# INTRODUCTION

---

GOVERNOR DANIEL P. MALLOY  
2016 STATE OF THE STATE ADDRESS

HALL OF THE HOUSE OF REPRESENTATIVES, STATE CAPITOL  
FEBRUARY 3, 2016

We live in changing times. You don't have to take my word for it. You hear it from your constituents every day – a visceral feeling that our country and our state are not going back to how things were before the Great Recession.

Families are budgeting differently. Their expectations are changing. They know they can't rely on the same economy their parents and grandparents did where wages and home values steadily increased. They know it's tougher to save – for retirement, for a college education, or just for the inevitable repairs to their car or their home.

Businesses feel it too, both large and small. They're making different decisions about how they hire, and the kind of benefits they offer. They're looking at new technologies to fundamentally change how they operate, because if they don't – they won't survive.

In short, Connecticut families and businesses alike are adapting to a new economic reality. We in Connecticut are not alone. Thirty other states are seeing less revenue from peak years.

Our national economy while making progress from the Great Recession was fundamentally changed by the Great Recession. A shifting workforce, the rapid rise of technology and stagnant wage growth have made this recovery tougher for everyone, everywhere.

But here at home the problems were compounded by our inability over prior decades to make the necessary changes and investments that would've moved our economy forward more quickly. And now while we have made year-after-year progress chipping away at our structural imbalance it's clear that our work is not done – it's clear we have not gone far enough.

We have to adapt even more. Connecticut's government must re-set our expectations of what we can afford how we provide services, and how we save for our priorities.

It won't be easy and it often won't be politically popular. However, it is absolutely necessary if we want to create a more sustainable and enduring economy.

Friends, as we embark on another legislative session, my message to you is this: Connecticut is not going back to that pre-recession reality. It just doesn't exist anymore.

The people of Connecticut know it. They've accepted it. And so must their government. That's what I want to talk with you about today: how we adjust to this new economic reality. There are many ways we can do it – many ways we need to change – but I want to spend my time on just one topic: I want to talk about how we budget.

There's a simple reality that, while our economy was evolving the state budget did not change. Together this year we need to reshape the way Connecticut budgets. We need to make our budget more predictable, more transparent, and more sustainable. A more sustainable budget will help us build an economy that can be one of the strongest in the region and competitive nationally.

With that said, I'm going to lay out five budget principles. The first principle is in many ways the simplest: going forward, we need to limit our spending to available resources. We can do it by changing our "current services" budget approach. Current services is a term readily understood inside this hall. But it's a foreign concept to our constituents. Essentially, it means that we wrongly assume government can do everything it does now at ever-growing costs. It just isn't sustainable. Families and businesses do not set their budget based on the amount of money they want to have next year. Neither can the State of Connecticut. Managing our finances this way assumes we will face cuts if we don't achieve double digit growth in revenue every single year. It puts spending increases on autopilot. This must end, and this must end this year.

The budget adjustments I submit to you today are not based on current services spending. Similar to a zero based budgeting approach, my budget limits spending in the upcoming fiscal year and beyond to actual revenue projections. In other words, this budget is based not on how much we want to spend but how much money we actually have to spend.

This new method will require different decisions to keep government living within its means. It won't come without sacrifice – it will require reductions of the state workforce by hundreds, if not thousands, of employees through attrition and other means. I don't take that lightly, but I do think it's necessary. I will continue to work with our state employees to make sure those reductions are done fairly and with great care.

And, if we're going to limit ourselves to available resources, there's another way we can do it. Twenty-four years ago, the people of Connecticut voted for a Constitutional spending cap to ensure that the state could live within its means. It's time we give them what they asked for. The wisdom of the voters was correct in 1992, and it is correct now. Connecticut needs to enact a spending cap to keep spending in check. An enforceable spending cap goes hand in hand with eliminating the current services model. We cannot both constrain spending with a cap and assume government will continue to grow unchecked every year. I have previously offered this as a proposal to the General Assembly. But this year, we have to act. Otherwise, we will be forced year after year to either cut spending or look for additional revenue. Pass an enforceable spending cap, and I again will support it.

Here's the second principle: we cannot structurally balance our budget for the long run until we have addressed the primary driver of our long-term unfunded obligations. I'm talking about Connecticut's unsustainable pension and post-employment costs. In point of fact, we have made substantial progress addressing these costs. Reforms

made in 2011 have saved us billions upon billions of dollars. But our work addressing this debt remains unfinished. Much of this liability is due to decisions made before most of us went into public service. The problem was made worse over the years as the state offered early retirement incentives that added billions to our long term costs. Now, it has fallen upon us to fix it.

After decades of neglect, we are finally paying our pension obligations every year. I think we all know that must continue. And yet, we still face a fiscal cliff in 2032 that would be impossible to meet. The instability created by this cliff is shaking the confidence of the business community and looming over the next generation of Connecticut residents.

This past November, my administration released a study from the Center for Retirement Research at Boston College on how we could best stabilize our pension system. It offered ideas for ensuring that we can meet our obligations to our employees, pay down our unfunded liabilities, and do so without falling off that fiscal cliff 15 years from now.

Building on that work, I've proposed ways to refinance our debt, adjust our assumed rate of return, and change our most expensive Tier One pension plan to a pay-as-you-go system. Others have put forward their proposals to address this cliff. And I appreciate those ideas. Now is the time for a frank discussion, and an honest assessment of our options.

To that end, I have directed Secretary Barnes to pull together all stakeholders - including the Treasurer and the Comptroller, SEBAC and the state employees it represents, as well as the Connecticut teachers - to work on this issue together. Using the work we've already begun this group should develop a consensus on how to best make our pension system more affordable and more sustainable. We should find the best combination of our ideas to help us support current pensions, pay off old liabilities, and strengthen our entire system for generations to come.

This work should be part of a larger, ongoing effort to align our pension and post-employment benefit system with Connecticut's new economic reality. Let me be clear – I strongly believe that working people who serve the public for decades deserve a secure retirement that is offered by a defined benefit plan. But friends must be honest with each other. If we want to support our pension system and the retirees who benefit from it, we have to change it. We have to be willing to have tough but necessary conversations about what that means. We can't put these conversations off any longer without doing further damage to ourselves and to our state.

Let's continue our work toward a long-term fix for our pension system and other post-employment benefits. Let's give our citizens and businesses the confidence that will come from having addressed that which we know needs to be done.

The third principle is this: we need to prioritize funding for core services. Simply put, every existing line item cannot be considered a core service to be funded in perpetuity. Together we must concentrate on the core functions of state government, namely: protecting the public, ensuring a social safety net, building a strong economy, safeguarding our environment, providing a public education, and administering justice.

To that end, functions that fall outside of those core services must be considered on merit alone. We must make recipients of state funding compete for available dollars based on proven results. In other words, we have to reform our earmark process. That includes state funding to outside agencies, community organizations, and special events. Funding for these items should be time-limited, and we should re-examine these expenditures regularly. Let's reform this process and do it this year.

My budget cuts existing earmarks by more than 20 percent in order to live within our means. And, it creates new pools so that entities receiving line item earmarks and, importantly those entities that have not had the political clout to receive them – will compete on equal footing for funds.

Any state funding that falls outside our core government services must be based on merit and merit alone. Let's make this change together.

The fourth principle is this: state agencies must be held accountable to the public and the legislature for their results. The bill I submit to you today will require agencies to post online, detailed, meaningful, timely information about how they are spending the people's money, and precisely what that money is accomplishing.

And, at the same time we're making agency budgets more transparent. We also need to push commissioners to find more cost-effective ways of accomplishing their respective missions. We should give them the latitude to use funds in the most efficient way possible.

By simplifying line items in the budget we can give our top executives the ability to manage their agencies while providing quality services to taxpayers in the most efficient way possible.

Just as any business does, our managers need the ability to lead their agency, adjust to shifting circumstances, and set priorities to use limited resources in the best way possible.

Together this year, we can let managers manage, and we can hold them accountable for results. Accountable to me, accountable to you, and accountable to the public.

Lastly, here's the fifth and final principle. We've talked about limiting our spending. We've talked about our pension and post-employment cost. We've talked about setting priorities. We've talked about focusing on results. But this final principle is one that can't be reflected in a budget book: it's about our process.

It's about how we work together to deliver the best product possible to the people of Connecticut. No budget will be perfect but I firmly believe that by changing how we come to a budget bill we can improve the final result. So this is my challenge to you and to me: let's not pass a budget on the final day of this session this year.

Let's get it done early. Let's do it so that we can spend those final days working on other priorities – both yours and mine- and that goes for budget implementers as well. No longer should implementers be a place to pass things that we didn't have time for during

the session. If an idea didn't get a fair hearing during the legislative process, then it shouldn't be brought to the table at the eleventh hour.

Let me be clear, this is true of both Democrat and Republican ideas. While I want to get a budget done early, I also understand and respect the committee process. I have no intention of circumventing it. While committees do their work, legislative leaders and committee leadership can meet regularly with me and my staff to better understand each other's goals for this budget.

I welcome anyone to that table – Democrat or Republican. No one party, no one leader, and no one individual holds a monopoly on good ideas. Now is the time for everyone to put those ideas on the table. For us to have a bipartisan discussion throughout this session.

Of course, it needs to be a real effort; one that is seen through to a responsible conclusion. To that end, I have only two conditions for our talks. First, everyone must be willing to compromise. I know some consider compromise a dirty word. But just last November and December, Democrats and Republicans in Washington compromised on transportation and passed a Federal budget together. Compromise is necessary if we are going to address our challenges here in Connecticut.

Second, there comes a point where it isn't enough to bring your ideas, you also need to bring your votes. While every good idea should and will be heard, anyone who expects their ideas to be made reality must be ready to support a final budget bill.

That's the price of admission and the price of being part of the solution. I know this is an election year. Too often, it's easier for all of us to point fingers at one another. But I assure you, there will be time for campaign politics this fall. During the session, we can either be part of the solution or stand on the sidelines throwing stones. We cannot do both. We can't be opposed to tax increases, but unwilling to cut the spending those taxes support. We can't be for reigning in spending, but oppose cuts in any one line item. We must be honest about the challenges we face, and work together to address them. That's it – those are my five principles for making our budget more predictable and our economy more sustainable. For giving confidence to our residents and our businesses that government is adjusting to a new economic reality. Equally importantly, budgeting more prudently can help us protect the services we value most.

I believe strongly that government can and should play a positive role in the lives our citizens. The measures I've laid out today aren't about cutting spending just to cut spending. This isn't a call for overzealous austerity or a departure from Connecticut's core values. Rather, they're about changing how we budget in order to preserve that which we hold dear.

In order to preserve what makes Connecticut so special. These are my ideas. I am sure there will be other ideas from those in this chamber, from leaders across the state, and citizens' concerned about our future.

All of those ideas should be heard as we take on this challenge together. For myself, in addition to what I laid out today.

...

If we want to sustain the progress we have made – if we want to build on it – we have to fix how we budget. I know it will be a challenge.

As we begin this new session of the General Assembly let us resolve together that we will use fresh eyes to look for answers to old problems.

Let us take new approaches to our challenges and find innovative ways to meet them. Let us accept that we can't wish away our problems. Let us seize this moment together to address the un-finished work before us.

Let us collectively believe that we can change the way our state budgets while we hold true to our Connecticut values. We can adjust to a new economic reality while we protect our quality of life.

We can support our business community and train a 21<sup>st</sup> century workforce. We can ensure that our progress leaves no one behind. We can look to the years ahead with optimism for the future, pride in the state we all love and hope that we can achieve what is right and do it together.

Thank you and god bless you. May God bless the United States of America, and the great State of Connecticut.

## Introduction

We live in changing times.

The Governor's recommended mid-term budget adjustments reflect those changing times, and the uncertainty that they create.

The budget recommended here is extraordinarily challenging, and includes deep cuts to all areas of discretionary spending. It calls for spending to be reduced from the original FY 2017 budget by 2.8 percent, an increase of only one percent over FY 2016 estimated spending. Excluding debt service and fringe benefits, the General Fund budget is actually \$165 million below FY 2016 spending levels. This reduction is achieved by carrying forward the cuts made in the December special session, making targeted policy changes, and ultimately by cutting 5.75 percent from all agency operating budgets, excluding only Education Equalization Grants (ECS), entitlement accounts, and mandated costs such as pension and debt service payments.

The budget is a call for action to state agencies across all branches of state government to operate in wholly new ways and to sharply reduce spending. This budget will require that we cancel contracts, eliminate grants, and economize in new ways across all our expenditures. This budget will demand that we tap into the creativity of state agencies, state employees, and private citizens to find new ways to meet the needs of our state within a severely constrained budget.

The budget will result in reductions to service levels and the number of staff who provide those services. In FY 2016 state agencies are working to reduce the number of state employees by 500 through attrition. This budget will demand that we redouble this effort, and likely will require that we make staffing cuts well beyond attrition as we concentrate our resources, our money, and our staff on the most critical core services of state government.

These adjustments also reflect a new way of budgeting, based on accountability, outcomes, and a rethinking of our expectations for state government in the coming year and beyond. These adjustments constitute a new way of budgeting to reflect a changing economic reality.

This budget does not start with the premise that we will fund every activity that we have funded before, with increases for inflation, plus new programs and expansions. The old "current services" model of budgeting served partisan and special interests while compounding the difficulty of living within our means as the public good demands. We must stop using this model now.

General Fund Expenditures (in millions)		<u>FY 2017</u>
Original Adopted Budget		\$ 18,711.2
New Proposed Budget Revision		<u>\$ 18,141.7</u>
Difference		\$ (569.5)

## **A Principled Approach**

Economic indicators, and everyday observations of Connecticut residents, point to new dynamics within Connecticut's economy. Families and businesses across the state and nation have adapted to these changing times, and Connecticut state government must do the same. These changes unquestionably include spending less money, but should not be based on indiscriminate cuts to services and funding. By taking a principled and thoughtful approach to downsizing state expenditures, we can ensure that the most critical services remain strong, and that the priorities of our citizens are reflected in the government they support.

### **First Principle-Reform Current Services**

For many years the State of Connecticut has developed its budget based on a current services model. This model starts with a current services projection that assumes all policies stay in place and are funded in future years. Then, any policy changes, or budget options, are identified and priced, and overlaid as additions to or subtractions from the current services budget.

This method was intended to make the available policy options clear to the legislature and to assure that necessary funding would be in place for anticipated expenses.

There are significant drawbacks to current services. First, this model consistently overstates future spending, promising deficits in the future that do not materialize. Looking at the legislature's current services projections back to 2007, the average projection of spending growth is 4.9 percent, while the average projection for revenue has been 1.9 percent.

This pattern of unrealistic expectations is reflected in the balance projections made by the legislature every fall. A review of these balance projections made from 2010 through 2015 shows that the average balance projected for the year in which the projection was made was a deficit of \$88 million. The average deficits projected for the three full years following each projection are \$1.04 billion, \$1.41 billion, and \$1.46 billion. These doomsday projections were ultimately shown to be incorrect. Actual results during that time were positive in four out of six years, allowing for establishment of a \$406 million balance in the Rainy Day Fund as of June 30, 2015.

The projected deficits never happened, and only existed because we have a system of forecasting budgets that wrongly projects five percent growth in expenditures in an economic environment that only produces two percent growth in revenue. We cannot afford to build these unrealistic expectations into our budget process anymore.

Current services budgeting tends to inflate budget needs by capturing new and growing expenses while ignoring the productivity gains, efficiencies, and prioritization that occurs in well-managed organizations. The best example is in the area of inflation, which is routinely built into current services budget projections based on the assumption that goods and services will cost more as inflation occurs in the overall economy. However, most organizations, including state agencies, will mitigate inflation through substitution of lower cost goods and services, efficiencies, and prioritization of expenditures. Indeed, the state has not generally budgeted for inflation for many years without harm.

Equally troubling is that the current services model assumes that all expenditures, once budgeted, should continue forever. This is in direct conflict with the well-accepted premise that government expenditures should be based on outcomes and effectiveness. Take, for example, a public health program aimed at addressing a particular chronic disease. If that disease becomes less prevalent for any reason, or if new interventions are identified that are more effective, or if other chronic diseases arise that are more urgent to address, the original program should lose funding. This is the premise of Results Based Accountability, Results First, outcomes-based funding, and any other number of models designed to improve public services while containing costs. Unfortunately, this premise is undermined by the current services model which requires spending to grow but generally does not allow it to be reduced except as a policy option.

These features of the current services model tend to reduce the authority and accountability of state agencies. By making commissioners mere stewards of budgetary inertia, funding what was included the year before, plus inflation, we deprive them of the initiative and the authority to make substantive choices in furtherance of their core agency missions.

Especially in tough times, when resources are scarce, we need to empower state agencies to find the best way to satisfy core needs, while holding commissioners and managers responsible for the outcomes. This requires that we abandon the current services model as it has been used in Connecticut in favor of an accountability model of budgeting.

#### Second Principle-Strengthen Pension Funding

This budget reflects the Governor's commitment to strong, affordable defined-benefit pension plans for state employees and teachers. This budget fully funds the required payments to our pension systems, and comes as the state works to implement significant reforms to those systems. These reforms will:

- Ensure long-term affordability of state pension systems by reducing interest earnings targets and setting reasonable timeframes for paying down unfunded liabilities;
- Fully fund pensions for current employees;
- Continue to make our pension system more affordable to taxpayers by reducing the cost of future benefits and by sharing the costs of our pension system equitably with employees.

Last November Governor Malloy received an analysis of the state's two largest pension funds, focusing on the sustainability of those plans and their long-term impact on Connecticut's fiscal stability. That report, authored by the Center for Retirement Research at Boston College, pointed to the significant improvements in affordability of current pensions, and identified that the unfunded liabilities in the funds are largely attributable to pensions granted years ago and never properly funded. The study prompted the Governor to endorse a series of specific recommendations intended to stabilize state pension contributions at a level that would be affordable to taxpayers now and in the future while still guaranteeing that retirement obligations would be met for current and future retirees.

Since then, others have made additional recommendations aimed at the same goals. The Governor has tasked the Office of Policy and Management (OPM) with convening stakeholders in our two largest funds to evaluate alternative approaches and make recommendations to the Retirement Commission, the Teachers' Retirement Board, and the General Assembly. These recommendations will be made in time to be reflected in the June 30, 2016 valuations of the funds, and could form the bases for calculating the actuarially determined employer contributions to the funds for the upcoming biennium.

In this budget proposal, employer contributions to pension funds are fully funded, along with debt service for the pension obligation bonds issued in 2008 to benefit the Teachers' Retirement System. These budgeted payments total \$2.4 billion.

#### Third Principle-Fund Core Services and Reform Earmarks

Connecticut state government does many things. We protect the public. We educate our citizens. We provide health care and social services. We take care of many citizens who have special needs related to disability, illness or circumstance. We administer justice. We support our democracy.

But in addition to these and other core services, state government has entered into many other areas that are less critical and can be reduced or eliminated. We must be prepared to do so.

This budget requires that commissioners identify the core functions of government within each agency. It demands that each agency of state government review all activities that it currently supports and prioritize them based on their alignment with those core agency functions. Finally, it mandates that each agency, each contractor, each grantee and each service provider quantify the effectiveness of the state spending they control in furtherance of those core services.

Those efforts that demonstrate better outcomes and lower costs should be supported; those that are not demonstrated as cost-effective should be discontinued. This applies to services provided by state employees and by vendors or non-profit partners. It is the responsibility of commissioners to ensure that this happens with integrity within their agencies. The legislature should demand it, and the Governor will ensure it.

#### Fourth Principle-Hold State Agencies Accountable for Spending

Efforts in government to measure outcomes and cost-effectiveness are challenging because so many of the interventions that governments fund are intended to produce long-term improvements in complex systems which are difficult to measure in real time if at all. This is why so many accountability efforts end up measuring inputs – spending, hours on task, or participation in a program. New approaches have been developed in outcomes-based funding and contracting that should be adopted even more broadly in Connecticut. New technology in many areas of state government, coupled with the state's Open Data Portal, will also help us identify outcomes and track costs better, creating new opportunities for successful use of data in managing core state services. And, expanding the use of LeanCT will enable agencies to further streamline their processes.

In order to reduce spending by focusing state agency efforts on core services and by encouraging state agencies to find more cost-effective ways to provide those core services, we must adopt an accountability model for budgeting. Agencies should be accountable for their cost-effectiveness in conjunction with OPM. They should develop reporting methods that identify outcomes and resources used in providing core services, in real time, for the benefit of state legislators and the general public. All of state government should be held accountable for the progress and improvement we make in this regard.

We must continue to rely on the creativity and expertise of management in state government to find the best ways to provide core services. While holding them accountable, we need to give commissioners and their

agencies the latitude necessary for finding new and better ways to do their jobs, by reducing the number of spending mandates that we place on agencies and granting them budgetary flexibility to use resources in new and different ways to meet their core service needs. Granting more flexibility to agency leaders goes hand-in-hand with this increased level of transparency.

This budget does this by streamlining agency budgets, and by expanding the use of new technology-based tools for reporting and evaluating programs and service outcomes across state government.

#### *Fifth Principle-Bipartisanship*

Finally, in order to adopt a new way of budgeting to meet the challenges of our changing times, we need to ensure that the views of all Connecticut residents and their elected officials are heard as we set priorities and establish budgets. Not only should we meet and discuss matters across the aisle, but we should carry out our work in a transparent way, giving legislators and the public ample time to read and consider the solutions we would ask them to consider.

Certainly, it is the business of the legislature to set its own deadlines and establish its own procedures. But in a year as challenging as this one we must work together to find the best solution to our challenges, and do it as soon as possible. The Governor and the legislative branch each have a role to play in developing and agreeing to a budget, and we stand ready to get to work on a budget, together, now.

#### **New Ways of Budgeting**

The Governor's proposed budget adjustments include some significant changes to the form and presentation of the budget, in line with the economic considerations and budget principles described above. Proposed budget changes include the following:

- In general, savings adopted in the December deficit mitigation plan are continued from FY 2016 into FY 2017;
- A limited number of additional, specific policy changes are proposed, a number of which require implementing legislation;
- Agency management flexibility is enhanced by consolidation of most appropriations into a single account in each agency for Agency Operations. Municipal aid, entitlements, and a few other accounts remain as distinct appropriations;
- In addition to the reductions mentioned above, a uniform, across-the-board reduction is applied to agency operating accounts and to non-ECS municipal aid;
- Variable fringe benefit costs are reallocated from the central accounts administered by the Comptroller into Agency Operations accounts. Funding for the unfunded accrued pension liability and for retiree health care costs, however, remains budgeted within the Comptroller's fringe benefit accounts;
- Higher education funding is converted into true block grants, and reflects fringe benefit costs in a similar manner to agencies; and
- Certain line-item earmarks are consolidated within the miscellaneous accounts administered by the State Comptroller, with funds grouped into categories.

Each of these changes is discussed in more detail below.

