598 and (B) up to fifty students who reside in Norwalk, and such students
599 may attend school in the school districts for the towns of Darien, New
600 Canaan, Wilton, Weston and Westport. School districts which received
601 students from Danbury and Norwalk under the pilot program during
602 the school year commencing July 1, 2022, shall allow such students to
603 attend school in the district until they graduate from high school.

604 (d) School districts which received students from New London under
605 the program during the [2000-2001] school year commencing July 1,
606 2000, shall allow such students to attend school in the district until they
607 graduate from high school. The attendance of such students in such
608 program shall not be supported by grants pursuant to subsections (f)
609 and (g) of this section but shall be supported, in the same amounts as
610 provided for in said subsections, by interdistrict cooperative grants
611 pursuant to section 10-74d to the regional educational service centers
612 operating such programs.

613 (e) Once the program is in operation in the region served by a
614 regional educational service center pursuant to subsection (c) of this
615 section, the Department of Education shall provide an annual grant to
616 such regional educational service center to assist school districts in its
617 area in administering the program and to provide staff to assist students
618 participating in the program to make the transition to a new school and
619 to act as a liaison between the parents of such students and the new
620 school district. Each regional educational service center shall determine
621 which school districts in its area are located close enough to a priority
622 school district to make participation in the program feasible in terms of
623 student transportation pursuant to subsection (f) of this section,
624 provided any student participating in the program prior to July 1, 1999,
625 shall be allowed to continue to attend the same school such student
626 attended prior to said date in the receiving district until the student
627 completes the highest grade in such school. If there are more students
628 who seek to attend school in a receiving district than there are spaces
629 available, the regional educational service center shall assist the school
630 district in determining attendance by the use of a lottery or lotteries
631 designed to preserve or increase racial, ethnic and economic diversity,
632 except that the regional educational service center shall give preference
633 to siblings and to students who would otherwise attend a school that
634 has lost its accreditation by the New England Association of Schools and
635 Colleges or has been identified as in need of improvement pursuant to
636 the No Child Left Behind Act, P.L. 107-110. The admission policies shall
637 be consistent with section 10-15c and this section. No receiving district
638 shall recruit students under the program for athletic or extracurricular
639 purposes. Each receiving district shall allow out-of-district students it
640 accepts to attend school in the district until they graduate from high
641 school.

642 (f) The Department of Education shall provide grants to regional
643 educational service centers or local or regional boards of education for
644 the reasonable cost of transportation for students participating in the
645 program. For the fiscal [years ending June 30, 2015, to June 30, 2017,
646 inclusive,] year ending June 30, 2022, and each fiscal year thereafter, the

647 department shall provide such grants within available appropriations,
648 provided the state-wide average of such grants does not exceed an
649 amount equal to three thousand two hundred fifty dollars for each
650 student transported, except that the Commissioner of Education may
651 grant to regional educational service centers or local or regional boards
652 of education additional sums from funds remaining in the
653 appropriation for such transportation services if needed to offset
654 transportation costs that exceed such maximum amount. The regional
655 educational service centers shall provide reasonable transportation
656 services to high school students who wish to participate in supervised
657 extracurricular activities. For purposes of this section, the number of
658 students transported shall be determined on October first of each fiscal
659 year.

660 (g) (1) Except as provided in [subdivision] subdivisions (2) and (3) of
661 this subsection, the Department of Education shall provide, within
662 available appropriations, an annual grant to the local or regional board
663 of education for each receiving district in an amount not to exceed two
664 thousand five hundred dollars for each out-of-district student who
665 attends school in the receiving district under the program.

