

Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools

This document summarizes the federal and state requirements for selling and giving competitive foods to students in public schools that participate the U.S. Department of Agriculture’s (USDA) National School Lunch Program (NSLP), and choose to implement the healthy food option of Healthy Food Certification (HFC) under [Section 10-215f](#) of the Connecticut General Statutes (C.G.S.). “Competitive foods” are all foods and beverages available for sale to students on school premises, separately from reimbursable meals and snacks served through the USDA’s Child Nutrition Programs (CNPs). Under Section 10-215b-1 of the Regulations of Connecticut State Agencies, competitive foods also include certain foods and beverages that are given to students while CNPs are operating.

The state HFC statute requires that each board of education or school governing authority for all Connecticut public schools participating in the NSLP must certify annually to the CSDE whether they will comply with the [Connecticut Nutrition Standards](#) (CNS) for all foods sold to students separately from reimbursable meals. Public schools are not required to comply with the CNS, but are required by the state HFC statute to certify each year whether they will or will not comply with the CNS. For information on HFC, visit the Connecticut State Department of Education’s (CSDE) [HFC](#) webpage.

For an overview of the requirements for competitive foods in HFC public schools, see the CSDE’s handout, [Requirements for Competitive Foods in HFC Public Schools](#). For detailed guidance on the requirements for competitive foods in HFC public schools, see the CSDE’s [Guide to Competitive Foods in HFC Public Schools](#).

Overview of Requirements

All foods available for sale to students separately from reimbursable meals in HFC public schools must comply with the CNS. The CNS also applies to reimbursable snacks in the Afterschool Snack Program (ASP).

All beverages available for sale to students in HFC public schools separately from reimbursable meals and ASP snacks must comply with the USDA’s Smart Snacks nutrition standards ([81 FR 50131](#)) and any stricter requirements of the state beverage statute ([C.G.S. Section 10-221q](#)). The state beverage statute also applies to reimbursable meals and ASP snacks.

Note: While Smart Snacks addresses foods and beverages, only the beverage standards apply to HFC public schools. The food standards do not apply because the state HFC statute (C.G.S. Section 10-215f) requires compliance with the stricter CNS, which supersedes the Smart Snacks food standards. The references to Smart Snacks in this document refer to the beverage standards. For a comparison of the CNS and Smart Snacks, see the CSDE’s handout, [Comparison of the Connecticut Nutrition Standards and the USDA’s Smart Snacks Nutrition Standards](#).

Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools

In addition to the federal and state nutrition standards, HFC public schools must comply with the following federal and state requirements:

- Connecticut’s statute requiring the sale of nutritious and low-fat foods ([C.G.S. Section 10-221p](#));
- Connecticut’s competitive foods regulations ([Sections 10-215b-1 and 10-215b-23 of Regulations of Connecticut State Agencies](#));
- the local educational agency’s (LEA) school wellness policy, as required by the USDA’s school wellness policy legislation ([Section 4 of Public Law 108-265](#) and the [Healthy, Hunger-Free Kids Act of 2010](#)); and
- the USDA’s regulation for revenue from nonprogram foods ([7 CFR 210.14 \(f\)](#)).

For a summary of these requirements, see [table 1](#) on page 3.

When the Requirements Apply

The federal and state requirements for competitive foods determine what and when foods and beverages may be sold or given to students in HFC public schools. They also regulate the accrual of income from sales of foods and beverages to students. Some requirements apply during the school day, while others apply at all times or while CNPs are operating. When the federal and state laws supersede each other, schools must follow the stricter requirements. The definitions below apply to the federal and state requirements for competitive foods.

- “Sales” means the exchange of a determined amount of money or its equivalent (such as coupons, tickets, tokens, and similar items) for foods and beverages. Sales also include programs and activities that charge a fee that includes the cost of foods and beverages provided to students, and activities that suggest a student donation in exchange for foods and beverages. Under Connecticut’s statutes and regulations for competitive foods, sales include coupons and similar items that are given to students (such as food rewards), and can be exchanged for foods and beverages. However, Smart Snacks does not apply when coupons and similar items are given to students.
- “Giving” means that foods and beverages are provided free of any charge, contribution, or suggested donations; and without the exchange of tickets, coupons, tokens, and similar items to obtain foods and beverages.
- “School premises” include all areas of the property under the jurisdiction of the local or regional board of education, the Connecticut Technical Education and Career System (CTECS), or the governing authority district or school.
- The “school day” is the period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is midnight to 3:30 p.m. A summer school program operated by the board of education or school governing authority is part of the regular school day.

Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools

- The CNPs include the [NSLP](#), [School Breakfast Program \(SBP\)](#), [ASP](#) of the NSLP, [Seamless Summer Option \(SSO\)](#) of the NSLP, [Special Milk Program \(SMP\)](#), [Fresh Fruit and Vegetable Program \(FFVP\)](#), [Child and Adult Care Food Program \(CACFP\)](#) [At-risk Afterschool Meals](#) operated in schools, and [Summer Food Service Program \(SFSP\)](#) operated in schools.

Table 1 summarizes when the federal and state requirements apply to HFC public schools, which foods and beverages they restrict, and whether they apply to selling or giving foods and beverages to students. [Table 2](#) (see page 10) summarizes when the federal and state requirements apply to different sources of competitive foods in HFC public schools.

State: C.G.S. Section 10-215f : Certification that food meets nutrition standards (Healthy Food Certification)	Effective July 1, 2006, the state HFC statute requires that each board of education or school governing authority for all Connecticut public schools participating in the NSLP must certify annually to the CSDE whether they will comply with the CNS, and whether they will allow exemptions for food sales that meet the exemption criteria of the state HFC statute. Schools that choose the healthy food option (i.e., comply with the CNS) receive additional state funding. For more information, see the CSDE’s handout, Requirements for Competitive Foods in HFC Public Schools , and the “ Apply ” section of the CSDE’s HFC webpage. State: C.G.S. Section 10-215e : Nutrition standards for food that is not part of lunch or breakfast program (Connecticut Nutrition Standards)	Effective July 1, 2006, this state statute required the CSDE to develop nutrition standards for all foods sold to students in HFC public schools separately from reimbursable meals through the CNPs. The CNS also applies to foods served in reimbursable ASP snacks. The CNS categories include snacks, entrees sold only a la carte, non-entree combination foods, fruits and vegetables, cooked grains, and soups. For information on the specific CNS requirements, see the CSDE’s handout, Summary of Connecticut Nutrition Standards and the full standards document, Connecticut Nutrition Standards for Foods in Schools , and visit the CSDE’s CNS webpage. This statute applies to all Connecticut public schools, even if they do not choose the healthy food option of HFC or do not participate in the CNPs. <p>State: C.G.S. Section 10-221p: Nutritious and low-fat foods available for sale</p>	<p>Effective July 1, 2004, this state statute requires that whenever foods are available for purchase by students in Connecticut public schools during the school day, nutritious and low-fat foods must also be available for sale at the same time, either at the location of the food sales or elsewhere in the school. The statute defines “nutritious and low-fat foods” as low-fat dairy foods (such as low-fat cheese and low-fat or nonfat yogurt) and fresh or dried fruit. Low-fat milk is a beverage and cannot be used to meet the statutory requirement for low-fat foods. C.G.S. Section 10-221p does not apply to the ASP, unless it begins <i>before</i> the end of the school day. <p>State: Section 10-215b-1 of the Regulations of Connecticut State Agencies: Competitive foods (candy, coffee, tea, and soft drinks)</p>	<p>Effective August 25, 1992, this state regulation prohibits selling and giving candy, coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. This includes selling candy, coffee, tea, and soft drinks to students at events on school premises that meet the exemption criteria of the state HFC statute (C.G.S Section 10-215f) and state beverage statute (C.G.S Section 10-221q).</p> <ul style="list-style-type: none"> • “Candy” includes all types of regular and sugar-free varieties, such as chocolates, chocolate-covered nuts and fruits, candy bars, hard candies, lollipops, caramels, taffy, licorice, jelly candies (e.g., gumdrops, gummies, and jelly beans), and breath mints. • “Coffee” and “tea” include all types, e.g., regular, decaffeinated, herbal, and iced. • “Soft drinks” include all beverages (with or without carbonation) that contain water and/or juice and added sweeteners (including nutritive sweeteners and artificial or natural nonnutritive sweeteners), and may also contain other ingredients such as edible acids, natural or artificial flavors and colors, and added nutrients. <p>State: Section 10-215b-23 of the Regulations of Connecticut State Agencies: Accrual of Income</p>	<p>Effective August 25, 1992, this state regulation requires that the income from all foods and beverages sold to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs (including during and after the school day) must accrue to the nonprofit food service account. This includes the income from sales of foods and beverages to students at events on school premises that meet the exemption criteria of the state HFC statute (C.G.S Section 10-215f) and state beverage statute (C.G.S Section 10-221q).