Overview of Connecticut's Competitive Foods Regulations

Introduction and Definitions

Effective August 25, 1992, Sections 10-215b-1 and 10-215b-23 of the Regulations of Connecticut State Agencies address restrictions for selling and dispensing certain competitive foods to students on school premises and the accrual of income from competitive foods.

- “Competitive foods” are all foods and beverages available for sale to students on school premises separately from reimbursable meals and snacks in the CNPs.
 - The USDA’s Smart Snacks nutrition standards address sales of competitive foods during the school day, which is the period from the midnight before to 30 minutes after the end of the official school day.
 - The state competitive foods regulations address sales of competitive foods from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. They also restrict giving certain foods and beverages to students during this period.
 - The Connecticut General Statutes (C.G.S.) for Healthy Food Certification (HFC) (C.G.S. Section 10-215f) and allowable beverages (C.G.S. Section 10-221q) address sales of competitive foods at all times, except for sales that meet specific exemption criteria (refer to [“Food exemptions for HFC public schools”](#) and [“Beverage exemptions for HFC public schools”](#) in this document).
- “Sales” means the exchange of a determined amount of money or its equivalent (such as coupons, tickets, tokens, and similar items) for foods and beverages. Sales also include programs and activities that charge a fee that includes the cost of foods and beverages provided to students, and activities that suggest a student donation in exchange for foods and beverages.
- “Dispensing” means to give, provide, or distribute foods and beverages to students. This includes foods and beverages that are given to students at no charge, such as food rewards and classroom parties.
- “School premises” include all areas of the property under the jurisdiction of the local or regional board of education, the regional vocational-technical school system, or the governing authority district or school.

Table 1 summarizes the state competitive foods regulations.

Section 10-215b-1. Competitive foods

(a) No school food authority shall permit the sale or dispensing to students of extra food items anywhere on the school premises from thirty minutes prior to the start of any state or federally subsidized milk or food service program until thirty minutes after such program.

(b) "Extra food items" means tea, coffee, soft drinks and candy.

(c) "School food authority" means the governing body which has the legal authority to operate one or more school feeding programs and receive state or federal subsidies for the operation of any such program.

(d) The provisions of this section shall not apply to the Department of Corrections.

Section 10-215b-23. Accrual of income

The income from the sale to students of food items, anywhere on the school premises from 30 minutes prior to the start of any state or federally subsidized milk or food service program until thirty minutes after any such program, shall accrue to the school food authority for the benefit of state or federally subsidized milk or food service programs.

Other federal and state laws require additional restrictions for sales of competitive foods to students in schools. These include:

- C.G.S. [Section 10-215f](#): Certification that food meets nutrition standards;
- C.G.S. [Section 10-221p](#): Nutritious and low-fat foods available for sale;
- C.G.S. [Section 10-221q](#): Sale of beverages;
- C.G.S. [Section 17a-818](#). Food service facilities and vending stands in public buildings controlled by Department of Aging and Disability Services. Permissible uses of vending machine income;
- the USDA's Smart Snacks nutrition standards under the USDA's final rule: [National School Lunch Program and School Breakfast Program: Nutrition Standards for All Foods Sold in School as Required by the HHSFKA of 2010](#) (81 FR 50131);
- the local educational agency's (LEA) school wellness policy, as required by the Child Nutrition and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Reauthorization Act of 2004 (Section 4 of [Public Law 108-265](#)) and the [Healthy, Hunger-Free Kids Act of 2010](#); and

- USDA's regulation for revenue from nonprogram foods (7 CFR 210.14 (f)).

For an overview of these federal and state laws and when they apply, refer to the Connecticut State Department of Education's (CSDE) [Overview of Federal and State Laws for Competitive Foods in Connecticut Public Schools, Private Schools, and Residential Child Care Institutions](#). The CSDE's guides and summary charts provide detailed guidance on how these requirements apply to public schools, private schools, and RCCIs (refer to "[Resources](#)" in this document).

Section 10-215b-1: Candy, Coffee, Tea, and Soft Drinks

Section 10-215b-1 of the state competitive foods regulations addresses restrictions for selling and dispensing (giving) candy, coffee, tea, and soft drinks to students on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day.

