<p>1. School Performance Best Practices: In 250 words or less, describe the practice or practices in use at the school that have resulted in strong student outcomes and a positive school climate during the 2024-2025 school year. Explain the rationale for establishing the practice(s) and the issue(s) it was intended to address. Provide evidence of collaboration with local school districts as appropriate.</p>	
<p>Achievement First (AF) schools in Connecticut are grounded in five core elements that define our model and have driven strong student outcomes and a positive school climate. These include:</p> <ol style="list-style-type: none"> 1. prioritizing student experience through joyful, safe, and inclusive environments; 2. maintaining a strong focus on student achievement, with staff evaluations tied to student growth; 3. investing in talent through coaching and leadership development; 4. adopting high-quality instructional materials to ensure rigorous, grade-level learning; and 5. using data to inform targeted interventions. <p>These practices were established to address gaps in academic performance and student engagement, particularly among underserved populations. In 2024–25, AF Bridgeport (AFBA) served 1,090 students, 96% of whom identify as African American or Latinx, with 74% qualifying for free or reduced-price lunch. Additionally, 13.7% qualify for special services, and 15.3% are current or former English Language Learners.</p> <p>Despite pandemic-related setbacks, AFBA continues to outperform Bridgeport Public Schools. In ELA, AFBA’s proficiency was 37.8%, compared to Bridgeport Public School’s 21.0%; in Math, AFBA reached 22.1% vs. 15.7%. AF’s current goals target 60% proficiency in ELA and Math, with an exemplary bar at 70%, and a chronic absenteeism rate below 5%.</p> <p>AFBA has served Bridgeport families for over 18 years and remains deeply committed to its partnership with the local community. Long-standing collaboration with the district supports enrollment, student services, and aligned strategies to ensure students are on track for college, career, and life success.</p>

2. Legal Compliance Best Practices: Describe your charter school's systematic approach to maintaining regulatory compliance across all operational domains. Highlight your most effective frameworks for ensuring adherence to laws governing special education services, multilingual learner supports, and protection of student and employee rights. Detail specific compliance mechanisms—including policy development processes, staff training programs, and internal monitoring systems—that have proven especially successful in your school context. Present relevant compliance metrics, audit outcomes, and stakeholder feedback demonstrating your commitment to legal obligations and ethical practices. Include examples of productive collaborations with local districts that have enhanced your compliance efforts through resource sharing, professional development, or coordinated service delivery. Focus on distinctive practices rather than exhaustive documentation, prioritizing evidence-based insights within the 250-word limit.

The school maintains policy documents that set forth compliance with applicable laws and regulations. These policies, including the Family Handbook, Employee Handbook, Fiscal Policies and Procedures, Special Services Playbook, and Behavior Policy, have been reviewed by the Connecticut State Department of Education (CSDE) and other key stakeholders. We employ frequent data and accountability practices to ensure the accurate identification and programmatic supports of students with IEPs and multilingual learners. This would include our IEP compliance practices and mandated support services. In addition to these policies, we have received unqualified opinions on our annual operational and financial audits, as well as our single audits. We are also working with CSDE to maintain compliance in teacher certification. Additionally, the school has retained a charter management organization to assist in compliance-related areas, including training on and accountability for the policies.

Renewal Conditions and Terms: Detail your charter school's advancement toward fulfilling the renewal conditions established during your most recent charter renewal process or addressing specific terms identified by the Connecticut State Department of Education. Present a comprehensive overview of implemented initiatives, strategic actions, and measurable outcomes that demonstrate your institution's meaningful progress toward resolving these identified areas for improvement. Include relevant performance metrics and evidence-based results that substantiate your school's efforts and commitment to addressing each condition. The section below contains a pre-populated chart of your school's specific renewal conditions or terms, which you should reference when documenting both completed work and forthcoming strategic plans designed to satisfy outstanding requirements.

