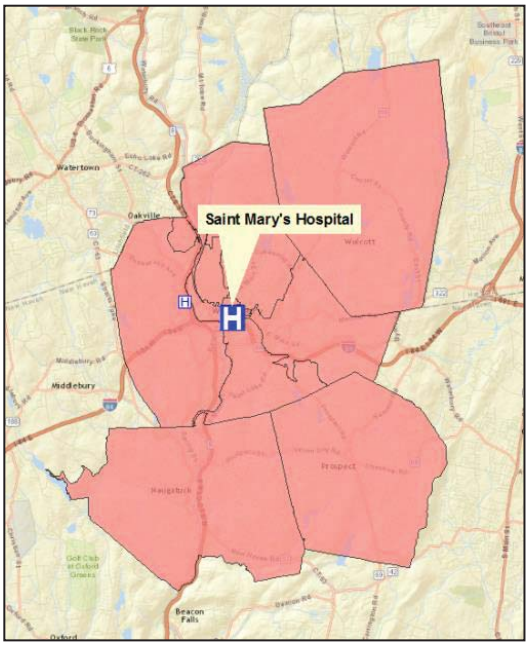
Since 2013 Saint Mary's has continued to work towards maintaining its existing programs while introducing new initiatives as appropriate. We have also continued to fully participate in the Greater Waterbury Health Improvement Partnership (GWHIP) which creates opportunities for collective impact, fosters greater collaboration community-wide, and helps make better use of resources by eliminating duplication of effort wherever possible. In August 2016 Saint Mary's joined Trinity Health, becoming a part of the Trinity Health – New England regional health ministry. Becoming part of a strong national and regional system will provide further opportunities to enhance our ability to meet the needs of our community.

Overview of Hospital Service Area and Facilities

Service Area

Saint Mary's total service area is comprised of 35 zip codes, which include the city of Waterbury and 17 surrounding towns. The primary service area which covers 9 US Census zip code tabulation areas (ZCTAs) includes Waterbury, Naugatuck, Prospect and Wolcott has a population of approximately 168,000. The secondary service area includes Beacon Falls, Bethlehem, Cheshire, Middlebury, Morris, Oxford, Plantsville, Plymouth, Southbury, Thomaston, Watertown and Woodbury has a population of approximately 153,000.

Figure 1. Saint Mary's Primary Service Area Map



2015 Saint Mary's Hospital Community Health Profile, Connecticut Hospital Association

Population

The combined population for these communities is roughly 321,000 residents where the majority of Saint Mary's hospital patients live in the city of Waterbury which is particularly economically distressed. The median household income is $41,136, which is significantly less than the overall service area, which is approximately $70,000. The unemployment rate in the city of Waterbury in September 2015 was 10.7%. This is higher than the state of Connecticut unemployment rate of 6.6%. Approximately 31.6% of the population in Waterbury speaks a language other than English in the home. This is higher than the state of Connecticut where 20.8% of the population speaks a language other than English in the home. In addition, 24.2% of families in Waterbury have poverty status compared to 10.5% in Connecticut.

Central Waterbury has been designated a Medically Underserved Area (MUA) and Medically Underserved Population (MUP) by the health resources and services administration (HRSA). HRSA has also designated central Waterbury as a Health Professional Shortage Area (HPSA) for primary medical care, dental care and mental health. In Table 1. CHA Service Area Population Findings, there is a breakdown of population details provided by the US Census (2009-2013) and specifically the Primary Service Area of Saint Mary's Hospital.

Table 1. CHA Service Area Population Findings

Demographic Category	Indicator	Primary Service Area Total		Connecticut Total	
Total Population	Total Population	168,145	100%	3,583,561	100%
Age	Less than 18 Years Old	40,417	24%	802,718	22%
	Over 64 Years Old	22,263	13%	519,616	15%
Race and Ethnicity	White	96,590	57%	2,526,401	70%
	Black	21,484	13%	337,758	9%
	Hispanic	42,329	25%	496,393	14%
	Asian	3,124	2%	140,592	4%
	Other	4,618	3%	81,871	2%
Gender	Male	81,194	48%	1,745,194	49%
	Female	86,951	52%	1,838,367	51%

Saint Mary's Facilities

Saint Mary's Hospital

Saint Mary's Hospital is a Catholic, not-for-profit, community teaching hospital that has been serving patients in Waterbury, Connecticut since 1909. The hospital offers a wide variety of medical services, educational classes, and patient resources in addition to a Level II Trauma Center, pediatric emergency room, award winning cardiac and stroke care and exceptional surgical services.

Naugatuck Valley Surgical Center

Naugatuck Valley Surgical Center (NVSC) is an outpatient department of Saint Mary's Hospital which offers state-of-the-art operating rooms and post-operative patient care areas for ambulatory surgery. The surgical center staff is experience in a wide variety of specialties including Gastroenterology, General Surgery, Gynecology, Ophthalmology, Oral/Dental Surgery, Orthopedics , Otorhinolaryngology (ENT), Pain Management, Plastic Surgery, Podiatry and Urology

The Harold Leever Regional Cancer Center and Saint Mary's Hospital Oncology Center

The Harold Leever Regional Cancer Center is a joint partnership of Saint Mary's Hospital and Waterbury Hospital offering the highest quality care for cancer patients. In the building sits Saint Mary's Hospital Oncology Center which provides the most up-to-date treatment and protocols for patients right here in our community, and is located right in Waterbury, just off I-84.

Saint Mary's Medical Imaging Center

From X-rays, MRI and CT scans to images taken at a nuclear level, Saint Mary's is dedicated to providing advanced radiology services. Saint Mary's Medical Imaging Center is fully digital, which offers many advantages, including improved image quality and enhanced speed.

Saint Mary's Hospital Urgent Care Centers (Cheshire, Naugatuck, Wolcott, Waterbury)

Saint Mary's has expanded its footprint to offer four urgent care locations that provide a greater access to care for patients in the service area. The urgent care centers offer a wide array of services including x-ray, laboratory services, EKGs, immunizations and vaccines, pediatric care, and work-related injuries.

Community Health Needs Assessment Process

Saint Mary's Hospital's 2016 CHNA is based on data and input from multiple sources. These include:

- **DataHaven Health and Wellbeing survey**: Saint Mary's participated in this data collection effort through the Greater Waterbury Health Improvement Partnership. The survey was conducted statewide, providing a valuable data set across multiple communities. A separate report was developed focusing on the Waterbury community.
- **GWHIP Steering Committee Strategic Review**: the founding partners of the Greater Waterbury Health Improvement Partnership met to review our collective experience and insights from 2013-2016. We discussed the performance of the various workgroups, initiatives implemented, and the expected impact. Based on this assessment several changes were recommended.
- **CDC Learning Cohort**: Waterbury was one of thirteen communities in the country selected to participate in this learning opportunity**.** The learning cohort offered access to best practices, insight into what's worked in other communities, and specific coaching
- **Trinity Health Community Health & Well Being**: As Saint Mary's prepared to become a member of Trinity Health, we were afforded the opportunity to have discussions with colleagues from Hartford as well as the system office in Lavonia, Michigan. These discussions, although preliminary in nature, have begun to shape our planning process. We expect that we will gain further benefit as we move ahead once fully integrated in to the Trinity Health regional health ministry.

Each of these inputs contributed a unique perspective to the overall plan.
Additional inputs and resources are listed below.

Community Primary Data Sets
Community Programming Surveys
The data was gathered from information residents who attended Saint Mary's Hospital's community outreach programs specifically with the Spirit of Women Network. This came in the form of post-event surveys and verbal conversations.

Community Leader Discussions/Executive Meeting
In addition to gathering quantitative data, Saint Mary's obtained input from important community stakeholders regarding the health needs of the community. Interviews and informal discussions with community leaders in the Greater Waterbury area were also used to expand the knowledge of the issues affecting the service area. Some if not most of the community leaders that were involved in discussions grew up in the area and represented broad interests in our community including: leaders of medically underserved and low-income populations, persons with expertise or special knowledge in public health, and persons who lead local health agencies. In addition, a comprehensive community executive meeting was held in June 2016 and informal discussions with key informants in regards to Saint Mary's service area were completed.

Community Health Needs Assessment Data Sets
The following data sets were used and analyzed in order to obtain secondary data for Saint Mary's 2016 CHNA.

The ALICE Study of Financial Hardship Report
In 2012, the United Way completed a report titled ALICE (Asset Limited, Income Constrained, and Employed) which represented the growing number of individuals and families who are working, but are unable to afford the basic necessities such as housing, food, child care, health care, and transportation.

State of Connecticut
The official website of the State of Connecticut (ct.gov). Several resources were used from the State of Connecticut's website primarily regarding education and public health datasets for the purposes of expanding the information in this CHNA.

US Center for Disease Control and Prevention
As the leader in the nation's public health concerns, the US Center for Disease Control and Prevention (CDC) provides insights and data on diseases, chronic to acute and curable to preventable.

County Health Rankings and Roadmaps (2016)
These are the data measures adopted by the Centers for Disease Control (CDC) as standard measures of community health by which to assess the nation's health and allows comparisons at national, state and local levels. They have been selected based on their relevance as indices of community health and their general availability for assessments at all levels. The information for this data can be found in Appendix 1 and is often referred to in this CHNA.

Healthy People 2020 (2014)
Healthy People 2020 was developed by the Office of Disease Prevention and Health Promotion to assist in creating societies of residents living long and healthy lives and specifically offers state-by-state data.

Saint Mary's Hospital Community Health Profile (2015)
The Saint Mary's Hospital Community Health Profile (2015) was provided by the Connecticut Hospital Association(CHA). Completed each year by CHA, the document provides data and support for Connecticut hospitals and their community partners particularly with the Community Health Needs Assessment. Within this community profile, data was used from CHA's ChimeData database, US Census, the Centers for Disease Control and Prevention (CDC) Behavioral Risk Factor Surveillance Survey (BRFSS), the Connecticut Department of Public Health, and several other sources.

The 2015 DataHaven Community Health and Wellbeing Survey
The public service organization, DataHaven, completed the DataHaven Community Health and Wellbeing Survey in 2015 as a grassroots and locally based effort to promote regional well-being and quality of life. Using telephone surveys, the company was able to receive data from nearly 17,000 residents of Connecticut of which 610 were surveyed from the City of Waterbury. The information from the survey was heavily used in this CHNA and provided necessary information for prioritization for Saint Mary's.

Research Limitations
It should be noted that the availability of secondary data may represent some research limitations.

Community Health Needs Assessment Findings

Saint Mary's utilized the "Invest in Your Community: 4 Considerations to Improve Health and Wellbeing for All" and the "County Health Rankings Model - Health Factors" as guide and framework for its work. The Centers for Disease Control and Prevention (CDC) created a detailed outline which has been used as the core of the Greater Waterbury Health Improvement Partnership it can be found on page 24 of this CHNA.

Using the CDC's graphic as a model, Saint Mary's focused on the four elements of good health:

- Socioeconomic Factors, which accounts for 40%
- Physical Environment, which accounts for 10%
- Health Behaviors, which account for 30%
- Clinical Care, which accounts for 20%

Socioeconomic Factors

Socioeconomic factors have the largest impact on one's health according the CDC model of community health and wellbeing accounting for 40% in the described model. Socioeconomic factors that affect good health include a combination of: education, employment, income, and community support. These factors are known as the "social determinants" of health.

Employment & Income

According to the 2012 ALICE (Asset Limited Income Constrained Employment) Report, the state of Connecticut had a poverty rate of 10% and a median household income of $67,276. These numbers compare well to the U.S. average poverty rate of 15%, and the median household income in U.S. of $51,371. When looking specifically at the city of Waterbury, one of Connecticut's largest cities the report showed that out of 40,992 households, 23% of the residents were living in poverty and an added 34% fell under the ALICE characterization totaling over 50% of households below the ALICE threshold. Additional information can be seen in Table 2. in regards to the ALICE Report.

Table 2. Key Facts and ALICE Statistics by Municipality, Connecticut, 2012

Municipality	Waterbury, New Haven County
Population	109,915
Households	40,992

Housing Burden: Owner over 30%	42%
Housing Burden: Renter over 30%	60%

Source: United Way ALICE Report; American Community Survey

Saint Mary's primary and secondary service area as mentioned above encompasses 35 zip codes and 17 towns. On page 11, The ALICE and Poverty Rates by Towns can be seen in Table 3 and include information with the total households and the total % of ALICE and Poverty households pertaining to the specific town.

Table 3. ALICE and Poverty Rates by Town, 2012

Town	Total Households	% ALICE and Poverty
Beacon Falls	2,244	26%
Bethlehem	1,409	17%
Cheshire	9,641	15%
Middlebury	2,797	20%
Morris	967	27%
Naugatuck	12,588	40%
Oxford	4,420	13%
Plymouth	4,739	24%
Prospect	3,280	19%
Southbury	8,022	31%
Thomaston	3,192	27%
Waterbury	40,992	57%
Watertown	8,270	25%
Wolcott	5,947	23%
Woodbury	4,204	24%

Source: United Way ALICE Report, U.S. Department of Housing and Urban Development (HUD), U.S. Department of Agriculture (USDA), Bureau of Labor Statistics (BLS), Internal Revenue Service (IRS) and state Treasury, and ChildCare Aware, 2012; American Community Survey, 1 year estimate.
*Note: Plantsville, Connecticut (zip code: 06479) was not included in the service areas reported

Education

Education is an important social determinant of health. Studies have shown that individuals who are less educated tend to have poorer health outcomes. According to the U.S. Census Bureau, High school and higher education graduation rates are lower in Waterbury (79.6% and 16.0% respectively) than in Connecticut (86.3% and 29.3% respectively).

According to the County Health Rankings in Saint Mary's service area counties the percentage of students who graduate High School in four years from New Haven County is 81%, from Litchfield County is 89%, and Hartford County is 82%. As seen below in Table 4. in Saint Mary's Service area covered by the Connecticut Hospital Association, 20% of the residents have a Bachelor's Degree or higher, whereas 36% of the State of Connecticut hold such education.

Table 4. Socioeconomic Data by CHA Primary Service Area

Demographic Category	Indicator	Primary Service Area Total		Connecticut Total	
Socioeconomics	Below Poverty	29,226	18%	354,348	10%
	Bachelor's Degree or Higher	22,198	20%	886,514	36%

Source: US Census (2009-2013); primary service area determined by Connecticut Hospital Association (2015)

In recent reports from the 2013-2014 Connecticut Department of Education Chronic Absenteeism Report, Waterbury Public Schools are on the top of the list for chronic absenteeism in the district. Over 20% of students in the district fall into the category of chronically absent from school which is defined as any student with a calculated Average Daily Attendance (ADA) of less than or equal to 90%. This number was significantly higher when looking at chronic absenteeism in the Waterbury Public High School rates which were at 33.7% among the highest in the state of Connecticut.

Neighborhood and Community Safety

One of the most significant social determinants of health is the conditions in which residents have a sense of security and community within their geographic location. In order to better understand overall safety in the community in three different levels, data was taken from overall Connecticut respondents, Greater Waterbury and Waterbury. Within that data table below, one can see that overall the results for satisfaction with Greater Waterbury was 78% and in the city of Waterbury was 63%.

Table 5. Neighborhood Satisfaction

Are you satisfied with the city or area where you live?

	Connecticut	Greater Waterbury	Waterbury
Yes	82%	78%	63%
No	17%	22%	36%
Don't Know	1%	1%	1%
Refused	0%	0%	0%

Source: DataHaven Health and Wellbeing Survey

While the overall satisfaction in Greater Waterbury and Waterbury are less than the Connecticut average ranking quite high at 82%, the responses for the safety of residents in their neighborhood merits further examination which can be seen below at staggering rates below the Connecticut's average.

Table 6. Residents Safety

The job done by the police to keep residents safe…

	Connecticut	Greater Waterbury	Waterbury
Excellent	30%	30%	15%
Good	45%	41%	35%
Fair	15%	16%	28%
Poor	6%	9%	16%
Don't know enough about it in order to say	4%	3%	5%
Refused	0%	0%	0%

Source: DataHaven Health and Wellbeing Survey

Table 7. Neighborhood Responses

The information below portrays the percentage of respondents that stated that they "strongly agreed" with the specific questions asked in the DataHaven Health and Wellbeing Survey.

Questions answered with "Strongly Agree"	Connecticut	Greater Waterbury	Waterbury
There are safe sidewalks and crosswalks on most of the streets in my neighborhood.	39%	32%	39%
I do not feel safe to go on walks in my neighborhood at night.	16%	18%	29%
People in my neighborhood can be trusted.	54%	55%	33%
Children and youth in my town generally have the positive role models they need around here.	38%	38%	17%

Source: DataHaven Health and Wellbeing Survey

Transportation

Comparable to state average, the Greater Waterbury service area residents have access to a car or have their own car as the primary means of transportation as seen in Table 8. Public transportation is available in this city of Waterbury and immediate suburban towns but only 8% of respondents in the DataHaven survey said to use it. With a 12% response, most residents in Waterbury would be more apt to get a ride from a friend or relative than to use public transportation as a primary means of transportation.

Table 8. Access to Car

Do you have access to a car when you need it? Would you say you have access…

	Connecticut	Greater Waterbury	Waterbury
Very often	85%	83%	74%
Fairly often	4%	5%	4%
Sometimes	5%	5%	8%
Almost never	1%	1%	3%
Never at all	5%	6%	11%
Don't Know	0%	0%	0%

Source: DataHaven Health and Wellbeing Survey

Physical Environment

According to the CDC model, where you live is one of the greatest predictors of how healthy you will be and accounts for 10% in the "Invest in Your Community" Model. Living in a safe neighborhood that has adequate environmental factors can lead to higher rates in overall wellbeing.

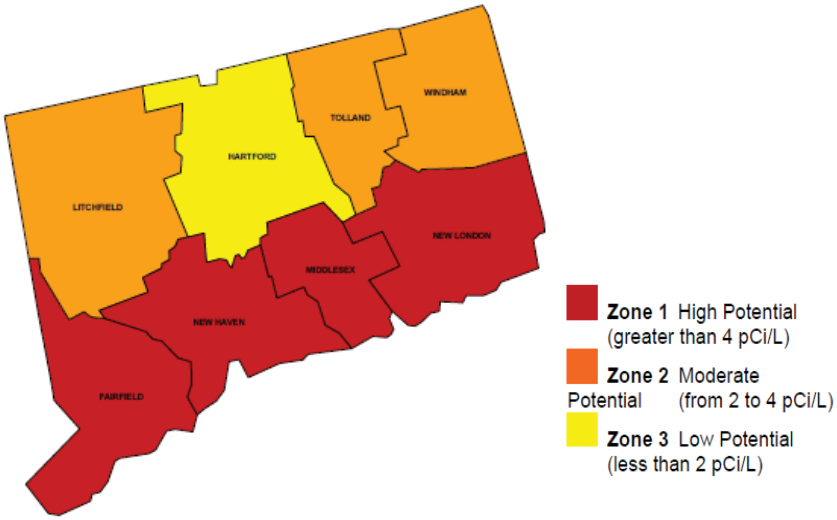
Air Quality

Air Quality Index AQI is a number used by government agencies to communicate to the public how polluted the air is currently or how polluted it is forecast to become. As the AQI increases, an increasingly large percentage of the population is likely to experience increasingly severe adverse health effects including asthma and cardiovascular disease. According to the U.S. Environmental Protection Agency in 2013 the Air Quality Index (AQI) was significantly worse in the city of Waterbury at 106 compared to the United States Index average of 75.

Radon Zones

According to the U.S. Environmental Protection Agency, New Haven County, which occupies Saint Mary's Hospital service area, falls within the EPA's Radon Zone 1 indicating a High Potential for radon exposure for that service area community. As stated by the World Health Organization, radon is the second most important cause of lung cancer in many countries and lung cancer risk rises 16% per 2.7 pCi/L increase in radon exposure.

Figure 2. Map of Radon Zones in Connecticut



Source: US EPA (2013); primary service area determined by Connecticut Hospital Association (2015)

Housing

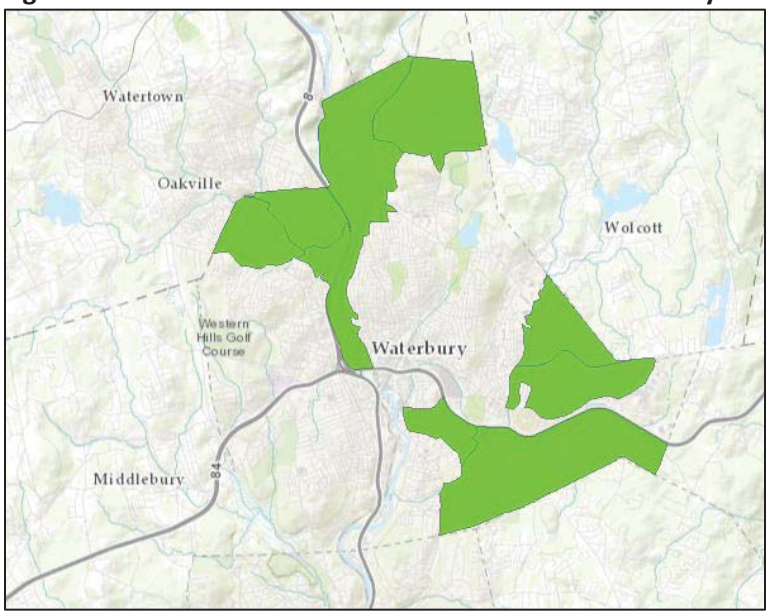
Housing insecurity is an issue that continues to impact Saint Mary's service area residents. Over a third of the population in Saint Mary's service area is housing cost burdened, with rates close to 35% in Waterbury (U.S. Census Bureau, 2010-2014). According to the US Census Bureau, housing cost burden is defined as more than 30% of income going towards housing expenses. A lack of affordable housing can contribute to many factors including homelessness and housing instability and insecurity.

