### Connecticut State Department of Education

2016 Public School Enrollment By Racial Imbalance Categories Where School Total > 100, Excluding CTHSS, Inter-District Magnet and Charter

Imbalance is determined pursuant to CGS §10-226e-3 and §10-226e-4 of the Regulations of Connecticut State Agencies, comparing school proportions with the district proportions of students in the same grade.

Note: Bold-faced fonts indicate the greater of the district or school minority percentage figures for each school.

* The reporting districts include all students in schools, programs and out-placed facilities.

* Diverse Schools are defined by Section 10-226e-1(9) of the Regulations of Connecticut State Agencies: when a school district has a district minority population of fifty percent or more, and the school has a school minority population of at least twenty-five percent but less than seventy-five percent, the district is excluded from the requirement of filing a racial imbalance plan for that school.