Standard/ Indicator:	Renewal Conditions and Terms:	Progress Update:
3.5 Chronic Absenteeism	<p>AFBA's chronic absenteeism rate for the 2022-23 school year was 31.9%, whereas the state average was 20.0%. The school's rate for the 2023-24 school year was 31.4%, whereas the state average was 17.7%.</p> <p>It is imperative that the school continues efforts to lower the chronic absenteeism rate.</p>	<p>Bridgeport's chronic absenteeism rate has now dropped to 27.3% in 2024–25.</p> <p>This progress reflects the impact of focused strategies, including:</p> <ul style="list-style-type: none"> ● Building stronger student and family engagement through relationships and partnerships, ● Training school and network teams on <i>The Attendance Playbook</i>, and ● Establishing interdisciplinary attendance teams to provide coordinated, proactive support. <p>While our rate remains above the state average and benchmark, the consistent year-over-year decline shows our strategies are working and gaining traction. We have expanded our network-level social work support to include a Managing and Senior Director of Social Work. Additionally, we have increased our capacity to two or more social workers where the counseling caseload exceeds 30 students per social worker. This team of clinicians and counselors provide both mandated and responsive services for students as well as resources for families. Our network student experience team partners with school-based teams to provide training on trauma and resilience informed practices including topics such as de-escalation, noticing signs of agitation, strengthening relationships, and modeling prosocial behavior.</p> <p>To address this condition, we implemented a multi-tiered system of support across all grade levels:</p>

		<ul style="list-style-type: none"> ● Targeted Interventions: Monthly visits to our schools were established to coach staff on behavior management and implement restorative practices. ● Collaborative Structures: We have check-ins with school leaders and child study teams to proactively address student needs and review behavioral data. ● Culture Metrics: According to our Spring 2025 student experience survey, we received an overall favorability score of 82% among ES students. ● Suspension/Removal Trends: Though 2024–25 official state data is pending, our historical data shows a continued decrease in suspensions. <p>4.5 Teacher/Staff Credentials</p>	<p>As of May 1, 2025, the Bureau of Educator Standards and Certification reported 1 staff assignment identified in the Educator Data System for the 2024-25 school year does not match a valid endorsement.</p> <p>In accordance with state statute, schools are responsible for ensuring that 100% of their staff possess the appropriate certificates, permits, or authorizations required for their positions.</p>	<p>We are pleased to report we've fully addressed certification compliance for the teachers identified:</p> <ul style="list-style-type: none"> - 1 educator is certified for 24-25 - 1 educators did not qualify for certification in 24-25 but has applied and is expected to be certified for 25-26

5. Stewardship, Governance, and Management Best Practices: Describe your charter school's most effective organizational systems that ensure financial sustainability, operational excellence, and robust accountability. Detail your governance structures, fiscal oversight mechanisms, and management practices that have demonstrably strengthened institutional health and performance outcomes. Explain why these specific approaches were implemented, connecting them to your school's mission and strategic priorities. Present concrete evidence of their effectiveness using key performance indicators, audit results, operational metrics, and stakeholder feedback that demonstrate measurable improvements. Include examples of productive partnerships with local districts that have enhanced your governance practices or operational efficiency. Focus on high-impact initiatives rather than comprehensive coverage, limiting your response to 250 words while providing specific, evidence-based insights.

Bridgeport Academy has devoted significant time and resources and effort to improving governance, financial systems, and operating policies and procedures. Accomplishments since our last charter renewal include:

1. Implemented a new accounting system to ensure coding aligns with GAAP and allow for more accurate expense tracking and efficient reporting.
2. Bolstered financial reporting to the Bridgeport Board of Directors and created greater involvement amongst Bridgeport Academy's Finance Committee to understand financial reporting and align on financial decision making
3. AF is reviewing and updating fiscal policies and procedures in the coming year to ensure financial sustainability.

Achievement First (AF) typically enacts conservative operating budgets, and this has remained true for the FY26 school year. Our Board approved a budget that included realistic staffing plans that if proper talent is found, schools are able to hire for all roles. AF also has a long-range plan to ensure we plan for expense increases and staffing changes over a 10-year period.

Under the leadership of our new Executive Director, who now serves as head of the Connecticut Region, we've adopted a more proactive and consistent approach to external communication and engagement, particularly with local boards of education. This leadership investment has already begun to strengthen relationships with key Connecticut stakeholders.

We are also adding a senior-level External Affairs position which will have a dedicated role in deepening relationships and facilitating consistent communication with local governing bodies and community partners. Structurally, we are better positioned than ever to support effective stewardship and accountability through local engagement.

These systems and roles were intentionally designed to align operational capacity with our academic mission and to ensure all decisions are sustainable, transparent, and responsive to our communities.

2. Enrollment Efforts: Summarize the school's efforts to attract, enroll, and retain a diverse student population that reflects the demographics of the community. Describe strategies aimed at reaching and serving students of color, low-income families, English learners/Multilingual learners and students with disabilities. Include outreach initiatives, inclusive enrollment practices and support systems designed to promote equitable access.