666 (2) For the fiscal year ending June 30, 2013, and each fiscal year
667 thereafter, the department shall provide, within available
668 appropriations, an annual grant to the local or regional board of
669 education for each receiving district if one of the following conditions
670 are met as follows: (A) Three thousand dollars for each out-of-district
671 student who attends school in the receiving district under the program
672 if the number of such out-of-district students is less than two per cent of
673 the total student population of such receiving district, (B) four thousand
674 dollars for each out-of-district student who attends school in the
675 receiving district under the program if the number of such out-of-
676 district students is greater than or equal to two per cent but less than
677 three per cent of the total student population of such receiving district,
678 (C) six thousand dollars for each out-of-district student who attends
679 school in the receiving district under the program if the number of such
680 out-of-district students is greater than or equal to three per cent but less

681 than four per cent of the total student population of such receiving
682 district, (D) six thousand dollars for each out-of-district student who
683 attends school in the receiving district under the program if the
684 Commissioner of Education determines that the receiving district has an
685 enrollment of greater than four thousand students and has increased the
686 number of students in the program by at least fifty per cent from the
687 previous fiscal year, or (E) eight thousand dollars for each out-of-district
688 student who attends school in the receiving district under the program
689 if the number of such out-of-district students is greater than or equal to
690 four per cent of the total student population of such receiving district.

691 (3) (A) For the fiscal year ending June 30, 2023, the department shall
692 provide a grant to the local or regional board of education for each
693 receiving district described in subdivision (4) of subsection (c) of this
694 section in an amount of four thousand dollars for each out-of-district
695 student who resides in Danbury or Norwalk and attends school in the
696 receiving district under the pilot program.

697 (B) For the fiscal year ending June 30, 2024, and each fiscal year
698 thereafter, the department shall provide an annual grant to the local or
699 regional board of education for each receiving district described in
700 subdivision (4) of subsection (c) of this section for each out-of-district
701 student who resides in Danbury or Norwalk and attends school in the
702 receiving district under the pilot program in accordance with the
703 provisions of subdivisions (1) and (2) of this subsection.

704 [(3)] (4) Each town which receives funds pursuant to this subsection
705 shall make such funds available to its local or regional board of
706 education in supplement to any other local appropriation, other state or
707 federal grant or other revenue to which the local or regional board of
708 education is entitled.

709 (h) Notwithstanding any provision of this chapter, each sending
710 district and each receiving district shall divide the number of children
711 participating in the program who reside in such district or attend school
712 in such district by two for purposes of the counts for subdivision (22) of

713 section 10-262f and subdivision (2) of subsection (a) of section 10-261.

714 (i) In the case of an out-of-district student who requires special
715 education and related services, the sending district shall pay the
716 receiving district an amount equal to the difference between the
717 reasonable cost of providing such special education and related services
718 to such student and the amount received by the receiving district
719 pursuant to subsection (g) of this section and in the case of students
720 participating pursuant to subsection (d) of this section, the per pupil
721 amount received pursuant to section 10-74d. The sending district shall
722 be eligible for reimbursement pursuant to section 10-76g, as amended
723 by this act.

724 (j) Nothing in this section shall prohibit school districts from charging
725 tuition to other school districts that do not have a high school pursuant
726 to section 10-33.

727 (k) On or before March first of each year, the Commissioner of
728 Education shall determine if the enrollment in the program pursuant to
729 subsection (c) of this section for the fiscal year is below the number of
730 students for which funds were appropriated. If the commissioner
731 determines that the enrollment is below such number, the additional
732 funds shall not lapse but shall be used by the commissioner in
733 accordance with this subsection.

734 (1) Any amount up to five hundred thousand dollars of such
735 nonlapsing funds shall be used for supplemental grants to receiving
736 districts on a pro rata basis for each out-of-district student in the
737 program pursuant to subsection (c) of this section who attends the same
738 school in the receiving district as at least nine other such out-of-district
739 students, not to exceed one thousand dollars per student.

740 (2) Any amount of such nonlapsing funds equal to or greater than
741 five hundred thousand dollars, but less than one million dollars, shall
742 be used for supplemental grants, in an amount determined by the
743 commissioner, on a pro rata basis to receiving districts that report to the
744 commissioner on or before March first of the current school year that the

745 number of out-of-district students enrolled in such receiving district is
746 greater than the number of out-of-district students enrolled in such
747 receiving district from the previous school year.

748 (3) Any remaining nonlapsing funds shall be used by the
749 commissioner to increase enrollment in the interdistrict public school
750 attendance program described in this section.

751 (l) For purposes of the state-wide mastery examinations under
752 section 10-14n, students participating in the program established
753 pursuant to this section shall be considered residents of the school
754 district in which they attend school.

