

Waiver Request from the Connecticut State Department of Education to the U.S. Department of Agriculture

Operation of Child Nutrition Programs during COVID-19 Outbreaks Transitioning to Normal Child Nutrition Operations

Summary

Sponsors continue to face extensive supply chain and staffing challenges as they work to transition back to normal operations and face uncertainty in how to best streamline operations while responding to ongoing challenges related to the COVID-19 pandemic. As sponsors continue to respond to and recover from the pandemic, the Connecticut State Department of Education (CSDE) is requesting 24 waivers to allow for additional flexibility when needed during school year 2022-23. These transitional flexibilities will support the CSDE's ability to focus on targeted technical assistance and training for sponsors as they navigate the supply chain, labor shortage, and health and safety challenges. They will allow sponsors to focus on: transitioning their services to pre-COVID operations; communicating changes to households, administrators, and the public; training staff to accept and approve meal applications; and navigating the ongoing COVID-19-related challenges.

Waiver Requests

The requested waivers below are specific to each Child Nutrition Program and will be implemented only when needed in response to the COVID-19 pandemic. The effective dates in italics are contingent on the date of USDA approval.