Health Behaviors

The third factor to be discussed is health behaviors that account for 30% of the "Invest In Your Community" Model. This category includes topics such as diet, exercise, and substance use. These can also be defined as daily routines that residents in a community have that play a role in their overall health and wellbeing.

Diet and Exercise

Figure 3. USDA Food Atlas Food Desert Areas in Waterbury



Source: USDA Food Access Research Atlas; accessed 8/17/16

The USDA Food Access Research Atlas identifies low income and low access census tracts in order to greater understand the ability for members of the population to have access to a supermarket for nourishing and healthy food options. Places which have a great distance to a supermarket is known as a food desert. As seen in Figure 3 in green, Waterbury has several identified areas that are considered food deserts.

Table 9. Weekly Exercise

In an average week, how many days per week do you exercise?

	Connecticut	Greater Waterbury	Waterbury
None	17%	20%	26%
One	6%	5%	6%
Two	13%	10%	10%
Three	19%	20%	17%
Four	12%	10%	8%
Five	12%	12%	12%
Six	5%	4%	2%
Seven	16%	17%	17%
Don't Know	1%	1%	1%
Refused	1%	1%	1%

Normal weight	37%	33%	27%
Overweight	36%	37%	37%
Obese	26%	28%	33%

Source: DataHaven Health and Wellbeing Survey

Alcohol and Substance Use

Substance use in the state of Connecticut and specifically in the city of Waterbury has been a large public health concern with the rising rates overdose cases. As one of the top five conditions for Saint Mary's Emergency Department non-admission rates, substance use and abuse remains a problem in particular with prescription and opioid based medications.

Tobacco Use

Tobacco use is a major concern in Waterbury especially with the number of residents who currently smoke on a daily basis. According to the DataHaven Health and WellBeing Survey 45.0% of Waterbury respondents have smoked at least 100 cigarettes in their lifetime compared to 40.0% across the state. In addition, more than half (55.0%) of the respondents who initiated smoking at some point in their lifetime still smoke every day or some days compared to the state (37.0%). A positive finding is that respondents are more likely to have attempted to quit smoking during the past 12 months by not smoking for 24 hours or more.

Table 11. Current Tobacco Use
(If smoked 100 cigarettes in entire life) Do you currently smoke cigarettes every day, some days or not at all?

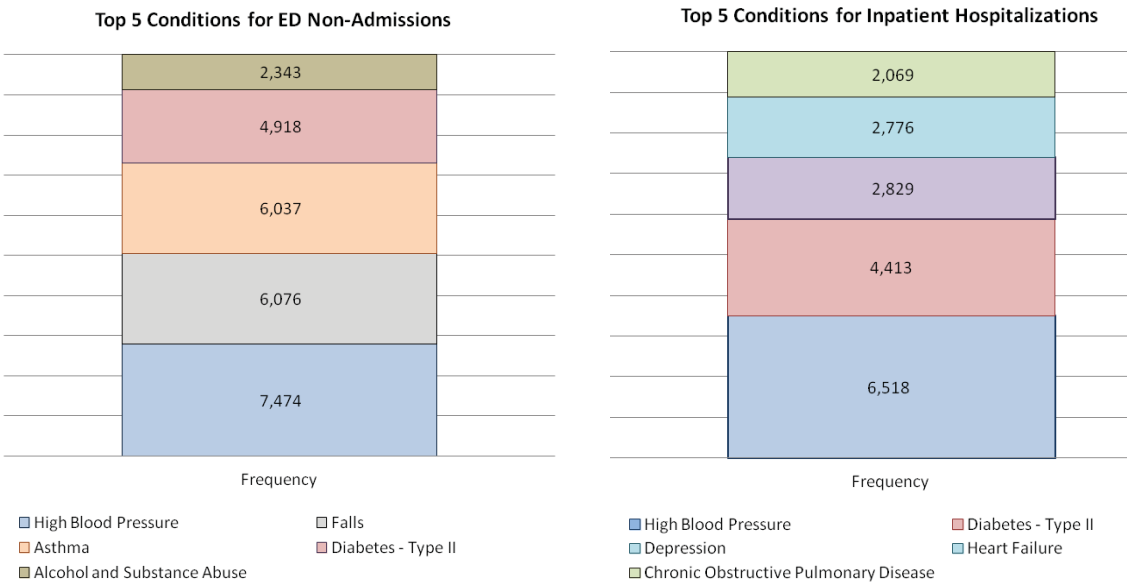
	Connecticut	Greater Waterbury	Waterbury
Every day	26%	29%	40%
Some days	11%	11%	15%
Not at all	63%	60%	45%
Don't know	0%	0%	0%
Refused	0%	0%	0%
Smoking Prevalence (based on several questions in DataHaven Survey)	15%	17%	25%

Source: DataHaven Health and Wellbeing Survey

Clinical Care

The last factor that is mentioned in the CDC model is clinical care, which accounts for 20% of good health. To better understand this for Saint Mary's primary service area several data sets have been used from the Connecticut Hospital Association in order to better understand the access to care as well as the quality of care given to patients.

Figure 4. Inpatient Hospitalizations and Conditions for ED Non-Admissions

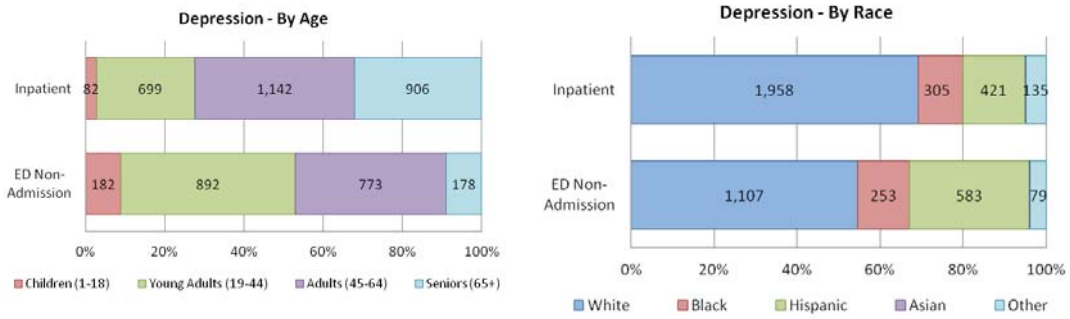


Source: 2015 Saint Mary's Hospital Community Health Profile, Connecticut Hospital Association

Mental Health

Mental and Behavioral Health continue to have a dramatic impact on the overall health of residents in the Saint Mary's service area. Feeling physically unwell can impact a person's emotional wellbeing and if not taken seriously can lead to depression and anxiety. As seen in the figures below, the largest group of patients at Saint Mary's were white adults age 45 to 64 according to the 2015 Saint Mary's Hospital Community Health Profile, Connecticut Hospital Association.

Figure 5. Depression by Age and Race



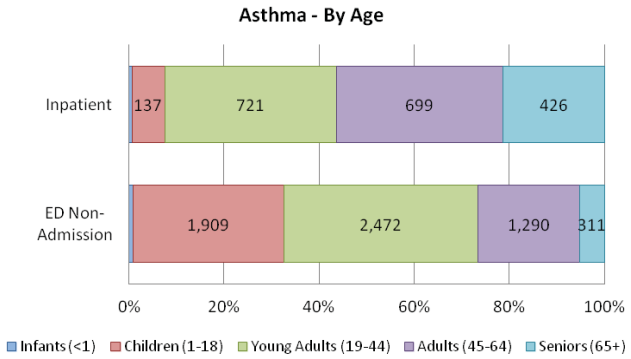
Source: 2015 Saint Mary's Hospital Community Health Profile, Connecticut Hospital Association

In addition to depression, suicide and self-inflicted injuries were an increasing health concern for the hospital with 243 ED non-admission patients of which 142 were insured with Medicaid (Connecticut Hospital Association, 2015).

Asthma

In Greater Waterbury there are fare to many area children and adults that have poorly managed asthma which results in significant amounts of emergency department visits and potential inpatient admissions. Both pediatric and adult asthmatics have potential gaps in the education of management of asthma and its potential life threating symptoms. Despite being in line with the Connecticut average of respondents having Asthma in the Greater Waterbury Area and City of Waterbury, of the respondents that answered "yes" to having Asthma the rate was double the Connecticut average at (12% and 16% respectively) for having an Asthma attack at least once a day and using a prescription inhaler (DataHaven Health and Wellbeing Survey, 2015).

Figure 6. Asthma by Age



Source: 2015 Saint Mary's Hospital Community Health Profile, Connecticut Hospital Association

Oral Health

According to the American Dental Association, most dental Emergency Room visits can be reduced or eliminated by regular visits to a dentist. In the DataHaven Health and Wellbeing Survey, almost 1 in 3 residents of Waterbury reported not have been to a dentist for more than a year (2015). In addition, Emergency Department visits for dental conditions were proportionally overrepresented among blacks and Hispanics in Saint Mary's service area.

Cancer

Cancer affects Waterbury residents at an (age-adjusted) rate of 491.1 per 100,000 and is the second leading cause of death. Overall, the total cancer incidence rate of 491.1 is similar to or lower than that of peer cities such as Hartford and New Haven which can be seen in Table 13.

Table 12. Cancer Incidence in Waterbury per 100,000 (2010)

Primary Cancer Site	Crude Rate	Age-Adjusted Rate
Breast (Female)	139.0	128.9
Colorectal*	60.0	57.6
Lung & Bronchus*	77.4	74.8
Prostate	115.4	120.8
All sites	506.3	491.1

*Total (Age adjusted, per 100,000 population)

Diabetes

Not only in the Saint Mary's service area and the state of Connecticut has diabetes been a major health concern but across the United States. According to the Center for Disease Control, 29 million Americans have diabetes and 86 million American adults aged 20 years and older have prediabetes. As seen below, residents in Waterbury have been told by a doctor more frequently that they have diabetes than in the Greater Waterbury area and in Connecticut. The unease with this number is that residents that have diabetes are at higher risk for serious health complications including: blindness, kidney failure, heart disease, stroke, and potential loss of extremities.

Table 15. Have you ever been told by a doctor or health professional that you have diabetes?

Connecticut	Greater Waterbury	Waterbury
9%*	11%*	13%*

Source: DataHaven Health and Wellbeing Survey
*percentage of respondents that answered yes

Cardiovascular Disease

According to the Connecticut Hospital Association, high blood pressure was the most prevalent condition among inpatient and Emergency Department Non-Admission settings. A total of 35% of residents in Waterbury responded "yes" to having been told by their doctor or health professional that they had high blood pressure or hypertension which are contributing factors to (other than obesity and lack of physical exercise) to more serious cardiovascular disease.

Strategies to Address Community Health Needs

Selection of the Community Health Priorities and Future Planning

In May 2016, individuals from healthcare organizations, community agencies, social service organizations, and area non-profits gathered to review the results of the GWHIP data and planning for the future. The meeting was initiated by partners of the Greater Waterbury Health Improvement Partnership, including Saint Mary's Hospital. The goal of the meeting was to discuss the commitment to the Greater Waterbury area and discuss future prioritizations of the organization and its members.

The objectives of the session were:

- To review recently compiled DataHaven Community Health and Wellbeing data and highlight key research findings;
- To gather feedback from community representatives about community health needs;
- To prioritize the community health needs based on select criteria.

Prioritization Process

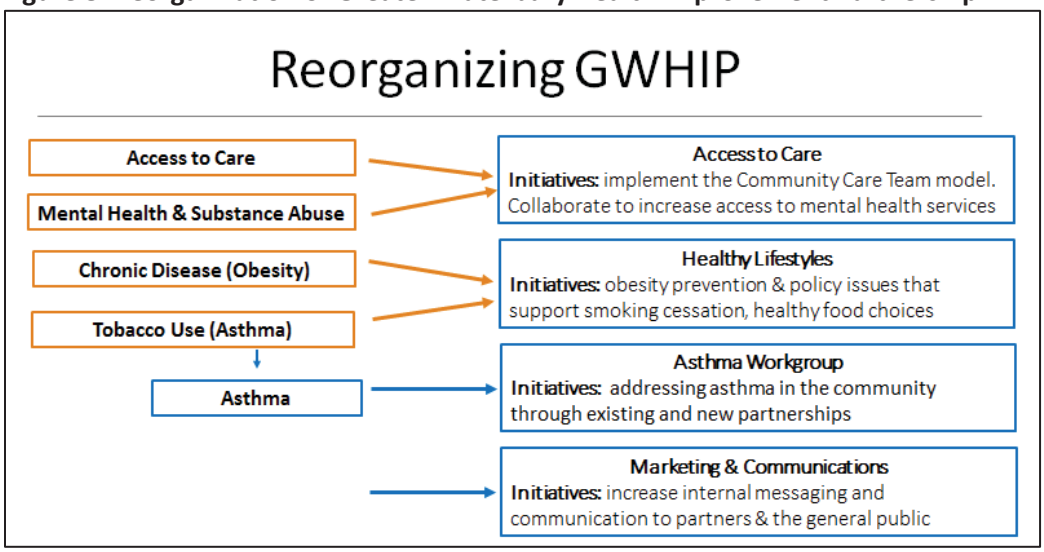
Executive leaders of the Connecticut Community Foundation, City of Waterbury Health Department, and Greater Waterbury Health Improvement Partnership facilitated the prioritization session. The meeting began with an abbreviated research overview, including the results of the primary and secondary research and key findings of the CHNA.

Following the research overview of the DataHaven Health and Wellbeing Data, meeting participants were provided with information regarding the prioritization process, criteria to consider moving forward with key areas of focus, and other aspects of health improvement planning. In a large-group format, attendees were asked to share openly what they perceived to be the needs and areas of opportunity in the community and how they would fit into the prioritization areas.

Identified Health Priorities

Attendees reviewed the findings from the voting and discussed cross-cutting approaches to further hone the priority areas. Ultimately, the following four priority areas for Waterbury were adopted in order to touch on several health initiatives:

Figure 8. Reorganization of Greater Waterbury Health Improvement Partnership



Strategies to Address Community Health Needs

Saint Mary's Hospital will develop an Implementation Strategy to illustrate the hospital's specific programs and resources that support ongoing efforts to address the identified community health priorities. This work will be completed by February 15, 2017 is supported by community-wide efforts and leadership from the executive team and board of directors.

Rationale for Community Health Needs Not Addressed

Saint Mary's Hospital plans to address all of the prioritized community health needs identified through the 2016 Community Health Needs Assessment and prioritized by community representatives.

6. ***Until such time as the Services Plan is submitted, TH-NE shall provide OCHA with notice of any reallocation of inpatient beds and relocation of outpatient services for the Hospital specific to those services that existed at the Hospital as of the Decision Date. Such notice shall be provided within ten (10) of any such reallocation or relocation and published on the website pages of Saint Mary's Hospital. OCHA is imposing this Condition to ensure continued access to health care services for patient population.***

   In accordance with Condition 6 of the Order, Trinity Health – New England, Inc. ("TH-NE") is notifying OCHA that there are no plans to reallocate inpatient beds or relocate any outpatient services for Saint Mary's Hospital at this time.

7. ***Within one hundred and eighty (180) days following the Closing Date and thereafter on the same semi-annual schedule as set forth in Condition 8 below until the capital commitment is satisfied TH-NE shall submit to OHCA a report on the capital investments ("Capital Investment Report") it has made in the Hospital and its affiliates from the minimum $100 million Commitment Amount. The Capital Investment Report shall include the following in a format to be agreed upon:***
   - ***A. A list of the of the capital expenditures that have been made in the prior one hundred and eighty (180) days with descriptions of each associated project; and***
   - ***B. An explanation of why each expenditure was made and a timeframe for the roll out of the associated capital project (including estimated beginning, ending, and startup/operation dates); and***
   - ***C. The funding source of the capital investment; indicate whether it was drawn from intercompany loans, operating revenue, capital contributions from THC or another source. If funding was drawn from another source, indicate the source.***

   The reports shall be signed by the Hospital's or TH-NE's Chief Financial Officer.

   See Attachment 1.

8. ***For three (3) years following the Closing Date, TH-NE shall file the following information with OHCA on a semi-annual basis for the Hospital and TH-NE:***

   a. The cost saving totals achieved in the following Operating Expense Categories for the Hospital and TH-NE: Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The

categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The semi-annual submission shall also contain narratives describing:

1. the major cost savings achieved for each expense category for the semi-annual period; and

Since August 1, 2016, the leaders within the functional areas at Saint Mary's Hospital have been working closely with Trinity Health and Trinity Health New England to identify and implement changes to realize cost savings opportunities. This process takes time to implement and we have not implemented any significant costs savings in the two month period ending September 30, 2016.

2. the effect of these cost savings on the clinical quality of care.

There has been no impact to clinical quality of care.

b. A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for the Hospital and TH-NE. The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/300 (balance sheets), 150/300 (statement of operations), or successor reports.

See Attachment 2.

9. ***For three (3) years following the Closing Date, TH-NE shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for TH-NE. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning November 30, 2016.***

   See Attachment 3 for financial indicators.

10. ***TH-NE shall ensure that the Hospital maintains and adheres to the Hospital's current policies regarding charity care, indigent care and community volunteer services after the Closing Date, or adopt other policies that are at least as generous and benevolent to the community as the Hospital's current policies, consistent with state and federal law. These policies shall be posted on the website pages of the Hospital and as additionally required by applicable law. OHCA is imposing this Condition to ensure continued access to health care services for the patient population.***

In accordance with Condition 10 of the Order, Trinity Health – New England, Inc. will ensure that Saint Mary's will maintain and adhere to all of their current policies regarding charity care, indigent care and community volunteer services. Currently, all policies are located on the Saint Mary's Hospital website (www.stmh.org).

Response to Item 9 of the Settlement and Order dated 8/1/2015
Annual Report for the Capital Investment Plan due 11/30/2016

Question 1

Provide a five-year post-closing capital investment plan detailing the proposed allocation of the $275 million capital investment commitment. The submitted plan shall account for the full $275 million commitment as stated in the proposal and include the following information:

a. A list of planned capital expenditures with detailed descriptions and associated estimated costs, and

Please refer to Attachment 1 for FY 2016 actual capital expenditures for the twelve month period ended September 30, 2016.

Attachment 2 includes the final approved capital budget (see column C) for Trinity Health –New England, Inc. (TH-NE) which has been approved by both Trinity Health's governing body as well as TH-NE's finance committee. The FY 2017 budget is for the period 7/1/2016-6/30/2017.

Attachment 2 has also been updated to reflect preliminary capital budget for FY 2018-2020. TH-NE, including Saint Francis Hospital and Medical Center, is in the process of developing their three to five year strategic plan. Future year's capital expenditures will be further defined and aligned with the outcome of the strategic planning process.

Since our last filing, Saint Mary's Hospital joined Trinity Health-New England. Attachment 2 has also been updated to reflect Saint Mary's FY 2017 routine and strategic capital budget. Furthermore, one critical investment necessary to effectively provide care to members of our community is to implement a single electronic health record across all of the hospitals and ambulatory providers. TH-NE will be investing in this technology at Saint Mary's and has allocated $20.5 million to this project.

b. A timeframe for the rollout of the capital projects, including estimated beginning, ending and start-up/operation dates.

See Attachment 3 for the FY 2017 individual capital projects greater than $500,000 that have been approved to proceed at Saint Francis. The remaining dollars relating to the capital budget will be allocated based upon current priorities and any critical needs that arise.

As the strategic plan is finalized and the more significant capital investments are identified, TH-NE will provide OHCA with an update for this stipulation. Trinity Health – New England, Inc. believes this approach will ensure the greatest accuracy as well as meet the intent of this stipulation.

Updated Capital Expenditure Summary 10/1/2015-9/30/2016

Entity	Service Line	Project Description	Budget	Actual Expenditures
Saint Francis Hospital and Medical Center	Facilities	Trinity Signage Branding	$ 627,000	$ -
Saint Francis Hospital and Medical Center	Facilities	Facilities Gen. - Renoc-Elect.Wholesalers Facility For Parking		$ 878,286

Enclosures

CON Docket No. 15-31979-CON- Transfer of ownership of Saint Francis Care, Inc. to Trinity Health Corporation

Response to Items #10 and #11 of the Settlement and Order dated 8/1/2015 for the Six Month Period Ended September 30, 2016

10. For three (3) years following the Closing Date, the Applicants shall file the following information with OHCA on a semi-annual basis for both the Hospital and its immediate parent (SFC or its successor legal entity) for purposes of this Order, semi-annual periods are October 1 - March 31 and April l - September 30. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31 and November 30, beginning May 31, 2016:

a) The cost saving totals achieved in the following Operating Expense Categories for both the Hospital and its immediate parent (SFC or its successor legal entity, SFCRHM): Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The information shall also contain narratives describing:

1. the major cost savings achieved for each expense category; and

Since October 1, 2015, the leaders within the functional areas at Saint Francis Hospital and Medical Center have been working closely with Trinity Health to identify and implement changes to realize cost savings opportunities. As previously reported, a significant benefit with annual ongoing savings for Saint Francis was the defeasance of Saint Francis' long term debt of approximately $246 million with proceeds from an intercompany loan. In addition, the Series F Fixed Pay SWAP was novated to Trinity Health on October 1, 2015. The result of this SWAP was an improvement in Saint Francis' net assets of $44 million. Furthermore, the transfer of this SWAP removes the financial risks associated with the change in interest rates and the impact on Saint Francis net assets. For example, in FY 2015, Saint Francis recorded a $14.8 million non-operating loss related to this interest rate SWAP. Interest expense savings for the twelve months ended September 30, 2016 was $2.5 million with $2.0 million being realized in the six month period ended September 30, 2016 due to an interest rate rebate from system office received in June 2016 for approximately $1.0 million.