755 (m) Within available appropriations, the commissioner may make
756 grants to regional education service centers which provide summer
757 school educational programs approved by the commissioner to students
758 participating in the program.

759 (n) The Commissioner of Education may provide grants for children
760 in the Hartford program described in this section to participate in
761 preschool and all day kindergarten programs. In addition to the subsidy
762 provided to the receiving district for educational services, such grants
763 may be used for the provision of before and after-school care and
764 remedial services for the preschool and kindergarten students
765 participating in the program.

766 (o) Within available appropriations, the commissioner may make
767 grants for academic student support for programs pursuant to this
768 section that assist the state in meeting [the goals of the 2008 stipulation
769 and order for Milo Sheff, et al. v. William A. O'Neill, et al., as extended,
770 or the goals of the 2013 stipulation and order for Milo Sheff, et al. v.
771 William A. O'Neill, et al., as extended, as determined by the
772 commissioner] its obligations pursuant to the decision in Sheff v.
773 O'Neill, 238 Conn. 1 (1996), or any related stipulation or order in effect,
774 as determined by the Commissioner of Education.

775 Sec. 16. Subsections (a) to (c), inclusive, of section 10-264l of the

776 general statutes are repealed and the following is substituted in lieu
777 thereof (*Effective July 1, 2021*):

778 (a) The Department of Education shall, within available
779 appropriations, establish a grant program (1) to assist (A) local and
780 regional boards of education, (B) regional educational service centers,
781 (C) the Board of Trustees of the Community-Technical Colleges on
782 behalf of Quinebaug Valley Community College and Three Rivers
783 Community College, and (D) cooperative arrangements pursuant to
784 section 10-158a, and (2) in assisting the state in meeting its obligations
785 pursuant to the decision in *Sheff v. O'Neill*, 238 Conn. 1 (1996), or any
786 related stipulation or order in effect, as determined by the
787 commissioner, to assist (A) the Board of Trustees of the Community-
788 Technical Colleges on behalf of a regional community-technical college,
789 (B) the Board of Trustees of the Connecticut State University System on
790 behalf of a state university, (C) the Board of Trustees of The University
791 of Connecticut on behalf of the university, (D) the board of governors
792 for an independent institution of higher education, as defined in
793 subsection (a) of section 10a-173, or the equivalent of such a board, on
794 behalf of the independent institution of higher education, and (E) any
795 other third-party not-for-profit corporation approved by the
796 commissioner with the operation of interdistrict magnet school
797 programs. All interdistrict magnet schools shall be operated in
798 conformance with the same laws and regulations applicable to public
799 schools. For the purposes of this section "an interdistrict magnet school
800 program" means a program which (i) supports racial, ethnic and
801 economic diversity, (ii) offers a special and high quality curriculum, and
802 (iii) requires students who are enrolled to attend at least half-time. An
803 interdistrict magnet school program does not include a regional
804 agricultural science and technology school, a technical education and
805 career school or a regional special education center. For the school years
806 commencing July 1, 2017, to July 1, [2020] 2023, inclusive, the governing
807 authority for each interdistrict magnet school program shall (I) restrict
808 the number of students that may enroll in the school from a participating
809 district to seventy-five per cent of the total school enrollment, and (II)

810 maintain a total school enrollment that is in accordance with the
811 reduced-isolation setting standards for interdistrict magnet school
812 programs, developed by the Commissioner of Education pursuant to
813 section 10-264r, as amended by this act.

814 (b) (1) Applications for interdistrict magnet school program
815 operating grants awarded pursuant to this section shall be submitted
816 annually to the Commissioner of Education at such time and in such
817 manner as the commissioner prescribes, except that on and after July 1,
818 2009, applications for such operating grants for new interdistrict magnet
819 schools, other than those that the commissioner determines will assist
820 the state in meeting its obligations pursuant to the decision in *Sheff v.*
821 *O'Neill*, 238 Conn. 1 (1996), or any related stipulation or order in effect,
822 as determined by the commissioner, shall not be accepted until the
823 commissioner develops a comprehensive state-wide interdistrict
824 magnet school plan. The commissioner shall submit such
825 comprehensive state-wide interdistrict magnet school plan on or before
826 October 1, 2016, to the joint standing committees of the General
827 Assembly having cognizance of matters relating to education and
828 appropriations.

