Mental Health Wellness Days – Public Act 21-46, Section 19

Beginning school year 2021-22 and going forward, local and regional boards of education must provide students enrolled in kindergarten through Grade 12 the **opportunity to be absent from school for up to two mental health wellness days during the school year.** The two mental health wellness days may not be taken consecutively. This is in accordance with Section 19 of Public Act 21-46, An Act Concerning Social Equity and the Health, Safety and Education of Children.
PSIS Monthly Student Membership and Attendance Collection

The CSDE will continue this monthly data collection in 2021-22.

- The record layout will be unchanged and the monthly due dates are expected to be similar.
- Given the attendance challenges in the 2020-21 school year, the CSDE is continuing this collection in 2021-22 because [research conducted by CSDE last year in partnership with Attendance Works](https://www.attendanceworks.org) affirms that the odds of being chronically absent in winter were about 17 times higher for students who were chronically absent in the fall compared to those with satisfactory attendance.
- Note that during the 2021-22 school year, students who may be learning remotely in limited/individualized circumstances as outlined in [CSDE’s remote learning guidance](https://coronavirus.ct.gov/ct-health-department-portals/19/11/2206349) can be reported as being “in attendance” through this collection.
- Districts should use the [same four-part framework](https://www.attendanceworks.org) to track attendance for those specific students on their remote learning days.

For questions about the data collection and reporting, please contact Kendra Shakir at Kendra.shakir@ct.gov. For questions regarding attendance and engagement practices, please contact Kari Sullivan-Custer at Kari.Sullivan@ct.gov.

Tracking Daily Attendance on Remote Days in 2021-22

State Board of Education Policy (2008):
“A student is considered to be ‘in attendance’ if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day.”

A remote student can be considered as being ‘in attendance’ on a particular day if the total time spent on one or more of the following activities equals at least half the school day.

1. Synchronous virtual classes
2. Synchronous virtual meetings
3. Time logged in electronic systems
4. Assignment submission/completion

At least half the school day

Synchronous virtual classes are live classes that are streamed real time to students using a videoconferencing platform like Google Meets, Zoom, Microsoft Teams, etc.

Synchronous virtual meetings may be with a teacher, counselor, social worker, paraprofessional, etc. using a videoconferencing platform or via telephone. They may be homeroom opportunities, daily routine check-ins, or other synchronous conversations.

Time logged in electronic systems can be used to identify any time over and above the synchronous virtual classes and meetings that the student may have participated in during the school day.

Assignment submission/completion time can be determined by the teacher by starting with an estimate of time it will take for a typical student to submit/complete that assignment, and using that estimate to gauge the attendance time for the day that should be allotted to each student.

Notes:
- If a student is absent on a given day (either in-person or remote), they cannot make up for that absence on another day.
- Districts should track membership and attendance separately for a student’s in-person vs remote days.

Talk Tuesdays

In partnership with Attendance Works, CSDE has created messaging materials, in English and Spanish, for Connecticut districts and schools to use in their own attendance awareness campaigns. All materials can be downloaded and branded with a district or school's logo. The resources include banners, parent handouts, posters and coloring pages. All resources are in PDF format. Find the materials on the Connecticut Attendance Awareness Campaign webpage.

MOBILIZE ATTENDANCE TEAMS
DISTRICT ATTENDANCE TEAMS

District Leadership Team –
• ensures the district, as a whole, is systematically addressing chronic absence and is promoting and supporting a districtwide culture of attendance.
• ensures evidence-based attendance policies and procedures are implemented consistently in all schools.
• spearheads connections with community service providers as partners in this work.
• elevates the importance of this work by designating a cabinet-level administrator to lead and facilitate the district’s attendance efforts.

District Attendance Team –
• brings together district-level administrators and community agencies to address chronic absence across the entire district.
• Key functions:
  • Routinely unpack, analyze, and utilize data to inform action.
  • Organize a systemic districtwide response and policy/practice improvement.
  • Promote shared accountability and continuous improvement.
  • Utilize District Self-assessment Tools (Attendance Works)
SCHOOL ATTENDANCE TEAMS

School Attendance Team – ensures that the school adopts a comprehensive, actionable tiered approach to improving attendance that is based on data and outcomes.

Organizing a School Attendance Review Team:
- Conduct a school self-assessment.
- Establish a weekly meeting schedule.
- Define roles and responsibilities.
- Establish group norms.
- Develop a standard meeting agenda.
- Fill-in a tiered pyramid of students and resources.

Include families in planning and decision-making – Reach out to families to find out what might be preventing their children from coming to school; educate students and families about how absences can add up and result in lost learning time; empower families to help their children attend school; and offer trainings for school staff on engaging families and building productive partnerships to prevent chronic absenteeism.
