To whom it may Concern, My name is Mr. George Johnson and I have two nephew's that attend SCSE. My oldest nephew will be in the 5th grade and my youngest nephew will be in the 1st grade for the 2020-2021 academic school year at SCSE.

The relationship that me and my family have with SCSE had been a positive experience. My oldest nephew who have been identify as a special needs student, and is making awesome strides with his academic studies due to the dedication from his teachers this school year . My youngest nephew received an award which is called the Silver Honor Roll in Mathematics, and Social Studies, and my oldest nephew received an award in Social Studies which is called the Gold Honor Roll. the teachers was able to provide me with support, and different resources to help me and child. I don't think that I couldn't had gottenover many obstacle with the dedication from this amazing school called SCSE. My questions is for the board why didn't SCSE earn earn full credit? Should our scholars be forced from the # 1 school district to a falling school? why are we being treated like this? I support for the grade expansion .

Thank you

Mr. George Johnson
