Information Technology Committee

to make a plan for developing,
acquiring, financing, leasing, or
purchasing fully interoperable
electronic medical records
software and hardware
packages for subscribing
providers.

Medical Home Advisory Committee

composed of physicians, nurses,
consumer representatives, and other
qualified individuals chosen by the
board. The committee must develop
recommended internal procedures
and proposed regulations for the
administration of medical homes for
SustiNet Plan members.

Health Care Quality Committee

to establish a health care provider committee to
develop clinical care and safety guidelines for use by
SustiNet providers. The committee must choose
from existing nationally and internationally
recognized care guidelines. It must continually assess
the quality of evidence, the relevant costs, and the
risks and benefits of treatments. The committee
must have provider and consumer members.

Preventive Health Care Committee

to establish a preventive health care
committee that uses evolving medical
research to make recommendations to
improve health outcomes for SustiNet
Plan members in areas of nutrition,
physical exercise, tobacco use, addictive
substances, and sleep. The committee
must have provider and consumer members.

Obesity Task Force The bill establishes a task force to study childhood and adult obesity. It must examine evidence-based strategies for preventing and reducing obesity and develop a comprehensive plan that will result in a reduction in obesity.

Tobacco Use Task Force The bill establishes a task force to study tobacco use by children and adults. It must examine evidence-based strategies for preventing and reducing tobacco use and developing a comprehensive plan to reduce tobacco use.

Health Care Workforce Task Force The bill establishes a task force to study the state's health care workforce. It must develop a comprehensive plan for preventing and remedying state-wide, regional, and local shortages of necessary medical personnel.

- Committee work is informed by Task Forces
- All Committees and Task Forces forward their conclusions and recommendations to the SustiNet Board of Directors
- All Task Force work ends on January 1, 2011, when bill is introduced
- The SustiNet Board will identify public and private funding to support SustiNet mission and operations
- The SustiNet Board will make optimum use of opportunities created by new federal funding

January 1, 2011

The SustiNet Health Partnership Board
submits a bill to the legislature detailing
the implementation of the SustiNet
Plan and addressing how best to:

- Design the SustiNet Plan to improve health, quality of care, and access to care; and to slow the growth of health care spending
- Establish action plans for the effective management of chronic illness and implementation of preventive care, and the reduction of racial and ethnic disparities
- Assure adequate provider networks so that SustiNet Plan members have timely access to high quality care
- Set payment methods for health care providers that promote access to care and patient health and cover the cost of care
- Establish a range of benefit, premium and cost-sharing options for SustiNet Plan members
- Evaluate options for ensuring that both healthy and sick people will have access to affordable coverage
- Structure governance and administration for the oversight and implementation of the SustiNet Plan
- Secure private and public revenue sources, including how to maximize federal reimbursement

July 1, 2012

The following groups
will be able to join the
SustiNet Plan:

- Small businesses employees
- Nonprofit employees
- Municipalities
- Retirees
- Dependents
- Those who are not offered employer sponsored insurance
- HUSKY Plan Parts A & B
- Medicaid
- SAGA

The SustiNet Board will also
develop recommendations to
ensure that employers can choose
to participate in the SustiNet Plan,
as well as individuals who have
unaffordable or inadequate
employer sponsored insurance.

UNIVERSAL
HEALTH CARE
FOUNDATION
of CONNECTICUT

Landmark universal health care reform that controls costs, promotes good health and delivers a quality, affordable health care choice to Connecticut residents.
