Subject: Grant Stamford Charter School of Excellence FULL Charter!
Date: Saturday, July 11, 2020 7:56:50 AM

Good morning,

My family's name is Lestrade and we have 2 children (Isabelle who is 7 and Davis who is 4) that attend Stamford Charter School of Excellence.

It saddens me to learn that the school my 2 children attend has not been granted a full charter after so many years of proving themselves to be the best school in the city of Stamford. Why do we have to keep fighting for this every year? Why would you do this to our children who have worked so hard and diligent to do what was necessary and more to be the best and compare with the other scholars through out the district?

This school is place that loves our children (all the administrators know all of the children by name and great them everyday with warm welcome and love), educate our children and teach them life lessons that will carry on into adulthood.

Would this happen in our neighboring towns? We demand the same fairness and treatment that our neighboring towns get and demand a full charter for the school from Pre-K to 8th grade! Over the years my husband and I have volunteered for book fairs, movie nights, joined the Parent Teacher committee and given back to the community. We love this school and have seen a major growth in our older child from being a part of SCSE family, we have even noticed how much more advanced in knowledge compared to children her age and hope for the same with her younger brother.

We DEMAND for SCSE to be granted a full charter to carry on the EXCELLENCE that have given to our children and the future children to come! We cannot stop this at grade 6 we need to continue on to 8th grade and start at the Pre-K level to continue what we started.

It has already been hurtful to our family to know that SCSE had to stop accepting Pre-K students because in that new class that was suppose to start were my children's cousins who were so excited to be going to the same school as there older cousins who cried and asked why the can't go to school with their cousins. Please don't do this again with not giving SCSE the full charter going forward. We DEMAND it!

Sincerely,
The Lestrade Family
Trina, Davis, Isabelle & Dante
