State of Connecticut**

FACT SHEET
2020 Legislative Session

**HOUSE BILL 5006
AN ACT MAKING DEFICIENCY APPROPRIATIONS FOR THE FISCAL YEAR ENDING
JUNE 30, 2020**

Summary of Proposal:

This bill makes deficiency appropriations and transfers funds which, in combination with Finance Advisory Committee transfers and adjustment of holdbacks, would fully address shortfalls for FY 2020 projected by OPM as of January 20, 2020. As in prior years, we are prepared to work with OFA and the Appropriations Committee to adjust the deficiency bill to reflect updated estimates as the year progresses.

This bill appropriates a total of \$48.57 million for agencies with projected deficiencies for the fiscal year ending June 30, 2020. In order to remain under the spending cap, de-appropriations in the General Fund exceed deficiency needs by \$14.42 million in order to support the net increase of \$14.42 million needed to address deficiencies in the Special Transportation Fund.

	General Fund	Special Transportation Fund	Total
Deficiency Appropriations	30,950,000	17,620,000	48,570,000
De-appropriations	(45,370,000)	(3,200,000)	(48,570,000)
Net Change	(14,420,000)	14,420,000	0

As a result, the General Fund is reduced by a net \$14.42 million, and the Special Transportation Fund is increased by a net \$14.42 million, resulting in no net change to the all-funds budget, and the adjusted FY 2020 budget would remain \$0.2 million under the spending cap, unchanged from the adopted budget. These budget revisions are described further below.
