# Overview of Federal and State Laws for Competitive Foods in Connecticut Public Schools, Private Schools, and Residential Child Care Institutions

## Overview of Categories

Three categories of laws for competitive foods determine what and when foods and beverages may be sold or given to students on school premises and where the income must accrue.

### Category 1: Nutrition standards for foods and beverages

- Healthy Food Certification (HFC): [Section 10-215f](#) of the Connecticut General Statutes (C.G.S.)
- Connecticut Nutrition Standards (CNS): C.G.S. [Section 10-215e](#)
- USDA's Smart Snacks nutrition standards for competitive foods: [81 FR 50131](#)
- State beverage statute for public schools: [C.G.S. Section 10-221q](#)

### Category 2: Restrictions for selling and giving foods and beverages

- State statute requiring public schools to sell nutritious and low-fat foods whenever foods are sold to students during the school day: [C.G.S. Section 10-221p](#)
- State regulation restricting selling and giving candy, coffee, tea, and soft drinks to students: [Section 10-215b-1 of the Regulations of Connecticut State Agencies](#)
- Local educational agency's (LEA) school wellness policy (SWP), as required by USDA: [Section 4 of Public Law 108-265](#) and the [Healthy, Hunger-Free Kids Act of 2010](#) (Final Rule [81 FR 50151](#))

### Category 3: Accrual of income from selling foods and beverages

- State regulation restricting for accrual of income: [Section 10-215b-23 of the Regulations of Connecticut State Agencies](#)
- USDA's regulation for revenue from nonprogram foods: [7 CFR 210.14 \(f\)](#)
- State statute requiring the right of first refusal for the Connecticut Department of Aging and Disability Services, Bureau of Education and Services for the Blind (ADS-BESB) to place vending machines in public schools: [C.G.S. Section 17a-818](#)

These laws apply differently depending on the type of school. Some laws apply during the school day, while others apply at all times or while the U.S. Department of Agriculture's (USDA) [Child Nutrition Programs](#) are operating. When the laws differ, the stricter requirements apply. For guidance on how these requirements apply to different sources of foods and beverages in public schools, private schools, and RCCIs, refer to the resources listed at the end of this document. For a detailed list of resources on complying with the requirements, refer to the Connecticut State Department of Education's (CSDE) [Resources for Meeting the Federal and State Requirements for Competitive Foods in Schools](#).

## Definitions

The definitions below apply to the requirements for competitive foods in schools.

**Child Nutrition Programs (CNPs):** The federally funded child nutrition programs administered by the USDA, including the [National School Lunch Program \(NSLP\)](#), [School Breakfast Program \(SBP\)](#), [Afterschool Snack Program \(ASP\)](#) of the NSLP, [Seamless Summer Option \(SSO\)](#) of the NSLP, [Special Milk Program \(SMP\)](#), [Fresh Fruit and Vegetable Program \(FFVP\)](#), [Child and Adult Care Food Program \(CACFP\)](#) At-risk Afterschool Meals operated in schools, and [Summer Food Service Program \(SFSP\)](#) operated in schools.

**Competitive foods:** All foods and beverages available for sale to students on school premises, separately from reimbursable meals and snacks served through the CNPs. Under Section 10-215b-1 of the Regulations of Connecticut State Agencies, competitive foods also include candy, coffee, tea, and soft drinks that are given to students on school premises while any CNPs are operating, including during and after the school day.

**Giving:** Providing foods and beverages free of any charge, contribution, or suggested donations; and without the exchange of tickets, coupons, tokens, and similar items to obtain foods and beverages.

**Sales:** The exchange of a determined amount of money or its equivalent (such as coupons, tickets, tokens, and similar items) for foods and beverages. Sales also include programs and activities that charge a fee that includes the cost of foods and beverages provided to students, and activities that suggest a student donation in exchange for foods and beverages. Under Connecticut's statutes and regulations for competitive foods, sales include coupons and similar items that are given to students (such as food rewards) and can be exchanged for foods and beverages. However, the USDA's Smart Snacks nutrition standards do not apply when coupons and similar items are given to students.

