

STATE OF CONNECTICUT

## GOVERNOR NED LAMONT

### ORDER

July 8, 2021

Pursuant to Section 3-1 of the Connecticut General Statutes, I have determined that, to facilitate restoration work that may be required as a result of Tropical Storm Elsa, it is in the interest of public safety to allow the use of the Merritt and Wilbur Cross Parkways by utility company restoration vehicles, and I therefore order:

- Energy and telecommunications utility restoration vehicles that do not exceed the maximum height allowed on the Merritt and Wilbur Cross Parkways shall be authorized to travel on those limited access highways from 8:00 a.m. on Friday July 9, 2021 to 8:00 p.m. on Thursday July 15, 2021, provided each utility company first consults with the Connecticut Department of Transportation to provide information about the types and heights of vehicles that will do so.

A handwritten signature in blue ink that reads "Ned Lamont".