- "Candy" includes all types of regular and sugar-free varieties, such as chocolates; candy bars; chocolate-covered nuts and fruits; hard candies and lollipops; chewy candies like caramels, taffy, and licorice; jelly candies like gumdrops, gummies, and jelly beans; and breath mints.
- "Coffee" and "tea" include all types, e.g., regular, decaffeinated, herbal, and iced.
- "Soft drinks" include all beverages (with or without carbonation) that contain water and/or juice and added sweeteners (including nutritive sweeteners, nonnutritive sweeteners, and sugar alcohols) and may also contain other ingredients such as edible acids, natural or artificial flavors and colors, and added nutrients. Examples of soft drinks include soda (regular and diet), sports drinks (regular, low-calorie, and zero calorie), sweetened beverages (with or without carbonation) that are not 100 percent juice (such as lemonade and fruit punch drinks), and flavored water with added sweeteners.

Depending on when CNPs operate, the CNS, state beverage statute, and Smart Snacks beverage standards may supersede Section 10-215b-1 or Section 10-215b-1 may supersede the CNS, state beverage statute, and Smart Snacks beverage standards. These requirements for public schools, private schools, and RCCIs are summarized below.

Overview of Connecticut's Competitive Foods Regulations

Candy in HFC Public Schools

Effective July 1, 2006, [C.G.S Section 10-215f](#) supersedes the period specified in Section 10-215b-1 because the HFC statute applies at all times, except for food sales that meet the specific food exemption criteria below. Candy does not comply with the [Connecticut Nutrition Standards](#) (CNS). HFC public schools must follow the CNS for all foods sold to students separately from reimbursable meals and all foods served in reimbursable ASP snacks. For information on the requirements for foods and beverages in HFC public schools, refer to the CSDE's [Requirements for Competitive Foods in HFC Public Schools](#) and [Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools](#), and [Guide to Competitive Foods in HFC Public Schools](#). For more resources, visit the CSDE's [CNS](#) and [HFC](#) webpages.

Food exemptions for HFC public schools

C.G.S Section 10-215f does not allow sales of candy (or any other foods that do not comply with the CNS) to students on school premises unless the local board of education or school governing authority (BOE) has voted to allow exemptions, and: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the foods are not sold from a vending machine or school store.

- An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. Events involve a gathering of people in a social context, such as sports competitions, awards banquets, school concerts, and theatrical productions. For example, soccer games, school plays, and school debates are events, but soccer practices, play rehearsals, and debate team meetings are not. For more information on food exemptions, refer to the CSDE's resource, [Exemptions for Foods and Beverages in Public Schools](#).
- The “school day” is the period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is midnight to 3:30 p.m. A summer school program operated by the BOE is part of the regular school day.
- “Location” means where the event is being held. For example, cupcakes could be sold at the baseball field during a baseball game but cannot be sold in the school cafeteria while a baseball game is played on the baseball field.

If the event occurs while any CNPs are operating, Section 10-215b-1 supersedes the food exemptions allowed by the state HFC statute and extends restrictions for candy sales to exempted events. Section 10-215b-1 prohibits selling and giving candy to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. This regulation applies even if the BOE has voted to allow food exemptions and the candy sales occur at events that meet the food exemption criteria

Overview of Connecticut's Competitive Foods Regulations

of the state HFC statute (C.G.S. Section 10-215f). The examples below show how Section 10-215b-1 applies to candy.

Example 1: The ASP operates from 4:30 to 5:30 p.m. Candy cannot be sold or given to students anywhere on school premises from 4:00 to 6:00 p.m. A concession stand located at an event on school premises cannot sell candy to students during this period.

Example 2: The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. Candy cannot be sold or given to students anywhere on school premises from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. During these periods, classroom parties cannot give candy to students and teachers cannot give candy to students as food rewards.

The CSDE encourages schools to promote consistent health messages to students by eliminating candy on school premises.

Candy sales not allowed from vending machines or school stores

HFC public schools can never sell candy to students from vending machines or school stores. C.G.S. Section 10-215f specifically prohibits food exemptions for vending machines and school stores. For information on the requirements for vending machines and school stores in HFC public schools, refer to the CSDE's [*Requirements for Foods and Beverages in Vending Machines in HFC Public Schools*](#) and [*Requirements for Foods and Beverages in School Stores in HFC Public Schools*](#).