Bridgeport is a public charter school with a free and open lottery to all. We aim to have our schools reflect the demographic composition of the neighborhoods we serve. Our goal is to prepare our scholars to achieve academic success, receive college acceptance, attain college graduation at the same rates as their more affluent peers, and career readiness.

The schools partner with the Achievement First's recruitment team to carry out a comprehensive recruitment strategy consisting of direct outreach, Refer-A-Friend campaigns, information sessions, school-based open houses, presentations at local education agencies and community based organizations, neighborhood canvassing at nearby high-density housing and building locations, and geo-targeted mailings to reach families across the region.

Furthermore, our student recruitment team is bilingual and has made extensive efforts to reach out to families who speak languages other than English. All outdoor signs are in both English and Spanish, as are all brochures and other marketing materials, including the AF website page for student enrollment.

Lastly, our efforts to recruit students with disabilities have focused primarily on making clear in promotional materials and presentations that AF is highly effective for students with disabilities, and that we offer services in accordance with Individualized Education Programs (IEPs). The lottery also uses a weighted preference for students with disabilities.

Bridgeport has consistently experienced strong enrollment and healthy waitlists, and the neighborhoods that the school serves are not experiencing any demographic shifts that would suggest that demand would decrease. This year, we experienced some struggles with Kindergarten enrollment due to the regulatory changes in regards to Kindergarten cutoff dates. We do not anticipate to have the same struggles next year for Kindergarten enrollment.

3. Waitlist Data: Provide waitlist totals below, illustrating demand and community support for the school.

2024-2025 Waitlist:	2025-2026 Waitlist:
158	163

4. Student Population Best Practice: Outline your charter school's most effective strategies for advancing educational equity through targeted recruitment, enrollment, and retention initiatives. Describe your signature approach to family engagement and community outreach that has successfully diversified your student population and ensured meaningful inclusion of underrepresented groups. Connect these practices to your school's distinctive educational model, explaining how they align with your core mission and values. Present specific evidence of impact through enrollment demographics, retention statistics, and stakeholder testimonials that demonstrate measurable progress toward equity goals. Include any notable collaborations with local districts that have enhanced your ability to serve diverse learners effectively. Focus on your most innovative and impactful practices rather than attempting comprehensive coverage, keeping your response focused and within the 250-word limit.

Student retention at AF schools is a network-wide priority and one of the key performance indicators identified for schools as part of the network’s strategic imperatives. As such, the most important retention efforts for at-risk populations will be great instruction and a regular review of data that ensures that students in these populations are receiving the support and services they need to be successful. Data—including academic performance, attendance, and behavior data—are disaggregated and shared with the school leadership team, so that early warning signs can be identified, and appropriate interventions identified.

An analysis by the systems and data team revealed that attending to family satisfaction, as measured by family engagement surveys, is the most important data point to inform intervention. Schools use this data to develop plans that address family feedback. The network Director of Family Engagement synthesizes feedback trends to prioritize and improve network practices.

For students with disabilities and multilingual learners, strong Tier 2 and 3 interventions, language-focused instruction, and family partnerships are crucial to retention. Communication with families about high expectations and the support provided ensures each student meets their goals. The network support data team regularly provides disaggregated data on these students to school principals, helping flag those needing additional support. Our experience has been that successful retention of students with disabilities and multilingual learners often results from strong instructional practices rooted in accurate identification, differentiated programmatic services, and ongoing family collaboration.

APPENDIX B: CHARTER SCHOOL PERFORMANCE FRAMEWORK

The Connecticut State Department of Education's charter school performance framework establishes transparent accountability standards aligned with both state law and National Association of Charter School Authorizers' best practices. These four comprehensive performance standards—with their specific indicators—serve as the foundation for evaluating charter school effectiveness and sustainability. This robust framework guides all phases of the CSDE's oversight process, from initial charter approval through annual monitoring and renewal decisions, ensuring consistent, evidence-based evaluation of each school's educational impact and organizational viability.