Another significant change was the inclusion of Saint Francis into the Trinity Health insurance program. This was an overall decrease in annual premiums of approximately $1.3 million exclusive of one time tail coverage costs incurred as part of the transaction. The benefit related to this change was $621,000 for the six month period ended 9/30/2016.

Lastly, leveraging the Trinity Health actuarial expertise whose approach is to more closely align mortality assumptions with plan participant demographics in the Trinity Health pension plans, Saint Francis' projected benefit obligation was further evaluated. As a result, Saint Francis

recognized an annual benefit in pension expense of $4.2 million for the twelve month period ended September 30, 2016. For the period from April 1, 2016 to September 30, 2016, the realized benefit was $2.9 million.

Since the last report provide to OHCA on May 31st, Saint Francis transitioned to the Trinity Health Group Purchasing Organization, HPG. This has resulted in supply chain savings of approximately $713,000 for the period April 1, 2016 to September 30, 2016. In addition, Saint Francis received HPG rebates of approximately $214,000 in September 2016. In addition to the pricing benefits realized under the HPG agreement, the Supply Chain leadership has been identifying contracts at Saint Francis that can be shifted to Trinity contracts which will also result in incremental savings in FY 2017.

As Saint Francis benefits from Trinity Health's pricing arrangements with vendors, we have also realized $1.2 million in cost savings for capital information technology relating to Epic hardware in the twelve months ended September 30, 2016. Operating expense savings relating to information technology was $53,000 for the six month period ended September 30, 2016.

There were no cost savings specific to Trinity Health – New England, Inc. (formerly known as Saint Francis *Care*, Inc.) as there are no operating expenses currently within this entity.

Except where otherwise noted, these cost savings will continue to be realized in future years. Furthermore, we continue to identify cost saving opportunities with vendors and will report those cost savings when realized in future reporting periods. See **Attachment A** for expense savings by category.

2. the effect of these cost savings on the clinical quality of care.

There has been no negative impact to clinical quality of care as a result of these cost savings.

b) A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for the Hospital and its immediate parent (SFC or its successor legal entity, SFCRHM). The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/150, 300/350 or successor reports.

See **Attachment B.**

11) For three (3) years following the Closing Date, SFCRHM shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for SFCRHM. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016.

See **Attachment C** for Financial Indicators.

Enclosures

CON Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Response to Item #9 of the Settlement and Order dated 11/24/2015 for the Six Month Period Ended September 30, 2017

9. Within one hundred and fifty (150) days following the Closing Date and thereafter on an annual basis, the Applicants shall submit to OHCA its Capital Investment Plan specific to JMMC and JMH detailing the proposed allocation of the capital investment commitment over the three-year period post-closing. The submitted plans shall account for the full commitment as stated in this proposal and include the following in a format to be agreed upon:

> *a) A list of planned capital expenditures with detailed descriptions and associated estimated costs; and b) A timeframe for the roll out of the capital projects (including estimated beginning, ending and startup/operation dates); and c) Written reports updating OHCA on the implementation of the Capital Investment Plan in each Annual Report submitted under this Order. Such reports shall describe all activities and expenditures undertaken as part of the Capital Investment Plan, including but not limited to, a description of the capital project, the dates and amounts of withdrawals from the JMMC's operating account and/or any other sources of funding used to fulfill the capital commitment. The reports shall be signed by JMMC's Chief Financial Officer.*

Since the approval of the Certificate of Need, Johnson has been in the process of developing the capital budget for FY 2017 (July 1, 2016 through June 30, 2017).

For the period April 1, 2016 through September 30, 2016, Johnson incurred capital expenditures of $1.1 million (See **Attachment A**). As previously reported, Trinity Health – New England (formerly known as Saint Francis *Care,* Inc.*)* and Johnson accelerated the timing of the implementation of the Epic electronic medical record system. The total capital cost of this system implementation relating to Johnson was approximately $6.8 million, which was paid by Saint Francis Hospital and Medical Center and ultimately structured as a capital lease to Johnson. Annual capital lease payments from Johnson to Saint Francis Hospital and Medical Center total $960,000 annually for seven years, $480,000 for the six month period ended September 30, which has been included in the capital expenditure report attached.

The FY 2017-FY2020 preliminary capital budget for Johnson (see **Attachment B**) was developed as part of the Trinity Health-New England's capital and operating budget processes as well as the current strategic financial planning process for the fiscal years 2018-2020. While capital projects are inventoried and identified during the strategic planning process, the actual expenditure for FY 2017, 2018 and 2019 will likely be $1.5 million, $3.0 million and $3.0 million, respectively. Individual items on Johnson's capital request will be continuously evaluated as we are constantly assessing the strategic needs of the facilities.

Enclosures

CON Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Response to Items #10 and #11 of the Settlement and Order dated 11/24/2015 for the Six Month Period Ended September 30, 2016

10. For three (3) years following the Closing Date, the Applicants shall file the following information with OHCA on a semi-annual basis for both JMH and its immediate parent, JMMC. For purposes of this Order, semi-annual periods are October 1- March 31 and April 1 - September 30. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016:

a) The cost saving totals achieved in the following Operating Expense Categories for both JMH and its immediate parent, JMMC: Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The semi-annual submission shall also contain narratives describing:

1. the major cost savings achieved for each expense category; and

Since January 1, 2016, the leaders within the functional areas at Saint Francis Hospital and Medical Center have been working closely with Johnson to identify and implement changes to realize cost savings opportunities. As previously reported, one immediate benefit was the successful restructuring of Johnson's debt as of December 31, 2015 with an intercompany loan from Trinity Health – New England, Inc. In addition, Saint Francis Hospital and Medical Center forgave a loan due from Johnson in the amount of $2,350,000 upon the closing of the transaction. The restructured debt has resulted in a decrease of interest expense in the amount of $49,000 for the six month period ended September 30, 2016.

Another significant savings realized to date was the inclusion of Johnson into the Trinity Health insurance program. This produced an overall decrease in annual premiums for malpractice, workers compensation and other business policies of approximately $1.0 million with savings realized for the six month period ended September 30, 2016 of $496,000, exclusive of one time tail coverage costs incurred as part of the transaction.

There have been significant efforts to centralize support functions across Trinity Health-New England including Finance, Revenue Cycle, and Information Systems. This has resulted in reduction of costs at Johnson of $315,000 for the six months ended September 30, 2016.

In addition, Johnson has benefited from the utilization of regional Legal Services and Compliance and Audit departments. The decrease in legal and auditing costs associated with this transition were $258,000 for the six month period ended September 30, 2016.

In addition to the cost savings, Johnson has been able to leverage the expertise and resources at Saint Francis Hospital and Medical Center, Trinity Health-New England and Trinity Health in each of the areas identified above.

The above savings are offset by a regional allocation of $319,000 for the six month period included in other operating expenses in **Attachment A.**

Interest and insurance savings related to JMMC are included in the amounts described above. There are no additional cost savings within JMMC.

In addition to the synergies realized to date, Johnson is in the process of transitioning to the Trinity Total Rewards program for employee compensation and benefits. Johnson provided its employees with a 2% pay increase on September 1st. This was the first across the board, cost of living increase that Johnson has been able to give its employees since 2008. In addition, effective 1/1/2017, Johnson employees will be participating in Trinity Health's defined contribution plan which provides for a core employer contribution for all employees and matching contributions funded bi-weekly for those employees who make deferrals into the plan.

We continue to identify cost saving opportunities as we align our vendor contracts with Trinity Health system contracts. These cost savings will be reported when realized in future reporting periods. See **Attachment A** for expense savings by category.

2. the effect of these cost savings on the clinical quality of care.

There has been no negative impact to clinical quality of care as a result of these cost savings.

Since joining Trinity Health – New England, Johnson has received the Gold Seal 3-year Joint Commission Accreditation, and has experienced improvements in both patient experience and clinical quality. Areas of clinical quality improvement have been in decreased Sepsis rates, decreased readmission rates and notices of serious safety events were marginal.

Also, Johnson's average daily census during the months of September and October have been two of the higher months since prior to filing for bankruptcy.

b) A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for JMH and its immediate parent, JMMC. The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/150, 300/350 or successor reports.

See **Attachment B.**

11) For three (3) years following the Closing Date, SFCRHM shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for SFCRHM. The

required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016.

See **Attachment C** for Financial Indicators.

Subject: Compliance Follow up issues for TH-NE (DN:15-31979), Johnson (DN:15-32002) and ST Mary's (DN:15-32045)

Hi Claudio,

Below you will see some compliance follow up questions or issues for the Applicants to address.

Please note that this email is a follow up to your compliance submissions, for TH-NE (DN:15-31979), Johnson (DN:15-32002) and ST Mary's (DN:15-32045), on December 1, 2016 and that the separate issue related to the coordination of future filings due dates for the three Dockets will be discussed at a future time.

Please submit your responses via electronic mail by using the OHCA general email inbox which is OHCA@ct.gov. In addition, please continue to reference the CON docket number in the subject line of the email when transmitting.

You can contact me at (860) 418-7039 or Karen Roberts, Principal Health Analyst at (860) 418-7041, if you have any questions regarding this request.

Thanks,
Carmen

For Trinity Health-New England (TH-NE) (Docket#15-31979)

1. Condition#8 - Applicants provided the Hospital's Community Health Needs Assessment (CHNA) Implementation Strategy Plan. In reference to this plan, provide a narrative describing how the plan will address the community health needs listed on its CHNA.

2. Condition#14 - Applicants provided a written report that describes the culturally and linguistically appropriate services that are currently in place at the Hospital. In reference to this report, indicate how the Hospital utilized the standards published by the U.S. Department of Health and Human Services' Office of Minority Health as guidance for the development of the report.

For Johnson Memorial (Docket#15-32002)

3. Condition#8 - Provide Johnson Memorial's CHNA Implementation Strategy Plan and a narrative describing how the plan will address the community health needs listed on its CHNA. If not available, indicate when it will be available.

4. Condition#10 - Explain the zero amounts submitted as part of the Balance Sheet and Statement of Operations for the 1/1/16 to 9/30/16 period and resubmit the documents to include the missing data.

5. Condition#14 - Applicants did not provide a written report describing activities meeting culturally and linguistically appropriate services at the Johnson Memorial Hospital. Provide the missing report and indicate how the standards published by the U.S. Department of Health and Human Services' Office of Minority Health were used as guidance for the development of the report.

For Saint Mary's Hospital (Docket#15-32045)

6. Condition#4 - Elaborate on how Saint Mary's Hospital utilized the Healthy Connecticut State Health Improvement Plan data and priorities, as well as any applicable community health improvement plan issued by local health departments in the service area, as the starting point for the development of the Hospital's CHNA.

7. Condition#14 - Provide the status of the Community Representative selected to serve as a voting member of the Hospital's Board of Directors. Provide a narrative describing the selection process.

For Trinity Health-New England (TH-NE) (Docket#15-31979)

1. **Condition#8 - Applicants provided the Hospital's Community Health Needs Assessment (CHNA) Implementation Strategy Plan. In reference to this plan, provide a narrative describing how the plan will address the community health needs listed on its CHNA.**

   The CHNA conducted in 2016 identified 5 significant health needs within the Greater Hartford community. Those needs were then prioritized based on a Community Conversation Meeting that took place on September 13, 2016. The 5 significant health needs identified in the Community Conversation Meeting included: Community Safety & Violence, Housing Insecurity, Family & Social Support, Employment & Poverty, Access to Care.

   In addition to findings from the Community Conversations, the quantitative CHNA data identified other areas of need within the Hartford community and beyond. High rates of obesity, diabetes and heart disease are of concern for both residents and health professionals; tobacco use rates in Hartford are higher than national averages and are similar in adult and youth populations; concerns about access to healthcare are particularly acute for those in need of behavioral health services. And finally for the city of Hartford in particular the issues of unstable housing; violence; employment and education were all identified as significant needs.

   - **See Attachment 1** for the Implementation Strategy for Saint Francis Hospital and Medical Center
   - **See Attachment 2** for the Implementation Strategy for Mount Sinai Rehabilitation Hospital

2. **Condition#14 - Applicants provided a written report that describes the culturally and linguistically appropriate services that are currently in place at the Hospital. In reference to this report, indicate how the Hospital utilized the standards published by the U.S. Department of Health and Human Services' Office of Minority Health as guidance for the development of the report.**

   The Curtis D. Robinson Center for Health Equity was given the work of developing a comprehensive Language Services Program. In the last two years, phase I of the program has successfully been implemented around Saint Francis Medical Center, the Mount Sinai campus and our various off-site locations. The services include language

interpretation and translation of documents to assist patients who are deaf or hard of hearing, have a speech disability or have limited English skills. These resources are referred to as the 3 +1 Options and include telephone-based interpreting, video remote interpreting (VRI-MARTTI), in-person interpreting/ ASL or CDI and written translation of vital and non-vital documents. Each department on both campuses is equipped with dual handset phones for telephonic interpretation and there are 40 Video Remote Interpreter (VRI) - Martti carts on site on both campuses that are readily used by staff for patients and their companions. Off-site St. Francis Care physicians and non-St. Francis Care physician offices and affiliates who are on site also have access to language resources.

In addition to the already established Language Services Program, phase II of the program, the Qualified Medical Interpreter training, began shortly after. The training entails identifying qualified bi-lingual/multilingual staff to become Qualified Medical Interpreters. Thus far, there have been 4 cohorts to complete this training and a total of 30 staff members to successfully complete and pass the course. To partake in this training, each staff had to successfully pass the language proficiency assessment administered by Interpreters and Translators, Inc., (iTi), and complete the 40 hour in person training offered once a week for 5 weeks on-site at the Center for Health Equity. The training includes content such as the foundation of the profession of community interpreting, the code of ethics and standards of practice, culture and mediation and guides interpreters on how to intervene when a communication barrier arrives.

Most recently, based on OCR's Section 1557, all language service notices and signage were updated to include the top 15 Non-English Spoken languages indicating to all patients that language resources were available to them at no cost. As for the current state of the program, there are on-going in-person educational trainings for all medical staff, volunteers, learners and contractors. A newly revised annual health stream training for all current employees and new employees is available and there has been an update and enhancement of Martti software and distribution system. The medical interpreter training for qualified staff will continue as well bi-annually.

For Johnson Memorial (Docket#15-32002)

3. **Condition#8 - Provide Johnson Memorial's CHNA Implementation Strategy Plan and a narrative describing how the plan will address the community health needs listed on its CHNA. If not available, indicate when it will be available.**

The CHNA conducted in 2016 identified significant health needs within the JMH community. Those needs were then prioritized based on a Community Conversation and focus groups with key stakeholders held during 2016. Significant health needs identified, in order of priority include: Healthy Behavior Change Diet & Exercise, Substance Abuse & Tobacco Use, Access to health care, and Poverty & Employment.

- **See Attachment 3** for the Implementation Strategy for Johnson Memorial

4. **<u>Condition#10</u> - Explain the zero amounts submitted as part of the Balance Sheet and Statement of Operations for the 1/1/16 to 9/30/16 period and resubmit the documents to include the missing data.**

   Please reference the response for the above condition in the email submission from Mary Lou Rosadini on February 13, 2017.

5. **<u>Condition#14</u> - Applicants did not provide a written report describing activities meeting culturally and linguistically appropriate services at the Johnson Memorial Hospital. Provide the missing report and indicate how the standards published by the U.S. Department of Health and Human Services' Office of Minority Health were used as guidance for the development of the report.**

   Johnson Memorial Hospital has adopted the work done at Saint Francis Hospital and Medical Center as it relates to linguistically appropriate services. The Curtis D. Robinson Center for Health Equity was given the work of developing a comprehensive Language Services Program. In the last two years, Phase I of the program has successfully been implemented at Johnson Memorial Hospital and its off-site locations. The services include language interpretation and translation of documents to assist patients who are deaf or hard of hearing, have a speech disability or have limited English skills. These resources are referred to as the 3 +1 Options and include telephone-based interpreting, video remote interpreting (VRI-MARTTI), in-person interpreting/ ASL or CDI and written translation of vital and non-vital documents. Each department on both campuses is equipped with dual handset phones for telephonic interpretation and there are 40 Video Remote Interpreter (VRI) - Martti carts on site on both campuses that are readily used by staff for patients and their companions. Off-site Johnson Memorial Hospital physicians and non- Johnson Memorial Hospital physician offices and affiliates who are on site also have access to language resources.

   Most recently, based on OCR's Section 1557, all language service notices and signage were updated to include the top 15 Non-English Spoken languages indicating to all

patients that language resources were available to them at no cost. As for the current state of the program, there are on-going in-person educational trainings for all medical staff, volunteers, learners and contractors. A newly revised annual health stream training for all current employees and new employees is available and there has been an update and enhancement of Martti software and distribution system. The medical interpreter training for qualified staff will continue as well bi-annually. There is an annual review of language access needs of the patient population served by Johnson Memorial Hospital.

For Saint Mary's Hospital (Docket#15-32045)

6. **Condition#4 - Elaborate on how Saint Mary's Hospital utilized the Healthy Connecticut State Health Improvement Plan data and priorities, as well as any applicable community health improvement plan issued by local health departments in the service area, as the starting point for the development of the Hospital's CHNA.**

   In collaboration with the Greater Waterbury Health Improvement Partnership (GWHIP), Saint Mary's Hospital along with five additional organizations, including the City of Waterbury Health Department utilized the Healthy Connecticut State Health Improvement Plan (2014). The data and priorities within the Healthy Connecticut State Health Improvement Plan were observed and the roadmap to complete the stated initiatives were noted throughout the community-wide coalition. In addition, the Greater Waterbury Health Improvement Partnership used the data to ensure that the service areas that are included within the 2016 Community Health Needs Assessment will benefit and see successful results in advancing Connecticut's population health. With the seven focus areas that were touched on in the Healthy Connecticut State Health Improvement Plan, the Greater Waterbury Health Improvement Partnership plans to address the following five which all fall into the addressed priorities of the state including: Access to Care, Mental Health/Substance Abuse, Chronic Disease, Tobacco Use and Asthma, and Health Communications. It should be noted that Saint Mary's Hospital 2016 Community Health Needs Assessment Implementation Plan was filed publicly on Wednesday, February 15, 2017 and shows the direct alignment with the Healthy Connecticut State Health Improvement Plan.

   - **See Attachment 4** for the Saint Mary's Hospital 2016 Community Health Needs Assessment Implementation Plan

7. **<u>Condition#14</u> - Provide the status of the Community Representative selected to serve as a voting member of the Hospital's Board of Directors. Provide a narrative describing the selection process.**

   As required in the Agreed Settlement, the Saint Mary's Hospital Board Chair, and the President, consulted Waterbury Mayor Neil O'Leary in August 2016 regarding the appointment of a community representative to serve as a voting member of the Saint Mary's Hospital Board. The Mayor recommended Attorney Linda Wihbey, Corporation Counsel for the City of Waterbury, as a person who will effectively and without bias, consider matters affecting quality and safety, and the health needs of the local community. Attorney Whibey's appointment was approved by the Saint Mary's and the Trinity Health-New England boards in September 2016.

ATTACHMENT 1

Saint Francis Hospital and Medical Center
Community Health Needs Assessment Implementation Strategy
2016 - 2019

Saint Francis Hospital and Medical Center (SFHMC) completed a comprehensive Community Health Needs Assessment (CHNA) that was adopted by the Board of Directors on June 22, 2016. SFHMC performed the CHNA in adherence with certain federal requirements for not-for-profit hospitals set forth in the Affordable Care Act and by the Internal Revenue Service. The assessment took into account input from community members, and various community organizations.

The complete CHNA report is available electronically at http://www.saintfranciscare.com/About_Us/Hospital_Publications.aspx or printed copies are available by emailing: plarivie@stfranciscare.org

Hospital Information and Mission Statement

MISSION
We, Trinity Health, serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities.

CORE VALUES

- **Reverence:**
  We honor the sacredness and dignity of every person.
- **Commitment to Those who are Poor:**
  We stand with and serve those who are poor, especially those most vulnerable.
- **Justice:**
  We foster right relationships to promote the common well, including sustainability of Earth.
- **Stewardship:**
  We honor our heritage and hold ourselves accountable for the human, financial and natural resources entrusted to our care.
- **Integrity:**
  We are faithful to who we say we are.

Saint Francis Hospital and Medical Center's service area comprises urban, suburban, and rural communities that together form a rich mixture of highly diverse races and ethnicities, and a wide range of socioeconomic categories.

Its primary service area includes 25 towns and corresponds largely with the greater Hartford region. The Hospital's secondary service area includes 28 towns largely to the west and south of the primary service area. These towns are more rural, and their needs are very different than those of the city of Hartford, which has more than three times as many patients discharged from Saint Francis than any other municipality.

A comparison of population density, household income, and median age reveal that these communities are anything but uniform, and the resources for addressing concerns and needs of their residents differ as well. Yet, many of the health issues they face are similar; obesity, diabetes, heart disease, and behavioral health were all mentioned by the leaders of health districts who serve these towns.

Hartford's population of 125,000 is composed of all races and myriad ethnicities. Some 44 percent of its citizens are Hispanic/Latino and 35 percent Black/African American, with subgroups that include refugees and immigrants

from Africa, Eastern Europe, the Middle East, Asia, South America, and the West Indies. Additionally, 22 percent of the total population in Hartford is foreign born, bringing a tremendous diversity to the city.

The city is proportionately younger than the rest of the state as well as the country; over 25 percent of its residents are under age 17 and only 9 percent are over age 65, compared to 22 percent and 15 percent respectively for the state as a whole. This affects age-related health issues, such as some forms of cancer, violence, and accidental injury.

