

# STATE OF CONNECTICUT

### OFFICE OF POLICY AND MANAGEMENT

September 20, 2019

The Honorable Kevin Lembo State Comptroller 55 Elm Street Hartford, Connecticut 06106

Dear Comptroller Lembo:

Section 4-66 of the General Statutes requires that my office provide information on the state's General Fund for Fiscal Year 2020. An analysis of the Special Transportation Fund is also provided here due to the significance of this fund.

### **General Fund**

The adopted budget anticipates a \$141.1 million balance at year end. We are projecting an operating balance of \$84.3 million, down \$41.8 million from last month's estimate due to several projected deficiencies that are described further below. As noted last month, our balance projection does not include the impact of a potential settlement of hospital litigation. Pursuant to Sec. 50 of Public Act 19-117, \$30.0 million of the FY 2020 operating surplus is available for use toward a potential settlement. Section 50 also specifies that the General Assembly Budget Plan be modified to reflect any adjustments to revenue or expenditures that might be necessary as a result of such settlement.

The projected Budget Reserve Fund balance at year end, after transfers pursuant to the statutory volatility cap and the estimated FY 2020 operating surplus, is depicted below. We estimate the state's reserves at \$2.5 billion at the close of FY 2019, pending final accounting adjustments as part of the year-end closing process, or 13.0 percent of FY 2020 net General Fund appropriations, and over \$2.9 billion by the end of FY 2020, or 14.6% of FY 2021 net General Fund appropriations.

<u></u>		
Budget Reserve Fund		
	(in	millions)
Estimated BRF Ending Balance - FY 2019 (preliminary)	\$	2,505.7
Projected Operating Surplus - FY 2020 (9/20/19 Est.)	\$	84.3
Volatility Cap Deposit - FY 2020 (9/20/19 Est.)		318.3
	ċ	2.908.3
Estimated BRF Ending Balance - FY 2020	Ş	2,906.3

### Revenues

Revenues are projected to be consistent with the adopted budget plan, unchanged from last month's forecast. However, we remain cautious about the collections outlook given several factors. First, the enacted budget assumes the state will receive \$27.7 million from the new ten cent plastic bag fee. Given that certain large retailers announced their elimination of such bags, the state is unlikely to receive the full amount envisioned in the budget plan. However, no collections data is available yet that would form the basis for a revised estimate of revenue from this fee. Second, the economic horizon appears to have grown more

uncertain. Recognizing that the global growth outlook has weakened, the Federal Reserve has reduced short-term interest rates for the second time since July. Additionally, our nation's trade conflict with China along with rising tensions in the Persian Gulf are contributing to economic uncertainty. We will continue to closely monitor collections for any sign of weakness as the year progresses.

#### **Expenditures**

We are projecting net expenditures will, in aggregate, exceed the budget plan by \$56.8 million, an increase of \$41.8 million over last month's estimate. Explanations of lapses and deficiencies are below.

Deficiencies. Projected shortfalls are forecast in the following agencies:

- <u>Department of Social Services</u>. A net shortfall of \$30.0 million is forecast in the Medicaid account due to current cost trends.
- Office of Early Childhood. A \$1.8 million shortfall is anticipated in the Birth to Three account due to increased referrals to and enrollment in the program.
- <u>Department of Correction</u>. A total shortfall of \$6.0 million is projected. Other Expenses will experience a shortfall of \$2.0 million, reflective of spending similar to FY 2019 levels. A \$4.0 million shortfall is projected in Inmate Medical Services largely due to pharmaceutical costs trending higher than compared to the same timeframe a year ago. It should be noted that the agency will be transitioning their pharmacy provider in October; this impact is not yet reflected in the estimated shortfall. Additionally, overtime costs for medical staff are up compared to last fiscal year as the agency works to achieve appropriate staffing levels.

Included in our forecast is \$20.0 million in unappropriated expenditures for Adjudicated Claims. Of this amount, \$6.5 million is for a settlement that was delayed from FY 2019 into FY 2020, and the remainder is for payment of other claims. Existing law identifies the resources of the General Fund as the source for payments.

Lapses. Our projections reflect the amounts currently withheld from agencies to achieve budgeted lapse targets. Additionally, the following sum is estimated to remain unspent this fiscal year:

 <u>Teachers' Retirement Board</u>. A \$1.0 million lapse is projected in the Retirees Health Service Cost account due to lower than budgeted premiums that take effect January 1, 2020, resulting from reduced pharmacy trends.

#### **Special Transportation Fund**

The adopted budget anticipates a \$38.8 million balance from operations. We project that both revenues and expenditures will, in aggregate, be consistent with the budget plan, and that the Transportation Fund balance on June 30, 2020, will be \$358.9 million.

As the year progresses, the estimates offered by my office will continue to be revised to reflect the impact of changes in the economy, expenditure patterns, and/or other factors.

Sincerely,

Melissa McCaw Secretary

<sup>1.</sup> P.A. 19-117. Note that CGS Sec. 2-33c limits appropriations in FY 2020 to 99.5% of General Fund revenue. As a result, the \$141.1 million budgeted surplus is comprised of \$97.3 million due to this 99.5% limitation, plus a \$43.8 million operating surplus. Pursuant to Sec. 50 of P.A. 19-117, \$30.0 million of the operating surplus is available for use toward a potential settlement of hospital litigation. Section 50 also makes available \$160.0 million of FY 2019 surplus for a total of \$190.0 million to effectuate a settlement, and further specifies that the General Assembly Budget Plan be modified to reflect any adjustments to revenue or expenditures that might be necessary as a result of such settlement.

<sup>2.</sup> CGS Sec. 4-89 and other statutory provisions.