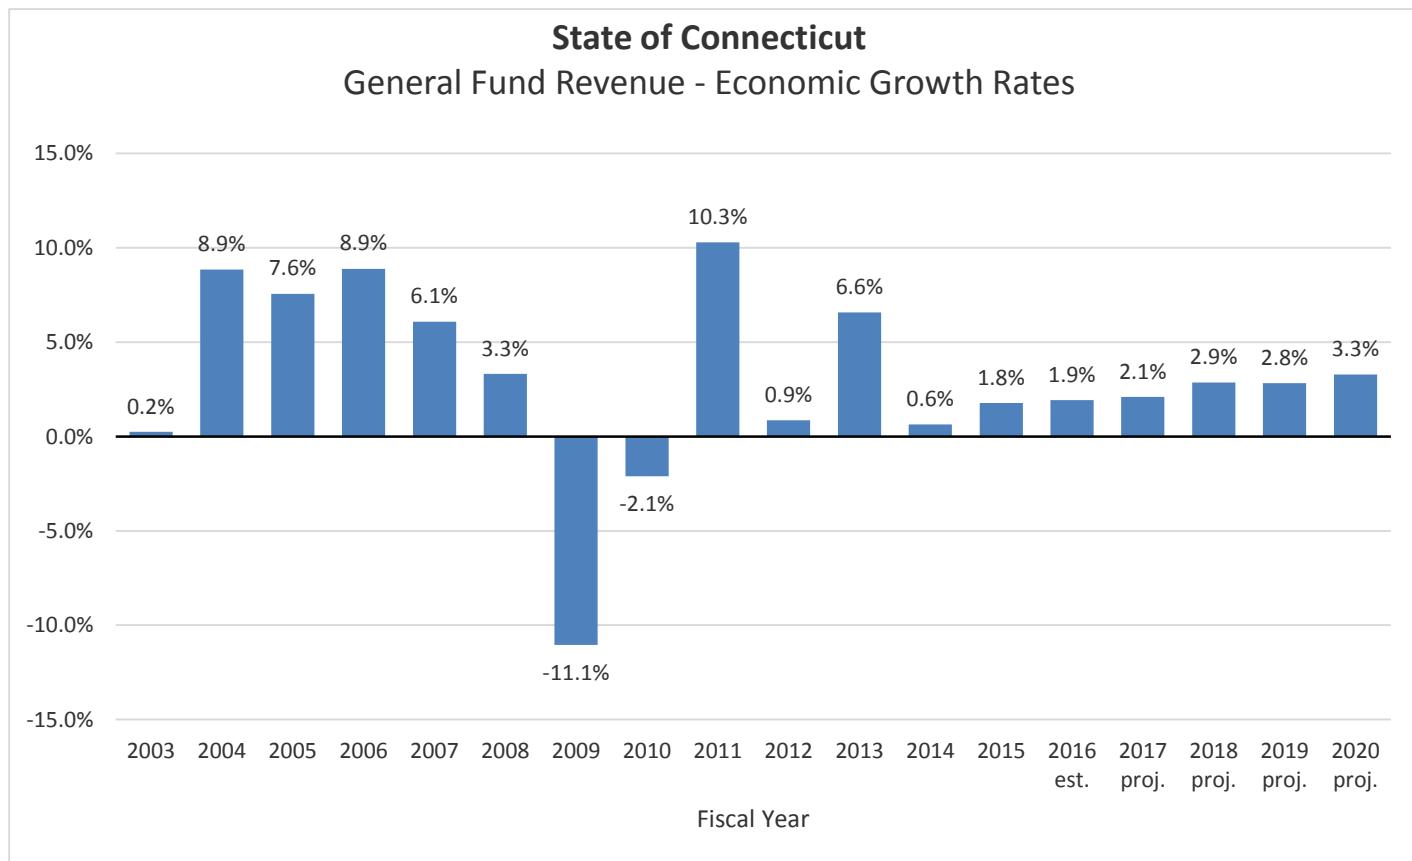

## **A Budget for Changing Times**

The budget adjustments presented here are based on the available revenue identified in the January 15, 2016 consensus revenue forecast. These adjustments do not include proposals for new taxes. That revenue forecast is the product of a good-faith effort, but today we continue to face enormous uncertainty about the strength of the economy and the rate of growth in state revenue.

Markets are down, the global economy is slowing, oil prices have fallen through the floor, and our strong dollar hampers exports. Connecticut's real estate values have stubbornly resisted recovery. Income inequality has widened. Wages have just recently begun to grow at expected rates, after years of stagnation. On the other hand, unemployment is down to 5.2 percent. Wages are growing now. Real estate sales are up. The burden of high energy prices has been eased for Connecticut households. Incomes, economic output and consumer spending have all been enjoying sustained growth over multiple years. Just as there are flags of caution, so too are there reasons for optimism over the long-term.

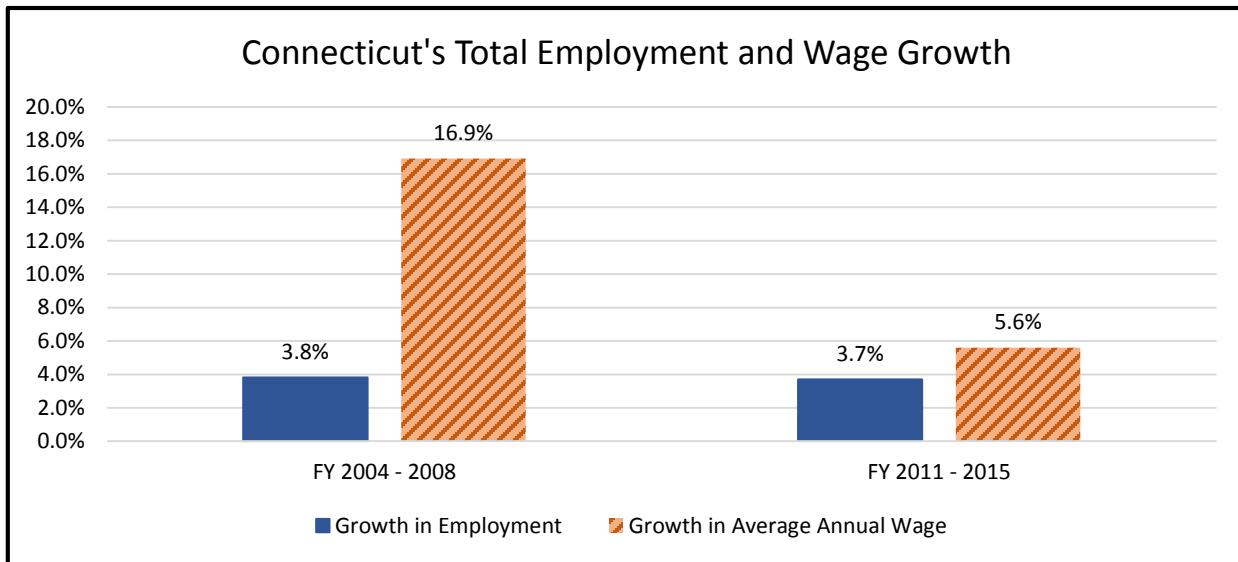

There is no question, however, that the pace of economic growth and the growth in state revenues have been slower in the past few years than historical patterns predict. In the coming year, reduced state revenue from that slower growth appears to be exacerbated by weakness in our most volatile revenue stream, taxes on capital gains. The result is over \$560 million less general fund revenue to support state government in the year that ends June 30, 2017, compared to expectations when the biennial budget was adopted.

The slow growth in state revenue that is projected for FY 2017 and beyond is in line with a new, unprecedented pattern that has developed since 2010. As the chart below shows, the current recovery

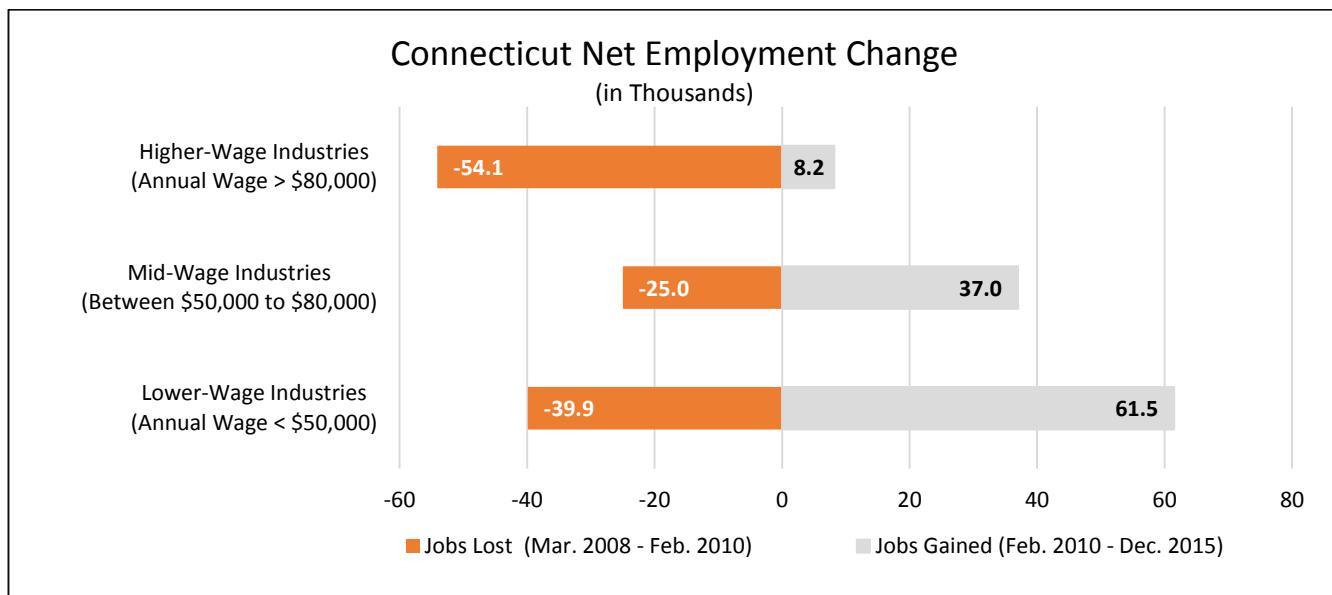

initially produced unprecedented volatility in General Fund economic growth rates (revenues adjusted for tax changes). Since 2014, however, it has settled into a pattern of annual growth around two percent, less than one-third of the growth rate that was produced during the last business cycle a decade ago. While slow growth in revenue is discouraging, we have already surpassed the normal interval between business cycles, suggesting that this recovery may be less strong but longer than previous recoveries.

The pattern of slow revenue growth links to a similar trend in wage growth. Connecticut's economy has always been relatively slow to regain jobs lost in economic downturns, largely due to the high wages and high productivity of employees in the state compared to others. This has traditionally been offset by strong wage growth, supporting state revenues. In the current recovery, employment growth has been similar to the previous recovery, yet wage growth has been much slower on average, as the chart below indicates.

This suppressed wage growth reflects a lack of wage pressure nationally, and it is predominantly the result of changes in the types of jobs gained since the last recession, especially in comparison to the jobs lost. Connecticut has lost jobs in higher paid sectors such as finance and manufacturing, and added jobs in lower wage sectors such as leisure and hospitality, and retail. There are also employment gains in higher paid sectors such as engineering and business headquarters operations, but these sectors are still too small to appreciably impact wage growth overall.

There are some other characteristics of the national and state economy that have been consistent and growing for decades. One of these characteristics is income inequality. In 1996, the top 20 percent of tax filers in Connecticut accounted for 58 percent of total reported income. The three middle quintiles accounted for about 40 percent of income in that year. In 2014, our most recent year for this data, the top 20 percent reported 67 percent of income and the middle quintiles had dropped to 31 percent. Since the gains at the top are significantly interest, dividend, and capital gains income, and not wages, this trend is in line with data showing slower wage growth. Also significant for the state budget, it portends increasing volatility in tax revenues as more income is driven by market performance rather than economic production.

Another indicator which is showing historically unusual results on a national and statewide basis is the housing market. Housing production across the country plummeted with the recession in 2008, dropping to the lowest level in more than half a century. While that indicator, adjusted for population, has recovered from its low, it still remains at about half the historic average rate. This indicates a lack of demand and reduced household formation which are in line with the data regarding income and wage growth and the slow pace of economic recovery.

In Connecticut, the housing market enjoyed a 120 percent long-term increase in existing median home prices from the mid-1990s to 2006. Home prices then fell 21 percent or about \$67,000, and have only recovered about \$18,000 since the post-recession low in 2012. Similarly, Connecticut's home sales are running at levels not seen since the mid-1990s. Given that the pre-recession build-up in home prices and sales was "bubble" driven, and taking into account slowing population growth and household formation, housing is not expected to be the same economic driver in this recovery as in the past.

### Budgeted Reductions

A new fiscal reality confronts the state, one in which the post-recession economy is not growing at the same pace as in prior recoveries. To live within this new economic reality, the Governor proposes to limit budget growth to available revenues, through three major categories of changes. First, the deficit mitigation actions adopted as part of the December 2015 Special Session incorporated into agency appropriations. These reductions total \$90.5 million in the General Fund. Second, a number of specific policy changes are proposed that result in reduced spending, including closure of an additional prison (discussed below); some of these

proposals require implementing legislation. These specific reductions total \$118.2 million. Third, and perhaps most significantly, across-the-board reductions of 5.75 percent are applied to agency operating accounts and municipal aid, with exceptions for ECS grants and entitlements. These reductions total \$360.8 million in the General Fund. All told, General Fund reductions in this budget total \$569.5 million.

### **Agency Operating Accounts**

The Governor proposes budgetary revisions that will enhance state agency accountability, to the public and the legislature, for results. The current budget structure is focused more on inputs than on outcomes. By moving away from line item appropriations that specify how much is appropriated for personnel, operating expenses, contractual costs, and the like, and by consolidating funds within a single operating account, agency commissioners will have more flexibility and responsibility to achieve their missions. To address any perceived loss of accountability, the Governor supports more widespread use of business intelligence tools available for the state's accounting system, along with the Open Data Portal, that will enable agencies to report on the internet detailed, meaningful, real-time data about spending and results for the public to see. This will enhance transparency where it matters most—understanding what public money is being spent on, rather than in which line it is budgeted. The current method of budgeting is not as transparent as some believe, as agency activities may be financed across a number of distinct appropriations.

In creating agency operating accounts, the Governor recognizes that certain appropriations should remain distinct and not consolidated with other operating funds. Entitlement accounts such as Medicaid; Aid to the Aged, Blind and Disabled; Temporary Family Assistance and General Assistance will remain as distinct appropriations, as will sources of municipal aid.

Creation of agency operating accounts will also enhance transparency by reflecting the total costs of services provided by that agency. In the past, funds for fringe benefits have been centrally budgeted. Under the Governor's proposal, certain fringe benefit costs will be transferred from the central accounts administered by the State Comptroller to agency budgets, as discussed further below. This will enhance the public's ability to understand the total costs of agency operations.

## Budgeting Certain Fringe Benefits Costs within Agency Operating Funds

Under the current system, agency budgets support the cost of wages paid to their employees, but most fringe benefits costs are budgeted centrally within the Comptroller's Office. As a result, agency staffing decisions are often made in consideration of only a portion of the state's full costs—and the public does not have a full picture of each agency's operating costs. The Governor's proposed budget would move a portion of fringe benefit funding into each agency's operating account in order to more closely approximate the full cost of that agency's employees.

To operationalize this concept, a budgetary rate of 37.44 percent will be applied to all General Fund and Special Transportation Fund wages. This rate is approximately equal to the average cost of Social Security and Medicare taxes (7.65 percent), healthcare benefits (21.79 percent), and the normal cost of employee pensions (8 percent). The normal cost is defined as the projected cost to the state of benefits earned by current employees in the current year. While actual fringe benefit costs vary for each employee, the proposed rate will more closely approximate the true marginal cost of employee wages and benefits in order to promote better decision making and will also more accurately illustrate the true cost of operations for each agency. Agencies will be responsible for remitting fringe benefits funding to the Comptroller to ensure these costs can be paid in full.

Under this proposal, funding for the unfunded pension liability and for retiree health care costs will remain budgeted under the fringe benefit accounts administered by the State Comptroller.

## Fringe Benefit Reform in Higher Education

The adopted FY 2017 budget includes appropriations totaling more than \$700 million for the Charter Oak State College, the Regional Community Technical School System, the Connecticut State Universities System, the University of Connecticut, and the University of Connecticut Health Center. These appropriations are primarily in the form of block grants that higher education units use to support staffing costs. Under current

practice, fringe benefits costs for these state-supported staff are charged to the Comptroller's fringe benefits accounts, while the fringe benefits expenditures for employees supported by tuition funds are charged directly to those funds. The result is two different treatments of fringe benefits costs for employees, depending on an arbitrary assignment to either the General Fund or tuition funds.

Because tuition funds support the full cost for tuition-funded employees (including both the marginal costs of hiring a new employee as well as fixed legacy costs for unfunded accrued pension liability), the cost of these employees exceeds their true marginal cost to the state. This is because the unfunded pension liability does not change depending upon the number of active employees. Furthermore, requiring colleges and universities to use tuition funds to support the cost of the state's unfunded pension liability exposes those funds to significant market risk during the remaining 15 years of the State Employees' Retirement System (SERS) amortization schedule. That risk is not controllable by higher education units, nor is it directly related to their current employees.

In order to address these shortcomings of the current budgetary approach, the Governor has proposed two significant changes in the treatment of block grants for higher education. The first is to remove the artificial distinction between block grant employees and tuition fund employees by treating the block grant as a true block grant—a source of revenue to support the operations of the state's colleges and universities. The second change is to specifically budget for the higher education charges related to the unfunded accrued liabilities within the SERS.

In order to keep General Fund support consistent with current levels, block grant funding for each higher education unit would be increased by the amount currently budgeted in the Comptroller's office in support of fringe benefits for those employees presently designated as General Fund employees. From that increased block grant amount, the expenditures associated with SERS unfunded accrued liabilities for *all* operating fund employees will be separated out into a distinct appropriation.

<b>Revisions to Higher Education Block Grants</b>				
<i>in millions of dollars</i>	Original Block Grant	+ FB for Block Grant employees	- SERS UAL for all employees	= New Block Grant
UConn ( <i>incl Next Gen</i> )	245.5	145.7	(76.8)	314.3
UCHC ( <i>incl Bioscience</i> )	137.5	103.2	(70.3)	170.4
UConn + UCHC	383.0	248.9	(147.2)	484.7
Charter Oak	2.77	1.59	(1.88)	2.48
CSU	164.2	62.3	(43.6)	182.9
CTC	164.5	120.1	(67.5)	217.1
BOR Total	331.5	183.9	(112.9)	402.5

## **A New Approach to Higher Education Funding**

As groups such as the Planning Commission for Higher Education, the Outcomes Based Financing Task Force, and the Higher Education Coordinating Council explore how the public systems of higher education are funded, one thing is clear: the current block grant system needs to be rationalized. The true level of General Fund support for public higher education is understated, and the state's colleges and universities are struggling with unfunded pension liabilities for tuition supported faculty and staff.

The Governor's budget proposes to move away from a roster-based system of funding, with all the resulting fringe benefit complications. Instead, funding is appropriated in the form of a true block grant, to be treated by higher education constituent units as a revenue source, as described above.

Additionally, the Governor proposes establishing a \$2.3 million incentive fund in the Board of Regents for outcomes-based funding. These incentive funds would be used to support the state goal of promoting student success for low-income students and reducing achievement gaps.

By establishing baselines, investing in best practices, and using metrics to measure outcomes, the Governor is changing the way agencies are funded and making them more accountable to the public and the legislature for their results, while ensuring that the most vulnerable students have pathways for success.

## **Transitioning Support for the Commission on Human Rights and Opportunities (CHRO) to the Office of Governmental Accountability (OGA)**

Over the last few years Governor Malloy has made great strides in streamlining state government. Given the state's limited resources, this work must continue. To that end, the Governor's budget recommends the placement of the CHRO within the OGA. The proposed change will allow CHRO to benefit from centralized back office functions while preserving its core mission of enforcing civil rights laws for the people of Connecticut. Additionally, this arrangement will strengthen enforcement and compliance practices through information and knowledge sharing. At a time when resources are limited, we must seize opportunities to create efficiencies where possible.

## **Budgeting for Legislative Priorities – Reallocating Funding for Arts, Tourism, and Other Community Grants**

One of the key principles of this budget is that recipients of state funds must demonstrate that their outcomes merit their funding. Governor Malloy believes that state funding commitments to outside agencies, non-profits, community organizations, and special events should be limited to a finite time period and should be re-examined regularly. Additionally, earmarked programs should be held accountable for their results in support of core state functions, and not automatically funded each year. Accordingly, funding for arts, tourism and other community grants is reallocated to the miscellaneous accounts administered by the Comptroller as follows:

- \$3.8 million for Arts Grants;
- \$0.4 million for Community Development Grants;
- \$3.3 million for Tourism Grants;
- \$6.0 million for Workforce Development Grants; and
- \$2.3 million for Youth Development Grants.

## Arts, Tourism and Other Community Grants Transferred to Comptroller

### Second Chance Society 2.0

The Governor is proposing additional changes to the criminal justice system as an expansion to his Second Chance Society initiative. These changes are focused on young offenders, but also include bail reforms which would impact the prison population in FY 2017.

#### Bail Reforms

The Governor proposes eliminating bail requirements for anyone charged only with a misdemeanor except where the judge determines that the accused poses an immediate threat to the health or well-being of another person or the public in general. Additionally, if the accused has a history of failing to appear for court dates the judge could require bail. There are approximately 450 pre-trial detainees currently in the Department of Correction system that, under this change, would not be occupying jail space.

Another proposal by the Governor is to allow every defendant the opportunity to make a cash deposit of ten percent of the bail set by a judge in order to be released while awaiting trial. While this option currently exists in the rules of court, it is not in statute and is not often used. If a bond with surety is set as a condition for release by the court, the accused would have the option of either making a ten percent cash deposit to be held by the court or of accessing the services of a bail bondsman. A judge would have the opportunity to deny the accused the option of a ten percent cash deposit should the judge believe the defendant poses a significant threat to another individual or to public safety.

### Youthful Offenders

The Governor is also proposing to expand the definition of the status of youthful offender to include 18 through 20 year olds, effective October 1, 2016. As under current law, youthful offender status does not apply to the most serious crimes, including murder and sexual assault, and the most serious motor vehicle crimes. Serious juvenile offenders and those with previous felony convictions are not eligible to be considered a youthful offender.

This expansion of existing statute recognizes that while certain young people may belong in adult court, they should still be afforded protection from lifelong stigma and an incentive not to reoffend. The Governor has tasked the Criminal Justice Policy Advisory Committee to study the expansion of youthful offender status for 21 to 25 year-olds.

### Raise the Age

We know that the longer young people spend in the criminal justice system, the more likely they are to commit additional crimes. Research continues to show that young adult brains are not fully developed until age 25. When young people make bad decisions, the trajectory of their lives can change permanently. In order to give young, low-risk offenders a Second Chance, the Governor proposes raising the age of the juvenile justice system's jurisdiction through age 18 on July 1, 2017, through age 19 on July 1, 2018, and through age 20 on July 1, 2019. Building upon the successful implementation of the original Raise the Age effort, the Governor is designating the Juvenile Justice Planning and Oversight Committee as the stakeholder group responsible for gathering input, building consensus, incorporating feedback and overseeing implementation during this new Raise the Age effort.