Overview of Connecticut's Competitive Foods Regulations

Candy in Non-HFC Public Schools, Private Schools, and RCCIs

Effective July 1, 2014, the USDA's Smart Snacks nutrition standards prohibit candy sales to students on school premises during the school day. If any CNPs operate after the school day, Section 10-215b-1 supersedes Smart Snacks and extends restrictions for candy sales beyond the school day. Section 10-215b-1 prohibits selling and giving candy to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. The examples below show how Section 10-215b-1 applies to candy.

Example 1: The ASP operates from 3:30 p.m. to 4:30 p.m. Candy cannot be sold or given to students anywhere on school premises from 3:00 p.m. to 5:00 p.m. An afterschool program on school premises cannot give candy to students during this period. **Note:** RCCIs might be eligible to participate in the ASP if they operate an afterschool care program with enrichment or education activities that meet the criteria for ASP participation.

Example 2: The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. Candy cannot be sold or given to students anywhere on school premises from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. During these periods, classroom parties cannot give candy to students and teachers cannot give candy to students as food rewards students.

If CNPs are not operating, candy could be sold or given to students in non-HFC public schools, private schools, and RCCIs after the school day. For example, if the school day ends at 3:00 p.m., candy could be sold or given to students from 3:31 p.m. to 11:59 p.m. The CSDE encourages schools to promote consistent health messages to students by eliminating candy on school premises.

Overview of Connecticut's Competitive Foods Regulations

Coffee, Tea, and Soft Drinks in Public Schools (HFC and Non-HFC)

Effective July 1, 2006, the C.G.S. Section 10-221q supersedes the period specified in Section 10-215b-1 of state regulations because the state beverage statute prohibits sales of coffee, tea, and soft drinks to students at all times, except for sales that meet the specific exemption criteria below.

Beverage exemptions for public schools

C.G.S. Section 10-221q does not allow sales of coffee, tea, and soft drinks to students in public schools unless the BOE has voted to allow exemptions, and: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the beverages are not sold from a vending machine or school store. The definitions for “event,” “location,” and “school day” are the same as food exemptions under the state HFC statute (refer to “[Food exemptions for HFC public schools](#)” in this document). For more information on beverage exemptions, refer to the CSDE’s [Exemptions for Foods and Beverages in Public Schools](#). For information on allowable beverages, refer to the CSDE’s [Allowable Beverages in Connecticut Schools](#) and visit the CSDE’s [Beverage Requirements](#) webpage.

If any CNPs operate after the school day, Section 10-215b-1 supersedes the exemptions allowed by the state beverage statute and extends restrictions for sales of coffee, tea, and soft drinks to exempted events. Section 10-215b-1 prohibits selling and giving coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. This regulation applies even if the BOE has voted to allow beverage exemptions; and the beverage sales occur at events that meet the exemption criteria of the state beverage statute. The examples below show how Section 10-215b-1 applies to coffee, tea, and soft drinks.

Example 1: The ASP operates from 3:30 p.m. to 4:30 p.m. Coffee, tea, and soft drinks cannot be sold or given to students anywhere on school premises from 3:00 p.m. to 5:00 p.m. During this period, a concession stand at a football game (exempted event) on school premises cannot sell coffee, tea, and soft drinks to students and an afterschool program cannot give coffee, tea, and soft drinks to students. **Note:** RCCIs might be eligible to participate in the ASP if they operate an afterschool care program with enrichment or education activities that meet the criteria for ASP participation.

Example 2: The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. Coffee, tea, and soft drinks cannot be sold or given to students anywhere on school premises from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. During these periods, classroom parties cannot give coffee, tea, and soft drinks to students and teachers cannot give coffee, tea, and soft drinks to students as rewards.

The CSDE encourages schools to promote consistent health messages to students by eliminating coffee, tea, and soft drinks on school premises.

Overview of Connecticut's Competitive Foods Regulations

Sales not allowed from vending machines or school stores

Public schools (HFC and non-HFC) can never sell coffee, tea, and soft drinks to students from vending machines or school stores. The state beverage statute specifically prohibits beverage exemptions for vending machines and school stores. The state beverage statute applies to all public schools (HFC and non-HFC), even if they do not participate in the CNPs.