Independent Auditor's Report

To the Board of Directors
Achievement First Bridgeport Academy, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Achievement First Bridgeport Academy, Inc., which comprise the statement of financial position as of June 30, 2024, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Achievement First Bridgeport Academy, Inc. as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Achievement First Bridgeport Academy, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Achievement First Bridgeport Academy, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Bridgeport Academy, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Achievement First Bridgeport Academy, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Achievement First Bridgeport Academy, Inc.'s June 30, 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 21, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary schedules of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the *State Single Audit Act* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2024 on our consideration of Achievement First Bridgeport Academy, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Achievement First Bridgeport Academy, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Achievement First Bridgeport Academy, Inc.'s internal control over financial reporting and compliance.

Notes to Financial Statements June 30, 2024

Note 1 - Nature of operations

Achievement First Bridgeport Academy, Inc. (the "Academy") was incorporated to prepare every student to excel in college and career, deepen their knowledge of self and community, and lead lives of purpose. In partnership with their families and communities, the Academy works to disrupt the legacy of inequity in education. On June 25, 2007, the State Board of Education in the State of Connecticut granted the Academy a charter which has been renewed through June 30, 2026. The Academy's primary sources of income are per pupil and other governmental funding. The Academy serves students from low-income households in Bridgeport, Connecticut. In fiscal year 2024, the Academy operated classes for students in grades K-12.

Note 2 - Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Academy and changes therein are classified and reported as follows:

Net assets without donor restrictions represent available resources other than donor-restricted contributions. Included in net assets without donor restrictions are funds that may be earmarked for specific purposes.

Board-designated net assets represent net assets established by the Board of Directors, which represents funds without donor restrictions set aside for future needs of the Academy. The Academy aspires to have a reserve of 2.5% of its annual budget at any time. Cash basis operating surpluses, if they exist at year-end, may be used to accumulate the board-designated reserve. Utilization of the reserve may be approved by the Board of Directors and used for emergency funds in case of an unexpected financial crisis, start-up costs for growth needs, facility capital requirements, principal-in-residence salaries and one-time projects which have significant future potential. The reserve balance will be generated from the school's budgeted per-pupil operating revenue, excluding state and federal nonoperating grants.

Net assets with donor restrictions are subject to donor- (or certain grantor-) imposed restrictions which are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Statement of cash flows

For purposes of reporting cash flows, the Academy considers all highly-liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2024.

Achievement First Bridgeport Academy, Inc.

Notes to Financial Statements June 30, 2024

Grants and other receivables

Grants receivable represent amounts owed to the Academy for federal or state funding. Grants receivable that are expected to be collected within one year, and recorded at net realizable value, are \$1,836,846 at June 30, 2024. Other receivables that are expected to be collected within one year, and recorded at net realizable value, are \$532 at June 30, 2024. The Academy has determined that no allowance for uncollectible accounts receivables is necessary as of June 30, 2024. Such estimate is based on management's assessments of the creditworthiness of its donors, the aging of its receivables as well as current economic conditions and historical information.

Revenue recognition

Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where the Academy has to overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if the Academy fails to overcome the barrier. The Academy reports unconditional promises to give as revenue when the promise is received. Conditional promises to give are recognized as revenue when the condition is met. Grants and contributions received are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose conditions and restrictions are met in the same reporting period have been reported as support increasing net assets without donor restrictions in the statement of activities and changes in net assets.

Grants may be considered an exchange transaction or a conditional/unconditional promise to give. Federal, state and private awards are used to finance education programs and capital improvements. The Academy recognizes conditional grants to the extent that eligible grant costs are incurred. Receivables are recognized to the extent costs have been incurred, but not reimbursed for conditional grants. Unconditional grants are recognized upon receipt of notification of the award. Receipts of grant awards in advance, which are payable back to the funding agency if not used, are classified as refundable advances in the accompanying statement of financial position.

The Academy receives a substantial portion of its support and revenue from the State Department of Education. If the charter school laws were modified, reducing or eliminating these revenues, the Academy's finances could be materially adversely affected.

Donated goods and services

The Academy occasionally receives contributed goods and services. Such goods and services are only recorded as in-kind contributions at their fair value, provided they meet the criteria for recognition. Such criteria includes contributions of services that (i) create or enhance nonfinancial assets or those that require specialized skills, (ii) are provided by individuals possessing those skills, and (iii) would typically need to be purchased, if not provided by donation, and are recorded at their fair value in the period received. Contributed services received from Board members and volunteers are not recorded in the financial statements since these services do not meet the criteria for recognition as contributed services.

Property and equipment

Property and equipment are stated at cost. The Academy has established a threshold for review of expenditures equal to or greater than \$3,000 for potential capitalization as a fixed asset.

