### Mission

To protect the safety of Connecticut citizens and certain individuals by ordering appropriate treatment, confinement or conditional release of persons accused of crimes but found not guilty by reason of mental disease or mental defect.

### Statutory Responsibility

The Psychiatric Security Review Board (the “Board”), determines the level of confinement and treatment, for those individuals found not guilty of a crime by reason of mental disease or defect, necessary to protect society. Acquittees are committed to the Board by the Superior Court. The Board, in turn, orders the appropriate level of supervision and treatment and orders the conditions under which an acquittee may be released into the community. The Board orders confinement in a maximum-security facility, approves temporary leave from a hospital setting, grants conditional release into the community and provides recommendations to the Superior Court in the matters of discharge from the Board and continued commitment.

### Public Service

The general public is the beneficiary of the agency's work. During fiscal year 2012-2013, a total of 13 individuals were committed to the Board Superior Court and 15 individuals had their commitment terms extended by the court. The commitment term for 3 individuals expired, 5 individuals were discharged by the court prior to the end of their commitment and 1 individual died while under the Board's jurisdiction during this fiscal year.

As of June 30, 2013, 149 individuals remained under the Board’s jurisdiction. Of the 149 individuals, 31 were confined in maximum-security at Connecticut Valley Hospital, 1 acquittee was confined with the Department of Developmental Services, 89 individuals were ordered confined in a secure non-maximum security setting at Connecticut Valley Hospital and 26 individuals held conditional release status. In addition, 1 acquittee remained in federal custody serving a concomitant sentence with his Board commitment and 1 acquittee has remained on AWOL status since June 1991.

During this fiscal year, the Board held 169 hearings and 86 Board conferences resulting in 188 Memoranda of Decision and 24 Reports to Court regarding the matters of Continued Commitment and Discharge from the jurisdiction of the Board.

There were no arrests of individuals under the Board’s jurisdiction during this fiscal year.
