III. Review and Discussion: First Selectman's FY23 Recommended Budget

First Selectman Blanchard provided an overview of the proposed FY 2023 Budget. . The recommended budget provides for a 1.8% increase in revenues and a 3.1% increase in expenditures. The Town Aid Road grant has been shifted out of the General Fund budget to the capital nonrecurring fund to comply with auditor recommendations. The budget includes the salary increases for staff at 2%. The equivalent of ten hours per week was added to the Public Works budget in order to keep up with work demands. Ms. Kennison suggested the town provide a list of assumptions to the next full MARB meeting. The current mill rate of 36.0 could cover all operating expenditures. A mill increase of 0.5 mill is

proposed in order to be consistent with the Five-Year Plan. The additional funds from the mill increase support the set-aside of some funding for an inspection and possible repairs at the Paper Mill Pond dam. The budget is built around increasing the fund balance by \$61,0000. The Sprague Board of Finance will review and possibly amend the budget before releasing their recommended budget and scheduling a public hearing. Following the public hearing, the Board of Finance may make further adjustments to the recommended budget before submitting the budget for consideration at either a Town Meeting or by referendum.