829 (2) In determining whether an application shall be approved and
830 funds awarded pursuant to this section, the commissioner shall
831 consider, but such consideration shall not be limited to: (A) Whether the
832 program offered by the school is likely to increase student achievement;
833 (B) whether the program is likely to reduce racial, ethnic and economic
834 isolation; (C) the percentage of the student enrollment in the program
835 from each participating district; and (D) the proposed operating budget
836 and the sources of funding for the interdistrict magnet school. For a
837 magnet school not operated by a local or regional board of education,
838 the commissioner shall only approve a proposed operating budget that,
839 on a per pupil basis, does not exceed the maximum allowable threshold
840 established in accordance with this subdivision. The maximum
841 allowable threshold shall be an amount equal to one hundred twenty
842 per cent of the state average of the quotient obtained by dividing net
843 current expenditures, as defined in section 10-261, by average daily

844 membership, as defined in said section, for the fiscal year two years
845 prior to the fiscal year for which the operating grant is requested. The
846 Department of Education shall establish the maximum allowable
847 threshold no later than December fifteenth of the fiscal year prior to the
848 fiscal year for which the operating grant is requested. If requested by an
849 applicant that is not a local or regional board of education, the
850 commissioner may approve a proposed operating budget that exceeds
851 the maximum allowable threshold if the commissioner determines that
852 there are extraordinary programmatic needs. For the fiscal years ending
853 June 30, 2017, June 30, 2018, June 30, 2020, and June 30, 2021, in the case
854 of an interdistrict magnet school that will assist the state in meeting its
855 obligations pursuant to the decision in *Sheff v. O'Neill*, 238 Conn. 1
856 (1996), or any related stipulation or order in effect, as determined by the
857 commissioner, the commissioner shall also consider whether the school
858 is meeting the reduced-isolation setting standards for interdistrict
859 magnet school programs, developed by the commissioner pursuant to
860 section 10-264r, as amended by this act. If such school has not met such
861 reduced-isolation setting standards, it shall not be entitled to receive a
862 grant pursuant to this section unless the commissioner finds that it is
863 appropriate to award a grant for an additional year or years and
864 approves a plan to bring such school into compliance with such
865 reduced-isolation setting standards. If requested by the commissioner,
866 the applicant shall meet with the commissioner or the commissioner's
867 designee to discuss the budget and sources of funding.

868 (3) For the fiscal years ending June 30, 2018, to June 30, [2021] 2023,
869 inclusive, the commissioner shall not award a grant to an interdistrict
870 magnet school program that (A) has more than seventy-five per cent of
871 the total school enrollment from one school district, or (B) does not
872 maintain a total school enrollment that is in accordance with the
873 reduced-isolation setting standards for interdistrict magnet school
874 programs, developed by the Commissioner of Education pursuant to
875 section 10-264r, as amended by this act, except the commissioner may
876 award a grant to such school for an additional year or years if the
877 commissioner finds it is appropriate to do so and approves a plan to

878 bring such school into compliance with such residency or reduced-
879 isolation setting standards.

880 (4) For the fiscal years ending June 30, 2018, to June 30, 2021,
881 inclusive, if an interdistrict magnet school program does not maintain a
882 total school enrollment that is in accordance with the reduced-isolation
883 setting standards for interdistrict magnet school programs, developed
884 by the commissioner pursuant to section 10-264r, as amended by this
885 act, for two or more consecutive years, the commissioner may impose a
886 financial penalty on the operator of such interdistrict magnet school
887 program, or take any other measure, in consultation with such operator,
888 as may be appropriate to assist such operator in complying with such
889 reduced-isolation setting standards.

