1. Welcome and Introductions: Co-Chair Foley called the meeting to order at 2:35 p.m. Members introduced themselves. Co-Chair Foley acknowledged the absence of Commissioner Ritter. She noted that the enacted state budget eliminates the Department on Aging, and as a result, Commissioner Ritter will no longer serve as Commissioner and a member of the Cabinet. Co-Chair Foley thanked Commissioner Ritter for her service on the Cabinet and most especially for her strong leadership and advocacy on behalf of Connecticut’s elderly residents.

2. Public Comment: Co-Chair Foley opened the floor for public comment. There were no public comments.

3. Approval of Minutes of 7/24/2017 Cabinet Meeting: A motion was made by Anne Ruwet and seconded by Alyssa Goduti to approve the July 24, 2017 meeting minutes. The minutes were approved unanimously on a voice vote.

4. Updates
   a) Legislative Updates: Co-Chair Foley reminded members that, at the last meeting, Kelly Sinko from the Office of Policy and Management (OPM) provided an update on legislation enacted during the 2017 session impacting nonprofit providers. Members asked for follow-up on the nonprofit legislation regarding Public Act 17-122 concerning an Innovative Incentive Program and Public Act 17-146 concerning Licensed Alcohol and Drug Counselors.
Public Act No. 17-122 – An Act Concerning an Innovative Incentive Program for Nonprofit Providers of Human Services – gives the OPM Secretary the authority to create an innovation incentive program limited to nonprofit providers of human services whose contracts do not exceed $1 million and who provide direct services to not more than 150 people. Members requested information on how many providers would be eligible for the program given these parameters. Co-Chair Foley reviewed a chart of the current Purchase of Service (POS) contracts with state funding under $1 million. She indicated that, based on the list of POS contractors, it is not possible to identify those that meet the other eligibility criteria. She noted that, if OPM pursues this initiative, the providers will be asked to demonstrate that they meet the eligibility criteria.

Public Act No. 17-146 – Licensed Alcohol and Drug Counselors – clarifies the services that can be provided by a licensed alcohol and drug counselor (LADC) under their existing scope of practice. Co-Chair Perez had previously asked OPM to coordinate a meeting of non-profit providers and other entities to discuss the scope of practice of LADCs. Co-Chair Perez noted that the meeting was held with representation from the Departments of Social Services, Public Health, Mental Health and Addiction Services and OPM. The group discussed and received clarification regarding the existing scope of practice for LADCs. Co-Chair Perez informed members that a request for scope review has been submitted to DPH and it is likely that different entities will submit recommendations on language that provide guidelines for continuing education to be achieved in order for LADCs to provide services beyond addiction assessment and referrals.

Special Act No. 17-21 – An Act Establishing a Working Group to Review the Licensure and Certification Process for certain Nonprofit Community Providers – Co-Chair Foley asked Alyssa Goduti to provide an update on Special Act 17-21. Ms. Goduti noted that the legislation requires that a Licensure and Certification Workgroup (LCW) be established to review the current certification and licensure processes of nonprofit providers and state agencies to determine potential efficiencies. The workgroup submitted an Interim Report in September 2017. The report can be found at: http://www.ct.gov/opm/lib/opm/hhs/licensure_and_certification_workgroup/sa_17-21_interim_report_september_15_2017final_with_transmittal_letter.pdf. A five day Kaizen event will be held to develop recommendations on efficiencies to the state’s licensure and certification processes.

b) State Budget Update: Co-Chair Foley noted that Governor Malloy signed the state budget and line-item vetoed the appropriation for hospital supplemental payments because the language in the budget makes federal approval unlikely while omitting language that makes payment contingent on federal approval. Co-Chair Foley suggested that providers should work with the state agencies that are contracted with regarding budget issues.

c) Nonprofit Grant Program – Co-Chair Foley asked Robert Dakers to update the members on the Nonprofit Grant Program. He noted that, as of October 31, 2017, the nonprofit
agencies received about $70 million in grants for capital projects. An additional $10 million in grants has already been awarded to nonprofit organizations throughout Connecticut. A total of $25 million is pending approval from the State Bond Commission. The recent enacted state budget recommends authorization of $25 million in each year of the biennium for a total of $50 million for the nonprofit grant program.
