

Level All + Connecticut Introduction

July 2023

Dear Connecticut Superintendents,

We are Level All, a college and career-readiness platform designed to improve post-secondary outcomes for all high school students on all journeys. Level All forges partnerships with school communities to support educators while providing each student and family with the personalized, in-depth resources needed to realize their lifelong dreams. Our mission is to minimize potential barriers to access and opportunity and in doing so, create a **Level** playing field for **All**.

Level All has partnered with the State of Connecticut to give our platform to every school in the State for free, forever.

You are invited to attend an informational webinar session at one of the below times, during which you will learn about Level All and how our team can help support all of the post-secondary readiness programming already in place in your school(s). If you'd like to learn more, please check out our [website](#), this [brief video](#), or the attached [Level All Summary](#).