**School day:** The period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is midnight to 3:30 p.m. A summer school program operated by the board of education or school governing authority (BOE) is part of the regular school day.

**School premises:** All areas of the property under the jurisdiction of the local or regional board of education, the regional vocational-technical school system (Connecticut Technical Education and Career System (CTECS)), or the governing authority district or school.

Each category must meet specific nutrition requirements. This statute applies to all Connecticut public schools, even if they do not choose the healthy food option of HFC or do not participate in the CNPs. For information on the specific federal and state beverage requirements, refer to the CSDE's resources, <a href="#">Allowable Beverages in Connecticut Public Schools</a> and <a href="#">Beverage Requirements for Connecticut Public Schools</a> (presentation), and visit the CSDE's <a href="#">Beverage Requirements</a> webpage.</p> <p><b>Beverage exemptions:</b> Beverages that do not comply with the state beverage statute cannot be sold to students in public schools unless the local BOE votes to allow exemptions and: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the beverages are not sold from a vending machine or school store. <b>L4 Federal:</b> Smart Snacks Nutrition Standards (81 FR 50131)	<p>Effective July 1, 2014, this USDA regulation defines the nutrition standards required for competitive foods sold to students in all schools and institutions that participate in the NSLP and SBP. Section 204 of the Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296) strengthened the SWP law by adding requirements for public participation, transparency, and implementation. <b>L6 State:</b> C.G.S. <a href="#">Section 10-221p</a> : Nutritious and low-fat foods available for sale	Effective July 1, 2004, this state statute requires that whenever foods are available for purchase by students in Connecticut public schools during the school day, nutritious and low-fat foods must also be available for sale at the same time, either at the location of the food sales or elsewhere in the school. The statute defines “nutritious and low-fat foods” as low-fat dairy foods (such as low-fat cheese and low-fat or nonfat yogurt) and fresh or dried fruit. Low-fat milk is a beverage and cannot be used to meet the statutory requirement for low-fat foods. C.G.S. Section 10-221p does not apply to the ASP, unless it begins before the end of the school day. This statute applies to all Connecticut public schools, even if they do not choose the healthy food option of HFC or do not participate in the CNPs. <b>L10 Federal:</b> Revenue from Nonprogram Foods ( <a href="#">7 CFR 210.14 (f)</a> )	<p>Effective July 1, 2011, this USDA regulation requires that all revenue from the sale of nonprogram foods must accrue to the NSFSA. “Nonprogram foods” are foods and beverages purchased using funds from the NSFSA and sold to students (other than reimbursable meals and ASP snacks served through the CNPs) and adults at any time or location on school premises. Nonprogram foods include all foods and beverages sold in schools, adult meals, outside-of-school hours, and catering or vending activities. They also include competitive foods purchased using funds from the NSFSA, such as cafeteria a la carte sales or foods and beverages for vending machines operated by the food service department. For most school food authorities (SFAs), cafeteria a la carte sales account for the majority of nonprogram foods. Another common source is vending machines operated by the NSFSA.</p> <p>This regulation also requires that when school food service labor is used to prepare foods for an outside entity (such as catering), the SFA must ensure that all costs, including labor and any other costs incurred, are covered by the entity being served by the school food service program. For more information, refer to <a href="#">USDA Memo SP 13-2014: School Food Service Account Revenue from the Sale of Nonprogram Foods</a> and <a href="#">USDA Memo SP 20-2016: Nonprofit School Food Service Account Nonprogram Food Revenue Requirements</a>.</p> <p><b>Note:</b> Nonprogram foods are different from competitive foods. Competitive foods include all foods and beverages available for sale to students on school premises separately from reimbursable meals served through the CNPs, regardless of the funding source that purchased them. Some competitive foods are nonprogram foods because they are purchased using funds from the NSFSA, but many are not. For example, funds from the NSFSA might be used to purchase competitive foods that are sold from vending machines in the cafeteria; however, NSFSA funds are not typically used to purchase competitive foods that are sold from school stores and fundraisers.</p>	Yes	Yes	Yes	No	No	No