Hartford is a city of vibrant neighborhoods – 17 distinct neighborhoods, to be exact – with a variety of housing stock ranging from high-rise downtown luxury apartments and condos to historic houses to single-family homes and a variety of rental options. The city's many neighborhoods are supported by a roster of community organizations that focus on issues, such as economic development, housing, and assimilation of new immigrants, education, and historic preservation.

Health Needs of the Community

The CHNA conducted in 2016 identified 5 significant health needs within the Greater Hartford community. Those needs were then prioritized based on a Community Conversation Meeting that took place on September 13th. The 5 significant health needs identified in the Community Conversation Meeting included:

Community Safety & Violence	• Ranked as the highest priority at the Community Conversation Meeting • 54% of Hartford residents said it was not safe to walk in their neighborhood
Housing Insecurity	• Home ownership is only 26% in Hartford • 32% of renters are subsidized
Family & Social Support	• 59% of residents said they "do not trust neighbors" • Limited support for positive health behaviors
Employment & Poverty	• Only 59% of Hartford residents are regularly employed • 79% of Hartford household are below adequate income levels
Access to Care	• 50% of residents are worried about the cost of care • 23% of residents don't have a regular doctor

In addition to findings from the Community Conversation, the quantitative CHNA data identified other areas of need within the Hartford community and beyond. High rates of obesity, diabetes and heart disease are of concern for both residents and health professionals; tobacco use rates in Hartford are higher than national averages and are similar in adult and youth populations; concerns about access to healthcare are particularly acute for those in need of behavioral health services. And finally for the city of Hartford in particular the issues of unstable housing; violence; employment and education were all identified as significant needs.

Hospital Implementation Strategy

Saint Francis Hospital and Medical Center's resources, mission, goals, strategic priorities and the significant health needs identified through the most recent CHNA process were all considered during the development of the hospital's Implementation Strategy. The Hospital's Well Being 360 (WB360) project, which was selected to be part of Trinity Health's national Transforming Communities Initiative, combines resources from the hospital, community groups, state and local government departments, and national resources to create a collaborative approach to improving the health of the community.

The WB360 project will address identified health needs by:

- Engaging in an **anchor institution** approach designed to impact high-need neighborhoods in Hartford's North End by addressing social determinants of health.

- Encouraging health behavior change through the support of evidence-based programs in the areas of **diet, exercise** and support for changes in **tobacco policy.**

- Testing a model of clinical care that integrates the healthcare delivery system with social support programs, with a specific focus on **behavioral health.**

- Transforming the physical environment through support of local partner agencies working to improve **housing, neighborhood safety** and opportunities for **physical activity.**

Transforming Communities - Well Being 360
The Implementation Strategy to be executed by SFHMC is called the Well Being 360 and includes an investment from the hospital as well as leveraged resources from the Trinity Health system and community partnering agencies. The work will include the development of a coalition with the goal of bringing all of the varied resources to the table for collective impact approaches to address the social determinants of health that are so significant in the city's poorest neighborhoods. The work will involve community investments based on a set of principles agreed upon by the WB360 Steering Committee. Well Being 360 investments will be made based on:

1. Alignment with CHNA identified needs and health system priorities;
2. Strong evidence of effectiveness in achieving targeted outcomes;
3. Capacity to implement solutions and build coalition with community partners and residents;
4. Value of the investment (impact per dollar invested) in achieving short-term and longer-term outcomes; and
5. Sustainability of solution after initial investment.

Significant Health Needs That Will Not be Addressed:
SFHMC acknowledges the wide range of priority health issues that emerged from the CHNA process, and determined that it could effectively focus on only those health needs which it deemed most pressing, under-addressed, and within its ability to influence. SFHMC will not take action on the following health needs:

- Housing Insecurity
  The Partnership for Stronger Communities has done significant work in the area of homelessness prevention and is taking the lead on this community health issue. We will collaborate with them on this work but expect to serve in a supportive role.

- Employment and Poverty:
  The health collaborative being developed by our partner Community Solutions in the North End of Hartford will serve as the leader for this work.

- Sexual Activity:
  The City of Hartford has a strong program in this area and this issue was rated as a low priority in our Community Conversation.

- Air and Water Quality:
  Although these were mentioned by community members as a concern, the City of Harford and its partner agencies are focused on this work.

This implementation strategy specifies community health needs that the Hospital has determined to meet in whole or in part and that are consistent with its mission. The Hospital reserves the right to amend this implementation strategy as circumstances warrant. For example, certain needs may become more pronounced and require enhancements to the described strategic initiatives. During the three years ending in September of 2019, other organizations in the community may decide to address certain needs, indicating that the Hospital then should refocus its limited resources to best serve the community.

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 - 2019			
HOSPITAL FACILITY:	SFHMC		
CHNA SIGNIFICANT HEALTH NEED:	Community Safety and Violence		
CHNA REFERENCE PAGE:	P. 23	**PRIORITIZATION #:** 1	
BRIEF DESCRIPTION OF NEED: Excessive violence, concerns for safety in neighborhoods, and lack of opportunities for diversion.			
GOAL: Create partnerships with four local organizations to increase diversionary options for youth and improve the physical environment to promote safety.			
OBJECTIVE: Work with local community agencies and develop a work group on violence prevention.			
ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED: 1. Develop a coalition work group focused on violence prevention. 2. Provide monetary support to community agencies. 3. Identify best practices for small cities.			
ANTICIPATED IMPACT OF THESE ACTIONS: 1. Stronger collaborative relationships. 2. Strengthened community agencies focused on violence prevention. 3. By next survey, increased feelings of safety.			
PLAN TO EVALUATE THE IMPACT: DataHaven Survey – Comparison of 2019 and 2016. Community Conversations			
PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT: Coalition Leadership Monetary Support of Partners.			
COLLABORATIVE PARTNERS: Hartford Communities That Care Community Solutions Peace Builders			

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 - 2019			
HOSPITAL FACILITY:	SFHMC		
CHNA SIGNIFICANT HEALTH NEED:	Family and Social Support (Healthy Behaviors - Diet & Exercise)		
CHNA REFERENCE PAGE:	20	**PRIORITIZATION #:** 2a	

BRIEF DESCRIPTION OF NEED:

High rates of Obesity, Diabetes and Heart Disease are impacted significantly by behaviors. In Hartford, the Obesity rate is 33% and those impacted by diabetes in a survey completed by the CDRCHE included 68% of participants.

GOAL:
Provide easily accessible programs that focus on healthy eating and active living behaviors that result in positive health changes.

OBJECTIVE:
Engage 120 participants in the first year of the programs and establish and on-going, sustainable process for providing the programs to those residents with the highest need.

Collaborate with the Complete Streets Committee to move forward on changes to the environment that encourage physical activity.

ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED:
Identify appropriate partners to provide the programs in community settings.
Develop a referral system to identify high need patients and provide high quality actionable referrals.
Invest in programs to they can be provide free of charge to patients and residents in need of these support services.

ANTICIPATED IMPACT OF THESE ACTIONS:
Better relationships with program participants.
Increase knowledge and healthy behaviors for those who complete the programs.
Improved long term health outcomes.

PLAN TO EVALUATE THE IMPACT:
Pre and post-test screening of knowledge and behavior.
Development of Patient Advisory Board to support on-going engagement.
In year 3 - Review of health records for up to 10% of program participants.

PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT:
Well Being 360 Investment
In-Kind support for data collection and program evaluation.

COLLABORATIVE PARTNERS:
YMCA - Diabetes Prevention Program
Live Well – Diabetes Prevention Program
Cooking Matters – Food Access and Budgeting Program
City of Hartford Complete Streets Committee

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 - 2019			
HOSPITAL FACILITY:	SFHMC		
CHNA SIGNIFICANT HEALTH NEED:	Family and Social Support (Resources for Tobacco Use)		
CHNA REFERENCE PAGE:	21	**PRIORITIZATION** #: 2b	
BRIEF DESCRIPTION OF NEED: Tobacco Use in Connecticut is at 16%, well above the Healthy People 2020 goal of 12%. Rates among Connecticut youth are similar to adults, which highlight an opportunity to have an impact on health outcomes.			
GOAL: Make changes to tobacco policy at the state and local level to support tobacco cessation. Focus on youth smoking rates			
OBJECTIVE: Collaborate with a statewide coalition to encourage tobacco use cessation. Develop relationships with clinical leaders to improve tobacco screening and referral.			
ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED: Identify local resources for patients and others to access. Engage youth and others in messaging about tobacco cessation.			
ANTICIPATED IMPACT OF THESE ACTIONS: Change in legislation that makes it harder to market e-cigarettes. Improved messaging on campus about the prohibition of tobacco products of all kinds including e-cigarettes. Decreased uptake of smoking among young adults.			
PLAN TO EVALUATE THE IMPACT: Review legislative accomplishments for the past 12 months. Identify signage changes regarding tobacco free campus. Examine rates of smoking in young adults.			
PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT: Well Being 360 Investment Changes in campus wide signage			
COLLABORATIVE PARTNERS: MATCH Coalition Regional Health Ministry Sites: Johnson Memorial; Mount Sinai; Saint Mary's; Mercy Medical Center			

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 - 2019			
HOSPITAL FACILITY:	SFHMC		
CHNA SIGNIFICANT HEALTH NEED:	Access to Healthcare (Focus on Behavioral Health)		
CHNA REFERENCE PAGE:	23	**PRIORITIZATION #:** 3	
BRIEF DESCRIPTION OF NEED: Access to behavioral health services is limited for patients on Medicaid and over 40 of survey respondents said they feel down sometimes or often. According to the report, My Brothers Keeper 06120, trauma and behavioral health impact academic performance; criminal behavior; ability to develop trusting relationships; employment and drug use.			
GOAL: Develop and pilot an electronic referral system embedded in the EMR that enables providers to make referrals and monitor follow through.			
OBJECTIVE: Enroll 300 patients in the program and monitor the delivery of support services to those referred.			
ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED: Partner with community agency to develop the project. Collaborate with home care agencies who provide in home clinical and social support services. Monitor outcomes of the project to determine feasibility of large scale implementation.			
ANTICIPATED IMPACT OF THESE ACTIONS: Improved satisfaction for patients enrolled in the project. Decreased need for urgent care services. Increased stability in patient's lives.			
PLAN TO EVALUATE THE IMPACT: Survey of patient satisfaction. Monitor use of ED services. Interview sample of patients about quality of life changes.			
PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT: Coordination of project activities in safety net clinics. Collaboration with partner agencies in meetings; problem solving and monitoring of program outcomes. Support for grant funding applications.			
COLLABORATIVE PARTNERS: Community Solutions Ambulatory Care Clinic Home Care Agency (yet to be identified) Intercommunity; Wheeler Clinic			

Adoption of Implementation Strategy

On 1-20-17 the Mission Committee of the Board of Directors for Saint Francis Hospital & Medical Center met to discuss the 2016-2019 Implementation Strategy for addressing the community health needs identified in the 2016 Community Health Needs Assessment. Upon review, the Mission Committee recommends approval by the full Board of Directors at their next meeting of this Implementation Strategy and the related budget.

Mount Sinai Rehabilitation Hospital
Community Health Needs Assessment Implementation Strategy
2016 - 2019

Mount Sinai Hospital (MSRH) completed a comprehensive Community Health Needs Assessment (CHNA) that was adopted by the Board of Directors on September 30, 2016. SFHMC performed the CHNA in adherence with certain federal requirements for not-for-profit hospitals set forth in the Affordable Care Act and by the Internal Revenue Service. The assessment took into account input from community members, and various community organizations.

The complete CHNA report is available electronically at http://www.saintfranciscare.com/About_Us/Hospital_Publications.aspx or printed copies are available by emailing: plarivie@stfranciscare.org

Hospital Information and Mission Statement

MISSION
We, Trinity Health, serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities.

CORE VALUES

- **Reverence**:
  We honor the sacredness and dignity of every person.

- **Commitment to Those who are Poor:**
  We stand with and serve those who are poor, especially those most vulnerable.

- **Justice:**
  We foster right relationships to promote the common well, including sustainability of Earth.

- **Stewardship:**
  We honor our heritage and hold ourselves accountable for the human, financial and natural resources entrusted to our care.

- **Integrity:**
  We are faithful to who we say we are.

Mount Sinai Rehabilitation Hospital's service area comprises urban, suburban, and rural communities that together form a rich mixture of highly diverse races and ethnicities, and a wide range of socioeconomic categories. Most patients seen have disabilities; spinal cord injuries; brain injuries; and complications due to stroke. Stroke is the most common reason for hospitalization and risk factors include diabetes, obesity and smoking; all of which were identified in the CHNA as priorities. Additionally, patients with Multiple Sclerosis and other neurological diseases are frequently served by Mount Sinai Rehabilitation Hospital. Trauma due to gunshots, violence, motor vehicle accidents and other accidents are also common; as are amputees who suffer with diabetes. Mount Sinai serves to treat the consequences of these conditions with primary treatment and engages in secondary prevention through education, community outreach and programs to reduce incidence.

Mount Sinai serves the entire State of Connecticut. Its primary service area includes 25 towns and corresponds largely with the greater Hartford region. The Hospital's secondary service area includes 28 towns largely to the west and south of the primary service area.

Hartford's population of 125,000 is composed of all races and myriad ethnicities. Some 44 percent of its citizens are Hispanic/Latino and 35 percent Black/African American, with subgroups that include refugees and immigrants from Africa, Eastern Europe, the Middle East, Asia, South America, and the West Indies. Additionally, 22 percent of the total population in Hartford is foreign born, bringing a tremendous diversity to the city. The city is proportionately younger than the rest of the state as well as the country; over 25 percent of its residents are under age 17 and only 9 percent are over age 65, compared to 22 percent and 15 percent respectively for the state as a whole. This affects age-related health issues, such as some forms of cancer, violence, and accidental injury. The MSRH has a special focus on veterans and on neurological illnesses especially multiple sclerosis

Health Needs of the Community

The CHNA conducted in 2016 identified 5 significant health needs within the Greater Hartford community. Those needs were then prioritized based on a Community Conversation Meeting that took place on September 13th. The 5 significant health needs identified in the Community Conversation Meeting included:

Community Safety & Violence	• Ranked as the highest priority at the Community Conversation Meeting • 54% of Hartford residents said it was not safe to walk in their neighborhood
Housing Insecurity	• Home ownership is only 26% in Hartford • 32% of renters are subsidized
Family & Social Support	• 59% of residents said they "do not trust neighbors" • Limited support for positive health behaviors
Employment & Poverty	• Only 59% of Hartford residents are regularly employed • 79% of Hartford household are below adequate income levels
Access to Care	• 50% of residents are worried about the cost of care • 23% of residents don't have a regular doctor

In addition to findings from the Community Conversation, the quantitative CHNA data identified other areas of need within the Hartford community and beyond. High rates of obesity, diabetes and heart disease are of concern for both residents and health professionals; tobacco use rates in Hartford are higher than national averages and are similar in adult and youth populations; concerns about access to healthcare are particularly acute for those in need of behavioral health services.

Hospital Implementation Strategy

Mount Sinai Rehabilitation Hospital's resources, mission, goals, strategic priorities and the significant health needs identified through the most recent CHNA process were all considered during the development of the hospital's Implementation Strategy.

The health priorities for the Mount Sinai Rehabilitation Hospital and the Mandell Center for Comprehensive Multiple Sclerosis Care include:

1. Access to comprehensive rehabilitation facilities (focus on Veterans)
2. Patient frustration with disjointed rehabilitation care
3. Lack of coordinated and comprehensive care for MS patients
4. Increased need for research to better understand MS treatment options

The Physical Medicine and Rehabilitation (PM&R) Service Line at Mount Sinai Rehabilitation Hospital strives to facilitate and enhance individual recovery, function, and optimal performance with an emphasis on those populations with impairments that either place them at risk or result in temporary and/or permanent disability.

It serves as a regional and national leader in the delivery of coordinated rehabilitation services providing;

2015

- Neurology
  - Neurologist 4 days/wk
  - PA Full time
  - Recruiting second neurologist
- Physiatry
- Urology
  - Urologist 1.5 days/wk
  - Urodynamics RN
  - Ultrasound tech
- Infusion Center
  - Infusion Nurse Full time
  - Per diem Infusion Nurses-2
  - Medical Assistant
- Case Management
- Skilled Therapy:
  - PT (3), OT (2), ST (1) –dedicated MS team
- Neuropsychology
- New Services
  - Pharmacy
  - Integrative Medicine(yoga, accupuncture)

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 – 2019			
HOSPITAL FACILITY:	Mount Sinai Rehabilitation Hospital		
CHNA SIGNIFICANT HEALTH NEED:	Access to Rehabilitation Healthcare Services (focus on veterans)		
CHNA REFERENCE PAGE:	22	**PRIORITIZATION #:** 1	

BRIEF DESCRIPTION OF NEED:
Veterans are in need of support programs focusing on their unique set of needs.

GOAL:
Improve the resources, and increase the quality of the programs available for Veterans

OBJECTIVE:
Enhance the relationship with the Veterans Administration to provide high quality accessible rehabilitation services across the state to veterans in need of support.

ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED:
- Increase staff appropriately
- Establish referral coordinator program to facilitate proper patient transitions to MSRH
- Create educational/training programs

ANTICIPATED IMPACT OF THESE ACTIONS:
- Improve access of programs for Veterans
- Broaden array of resources
- Increase participation of Veterans in support programs

PLAN TO EVALUATE THE IMPACT:
- Patient Satisfaction Survey Responses
- Conversations with Veterans Administration Leadership
- Number of veterans participating in programs

PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT:
- Staffing for Outreach to the Veteran population
- Leadership participation at board level or committees with a focus on Healthcare for Veterans
- Amputee Informational series
- Health & Fitness Initiatives through Outpatient Services
- Community Outreach Programs including: Adaptive Rowing; Golfers in Motion; and others.

COLLABORATIVE PARTNERS:
1. Quinnipiac University
2. Department of Veterans Affairs

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 – 2019			
HOSPITAL FACILITY:	Mount Sinai Rehabilitation Hospital		
CHNA SIGNIFICANT HEALTH NEED:	Access to Rehabilitative Services (continuity of rehabilitation services)		
CHNA REFERENCE PAGE:	22	**PRIORITIZATION #:** 2	

BRIEF DESCRIPTION OF NEED:
Provide comprehensive rehabilitation services to those who suffer from brain injury, stroke, heart disease and other chronic illness.

GOAL:
Enhance efficiency in recovery, community reintegration and secondary prevention.

OBJECTIVE:
Improve long-term functional and health status and improve the likelihood of independent living and a high quality of life

ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED:
- Education and Training for rehabilitation professionals, patients, and the community
- Research and clinical innovation to advance in the field of rehabilitation medicine
- Advocacy in partnerships to ensure the needs of those with disabilities are recognized, understood, and addressed by policy makers

ANTICIPATED IMPACT OF THESE ACTIONS:
- Reduce the likelihood of complications, relapse, and/or re-hospitalizations
- Halt or slow the progression of primary and secondary disabilities (maintain functioning and prevent further deterioration)

PLAN TO EVALUATE THE IMPACT:
- Monitor discharge, transfers and readmissions rates
- Report on capability to manage patient population
- Outline set of added services

PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT:
- Powerful Tools For Caregivers
- Integrative Medicine- Acupuncture, massage on campus
- Monthly Stroke Survivors Support Group
- Spinal Cord injury Informational Series
- Community Outreach Programs including: Adaptive Rowing; Golfers in Motion and others

COLLABORATIVE PARTNERS:
- Acute Care Hospitals and Trauma Centers across the state
- Emergency Department staff
- CT State Department of Public Health
- Stoke Center at SFHMC

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 - 2019			
HOSPITAL FACILITY:	Mount Sinai Rehabilitation Hospital		
CHNA SIGNIFICANT HEALTH NEED:	Access to Healthcare (rehabilitation services for patients with MS)		
CHNA REFERENCE PAGE:	22	**PRIORITIZATION #:** 3 & 4	

BRIEF DESCRIPTION OF NEED:
Provide comprehensive interdisciplinary care for those with Multiple Sclerosis to achieve optimal outcomes.

GOAL:
Become Center of Excellence for MS. Provide high quality state of the art care to those suffering from Multiple Sclerosis. Expand community access for our Center of Excellence for MS.

OBJECTIVE:
- Expand services area reach beyond current primary service area.
- Increase partners in order to address disjointed care
- Advocate at the payor and legislative level regarding access to services

ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED:
- Enhance the coordination of MS Care
- Improve research portfolio and numbers of patients involved in trials
- Integrate State of the art technologies to enhance clinical outcomes

ANTICIPATED IMPACT OF THESE ACTIONS:
- Value driven rehabilitation care across the continuum
- Work with partners to ensure the needs of those with MS are addressed by policymakers

PLAN TO EVALUATE THE IMPACT:
- Measure the development of innovative interdisciplinary care programs
- Increase in portfolio of new technology, trials and robotics (hyperbaric chamber treatment)
- Improved research infrastructure

PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT:
- C.A.R.P. Community Adaptive Rowing Program
- Golfers in Motion and other Physical Therapy Programs
- Men's MS Support Group
- Patient Led Support Group for individuals with MS
- MS International Symposium Patient Day (Education, Resources, support for individuals with MS, families & clinicians)
- MS center facilitated Education Seminars for Patients with MS/families related to DMT options

COLLABORATIVE PARTNERS:
1. Multiple Sclerosis Society
2. Research Support
3 Mandell Family Foundation

Adoption of Implementation Strategy

On 1-24-17 the Mission Committee of the Board of Directors for Mount Sinai Rehabilitation Hospital met to discuss the 2016-2019 Implementation Strategy for addressing the community health needs identified in the 2016 Community Health Needs Assessment Upon review, the Mission Committee recommends approval by the full Board of Directors at their next meeting of this this Implementation Strategy and the related budget

Trinity Health – New England
Johnson Memorial Hospital
Community Health Needs Assessment Implementation Strategy
Fiscal years 2016-2019

Johnson Memorial Hospital (JMH) completed a comprehensive Community Health Needs Assessment (CHNA) that was adopted by the Board of Directors on 2-7-17. JMH performed the CHNA in adherence with certain federal requirements for not-for-profit hospitals set forth in the Affordable Care Act and by the Internal Revenue Service. The assessment took into account input from representatives of the community, community members, and various community organizations.

