Towns with School Meal Service Sites Open to All Connecticut Students

Updated: December 11, 2020

Any child age 18 years or younger can receive meals at no cost to families from any meal service and distribution sites in the towns/cities listed below. Children do not have to be a resident or attend school in these towns. Households should visit websites and social media pages of the school districts and municipalities below on a daily basis for the most current information. Locations and times for meal service and distribution vary with each location, and are subject to change as programs continue to adapt to demand and changing logistics.

Other towns not listed below are serving school meals only for their students. Check those towns' websites for additional information.
