This brochure provides information on approved educator preparation programs that Connecticut institutions offer at the undergraduate and graduate levels. A detailed list of the programs each institution offers is located below. For specific information about programs leading to Connecticut certification, candidates should seek advice directly from the individual institutions concerning program admission, course work and testing requirements. Each Connecticut educator preparation program establishes its own admission and program requirements above and beyond state regulations.

According to state statutes and regulations, all candidates admitted to an educator preparation program must meet the following minimum requirements:

- Praxis Core Academic Skills Test, SAT, ACT or GRE or hold a valid Connecticut teaching certificate; and

- a minimum cumulative grade point average of B- for all undergraduate courses. Please note: Some programs may set higher standards, and some may waive the minimum GPA requirement at their discretion.
