

# Medical Statement for Meal Modifications in Child and Adult Care Food Program (CACFP) Adult Day Care Centers

This form applies to requests for meal modifications for adult participants in adult day care centers participating in the U.S. Department of Agriculture's (USDA) [CACFP](#). CACFP adult day care centers are required to make reasonable meal modifications for participants whose physical or mental impairment restricts their diet. For guidance on meal modifications and instructions for completing this form, see the Connecticut State Department of Education's (CSDE) document, [Guidance and Instructions: Medical Statement for Meal Modifications in CACFP Adult Day Care Centers](#).

**Note:** The USDA requires that the medical statement includes: 1) information about the participant's physical or mental impairment that is sufficient to allow the adult day care center to understand how the impairment restricts the participant's diet; 2) an explanation of what must be done to accommodate the participant's disability; and 3) if appropriate, the food or foods to be omitted and recommended alternatives. **CACFP adult day care centers should not deny or delay a requested meal modification because the medical statement does not provide sufficient information.** When necessary, the adult day care center should work with the participant or responsible family member to obtain the required information. While obtaining additional information, the CACFP adult day care center should follow the portion of the medical statement that is clear and unambiguous to the greatest extent possible.