890 (c) (1) The maximum amount each interdistrict magnet school
891 program, except those described in subparagraphs (A) to (G), inclusive,
892 of subdivision (3) of this subsection, shall be eligible to receive per
893 enrolled student who is not a resident of the town operating the magnet
894 school shall be (A) six thousand sixteen dollars for the fiscal year ending
895 June 30, 2008, (B) six thousand seven hundred thirty dollars for the fiscal
896 years ending June 30, 2009, to June 30, 2012, inclusive, (C) seven
897 thousand eighty-five dollars for the fiscal years ending June 30, 2013, to
898 June 30, 2019, inclusive, and (D) seven thousand two hundred twenty-
899 seven dollars for the fiscal year ending June 30, 2020, and each fiscal year
900 thereafter. The per pupil grant for each enrolled student who is a
901 resident of the town operating the magnet school program shall be (i)
902 three thousand dollars for the fiscal years ending June 30, 2008, to June
903 30, 2019, inclusive, and (ii) three thousand sixty dollars for the fiscal year
904 ending June 30, 2020, and each fiscal year thereafter.

905 (2) For the fiscal year ending June 30, 2003, and each fiscal year
906 thereafter, the commissioner may, within available appropriations,
907 provide supplemental grants for the purposes of enhancing educational
908 programs in such interdistrict magnet schools, as the commissioner
909 determines. Such grants shall be made after the commissioner has
910 conducted a comprehensive financial review and approved the total

911 operating budget for such schools, including all revenue and
912 expenditure estimates.

913 (3) (A) Except as otherwise provided in subparagraphs (C) to (G),
914 inclusive, of this subdivision, each interdistrict magnet school operated
915 by a regional educational service center that enrolls less than fifty-five
916 per cent of the school's students from a single town shall receive a per
917 pupil grant in the amount of (i) six thousand two hundred fifty dollars
918 for the fiscal year ending June 30, 2006, (ii) six thousand five hundred
919 dollars for the fiscal year ending June 30, 2007, (iii) seven thousand sixty
920 dollars for the fiscal year ending June 30, 2008, (iv) seven thousand six
921 hundred twenty dollars for the fiscal years ending June 30, 2009, to June
922 30, 2012, inclusive, (v) seven thousand nine hundred dollars for the
923 fiscal years ending June 30, 2013, to June 30, 2019, inclusive, and (vi)
924 eight thousand fifty-eight dollars for the fiscal year ending June 30, 2020,
925 and each fiscal year thereafter.

926 (B) Except as otherwise provided in subparagraphs (C) to (G),
927 inclusive, of this subdivision, each interdistrict magnet school operated
928 by a regional educational service center that enrolls at least fifty-five per
929 cent of the school's students from a single town shall receive a per pupil
930 grant for each enrolled student who is not a resident of the district that
931 enrolls at least fifty-five per cent of the school's students in the amount
932 of (i) six thousand sixteen dollars for the fiscal year ending June 30, 2008,
933 (ii) six thousand seven hundred thirty dollars for the fiscal years ending
934 June 30, 2009, to June 30, 2012, inclusive, (iii) seven thousand eighty-five
935 dollars for the fiscal years ending June 30, 2013, to June 30, 2019,
936 inclusive, and (iv) seven thousand two hundred twenty-seven dollars
937 for the fiscal year ending June 30, 2020, and each fiscal year thereafter.
938 The per pupil grant for each enrolled student who is a resident of the
939 district that enrolls at least fifty-five per cent of the school's students
940 shall be three thousand sixty dollars.

941 (C) (i) For the fiscal years ending June 30, 2015, to June 30, 2019,
942 inclusive, each interdistrict magnet school operated by a regional
943 educational service center that began operations for the school year

944 commencing July 1, 2001, and that for the school year commencing July
945 1, 2008, enrolled at least fifty-five per cent, but no more than eighty per
946 cent of the school's students from a single town, shall receive a per pupil
947 grant (I) for each enrolled student who is a resident of the district that
948 enrolls at least fifty-five per cent, but no more than eighty per cent of the
949 school's students, up to an amount equal to the total number of such
950 enrolled students as of October 1, 2013, using the data of record, in the

965 of record, in the amount of seven thousand eighty-five dollars.

966 (ii) For the fiscal year ending June 30, 2020, and each fiscal year
967 thereafter, each interdistrict magnet school operated by a regional