For more information on the requirements for vending machines and school stores in HFC public schools, refer to the CSDE's [Requirements for Foods and Beverages in Vending Machines in HFC Public Schools](#) and [Requirements for Foods and Beverages in School Stores in HFC Public Schools](#). For more information on the requirements for vending machines and school stores in non-HFC public schools, refer to the CSDE's [Requirements for Foods and Beverages in School Stores in Non-HFC Public Schools](#) and [Requirements for Foods and Beverages in Vending Machines in Non-HFC Public Schools](#).

Coffee, Tea, and Soft Drinks in Private Schools and RCCIs

Effective July 1, 2014, the Smart Snacks beverage standards apply to all beverages sold to students during the school day. However, depending on when CNPs operate, Section 10-215b-1 may supersede Smart Snacks and extend restrictions for coffee, tea, and soft drinks beyond the school day. The requirements for elementary and middle schools are different from high schools and are summarized below.

Elementary and middle schools in private schools and RCCIs

The Smart Snacks beverage standards prohibit sales of coffee, tea, and soft drinks to elementary and middle school students during the school day. If any CNPs are operating after the school day, Section 10-215b-1 supersedes Smart Snacks and extends beverage restrictions beyond the school day. Section 10-215b-1 prohibits selling and giving coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. The examples below show how Section 10-215b-1 applies to coffee, tea, and soft drinks.

Example 1: The ASP operates from 3:30 p.m. to 4:30 p.m. Coffee, tea, and soft drinks cannot be sold or given to students anywhere on school premises from 3:00 p.m. to 5:00 p.m. During this period, a concession stand at a football game on school premises cannot sell coffee, tea, and soft drinks to students and an afterschool program cannot give coffee, tea, and soft drinks to students. **Note:** RCCIs might be eligible to participate in the ASP if they operate an afterschool care program with enrichment or education activities that meet the criteria for ASP participation.

Example 2: The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. Coffee, tea, and soft drinks cannot be sold or given to students anywhere on school premises from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. During

Overview of Connecticut's Competitive Foods Regulations

these periods, classroom parties cannot give coffee, tea, and soft drinks to students and teachers cannot give coffee, tea, and soft drinks to students as rewards.

Example 3: The At-Risk Afterschool Meals program operates from 5:00 p.m. to 6:00 p.m. Coffee, tea, and soft drinks cannot be sold or given to students anywhere on school premises from 4:30 p.m. to 6:30 p.m. Vending machines that are accessible to students cannot sell coffee, tea, and soft drinks during this period and must be turned off. **Note:** RCCIs may be eligible to serve At-risk Afterschool Meals if they have non-residential care programs and these programs offer afterschool education and enrichment programs for nonresidential children.

If CNPs are not operating, private schools and RCCIs could sell coffee, tea, and soft drinks to students on school premises after the school day. For example, if the school day ends at 3:30 p.m., coffee, tea, and soft drinks could be sold to students from 4:01 p.m. through 11:59 p.m. However, the CSDE encourages schools to promote consistent health messages to students by eliminating coffee, tea, and soft drinks on school premises.

High schools in private schools and RCCIs

The Smart Snacks beverage standards allow low-calorie and no-calorie beverages (such as coffee, tea, and diet or low-calorie soft drinks) that meet the calorie and portion limits to be sold to high school students during the school day. The calories for the beverage and its accompaniments (such as milk and sugar with coffee, or honey with tea) must be added together to determine if the serving complies with the Smart Snacks calorie limit.

Section 10-215b-1 of state regulations supersedes Smart Snacks because it prohibits selling and giving coffee, tea, and soft drinks to students from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. The examples below show how Section 10-215b-1 applies to coffee, tea, and soft drinks.

Example 1: The SBP operates from 7:00 a.m. to 7:30 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. Coffee, tea, and soft drinks cannot be sold or given to high school students anywhere on school premises from 6:30 a.m. to 8:00 a.m. or 11:00 a.m. to 1:30 p.m. Vending machines that are accessible to students cannot sell coffee, tea, and soft drinks during this period and must be turned off.

