

Statewide Numbers for Cardiac Procedures

The following tables present the number of Open Heart Surgeries and the number of Inpatient Angioplasties by each hospital that performs such procedures in Connecticut. Note that those programs showing zero volumes from Fiscal Year 2002 to 2004 were not in operation at that time. Furthermore, some were not in operation for a full year during FY 2005. Below, OHCA has provided the implementation date for the newer programs by hospital. The fiscal year time period is different from the “operational” year that the agency uses for compliance with agreed upon volumes and may result in volume differences.

Table 1: The Number of Open Heart Surgeries Performed by Hospital, FY 2002 – FY 2007

| Hospital | 2002 | 2003 | 2004 | 2005 | 2006 | 2007 |
|---------------|--------------|--------------|--------------|--------------|--------------|--------------|
| Bridgeport | 345 | 313 | 268 | 263 | 175 | 194 |
| Danbury | 0 | 0 | 0 | 114 | 177 | 121 |
| Dempsey | 115 | 134 | 121 | 174 | 97 | 70 |
| Hartford | 901 | 844 | 756 | 726 | 742 | 685 |
| St. Francis | 1,239 | 1,299 | 1,311 | 1,188 | 998 | 990 |
| St. Mary's | 0 | 0 | 0 | 19 | 72 | 100 |
| St. Raphael | 761 | 687 | 617 | 510 | 353 | 342 |
| St. Vincent's | 310 | 296 | 293 | 291 | 259 | 232 |
| Waterbury | 0 | 0 | 0 | 20 | 117 | 110 |
| Yale | 973 | 905 | 860 | 861 | 704 | 664 |
| Total | 4,644 | 4,478 | 4,226 | 4,166 | 3,694 | 3,508 |