### **Closing Another Prison**

With crime at a 48-year low and recidivism down dramatically, projections indicate a continuing decline in prison population heading into FY 2017.

As of January 1, 2016, the total inmate population was 15,500. The population is down more than 600 offenders from the same time last year – a dramatic drop. The current inmate population is substantially below the all-time high of 19,894 in 2008.

The number of new prison admissions has dropped 25 percent since 2009. In 2015, there were 1,429 fewer new admissions to prison than in 2014, a drop of six percent in one year. Additionally, the pre-trial population is down three percent compared to a year ago.

The Department of Correction has already taken steps to improve offender re-entry, including a streamlined centralized release unit, as well as the opening of the Cybulski Community Reintegration Center – a recently rededicated 600-bed facility which specializes in preparing offenders for re-entry.

In addition to the expansion of the Governor's Second Chance Society initiatives, the steps taken by the Department of Correction to improve offender re-entry, and the continuing trends in declining crime and prison admissions, the Governor proposes another prison closure in FY 2017. Current prison population projections indicate the Department of Correction will be able to close additional facility wings and annexes early in FY 2017 followed by a full facility by the end of the fiscal year. Less capacity will result in fewer posts

and existing staff can be redeployed to cover posts throughout the system currently being covered by overtime. Additional savings may be achieved through attrition over the course of the fiscal year. Fewer inmates and less facility costs will produce additional savings. It is estimated \$14.8 million in staff and operating costs will be saved in FY 2017.

The Department of Correction closed the Webster Correctional Institution in Cheshire in January 2010, the Gates Correctional Institution in Niantic in June 2011, the Bergin Correctional Institution in Storrs in August 2011, the Fairmount Building at Bridgeport Correctional Center in July 2015, and most recently the Niantic Annex in January of this year.

### **Municipal Aid**

Since taking office, Governor Malloy has demonstrated strong support for municipal aid, refusing to shift the state's fiscal problems onto municipalities. Given the planned increases in municipal aid adopted during the 2015 legislative session, which are funded through a dedicated stream of receipts from Sales Tax revenue, the Governor is proposing that many of the budgeted grants for municipal aid be subject to the same level of across-the-board reductions faced by state agencies. However, the Governor has held the line on critical ECS grants by maintaining the same ECS funding level as in FY 2016. The Governor's recommended budget continues to support new municipal revenue sharing through Select Payments in Lieu of Taxes and funding for motor vehicle property tax relief. Additionally, this budget maintains municipal capital funding and sustains commitments to retirement contributions and health service costs for teachers as well as debt service for the very generous support provided to municipalities for school construction, Town Aid Road and other capital grants.

### **Capital Proposals**

The Governor is proposing \$279 million in additional general obligation (GO) bond authorizations in FY 2017. These proposed bond authorizations are in addition to those that were previously authorized by the General Assembly and become effective in FY 2017, which include \$1.87 billion for various projects and programs, \$266.4 million for the Next Generation Connecticut/UConn 2000 program, \$95 million for the CSCU 2020 program, \$21.1 million for the Bioscience Collaboration Program, \$25 million for the Bioscience Innovation Fund and \$20 million over the biennium for various other programs authorized in prior legislation. These authorizations are offset by the cancellation of \$385.4 million in GO bond authorizations from prior years, in order to remain within the statutory debt limit.

New proposed GO bond authorizations include:

- \$8 million for transit-oriented development;
- \$15 million for grants to nonprofit health and human service providers for capital improvements;
- \$5 million for renovations and improvements at the Department of Veterans' Affairs;
- \$181 million for renovations and a new parking garage at the State Office Building;
- \$10 million for the Department of Economic and Community Development programs; and
- \$60 million to replace the central utility plant and utility distribution systems at York Correctional Institution in East Lyme.

The Governor is also proposing \$60 million in additional special tax obligation bond authorizations for bus and rail projects. This funding is in addition to the \$693.3 million previously authorized in FY 2017 for the Department of Transportation's regular program for maintaining and improving our highways and transit

systems and the \$520.2 million previously authorized to implement projects under the Let's Go CT! long-term transportation plan.

### **Transportation: Ramp Up**

Governor Malloy's FY 2017 budget continues his commitment to improving Connecticut's transportation system through a multimodal approach to mitigate congestion, improve capacity, and increase mode options and availability in an effort to stimulate economic development for the state. With the passage of the five-year ramp up plan in the 2015 legislative session, the execution of the \$10 billion plan (\$3.8 billion state bonding, \$3.2 billion federal funding, and the additional \$2.8 billion in new state bonding) has begun across the various modes including roads, highways, bus, rail, maritime, and bike trails. Below is an update on capital projects:

- Highways and Bridges
  - The Department of Transportation (DOT) has started a \$350 million reconstruction of I-84 east of Waterbury.
  - Other major construction initiatives include the replacement of the Q-Bridge on I-95 in New Haven, replacement of the Moses Wheeler Bridge on I-95 in Stratford, the I-95 bridge over West River in New Haven, rehabilitation of the Merritt Parkway in Stamford, and operational improvements on I-95 in Norwalk.
  - Progress has been made on planning and engineering for the replacement of the I-84 viaduct in Hartford; expansion of the I-84 corridor in Danbury; replacing the "Mix Master" (Route 8 and I-84) interchange in Waterbury; and modifications to the I-91 connection to I-84 at the Charter Oak Bridge in Hartford.
- Bus Capital Program
  - Service on *CTfastrak* began on March 28, 2015 linking downtown New Britain to downtown Hartford while providing express lane access to various other routes.
  - Construction of a new *CTtransit* bus maintenance and storage facility for the Waterbury area is underway, on schedule to be completed by the summer of 2017.
  - Various studies will begin this year to design improvements for extending *CTfastrak* service east of the Connecticut River; for potential bus-rapid transit service in Fairfield County; and to grow bus service statewide by 40 percent. These studies also aim to determine the project capital costs.
- Rail Capital Program
  - The Component Change Out Building, which will provide state of the art facilities to maintain the new M8 rail cars, will open in 2016.
  - The overhead wire and catenary system that supplies power to the New Haven Line's electric trains is being replaced with an estimated completion date of 2017.
  - To ensure safety, the installation of Positive Train Control systems to monitor train activity, prevent collisions, and convey and enforce speed restrictions mandated by the Railroad Safety Improvement Act of 2008 has begun.
  - The Northeast Corridor/New Haven Line (NHL) communication and signal system will be replaced for the first time in 35 years, with construction having begun.

- DOT will complete procurement for the overhaul of fourteen diesel locomotives in the next year in an effort to improve rail service for Shore Line East and New Haven Line customers.
- The Norwalk River Railroad Bridge, the oldest movable bridge along the NHL, will be replaced through a \$568 million project to enhance the reliability of service. The DOT received \$161 million in federal funding for this project.
- The Hartford Line Program, a High-Speed Intercity Rail project with an estimated \$570 million cost, is underway which will allow an increase in top train speeds from the current 80 MPH to 110 MPH.
- Other rail projects to be implemented this year include the new Danbury Branch Dock Yard and an analysis of a Shore Line East Station in Niantic.
- Ferries
  - In 2015, a major hull plating replacement project was completed on the Chester-Hadlyme ferry.
- Maritime
  - The capital budget provided \$25 million for dredging and navigational work.
  - Future maritime project responsibilities, with the exception of those associated with the Connecticut River ferries, are expected to transition to the new Connecticut Port Authority in 2016.
- Bicycle, Pedestrian, and Related Transportation
  - Projects are underway to complete existing gaps in the Farmington Canal Heritage Greenway, the East Coast Greenway, perform bike and pedestrian safety audits, and to install bike lanes in community centers.
  - A feasibility study is taking place for a multi-use trail along the entire length of the Merritt Parkway, from the New York state line in Greenwich to the Housatonic River in Stratford.

As with the capital program, the Governor's operating budget for DOT focuses on all modes of transportation. The following adjustments are proposed:

- \$250,000 is included to support the operations of the proposed Transit Corridor Development Assistance Authority (TCDAA), which will assist municipalities that wish TCDAA to help coordinate economic development within one-half mile of passenger rail or bus rapid transit stations;
- \$6,145,000 is included for rail improvements and safety initiatives through Metro-North including hiring positions for maintenance, rehabilitation, and quality assurance programs to assess tracks and facilities;
- \$200,000 to launch bus service between Waterbury and Torrington; and
- Over \$50,000 in additional funding for continued support of the establishment of the Connecticut Port Authority.

## **Health and Human Services**

Targeted state investments by the Department of Social Services (DSS) in primary care, care coordination and rebalancing long-term services and supports have produced positive results in terms of both health outcomes and efficiencies. Expenditure trends, when measured on a per-member per-month cost basis, experienced a

sizeable drop of 5.9 percent in FY 2015. DSS is exploring a number of initiatives to further drive down costs and to assist the department in living within available Medicaid funding. Such initiatives include:

- Introducing an electronic visit verification process for home health and waiver services to facilitate scheduling and provider billing;
- Revising the payment methodology for long-acting reversible contraceptives in the perinatal period before a new mother leaves the hospital with her newborn (longer inter-pregnancy periods result in better outcomes for the mother, her newborn, and her future newborns);
- Providing care coordination and services for homeless individuals who meet certain criteria, including high utilization of health care services;
- Targeting care coordination activities to create greater efficiencies by integrating services and supports for dual eligible individuals through a health home model;
- Enhancing services for children and families experiencing adverse childhood events by integrating behavioral health services with dedicated care coordination under the health home model;
- Implementing an initiative similar to Utah's "Safe to Wait" project, which achieved cost savings by providing information about alternatives to the emergency department, connecting beneficiaries to primary care and distributing a list of the state's urgent care clinics; and
- Implementing targeted bundled payments to improve health care outcomes, reduce costs and support patient-centered delivery of health care services.

### **Reorganization of Services for Those with Intellectual Disabilities**

To build on efforts to improve accountability for state resources, the Governor is recommending conversion of grant-funded services under the Department of Developmental Services (DDS) to a fee-for-service model, whereby providers would submit bills to and would be paid by DSS. Transitioning the current system of grants will help ensure the state is receiving federal reimbursement on all eligible services while improving compliance with Medicaid billing, provider enrollment and client eligibility. This transition will begin with funding that supports community residential services for individuals with intellectual disabilities (ID).

Building upon the success of the Behavioral Health Partnership in improving health and cost outcomes for children and adults in need of publicly-provided and funded behavioral health services, the Governor is proposing a similar model by establishing an ID Partnership. Together, DDS, DSS and OPM will be tasked with, among other things, developing a continuum of services between in-home supports and group home placement that would allow DDS to provide the right service (based on acuity) at the right time and cost, exploring options for private pay and other third party payments, developing supportive housing models tailored to persons with intellectual disabilities, exploring the potential for management of ID services by an administrative services or managed care organization and developing strategies to address and fund the DDS waiting list. To ensure the ID Partnership has the tools and flexibility needed to succeed in its mission, no reduction was applied to the \$537.1 million in residential services funding that is transferred in this budget from DDS to DSS. By protecting these funds from the 5.75 percent across-the-board reduction applied to most other accounts, over \$30.8 million is preserved to support community residential services. As happened with the Behavioral Health Partnership, it is expected that these changes will bring greater focus and attention to this important area and ultimately result in the development of a broader array of services that will assist in downsizing public facilities and addressing the waiting list.

Lastly, in order to right-size publicly-provided services for individuals with intellectual disabilities, DDS will continue efforts to downsize Southbury Training School and the regional centers and develop a timetable for potential closure or conversion of public facilities. The budget reflects \$6.2 million in savings from the anticipated conversion of 30 state-operated residential community living arrangements (CLAs) to privately-operated CLAs during FY 2017.

### **Autism Lead Agency Responsibilities**

To reflect the recent expansion in autism coverage under the Medicaid State Plan of medically necessary services for members under age 21 with autism spectrum disorder, lead agency responsibilities and the supporting resources are being transferred from DDS to DSS. The Early Childhood Autism Waiver is being discontinued due to the identical coverage being offered under the Medicaid State Plan.

### **Revenue Proposals**

Over the past few years, the state of Connecticut enacted revenue and spending policies which addressed a projected annual shortfall of \$3.2 billion in FY 2012 and another \$1.1 billion projected shortfall in FY 2016. These shortfalls reflected the tepid economic recovery that both the nation and Connecticut experienced emerging from the Great Recession. General Fund revenue growth, when adjusted to remove the impact of various tax changes, from FY 2011 through the projected FY 2017 budget, will only achieve a 2.3 percent per annum growth rate. Inflation over that same time period will grow by 1.6 percent per annum, resulting in real revenue growth of only 0.7 percent per annum. This level of growth is insufficient to fund government services. With that in mind, the Governor's budget seeks to maintain balance by focusing exclusively on the expenditure side of the budget to align the expenditure growth rate to the state's revenue growth rate. As such, the FY 2017 budget contains no new taxes. The December 2015 special session of the legislature did enact some substantial tax reform in the area of business taxation. This included placing an overall cap on any potential additional tax burden derived from the state's switch to a unitary method of taxation, instituting single factor apportionment based upon sales for all industries, and gradually increasing the cap on the use of certain tax credits. These changes will take some time to digest and be studied for their efficacy in generating sufficient revenue while enhancing the state's competitiveness.

The FY 2017 budget revisions contain some limited revenue measures. The Governor continues his commitment to modernizing Connecticut's liquor laws in order to make them more consumer friendly and increase competitiveness with our neighboring states. Over the past few years, the state has enacted changes to allow for the retail sale of alcohol on Sundays and certain holidays while expanding the allowable daily hours of operation. This year, the Governor proposes eliminating minimum bottle pricing. This change is expected to result in additional General Fund revenue of \$2.1 million, while saving money for consumers. In late December, the State Tax Panel issued its final recommendations. Although many of those recommendations will have to wait for a time when the state's revenue picture improves, the Governor's budget proposal does include some initiatives related to the Tax Panel's recommendations. These include placing a maximum cap on the amount a decedent's estate will have to remit to the Probate Court to fund its services and exempting the first \$10,000 of business personal property from the local property tax. In addition, the Department of Revenue Services is moving forward with examining business taxation in the state, including the apportionment method for income derived from the sale of services, and methods to enhance nexus determinations under the sales tax for remote sales. Overall, these revenue actions are modest, but reflect the Administration's policy to concentrate on the cost structure of the state.

## Small Business Tax Relief

As mentioned above, the Governor is proposing a major property tax break for small business. Under the proposal, businesses with less than \$10,000 in business personal property would have the property exempt from taxation. The State Tax Panel study found such a change would eliminate the personal property tax on 46 percent of all personal property accounts, while only affecting municipal revenue statewide by 0.014 percent.

## Conclusion

Governor Malloy is proposing an all funds budget of \$19.87 billion for FY 2017. This is \$571 million—or 2.8 percent—below the adopted budget for FY 2017 and only one percent above the estimated level of FY 2016 expenditures. This is well under the projected inflation rate for FY 2017 of 2.1 percent. The recommended budget is \$648.9 million below the cap for FY 2017.

Including this budget proposal, expenditures under Governor Malloy's administration have grown by 2.6 percent per annum, well below the rate of growth of the two immediately preceding administrations (38 percent and 45 percent below the two prior administrations).

## SUMMARY OF APPROPRIATION CHANGES

FY 2017 enacted appropriation per Public Act 15-244 as amended by Public Act 15-5 (June Spec. Sess.)

### **General Fund**

The recommended revised General Fund budget for FY 2017 includes a \$10.6 million operating surplus and is \$569.5 million below the adopted budget for FY 2017. The recommended budget for FY 2017 is only 0.4 percent above the level of estimated FY 2016 expenditures, the lowest rate of growth since the 2002 recession.

The January 2016 consensus revenue forecast by OPM and the legislature's Office of Fiscal Analysis, which forms the basis for the revenues in this budget, is projected at \$18,150.5 million in FY 2017. Minor revenue revisions totaling a net \$1.8 million are proposed, and the recommended revenues for this budget total \$18,152.3 million.

### **Special Transportation Fund**

The recommended revised Special Transportation Fund budget for FY 2017 includes a \$38.7 million operating surplus and is only \$2.8 million above the adopted budget for FY 2017. The recommended budget for FY 2017 is 0.2 percent above the adopted budget, and 7.9 percent above the level of estimated FY 2016 expenditures. Revenues included as part of the January 2016 consensus forecast are projected at \$1,537.7 million in FY 2017.

\* Note that for the constituent units of higher education, authority for the establishment and filling of positions rests with the agency. Position counts for these agencies were based on an estimated number of positions that could be filled. As a result of the Governor's proposal to convert higher education funding into true block grants, recommended FY 2017 position counts for the constituent units of higher education do not appear above.

## ESTIMATED COSTS OF MAJOR FRINGE BENEFITS BY AGENCY

Insurance Department	5,390,414
Office of the Healthcare Advocate	931,679
Office of Consumer Counsel	536,629
Workers' Compensation Commission	3,833,992

Note: Estimates assume actual costs of Social Security, average cost of Health Insurance, the normal cost of State Employees Retirement, and Alternate Retirement Program pension contributions as an estimated percentage of recommended appropriations for Personal Services. The higher education constituent units are not included. Please see individual higher education units in the Budget Summary section.

---

**SECTION B**

---

**BUDGET SUMMARY**

# OFFICE OF LEGISLATIVE MANAGEMENT

<http://www.cga.ct.gov/olm>

## AGENCY PURPOSE

---

- To provide administrative and operational support for the Connecticut General Assembly.
- To implement the policies of the Joint Committee on Legislative Management.
- To provide administrative and financial services.

- To administer compensation and human resources services.
- To oversee the management and maintenance of all buildings and grounds under the supervision and control of the General Assembly.
- To ensure the daily functioning of the Legislature for the benefit of the legislators, their staff, and the general public.

*The amounts displayed below reflect the allocation of the budgeted lapses and holdbacks contained in Public Acts 15-244, 15-5 (June Spec. Session) and 15-1 (Dec. Spec. Session), as well as additional policy recommendations proposed by the Governor which are noted below. For compliance with sec. 4-73 (f) of the Connecticut General Statutes, the proposed appropriations contained in section C of this document reflect the appropriation requirements transmitted to the Secretary of the Office of Policy and Management by the Joint Committee on Legislative Management.*

## RECOMMENDED ADJUSTMENTS

---

- Annualize FY 2016 Deficit Mitigation Savings -1,612,608  
*To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.*
- Annualize FY 2016 Budgeted Lapses -1,572,831  
*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Annualize FY 2016 Lapses -4,500,000
- Consolidate Agency Operating Funds 0  
*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment, Flag Restoration, Minor Capital Improvements, Interim Salary/Caucus Offices, Old State House, Interstate Conference Fund and New England Board of Higher Education.*
- Reduce Agency Operating Funds -3,677,407  
*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 17,875,607  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# AUDITORS OF PUBLIC ACCOUNTS

<http://www.cga.ct.gov/apa>

## AGENCY PURPOSE

---

- To audit the books and accounts of each state agency, the State Treasurer, the State Comptroller and all public and quasi-public bodies created by the legislature and not subject to the Municipal Auditing Act. Each audit performed includes an examination and verification of accounting records and documents, a determination of the agency's compliance with applicable state and federal statutory and budgetary requirements, verification of the collection and proper handling of state revenue, and examination of expenditures charged to state appropriations and federal grants.

The Auditors of Public Accounts is a legislative agency of the State of Connecticut.

- To review all whistleblower complaints filed under Section 4-61dd of the General Statutes and conduct an annual Statewide Single Audit to satisfy federal mandates for audits of federal grants.
- To assure the independence and impartiality required for effective auditing, the two Auditors may not be of the same political party, and are appointed by the General Assembly. The professional staff includes many certified public accountants and certified fraud examiners.

*The amounts displayed below reflect the allocation of the budgeted lapses and holdbacks contained in Public Acts 15-244, 15-5 (June Spec. Session) and 15-1 (Dec. Spec. Session), as well as additional policy recommendations proposed by the Governor which are noted below. For compliance with sec. 4-73 (f) of the Connecticut General Statutes, the proposed appropriations contained in section C of this document reflect the appropriation requirements transmitted to the Secretary of the Office of Policy and Management by the Joint Committee on Legislative Management.*

## RECOMMENDED ADJUSTMENTS

---

• Annualize FY 2016 Deficit Mitigation Savings	-300,000
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-323,963
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Annualize FY 2016 Lapses	-700,000
• Provide Funding for a 3 Percent Wage Increase in FY 2017	329,534
<i>To fund wage increases which were omitted in the FY 2016-2017 Biennium Budget but included for other Legislative Branch agencies.</i>	
• Provide Funding for Special Education Audits	263,644
<i>To comply with sections 278-281 of Public Act 15-5 (June Special Session) which require the Auditors of Public Accounts to conduct compliance audits of certain private special education providers on a five year audit cycle basis.</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, and Equipment.</i>	
• Reduce Agency Operating Funds	-686,242
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	4,808,663
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# PERMANENT COMMISSION ON THE STATUS OF WOMEN

<http://www.cga.ct.gov/pcsw/>

## AGENCY PURPOSE

- To study and improve Connecticut women's economic security, health and safety.
- To work toward the elimination of gender discrimination.
- To monitor, critique and recommend changes to legislation to inform public policy.
- To assess programs and practices in state agencies for their effect on the state's women.
- To serve as a liaison between government and its diverse constituents, and convene stakeholders, including the business, non-profit and educational communities, local governments, and the media, in order to promote awareness of women's issues and women in leadership positions.

*The amounts displayed below reflect the allocation of the budgeted lapses and holdbacks contained in Public Acts 15-244, 15-5 (June Spec. Session) and 15-1 (Dec. Spec. Session), as well as additional policy recommendations proposed by the Governor which are noted below. For compliance with sec. 4-73 (f) of the Connecticut General Statutes, the proposed appropriations contained in section C of this document reflect the appropriation requirements transmitted to the Secretary of the Office of Policy and Management by the Joint Committee on Legislative Management.*

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-29,897
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-15,367
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. # GOVERNOR'S OFFICE

<http://www.governor.ct.gov/malloy/site>

## AGENCY PURPOSE

- To provide executive direction and supervision of the general administration of the state.
- To appoint commissioners of departments, members of boards and commissions, trustees and other officials.
- To present budget and policy recommendations to the General Assembly.
- To approve or veto legislation passed by the General Assembly.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Budgeted Lapses	-83,024
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, New England Governors' Conference and National Governors' Association.</i></p>	
• Reduce Agency Operating Funds	-158,931
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	872,904
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# SECRETARY OF THE STATE

<http://www.sots.ct.gov>

## AGENCY PURPOSE

- To educate and inform the public of services, programs and responsibilities of the office, and to advocate for issues, policies and programs which promote a healthy democracy and an active, engaged citizenry, with emphasis on encouraging young people to participate in civic life.
- To administer, interpret, and implement all state and federal laws pertaining to elections, primaries, nominating procedures and the acquisition and exercise of voting rights.
- To encourage and monitor the implementation of the National Voter Registration Act, the Help America Vote Act and other voter registration efforts in Connecticut.
- To maintain and make information available to the public regarding corporations, limited partnerships, limited liability companies, statutory trusts, limited liability partnerships, Uniform Commercial Code and trademarks by reviewing, recording, copying, computerizing, and certifying documents for and of public record.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Plan <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-350,000
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-216,864
• Transfer Oversight of Accountants to the Department of Consumer Protection	-361,595
• Eliminate Funding for the Connecticut Data Collaborative	-300,000
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses and Commercial Recording Division.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-548,792
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	2,316,524

# LIEUTENANT GOVERNOR'S OFFICE

<http://www.state.ct.us/otlg>

## AGENCY PURPOSE

- To succeed the Governor in the event of disability or vacancy during the term.
- To operate the state government during the Governor's absence from the state.
- To preside over the State Senate and to cast the tie-breaking vote when the Senate is equally divided.
- To assist the Governor in developing and implementing policy initiatives for the state.