Example 2: The NSLP operates from 11:30 a.m. to 1:00 p.m. Coffee, tea, and soft drinks cannot be sold or given to high school students anywhere on school premises from 11:00 a.m. to 1:30 p.m. During these periods, classroom parties cannot give coffee, tea, and soft drinks to students and teachers cannot give coffee, tea, and soft drinks to students as rewards.

Overview of Connecticut's Competitive Foods Regulations

Example 3: The ASP operates from 4:00 p.m. to 5:00 p.m. Coffee, tea, and soft drinks cannot be sold or given to high school students anywhere on school premises from 3:30 p.m. to 5:30 p.m. During this period, a concession stand at a football game on school premises cannot sell coffee, tea, and soft drinks to high school students and an afterschool program cannot give coffee, tea, and soft drinks to high school students. **Note:** RCCIs might be eligible to participate in the ASP if they operate an afterschool care program with enrichment or education activities that meet the criteria for ASP participation.

Coffee, tea, and soft drinks that comply with the Smart Snacks calorie limit could be sold or given to high school students outside of the time specified by Section 10-215b-1 of state regulations. The CSDE encourages schools to promote consistent health messages to students by eliminating coffee, tea, and soft drinks on school premises.

For more information on the requirements for foods and beverages in private schools and RCCIs, refer to the CSDE's *Requirements for Competitive Foods in Private Schools and Residential Child Care Institutions*, *Summary of Smart Snacks Nutrition Standards*, *Summary Chart: Federal and State Requirements for Competitive Foods in Private Schools and Residential Child Care Institution*, and *Guide to Competitive Foods in Private Schools and Residential Child Care Institutions*.

Overview of Connecticut's Competitive Foods Regulations

Section 10-215b-23: Income Accrual

Section 10-215b-23 of state regulations addresses the accrual of income for competitive foods sold to students in public schools, private schools, and RCCIs that participate in the CNPs. This regulation requires that the nonprofit school food service account (NSFSA) must receive the income from all sales of foods and beverages to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs.

- “Income” means gross income. For example, if a vending machine contract specifies that the school food service department receives 20 percent of the total vending sales and vending machines operate from 30 minutes before up through 30 minutes after any CNPs, the school food service department must receive 100 percent of the total vending sales (gross income) during this period.
- “NSFSA” means the restricted account in which all of the revenue from all food service operations conducted by the school food authority principally for the benefit of school children is retained and used only for the operation or improvement of the nonprofit school food service. This account shall include, as appropriate, non-federal funds used to support paid lunches as provided in [7 CFR 210.14\(e\)](#), and proceeds from nonprogram foods as provided in [7 CFR 210.14\(f\)](#).

All sales of foods and beverages anywhere on school premises during this period must comply with this regulation, including:

- foods that comply with the CNS and the Smart Snacks food standards;
- beverages that comply with the state beverage statute and the Smart Snacks beverage standards;
- foods sold in HFC public schools at events that comply with the food exemption criteria of C.G.S. Sections 10-215f;
- beverages sold in public schools (HFC and non-HFC) at events that comply with the beverage exemption criteria of C.G.S. Section 10-221q;
- sales of tickets, coupons, tokens, and similar items that students can exchange for foods and beverages;
- the portion of program and activity fees charged to cover the cost of foods and beverages provided to students;
- student orders for foods and beverages, such as fundraisers; and
- student donations in exchange for foods and beverages, such as fundraisers that offer candy to students in exchange for a donation

The example below shows how Section 10-215b-23 applies to food and beverage sales.

Overview of Connecticut's Competitive Foods Regulations

Example: The SBP operates from 7:00 a.m. to 8:00 a.m., the FFVP operates from 9:30 a.m. to 10:00 a.m., the NSLP operates from 11:30 a.m. to 1:00 p.m., and the operates from 3:30 p.m. to 4:30 p.m. The NSFSA must receive the income from all foods and beverages sold to students anywhere on school premises from 6:30 a.m. to 8:30 a.m., 9:00 to 10:30 a.m., 11:00 a.m. to 1:30 p.m., and 3:00 p.m. to 5:00 p.m.