The complete CHNA report is available electronically at www.jmmc.com or printed copies are available from Patricia Lariviere plarivie@stfranciscare.org

Hospital Information and Mission Statement

Mission

We, Trinity Health, serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities.

Our Core Values

Reverence
We honor the sacredness and dignity of every person.

Commitment to those who are poor
We stand with and serve those who are poor, especially those most vulnerable.

Justice
We foster right relationships to promote the common good, including sustainability of Earth.

Stewardship
We honor our heritage and hold ourselves accountable for the human, financial and natural resources entrusted to our care.

Integrity
We are faithful to who we say we are.

Johnson Memorial Hospital is a 92-bed hospital located in Stafford Springs Connecticut that has been an anchor institution in north central Connecticut for 104 years. The Hospital moved from its original location on East Street in Stafford Springs to its present location on Chestnut Hill Road in 1975. During the 1980s, few health care organizations throughout the United States were branching out by creating subsidiaries, and Johnson Memorial Hospital (JMH) was one of the first to bring this type of business structure to Connecticut. Early in the decade, Johnson Health Care, Johnson Development Fund and Wellcare joined Johnson Memorial Hospital under the Johnson Memorial Corporation umbrella. Soon after, the

organization opened Connecticut's first free-standing, hospital-affiliated outpatient surgery center, Johnson Surgery Center. In the intervening years, Johnson has continued expanding services to meet the community's needs. In September 2010, JMH emerged from Chapter 11 as an independent, community-based health care provider as it had been for nearly a century. In July of 2012, JMH and Saint Francis *Care* signed an Affiliation Agreement, resulting in a mutually beneficial relationship that has provided the community with a sustainable, high quality healthcare resource. As a result, JMH has experienced improved operations by all measures of financial performance.

In 2016, Johnson Memorial Hospital and the other Johnson entities became part of Trinity Health - New England, an integrated health care delivery system that is a member of Trinity Health, Livonia, MI, one of the largest multi-institutional Catholic health care delivery systems in the nation. Today, Johnson Memorial Hospital and Home & Community Health Services provide a continuum of health care services to those living and working in north central Connecticut and western Massachusetts.

Health Needs of the Community

The CHNA conducted in 2016 identified significant health needs within the JMH community. Those needs were then prioritized based on a Community Conversation and focus groups with key stakeholders held during 2016. Significant health needs identified, in order of priority include:

Healthy Behavior Change: Diet & Exercise	• 66% of JMH survey respondents are either overweight or obese • High Blood Pressure is the leading cause of hospitalization.
Substance Abuse & Tobacco Use	• Opioid use had increased significantly • 16% of CT adult smoke and youth rates are similar
Access to health care.	• 23% of residents indicate postponing care due to access. • Of those 56% said that cost was a significant factor.
Poverty and Employment	• Although the population is educated, employment opportunities are limited. • 12% of residents indicated the need to participate in food pantries due to limited income for food.

Hospital Implementation Strategy

JMH resources and overall alignment with the hospital's mission, goals and strategic priorities were taken into consideration of the significant health needs identified through the most recent CHNA process.

Significant health needs that will not be addressed

Johnson Memorial Hospital acknowledges the wide range of priority health issues that emerged from the CHNA process, and determined that it could effectively focus on only

those health needs which it deemed most pressing, under-addressed, and within its ability to influence. JMH will not take action on the following community needs:

- **Poverty and lack of employment opportunities.**
- **Lack of public transportation resources.**

This implementation strategy specifies community health needs that the Hospital has determined to meet in whole or in part and that are consistent with its mission. The Hospital reserves the right to amend this implementation strategy as circumstances warrant. For example, certain needs may become more pronounced and require enhancements to the described strategic initiatives. During the three years ending 2019, other organizations in the community may decide to address certain needs, indicating that the Hospital then should refocus its limited resources to best serve the community.

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 – 2019			
HOSPITAL FACILITY:	Johnson Memorial Hospital		
CHNA SIGNIFICANT HEALTH NEED:	Support for Healthy Behavior Change: Diet & Exercise		
CHNA REFERENCE PAGE:	Pages 15,17,18	**PRIORITIZATION #:** 2	

BRIEF DESCRIPTION OF NEED:

High rates of Obesity, Diabetes and Heart Disease are impacted significantly by behaviors. In the JMH service area 66% of residents are either overweight or obese. And high blood pressure is the most common reason for hospitalization.

GOAL:
Provide easily accessible programs that focus on healthy eating and active living behaviors that result in positive health changes.

OBJECTIVE:
Engage 60 participants in the first year of the programs and establish and on-going, sustainable process for providing the programs to those residents with the highest need.

ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED:
Identify appropriate partners to provide the programs in community settings.
Develop a referral system to identify high need patients and provide high quality actionable referrals.
Invest in programs so they can be provide free of charge to patients and residents in need of these support services.

ANTICIPATED IMPACT OF THESE ACTIONS:
Better relationships with program participants.
Increase knowledge and healthy behaviors for those who complete the programs.
Improved long term health outcomes.

PLAN TO EVALUATE THE IMPACT:
Pre and post-test screening of knowledge and behavior for program participants.
In year 3 - Review of health records for up to 10% of program participants.

PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT:
In-Kind support for data collection and program evaluation.

COLLABORATIVE PARTNERS:
American Heart Association
Diabetes Prevention Programs

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 – 2019			
HOSPITAL FACILITY:	Johnson Memorial Hospital		
CHNA SIGNIFICANT HEALTH NEED:	Substance Abuse and Tobacco Use		
CHNA REFERENCE PAGE:	17	**PRIORITIZATION** #: 3	

BRIEF DESCRIPTION OF NEED:
Tobacco Use in Connecticut is at 16%, well above the Healthy People 2020 goal of 12%. Rates among Connecticut youth are similar to adults, which highlight an opportunity to have an impact on health outcomes.
Opioid use has increased significantly in the rural areas of the service area.

GOAL:
Make changes to tobacco policy at the state and local level to support tobacco cessation.
Engage programs that focus on youth smoking rates
Develop a set of substance abuse prevention and treatment resources.

OBJECTIVE:
Collaborate with a statewide coalition to encourage tobacco use cessation.
Develop relationships with clinical leaders to improve tobacco screening and referral.
Engage partners in development of resources for opioid abuse.

ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED:
Identify local resources for patients and others to access.
Engage youth and others in messaging about tobacco cessation.

ANTICIPATED IMPACT OF THESE ACTIONS:
Change in legislation that makes it harder to market e-cigarettes.
Improved messaging on campus about the prohibition of tobacco products of all kinds including e-cigarettes.
Decreased uptake of smoking among young adults.
Identification and education of providers and others about resources to address substance abuse.

PLAN TO EVALUATE THE IMPACT:
Review legislative accomplishments for the past 12 months.
Identify signage changes regarding tobacco free campus.
Examine rates of smoking in young adults with Data Haven support.
Survey of providers and patients about knowledge of substance abuse resources.

PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT:
Changes in campus wide signage
In-Kind support for resource identification

COLLABORATIVE PARTNERS:
MATCH Coalition
Regional Health Ministry Sites: Johnson Memorial; Mount Sinai; Saint Mary's; Mercy Medical Center

CHNA IMPLEMENTATION STRATEGY FISCAL YEARS 2016 – 2019			
HOSPITAL FACILITY:	Johnson Memorial Hospital		
CHNA SIGNIFICANT HEALTH NEED:	Access to Healthcare		
CHNA REFERENCE PAGE:	20	**PRIORITIZATION #: 1**	
BRIEF DESCRIPTION OF NEED: 23% of survey participants indicated they have postponed healthcare in the past 12 months because of limited access. The most common reason sited was cost with 56% of those who said the postponed care attributing cost to the reason for doing so.			
GOAL: Work to improve understanding of healthcare costs; improve enrollment in health insurance and decrease the numbers reporting that care is postponed due to access.			
OBJECTIVE: Enroll 100 patients in health insurance or programs or screen them for financial assistance for healthcare resources. Educate providers and patients about the resources available for those with limited income.			
ACTIONS THE HOSPITAL FACILITY INTENDS TO TAKE TO ADDRESS THE HEALTH NEED: Partner with community agency to develop an outreach effort about health insurance resources and the importance of financial screening.			
ANTICIPATED IMPACT OF THESE ACTIONS: Improved satisfaction for patients and greater access to needed health resources. Increased stability in patient's lives.			
PLAN TO EVALUATE THE IMPACT: Survey of patient satisfaction. Measure of patient health insurance coverage.			
PROGRAMS AND RESOURCES THE HOSPITAL PLANS TO COMMIT: Coordination of financial screening resources from Saint Francis with Johnson staff. Staffing of educational programs about health resources in the community.			
COLLABORATIVE PARTNERS: **Saint Francis Hospital** **Financial Aid Counselors** **ACCESS Health CT**			

Adoption of Implementation Strategy

On 2-7-17 the Board of Directors for Johnson Memorial Hospital met to discuss the 2016-2019 Implementation Strategy for addressing the community health needs identified in the 2016 Community Health Needs Assessment. The Board adopted the plan and related budget and designated the chairman of the board to sign the documents for approval.

Saint Mary's Hospital
Community Health Needs Assessment

Implementation Plan 2016

Saint Mary's HOSPITAL

Exceptional care. Every patient. Every day.

2016 Community Health Needs Assessment Implementation Plan

Following the 2016 Community Health Needs Assessment, Saint Mary's Hospital developed an Implementation Strategy to illustrate the hospital's specific programs and resources that support ongoing efforts to address the identified community health priorities. This work is supported by community-wide efforts and leadership from the executive team and board of directors at Saint Mary's Hospital. The goal statements, objectives and initiatives, and inventory of existing community assets and resources for each of the five priority areas are listed below.

I. Access to Care

Goal: Improve access to comprehensive, culturally competent, quality health services.

Objectives:

- Increase the proportion of patients with health insurance
- Increase the proportion of persons who have a specific source of ongoing care

Key Indicators

- Number of uninsured patients approved for health insurance programs
- Number of patients who report having a primary care provider
- Number of patients participating in the Children & Youth Medical Home Initiative

Existing Programs

Hospital-Based Access to Care Programs

- Saint Mary's has patient financial advocates who help patients qualify for insurance programs such as Medicaid. In 2016, these advocates assisted 1,558 individuals in obtaining insurance coverage.
- In January 2014, Saint Mary's began the insurance and cost estimate program was implemented. Patients, who request an estimate, now receive a document that estimates the cost of care.
- Saint Mary's has a patient tracking system for its Same Day Surgery department as of September 2013.
- Saint Mary's has a comprehensive communication strategy to promote primary care and urgent care through direct patient education, community health events and marketing communications such as search engine optimization, online appointment booking and digital media strategies.
- Saint Mary's promotes the use of a patient's electronic health record as a means of providing access to patient's health information including medications, providers and office visits.
- In October 2016, Saint Mary's installed signage in multiple languages that educates patients and visitors to use our language and interpretation services.
- Saint Mary's is a partner in the Waterbury Health Access Program which improves access to high-quality medical care for uninsured and underinsured residents of Greater Waterbury.
- Saint Mary's Family Health Center and Outpatient Behavioral Health Center provide services to patients who are uninsured, under-insured or have Medicaid. Thousands of patients receive services through these clinics.

Grant-Funded

- Saint Mary's has grant funding from the Connecticut Department of Public Health for The Connecticut Breast and Cervical Cancer Early Detection Program (CBCCEDP), which was formerly known as the Connecticut Cancer and Heart Disease Integrated Health Screening program (CHDIHS). This program provides screening for breast, cervical and colorectal cancer and if a cancer is diagnosed through the grant, funds are available for treatment.
- As one of five hospitals in the state of Connecticut, Saint Mary's received grant funding from the Connecticut Department of Public Health for the Children and Youth with Special Health Care Needs (CYSHCN). This program develops care plans and provides healthcare regardless of income for children and youth with chronic physical and/or behavioral issues not only to Saint Mary's practices but to the community as well.

Initiatives

- Explore further options of care using the PUMP Club model (see section III., Healthy Lifestyles) of direct-to-care access.
- Provide appropriate technology in hospital to enhance patient experience across multiple settings.
- Educate health care providers on resources (e.g., Malta House of Care, Waterbury Health Access Program) for uninsured/underinsured and low income patients and families.
- Explore further development of nurse navigator programs to improve access to primary care and behavioral health.
- Evaluate need for additional mobile screening vehicles in the Greater Waterbury market
- Continue to enhance Autism-friendly space and training for emergency department providers

II. Mental Health and Substance Abuse

Goal: Improve mental health and reduce substance abuse through awareness, access to services, and promoting positive environments.

Objectives:

- Increase mental health and substance abuse screening by primary care providers
- Increase number of points of access for referral to services

Key Indicators

- Number and percent of patients in the Emergency Department whose primary diagnosis is related to mental or behavioral health.
- Length of stay in ED for mental or behavioral health patients.
- Number of ED referrals for mental or behavioral health care services.
- Number of patients who utilize outpatient behavioral health services.

Existing Programs

- Saint Mary's has a twelve-bed inpatient psychiatric unit. In FY 15, 637 patients were discharged from the unit. The average length of stay in the unit is 6.5 days.
- Saint Mary's has an intensive outpatient behavioral health program. Approximately, 1,700 patients receive services through this program each year.
- Saint Mary's Emergency Department is a resource for patients with behavioral health needs. In 2015, 13,254 ED patients had a primary or secondary diagnosis related to behavioral health. These patients represent 18% of total visits (71,762). The average length of stay for behavioral health patients in 2015 the ED was 33 hours or 1.4 days.
- In 2016, Saint Mary's implemented Enhanced Recovery After Surgery (ERAS), a program designed to reduce or eliminate the use of narcotics in surgery.

Initiatives

- Spearhead efforts to create and organize a Community Care Team focused on high risk behavioral health patients with efforts from the Greater Waterbury Health Improvement Partnership.
- Complete construction of Behavioral Health unit in the Emergency Department to better meet patient needs.
- Continue to participate in the Connecticut Behavioral Health Partnership, which is organized through ValueOptions, Association of Ambulatory Behavioral Health, and the Mental Health Association of Connecticut.
- Increase education and percentage of narcotic-free surgeries completed at Saint Mary's Hospital.
- Continue to evaluate use of telemedicine for mental and behavioral health.

III. Healthy Lifestyles (Obesity, Heart Disease, and Diabetes)

Goal: Reduce chronic health disease through awareness and education.

Objectives:

- Enact process to collect data within Physician Network Organization on patient Body Mass Index (BMI) levels.

Key Indicators

- Number of patients with a Body Mass Index (BMI) screening.
- Number of patients with a calculated Body Mass Index (BMI) of overweight or obese that were referred to additional care.
- Number and percent of patients receiving inpatient and outpatient nutritional counseling.
- Number of children who receive meals through the Health Nutrition Grant.
- Number and percent of hospital meals that meet Sodexo's Mindful Meal Selection Program.
- Percent of healthy options placed in vending machines on hospital campus.

Existing Programs

Hospital-Based Healthy Lifestyles Programs

- Saint Mary's offers inpatient nutritional counseling and a significantly expanded outpatient nutritional counseling services that provide support groups and education.
- Saint Mary's has a bariatric program. Services offered through the program include monthly educational seminars, nutritional counseling, gastric bypass and gastric banding surgery, and support groups. In FY 2015, 131 patients had bariatric surgery.
- Saint Mary's has expanded and enhanced Cardiac Rehabilitation wellness program.
- Food services at Saint Mary's are provided by Sodexo. Sodexo offers a program titled Mindful by Sodexo that includes healthy and nutritious food options.
- Beginning in 2016, Saint Mary's now offers breastfeeding classes taught by a certified lactation consultant specifically for mothers returning to work.
- Saint Mary's was awarded a grant to pilot the American College of Cardiology Nurse Navigator Program in 2014. Since then, the pilot has expanded into the PUMP Club; this program provides patients with Congestive Heart Failure education and coordination of post-acute care services.
- In 2016, Saint Mary's Hospital achieved its Chest Pain Center Accreditation with Primary PCI and Resuscitation from the American College of Cardiology Accreditation Services (formerly Society of Cardiovascular Patient Care).
- In 2016, Saint Mary's added a new Diabetes and Endocrinology Center.

Grant-Funded

- Saint Mary's is also a grant recipient of the WISEWOMEN™ program which helps women understand and reduce their risk for heart disease and stroke by providing services and screenings to promote lasting heart healthy lifestyles.
- Saint Mary's Children's Development Center has a Bureau of Health Nutrition Grant to provide lunch and snacks for children who live in poverty. This grant is partially funded by the Department of Education.

Initiatives

- Evaluate ways to continue to improve meal choices and healthy vending options at the hospital.
- Enhance existing breast feeding policies and procedures through exploration of Baby Friendly designation.
- Continue to promote education about heart disease including preventions such as Early Heart Attack Care and Hands-Only CPR.
- Support the Waterbury Department of Public Health's food and nutrition programs (such as the Healthy Corner Stores Initiative Food Prescription Programs).
- Explore potential to facilitate training for and hosting of American Diabetes Association's Live Well with Diabetes within the hospital network.

IV. Tobacco Use and Asthma

Goal: Become a leader in expanding our role with tobacco control to reduce illness, disability, and death related to tobacco use and secondhand smoke exposure. In addition, reduce the incidence and progression of asthma in the Greater Waterbury region.

Objectives:

- Following Connecticut Department of Public Health guidelines and Connecticut Hospital Association tools to reduce asthma hospitalizations and Emergency Department visits.
- Increase tobacco screening, counseling, and education about health risks of using tobacco
- Increase publicity of Saint Mary's tobacco and e-cigarette free environments.
- Enact process to collect data within Physician Network Organization on the percentage of adult patients screened for tobacco use and cessation intervention.

Key Indicators

- Number of patients that receive a tobacco screening.
- Number of patients who receive a smoking cessation referral.
- Number of patients who successfully complete smoking cessation counseling.
- Number of physicians participating in the Easy Breathing Program.

Existing Programs

- All patients who are discharged from Saint Mary's Hospital receive Smoking Cessation educational materials in their discharge packets.
- The Easy Breathing program works to inform physician practices and foster a community-based approach to pediatric asthma and review program data at the community level.
- Continue to explore efforts Greater Waterbury Region Asthma Coalition and the statewide health improvement initiative by Connecticut Hospital Association.

Initiatives

- Evaluate opportunities to pilot incentive program to increase smoking cessation rates.
- Support Regional Health Ministry in efforts on Tobacco 21, Smoke Free Movies and other tobacco control policies in the state of Connecticut
- Initiate and properly educate patients on Smoke Free Campuses including the use of E-cigarettes
- Upon implementation of new Electronic Health Record, report to Trinity Health System Office the number of patients screened for tobacco use and cessation intervention.
- Support Greater Waterbury Region Asthma Coalition in implementing Asthma Action Plan in Emergency Department.
- Increase education to patients regarding asthma triggers including poor air quality days and second-hand smoke.

V. Health Communications

Goal: As a member of the Greater Waterbury Health Improvement Partnership, Saint Mary's Hospital will be a leader in advancing the ability for quality health information and increase the target area's health literacy.

Objectives:

- Increase visibility of health and well-being programs in the Greater Waterbury community through various community tools and provider education
- Increase availability of Greater Waterbury Health Improvement Partnership reports and data

Key Indicators

- Number of people who engage in Greater Waterbury Health Improvement Partnership website and social media posts.

Existing Programs

- A communications workgroup has been formed within the Greater Waterbury Health Improvement Partnership.

Initiatives

- Assist with creation and promotion of Greater Waterbury Health Improvement Partnership website, social media and communication vehicles.

Subject: RE: Trinity Health -New England CON filing requirements

Hi Claudio,

We will get back to you on the matter of coordinating the due dates.

Meantime, please provide us with a reason for your request for an extension by no later than midday tomorrow, Friday, May 26, 2017.

Thanks,
Carmen

Hi Carmen…I spoke to Jennifer and Finance would like to keep the reporting on our current 6 months schedule October 1 – March 31st due May 31 and April-September due November 30. It should be the same for all TH-NE facilities.

That said, can we get a 2 week extension on our May 31st filing?

Thanks,

Claudio

Hi Claudio – the wording below is what OHCA staff is thinking will help to better coordinate the various required filings to OHCA from Trinity Health –New England for the three recent transfer of ownership agreed settlements. Before we have this put in an email from our Director, Kim Martone, please take a look and let us know if this will help TH-NE out with having less filing dates to hit for these three CONs. The yellow highlights show where the words "following the Closing Date" appear in the conditions and OHCA's clarifying statement appears then in Red/Bold. Thanks. Karen

I. Certain Agreed Upon Conditions from Docket Number 15-31979-CON, St. Francis/Trinity - CLOSING/TRANSACTION DATE WAS OCTOBER 1, 2015

5. Applicants shall submit to OHCA certain information as required by these Conditions on an annual basis (the "Annual Report") up to and including the third (3rd) anniversary of the Closing Date. The Annual Report shall be furnished to OHCA within thirty (30) days of each anniversary of the Closing Date.

    a. All reports and other information required shall be posted on SFCRHM's website page.
    b. All reports shall remain posted until the third (3rd) anniversary of the Closing Date, except to the extent they are superseded or otherwise rendered inaccurate by subsequent reports and/or information required to be posted pursuant to these Conditions.