## RECOMMENDED ADJUSTMENTS

- Annualize FY 2016 Budgeted Lapses -10,607  
*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Reallocate Funds for Hospital Roundtable 58,926  
*Public Act 15-146 increases consumer access to information on health care costs and coverage, enhances transparency of executive pay in hospital transactions, decreases consumer health care costs by reducing "surprise billing" and limiting facility fees, and improves monitoring of the health care marketplace. In FY 2016, interagency agreements were developed to allow for the transfer of over \$500,000 from the Department of Social Services to a number of agencies to implement these provisions. Under this proposal, funding for hospital roundtable activities is realigned to the respective agencies in FY 2017.*
- Consolidate Agency Operating Funds 0  
*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services and Other Expenses.*
- Reduce Agency Operating Funds -44,125  
*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 239,593  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# OFFICE OF GOVERNMENTAL ACCOUNTABILITY

<http://www.ct.gov/oga>

## AGENCY PURPOSE

---

- To foster honesty, integrity, and accountability within state government.
- To administer and enforce the provisions of the Freedom of Information Act; and to hear and decide, through the Freedom of Information Commission, citizen complaints alleging violations of access to public records and public meetings of public agencies throughout Connecticut.
- To provide, through the Board of Firearms Permit Examiners, a means of appeal for citizens denied issue or renewal of a pistol permit, revocation of a pistol permit issued, or refusal or failure of any issuing authority to furnish an application.
- To investigate and resolve, through the Judicial Review Council, complaints alleging misconduct of state judges, family support magistrates, and workers' compensation commissioners.
- To evaluate, investigate, and recommend, through the Judicial Selection Commission, qualified candidates for consideration for nomination as judges for the Superior, Appellate, and Supreme courts.
- To advocate, through the Office of the Child Advocate, for children at risk by addressing public policy issues, reviewing individual cases and investigating complaints, educating and informing the public, and ensuring the protection of children's rights.
- To promote, through the Office of State Ethics, the highest ethics standards and accountability in state government by providing education and legal advice, ensuring disclosure, and enforcing the Codes of Ethics.
- To promote and protect, through the State Victim Advocate, the constitutional and statutory rights of crime victims in Connecticut.
- To ensure, through the State Contracting Standards Board, integrity, consistency, and efficiencies in state contracting and procurement processes.
- To ensure, through the State Elections Enforcement Commission, the integrity of the state's electoral process and administer the Citizens' Election Program.

*The amounts displayed below reflect the allocation of the budgeted lapses and holdbacks contained in Public Acts 15-244, 15-5 (June Spec. Session), and 15-1 (Dec. Spec. Session) for the State Elections Enforcement Commission, Office of State Ethics, and Freedom of Information Commission as well as additional policy recommendations proposed by the Governor which are noted below. For compliance with sections 1-81a, 1-205a, and 9-7c of the Connecticut General Statutes, the proposed appropriations contained in section C of this document reflect the appropriation requirements transmitted to the Secretary of the Office of Policy and Management by the executive administrator of the Office of Governmental Accountability.*

*Additionally, the Commission on Human Rights and Opportunities is transitioned to the Office of Governmental Accountability for administrative support in the Governor's budget proposal.*

## RECOMMENDED ADJUSTMENTS

---

- Annualize FY 2016 Deficit Mitigation Savings -329,296  
*To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.*
- Annualize FY 2016 Budgeted Lapses -207,030  
*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Transition the Commission on Human Rights and Opportunities to the Office of Governmental Accountability for Administrative Support. 8,521,471
- Achieve Efficiencies in Freedom of Information Commission -43,386  
*Reflects the reduction proposal submitted by the Freedom of Information Commission to comply with section 1-205a of the General Statutes.*
- Consolidate Agency Operating Funds 0  
*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment, Child Fatality Review Board, Information Technology Initiatives, Contracting Standards Board, Judicial Review Council, Judicial Selection Commission, Office of the Child Advocate, Office of the Victim Advocate, and Board of Firearms Permit Examiners.*

- Reduce Agency Operating Funds -896,936  
*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 911,576  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# OFFICE OF POLICY AND MANAGEMENT

<http://www.ct.gov/opp>

## AGENCY PURPOSE

- To support the Governor in the development, implementation and analysis of various policies relating to assets management, criminal justice, health and human services, information technology systems, and transportation.
- To prepare the executive budget and to execute biennial budgets as enacted into law.
- To provide analyses, evaluations and recommendations to the Governor regarding the financial implications of state policies and practices.
- To formulate policy pertaining to the relationship between the state and Connecticut's municipalities.
- To improve the effectiveness of state services by ensuring the efficient use of resources through research, policy development and interagency coordination.
- To deliver timely and effective labor relations and collective bargaining services on behalf of the state as an employer.
- To review and monitor the core financial management policies and practices in state agencies.
- To ensure the implementation of programs enacted by law.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Plan <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-177,796
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-15,224,448
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following General Fund appropriations are consolidated: Personal Services, Other Expenses, Automated Budget System and Data Base Link, Justice Assistance Grants, Criminal Justice Information System and Private Providers. The following Insurance Fund appropriations are consolidated: Personal Services, Other Expenses and Fringe Benefits.</i>	0
• Reduce Agency Operating Funds - Mashantucket Pequot and Mohegan Fund <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations and municipal aid accounts. Agencies will focus their limited resources on core services.</i>	-3,552,345
• Reduce Agency Operating Funds - General Fund <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations and municipal aid accounts. Agencies will focus their limited resources on core services.</i>	-15,995,118
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	4,727,966

# DEPARTMENT OF VETERANS' AFFAIRS

<http://www.ct.gov/ctva/>

## AGENCY PURPOSE

- To provide proactive, world-class, values-based service to Connecticut veterans by fulfilling the agency's mission of "Serving Those Who Served".
- To assist and formally represent veterans, their spouses and eligible dependents in obtaining rights, benefits and privileges to which they may be entitled under federal, state and local laws.
- To offer comprehensive healthcare for veterans across a continuum of needs. Inpatient healthcare provides a complete array of services including long-term nursing, dementia, rehabilitation and palliative care. Interdisciplinary teams develop and continually update care plans for residents to ensure quality healthcare services are provided to assist veterans reach their maximum potential. Provide healthcare services in the residential facility through a co-managed medical collaborative model working with the U.S. Department of Veterans Affairs.
- To provide a residential level of care which facilitates rehabilitation and assists with the return to independent living to the greatest extent possible.
- To collaborate with agencies and others serving Connecticut veterans.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-612,267
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-630,229
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Fund Support Services for Veterans through the Institutional General Welfare Fund	-178,695
<p>• Consolidate Agency Operating Funds</p>	
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, SSMF Administration, Burial Expenses and Headstones.</i></p>	
• Reduce Agency Operating Funds	-1,615,204
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	8,145,334
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# ATTORNEY GENERAL

<http://www.ct.gov/ag>

## AGENCY PURPOSE

- To serve as legal counsel to all state agencies and to protect the public interest for the people of the State of Connecticut.
- To represent and advocate for the interests of the state and its citizens.
- To ensure that state government acts within the letter and spirit of the law.
- To protect public resources for present and future generations.
- To safeguard the rights of the state's most vulnerable citizens.

## RECOMMENDED ADJUSTMENTS

- Annualize FY 2016 Budgeted Lapses -1,019,322  
*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Consolidate Agency Operating Funds 0  
*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services and Other Expenses.*
- Reduce Agency Operating Funds -1,909,813  
*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 12,038,582  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# DIVISION OF CRIMINAL JUSTICE

<http://www.ct.gov/csa>

## AGENCY PURPOSE

- To investigate and prosecute all criminal matters fairly, consistently, and with the highest regard for public safety and the rights of all persons.
- To uphold the law and protect the public, respect the rights of victims, witnesses and defendants, and maintain the highest ethical standards.
- To provide training and leadership to Connecticut's prosecutors and the law enforcement community.
- To promote and strengthen innovative strategies in the administration of state criminal justice systems.
- To strengthen partnerships for safer communities and enhance the state's capacity to prevent, solve, and control crime.
- To take advantage of state and federal laws to seize money, property, or other assets used in the furtherance of illegal drug trafficking and other crimes.
- To collect bonds forfeited in criminal cases when a defendant out on bond does not appear in court.
- To protect witnesses and victims from harm.
- To uphold the rights and improve services to Connecticut's crime victims.
- To prosecute violations of court orders.
- To ensure access to all appropriate diversionary programs.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-500,000
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-1,184,421
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Witness Protection, Training and Education, Expert Witnesses, Medicaid Fraud Control, Criminal Justice Commission, Cold Case Unit, and Shooting Taskforce. The following appropriations are consolidated in the Workers' Compensation Fund: Personal Services, Other Expenses, and Fringe Benefits.</i></p>	
• Reduce Agency Operating Funds	-3,085,022
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	17,982,494
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# DEPARTMENT OF EMERGENCY SERVICES AND PUBLIC PROTECTION

<http://www.ct.gov/desp>

## AGENCY PURPOSE

- To protect and improve the quality of life for all by providing a broad range of public safety, state-wide emergency management, scientific services, training and regulatory guidance through education, prevention, intervention, enforcement, strategic planning and innovative use of technology.
- To provide statewide traffic enforcement services to improve public safety through increased voluntary compliance of traffic laws, and to reduce traffic accidents and the property damage, bodily injury and fatalities that they cause.
- To provide primary law enforcement services for all municipalities that do not have their own chartered police departments.
- To provide statewide specialized police services and resources to all municipalities.
- To ensure the safety and well-being of persons and their property in Connecticut in the event of a disaster or crisis, natural or manmade, through collaborative programs.
- To support the criminal justice system through the forensic analysis of evidentiary materials utilizing the field's most advanced methods.
- To certify all police officers, law enforcement instructors and police training programs throughout Connecticut.
- To reduce death, injury and property damage due to fire, emergencies and other disasters by increasing the proficiency of fire service personnel.
- To assist in fire service mutual aid coordination through the Statewide Fire Rescue Disaster Response Plan.
- To develop a master plan for emergency telecommunications within Connecticut, coordinate with area states and the Federal Communications Commission, and act as a liaison with the public safety community to ensure that its needs are addressed.
- To coordinate public safety broadband and interoperable communication programs with state, local and federal response organizations.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-4,830,393
• Reduce Funding for Overtime <i>Overtime savings are expected through changes in the dispatch center configurations and reduced discretionary trooper services at New London Sailfest, Hartford Riverfest, The Big E, Stamford Alive at 5, State Police Youth Week, and New Haven MC/ATV Rally.</i>	-929,660
• Eliminate General Fund Grants for Fire Training Schools	-510,000
• Increase Tuition for POST Basic Training <i>Police Officer Standards and Training's Basic Training tuition is proposed to increase from \$1,500 to \$2,000 per recruit.</i>	-100,000
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment, Stress Reduction, Fleet Purchase, Workers' Compensation Claims, Maintenance of County Based Fire Radio Network, Maintenance of State-Wide Fire Radio Network, Police Association of Connecticut, and Connecticut State Firefighter's Association.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-10,641,372
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	54,168,622

# DEPARTMENT OF MOTOR VEHICLES

## AGENCY PURPOSE

- To issue identity-related credentials and “drive only” operator licenses according to stringent guidelines.
- To ensure public safety through enforcement of the statutes regarding motor vehicles and their operation.
- To promote and advance public safety, security and service through the regulation of drivers, their motor vehicles and certain vehicle-related businesses.
- To collect revenue for various state agencies, most of which is appropriated within the Special Transportation Fund for the construction and maintenance of the state’s highways.
- To maintain records on operators, vehicles, and revenues and make them available to authorized persons and agencies.
- To deliver innovative services to customers.
- To impose sanctions on the credential-holders who violate laws and regulations.

## RECOMMENDED ADJUSTMENTS

- Consolidate Agency Operating Funds
 

*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment, and Commercial Vehicle Information Systems and Networks Project.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds
 

*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# MILITARY DEPARTMENT

<http://www.ct.gov/mil>

## AGENCY PURPOSE

- To maintain properly trained and equipped National Guard units for prompt federalization in the event of war, domestic emergencies or other emergencies.
- To coordinate, support and augment federal, state and local authorities in emergency response.
- To provide emergency response planning and to conduct community service programs.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Plan	-51,904
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-123,762
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Reduce Funding for Overtime and to Reflect Refilling of Vacancies at Lower Steps	-55,000
<p><i></i></p>	
• Reduce Funds for State Active Duty	-45,000
<p><i></i></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Honor Guard, and Veterans' Service Bonuses.</i></p>	
• Reduce Agency Operating Funds	-339,690
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	1,124,683
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# DEPARTMENT OF CONSUMER PROTECTION

<http://www.ct.gov/dcp>

## AGENCY PURPOSE

- To assure a fair and equitable marketplace for consumers by licensing professions and detecting, preventing and remediating harms that may occur as the result of unfair and deceptive acts and practices and unfair methods of competition in the conduct of trade or commerce.
- To eliminate the hazards of adulterated, contaminated, or unsanitary food products by regulating the manufacture and sale of food products in the State of Connecticut.
- To prevent the diversion of all controlled drugs by regulating the manufacture, distribution and sale of drugs, cosmetics and medical devices.
- To prevent the sale of liquor to minors and intoxicated persons and to ensure that licensed premises are safe and sanitary by regulating the distribution, sale, and dispensation of liquor.
- To assure the public that all legalized gambling is conducted in a fair and honest manner by ensuring compliance with statutes, regulations and procedures.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Plan <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-50,000
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-355,881
• Reallocate Funds for Hospital Roundtable <i>Public Act 15-146 increases consumer access to information on health care costs and coverage, enhances transparency of executive pay in hospital transactions, decreases consumer health care costs by reducing "surprise billing" and limiting facility fees, and improves monitoring of the health care marketplace. In FY 2016, interagency agreements were developed to allow for the transfer of over \$500,000 from the Department of Social Services to a number of agencies to implement these provisions. Under this proposal, funding for hospital roundtable activities is realigned to the respective agencies in FY 2017.</i>	117,669
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services and Other Expenses.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-991,637
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	5,946,632

# DEPARTMENT OF LABOR

<http://www.ct.gov/dol>

## AGENCY PURPOSE

- To protect and promote the interests of Connecticut's workers and to assist workers and employers to be competitive in the global economy.
- To provide the following services that benefit the workplace:
  - income support that assists workers between jobs and stimulates the local economy;
  - protection on the job (through regulation of wages, safety and working conditions, and on-site health and safety consultations);
  - work-related training programs;
  - job search and recruitment assistance (through the local and regional job fairs and employer recruitments at the *American Job Center* offices); and
  - tax credit incentive programs.
- To act as the Connecticut arm of the U.S. Bureau of Labor Statistics. The department collects, analyzes and disseminates workforce data to inform businesses, the general public, educational institutions, and government policymakers about employment issues and trends.

- The chart below reflects non-farm unemployment rates for Connecticut and the U.S. for January 2015 through December 2015.

## RECOMMENDED ADJUSTMENTS

- Annualize FY 2016 Deficit Mitigation Savings
 

*To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.*
- Annualize FY 2016 Budgeted Lapses
 

*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Increase Grievance Filing Fee & Mediator Compensation
 

*Increases the grievance filing fee from \$25 to \$200, and increases mediator compensation from \$225 to \$325 for the first day of mediation.*
- Reduce Funding for the Veteran's Opportunity Pilot
- Reallocate Funding for Arts, Tourism and Other Community Grants
 

*Funding for arts, tourism and other community grants is reallocated to the Miscellaneous accounts administered by the Comptroller. Outside agencies, non-profits, community organizations, special events and the like should be accountable for their results in support of core state functions, with available funding transitioned to a competitive basis.*
- Consolidate Agency Operating Funds
 

*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, CETC Workforce, Connecticut's Youth Employment Program, Jobs First Employment Services, Apprenticeship Program, Connecticut Career Resource Network, Veterans' Opportunity Pilot and Second Chance Society. The following appropriations are consolidated in the Banking Fund: Opportunity Industrial Centers, Individual Development Accounts and Customized Services. The following appropriation is consolidated in the Workers' Compensation Fund: Occupational Health Clinics.*
- Reduce Agency Operating Funds
 

*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*

- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 4,050,268  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# COMMISSION ON HUMAN RIGHTS AND OPPORTUNITIES

<http://www.state.ct.us/chro>

## AGENCY PURPOSE

- To enforce civil rights laws that prohibit illegal discrimination in employment, housing, public accommodations, credit transactions and schools.
- To enforce civil rights laws which prohibit police misconduct and racial profiling.
- To provide education to the public regarding the protections afforded by Connecticut's civil rights laws.
- To conduct Fair Housing testing.
- To advocate for civil rights throughout the State of Connecticut.

***The Commission on Human Rights and Opportunities is transitioned to the Office of Governmental Accountability for administrative support in the Governor's budget proposal.***

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-77,785
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-145,334
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Postpone Set Aside Program for Municipalities and Quasi Publics	-590,000
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses and the Martin Luther King, Jr. Commission.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	2,237,212
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	
• Transition the Commission on Human Rights and Opportunities to the Office of Governmental Accountability for Administrative Support	-8,521,471

# DEPARTMENT OF AGRICULTURE

<http://www.ct.gov/doag>

## AGENCY PURPOSE

- To foster agriculture by developing, promoting and regulating agriculture businesses and protecting agricultural and aquacultural resources.
- To protect consumers and animal health by regulating, inspecting and enforcing animal care and animal health standards for pet shops and commercial kennels.
- To protect public health and animal agriculture by enforcing livestock and poultry disease statutes and administering animal disease prevention and control programs.
- To protect domestic animals by responding to and investigating animal cruelty and animal neglect complaints.
- To protect public safety by supporting local animal control and police enforcement of animal bite statutes.
- To protect public health by regulating, inspecting and enforcing food production and manufacturing standards for the shellfish, fluid milk, cheese manufacturing industries and small non-USDA inspected poultry slaughter operations.
- To preserve agricultural and aquacultural resources by restricting non-agricultural uses and prohibiting their partitioning thus preserving the land and underwater land for food and fiber production.
- To encourage and support the development of farmers' markets and other venues through or in which a majority of products sold are grown in the state.

## RECOMMENDED ADJUSTMENTS

- Annualize FY 2016 Budgeted Lapses
 

*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Consolidate Agency Operating Funds
 

*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Senior Food Vouchers, Tuberculosis and Brucellosis Indemnity, and WIC Coupon Program for Fresh Produce. The following appropriations are consolidated in the Regional Market Operation Fund: Personal Services, Other Expenses, and Fringe Benefits.*
- Reduce Agency Operating Funds
 

*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds
 

*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# COUNCIL ON ENVIRONMENTAL QUALITY

<http://www.ct.gov/ceq>

## AGENCY PURPOSE

---

- To monitor, analyze and report the status of Connecticut's air, water, land and wildlife to the Governor, General Assembly and citizens of Connecticut in the state's comprehensive environmental quality report.
- To recommend appropriate legislation and program improvements to correct deficiencies in state environmental policy.
- To publish the *Environmental Monitor* on-line and send electronically to all municipalities.
- To investigate and resolve citizens' complaints on environmental matters.
- 

## RECOMMENDED ADJUSTMENTS

---

- Annualize FY 2016 Budgeted Lapses -569  
*To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).*
- Consolidate Agency Operating Funds 0  
*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Service and Other Expenses.*
- Reduce Agency Operating Funds -10,573  
*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 68,184  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

<http://www.ct.gov/ecd>

## AGENCY PURPOSE

- To develop and implement strategies to increase the state's economic competitiveness.
- To coordinate the activities of all state agencies in advancing economic development opportunities.
- To promote, encourage and implement Responsible Growth principles and practices and regional cooperation.
- To foster a productive business environment that enables businesses to succeed in the global economy.
- To advance job creation and retention.
- To brand Connecticut as *still revolutionary* to bolster its reputation as an innovative business location and tourism destination.
- To market Connecticut to domestic and foreign businesses and workers and encouraging them to relocate to the state.
- To preserve and promote Connecticut's cultural and tourism assets in order to enhance the quality of life and economic vitality of the state.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2015 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-2,235,214
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-213,966
• Eliminate Funding for Certain Programs in Other Expenses <i>Eliminates funding for Dream It. Do It., OpSail, Schooner, Stamford Parade, New Haven Symphony, Blackwell School of Music, and the Connecticut Grizzlies.</i>	-494,348
• Eliminate Funding for the Development Research and Economic Assistance Program	-112,591
• Eliminate Staff Support at Westbrook Welcome Center	-23,400
• Reallocate Funding for Arts, Tourism and Other Community Grants <i>Funding for arts, tourism and other community grants is reallocated to the Miscellaneous accounts administered by the Comptroller. Outside agencies, non-profits, community organizations, special events and the like should be accountable for their results in support of core state functions, with available funding transitioned to a competitive basis.</i>	-8,853,125
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Statewide Marketing, Small Business Incubator Program, Office of Military Affairs, Hydrogen/Fuel Cell Economy, CCAT-CT Manufacturing Supply Chain, Capitol Region Development Authority, CONNSTEP and Arts Commission.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-1,617,905
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	3,105,500

# DEPARTMENT OF HOUSING

<http://www.ct.gov/doh>

## AGENCY PURPOSE

- To ensure that all of Connecticut's residents have access to safe, affordable housing.
- To serve as a central resource for municipalities, advocates and developers while striving to eliminate homelessness.
- To meet the housing needs of low- and moderate- income individuals and families, enabling them to live in communities where they have access to quality employment, schools, necessary services and transportation.
- To develop and advance programs that strengthen our state's vibrant, safe, and inclusive communities.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-950,184
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-1,222,325
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Reduce Funding for Housing/Homeless Services to Reflect Ongoing Delays in Placements	-3,500,000
<p></p>	
• Eliminate Funding for Fair Housing Attorneys Previously Funded Through the Attorney General's Settlement With Loan Providers	-170,000
<p></p>	
• Reduce Funding for Housing Assistance and Counseling Program to Reflect Cost Savings	-75,336
<p></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Elderly Rental Registry and Counselors, Subsidized Assisted Living Demonstration, Congregate Facilities Operation Costs, Housing Assistance and Counseling Program, Elderly Congregate Rent Subsidy, and the Housing/Homeless Services accounts. The following appropriation is consolidated in the Banking Fund: Fair Housing.</i></p>	
• Reduce Agency Operating Funds	-5,052,653
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	778,793
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# AGRICULTURAL EXPERIMENT STATION

## CAES

The Connecticut Agricultural Experiment Station  
Putting Science to Work for Society since 1875

<http://www.ct.gov/caes>

### AGENCY PURPOSE

- To ensure an ample and economical food supply by increasing crop yields, introducing successful new crops, protecting pollinators and managing pests and plant diseases.
- To investigate mosquitoes and ticks that transmit disease organisms to people and animals and to devise methods of monitoring and reducing these diseases.
- To devise ways to manage agricultural and forest pests and pathogens using fewer and less toxic pesticides.
- To discover methods for removing hazardous pollutants in soil and water that may affect the well-being of plants, domesticated animals and humans.
- To devise ways to control invasive aquatic plants in lakes and to restore normal plant growth in wetlands and coastal salt marshes.
- To protect people from toxic substances found in food and water, mold in buildings, and from deficient or adulterated food, consumer products, drugs and agrichemicals.

### RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-167,292
• Eliminate Funding for Three Vacant Research Scientist Positions	-220,738
• Eliminate Funding for the Lake Pocotopaug Study	-100,000
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment, Mosquito Control, and Wildlife Disease Prevention.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-446,214
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	2,454,576

# DEPARTMENT OF PUBLIC HEALTH

<http://www.ct.gov/dph>

## AGENCY PURPOSE

- To be the state's leader in protecting the public's health, providing policy, advocacy and accurate, up-to-date health information.
- To be the central part of Connecticut's comprehensive network of public health services, and partner to local health departments for which the department provides advocacy, training and certification, technical assistance and consultation, and specialty services not available at the local level.
- To actively work to prevent disease and promote wellness through education and programs such as prenatal care, newborn screening, immunizations, HIV/AIDS awareness, and supplemental foods.
- To monitor infectious diseases, environmental and occupational health hazards, and birth defects and assure effective planning and response to public health emergencies.
- To regulate health care providers, including health facilities and hospitals, health professionals and emergency medical services.
- To provide testing and monitoring support through the state public health laboratory, and collect and analyze health data for use in planning future policy.
- To serve as the repository for all birth, adoption, paternity, marriage and death certificates.
- To ensure the availability of safe and adequate drinking water supply for Connecticut's residents.
- To promote the equal enjoyment of the highest attainable standard of health for all Connecticut residents.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-696,022
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-883,755
• Reduce Support for School Based Health Centers	-477,431
• Eliminate Department of Public Health Support for Community Health Centers	-422,327
• Continue Pro-rata Reduction in Aid to Local Health Departments and Districts <i>Public Act 15-244 required the Commissioner of Public Health to reduce payments to full-time health departments and health districts on a pro-rata basis in an aggregate amount of \$234,000 in FY 2016.</i>	-234,000
• Update Per Capita Formula Grant for Local Health Departments and Districts	-50,809
• Remove Funding for Emergency Medical Services Pilot Program <i>Funding was first provided in FY 2016 to support a pilot program to allow emergency medical services (EMS) personnel to provide community-based health care services. The proposed legislation establishing the pilot program was not adopted.</i>	-26,000
• Reallocate Funds for Hospital Roundtable <i>Public Act 15-146 increases consumer access to information on health care costs and coverage, enhances transparency of executive pay in hospital transactions, decreases consumer health care costs by reducing "surprise billing" and limiting facility fees, and improves monitoring of the health care marketplace. In FY 2016, interagency agreements were developed to allow for the transfer of over \$500,000 from the Department of Social Services to a number of agencies to implement these provisions. Under this proposal, funding for hospital roundtable activities is realigned to the respective agencies in FY 2017.</i>	183,251
• Consolidate AIDS Services Funding on Insurance Fund <i>In FY 2016, all but \$85,000 of the amount appropriated to the AIDS Services account was reallocated from the General Fund to the Insurance Fund. This option consolidates the remaining funding.</i>	0

- Consolidate Agency Operating Funds
 

*To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Children's Health Initiatives, Childhood Lead Poisoning, Children with Special Health Care Needs, Maternal Mortality Review, Community Health Services, Rape Crisis, and Genetic Diseases Programs. The following appropriations are consolidated in the Insurance Fund: Needle and Syringe Exchange Program, AIDS Services, Breast and Cervical Cancer Detection and Treatment, Immunization Services, X-Ray Screening and Tuberculosis Care, and Venereal Disease Control.*
- Reduce Agency Operating Funds
 

*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations and municipal aid accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds
 

*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*
- Redirect Tobacco and Health Trust Fund Asthma Funding to General Fund
 

*Under this proposal \$700,000 set aside from the Tobacco and Health Trust Fund for asthma programs will be transferred to the General Fund as revenue. Of this amount, \$300,000 is associated with an asthma outreach and education program that will not be implemented in either year of the biennium. The remaining \$400,000 is achieved by discontinuing support of pediatric and adult Easy Breathing programs in FY 2017.*

# OFFICE OF THE CHIEF MEDICAL EXAMINER

<http://www.ct.gov/ocme/>

## AGENCY PURPOSE

- To Investigate Fatalities
  - Deaths due to any form of injury, whether resulting from accident, suicide or homicide or under suspicious circumstances.
  - Sudden or unexpected deaths not due to readily recognizable disease including death within 24 hours of admission to a hospital.
  - Deaths of any individual whose body is to be disposed of in a manner that will render it unavailable for later examination.
  - Deaths resulting from employment.
  - Deaths due to disease that might constitute a threat to the public health.
  - Death under anesthesia, in operating or recovery room, following transfusions, or during diagnostic procedures.
- To Protect the Public Health
  - By diagnosing previously unsuspected contagious disease.
  - By identifying hazardous environmental conditions in the workplace, the home, and elsewhere.
  - By identifying trends such as changes in the numbers of homicides, traffic fatalities, and drug and alcohol related deaths.
  - By identifying new types and forms of drugs appearing in the state or existing drugs/substances becoming new subjects of abuse.
  - By providing information that will lead to proper adjudication in criminal and civil matters and may prevent unnecessary litigation.
  - By issuing an accurate death certificate with an etiologically specific underlying cause of death.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-2,695
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-135,995
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Annualize Anticipated FY 2016 Other Expenses Deficiency	107,507
<i>To provide funding for deficiencies due to increased autopsy volume and resulting increased costs in toxicology and body transport.</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment and Medicolegal Investigations.</i>	
• Reduce Agency Operating Funds	-357,202
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	1,777,179
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# DEPARTMENT OF DEVELOPMENTAL SERVICES

<http://www.ct.gov/dds>

## AGENCY PURPOSE

- To provide case management, respite, family support, residential and employment services to consumers and their families through a system of public and private providers.
- To ensure appropriate delivery of health care services to people receiving residential supports.
- To assist consumers involved in the criminal justice system to ensure appropriate representation and services.
- To coordinate the Behavioral Services Program for children who have intellectual disability and behavioral health needs.
- To plan and manage emergency response activities for persons receiving services from the agency.

***The programs that support community residential services and autism services are recommended for transfer to the Department of Social Services in the Governor's budget as part of his proposal to restructure and transform state government.***

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-7,318,546
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-7,530,610
• Transfer Certain Medicaid Claiming Responsibilities to the Department of Social Services <i>Converting provider grants under the Department of Developmental Services to fee-for-service payments under the Department of Social Services will help to ensure the state is receiving federal reimbursement on all eligible services while also ensuring appropriate Medicaid billing, provider enrollment, and client eligibility. Under this proposal, funding for Community Residential Services and the Cooperative Placements Program are transferred to DSS to begin the transition to fee-for-service.</i>	-537,116,053
• Convert Residential Community Living Arrangements from Public to Private Operation <i>Reflects \$6.2 million in savings due to the conversions of 30 state-operated group homes to private operation during FY 2017.</i>	-6,150,236
• Transfer Autism Division to the Department of Social Services <i>To reflect the recent expansion in coverage of medically necessary services for members under age 21 with autism spectrum disorder under the Medicaid State Plan, lead agency responsibilities and the supporting resources are being transferred to the Department of Social Services.</i>	-2,373,961
• Accelerate Placements to Providers <i>Payments to providers for transitional costs are reduced from 60 days to 30 days in order to incentivize quicker placements and ensure that more individuals are served in an expedited manner.</i>	-1,722,468
• Eliminate Early Childhood Autism Waiver <i>Funding for the Early Childhood Autism Waiver is eliminated to reflect the coverage of treatment for autism spectrum disorder under the Medicaid State Plan.</i>	-1,000,000
• Adjust Funding Level for Supplemental Payments for Medical Services Due to Reduced Census	-350,000
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Family Support Grants, Clinical Services, Workers' Compensation Claims, Behavioral Services, Supplemental Payments for Medical Services, Rent Subsidy Program and Employment Opportunities and Day Services.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-31,816,294

- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 88,493,733

*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# DEPARTMENT OF MENTAL HEALTH AND ADDICTION SERVICES

<http://www.ct.gov/dmhas>

## AGENCY PURPOSE

To assist persons with psychiatric and substance use disorders to recover and sustain their health through delivery of high quality services that are person-centered, value-driven, promote hope, improve health and are anchored to a recovery-oriented system of care provided through state-operated and private provider services.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-8,111,369
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-9,113,411
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Reduce Grants for Mental Health and Substance Abuse Services	-15,827,838
<i>Grants for mental health and substance abuse services are reduced to reflect a reduction in need for state subsidies for uninsured individuals as a result of the Affordable Care Act.</i>	
• Remove Funding for Acute Care and Emergency Behavioral Health Grants	-3,000,000
<i>Removes new funding provided to support Community Care Teams.</i>	
• Achieve Efficiencies Through Consolidation of Behavioral Health Boards and Councils	-1,277,213
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Housing Supports and Services, Managed Service System, Legal Services, Connecticut Mental Health Center, Professional Services, Workers' Compensation Claims, Nursing Home Screening, Young Adult Services, TBI Community Services, Jail Diversion, Behavioral Health Medications, Prison Overcrowding, Medicaid Adult Rehabilitation Option, Discharge and Diversion Services, Home and Community Based Services, Persistent Violent Felony Offenders Act, Nursing Home Contract, Pre-Trial Account, Grants for Substance Abuse Services, Grants for Mental Health Services and Employment Opportunities. The follow appropriation is consolidated in the Insurance Fund: Managed Services System.</i>	
• Reduce Agency Operating Funds	-34,528,203
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	85,603,687
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# PSRB PSYCHIATRIC SECURITY REVIEW BOARD

<http://www.ct.gov/psrb>

## AGENCY PURPOSE

To review the status of persons who are found not guilty of a crime by reason of mental disease or mental defect through an administrative hearing process and order the level of supervision and treatment for the acquittee necessary to ensure public safety. The board is governed by Connecticut General Statutes, Sections 17a-580 through 17a-603.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Budgeted Lapses	-3,656
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Adjust Funding for Personal Services	20,000
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services and Other Expenses.</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services and Other Expenses.</i>	
• Reduce Agency Operating Funds	-17,755
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>

# DEPARTMENT OF TRANSPORTATION

<http://www.ct.gov/dot>

## AGENCY PURPOSE

- To provide a safe and efficient intermodal transportation network that improves the quality of life and promotes economic vitality for the state and the region.
- To construct, repair, and maintain the state highway system consisting of over 10,000 lane miles and over 3,950 bridges.
- To construct, repair, and maintain the state public transportation system.
- To provide commuter rail service along the New Haven Line, the branch lines, Shore Line East and the New Haven-Hartford-Springfield Line.
- To provide continued operation of all urban and rural bus services, ridesharing and transportation demand management programs.
- To provide safe, efficient and cost-effective bus service on CTfastrak.
- To provide effective regulation of the taxi, livery and intrastate motor bus entities
- To maintain and operate the Connecticut River ferries.
- To maintain and operate the New London State Pier and oversee maritime investments while transitioning jurisdiction and development of such port responsibilities to the Connecticut Port Authority.
- To focus available resources in the most effective manner; to ensure that all transportation systems are operated and maintained in a safe manner; to maintain all transportation systems in a state of good repair; to make investments that increase the productivity of existing systems; to utilize transportation investments to promote and facilitate economic development; and to provide additional transportation capacity where it is essential.
- To promote efforts to reduce injuries and fatalities as a result of traffic crashes related to driver behavior on Connecticut roadways.
- To support and adhere to responsible growth principles and ensure that transportation projects are consistent with the state's plan of conservation and development, Connecticut's energy strategy plan, and the state's climate change efforts.
- To place special emphasis on working with other state agencies and municipalities to promote development at and near transit stations as a means of maximizing the state's investment in transit and supporting economic growth.
- To monitor transportation trends and forecast future needs of the transportation system and to develop transportation plans and services to address those needs.
- To assure compliance with federal requirements and maintain eligibility for federal funds, and to maximize the amount of federal funding for Connecticut.

## RECOMMENDED ADJUSTMENTS

• Increase Funding for Rail Operations <i>Provide funding for ongoing Metro-North safety and maintenance initiatives to continue to maintain compliance with federally mandated safety regulations.</i>	6,145,000
• Establish the Transit Corridor Development Assistance Authority (TCDA) <i>Funding will support the operations of the TCDA, which will coordinate economic development within one-half mile of passenger rail or bus rapid transit stations.</i>	250,000
• Launch Bus Service Between Waterbury and Torrington	200,000
• Provide Funding in the Minor Capital Program for Environmental Compliance <i>Provide funding for the replacement of fuel tank components essential to ensuring compliance with Department of Energy and Environmental Protection regulations.</i>	135,000
• Provide Additional Funding to Successfully Establish the Connecticut Port Authority	52,914
• Reallocate Maritime Manager Funding to Port Authority Account	0
• Consolidate Funding for Airport Operations <i>The CAA Related Funds and Tweed New Haven Airport Grant accounts are consolidated into a new Airport Operations account.</i>	0
• Transfer Funding for Harbor Liaison Officer to the Department of Energy and Environmental Protection <i>Transfers a Harbormaster Liaison Officer position from the Department of Transportation to the Department of Energy and Environment Protection (DEEP) in accordance with Public Act 15-5 of the June Special Session.</i>	-113,236
• Eliminate Funding for Non-ADA Dial-A-Ride Program	-576,361

• Streamline Rest Area Operations <i>Close the Southington and Willington (Eastbound) rest areas, the Welcome Center in Westbrook, and reduce operations at the remaining locations to two shifts.</i>	-1,178,000
• Reflect the Delay of Hartford Line Rail Service from January 1, 2017 to January 1, 2018.	-2,158,142
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Equipment, Minor Capital Projects, Highway Planning and Research, and ADA Para-Transit Program.</i>	0
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	68,044,444
• Revenue: Increase Permit Fees for Oversize/Overweight Vehicles	750,000

# DEPARTMENT OF SOCIAL SERVICES

<http://www.ct.gov/dss>

## AGENCY PURPOSE

- To increase the overall security and quality of life for Connecticut individuals and families through holistic, evidence-based and culturally appropriate services.
- To support optimal physical and behavioral health and well-being.
- To promote and support the choice to live with dignity in one's own home and community.
- To reduce barriers to employment and strengthen financial stability and self-sufficiency.
- To support individuals and families to reach their full potential.

***The programs that support community residential services and autism services are recommended for transfer from the Department of Developmental Services to the Department of Social Services in the Governor's budget as part of his proposal to restructure and transform state government.***

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-4,120,546
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Deficit Mitigation Savings – Maintain Hospital Supplemental Funding at Current Levels	-30,000,000
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015. As part of December's deficit mitigation efforts, hospital inpatient supplemental payments were reduced from \$241.1 million to \$150.2 million, for savings of \$90.9 million (\$30 million state share). Under this proposal, inpatient supplemental funding will remain at FY 2016 levels.</i>	
• Annualize FY 2016 Budgeted Lapses	-5,674,181
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Transfer Certain Medicaid Claiming Responsibilities from the Department of Developmental Services to DSS	537,116,053
<i>Converting provider grants under the Department of Developmental Services to fee-for-service payments under DSS will help to ensure the state is receiving federal reimbursement on all eligible services while also ensuring appropriate Medicaid billing, provider enrollment, and client eligibility. Under this proposal, funding for Community Residential Services and the Cooperative Placements Program are transferred to DSS to begin the transition to fee-for-service.</i>	
• Adjust Funding to Reflect Current Expenditure and Caseload Trends	6,720,000
<i>Funding for the following accounts is adjusted to reflect anticipated requirements: Other Expenses, Old Age Assistance, Aid to the Blind, Aid to the Disabled, Temporary Assistance to Families and State Administered General Assistance.</i>	
• Transfer the Department of Developmental Services' Autism Division to DSS	1,574,500
<i>To reflect the recent expansion in coverage of medically necessary services for members under age 21 with autism spectrum disorder under the Medicaid State Plan, lead agency responsibilities and the supporting resources are being transferred from DDS to DSS. Note: Under net budgeting, the Medicaid account in DSS reflects the state's share of expenditures with federal matching funds directly offsetting state costs, while costs in other agencies reflect the gross costs with any federal matching funds accruing as revenue to the General Fund. This transaction reflects an increase of \$1.3 million in DSS' Medicaid account and a reduction of \$2.1 million in DDS' budget (under the Autism Services account) and a reduction of \$800,000 in federal grant revenue. There is no net budget impact from this transaction.</i>	
• Transfer Funding from Department of Developmental Services for Community Living Arrangement Conversions	1,150,000
<i>The Department of Developmental Services is in the process of converting state-operated residential Community Living Arrangements (CLAs) to privately-operated CLAs. This proposal provides funding in DSS to support additional room and board costs associated with the conversions.</i>	

• Limit Orthodontia Coverage	-3,200,000
<i>Medicaid coverage of orthodontic services is currently limited to children under 21 years of age who have a score of 26 or higher on the Salzmann Handicapping Malocclusion Index, a scoring tool used to determine the level of misalignment of an individual's teeth. Under this proposal, the minimum qualifying score on the Salzmann index will be increased to 29. With prior authorization, orthodontic services will be approved for individuals with a score below 29 based on medical necessity. As a result of this change, the state will no longer cover cases that might otherwise be considered "cosmetic."</i>	
• Transfer Healthy Start Program to the Office of Early Childhood	-1,224,704
<i>In FY 2014, all programs and associated funding previously under the Children's Trust Fund were transferred from DSS to the Office of Early Childhood (OEC) with the exception of the Healthy Start program. Funding for the Healthy Start program is currently transferred to OEC through a Memorandum of Agreement (MOA). This proposal transfers the appropriation to OEC, thereby eliminating the need for an MOA.</i>	
• Shift Funding to SSBG and SSBG/TANF	-1,075,369
<i>Currently, 10% of the state's Temporary Assistance for Needy Families (TANF) block grant is transferred to the Social Services Block Grant (SSBG). Allocations under SSBG/TANF include Human Resource Development (\$251,779), Human Resource Development - Hispanic Programs (\$260,610), and Anti-Hunger Programs (\$107,304). This proposal eliminates these allocations and transfers funding from the Domestic Violence Shelters and Nutrition Assistance accounts to SSBG/TANF. In addition, there are allocations under SSBG for Legal Services (\$719,625) and Thompson Ecumenical Empowerment Group, Inc. (\$94,506). This proposal eliminates the allocations and transfers funding from Safety Net Services and Community Services to SSBG.</i>	
• Reduce Burial Benefit	-1,054,900
<i>DSS covers expenses up to \$1,400 for indigent decedents with no ability to pay for the cost of a funeral, cremation, or burial. In comparison to surrounding states, Connecticut has one of the highest benefit levels. This proposal reduces the burial benefit to \$1,000, which is more in line with surrounding states.</i>	
• Update Funding for the Small Hospital Pool	-1,000,000
<i>The enacted budget included funding of \$14.8 million for small independent hospitals - Bristol, Charlotte Hungerford, Day Kimball, Griffin, Johnson Memorial and Milford. In October, the Governor announced a revised small hospital pool to be funded at \$14.1 million with funds to be distributed based on updated FFY 2014 data. Under the Medicaid state plan amendment, hospitals become ineligible for payments under the pool following the completion of a merger or affiliation with another hospital or an increase in licensed beds to greater than 180 beds. If one of the hospitals becomes ineligible, the balance of that hospital's funding is not redistributed to other hospitals under the pool. As Johnson Memorial Hospital was recently acquired by another hospital health system, funding of approximately \$2.3 million will not be required in FY 2017. Under this proposal, the total pool of funding for small hospitals is reduced from \$14.8 million to \$11.8 million, for savings of \$3.0 million (\$1.0 million state share). This reflects the reduction to \$14.1 million and the further reduction associated with the acquisition of Johnson Memorial Hospital.</i>	
• Reduce Supplemental Funding for Federally Qualified Health Centers	-775,000
<i>The biennial budget includes supplemental funding under Medicaid for federally qualified health centers of \$3.9 million (\$1.6 million state share). Under this proposal, this funding is reduced in half (from \$3.9 million to \$1.9 million) for state savings of \$775,000.</i>	
• Reduce Funding for Connecticut Children's Medical Center	-725,407
<i>The Connecticut Children's Medical Center receives a direct grant payment in recognition of the costs borne by the hospital due to the high proportion of Medicaid recipients served, its special equipment needs and its status as a teaching facility. Under this proposal, funding for this grant, after adjusting for the annualization of FY 2016 deficit mitigation savings, is reduced by 5 percent.</i>	
• Reallocate Funds for Hospital Roundtable	-541,456
<i>Public Act 15-146 increases consumer access to information on health care costs and coverage, enhances transparency of executive pay in hospital transactions, decreases consumer health care costs by reducing "surprise billing" and limiting facility fees, and improves monitoring of the health care marketplace. In FY 2016, interagency agreements were developed to allow for the transfer of over \$500,000 from the Department of Social Services to a number of agencies to implement these provisions. Under this proposal, funding for hospital roundtable activities is realigned to the respective agencies in FY 2017.</i>	
• Reduce Funding for the Fatherhood Initiative	-234,497

• Eliminate Funding for the HUSKY Performance Monitoring Account	-178,143
<i>This account funds a contract to provide analyses of trends in HUSKY enrollment, access to care, and utilization of health care services. With the administration services organization (ASO) structure implemented January 1, 2012, DSS has increased the use of data to inform decision-making, using an integrated set of Medicaid claims data to identify those in need of intensive care management services. With the ASO's extensive predictive modeling and data analytic capabilities, the department can readily access and analyze medical cost and utilization trends, member eligibility and provider performance. As a result, funding provided under this account is eliminated.</i>	
• Maintain the Minimum Flat Rate for Boarding Homes	-90,000
<i>DSS establishes a minimum flat rate for boarding homes that choose not to issue an annual cost report. Although legislative intent was to freeze all boarding home rates over the biennium, the budget implementer did not include the language needed to freeze the minimum flat rate. To avoid additional costs and to be consistent with legislative intent, this proposal maintains the minimum flat rate at FY 2016 levels.</i>	
• Consolidate Accounts for Aid to the Aged, Blind and Disabled	0
• Consolidate the Connecticut Home Care Program and Protective Services for the Elderly Accounts	0
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Genetic Tests in Paternity Actions, State-Funded Supplemental Nutrition Assistance Program, Emergency Assistance, Food Stamp Training Expenses, Human Resources Development - Hispanic Programs, Safety Net Services, Refunds of Collections, Services for Persons with Disabilities, Nutrition Assistance, Connecticut Children's Medical Center, Community Services, Human Services Infrastructure Community Action Program, Teen Pregnancy Prevention, Family Programs - Temporary Assistance for Needy Families (TANF), and Domestic Violence Shelters.</i>	
• Reduce Agency Operating Funds	-18,608,978
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	48,402,017
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# STATE DEPARTMENT ON AGING

<http://www.ct.gov/aging>

## AGENCY PURPOSE

---

- To develop programs and provide services for one fifth of Connecticut's population. Approximately 731,000 citizens in the state are age 60 and older.
- To empower older adults to live full, independent lives and to provide leadership on aging issues on behalf of older adults, families, caregivers and advocates.
- To oversee a variety of federal and state funded programs and services, including: meals, legal assistance, health and wellness programs, health insurance counseling, respite care, caregiver supports, older worker services, and information and assistance.
- To protect the health, safety, welfare and rights of long-term care residents through the Long Term Care Ombudsman program.
- To administer federal Older Americans Act programs, which are designed to improve the quality of life and to support older adults to live with dignity, security and independence.

