The 2001-2002 school year was a busy one for the Bureau: new requirements for criminal background checks have taken effect; new assessments for world languages were adopted, and the ARC program expanded.

The coming year will see a change in Bureau leadership. Dr. Hilary E. Freedman is retiring, and Dr. Peter Behuniak will become Acting Bureau Chief in August.

We hope the information contained in this newsletter is of help. Our website is continually updated – please be sure to check it frequently. www.state.ct.us/sde/dti/cert/index.htm

Durational Shortage Area Permits (DSAP):

A superintendent of schools may request a DSAP if a shortage area has been established, or if a position cannot be filled by an appropriately certified applicant. In order to review the request for issuance of a DSAP, the following credentials must be submitted:

- A DSAP application (ED 177);
- Praxis I PPST or Praxis I (PPST) waiver. (Not required if the applicant holds a valid Connecticut certificate);
- Official transcripts indicating the completion of a minimum 12 semester hours of credit in the subject for which the DSAP will be issued. (Official transcripts indicating the completion of a bachelor's degree must be included if the applicant has never held certification in Connecticut).
- A letter from the superintendent of schools listing specific locations and dates of recent media advertisements for the position and outlining the steps taken to secure an appropriately certified applicant. If appropriately certified applicants applied for this position, include a statement as to why these candidates were not suitable for the position. If the media advertisements are not recent, include an explanation as to how this position has been filled so far during the school year.

and ONE of the following:

- ED 177 – Part VIII verifying enrollment in a planned
program leading to certification in the subject requested or a letter verifying that the applicant has made application to enroll in a planned program leading to certification in the subject requested. The form or letter must be completed and signed by the Certification Officer. A letter of application or acceptance into a master’s degree program does not meet this requirement.

A copy of the letter of acceptance into the Alternate Route to Certification (ARC) program. (Application for admission to the ARC program is not acceptable to meet this requirement.)

**DSAP Renewal**

- ED 177 – Part I, II, III, IV, VI, VII

- Official transcripts of any course work completed while holding the DSAP.

**Reminders:**

Priority Review forms should be submitted with a candidate’s application. Please remember that a priority form only works effectively when all of the required information (transcripts, experience, etc.) is on file in the Bureau. The forms should only be used when a district is interested in hiring an individual and needs to determine certification status prior to issuing a contract.

Certificate validity dates are determined by the date that an application is received in our office, if all requirements have been met at that time.

During the summer the evaluation of applications may take 6 to 8 weeks.

There are many ways to contact the Bureau.