9. Within one hundred and fifty (150) days following the Closing Date and thereafter on an annual basis, SFCRHM shall submit to OHCA its Capital Investment Plan detailing the proposed allocation of the $275 million capital investment commitment over the five-year period post-closing. The submitted plans shall account for the full $275M commitment as stated in this proposal and include the following in a format to be agreed upon:

    a. A list of planned capital expenditures with detailed descriptions and associated estimated costs; and
    b. A timeframe for the roll out of the capital projects (including estimated beginning, ending and startup/operation dates); and
    c. SFCRHM shall submit written reports updating the implementation of the Capital Investment Plan in each Annual Report submitted under this Order. Such reports shall describe all activities and expenditures undertaken as part of the Capital Investment Plan, including but not limited to, a description of the capital project, the dates and amounts of withdrawals from the Hospital's operating account and/or any other sources of funding used to fulfill the capital commitment. The reports shall be signed by SFCRHM's Chief Financial Officer.

14. SFCRHM shall ensure that culturally and linguistically appropriate services are available and integrated throughout its hospital operations, including appropriate interpreter and insurance navigator services for patients, English as a second language training for employees, and cultural competency training for employees. In complying with this Condition, SFCRHM shall be guided by the culturally and linguistically appropriate standards published by the U.S. Department of Health and Human Services' Office of Minority Health. For three (3) years following the Closing Date, SFCRHM shall submit a written report on its activities directed at meeting this Condition as part of the Annual

Report. The written report shall be posted on SFCRHM Website Page simultaneously with the submission of the Annual Report.

THIRTY DAYS OF THE CLOSING DATE IS NOVEMBER 1ST. FOR EACH OF THE CONDITIONS NOTED ABOVE (#5,# 9, #14) TRINITY HEALTH – NEW ENGLAND MAY INSTEAD FILE THE MATERIAL ON NOVEMBER 30TH ALONG WITH THE FILINGS REQUIRED PURSUANT TO CONDITIONS #10 AND #11.

II. Certain Agreed Upon Conditions from Docket Number 15-32002-CON, Johnson Memorial/Trinity - CLOSING/TRANSACTION DATE WAS JANUARY 1, 2016

5. Applicants shall submit to OHCA certain information as required by these Conditions on an annual basis (the "Annual Report") up to and including the third (3rd) anniversary of the Closing Date. The Annual Report shall be furnished to OHCA within thirty (30) days of each anniversary of the Closing Date.

    a. All reports and other information required shall be posted on New JMMC's website page.
    b. All reports shall remain posted until the third (3rd) anniversary of the Closing Date, except to the extent they are superseded or otherwise rendered inaccurate by subsequent reports and/or information required to be posted pursuant to these Conditions.

9. Within one hundred and fifty (150) days following the Closing Date and thereafter on an annual basis, the Applicants shall submit to OHCA its Capital Investment Plan specific to New JMMC and New JMH detailing the proposed allocation of the capital investment commitment over the three-year period post-closing. The submitted plans shall account for the full commitment as stated in this proposal and include the following in a format to be agreed upon:

    a. A list of planned capital expenditures with detailed descriptions and associated estimated costs; and
    b. A timeframe for the roll out of the capital projects (including estimated beginning, ending and startup/operation dates); and
    c. Written reports updating OHCA on the implementation of the Capital Investment Plan in each Annual Report submitted under this Order. Such reports shall describe all activities and expenditures undertaken as part of the Capital Investment Plan, including but not limited to, a description of the capital project, the dates and amounts of withdrawals from New JMMC's operating account and/or any other sources of funding used to fulfill the capital commitment. The reports shall be signed by New JMMC's Chief Financial Officer.

14. New JMMC and New JMH shall ensure that culturally and linguistically appropriate services are available and integrated throughout its hospital operations, including appropriate interpreter and insurance navigator services for patients, English as a second language training for employees, and cultural competency training for employees. In complying with this Condition, New JMMC and New JMH shall be guided by the culturally and linguistically appropriate standards published by the U.S. Department of Health and Human Services' Office of Minority Health. For three (3) years following the Closing Date, SFCRHM shall submit a written report on its activities directed at meeting this Condition as part of the Annual Report. The written report shall be posted on New JMMC website Page simultaneously with the submission of the Annual Report.

THIRTY DAYS OF THE CLOSING DATE IS FEBRUARY 1ST. FOR EACH OF THE CONDITIONS NOTED ABOVE (#5,# 9, #14) TRINITY HEALTH – NEW ENGLAND MAY INSTEAD FILE THE MATERIAL ON MAY 31ST ALONG WITH THE FILINGS REQUIRED PURSUANT TO CONDITIONS #10 AND #11.

III. ***Certain Agreed Upon Conditions from Docket Number 15-32045-CON, St. Mary's/Trinity***
- CLOSING/TRANSACTION DATE WAS AUGUST 1, 2016

5. Within one hundred and eighty (180) days following the Closing Date, TH-NE shall submit a plan demonstrating how health care services will be provided by the Hospital for the first three years following the Transfer Agreement, including any consolidation, reduction, or elimination of existing services or introduction of new services (the "Services Plan"). The Services Plan will be provided in a format mutually agreed upon by OHCA and TH-NE. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Conn. Stat. §§ 19a-613(b), 19a-639(a)(5),(6) (7),(8),(9),(11) & (12); FF 21-22, 24-25.*

180 DAYS OF THE CLOSING DATE IS JANUARY 28, 2017. THIS MATERIAL REMAINS DUE AT THIS TIME.

7. Within one hundred and eighty (180) days following the Closing Date and thereafter on the same semi-annual schedule as set forth in Condition 8 below until the capital commitment is satisfied TH-NE shall submit to OHCA a report on the capital investments ("Capital Investment Report") it has made in the Hospital and its affiliates from the minimum $100 million Commitment Amount. The Capital Investment Report shall include the following in a format to be agreed upon:

    a. A list of the capital expenditures that have been made in the prior one hundred and eighty (180) days with descriptions of each associated project; and
    b. An explanation of why each expenditure was made and a timeframe for the roll out of the associated capital project (including estimated beginning, ending and startup/operation dates); and
    c. The funding source of the capital investment; indicate whether it was drawn from intercompany loans, operating revenue, capital contributions from THC or another source. If funding was drawn from another source, indicate the source.

    The reports shall be signed by the Hospital's or TH-NE's Chief Financial Officer. OHCA is imposing this Condition to ensure continued access to health care services for the patient population and to verify the continued financial feasibility of the project. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(3),(4) & (5); FF 47-49, 53*

180 DAYS OF THE CLOSING DATE IS JANUARY 28, 2017. THIS MATERIAL MAY BE FILED EACH MAY 31ST AND NOVEMBER 30TH AS SET FORTH IN CONDITION #8 AS REFERENCED WITHIN #7.

12. TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.

    In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

    d. On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population. *Legal and Factual Basis: Stat. §§ 19a-613(b), 19a-639(a)(5),(6) & (11); FF 35.*

THIRTY DAYS OF THE CLOSING DATE IS AUGUST 31ST. THIS MATERIAL MAY INSTEAD BE FILED EACH NOVEMBER 30TH ALONG WITH THE MATERIAL DUE PURSUANT TO CONDITIONS #8 AND #9.

13. TH-NE shall work toward making culturally and linguistically appropriate services available and integrated throughout the Hospital's operations. Specifically, TH-NE shall ensure that the Hospital shall take reasonable steps to provide meaningful access to each individual with limited English proficiency eligible to be served or likely to be encountered in its health programs and activities, in accordance with the implementing regulations of Section 1557 of the Patient Protection and Affordable Care Act. Additionally, TH-NE shall provide at the Hospital, appropriate insurance navigator services for patients and, where appropriate, English as a second language and cultural competency training for employees. In complying with this Condition, TH-NE shall ensure that the Hospital shall be guided by the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care published by the U.S. Department of Health and Human Services' Office of Minority Health. For three (3) years following the Closing Date, TH-NE shall submit a written report on its activities directed at meeting this Condition. Such reporting shall be filed within thirty (30) days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition so as to ensure continued access to health care services for the patient population. *Legal and Factual Basis: 45 C.F.R. §92.201; Stat. §§ 19a-486d(a), 19a-613(b), 19a-639(a)(5),(6) & (11); FF 29.*

THIRTY DAYS OF THE CLOSING DATE IS AUGUST 31ST. THIS MATERIAL MAY INSTEAD BE FILED EACH NOVEMBER 30TH ALONG WITH THE MATERIAL DUE PURSUANT TO CONDITIONS #8 AND #9.

Subject: RE: Trinity Health -New England CON filing requirements

Hi Claudio – we have received your request below for additional time to file the required May 31st semi-annual reports for the three Trinity-related transfer of ownership CONs, as follows:

St. Francis – Trinity DN 15-31979-CON
Johnson – Trinity DN 15-32002-CON
St. Mary's –Trinity DN 15-32045-CON

We find it acceptable for the reason that you expressed in your email to Mr. Cotto on May 25th, to provide you with additional time to fulfill this filing for these three docket numbers, but we would appreciate it if the filings are received by end of business day on Wednesday, June 7th.

Sincerely,

Karen Roberts

CON Docket No. 15-31979-CON- Transfer of ownership of Saint Francis Care, Inc. to Trinity Health Corporation

Response to Items #10 and #11 of the Settlement and Order dated 8/1/2015 for the Six Month Period Ended March 31, 2017

10. For three (3) years following the Closing Date, the Applicants shall file the following information with OHCA on a semi-annual basis for both the Hospital and its immediate parent (SFC or its successor legal entity) for purposes of this Order, semi-annual periods are October 1 - March 31 and April l - September 30. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31 and November 30, beginning May 31, 2016:

a) The cost saving totals achieved in the following Operating Expense Categories for both the Hospital and its immediate parent (SFC or its successor legal entity, SFCRHM): Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The information shall also contain narratives describing:

1. the major cost savings achieved for each expense category; and

Since October 1, 2015, the leaders within the functional areas at Saint Francis Hospital and Medical Center have been working closely with Trinity Health to identify and implement changes to realize cost saving opportunities. As previously reported, a significant benefit with annual ongoing savings for Saint Francis was the defeasance of Saint Francis' long term debt of approximately $246 million with proceeds from an intercompany loan. In addition, the Series F Fixed Pay SWAP was novated to Trinity Health on October 1, 2015. The result of this SWAP was an improvement in Saint Francis' net assets of $44 million. Furthermore, the transfer of this SWAP removes the financial risks associated with the change in interest rates and the impact on Saint Francis net assets. For example, in FY 2015, Saint Francis recorded a $14.8 million non-operating loss related to this interest rate SWAP. Additional interest expense savings for the six months ended March 31, 2017 was approximately $226,000 as a result of favorable interest rates.

Another significant change was the inclusion of Saint Francis into the Trinity Health insurance program. This created an overall decrease in annual premiums of approximately $1.3 million exclusive of one time tail coverage costs incurred as part of the transaction. The benefit related to this change was $650,000 for the six month period ended 3/31/2017. In addition, Saint Francis will realize an additional annual savings in insurance premiums of $1.8 million effective 7/1/2017.

Lastly, leveraging the Trinity Health actuarial expertise whose approach is to more closely align mortality assumptions with plan participant demographics in the Trinity Health pension plans, Saint Francis' projected benefit obligation was further evaluated. As a result, Saint Francis recognized an annual benefit in pension expense of $4.2 million for the twelve month period

ended September 30, 2016. For the period from October 1, 2016 to March 31, 2017 the realized benefit was $2.3 million. Furthermore, Trinity and Saint Francis have developed a plan to continue to adequately fund the Saint Francis defined benefit plan consistent with the Trinity Health funding policy. Based on the current obligations under the plan and current funding level, Saint Francis will make contributions of $32.9 million to the plan during the period 7/1/2017-6/30/2018. Historically, Saint Francis was only able to contribute approximately $9 million to the plan annually.

Just prior to Saint Francis joining Trinity Health, a class action lawsuit was brought against Saint Francis relating to the question as to whether Saint Francis' defined benefit plan should be administered as a qualified "church plan" or a plan subject to Employee Retirement Income Security Act (ERISA). Trinity Health system office risk management collaborated with local leadership and was instrumental in resolving this matter. Furthermore, $800,000 of legal fees associated with this matter was paid for by Trinity Health on behalf of Saint Francis.

In January 2017, the employees of Saint Francis were brought onto to Trinity Health benefit programs which provided several enhancements to their benefits. The most significant change is that colleagues working more than twenty hours per week are participating in a defined contribution retirement program which provides a base core contribution of 3% for everyone and a matching contribution for the first 6% of a colleague's contribution. The new health insurance program provides comprehensive coverage at a lower average employee contribution compared to what had previously been provided.

Saint Francis continues with the transition to the Trinity Health Group Purchasing Organization, HPG. During the period October 1, 2016 to March 31, 2017, this effort has resulted in net supply chain savings of approximately $1.7 million. Most of the current saving was achieved by reducing the cost on existing goods through the implementation of the Trinity Health National Agreements. Other contract savings were realized with various revenue cycle vendors and totaled $219,000 during the same period. Supply Chain integration activity will continue in FY17 and FY18.

Trinity Health – New England, Inc. (TH – NE, formerly known as Saint Francis *Care*, Inc.), on behalf of its member hospitals including Saint Francis Hospital and Medical Center, Johnson Memorial Hospital and Saint Mary's Hospital, is currently working with Trinity Health on ensuring these hospitals continue to deliver high quality care and remain low cost providers within the community. TH-NE and Trinity Health have engaged external consultants to assist in performance improvement, integration, regionalization strategy, productivity improvements and other cost reductions. Resources from Trinity Health system office are supporting these efforts and are on-site on a regular basis. Furthermore, Trinity Health has assumed 50% of these costs totaling over $1.0 million benefit to the Connecticut hospitals within TH - NE.

Except where otherwise noted, these cost savings will continue to be realized in future years. Furthermore, we continue to identify cost saving opportunities with vendors and will report those cost savings when realized in future reporting periods. See **Attachment A** for expense savings by category.

2. the effect of these cost savings on the clinical quality of care.

There has been no negative impact to clinical quality of care as a result of these cost savings. Saint Francis continues to have a strong census as well as being recognized for its clinical excellence.

See **Attachment D.**

b) A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for the Hospital and its immediate parent (SFC or its successor legal entity, SFCRHM). The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/150, 300/350 or successor reports.

See **Attachment B.**

11) For three (3) years following the Closing Date, SFCRHM shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for SFCRHM. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016.

See **Attachment C** for Financial Indicators.

Saint Francis Awards, Accreditations and Recognitions
Fiscal Year 2016 and 2017

Connecticut Joint Replacement Institute ISO 9001:2015 Certified
The Connecticut Joint Replacement Institute at Saint Francis Hospital and Medical Center (CJRI) has been recertified in compliance with the International Standards Organization's (ISO) 9001:2015 standard for health care. First certified in 2014 as an ISO 9001:2008 Quality Management System compliant organization, the Connecticut Joint Replacement Institute (CJRI) remains the only health care facility in Connecticut to be compliant with ISO standards. There are approximately 500 health care providers nationwide with this distinction. The three-year re-certification is awarded by DNV-GL Certification Inc., of Houston, TX, following an intensive audit of CJRI's workflows, quality and safety measurement tools. (Feb. 2017)

2017 Women's Choice Award® as one of America's Best Hospitals for Heart Care
Saint Francis Hospital and Medical Center has been named one of America's Best Hospitals for Heart Care by the Women's Choice Award®, America's trusted referral source for the best in healthcare. The award signifies that Saint Francis Hospital and Medical Center is in the top 9% of 4,789 U.S. hospitals offering heart care services. (Jan. 2017)

2017 Women's Choice Award®, America's Best Hospitals for Bariatric Surgery
Saint Francis Hospital and Medical Center has been named as one of America's Best Hospitals for Bariatric Surgery by the Women's Choice Award®, America's trusted referral source for the best in healthcare. The award signifies that Saint Francis Hospital and Medical Center is in the top 8% of 4,789 U.S. hospitals reviewed. This is the second consecutive year that Saint Francis Hospital and Medical Center has received the Women's Choice Award for Bariatric Surgery. (Jan. 2017)

2017 Women's Choice Award®, America's Best Hospitals for Obstetrics
Saint Francis Hospital and Medical Center has been named as one of America's Best Hospitals for Obstetrics by the Women's Choice Award®, America's trusted referral source for the best in health care. The award signifies Saint Francis Hospital and Medical Center is in the top 17% of 2,815 U.S. hospitals offering obstetrics. (Jan. 2017)

Electronic Medical Record Adoption Model (EMRAM) Stage 7 Award
In recognition of its collaboration among operational, IT resources and partnering vendors to create the best system for delivering care to their patients, Saint Francis Hospital and Medical Center has been awarded with the Electronic Medical Record Adoption Model (EMRAM) Stage 7 Award. Saint Francis collaborated with a specialized niche electronic medical record (EMR) software company and one large vendor to build, test workflow, study, report and exchange data between the two systems. (Nov. 2016)

Transforming Communities Initiative
Saint Francis Hospital and Medical Center, through the Curtis D. Robinson Center for Health Equity, launched the Transforming Communities Initiative that will unite health care systems, community groups and development agencies to address health disparities in Hartford's North End. The Transforming Communities Initiative will bring together Saint Francis, the City of Hartford and Community Solutions to develop programs and strategies aimed at reducing obesity, promoting tobacco-free living, and addressing social determinants that impact current and future health outcomes for the people of the North End of Hartford.

Saint Francis is the second Trinity Health – New England provider to be chosen to be part of a larger Transforming Communities Initiative launched by Trinity Health. The first six participants announced in April included Mercy Medical Center. Over the next five years, Trinity Health will invest approximately $80 million in grants, loans, community match dollars and services in those communities.

"A" Rating for the Leapfrog Group
Saint Francis Hospital and Medical Center is one of only six hospitals in the state designated with an "A" safety score rating by the Leapfrog Group. This is the 8th "A" rating since 2012, something no other hospital has attained. The Hospital Safety Score℠ grades hospitals on their overall performance in keeping patients safe from harm and preventable errors. The grades are derived from analysis of publicly available data using evidence-based, national measures of hospital safety. Leapfrog assigned scores to more than 2,500 hospitals nationwide, including 27 hospitals in Connecticut.

Becker's Hospital Review - "100 Hospitals with Great Orthopedic Programs"
Saint Francis Hospital and Medical Center has been named to Becker's Hospital Review 2016 list recognizing it as one of the "100 Hospitals with Great Orthopedic Programs" in the United States. Saint Francis is the only Connecticut hospital on the list and appears for the third consecutive year.

Women's Choice Award
Saint Francis Hospital and Medical Center has received the 2016 Women's Choice Award® as one of America's Best Breast Centers. This evidence-based designation is the only award that identifies the country's best breast centers based on robust criteria that considers female patient satisfaction and clinical excellence. The list of over 374 award winners, including the Maximilian E. and Marion O. Hoffman Foundation Breast Health Center at Saint Francis, represents breast centers that have met the high standards of the National Accreditation Program for Breast Centers (NAPBC) and carry the Breast Imaging Center of Excellence (BICOE) seal from the American College of Radiology. They have also scored above the national average on the Centers for Medicare and Medicaid Services patient recommendation measures, or their equivalent.

CON Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Response to Items #10 and #11 of the Settlement and Order dated 11/24/2015 for the Six Month Period Ended March 31, 2017

10. For three (3) years following the Closing Date, the Applicants shall file the following information with OHCA on a semi-annual basis for both JMH and its immediate parent, JMMC. For purposes of this Order, semi-annual periods are October 1- March 31 and April 1 - September 30. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016:

a) The cost saving totals achieved in the following Operating Expense Categories for both JMH and its immediate parent, JMMC: Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The semi-annual submission shall also contain narratives describing:

1. the major cost savings achieved for each expense category; and

Since January 1, 2016, the leaders within the functional areas at Saint Francis Hospital and Medical Center have been working closely with Johnson to identify and implement changes to realize cost savings opportunities. As previously reported, one immediate benefit was the successful restructuring of Johnson's debt as of December 31, 2015 with an intercompany loan from Trinity Health – New England, Inc. In addition, Saint Francis Hospital and Medical Center forgave a loan due from Johnson in the amount of $2,350,000 upon the closing of the transaction. The restructured debt has resulted in a decrease of interest expense in the amount of $30,000 for the six month period ended March 31, 2017.

Another significant savings realized to date was the inclusion of Johnson into the Trinity Health insurance program. This produced an overall decrease in annual premiums for malpractice, workers compensation and other business policies of approximately $1.0 million. Savings realized for the six month period ended March 31, 2017 of $114,000. Furthermore, additional insurance premium savings of $198,000 will be realized for the annual period 7/1/2017 through 6/30/2018.

There have been significant efforts to centralize support functions across Trinity Health-New England including Finance, Revenue Cycle, and Information Systems. This has resulted in reduction of costs at Johnson of $720,000 for the six months ended March 31, 2017.

In addition, Johnson has benefited from the utilization of both regional and system office Legal Services, Compliance and Audit departments. The decrease in legal fees, consulting and auditing costs associated with this transition was $615,000 for the six month period ended March 31, 2017.

Non-salary information technology costs of $308,000 were transferred to the region at the beginning of FY 2017. Other cost reductions due to regionalization were $47,000 and $43,000 in advertising and recruitment expenses. Johnson's portion of these costs are now included in the regional allocation.