## RECOMMENDED ADJUSTMENTS

---

• Annualize FY 2016 Deficit Mitigation Savings	-91,969
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-54,230
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Reduce Funding for Statewide Respite Care Program	-130,830
• Reduce Funding for Fall Prevention Program	-75,000
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, and Programs for Senior Citizens. The following appropriation is consolidated in the Insurance Fund: Fall Prevention.</i>	
• Reduce Agency Operating Funds	-491,429
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	898,395
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# DEPARTMENT OF REHABILITATION SERVICES

<http://www.ct.gov/dors>

## AGENCY PURPOSE

- To provide a wide array of individualized vocational rehabilitation services to individuals with disabilities, especially those with the most significant disabilities, so that these individuals may enter or retain competitive employment and live independently.
- To provide statewide comprehensive, community-based rehabilitative services to adults who are legally blind or deaf and blind, and children who are visually impaired, legally blind or deaf and blind in order to maximize inclusion and participation in education and community activities.
- To make a determination of disability for individuals applying for Supplemental Security Income or Social Security Disability Insurance.
- To provide driver training and determination of special equipment requirements for people with physical disabilities who wish to obtain a Connecticut driver's license.
- To provide public education, training and advocacy on matters pertaining to blindness, deafness or hearing impairment.
- To deliver specialized programs and services that enable agency clients and the community at large to achieve greater access to sign and tactile interpreters, assistive technology, benefit counseling, public information, public safety, job seeking and news media in accessible formats.
- To operate a comprehensive lending library of educational textbooks and materials in Braille and large-print for use by school districts across the state.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-144,609
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-155,920
• Provide Funding for Workers' Rehabilitation Services System Conversion <i>Funding supports the Workers' Compensation Commission project to modernize the claims and hearing processes system which includes a Workers' Rehabilitation module dedicated to the Department of Rehabilitation Services.</i>	450,000
• Adjust Salary Funding to Reflect Current Requirements	74,263
• Eliminate Funding for Independent Living Centers	-497,290
• Reduce Personal Services Funding to Reflect a Transfer from the Part-Time Interpreter Account <i>Funding in the Personal Services account is reduced due to a transfer of available carry forward funding from the Part-Time Interpreter account.</i>	-200,000
• Reduce Employment Opportunities to Eliminate Health Insurance Coverage <i>The mandate to provide health insurance to persons who were employed at the former agency-run workshops is eliminated due to the availability of health insurance coverage through the Affordable Care Act or other sources as applicable.</i>	-183,000
• Eliminate Funding for Connecticut Radio Information Service	-71,448
• Consolidate Vocational Rehabilitation Programs <i>Funding for the vocational rehabilitation programs are reallocated into one account in order to streamline programs. Both programs assist persons with disabilities to prepare for and maintain competitive employment.</i>	0
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Part-Time Interpreters, Educational Aid for Blind and Visually Handicapped Children, Employment Opportunities, Vocational Rehabilitation, Supplementary Relief and Services, and Special Training for the Deaf Blind; The following appropriations are consolidated in the Workers' Compensation Fund: Personal Services, Other Expenses, Rehabilitative Services, and Fringe Benefits.</i>	0

- Reduce Agency Operating Funds -1,174,764  
*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds 4,104,757  
*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# DEPARTMENT OF EDUCATION

<http://www.ct.gov/sde>

## AGENCY PURPOSE

- To ensure an excellent education for all children, so that all students have access to excellent schools and gain the knowledge, skills, and attributes to become lifelong learners and successful in college, careers, and civic life.
- To work with local school districts to improve student achievement and close the achievement gap by providing necessary supports and interventions to districts and schools.
- To support school districts with leadership, curriculum guidance, research, planning, evaluation, education technology, data analyses and other assistance as needed.
- To distribute funds to school districts through grant programs, including Education Cost Sharing (the largest grant to districts) in support of local educational expenses.
- To operate the Connecticut Technical High School System (CTHSS), the state's largest secondary school system serving over 10,700 high school students and 425 adult learners. The CTHSS is overseen by an 11-member board that includes members from education and industry as well as the commissioners from the Department of Labor and the Department of Economic and Community Development.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-439,447
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-5,927,154
• Fund ECS Grant at FY 2016 Level	-7,389,254
• Reduce Personal Services in Central Office and Connecticut Technical High School System	-841,367
• Eliminate General Grant Funding Support for Regional Educational Service Centers <i>Funding of \$350,000, which is dedicated to the RESCs' work on minority teacher recruitment, would be maintained.</i>	-757,725
• Eliminate Adult Education Pilot Programs <i>Funding for an adult education pilot program in Manchester and Meriden and for a pilot program between Gateway Community College and Hillhouse High School in New Haven is eliminated.</i>	-400,000
• Eliminate CommPACT Schools Funding	-350,000
• Eliminate Funding for Alternative High School and Adult Reading Incentive Program	-200,000
• Eliminate Certain Funding in After School Grant <i>Funding is eliminated for Montville, Plainville, Thompson and Solar Youth. The After School Program is a competitive grant program.</i>	-172,657
• Eliminate In-Classroom School Breakfast Pilot Program <i>Funding was provided for an in-classroom School Breakfast Pilot program. The program is a competitive grant for up to ten severe needs schools to establish or expand in-classroom school breakfast programs.</i>	0
• Reallocate Funding for Arts, Tourism and Other Community Grants <i>Funding for arts, tourism and other community grants is reallocated to the Miscellaneous accounts administered by the Comptroller. Outside agencies, non-profits, community organizations, special events and the like should be accountable for their results in support of core state functions, with available funding transitioned to a competitive basis.</i>	-2,282,574

• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Development of Mastery Exams, Primary Mental Health, Adult Education Action, Resource Equity Assessment, Longitudinal Data Systems, School Accountability, Sheff Settlement, Parents' Trust Fund, Regional Vocational-Technical School System, Commissioner's Network, New or Replicated Schools, K-3 Reading Assessment Pilot, Talent Development, Common Core, Special Master, School-Based Diversion Initiative, American School for the Deaf, Regional Education Services, Family Resource Centers, Youth Service Bureau Enhancement, Child Nutrition State Match, Health Foods Initiative, Vocational Agriculture, Health and Welfare Services Pupils Private Schools, Bilingual Education, Youth Parents Program, Interdistrict Cooperation, School Breakfast Program, and After School Program.</i>	
• Reduce Agency Operating Funds	-52,925,797
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations and municipal aid accounts, but are not applied to Education Equalization Grants. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	62,015,420
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# OFFICE OF EARLY CHILDHOOD

<http://www.ct.gov/oec>

## AGENCY PURPOSE

- To coordinate and improve the delivery of early childhood services for Connecticut families with children ages 0-5.
- To ensure child care and education programs are (1) safe, healthy, and nurturing; (2) appropriately supporting children's physical, social and emotional, and cognitive development; and, (3) accessible to all children, particularly those facing barriers, risks, setbacks or challenges to their healthy development and academic achievement.
- To support families raising young children with programs that increase family stability, improves children's health, well-being and development, and prevent abuse and neglect.
- To build and support a high-quality early childhood workforce.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-119,098
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-186,332
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Transfer the Healthy Start Program from the Department of Social Services	1,224,704
• Eliminate Funding for Even Start	-451,250
• Eliminate Funding for Improving Early Literacy Program	-142,500
• Reallocate Various School Readiness and Child Care Services Funding into One Appropriation	0
<p><i>This option would reallocate the Early Childhood Program, Child Care Services, Child Care Services-TANF/CCDBG (Care 4 Kids), and School Readiness accounts into one account called Early Care and Education in order to facilitate the streamlining of these early care and education funding streams into one cohesive appropriation.</i></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Children's Trust Fund, Birth to Three, Community Plans for Early Childhood, Head Start Services, Child Care Quality Enhancements, Head Start-Early Childhood Link, Early Head Start-Child Care Partnership, and School Readiness Quality Enhancement.</i></p>	
• Reduce Agency Operating Funds	-3,578,018
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	3,255,861
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# CONNECTICUT STATE LIBRARY

<http://www.ctstatelibrary.org/>

## AGENCY PURPOSE

- To provide high-quality library and information services to state government and the citizens of Connecticut.
- To work cooperatively with related agencies and constituent organizations in providing those services.
- To preserve and make accessible the records of Connecticut's history and heritage.
- To promote the development and growth of high-quality information services on an equitable basis statewide.
- To provide leadership and cooperative opportunities to the library, educational and historical communities in order to enhance the value of individual and collective service missions.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Plan <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-210,902
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-124,013
• Eliminate Funding for Computer Access Program <i>The Computer Access program provides training, refurbished computers, a year of technical support, and a year of high speed internet service to approximately 1,600 low-income families in Bridgeport, Hartford, New Haven and Waterbury.</i>	-154,893
• Reallocate Funding for Arts, Tourism and Other Community Grants <i>Funding for arts, tourism and other community grants is reallocated to the Miscellaneous accounts administered by the Comptroller. Outside agencies, non-profits, community organizations, special events and the like should be accountable for their results in support of core state functions, with available funding transitioned to a competitive basis.</i>	-1,851,183
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, State-Wide Digital Library, Interlibrary Loan Delivery Service, Legal/Legislative Library Materials, Support Cooperating Library Service Units, Grants to Public Libraries, and Connecticard Payments.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-579,760
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. # OFFICE OF HIGHER EDUCATION

<http://www.ctohoe.org>

## AGENCY PURPOSE

---

- To advance the state's postsecondary education goals;
- To facilitate access to opportunities at Connecticut postsecondary institutions, by administering the state's student financial aid programs, including the Governor's Scholarship Program;
- To administer federal responsibilities, including the Minority Advancement Program, Veterans Program Approval, the Teacher Quality Partnership Grant Program, and the Commission on Community Service, which administers the AmeriCorps program;
- To safeguard the highest standards of academic quality;
- To license and accredit Connecticut's independent colleges and universities and license in-state academic programs offered by out-of-state institutions;
- To serve as an information and consumer protection resource;
- To regulate private career schools;
- To operate the Alternate Route to Certification program for college educated professionals interested in becoming teachers.

## RECOMMENDED ADJUSTMENTS

---

• Annualize FY 2016 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-192,184
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-25,210
• Support the Alternative Route to Certification from Program Fees <i>The costs of the Alternative Route to Certification can be covered by program fees. Currently, the FY 2016 available revenue in this account exceeds \$600,000, permitting the elimination of General Fund appropriations without any reduction in the delivery of programs and services.</i>	-47,883
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Minority Advancement Program, National Service Act, Minority Teacher Incentive Program, and Governor's Scholarship.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-2,627,346
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds <i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	753,133

# UNIVERSITY OF CONNECTICUT

<http://www.uconn.edu>

## AGENCY PURPOSE

- To serve as the flagship for public higher education in the state, and as the primary doctoral degree granting public institution.
- To promote the health and well-being of Connecticut's citizens through enhancing the social, economic, cultural, and natural environments of the state and beyond, through the University's roles as a land and sea grant institution.
- To embrace diversity and cultivate leadership, integrity, and engaged citizenship in the University's students, faculty, staff, and alumni, through research, teaching, service, outreach, and public engagement.
- To create and disseminate knowledge, by means of scholarly and creative achievements, graduate and professional education, and outreach, through freedom of academic inquiry and expression.
- To help every student grow intellectually and become a contributing member of the state, national, and world communities, through a focus on teaching and learning.
- To demonstrate excellence through national and international recognition, and through sustained, measurable progress aligned with educational goals and economic priorities identified by the state.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-4,100,000
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-1,047,575
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Eliminate Funding for the Kirklyn Kerr Veterinary Program	-400,000
<p><i>Funding is eliminated for Connecticut residents pursuing veterinary medicine at Iowa State University. The current agreement secures five slots at a rate of \$20,000 per slot, with total funding of \$400,000 covering four cohorts.</i></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Operating Expenses, and Workers' Compensation Claims.</i></p>	
• Reduce Agency Operating Funds	-13,996,736
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Revise Treatment of Fringe Benefits for the Constituent Units of Higher Education	145,696,323
<p><i>To more accurately reflect General Fund support for higher education, and to provide a more consistent and predictable treatment of fringe benefits costs for higher education employees, block grant funding is increased to include the current level of General Fund fringe benefit support, thus eliminating the need to assign employees to a General Fund roster. In addition, and in order to better insulate higher education units from future changes in the cost of Unfunded Accrued Liability (UAL) in the State Employees' Retirement System (SERS), funding to support the SERS UAL is reflected in a separate appropriation.</i></p>

# UNIVERSITY OF CONNECTICUT HEALTH CENTER

<http://www.uchc.edu/>

## AGENCY PURPOSE

- To educate individuals pursuing careers in undergraduate and graduate medical and dental health care, and in education, public health, biomedical, and behavioral sciences, and to help health care professionals maintain their proficiency through continuing education programs.
- To advance knowledge through basic science, biomedical, clinical, behavioral and social research.
- To deliver high-quality, patient-centered health care services effectively and efficiently, applying the latest advances in research. Of note, UConn Health has been recognized by The Joint Commission, a national hospital accrediting body, as a top performer in providing care for patients with heart failure, heart attack, pneumonia and surgical needs. In addition, UConn Health has been recognized by the American Heart Association for excellence in the care of patients with heart failure and severe heart attack, as well as for the quality of care provided to patients experiencing stroke.
- To deliver health care and wellness services to underserved citizens.
- To further Connecticut's position as a leader in the growing field of bioscience and to contribute to economic growth in the state by transferring its research discoveries into new technologies, products and jobs, through the Bioscience Connecticut Initiative.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-25,578
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-670,917
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Reallocate Funds for Hospital Roundtable	90,000
<i>Public Act 15-146 increases consumer access to information on health care costs and coverage, enhances transparency of executive pay in hospital transactions, decreases consumer health care costs by reducing "surprise billing" and limiting facility fees, and improves monitoring of the health care marketplace. In FY 2016, interagency agreements were developed to allow for the transfer of over \$500,000 from the Department of Social Services to a number of agencies to implement these provisions. Under this proposal, funding for hospital roundtable activities is realigned to the respective agencies in FY 2017.</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Operating Expenses, AHEC for Bridgeport, and Workers' Compensation Claims.</i>	
• Reduce Agency Operating Funds	-8,128,355
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Revise Treatment of Fringe Benefits for the Constituent Units of Higher Education	103,221,779
<i>To more accurately reflect General Fund support for higher education, and to provide a more consistent and predictable treatment of fringe benefits costs for higher education employees, block grant funding is increased to include the current level of General Fund fringe benefit support, thus eliminating the need to assign employees to a General Fund roster. In addition, and in order to better insulate higher education units from future changes in the cost of Unfunded Accrued Liability (UAL) in the State Employees' Retirement System (SERS), funding to support the SERS UAL is reflected in a separate appropriation.</i>

# BOARD OF REGENTS FOR HIGHER EDUCATION

<http://www.ctregents.org>

## AGENCY PURPOSE

- To provide affordable, innovative and rigorous programs that permit students to achieve their personal and higher education career goals, as well as contribute to the economic growth of the state, through the system's seventeen Connecticut State Colleges and Universities;
- To establish tuition and student fee policies;
- To coordinate programs and services through public higher education and among its institutions; and
- To conduct regular reviews of existing and new academic programs, advancing the goals and priorities identified by the state's Planning Commission for Higher Education and furthering the educational and economic interests of the state.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings <i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	-858,685
• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-1,052,567
• Eliminate One-Time Funding for Projects at CCSU <i>One-time funding of \$380,000 for the Institute for Municipal and Regional Policy and \$30,000 for the Veterans History Project is eliminated.</i>	-410,000
• Reallocate Transform CSCU Funds <i>Funding for Transform CSCU funds is redistributed to the community colleges, to enhance existing system-wide developmental education efforts and establish a new system-wide outcomes-based investments.</i>	0
• Consolidate Agency Operating Funds <i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Workers' Compensation Claims, Board of Regents for Higher Education, and Transform CSCU.</i>	0
• Reduce Agency Operating Funds <i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	-20,244,650
• Revise Treatment of Fringe Benefits for the Constituent Units of Higher Education <i>To more accurately reflect General Fund support for higher education, and to provide a more consistent and predictable treatment of fringe benefits costs for higher education employees, block grant funding is increased to include the current level of General Fund fringe benefit support, thus eliminating the need to assign employees to a General Fund roster. In addition, and in order to better insulate higher education units from future changes in the cost of Unfunded Accrued Liability (UAL) in the State Employees' Retirement System (SERS), funding to support the SERS UAL is reflected in a separate appropriation.</i>	183,934,591

# DEPARTMENT OF CORRECTION

<http://www.doc.state.ct.us/>

## AGENCY PURPOSE

To protect the public and staff, and to provide safe, secure, and humane supervision of offenders with opportunities that support restitution, rehabilitation and successful community reintegration.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Plan	-1,133,644
<p><i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i></p>	
• Annualize FY 2016 Budgeted Lapses	-14,061,657
<p><i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i></p>	
• Close a Prison	-14,842,833
<p><i>Current prison population projections indicate the Department of Correction will be able to close additional facility wings and annexes early in FY 2017 followed by a full facility by the end of the fiscal year. With expansion of the Governor's Second Chance Society initiatives, the steps taken by the Department of Correction to improve offender re-entry, and the continuing trends in declining crime and prison admissions; the Governor is proposing another prison closure in FY 2017.</i></p>	
• Consolidate Agency Operating Funds	0
<p><i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Stress Management, Workers' Compensation Claims, Inmate Medical Services, Board of Pardons and Paroles, Program Evaluation, Aid to Paroled and Discharged Inmates, Legal Services to Prisoners, Volunteer Services, and Community Support Services.</i></p>	
• Reduce Agency Operating Funds	-37,984,565
<p><i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i></p>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	157,754,834
<p><i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i></p>

# DEPARTMENT OF CHILDREN AND FAMILIES

<http://www.ct.gov/dcf>

## AGENCY PURPOSE

- To be a comprehensive, consolidated agency serving children and families. The department's mandates include child protective and family services, juvenile justice, children's behavioral health, prevention and educational services.
- To promote children's safety, health and learning by:
  - Utilizing family-centered policy, practice and programs, with an emphasis on strengths rather than deficits;
  - Applying the science of brain development in early childhood and adolescence;
- Advancing trauma-informed practice to assist clients who have experienced significant adversity in their lives;
- Partnering with the community and strengthening interagency collaborations at the state level;
- Expanding agency leadership and management capacity, and public accountability for results; and
- Addressing racial inequities in all areas of practice.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-716,032
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-7,675,391
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Re-estimate Caseload Driven and Other Expenditures	-3,701,448
<i>Reflects updated expenditure projections for out-of-home care (adoption, subsidized guardianship, foster care, congregate care and no nexus special education) and individualized payments; and a revised cost estimate for Worker's Compensation Claims.</i>	
• Reduce Excess Congregate Care Capacity/Develop Alternative Services	-1,284,247
<i>Savings are achieved by eliminating support for one short term assessment and respite home as more children are being served in their communities, and by transitioning youth and young adults currently residing in traditional group homes to lesser cost alternative services aimed at maximizing a successful transition to independent living.</i>	
• Reallocate Funding to Appropriate Accounts	0
<i>Reallocate \$202,500 from Other Expenses to align funding under appropriate accounts, as follows: \$30,000 to enhance a grant to the Saint Joseph Parenting Center, Community Based Prevention Programs; \$30,000 for youth suicide prevention training, Community Based Prevention Programs; and \$142,500 for the Veterans Empowering Teens Through Support (VETTS) program, Juvenile Justice Outreach Services.</i>	
• Reallocate Funding for Arts, Tourism and Other Community Grants	-237,893
<i>Funding for arts, tourism and other community grants is reallocated to the Miscellaneous accounts administered by the Comptroller. Outside agencies, non-profits, community organizations, special events and the like should be accountable for their results in support of core state functions, with available funding transitioned to a competitive basis.</i>	
• Consolidate Funding for Care and Support for Children	0
<i>To provide increased flexibility and efficiency, funding appropriated to the following accounts is consolidated: Board and Care for Children - Adoption, Board and Care for Children - Foster, Board and Care for Children - Short Term and Residential, Individualized Family Supports, and No Nexus Special Education.</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Workers' Compensation Claims, Family Support Services, Homeless Youth, Differential Response System, Regional Behavioral Health Consultation, Health Assessment and Consultation, Grants for Psychiatric Clinics for Children, Day Treatment Centers for Children, Juvenile Justice Outreach Services, Child Abuse and Neglect Intervention, Community Based Prevention Programs, Family Violence Outreach and Counseling, Supportive Housing, Family Preservation Services, Substance Abuse Treatment, Child Welfare Support Services, Community KidCare, and Covenant to Care.</i>	

- Reduce Agency Operating Funds
 

*In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.*

-27,795,169
- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds
 

*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.*

# JUDICIAL DEPARTMENT

<http://www.jud.ct.gov/>

## AGENCY PURPOSE

---

- To operate a fair, efficient and open court system responsible for adjudicating all state criminal, civil, family and administrative cases.
- To maintain secure and safe conditions in courthouses and other Judicial Branch facilities.
- To create and sustain a full range of alternatives to incarceration and evidence-based services for adult and juvenile populations.
- To advocate for victims of violent crime and to ensure that they are provided with services and financial compensation.
- To effectively resolve family and interpersonal conflicts in cases before the court through a comprehensive program of negotiation, mediation, evaluation and education.
- To provide safe and secure custody, treatment and rehabilitative services for children and families through the juvenile justice system.
- To assist parents by enforcing, reviewing and adjusting child support orders.
- To reduce recidivism of persons placed on probation by utilizing effective supervision practices and intervention strategies that promote positive behavior change and restorative justice principals with persons placed on probation.