Achievement First Bridgeport Academy, Inc.

Notes to Financial Statements June 30, 2024

Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

Depreciation and amortization are provided on a straight-line basis over the lesser of estimated useful lives or lease terms as follows:

Buildings and improvements	5 - 27 years
Furniture and fixtures	5 years
Computers and hardware	3 - 5 years
Musical instruments	5 years
Equipment	3 - 5 years
Software	3 years

Long-lived assets

The Academy recognizes an impairment loss when the carrying amount of a long-lived asset exceeds its fair value. In the event that facts and circumstance indicate that the carrying amounts of long-lived assets may be impaired, an evaluation of recoverability would be performed. The evaluation process consists of comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount to determine if a write down is required. If the review indicates that the asset will not be recoverable, the carrying value of the asset would be reduced to its estimated realizable value. There was no impairment loss recognized for the year ended June 30, 2024.

Debt issuance costs

Debt issuance costs, net of accumulated amortization, are reported as a direct deduction from the face amount of the mortgage loan payable to which such costs relate. Amortization of debt issuance costs is reported as a component of interest expense and is computed using an imputed interest rate on the related loan.

Functional allocation of expenses

The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's assessment. Health and retirement benefits and payroll taxes are allocated to programs based on the percentage of salary expense of the program to total salary expense. Other expenses are allocated based on time and effort.

Tax-exempt status

The Academy is exempt under Section 501(c)(3) of the Internal Revenue Code ("IRC") and is exempt from private foundation status under IRC Section 509(a)(3) and as such is not subject to federal or state income taxes.

Management has analyzed the tax positions taken by the Academy and has concluded that, as of June 30, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Academy's federal information returns prior to fiscal year 2021 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If the Academy has unrelated business income taxes, it will recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statement of financial position.

Achievement First Bridgeport Academy, Inc.

Notes to Financial Statements June 30, 2024

Prior year summarized information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Academy's financial statements for the year ended June 30, 2023, from which the summarized information was derived.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of credit risk

The Academy maintains cash and cash equivalent balances in two financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation. From time to time, the Academy's balances may exceed these limits. At June 30, 2024, the Academy's uninsured bank balances totaled \$5,787,838. The Academy limits its credit risk by selecting financial institutions considered to be highly creditworthy.

Reclassification

Certain amounts in the 2023 financial statements have been reclassified to conform to the 2024 presentation.

Subsequent events

Management has reviewed subsequent events through December 17, 2024, which is the date the financial statements were approved and available for issuance.

Note 3 - Liquidity

The Academy regularly monitors liquidity required to meet its annual operating needs and other contractual commitments. As of June 30, 2024, the Academy has the following financial assets available to meet annual operating needs for the next fiscal year as follows:

Cash	\$ 5,997,973
Grants and other receivables	<u>1,837,378</u>
Total financial assets	7,835,351
Less net assets with donor restrictions	<u>(284,661)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 7,550,690</u>

These financial assets are not subject to any donor or contractual restrictions. The Academy supports its general operations primarily with Federal and state grants, which are restricted as to use, state and local per pupil funds and contributions without donor restrictions and contributions with donor restrictions whose time or purpose restriction has been met.

Notes to Financial Statements June 30, 2024

Note 4 - Concentrations

The Academy currently receives approximately 98% of its operating revenue, which is subject to specific requirements, from the Federal and State Departments of Education. Additionally, the Academy's grants and other receivables consist of approximately 67% from the State Department of Education.

Note 5 - Prepaid expenses

On May 21, 2021, the Academy entered into Power Purchase and License agreements for the installation of solar panels on the roof of a school. The Academy prepurchased power in the amount of \$138,504 which will be amortized over the life of the contract which terminates on the twentieth anniversary of commercial operations date. The middle school's solar panels commenced operations in December 2021. This agreement will terminate in December 2041. As of June 30, 2024, the remaining prepaid balance is \$117,729.

The equipment is owned by a third party, Solar Electric Generating Facility ("SEF") and the Academy purchases the power generated. The Academy provided SEF with a licensing agreement to access the premises for maintenance of the equipment. The ownership of the equipment will transfer to the Academy after completion of the 15th anniversary of the commercial operations date. The Academy has the ability to a buyout of the value of the environmental attributes of the agreement starting in year seven.

