TREASURER WOODEN ANNOUNCES FURTHER COMMITMENTS TO PRIVATE DEBT PARTNERSHIPS AND REPORTS ON CRPTF DIVERSITY BROKERAGE PROGRAM RESULTS

CONVERTIBLE BOND AND REAL ESTATE STRATEGIES ALSO REVIEWED

Hartford, CT — At today's meeting of the Investment Advisory Council (IAC), State Treasurer Shawn T. Wooden announced commitments to private credit and real estate debt partnerships within the Connecticut Retirement Plans and Trust Funds (CRPTF). Private credit commitments include \$300 million to the Fortress Lending Fund II and the Fortress Credit Opportunities Fund V Expansion, \$250 million to the Sixth Street TAO 5.0 Fund, and a real estate debt commitment of \$100 million to the Torchlight Debt Opportunity Fund VII.

"At a time of significant dislocation in the credit markets, we remain nimble and ready to execute on opportunities. As a result of CRPTF's new 5% allocation to the private credit asset class that was approved by the IAC in February, we have met our target commitments for the first year - allowing us to make significant progress and take on new commitments. The private credit investments within the CRPTF, as well as the investment in the real estate debt opportunity will enable us to produce strong, risk-adjusted investment returns in the next few years. Contract negotiations are currently underway."

Treasurer Wooden also shared with the IAC investment opportunities under consideration including a commitment of \$100 million to the Waterton Residential Property Venture XIV Fund and potential investments with convertible bond managers Advent Capital Management and Calamos Advisors.

Treasurer Wooden reviewed the first quarter results of the CRPTF Brokerage Program launched earlier this year which details trading activities executed by our outside investment managers

with broker-dealers that are owned and actively managed by minorities, women, veterans or persons with disabilities and Connecticut based firms.

Treasurer Wooden also provided an update on Connecticut's monthly [Cash and Bonding Report](#) that was presented to the [Governor and General Assembly](#) as of the end of July 2020, which highlighted Connecticut's continued strong cash position during the pandemic. As of August 29, 2020, the State's overall available cash is \$6.7 billion with the common cash pool at \$5.6 billion. Connecticut has maintained its strong cash position due to the work done prior to COVID-19, which focused on reducing risks and closely monitoring our liquidity position.