***The amounts displayed below reflect the allocation of the budgeted lapses and holdbacks contained in Public Acts 15-244, 15-5 (June Spec. Session) and 15-1 (Dec. Spec. Session), as well as additional policy recommendations proposed by the Governor which are noted below. For compliance with sec. 4-73 (g) of the Connecticut General Statutes, the proposed appropriations contained in section C of this document reflect the appropriation requirements transmitted to the Secretary of the Office of Policy and Management by the Chief Court Administrator.***

## RECOMMENDED ADJUSTMENTS

---

• Annualize FY 2016 Deficit Mitigation Savings	-13,314,584
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-5,803,219
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Reduce Growth in Funding for Personal Services	-20,000,000
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated in the General Fund: Personal Services, Other Expenses, Forensic Sex Evidence Exams, Alternative Incarceration Program, Justice Education Center, Inc., Juvenile Alternative Incarceration, Juvenile Justice Centers, Workers' Compensation Claims, Youthful Offender Services, Victim Security Account, Children of Incarcerated Parents, Legal Aid, Youth Violence Initiative, Youth Services Prevention, Children's Law Center, and Juvenile Planning. The following appropriation is consolidated in the Banking Fund: Foreclosure Mediation Program. The following appropriation is consolidated in the Criminal Injuries Compensation Fund: Criminal Injuries Compensation Fund.</i>	
• Reduce Agency Operating Funds	-30,935,354
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	
• Reallocate Certain Fringe Benefits Costs to Agency Operating Funds	144,270,727
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>

# PUBLIC DEFENDER SERVICES COMMISSION

<http://www.ocpd.state.ct.us>

## AGENCY PURPOSE

- To ensure the constitutional administration of criminal justice within the state criminal court system by maintaining a public defender office at all juvenile and adult court locations throughout the state.
- To provide legal representation to indigent accused children and adults in criminal trials and appeals, extradition proceedings, habeas corpus proceedings arising from a criminal matter, delinquency and juvenile post-conviction matters, Psychiatric Security Review Board cases, post-conviction petitions for DNA testing, and to convicted persons seeking exoneration through the Connecticut Innocence Project.
- To provide in-house social work services to indigent juvenile and adult clients as an integral part of the legal defense team for purposes of diversion, sentence mitigation, and formulation of alternatives to incarceration proposals.
- To contribute to public safety initiatives by participation in the development of specialized programs that promote successful reentry through reduced violence, homelessness and recidivism by utilizing Domestic Violence Courts, Community Courts, Diversionary Programs, Drug Intervention, Alternatives to Incarceration and Team Child programs.
- To provide a balanced advocacy perspective within the criminal justice community by participation on state policy boards, task forces, and committees involved in addressing criminal and juvenile justice issues.
- To fulfill the state's constitutional obligation to provide counsel for indigent accused in a professional, effective and cost efficient manner.
- To ensure that all indigent children and adults involved in child welfare matter in the superior court receive competent representation.
- To provide qualified guardian ad litem representation for children involved in family court cases.
- To provide representation for contemnors in support enforcement cases.
- To provide funding for the reasonable cost of expert services for pro se indigent defendants in criminal cases.

*The amounts displayed below reflect the allocation of the budgeted lapses and holdbacks contained in Public Acts 15-244, 15-5 (June Spec. Session) and 15-1 (Dec. Spec. Session), as well as additional policy recommendations proposed by the Governor which are noted below. For compliance with sec. 4-73 (g) of the Connecticut General Statutes, the proposed appropriations contained in section C of this document reflect the appropriation requirements transmitted to the Secretary of the Office of Policy and Management by the Chief Public Defender.*

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-1,685,416
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-618,696
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Annualize Current Year Deficiency in Assigned Counsel and Expert Witnesses Accounts	1,275,000
<i>Reflects the proposal submitted by the Public Defenders Services Commission in compliance with section 4-73(g) of the Connecticut General Statutes.</i>	
• Provide Funding for Broadband Card Access for Public Defender Laptops	125,000
<i>Reflects the proposal submitted by the Public Defenders Services Commission in compliance with section 4-73(g) of the Connecticut General Statutes.</i>	
• Consolidate Agency Operating Funds	0
<i>To provide increased flexibility and efficiency, funding in support of the agency's general programs and operations is consolidated. Agencies will be accountable for using available funds in the most cost-effective ways to accomplish their missions. The following appropriations are consolidated: Personal Services, Other Expenses, Assigned Counsel - Criminal, Expert Witnesses, and Training and Education.</i>	
• Reduce Agency Operating Funds	-4,005,943
<i>In order to ensure budget growth is aligned with available resources, across-the board reductions of 5.75 percent are applied to Agency Operations accounts. Agencies will focus their limited resources on core services.</i>	

- Reallocate Certain Fringe Benefits Costs to Agency Operating Funds

16,440,750

*To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. # STATE COMPTROLLER – MISCELLANEOUS

## PURPOSE

The Office of the State Comptroller is charged with payment of claims settled with or judicially decided against the State of Connecticut. Once presented with the required judicial order or settlement agreement, payments are processed against this appropriation, the amount of which is determined by the state legislature.

## RECOMMENDED ADJUSTMENTS

• Annualize FY 2016 Deficit Mitigation Savings	-248,000
<i>To align budget growth with available resources, funding is reduced to reflect the anticipated annualized savings resulting from the FY 2016 deficit mitigation plan passed by the legislature in December 2015.</i>	
• Annualize FY 2016 Budgeted Lapses	-366,552
<i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	
• Reallocate Funding for Arts, Tourism and Other Community Grants	21,286,627
<i>Funding for arts, tourism and other community grants is reallocated to the Miscellaneous accounts administered by the Comptroller. Outside agencies, non-profits, community organizations, special events and the like should be accountable for their results in support of core state functions, with available funding transitioned to a competitive basis.</i>	
• Reduce Funding for Arts, Tourism and Other Community Grants	-5,321,657
<i>Funding for the Arts, Community Development, Tourism, Workforce and Youth Development Grants is reduced by 25%.</i>

# STATE COMPTROLLER - FRINGE BENEFITS

## PURPOSE

The Office of the State Comptroller is charged with administrative oversight over all statewide employee fringe benefit accounts in both the General Fund and Special Transportation Fund. These accounts cover employer contributions for state employee unemployment compensation, group life insurance, social security taxes, tuition reimbursement, health insurance for state employees and retirees, and state employee, judicial, elected official, and higher education retirement plans. Oversight of these accounts includes budgeting, analyzing, forecasting, and processing payments against legislatively approved appropriations.

## RECOMMENDED ADJUSTMENTS

• Re-Estimate Fringe Benefits Funding Based on Actual Experience	-29,770,000
<i>To more accurately reflect actual experience, the Unemployment Compensation, Higher Education Alternate Retirement Plan, Group Life Insurance, Social Security and Retiree Health accounts have been revised based on actual experiences of FY 2016 activity.</i>	
• Adjust for Net Impact of Position Changes	25,400
<i>This adjustment reflects the fringe benefit impact of position changes related to adjustments in the General Fund.</i>	
• Reallocate Funds for Hospital Roundtable	91,610
<i>Public Act 15-146 increases consumer access to information on health care costs and coverage, enhances transparency of executive pay in hospital transactions, decreases consumer health care costs by reducing "surprise billing" and limiting facility fees, and improves monitoring of the health care marketplace. In FY 2016, interagency agreements were developed to allow for the transfer of over \$500,000 from the Department of Social Services to a number of agencies to implement these provisions. Under this proposal, funding for hospital roundtable activities is realigned to the respective agencies in FY 2017.</i>	
• Reallocate Certain Fringe Benefit Costs to Agency Operating Funds - General Fund	-951,133,680
<i>To more accurately reflect the full cost of agency operations, the variable costs of certain fringe benefits are transferred from the Comptroller's Fringe Benefits accounts to Agency Operations accounts. Agency budgets will reflect the estimated cost of Social Security taxes, pension costs, and healthcare costs for active agency employees.</i>	
• Reallocate Certain Fringe Benefit Costs to Agency Operating Funds - Special Transportation Fund	-87,466,632
<i>To more accurately reflect the full cost of operations, the variable costs of certain fringe benefits are transferred from the Comptroller's fringe benefits accounts to Agency Operations accounts.</i>	
• Reallocate Fringe Benefit Costs to the Higher Education Constituent Units	-432,852,693
<i>To more accurately reflect the full cost of agency operations, the variable costs of fringe benefits are transferred from the Comptroller's fringe benefits accounts to the higher education constituent unit block grants. The block grants will reflect the estimated cost of social security taxes, pension costs for the state employee retirement system and alternate retirement plan, healthcare costs for active agency employees and group life insurance.</i>

# WORKERS' COMPENSATION CLAIMS – DAS

## PURPOSE

---

- To administer the State of Connecticut's workers' compensation program.
- To procure and manage the third party workers' compensation claim administration contract.
- To mitigate risk by offering a wide variety of loss control and safety services statewide.

## RECOMMENDED ADJUSTMENTS

---

• Annualize FY 2016 Budgeted Lapses <i>To align budget growth with available resources, funding is reduced to reflect the continuation of allocated bottom-line lapses contained in Public Act 15-244 and Public Act 15-5 (June Spec. Sess.).</i>	-129,931
• Reduce Funding for Workers' Compensation Claims <i>Reflects efficiencies achieved through the partial decentralization of Workers' Compensation Claims funding implemented in FY 2016.</i>	-426,607

\* The Governor's recommended amounts in 2013-2014 and 2014-2015 reflect the amount of the proposed increase to the existing UConn 2000 Infrastructure Improvement Program for Next Generation Connecticut.

\*\* The Governor's recommended amounts in 2014-2015 reflect the amount of the proposed increase to the CSCU 2020 Infrastructure Improvement Program.

\*\*\* The Recommended Executive totals do not include amounts authorized for the UConn 2000 Infrastructure Improvement Program, for pension obligation bonds, for the CSCU 2020 Infrastructure Improvement Program, for the Connecticut Bioscience Collaboration Program, for the Bioscience Innovation Fund or for GAAP conversion bonds.

## FEDERAL TAX LAW

Federal tax law severely restricts the flexibility of the State in issuing tax-exempt bonds and establishes tests for the tax-exemption of interest on bonds issued by governmental units. Therefore, the recommended bond authorizations on the following pages may not all be issued as tax-exempt due to Federal tax law definitions of what constitutes governmental bonds.

## STATUTORY DEBT LIMIT

Section 3-21 of the General Statutes, as amended, provides that "No bonds, notes or other evidences of indebtedness for borrowed money payable from General Fund tax receipts of the State shall be authorized by the general assembly except such as shall not cause the aggregate amount of (1) the total amount of bonds, notes or other evidences of indebtedness payable from General Fund tax receipts authorized by the general assembly but which have not been issued and (2) the total amount of such indebtedness which has been issued and remains outstanding, to exceed one and six-tenths times the total general fund tax receipts of the State for the fiscal year in which any such authorization will become effective, as estimated for such fiscal year by the joint standing committee of the general assembly having cognizance of finance, revenue and bonding in accordance with section 2-35. In computing such aggregate amount of indebtedness at any time, there shall be excluded or deducted, as the case may be, (1) the principal amount of all such obligations as may be certified by the Treasurer (A) as issued in anticipation of revenues to be received by the State during the period of 12 calendar months next following their issuance and to be paid by application of such revenue or (B) as issued to refund or replace any such indebtedness then existing and outstanding in an amount not exceeding such existing indebtedness or (C) as issued and outstanding in anticipation of particular bonds then unissued but fully authorized to be issued in the manner provided by law for such authorization, provided, so long as any of said obligations are outstanding, the entire principal amount of such particular bonds thus authorized shall be deemed to be outstanding and be included in such aggregate amount of indebtedness or (D) as payable solely from revenues of particular public improvements, (2) the amount which may be certified by the Treasurer as the aggregate value of cash and securities in debt retirement funds of the State to be used to meet principal of outstanding obligations included in such aggregate amount of indebtedness, (3) every such amount as may be certified by the Secretary of the Office of Policy and Management as the estimated payments on account of the costs of any public work or improvement thereafter to be received by the State from the United States or agencies thereof and to be used, in conformity with applicable federal law, to meet principal of obligations included in such aggregate amount of indebtedness, (4) all authorized and issued indebtedness to fund any budget deficits of the State for any fiscal year ending on or before June 30, 1991, (5) all authorized indebtedness to fund the program created pursuant to section 32-285, (6) all authorized and issued indebtedness to fund any budget deficits of the State for any fiscal year ending on or before June 30, 2002, (7) all indebtedness authorized and issued pursuant to section 1 of public act 03-1 of the September 8 special session, (8) all authorized indebtedness issued pursuant to section 3-62h, (9) any indebtedness represented by any agreement entered into pursuant to subsection (b) or (c) of section 3-20a as certified by the Treasurer, provided the indebtedness in connection with which such agreements were entered into shall be included in such aggregate amount of indebtedness, and (10) all indebtedness authorized and issued pursuant to section 2 of public act 09-2 of the June special session. In computing the amount of outstanding indebtedness, only the accreted value of any capital appreciation obligation or any zero coupon obligation which has accreted and been added to the stated initial value of such obligation as of the date of any computation shall be included."

The debt-incurring margins as of January 1, 2016 and estimated as of July 1, 2016 are calculated below.

	<u>January 1, 2016</u>	<u>July 1, 2016</u>
Revenues	\$15,711,565,000	\$15,649,700,000
Multiplier	1.6	1.6
Limit	\$25,138,504,000	\$ 25,039,420,000
Bonds Subject to Limit*	\$21,000,067,080	\$22,518,849,044
Debt Incurring Margin	\$ 4,138,436,920	\$ 2,520,670,956

In accordance with the General Statutes, the Treasurer shall compute the aggregate amount of indebtedness as of January 1, and July 1 each year and shall certify the results of such computation to the Governor and the General Assembly. If the aggregate amount of indebtedness reaches 90% of the statutory debt limit, the Governor shall review each bond act for which no bonds, notes or other evidences of indebtedness have been issued, and recommend to the General Assembly priorities for repealing authorizations for remaining projects.

\*Does not include Tax Incremental Financings, Special Transportation, Bradley Airport, Clean Water Fund Revenue, Connecticut Unemployment Revenue Bonds, Economic Recovery Notes and Pension Obligation Bonds. Includes GAAP deficit bonds.

Grants-in-aid to Alliance districts to assist in paying for general improvements to school buildings	50,000,000
Grants-in-aid to municipalities, regional school districts, and regional Education Services	
Centers for Local School Construction, rehabilitation and improvement projects - Principal and current payments only	560,000,000
Regional dog pound grant program to provide grants-in-aid to any city or town that participates in a regional dog pound established in accordance with section 7-148cc of the general statutes	20,000,000
Grants-in-aid to municipalities, regional school districts, and regional Education Services Centers for Local School Construction, rehabilitation and improvement projects - Interest payments	2,100,000
<b>TOTAL - General Government</b>	<b>\$ 765,100,000</b>
<b>CONSERVATION AND DEVELOPMENT</b>	
Grants-in-aid and low interest revolving loans under the Clean Water Fund, including Long Island Sound clean-up and Safe Drinking Water Program	272,500,000
Grants-in-aid for identification, investigation, containment, removal or mitigation of contaminated industrial sites in urban areas	5,000,000
Flood control improvements, erosion repairs and municipal dam repairs	5,000,000
Grants-in-aid for establishment of energy microgrids	15,000,000
Connecticut bikeway, pedestrian walkway, recreational trail and greenway grant program	5,000,000
Grants-in-aid to municipalities for acquisition of open space for conservation or recreation purposes	8,000,000
Dam repairs, including state-owned dams	8,075,000
Recreation and Natural Heritage Trust Program	10,000,000
Brownfield Remediation and Revitalization program	20,000,000
Main Street Investment Fund	5,000,000
Grants-in-aid and loans for various housing projects and programs	175,000,000
<b>TOTAL - Conservation and Development</b>	<b>\$ 528,575,000</b>
<b>TRANSPORTATION</b>	
Grants-in-aid for improvements to deep water ports, including dredging	17,500,000
Local Transportation Capital Program	74,000,000
Grants-in-aid for the town aid road program	60,000,000
Grants-in-aid for the local bridge program	10,000,000
Development and Improvement of General Aviation Airport Facilities including grants-in-aid to municipal airports (excluding Bradley International Airport)	2,000,000
<b>TOTAL - Transportation</b>	<b>\$ 163,500,000</b>
<b>EDUCATION</b>	
Grants-in-aid to assist targeted local and regional school districts for alterations, repairs, improvements, technology and equipment in low performing schools	10,000,000
School Security Infrastructure Competitive Grant Program	
Grants-in-aid for the purpose of capital start-up costs related to the development of new interdistrict magnet school programs to assist the state in meeting the goals of the current stipulation and order for <i>Milo Sheff, et. al. v. William A. O'Neill, et. al.</i>	5,750,000
Grants-in-aid for alterations, repairs, improvements, technology, equipment and capital start-up costs, including acquisition costs, to expand the availability of high-quality school models and assist in the implementation of common core state standards and assessments, in accordance with procedures established by the Commissioner of Education	5,000,000
Grants-in-aid for public library construction	7,000,000
<b>TOTAL - Education</b>	<b>\$ 27,750,000</b>
<b>GRAND TOTAL</b>	<b>\$ 1,484,925,000</b>

Note: Expenditures from bond authorizations may occur in years other than the year of authorization.

## STATUTORY FORMULA GRANTS

### INTRODUCTION

---

This publication provides recommended grant estimates for FY 2017, estimated payments for FY 2016 as well as actual payments for FY 2015, for certain ongoing grant programs under which the State of Connecticut's payments to municipalities are determined by statutory formulas.

Grantees include cities, towns, boroughs and regional school districts that receive education program funding directly from the state. Due to rounding and the exclusion of data for certain lesser taxing districts, the sum of the amounts in some columns does not reflect the total of the approved funding. Grantee-specific estimates are not available for programs listed under *Additional Grants*. For each of these programs, the total actual expenditure for FY 2015, and the estimated payments for FY 2016 and recommended funding for FY 2017 appear in the following section.

In the Grant Program Summaries section, **lower-case boldfaced text indicates proposed legislation that could, if enacted, make significant change(s) to the program referenced.** *Throughout this publication, lower-case italicized type reflects text with added emphasis.*

*Please direct questions concerning grant programs to the appropriate agency.* Staff from the Department of Education's Finance and Internal Operations division (860-713-6455) answers questions concerning all education and early education programs and grants and provides periodic updates of data for education grants under the Grants Management directory on the agency's web site ([www.sde.ct.gov](http://www.sde.ct.gov)). Department of Transportation staff (860-594-2675) answer questions concerning the Town Aid Road Grant. The Department of Public Health (860-509-7703) is the contact for questions concerning the School-based Health Clinic grant program. For questions regarding any other program in this publication, contact the Office of Policy and Management's Intergovernmental Policy Unit (860-418-6428).

*Note – CGS §12-62 governs real property revaluation requirements for Connecticut towns. A town's failure to implement a revaluation in accordance with statutory requirements could result in the imposition of a penalty equal to the forfeiture of 50% of its Mashantucket Pequot and Mohegan Grant and the loss of the amount otherwise allocable under the Local Capital Improvement Program (LoCIP). The Secretary of the Office of Policy and Management may waive the penalty for a reason set forth in CGS §12-62(d).*

### GRANT PROGRAM SUMMARIES

---

The grant estimates that follow are for the programs described below.

*Audit adjustments or the receipt of more current data can significantly impact actual payments.*

#### 1. STATE-OWNED REAL PROPERTY PAYMENT-IN-LIEU OF TAXES (PILOT)

The Office of Policy and Management administers this PILOT program pursuant to CGS §12-19a, §12-19b, §12-19c, §4b-39, §32-666, and PA 15-244 §183. This program provides payments for real property tax losses due to exemptions applicable to state-owned real property, certain real property that is the subject of a state lease or long-term financing contract, municipally-owned airports and certain land held in trust by the federal government.

Payments in FY 2015 relate to exemptions on the 2012 Grand List; FY 2016 and FY 2017 payments are for exemptions on the 2013 and 2014 Grand Lists.

A property's use and the amount of state-owned real property in a town determine PILOT percentages, which are:

- (1) 100% for state prison facilities used for purposes of incarceration in the prior fiscal year, that portion of the John Dempsey Hospital used as a permanent medical ward for prisoners, the Connecticut Juvenile Training School, land designated under the 1983 settlement boundary and taken into trust by the federal government for the Mashantucket Pequot Tribal Nation on

or after June 8, 1999, and all state-owned property in a town in which the State of Connecticut owns more than 50% of the property within the town's boundaries;

- (2) 65% for the Connecticut Valley Hospital; and
- (3) 45% for all other state-owned real property, certain real property leased by the state as described in §4b-39, municipally-owned airports and certain other real property owned or controlled by the federal government.

A grantee's payment in any year may reflect a modification due to an audit of an amount previously paid. Since FY 2015, the four towns of Windsor Locks, Suffield, East Granby and Windsor receive a total of \$4,678,571.79 directly from the Connecticut Airport Authority, for the Bradley International Airport property, regardless of actual property tax loss. This payment will not be part of the State Owned PILOT payment.

There is also a proportionate reduction of PILOT totals to the amount of the appropriation in any year in which funding is insufficient.

PA 15-244 §183, requires the Secretary of the Office of Policy and Management to recommend \$20 million in municipal aid lapse savings for both FY 2016 and FY 2017. For FY 2016, The Office of Policy and Management achieved \$18,881,419 of the required savings by developing a formula which uses the 2012 Equalized Net Grand List Per Capita (ENGLPC) as a proxy for community wealth and financial capacity. ENGLPC across the state ranges from a low of \$47,259 (Windham) to a high of \$731,382 (Greenwich). These comparative ENGLPC rankings were then scaled between \$3.04 per capita (Windham) and \$20.25 per capita (Greenwich) for all 169 municipalities. Finally, a "circuit breaker" was applied to ensure that no distressed municipality would lose more than 2% of its total state aid. Using this formula, grant awards to municipalities under the State Owned PILOT were reduced by \$12,285,162, the Private College and Hospital PILOT payments were reduced by \$2,512,082, and ECS payments were reduced by \$4,084,175, for a combined FY 2016 savings of \$18,881,419.

**Notwithstanding the provisions of PA 15-244 §183, for FY 2017, a town-by-town payment list is included in the Governor's budget bill. The individual town grants are based on the FY 2015 actual payments less an across the board reduction and implementation of the budgeted MORE lapse.**

Grantees receive PILOT payments on or before September 30th.

## 2. PRIVATE COLLEGES AND GENERAL AND FREE STANDING CHRONIC DISEASE HOSPITALS PILOT

The Office of Policy and Management administers this PILOT program pursuant to CGS §12-19b(b), §12-20a and §12-20b. This program provides payments for real property tax losses due to exemptions applicable to eligible private colleges and general and free standing chronic disease hospitals. Payments in FY 2015 relate to exemptions on the 2012 Grand List; FY 2016 and FY 2017 payments are for exemptions on the 2013 and 2014 Grand Lists.

The calculation of the PILOT for towns and certain fire districts reflects 77% of their tax losses for the appropriate grand list. Exceptions to this calculation include the campuses of the Connecticut Healthcare Systems located in Newington and West Haven and owned by the United States Department of Veterans' Affairs. Additionally, CGS §12-20b and §12-19b specify the following payments: \$100,000 for the Connecticut Hospice in Branford; \$1,000,000 for the United States Coast Guard Academy in New London; and \$60,000 for the state-owned forest in Voluntown.