Note 6 - Leases

The Academy leases office equipment. All contracts that implicitly or explicitly involve property, plant and equipment are evaluated to determine whether they are or contain a lease.

At lease commencement, the Academy recognizes a lease liability, which is measured at the present value of future lease payments, and a corresponding right-of-use asset equal to the lease liability, adjusted for prepaid lease costs, initial direct costs and lease incentives. The Academy has elected and applies the practical expedient available to lessees to combine nonlease components with their related lease components and account for them as a single combined lease component for all its leases. The Academy remeasures lease liabilities and related right-of-use assets whenever there is a change to the lease term and/or there is a change in the amount of future lease payments, but only when such modification does not qualify to be accounted for as a separate contract.

The Academy determines an appropriate discount rate to apply when determining the present value of the remaining lease payments for purposes of measuring or remeasuring lease liabilities. As the rate implicit in the lease is generally not readily determinable, the Academy estimates the risk-free rate as the discount rate. The Academy's risk-free rate, which is determined at either lease commencement or when a lease liability is remeasured, is the rate on the U.S. government securities over a period commensurate with the lease term.

For accounting purposes, the Academy's leases commence on the earlier of (i) the date upon which the Academy obtains control of the underlying asset and (ii) the contractual effective date of a lease. The commencement date for most of the Academy's office equipment leases coincides with when the Academy obtains control of the underlying assets. The Academy's leases generally have minimum base terms with renewal options or fixed terms with early termination options. Such renewal and early termination options are exercisable at the option of the Academy and, when

Achievement First Bridgeport Academy, Inc.

exercised, usually provide for rental payments during the extension period at then current market rates or at pre-determined rental amounts. Unless the Academy determines that it is reasonably certain that the term of a lease will be extended, such as through the exercise of a renewal option or nonexercise of an early termination option, the term of a lease begins at lease commencement and spans for the duration of the minimum noncancellable contractual term. When the exercise of a renewal option or nonexercise of an early termination option is reasonably certain, the lease term is measured as ending at the end of the renewal period or on the date an early termination may be exercised.

Leases involving equipment

Office equipment leases have lease terms that generally range from two years to five years and generally do not have renewal options. Rental payments on these leases have fixed payments.

The Academy entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the Academy. Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
Achievement First Bridgeport Academy, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Achievement First Bridgeport Academy, Inc., which comprise the statement of financial position as of June 30, 2024, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 17, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Achievement First Bridgeport Academy, Inc.'s internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Bridgeport Academy, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Achievement First Bridgeport Academy, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Achievement First Bridgeport Academy, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and
Report on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Directors
Achievement First Bridgeport Academy, Inc.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Achievement First Bridgeport Academy, Inc.'s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Achievement First Bridgeport Academy, Inc.'s major federal programs for the year ended June 30, 2024. Achievement First Bridgeport Academy, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Achievement First Bridgeport Academy, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Achievement First Bridgeport Academy, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Achievement First Bridgeport Academy, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Achievement First Bridgeport Academy, Inc.'s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Achievement First Bridgeport Academy, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Achievement First Bridgeport Academy, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Achievement First Bridgeport Academy, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Achievement First Bridgeport Academy, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Bridgeport Academy, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Internal Control over Compliance Required by the State Single Audit Act

Achievement First Bridgeport Academy, Inc.

Report on Compliance for the Major State Program

Opinion on the Major State Program

We have audited Achievement First Bridgeport Academy, Inc.'s compliance with the types of compliance requirements identified as subject to audit in the Office of Policy and Management's *Compliance Supplement* that could have a direct and material effect on Achievement First Bridgeport Academy, Inc.'s major state program for the year ended June 30, 2024. Achievement First Bridgeport Academy, Inc.'s major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Achievement First Bridgeport Academy, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended June 30, 2024.

Basis for Opinion on the Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of the State Single Audit Act ("C.G.S. Sections 4-230 to 4-236"). Our responsibilities under those standards and the State Single Audit Act are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Achievement First Bridgeport Academy, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major state program. Our audit does not provide a legal determination of Achievement First Bridgeport Academy, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Achievement First Bridgeport Academy, Inc.'s state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Achievement First Bridgeport Academy, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the State Single Audit Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Achievement First Bridgeport Academy, Inc.'s compliance with the requirements of the major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the State Single Audit Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Achievement First Bridgeport Academy, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Achievement First Bridgeport Academy, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of Achievement First Bridgeport Academy, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.