The above savings are offset by a regional allocation of $639,660 for the six month period included in other operating expenses in **Attachment A.**

During the first calendar quarter of 2017, the Enfield Oncology staff transitioned to employees of Saint Francis. This transition allows both Saint Francis and Johnson to share resources across both campuses, provide enhanced compensation packages for employees and has resulted in a lower cost to Johnson through this arrangement. Annual savings associated with this staffing restructure is $137,000 and $86,000 was realized for the six month period ended March 31, 2017.

In addition to the cost savings, Johnson has been able to leverage the expertise and resources at Saint Francis Hospital and Medical Center, Trinity Health-New England and Trinity Health in each of the areas identified above.

Interest and insurance savings related to JMMC are included in the amounts described above. There are no additional cost savings within JMMC.

Johnson transitioned to the Trinity Total Rewards program for employee compensation and benefits. Johnson provided its employees with a 2% pay increase on September 1st. Effective 1/1/2017, Johnson employees are participating in Trinity Health's defined contribution plan which provides for a core employer contribution for all employees and matching contributions funded bi-weekly for those employees who make deferrals into the plan. The new health insurance program provides comprehensive coverage at a lower average employee contribution compared to what had previously been provided.

Lastly, Trinity Health – New England, Inc. (TH – NE) working with Trinity Health has engaged consultants to continue to assist in performance improvement, integration, regionalization strategy, productivity improvements and other cost reductions. Resources from Trinity Health system office are supporting these efforts and are on-site on a regular basis. Furthermore, Trinity Health has assumed 50% of these costs totaling over $1.0 million benefit to the Connecticut hospitals within TH - NE.

We continue to identify cost saving opportunities as we align our vendor contracts with Trinity Health system contracts. Supply chain savings Savings realized during the six month period was $75,000.

See **Attachment A** for expense savings by category. Also, refer to financial statistics noting significant improvement in financial performance since the acquisition of Johnson by TH – NE.

2. the effect of these cost savings on the clinical quality of care.

There has been no negative impact to clinical quality of care as a result of these cost savings.

Since joining Trinity Health – New England, Johnson has received the Gold Seal 3-year Joint Commission Accreditation, and has experienced improvements in both patient experience and clinical quality. Areas of clinical quality improvement have been in decreased sepsis in readmission rates, and a reduction in serious safety events were marginal.

Also, Johnson's average daily census and year to date discharges continue to remain strong and Johnson's overall financial performance has improved significantly since the affiliation.

b) A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for JMH and its immediate parent, JMMC. The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/150, 300/350 or successor reports.

See **Attachment B.**

11) For three (3) years following the Closing Date, SFCRHM shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for SFCRHM. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016.

See **Attachment C** for Financial Indicators.

Subject: CON Order Requirements Due 11/30 - Request for Extension

Good afternoon Karen,

We are requesting an extension on our filing of the requirements under the Saint Francis, Johnson and Saint Mary's CONs. We expect to file on Friday, December 8, 2017. Please let us know if this is acceptable.

Thank you and Happy Thanksgiving.

Mary Lou Rosadini

Good afternoon Mary Lou,

In reference to the semi-annual documents to be filed on December 8 and future filings, please provide any related data in both PDF and Excel format, as applicable. In particular, those related to capital

commitment expenditures, cost savings and quarterly financial measures. As you might already know, Excel format makes it easier to filter and analyzed the data.

Thank you in advance for your assistance.
Carmen

In accordance with Items 6, 7, 8, 9 & 10 of the Order dated July 27, 2016, enclosed is responses for each of the conditions noted above. Responses to the remaining conditions will be submitted prior to the requested deadline.

Please do not hesitate to contact me if you have any questions regarding this matter at 860-714-6165.

Thank you for your attention to this matter.

Sincerely,

Claudio A. Capone
Regional Vice President
Strategic Planning and Business Development

Enc.

7. ***Within one hundred and eighty (180) days following the Closing Date and thereafter on the same semi-annual schedule as set forth in Condition 8 below until the capital commitment is satisfied TH-NE shall submit to OHCA a report on the capital investments ("Capital Investment Report") it has made in the Hospital and its affiliates from the minimum $100 million Commitment Amount. The Capital Investment Report shall include the following in a format to be agreed upon:***
    - ***A. A list of the of the capital expenditures that have been made in the prior one hundred and eighty (180) days with descriptions of each associated project; and***
    - ***B. An explanation of why each expenditure was made and a timeframe for the roll out of the associated capital project (including estimated beginning, ending, and startup/operation dates); and***
    - ***C. The funding source of the capital investment; indicate whether it was drawn from intercompany loans, operating revenue, capital contributions from THC or another source. If funding was drawn from another source, indicate the source.***

   The reports shall be signed by the Hospital's or TH-NE's Chief Financial Officer.

   See Excel Attachment 1.

8. ***For three (3) years following the Closing Date, TH-NE shall file the following information with OHCA on a semi-annual basis for the Hospital and TH-NE:***

   a. The cost saving totals achieved in the following Operating Expense Categories for the Hospital and TH-NE: Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The semi-annual submission shall also contain narratives describing:

   1. the major cost savings achieved for each expense category for the semi-annual period; and

   In March of 2017, Saint Mary's switched to Trinity Health's GPO. After 6 months, estimated total savings is about $1 million.

2. the effect of these cost savings on the clinical quality of care.

There has been no impact to clinical quality of care.

b. A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for the Hospital and TH-NE. The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/300 (balance sheets), 150/300 (statement of operations), or successor reports.

See Attachment 2.

9. ***For three (3) years following the Closing Date, TH-NE shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for TH-NE. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning November 30, 2016.***

   See Attachment 3 for financial indicators.

10. ***TH-NE shall ensure that the Hospital maintains and adheres to the Hospital's current policies regarding charity care, indigent care and community volunteer services after the Closing Date, or adopt other policies that are at least as generous and benevolent to the community as the Hospital's current policies, consistent with state and federal law. These policies shall be posted on the website pages of the Hospital and as additionally required by applicable law. OHCA is imposing this Condition to ensure continued access to health care services for the patient population.***

    In accordance with Condition 10 of the Order, Trinity Health – New England, Inc. will ensure that Saint Mary's will maintain and adhere to all of their current policies regarding charity care, indigent care and community volunteer services. Currently, all policies are located on the Saint Mary's Hospital website (www.stmh.org).

Re: Docket Number: 15-31979 CON Transfer of Ownership of Saint Francis Care, Inc. to Trinity Health Corporation

Dear Ms. Roberts:

Please see the attached documents in satisfaction of Stipulation 9 of the above-referenced Agreed Settlement Order dated August 1, 2015.

Please do not hesitate to contact me if you have any questions regarding this matter at 860-714-6165.

Thank you for your attention to this matter.

Sincerely,

Claudio A. Capone

CON Docket No. 15-31979-CON- Transfer of ownership of Saint Francis Care, Inc. to Trinity Health Corporation
Response to Item 9 of the Settlement and Order dated 8/1/2015
Annual Report for the Capital Investment Plan due 11/30/2017

Question 1

Provide a five-year post-closing capital investment plan detailing the proposed allocation of the $275 million capital investment commitment. The submitted plan shall account for the full $275 million commitment as stated in the proposal and include the following information:

a. A list of planned capital expenditures with detailed descriptions and associated estimated costs, and

Please refer to **Attachment 2** for FY 2017 actual capital expenditures for the twelve month period ended September 30, 2017.

Attachment 3 includes the final approved capital budget (see column C) for Trinity Health Of New England Corporation, Inc. (TH Of NE) which has been approved by Trinity Health's governing body and presented to TH Of NE's finance committee. The FY 2018 budget is for the period 7/1/2017-6/30/2018.

Attachment 3 has also been updated to reflect preliminary capital budget for FYs 2019 and 2020. TH Of NE, including Saint Francis Hospital and Medical Center, have recently completed the most recent strategic plan and will be embarking on a Master Facilities Plan in CY 2018 which will further define capital priorities over the next three to five years. In addition, as strategic projects are identified, there is a process in place to facilitate the receipt of additional capital funding from Trinity Health for these priorities. One example of a strategic priority currently under review is the Ambulatory Surgery Center (ASC) in Hartford. The ASC has been included on the attached preliminary capital budget.

b. A timeframe for the rollout of the capital projects, including estimated beginning, ending and start-up/operation dates.

See **Attachment 4** for the FY 2018 individual capital projects greater than $100,000 that have been approved to proceed at Saint Francis. The remaining dollars relating to the capital budget will be allocated based on current priorities and any critical needs that arise. These amounts are summarized by category on **Attachment 3**.

As the strategic plan is finalized and the more significant capital investments are identified, TH Of NE will provide OHCA with an update for this stipulation. TH Of NE continues to believe this approach will ensure the greatest accuracy as well as meet the intent of this stipulation.

Attachment 2
Capital Expenditure Summary
FY17 Actuals - 10/1/2016-9/30/2017
Expenditures > $100,000

	Actuals FY17
Expansion/renovations of clinical facilities

Hartford Ambulatory Surgery Center			-	4,333	5,981	1,596	11,910
Total estimated annual capital expenditures	**$ 275,000**	**$ 50,997**	**$ 76,428**	**$ 38,226**	**$ 68,220**	**$ 61,841**	**$ 295,712**

(a) Preliminary plan for capital commitment as noted on page 635 of CON.

(b) Capital expenditures 10/1/2016-9/30/2017 see detail at Attachment 2

(C) Approved Trinity Health Of New England FY18 routine capital budget for Saint Francis and Johnson is $11.3M and $0.873M, respectively. This amount is exclusive of $15.7M earmarked for TH Of NE IT projects, of which $9.3 is targeted for St. Francis. In addition, subject to final approval, an additional $11.9M (in total) has been earmarked for an Ambulatory Surgery Center in Hartford.

(d) Amounts continue to be preliminary based on evolving RHM strategy and expected investment necessary for Saint Francis facilities and equipment, etc. The Strategic plan was recently completed and the Master Facilities Plan has recently been approved to begin for TH OF NE.

(e) Saint Mary's 5 year commitment is through 2021 based on timing of affiliation.

Note: $20,015 in FY 2016 was investment in Johnson Memorial Hospital which closed on 1/1/2016

Attachment 4
Capital Expenditure Summary

CON Docket No. 15-31979-CON- Transfer of ownership of Saint Francis Care, Inc. to Trinity Health Corporation

Response to Items #10 and #11 of the Settlement and Order dated 8/1/2015 for the Six Month Period Ended September 30, 2017

10. For three (3) years following the Closing Date, the Applicants shall file the following information with OHCA on a semi-annual basis for both the Hospital and its immediate parent (SFC or its successor legal entity) for purposes of this Order, semi-annual periods are October 1 - March 31 and April l - September 30. The required information is due no later than two (2) months after the end of each semi-annal period. Due dates are May 31 and November 30, beginning May 31, 2016:

a) The cost saving totals achieved in the following Operating Expense Categories for both the Hospital and its immediate parent (SFC or its successor legal entity, SFCRHM): Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The information shall also contain narratives describing:

1. the major cost savings achieved for each expense category; and

Since October 1, 2015, the leaders within the functional areas at Saint Francis Hospital and Medical Center have been working closely with Trinity Health to identify and implement changes to realize cost saving opportunities. As previously reported, a significant benefit with annual ongoing savings for Saint Francis was the defeasance of Saint Francis' long term debt of approximately $246 million with proceeds from an intercompany loan. In addition, the Series F Fixed Pay SWAP was novated to Trinity Health on October 1, 2015. The result of this SWAP was an improvement in Saint Francis' net assets of $44 million. Furthermore, the transfer of this SWAP removes the financial risks associated with the change in interest rates and the impact on Saint Francis net assets. For example, in FY 2015, Saint Francis recorded a $14.8 million non-operating loss related to this interest rate SWAP. Interest rate SWAP loss for FY 17 was $887,000. Additional interest expense savings for the six months ended September 30, 2017 was approximately $430,000 as a result of favorable interest rates.

Another significant change was the inclusion of Saint Francis into the Trinity Health insurance program. This created an overall initial decrease in annual premiums of approximately $1.3 million exclusive of one time tail coverage costs incurred as part of the transaction. Effective 7/1/2017, Saint Francis received additional annual premium reductions and the impact of this reduction was $4.4 million for Saint Francis Hospital and Medical Center. The savings for the six month period ended September 30, 2017 was approximately $1.1 million favorable compared to the first six months of the fiscal year.

Lastly, leveraging the Trinity Health actuarial expertise whose approach is to more closely align mortality assumptions with plan participant demographics in the Trinity Health pension plans,

Saint Francis' projected benefit obligation was further evaluated. As a result, Saint Francis recognized an annual benefit in pension expense of $4.2 million for the twelve month period ended September 30, 2016. For the period from April 1, 2017 through September 30, 2017, Saint Francis had additional favorability in pension expense of $3.1 million. Furthermore, Trinity and Saint Francis have developed a plan to continue to adequately fund the Saint Francis defined benefit plan consistent with the Trinity Health funding policy. For the period 10/1/2016-9/30/2017, Saint Francis made contributions to the pension plan of $27.9 million. Based on the current obligations under the plan and current funding level, Saint Francis will make contributions of $32.9 million to the plan during the period 7/1/2017-6/30/2018. Historically, Saint Francis was only able to contribute approximately $9 million to the plan annually.

In January 2017, the employees of Saint Francis were brought onto to Trinity Health benefit programs which provided several enhancements to their benefits. The most significant change is that colleagues working more than twenty hours per week are participating in a defined contribution retirement program which provides a base core contribution of 3% for everyone and a matching contribution for the first 6% of a colleague's contribution. This change resulted in over $700,000 additional contributions made to employee's plans. The new health insurance program provides comprehensive coverage at a lower average employee contribution compared to what had previously been provided.

Saint Francis continues with the transition to the Trinity Health Group Purchasing Organization, HPG. During the period April 1, 2017 to September 30, 2017, this effort has resulted in additional supply chain savings of approximately $760,000. Most of the current saving was achieved by reducing the cost on existing goods through the implementation of the Trinity Health National Agreements. Supply Chain integration activity will continue in FY17 and FY18. In addition, as we shift to SFHMC maintenance contracts to TH master agreements with the respective vendors, SFHMC has realized savings of $400,000 associated with leveraging Trinity Health pricing for these agreements.

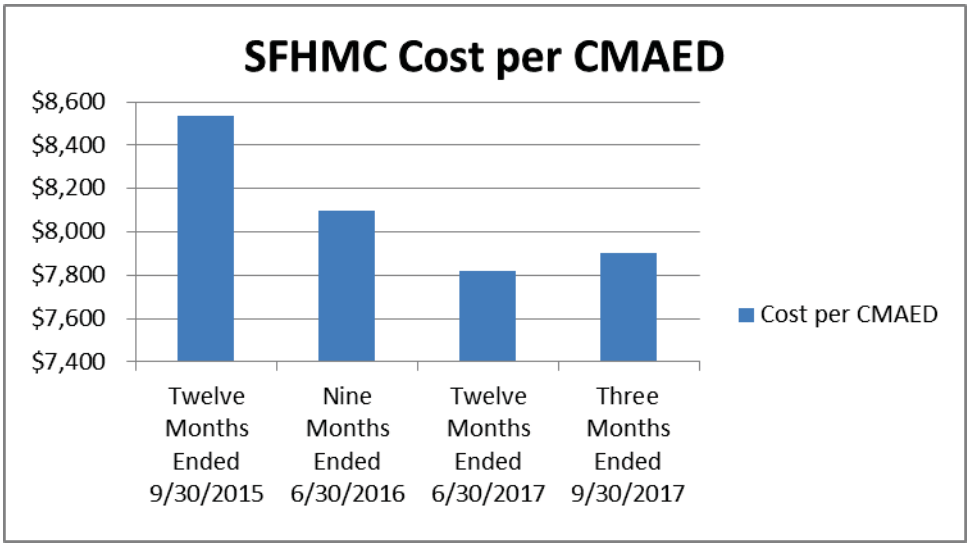
Trinity Health Of New England, Inc. (TH Of NE, formerly known as Saint Francis *Care*, Inc.), on behalf of its member hospitals including Saint Francis Hospital and Medical Center, Johnson Memorial Hospital and Saint Mary's Hospital, is currently working with Trinity Health on ensuring these hospitals continue to deliver high quality care and remain low cost providers within the community. TH-NE and Trinity Health have engaged external consultants to assist in performance improvement, integration, regionalization strategy, productivity improvements and other cost reductions. Resources from Trinity Health system office are supporting these efforts and are on-site on a regular basis. Furthermore, Trinity Health has assumed 50% of these costs totaling over $1.3 million benefit to the Connecticut hospitals within TH Of NE during the period 4/1/2017-9/30/2017.

Additional regionalization and alignment strategies have decreased costs in various areas including legal and external audit. Prior to 10/1/2015, Saint Francis annual audit fees were approximately $600,000. SFHMC audit fee is part of Trinity Health's audit fees and no additional expense is directly charged to the organization. Furthermore, access to legal services

at Trinity Health system office has resulted in a decrease in annual external legal fees of approximately $1.4 million.

Overall, SFHMC has seen significant decrease in costs per case mix adjusted equivalent discharge since the affiliation with Trinity Health and the establishment of the region.

Table 1: Costs per Case Mix Adjusted Equivalent Discharge



Except where otherwise noted, these cost savings will continue to be realized in future years. Furthermore, we continue to identify cost saving opportunities with vendors and will report those cost savings when realized in future reporting periods. See **Attachment A** for expense savings by category.

2. the effect of these cost savings on the clinical quality of care.

There has been no negative impact to clinical quality of care as a result of these cost savings. Saint Francis continues to have a strong census as well as being recognized for its clinical excellence. For example, in November 2017, Saint Francis Hospital and Medical Center has again received an "A" rating Hospital Safety Score from The Leapfrog Group, a national hospital quality watchdog organization. Saint Francis has received an "A" rating eight times since the survey's inception in 2012 and is one of only five Connecticut hospitals to receive an "A" rating this year.

b) A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for the Hospital and its immediate parent (SFC or its successor legal entity, SFCRHM). The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/150, 300/350 or successor reports.

See **Attachment B.**

11) For three (3) years following the Closing Date, SFCRHM shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for SFCRHM. The

required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016.

See **Attachment C** for Financial Indicators.

RE: Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Dear Ms. Roberts:

Please see the attached documents in satisfaction of Stipulation 9 of the above-referenced Agreed Settlement Order dated November 24, 2015.

Please do not hesitate to contact me if you have any questions regarding this matter at 860-714-6165.

Thank you for your attention to this matter.

Sincerely,

Claudio A. Capone
Regional Vice President
Strategic Planning and Business Development

Enc.

CON Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Response to Item #9 of the Settlement and Order dated 11/24/2015 for the Six Month Period Ended September 30, 2017

9. Within one hundred and fifty (150) days following the Closing Date and thereafter on an annual basis, the Applicants shall submit to OHCA its Capital Investment Plan specific to JMMC and JMH detailing the proposed allocation of the capital investment commitment over the three-year period post-closing. The submitted plans shall account for the full commitment as stated in this proposal and include the following in a format to be agreed upon:

> *a) A list of planned capital expenditures with detailed descriptions and associated estimated costs; and b) A timeframe for the roll out of the capital projects (including estimated beginning, ending and startup/operation dates); and c) Written reports updating OHCA on the implementation of the Capital Investment Plan in each Annual Report submitted under this Order. Such reports shall describe all activities and expenditures undertaken as part of the Capital Investment Plan, including but not limited to, a description of the capital project, the dates and amounts of withdrawals from the JMMC's operating account and/or any other sources of funding used to fulfill the capital commitment. The reports shall be signed by JMMC's Chief Financial Officer.*

Since the approval of the Certificate of Need, Johnson has been in the process of developing the capital budget for FY 2017 (July 1, 2016 through June 30, 2017).

For the period April 1, 2016 through September 30, 2016, Johnson incurred capital expenditures of $1.1 million (See **Attachment A**). As previously reported, Trinity Health – New England (formerly known as Saint Francis *Care,* Inc.*)* and Johnson accelerated the timing of the implementation of the Epic electronic medical record system. The total capital cost of this system implementation relating to Johnson was approximately $6.8 million, which was paid by Saint Francis Hospital and Medical Center and ultimately structured as a capital lease to Johnson. Annual capital lease payments from Johnson to Saint Francis Hospital and Medical Center total $960,000 annually for seven years, $480,000 for the six month period ended September 30, which has been included in the capital expenditure report attached.

The FY 2017-FY2020 preliminary capital budget for Johnson (see **Attachment B**) was developed as part of the Trinity Health-New England's capital and operating budget processes as well as the current strategic financial planning process for the fiscal years 2018-2020. While capital projects are inventoried and identified during the strategic planning process, the actual expenditure for FY 2017, 2018 and 2019 will likely be $1.5 million, $3.0 million and $3.0 million, respectively. Individual items on Johnson's capital request will be continuously evaluated as we are constantly assessing the strategic needs of the facilities.

RE: Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Dear Ms. Roberts:

Please see the attached documents in satisfaction of Stipulations 10 and 11 of the above-referenced Agreed Settlement Order dated November 24, 2015.

Please do not hesitate to contact me if you have any questions regarding this matter at 860-714-6165.

Thank you for your attention to this matter.

Sincerely,

Claudio A. Capone
Regional Vice President
Strategic Planning and Business Development

Enc.

CON Docket Number: 15-32002-CON Transfer of Ownership of Johnson Memorial Medical Center to Saint Francis *Care,* Inc.