A grantee's payment in any year may reflect a modification due to an audit of an amount previously paid. There is also a proportionate reduction of PILOT totals to the amount of the appropriation in any year in which funding is insufficient.

PA 15-244, requires the Secretary of the Office of Policy and Management to recommend \$20 million in municipal aid lapse savings for both FY 2016 and FY 2017. For FY 2016, The Office of Policy and Management achieved \$18,881,419 of the required savings by developing a formula which uses the 2012 Equalized Net Grand List Per Capita (ENGLPC) as a proxy for community wealth and financial capacity. ENGLPC across the state ranges from a low of \$47,259 (Windham) to a high of \$731,382 (Greenwich). These comparative

ENGLPC rankings were then scaled between \$3.04 per capita (Windham) and \$20.25 per capita (Greenwich) for all 169 municipalities. Finally, a “circuit breaker” was applied to ensure that no distressed municipality would lose more than 2% of its total state aid. Using this formula, grant awards to municipalities under the State Owned PILOT were reduced by \$12,285,162, the Private College and Hospital PILOT payments were reduced by \$2,512,082, and ECS payments were reduced by \$4,084,175, for a combined FY 2016 savings of \$18,881,419.

**Notwithstanding the provisions of PA 15-244 §183, for FY 2017, a town-by-town payment list is included in the Governor’s budget bill. The individual town grants are based on the FY 2015 actual payments less an across the board reduction and implementation of the budgeted MORE lapse.**

Grantees receive PILOT payments on or before September 30th.

### 3. MASHANTUCKET PEQUOT AND MOHEGAN FUND GRANT

The Office of Policy and Management administers this program under which payments from the proceeds of the Mashantucket Pequot and Mohegan Fund are determined pursuant to CGS §3-55i, §3-55j, and §3-55k, Section 192 of PA 15-244, Section 96 of Public Act 06-187, which is not codified but remains in effect, and PA 15-244 §192 .

There is an allocation to the statutory amount cited for each formula, calculations for which are:

- (1) \$20 million on the basis of the PILOT for State-owned Real Property – the amount for each town is calculated at one-third of the difference between what the town receives as a PILOT (excluding prior year adjustments), and what it would have received if the PILOT program had been funded at \$85,205,085. After required minimum payments are reflected, town-specific amounts are prorated to \$20 million. In accordance with Public Act 15-244 §192(a), beginning in FY 2016, the amount provided through this portion of the formula is equal to the amount provided in FY 2015;
- (2) \$20.1 million on the basis of the PILOT for Private Colleges and General and Free Standing Chronic Disease Hospitals – the percent of each town’s PILOT (excluding prior year adjustments) to the total PILOT for all towns is calculated and the result is multiplied by the \$20,123,916 allocated for this portion of the formula. In accordance with Public Act 15-244 §192 (c), beginning in FY 2016, the amount provided through this portion of the formula is equal to the amount provided in FY 2015;
- (3) \$35 million on the basis of CGS §3-55j(e) – a modification of the Property Tax Relief Fund formula in CGS §7-528;
- (4) \$5.475 million allocated to certain designated municipalities on the basis of said Property Tax Relief Fund formula; and
- (5) An additional \$47.5 million for all towns, distributed pro rata on the basis of each town’s grant determined under (1) through (4) above, to the total of all such grants, pursuant to CGS §3-55j(j).

Regardless of the formulas described in (1) through (4) above, the amounts allocated to 28 towns are specifically set forth in CGS §3-55j(g). In addition, Ledyard, Montville, North Stonington, Norwich and Preston each receive an additional \$750,000, annually.

Towns received a proportionate share of an additional \$1.6 million. These towns are members of the Southeastern Connecticut Council of Governments, or Distressed Municipalities that are members of either the Northeastern Connecticut Council of Governments or the Windham Region Council of Governments.

A town’s grant is its total formula-derived amount reduced proportionately to the program’s annual appropriation, although the additional amounts payable to the towns described in the preceding paragraph are not subject to this provision. Pursuant to CGS §22a-27j, a town’s first grant payment in any year may reflect a deduction of up to \$4,000 if the town has failed to make required payments to the Environmental Quality Fund. The estimates shown in this publication *do not* reflect these deductions, nor do they

separately reflect that portion of the grant based on the PILOT formulas described above in (1) and (2) that certain towns must share with an eligible special services district located within their boundaries.

Grantees receive payments in three installments on or before January 1, April 1 and June 30th.

#### 4. TOWN AID ROAD FUND GRANT

The Department of Transportation administers the Town Aid Road Fund grant pursuant to CGS §13a-175a through §13a-175e, inclusive, §13a-175i, and PA 13-247 §96. Towns and boroughs use these grants for various purposes, including the construction and maintenance of public highways, roads and bridges. Beginning in FY 2014, the Secretary of the Office of Policy and Management may approve the use of funds for other purposes. Grant calculations depend upon factors that include population data and the number of a municipality's improved and unimproved road miles. There is an allocation to the amounts the statutes specify for each formula calculation. Additionally, there is a proportionate adjustment of grant totals, as calculated, to the amount of funding available.

Municipalities receive 50% of this grant in July and the balance in January.

#### 5. LOCAL CAPITAL IMPROVEMENT PROGRAM (LoCIP)

LoCIP grants are administered pursuant to CGS §7-535 through §7-538, PA 13-184 §93-94, and PA 13-247 §93. The Office of Policy and Management must approve LoCIP projects; eligibility parameters are described in CGS §7-536, and expanded uses and time frames.

Towns and boroughs must request reimbursement for an approved project within seven years of its approval date, although there may be a waiver of this provision under appropriate terms and conditions. Reimbursement cannot exceed the total of a grantee's unused entitlement. This includes the formula-generated amount for the current fiscal year (which is available on March 1) and the unused portion of all previous entitlements.

Grantees receive payments after they certify the completion of an approved project (or a portion of an approved project) and following the allotment of funds from state bond proceeds.

#### 6. PUBLIC SCHOOL TRANSPORTATION

The Department of Education administers the Public School Transportation grant pursuant to CGS §10-54, §10-66ee, §10-97, §10-158a, §10-266m, §10-273a and §10-277. Percentages used to reimburse local districts for public school transportation expenditures depend on local wealth, based on the ranking of each district's Adjusted Equalized Net Grand List Per Capita (AENGLC).

The wealthiest 17 towns are assigned a reimbursement percentage of zero; the remaining districts are each assigned a reimbursement percentage that is more than zero and equal to or less than 60. Secondary and K-12 regional districts receive a 10 percentage point bonus. No local or regional board of education may receive an entitlement of less than \$1,000. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

*Since projected local expenditure estimates form the basis of the grant calculations for FY 2016 and FY 2017, actual revenue may vary significantly from the estimates shown based on the results of final expenditures as audited.*

Grantees receive payments in April.

## 7. NON-PUBLIC SCHOOL TRANSPORTATION

The Department of Education administers the Non-public School Transportation grant pursuant to CGS §10-266m, §10-277 and §10-281. Percentages used to reimburse local districts for non-public school transportation expenditures are determined in the same manner as are the reimbursement percentages for the Public School Transportation Grant. Allowable transportation costs for non-public school children are capped at twice the per pupil public school transportation expenditure for the year prior to the expenditure year. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

*Since projected local expenditure estimates form the basis of the grant calculations for FY 2016 and FY 2017, actual revenue may vary significantly from the estimates shown based on the results of final expenditures as audited.*

## 8. ADULT EDUCATION

The Adult Education grant is administered by the Department of Education pursuant to CGS §10-71 and §10-71a. Grants to reimburse adult education expenditures are determined on a sliding scale similar to that used in determining public and non-public school transportation grants, except that the percentage range is 0% to 65%. Districts identified under CGS §10-266p(a) as Priority School Districts (i.e., those with the largest numbers or highest percentages of poor and remedial students) cannot receive a reimbursement percentage of less than 20. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

Ninety-five percent of the annual appropriation is available for grants; 5% is set aside for administrative purposes. *Grant amounts reflect deductions for the Department of Education's administrative costs. The total grant amounts do not match the total appropriation because \$420,000 of the total appropriation was set aside for a pilot program for four programs in FY 2015 and \$400,000 is set aside in FY 2016. The grant totals reflect the funding that is being distributed by the statutory formula only.*

*Since projected local expenditure estimates form the basis of the grant calculations for FY 2016 and FY 2017, actual revenue may vary significantly from the estimates shown based on the results of final expenditures as audited.*

Grantees receive 66% of this grant in August and the balance in May.

## 9. EDUCATION COST SHARING (ECS)

The Department of Education administers the Education Equalization Grants pursuant to CGS §10-262f, §10-262g, §10-262h, §10-262i and §10-262j. The total ECS grant amount does not match the total Education Equalization appropriation because funding for Charter Schools is included in the Education Equalization appropriation. In addition, the total grant amount for FY 2016 and FY 2017 does not match the total appropriation because \$10 million of the amount is allocated to the towns from the Municipal Revenue Sharing Account pursuant to section 494 of PA 15-5 of the June Special Session.

There is no Minimum Budget Requirement (MBR) for school districts that have accountability index scores in the top 10% of all districts in the state; allowing those districts to reduce their education budget with no restrictions.

The MBR for Non-Alliance Districts is the prior year's budgeted appropriation plus any aid increase pursuant to CGS §10-262i(d), except for:

- Any district with 20% or more of its student population eligible for free or reduced price lunches (FRPL) and a student population as of the October 1 count two years prior that is less than the count for October 1 three years prior, may reduce its budgeted appropriation for education by an amount equal to the difference in the number of resident students for such years multiplied by 50% of the net current expenditures per resident student (NCEP) up to a one and one-half percent (1.5%) reduction in the district's budgeted appropriation for education.
- Any district with less than 20% of its student population eligible for FRPL and a student population as of the October 1 count two years prior that is less than the count for October 1 three years prior, may reduce its budgeted appropriation for education

by an amount equal to the difference in the number of resident students for such years multiplied by 50% of the NCEP up to a three percent (3%) reduction in the district's budgeted appropriation for education.

- Any district that does not maintain a high school and pays tuition to another school district and a student population attending high school as of the October 1 count two years prior that is less than the count for October 1 three years prior, may reduce its budgeted appropriation by such difference multiplied by the amount of tuition paid per student.
- Any district that demonstrates new savings through increase district efficiencies or through regional collaboration may reduce its budgeted appropriation for education up to a one-half percent (.5%).

The MBR for Alliance Districts (the 30 lowest performing districts) or formerly designated alliance districts equals the prior year's budgeted appropriation. Any increases in ECS aid will be conditional, subject to the Department of Education approval for the purpose of improving district-wide academic improvement and reduction of any achievement gaps.

PA 15-244, requires the Secretary of the Office of Policy and Management to recommend \$20 million in municipal aid lapse savings for both FY 2016 and FY 2017. For FY 2016, The Office of Policy and Management achieved \$18,881,419 of the required savings by developing a formula which uses the 2012 Equalized Net Grand List Per Capita (ENGLPC) as a proxy for community wealth and financial capacity. ENGLPC across the state ranges from a low of \$47,259 (Windham) to a high of \$731,382 (Greenwich). These comparative ENGLPC rankings were then scaled between \$3.04 per capita (Windham) and \$20.25 per capita (Greenwich) for all 169 municipalities. Finally, a "circuit breaker" was applied to ensure that no distressed municipality would lose more than 2% of its total state aid. Using this formula, grant awards to municipalities under the State Owned PILOT were reduced by \$12,285,162, the Private College and Hospital PILOT payments were reduced by \$2,512,082, and ECS payments were reduced by \$4,084,175, for a combined FY 2016 savings of \$18,881,419. **The FY 2017 recommended budget annualizes these same MORE LAPSE reductions to the State Owned PILOT, Private College and Hospital PILOT and ECS grant.**

*Any town that fails to meet its MBR is subject to a penalty equal to twice the amount of the funding shortfall.* Pursuant to statute the penalty is applied two years after the year of noncompliance.

Grantees receive 25% of their Non-Conditional payments in October, 25% in January and the balance in April.

#### 10. GRANTS FOR MUNICIPAL PROJECTS

The Office of Policy and Management administers this program pursuant to PA 13-239 §55, PA 13-247 §128, and PA 15-1 (JSS) §55 for the construction and maintenance of public highways, roads and bridges.

No payment date is specified.

#### 11. MUNICIPAL REVENUE SHARING: SELECT PAYMENT IN LIEU OF TAXES

Beginning in FY 2017, the Office of Policy and Management administers this program pursuant to PA 15-244§183(d), 184, 207(b)(2), and PA 15-1(DSS) §31.

#### 12. MUNICIPAL REVENUE SHARING: ADDITIONAL SALES TAX FUNDS

Beginning in FY 2017, the Office of Policy and Management administers this program pursuant to PA 15-244 §207(b)(4), and PA 15-4 §494(b)(4) and PA 15-1 (DSS) §31.

Payments shall be made no later than October 31<sup>st</sup> annually.

### 13. MUNICIPAL REVENUE SHARING: MOTOR VEHICLE PROPERTY TAX GRANT

Beginning in FY 2017, the Office of Policy and Management administers this program pursuant to PA 15-244 §206-208, and PA 15-1 (DSS) §31.

The motor vehicle mill rate will be capped at 32.0 mills for the October 1, 2015 assessment year and at 29.36 mills for the October 1, 2016 assessment year and thereafter. To mitigate the revenue loss, effective FY 2017, a motor vehicle property tax grant will be provided to those municipalities whose FY 2015 mill rate for motor vehicles was greater than 32.0 mills. The grant will be based on the difference between the amount of property taxes levied for motor vehicles for FY 2015 and what the levy would have been if the mill rate had been 32 mills. The motor vehicle property tax grant for fiscal years ending June 30, 2018 and for subsequent fiscal years, will be provided to those municipalities whose FY 2015 mill rate was greater than 29.36 mills. The grant will equal the difference between the amount of property taxes levied with a mill rate greater than 29.36 and 29.36 mills.

Payments shall be made no later than August 1<sup>st</sup> annually.

### **ADDITIONAL GRANTS**

#### GRANT PROGRAM SUMMARIES

---

*Grantee-specific estimates are not available for these programs.*

#### MUNICIPAL REVENUE SHARING: REGIONAL SPENDING GRANTS

Beginning in FY 2017, the Office of Policy and Management administers this program pursuant to PA 15-244 §207(b)(5), and PA 15-4 §494(b)(4) and PA 15-1 (DSS) §31.

Grant payments are made by December 31<sup>st</sup>.

#### MUNICIPAL AID ADJUSTMENT

The Office of Policy and Management administered this program pursuant to PA 13-247 §127 for grants to specified municipalities for fiscal year 2015.

Grant payments are made by December 31<sup>st</sup>.

#### EARLY CARE EDUCATION: CHILD CARE SERVICES

The Office of Early Childhood issues Child Care Services grants pursuant to CGS §8-210 in order to fund a portion of the costs needed to develop and operate licensed day care centers for children disadvantaged by reasons of economic, social or environmental conditions.

Grantees receive payments at various times, in accordance with contracts entered into with the Office of Early Childhood.

### SCHOOL-BASED HEALTH CLINICS

The Department of Public Health distributes grants for school based health centers pursuant to its powers under CGS §19a-2a. Funding supported the operation of 85 school based health centers, 11 enhanced sites, and 1 school-linked site in FY 2015. School-based health centers provide comprehensive primary health care (including medical, mental and oral health care) to enrolled students in communities that have large numbers of low income, high risk children and adolescents.

The Commissioner of Public Health certifies payments at various times.

### SPECIAL EDUCATION: EXCESS COSTS-STUDENT BASED

The Department of Education administers the Excess Costs-Student Based grant pursuant to CGS §10-76d, §10-76g and §10-253. Costs in excess of four and one-half times a town's average cost per pupil for the prior year are paid for students placed in a special education program by a school district, pursuant to CGS §10-76g(b).

For placements initiated by a state agency, a Superior Court or a federally recognized Native American tribe (rather than by a local school district), this program provides 100% reimbursement of costs in excess of the district's prior year Net Current Expenditure Per Pupil (NCEP), pursuant to CGS §10-76d(e)(3) and §10-76g(a)(1). For certain no-nexus students and special education students who reside on state property, 100% of the current year cost is covered, pursuant to CGS §10-76g(a)(1) and §10-76d(e)(3).

There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

Grantees receive 75% of their payments in February and the balance in May.

### OPEN CHOICE GRANT

The Department of Education administers the OPEN Choice grant, pursuant to CGS §10-266aa to encourage inter-district attendance between the cities and suburbs. Both the sending and receiving districts equally share the credit for these students for those state grants that use resident students or average daily membership data. The department shall provide, within available appropriations, an annual grant to the local or regional board of education for each receiving district in an amount equal to:

- (A) three thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is less than two per cent of the total student population of such receiving district,
- (B) four thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is greater than or equal to two per cent but less than three per cent of the total student population of such receiving district,
- (C) six thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is greater than or equal to three per cent but less than four percent of the total student population of such receiving district,
- (D) six thousand dollars for each out-of-district student who attends school in a receiving district under the program if the Commissioner of Education determines that the receiving district has an enrollment of greater than four thousand students and has increased the number of students in the program by at least fifty percent from the previous fiscal year, or
- (E) eight thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is greater than or equal to four per cent of the total student population of such receiving district.

OPEN Choice inter-district school attendance between Hartford and other districts may include preschool programs in addition to all-day kindergarten. Grants are available for before- and after-school care and remedial services for preschool students, as well as, for subsidies to receiving districts.

Grantees receive a portion of their grant in November and the balance in April.

#### MAGNET SCHOOLS

The Department of Education provides grants for the operation of inter-district magnet schools pursuant to CGS §10-264*l*.

The determination of grant amounts depend upon factors such as a magnet school's resident and non-resident student counts and whether it is run by a Regional Educational Service Center (RESC), the town in which the school is located, or another entity.

Greater per pupil grant amounts are available for inter-district magnet schools that assist Connecticut in meeting the goals of the 2008 stipulation and order for *Milo Sheff, et al. v. William A. O'Neill, et al.*; supplemental operating grants may be available to entities that operate such a school.

The Department of Education's certification of payments varies, depending on the grant's purpose.

\$500,000 is set aside for administrative purposes. *Grant amounts reflect deductions for the Department of Education's administrative costs.*

Operation portion – majority of grantees receive 70% by September 1st and the balance by May 1st.

Transportation portion – grantees receive 50% in October and the balance in May.

#### YOUTH SERVICE BUREAUS

The Youth Service Bureau program that the Department of Education administers pursuant to CGS §10-19m through §10-19p, assists in the provision of comprehensive services to delinquent and troubled youth, including prevention and intervention programs, treatment and follow-up services.

Ninety-eight percent of the annual appropriation is available for grants; 2% is set aside for administrative purposes. *Grant amounts reflect deductions for the Department of Education's administrative costs.*

#### SCHOOL-BASED CHILD HEALTH

Pursuant to CGS §10-76d (a), the Department of Social Services remits grants to those local and regional boards of education that voluntarily determine the Medicaid eligibility of their special education students and furnish the information the agency needs to obtain federal reimbursement for certain services that eligible students receive (e.g., physical, occupational and speech therapies, mental health services, nursing and the provision of medical supplies and specialized transportation).

Eligible boards of education receive 50% of the amount of the federal reimbursement that the state obtains, based on the federal financial participation plan in effect on January 1, 2003.

Estimates are preliminary projections that may change, depending on the actual number of claims processed. Grantees must reimburse the state if they receive an amount in excess of that to which they are entitled.

Grantees receive payments at least quarterly.

#### LOCAL AND DISTRICT DEPARTMENTS OF HEALTH

A statutory per capita grant is paid by the Department of Public Health to eligible local health authorities, pursuant to CGS §19a-202 §19a-245, and PA 15-244 §50. Upon application:

- Each health district that has a population of at least 50,000 or serves at least three municipalities receives \$1.85 per capita for each town, city and borough of such district, provided (1) the commissioner approves the district's public health program and budget, and (2) the towns, cities and boroughs of such district appropriate from annual tax receipts for the maintenance of the health district not less than one dollar per capita; and
- Each municipal health department receives \$1.18 per capita, provided the municipality (1) employs a full-time director of health, (2) submits a public health program and budget which is approved by the commissioner, (3) appropriates not less than one dollar per capita from annual tax receipts for health department services, and (4) has a population of at least 50,000. By law, every city or town having a population over 40,000 for a period of five consecutive years must hire a full-time local director of health.

#### PRIORITY SCHOOL DISTRICT PROGRAM

The Department of Education administers the three grants that comprise the Priority School District Program: those for Priority School Districts, Extended School Hours and School Year Accountability (or Summer School).

The table shown below reflects appropriations for the components of the Priority School District Program. Descriptions of each grant follow.

Priority School District Program Grants	FY 2015 In Millions	FY 2016 In Millions	FY 2017 In Millions
Priority School Districts	\$ 40.5	\$ 37.3	\$ 36.1
Extended School Hours	3.0	3.0	2.8
School Year Accountability (Summer School)	3.5	3.5	3.3
<b>Total</b>	<b>\$ 47.0</b>	<b>\$43.8</b>	<b>\$42.2</b>

#### PRIORITY SCHOOL DISTRICTS

Payments for Priority School Districts are determined pursuant to CGS §10-266p. Among the factors used to determine grant amounts are population, mastery test scores and the number of students receiving Temporary Family Assistance. Each Priority School District must receive a grant of at least \$150 per student. The town with the 6<sup>th</sup> highest population in the state also receives an additional \$2,020,000 per year effective FY 2014.

There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

Grantees receive payments monthly.

#### EARLY CARE EDUCATION: SCHOOL READINESS

The purpose of the Early Childhood (School Readiness) grant is to initiate and expand pre-kindergarten programs. This grant is administered by the Office of Early Childhood in accordance with CGS §10-16o through §10-16r, inclusive.

The grant distribution formula is based on each district's School Readiness program capacity multiplied by its per child cost (which cannot exceed \$8,927 per child).

Certain school districts that serve at least 40% of lunches free or at a reduced price are eligible for a separate grant. Non-priority school districts that are ranked between one and fifty, in descending order according to wealth are eligible to compete for this grant. *Because of its competitive nature, funding for this grant is not reflected in this publication.*

Grantees receive payments monthly for the non-competitive grants described above.

#### EXTENDED SCHOOL HOURS

The Extended School Hours grant, administered pursuant to CGS §10-266p, §10-266t and §10-266u, allows an expansion of the number of schools in Priority School Districts that can be kept open for academic enrichment and recreational programs after school hours, on Saturdays and during school vacations. Multiplying the appropriation by the ratio of each Priority School District's average daily membership to the total average daily membership of all such districts determines payment amounts.

Grantees receive payments monthly.

#### SCHOOL YEAR ACCOUNTABILITY (SUMMER SCHOOL)

The School Year Accountability (Summer School) grant, administered in accordance with CGS §10-265m and §10-266m, assists children in Priority School Districts by allowing the provision of additional instruction to those students whose mastery test scores indicate it is needed.

Grantees receive payments monthly.