Response to Items #10 and #11 of the Settlement and Order dated 11/24/2015 for the Six Month Period Ended September 30, 2017

10. For three (3) years following the Closing Date, the Applicants shall file the following information with OHCA on a semi-annual basis for both JMH and its immediate parent, JMMC. For purposes of this Order, semi-annual periods are October 1- March 31 and April 1 - September 30. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016:

a) The cost saving totals achieved in the following Operating Expense Categories for both JMH and its immediate parent, JMMC: Salaries and Wages, Fringe Benefits, Contractual Labor Fees, Medical Supplies and Pharmaceutical Costs, Depreciation and Amortization, Interest Expense, Malpractice Expense, Utilities, Business Expenses and Other Operating Expenses. The categories shall be consistent with the major operating expense categories (Categories A,B,C,D,E,G,H,I,J, and K) which are in use at the time of reporting in the OHCA Hospital Reporting System ("HRS") Report 175 or successor report. The semi-annual submission shall also contain narratives describing:

1. the major cost savings achieved for each expense category; and

Since January 1, 2016, the leaders within the functional areas at Saint Francis Hospital and Medical Center have been working closely with Johnson to identify and implement changes to realize cost savings opportunities. As previously reported, one immediate benefit was the successful restructuring of Johnson's debt as of December 31, 2015 with an intercompany loan from Trinity Health Of New England Corporation, Inc. (TH Of NE). In addition, Saint Francis Hospital and Medical Center forgave a loan due from Johnson in the amount of $2,350,000 upon the closing of the transaction. The restructured debt has resulted in a decrease of interest expense in the amount of $48,000 for the six month period ended September 30, 2017.

Another significant savings realized to date was the inclusion of Johnson into the Trinity Health insurance program. This produced an overall decrease in annual premiums for malpractice, workers compensation and other business policies of approximately $1.0 million. Furthermore, additional insurance premium savings of $198,000 will be realized for the annual period 7/1/2017 through 6/30/2018. For the six month period ended September 30, 2017, the additional savings realized was approximately $100,000.

There continues to be significant efforts to centralize and regionalize support functions across TH Of NE including Finance, Human Resources, Revenue Cycle, Quality, Performance Improvement, Facilities, and Information Systems. In the last twelve months, HIM and Billing have fully integrated into TH Of NE. This has resulted in reduction of costs at Johnson of $1.2 million for the six months ended September 30, 2017 for all of these support areas.

In addition, Johnson has benefited from the utilization of both regional and system office Legal Services, Compliance and Audit departments. The decrease in legal fees, consulting and auditing costs associated with this transition was $258,000 for the six month period ended September 30, 2017.

Annual non-salary information technology costs of $308,000 were transferred to the region at the beginning of FY 2017. Other cost reductions due to regionalization were $47,000 and $43,000 in advertising and recruitment expenses. Johnson's portion of these costs are now included in the regional allocation.

The above savings are offset by a TH Of NE regional allocation of $706,000 for the six month period included in other operating expenses in **Attachment A.**

Another initiative to improve quality and decrease costs that occurred during FY 2017 was the restructuring of lab services utilizing Collaborative Laboratory Services ("CLS"). This restructure transitioned the lab personnel and purchasing of supplies from Johnson to CLS. As a result, Johnson is now charged a cost per RVU for lab tests performed from CLS. This integration of Johnson's lab with CLS has resulted in net savings of $328,000 for the six month period ended September 30, 2017. Currently, we are in the process of evaluating the regionalization of the Laboratory across the entire TH Of NE region.

As previously reported, during the first calendar quarter of 2017, the Enfield Oncology staff transitioned to employees of Saint Francis. This transition allows both Saint Francis and Johnson to share resources across both campuses, provide enhanced compensation packages for employees and has resulted in a lower cost to Johnson through this arrangement. Additional savings were realized as a result of this integration and the net benefit to Johnson was $142,000 for the six months ended September 30, 2017.

In addition to the cost savings, Johnson has been able to leverage the expertise and resources at Saint Francis Hospital and Medical Center, Trinity Health Of New England and Trinity Health in each of the areas identified above.

JMMC merged into JMH on January 23, 2017 and all savings related to this transaction were recognized in JMH prior to the merger

Lastly, TH Of NE working with Trinity Health has engaged consultants to continue to assist in performance improvement, integration, regionalization strategy, productivity improvements and other cost reductions. Resources from Trinity Health system office are supporting these efforts and are on-site on a regular basis. Furthermore, Trinity Health has assumed 50% of these costs totaling over $1.3 million benefit to the Connecticut hospitals within TH Of NE for the six month period.

We continue to identify cost saving opportunities as we align our vendor contracts with Trinity Health system contracts. Supply chain savings realized during the six month period was $28,000.

See **Attachment A** for expense savings by category. Also, refer to financial statistics noting significant improvement in financial performance since the acquisition of Johnson by TH Of NE.

2. the effect of these cost savings on the clinical quality of care.

There has been no negative impact to clinical quality of care as a result of these cost savings.

Since joining TH Of NE, Johnson has received the Gold Seal 3-year Joint Commission Accreditation, and has experienced improvements in both patient experience and clinical quality. With that said, Johnson is leading the region in three critical metrics: Hospital Acquired Infections, Readmission Rates and ED Patient Experience. Areas of clinical quality improvement have also resulted in decreased serious safety events.

Also, Johnson's average daily census and year-to-date discharges continue to remain strong and Johnson's overall financial performance has improved significantly since the affiliation. See **Attachment B** which highlights the overall decrease in costs per case mix adjusted equivalent at Johnson since the acquisition on January 1, 2016.

b) A consolidated Balance Sheet, Statement of Operations, and Statement of Cash Flows for JMH and its immediate parent, JMMC. The format shall be consistent with that which is in use at the time of reporting in OHCA's HRS Reports 100/150, 300/350 or successor reports.

See **Attachment C.**

11) For three (3) years following the Closing Date, SFCRHM shall submit to OHCA a financial measurement report. This report shall be submitted on a semi-annual basis and show current month and year-to-date data, and comparable prior year period data for the Hospital and for SFCRHM. The required information is due no later than two (2) months after the end of each semi-annual period. Due dates are May 31st and November 30th, beginning May 31, 2016.

See **Attachment D** for Financial Indicators.

To: Capone, Claudio
Cc: Roberts, Karen; User, OHCA
Subject: RE: Saint Mary's, Docket number 15-32045-Stipulation #12

Hi Claudio,

A review of OHCA's compliance records indicated that due material related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 has not been submitted to OHCA.

- Stipulation #12 states:

  "TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.
  In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

  a. *On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population."*

Thirty date of the closing is August 31st, however, through previous email correspondence, dated May 25, May 16 and February 24, 2017, the Applicants and OHCA agreed that the material related to Condition #12 may instead be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry by January 12, 2017, two weeks from today. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Thank you,
Carmen

Subject: RE: Saint Mary's, Docket number 15-32045-Stipulation #12

Hi Claudio,

A review of OHCA's compliance records indicated that due material related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 has not been submitted to OHCA.

? Stipulation #12 states:

"TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.
In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

a. *On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population."*

Thirty date of the closing is August 31st, however, through previous email correspondence, dated May 25, May 16 and February 24, 2017, the Applicants and OHCA agreed that the material related to Condition #12 may instead be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry by January 12, 2017, two weeks from today. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Thank you,
Carmen

Hi Lydia,

A review of the documents submitted to OHCA on January 19th related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 indicates that it is missing information for FY 2017. The documents provided data

and related narratives for FY 2015 and FY 2016 Saint Mary's Community Benefits and Community Building Activities but not for FY 2017. Please provide the missing information.

It is also requested that you submit your responses via electronic mail by using the OHCA general email inbox which is OHCA@ct.gov. In addition, please continue to reference the CON docket number in the subject line of the email when transmitting.

You may contact me at (860) 418-7039 or Karen Roberts, Principal Health Analyst at (860) 418-7041, if you have any questions regarding this request.

Thank you,
Carmen

RE: **Docket Number: 15-32045-CON** Transfer of Ownership of Saint Mary's Health System, Inc. to Trinity Health Corporation and Trinity Health Of New England

Dear Ms. Cotto,

Trinity Health Of New England is in the process of filing extensions for FY 2017 990s and they are due by August 15, 2018. The information needed to finalize all the community benefit questions is not yet available; therefore, we are unable to respond to Stipulation #12 with complete FY 2017 information. FY 2016 is the latest complete set of information available at this time and therefore was used in the Stipulation #12 response submitted January 19, 2018.

Please do not hesitate to contact me with any additional questions you may have.

Sincerely,

Claudio A. Capone
Regional Vice President
Strategic Planning and Business Development

Subject: RE: DRAFT Saint Mary's, Docket number 15-32045-Stipulation #12_follow up

Hi Lydia,

We understand that the FY 2017 IRS 990s are yet to be finalized. However, Saint Mary's Docket Number 15-32045-CON Stipulation #12 does not require the Hospital to submit a finalized IRS 990 document.

A document version of what was submitted for FY 2015 and 2016 to OHCA on January 19th that would show the Hospital's FY 2017 Community Benefits Programs and Buildings Activities dollars spent along with a narrative will be acceptable.

The Applicants and OHCA agreed that the material related to Stipulation #12 may be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Hi Lydia,

We understand that the FY 2017 IRS 990s are yet to be finalized. However, Saint Mary's Docket Number 15-32045-CON Stipulation #12 does not require the Hospital to submit a finalized IRS 990 document.

A document version of what was submitted for FY 2015 and 2016 to OHCA on January 19th that would show the Hospital's FY 2017 Community Benefits Programs and Buildings Activities dollars spent along with a narrative will be acceptable.

The Applicants and OHCA agreed that the material related to Stipulation #12 may be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Hi Lydia,

A review of the documents submitted to OHCA on January 19th related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 indicates that it is missing information for FY 2017. The documents provided data and related narratives for FY 2015 and FY 2016 Saint Mary's Community Benefits and Community Building Activities but not for FY 2017. Please provide the missing information.

It is also requested that you submit your responses via electronic mail by using the OHCA general email inbox which is OHCA@ct.gov. In addition, please continue to reference the CON docket number in the subject line of the email when transmitting.

You may contact me at (860) 418-7039 or Karen Roberts, Principal Health Analyst at (860) 418-7041, if you have any questions regarding this request.

Thank you,
Carmen

Subject: RE: Saint Mary's, Docket number 15-32045-Stipulation #12

Hi Claudio,

A review of OHCA's compliance records indicated that due material related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 has not been submitted to OHCA.

? Stipulation #12 states:

"TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.
In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

a. *On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population."*

Thirty date of the closing is August 31st, however, through previous email correspondence, dated May 25, May 16 and February 24, 2017, the Applicants and OHCA agreed that the material related to Condition #12 may instead be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry by January 12, 2017, two weeks from today. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Hi Claudio,

A review of OHCA's compliance records indicated that due material related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 has not been submitted to OHCA.

? Stipulation #12 states:

"TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.
In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

a. *On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population."*

Thirty date of the closing is August 31st, however, through previous email correspondence, dated May 25, May 16 and February 24, 2017, the Applicants and OHCA agreed that the material related to Condition #12 may instead be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry by January 12, 2017, two weeks from today. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Thank you,
Carmen

Hi Lydia,

We understand that the FY 2017 IRS 990s are yet to be finalized. However, Saint Mary's Docket Number 15-32045-CON Stipulation #12 does not require the Hospital to submit a finalized IRS 990 document.

A document version of what was submitted for FY 2015 and 2016 to OHCA on January 19th that would show the Hospital's FY 2017 Community Benefits Programs and Buildings Activities dollars spent along with a narrative will be acceptable.

The Applicants and OHCA agreed that the material related to Stipulation #12 may be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

Thank you,
Carmen

Hi Lydia,

A review of the documents submitted to OHCA on January 19th related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 indicates that it is missing information for FY 2017. The documents provided data and related narratives for FY 2015 and FY 2016 Saint Mary's Community Benefits and Community Building Activities but not for FY 2017. Please provide the missing information.

It is also requested that you submit your responses via electronic mail by using the OHCA general email inbox which is OHCA@ct.gov. In addition, please continue to reference the CON docket number in the subject line of the email when transmitting.

You may contact me at (860) 418-7039 or Karen Roberts, Principal Health Analyst at (860) 418-7041, if you have any questions regarding this request.

Thank you,
Carmen

Hi Claudio,

A review of OHCA's compliance records indicated that due material related to Saint Mary's Docket Number 15-32045-CON Stipulation #12 has not been submitted to OHCA.

? Stipulation #12 states:

"TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the Closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less

than a 1% increase per year for the next three (3) years toward the Hospital's community building activities in terms of dollars spent.
In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

a. *On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website. OHCA is imposing this Condition to ensure continued access to health care services for the patient population."*

Thirty date of the closing is August 31st, however, through previous email correspondence, dated May 25, May 16 and February 24, 2017, the Applicants and OHCA agreed that the material related to Condition #12 may instead be filed each November 30th. Therefore, the material is now overdue.

Please provide a response to the above CON compliance inquiry by January 12, 2017, two weeks from today. Please also remember to send to the OHCA general email inbox, which is OHCA@ct.gov , all material for the Docket. Please be assured that any material that will be received in the general inbox will become part of the public record for this docket number.

RE: **Docket Number: 15-32045-CON** Transfer of Ownership of Saint Mary's Health System, Inc. to Trinity Health Corporation and Trinity Health Of New England

Dear Ms. Cotto,

Please see the attached document in satisfaction of Stipulation 12 of the above-referenced Agreed Settlement Order dated August 1, 2016. We revised our January 19, 2018, submission to include preliminary FY 2017 information.

Please do not hesitate to contact me with any additional questions you may have.

Sincerely,

Claudio A. Capone
Regional Vice President
Strategic Planning and Business Development

For Saint Mary's Hospital (Docket#15-32045)

Condition #12 – TH-NE shall maintain community benefit programs and community building activities for the Hospital for three (3) years after the closing Date consistent with the Hospital's most recent Schedule H of IRS Form 990 or shall provide such other community benefit programs and community building activities that are at least as generous and benevolent to the community as the Hospital's current programs, and TH-NE shall apply no less than a 1% increase per year for the next three (3) years towards the Hospital's community building activities in terms of dollars spent.

In determining the Hospital's participation and investment in both community benefits and community building activities, TH-NE shall address the health needs identified by the applicable CHNA in effect at the time and the population health management objectives, including social determinants of health, contained in the related Implementation Strategy.

a. **On an annual basis, TH-NE shall identify the amounts and uses related to community benefits and community building and shall discuss how such investments and support are being applied toward the health needs identified in the CHNA and population health management objectives. Such reporting shall be filed within thirty days of the anniversary date of the closing for three years and shall be posted on the Hospital's website.**

Community Benefit Programs

In FY 2016, Saint Mary's Net Community Benefit was $29,494,286. In contrast, the FY 2017 preliminary Net Community Benefit was $31,693,646 (FY 2017 IRS990 filing will be fully available and finalized on August 15, 2018).

Form 990, Schedule H, Financial Assistance, Net Benefit	FY 2015	FY 2016	FY 2017
Financial Assistance at cost	$ 1,071,892	$ 2,206,026	$ 1,234,863
Medicaid	$ 18,934,819	$ 20,475,484	$ 25,369,239
Cost of other means-tested government programs			
Total Financial Assistance	$ 20,006,711	$ 22,681,510	$ 26,604,102
Other Benefits			
Community health improvement services and community benefit operations	$ 200,781	$ 225,257	$ 136,274
Health professions education	$ 4,976,835	$ 5,401,397	$ 4,813,527
Subsidized health services	$ 2,439,103	$ 1,113,750	$ -
Research			
Cash and in-kind contributions for community benefit	$ 76,697	$ 72,372	$ 139,743
Total Other Benefits	$ 7,693,416	$ 6,812,776	$ 5,089,544
Total	$ 27,700,127	$ 29,494,286	$ 31,693,646

Based on results of the 2016 CHNA, the five selected priorities are access to care; mental health and substance abuse; chronic disease; tobacco use and asthma; and health communications. The following community benefits and community building describe how hospital investments and support are being applied towards CHNA and population health management objectives.

An example of one of Saint Mary's many community benefit services include the Early Detection and WISEWOMAN Program for Breast, Cervical, and Colorectal Cancer. As the only hospital in Waterbury offering this program, it has assisted and screened more than 3,200 uninsured or underinsured women and men since the program began in 1995. Patients receive free screening and diagnostic services and work directly with a nurse case manager to address barriers to care if faced with a high risk or cancer

diagnosis. To date, over 75 women have been diagnosed with breast or cervical cancer through our program. These women have received appropriate and timely follow-up care and treatment. After over two decades of service, the early detection program continues to impact the lives of women and their families. The program is offered through the Saint Mary's Family Health Center.

Other examples of Saint Mary's community benefit programs and services include support groups that are hosted and supported by the hospital. The Bariatric Support Group at Saint Mary's is held on a monthly basis and typically assists 40 patients per month to provide professional, compassionate support after weight loss surgery.

In addition, Saint Mary's has joined the Spirit of Women network, a national organization which engages, educates, and motivates women to take action for better health for themselves and their families through inspiring experiences, events, and healthcare communications. Since the program's inception in 2015, more than 2,000 women attended 13 events that were held at local community venues. These programming and health initiatives directly relate back to the CHNA priority areas specific to chronic disease and health communications.

One program, "Hoop to Help", has had an incredible impact. In 2015, a Saint Mary's colleague saw a need in the Waterbury community. Through the Community Tabernacle Outreach Center, the colleague founded and organized the annual Hoop to Help Basketball Tournament at the Waterbury Police Activity League and Johnathan Reed Elementary School. The tournament serves as an outreach effort to provide Waterbury Public School students with back-to-school supplies.

Inspired by the colleague's efforts, in 2017, Saint Mary's stepped in to assist with the tournament. Saint Mary's saw it as an opportunity to make a difference in the lives of local students by providing necessary school supplies as well as to encourage physical activity. Over 25 teams from Waterbury and surrounding towns attended the tournament in late July and raised money towards the program. In addition, during the course of the tournament Saint Mary's Hospital was able to offer health and wellness information and provide first-aid materials.

The colleague stated that, "because of Saint Mary's involvement in the tournament, the Community Tabernacle Outreach Center was able to almost double what was given in previous years." Over 1,000 students in the Waterbury Public School system received backpacks filled with school supplies within the first month of the school year.

The Hoop to Help Basketball Tournament is just one example of how Saint Mary's Hospital is living the mission of being a transforming healing presence within the communities it serves.

Saint Mary's is also developing a Community Care Team (CCT). A Community Care Team is an innovative program developed to provide a collaborative model of care for complicated patients through multiagency partnerships. CCTs consist of a team of hospital staff and community agencies who focus on the medical and social needs of a shared population. The identified patients are those who may not have responded to a traditional approach and who are likely to have improved outcomes as a result of enhanced care coordination.

In Connecticut, CCTs are showing a promise in their ability to impact outcomes for both the individual and the hospital. The Greater Waterbury area is one of the few major markets in Connecticut without a Community Care Team program. This CCT would be brought forth with the assist of community

agencies and Greater Waterbury Health Improvement Partnership. The creation of this CCT will directly align with the access to care, and mental health and substance abuse priority areas for the Greater Waterbury Health Improvement Partnership CHNA.

In addition to these programs, Saint Mary's also has successful partnerships with other community organizations such as the Greater Waterbury United Way, Wellmore Behavioral Health for Children and Families, and the Morris Foundation, which offers treatment, prevention, education, and recovery support for individuals with substance abuse and behavioral health issues. The hospital has also forged collaborations to bring world-class healthcare services to the community through The Harold Leever Regional Cancer Center, a freestanding 40,000-square-foot facility dedicated to outpatient cancer care, which is a joint venture partnership between Saint Mary's Hospital and Waterbury Hospital, extending its reach.

In addition to the community building activities identified and the quantified free or discounted health services identified in the reported charity care figures, SMH provides other community benefits. Examples include screenings, lectures, health fairs, support groups, consultations, referrals to outside agencies and others.

Health professions education:

SMH is a teaching hospital and is committed to preparing future healthcare professionals. This category represents that majority of Saint Mary's community benefit activities and includes efforts to generate interest in health professions as well as providing a clinical site for medical students, high school students and colleges for students who are pursuing degrees as nurses, physician assistants (PA), occupational, speech and physical therapists, radiology technologists and more.

Subsidized Services:

Saint Mary's Hospital provides health services to patients with no insurance or state insurance including emergency services and behavioral health clinics.

Financial and In-kind Contributions:

Saint Mary's Hospital financially supports other community organizations through sponsorships and in-kind donations via time spent by staff in the community on local boards and volunteering time for local organizations.

Community Benefit Operations:

The costs associated with planning and operating community benefit programs are in itself a benefit to the community. This category also includes costs associated with conducting a Community Health Needs Assessment as well as developing an implementation strategy.

Free Care

Free care is also provided for uninsured individuals whose income is below 200% of the Federal Poverty Income Levels. For self-pay accounts whose income are between 200% and 400% of the Federal Poverty Income Levels, Saint Mary's will reduce their bill by sliding scale discount for an

additional charity care reduction of 25% off of their remaining account(s) balance(s) for a total discount of up to 65%.

Community Building Activities

Saint Mary's FY 2016 Net Community Building Activities was $179,742. Preliminary FY 2017 numbers indicate a decrease from FY 2016. Most of the decrease was in "Coalition Building" which was a result of several unexpected shifts in leadership and positions within Saint Mary's who were directly involved with Community Building Activities. We anticipate an increase in Community Building Activities in FY 2018 as Saint Mary's increases its representation and involvement with community coalitions that address economic revitalization and need for affordable housing.

Form 990, Schedule H, Community Building Activities, Net Benefit	FY 2015	FY 2016	FY 2017
Physical improvements and housing	$ 202	$ 403	$ 1,772
Economic development