</p> <ul style="list-style-type: none"> • “Income” means gross income. • “Nonprofit food service account” means the restricted account in which all of the revenue from all food service operations conducted by the school food authority (SFA) principally for the benefit of school children is retained and used only for the operation or improvement of the nonprofit school food service. This account shall include, as appropriate, non-federal funds used to support paid lunches as provided in 7 CFR 210.14(e), and proceeds from nonprogram foods as provided in 7 CFR 210.14(f). <p>Section 10-215b-1 applies to all schools and institutions that participate in the CNPs, including public schools, private schools, and RCCIs. <p>Federal (USDA): School Wellness Policy (Public Law 108-265) and the Healthy, Hunger-Free Kids Act (HHFKA) of 2010 (Final Rule 81 FR 50151)</p>	<p>The Child Nutrition and WIC Reauthorization Act of 2004 (Public Law 108-265) required all schools and institutions participating in the NSLP and SBP to develop a school wellness policy (SWP) by the first day of school year 2006-07. The HHFKA of 2010 strengthened the SWP law by adding requirements for public participation, transparency, and implementation. Among other requirements, the school wellness policy must include nutrition guidelines for all foods and beverages that are sold or given to students on school premises during the school day. For more information on school wellness policies, visit the CSDE’s School Wellness Policies webpage.</p>	<p>Selling and giving foods and beverages to students on school premises, separately from reimbursable meals and snacks through the CNPs.</p>	<p>During the school day.</p>	<p>Yes</p>	<p>Yes</p>
<p>Federal (USDA): Revenue from Nonprogram Foods (7 CFR 210.14 (f))</p>	<p>Effective July 1, 2011, this USDA regulation requires that all revenue from sales of nonprogram foods must accrue to the nonprofit school food service account. “Nonprogram foods” are foods and beverages purchased using funds from the nonprofit school food service account, and sold to students (other than reimbursable meals and snacks served through the CNPs) and adults at any time or location on school premises. Nonprogram foods include all foods and beverages sold in schools, adult meals, outside-of-school hours, and catering or vending activities. For more information, see USDA Memo SP 13-2014: School Food Service Account Revenue from the Sale of Nonprogram Foods and USDA Memo SP 20-2016: Nonprofit School Food Service Account Nonprogram Food Revenue Requirements.</p> <p>Note: Nonprogram foods are different from competitive foods. Some competitive foods are nonprogram foods because they are purchased using funds from the nonprofit school food service account, but many are not. For example, funds from the nonprofit school food service account might be used to purchase competitive foods that are sold from vending machines in the cafeteria; however, these funds are not typically used to purchase competitive foods that are sold from school stores and fundraisers. For most school food authorities (SFA), cafeteria a la carte sales account for the majority of nonprogram foods.</p>	<p>All foods and beverages purchased using funds from the nonprofit school food service account, and sold to students (outside of reimbursable meals and snacks through the CNPs) and adults on school premises.</p>	<p>At all times.</p>	<p>Yes</p>	<p>No</p>

Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools

Allowable Foods and Beverages

All foods available for sale to students separately from reimbursable meals must comply with the CNS. The CNS also applies to foods served in reimbursable ASP snacks. All beverages available for sale to students on school premises must comply with Smart Snacks and any stricter requirements of the state beverage statute.

The CSDE's [List of Acceptable Foods and Beverages](#) webpage includes brand-specific lists of commercial food products that comply with the CNS, and commercial beverages that comply with Smart Snacks and the state beverage statute. For foods made from scratch, schools must review the recipe's nutrition information per serving (including added accompaniments such as butter, cream cheese, syrup, ketchup, mustard, and salad dressing) to determine if the serving complies with the appropriate CNS food category. If the recipe does not include nutrition information, the CSDE's [CNS worksheet 9: Nutrient Analysis](#) can be used to calculate this information. The recipe's nutrition information per serving must be entered into the appropriate CNS worksheet for the food category, using the CSDE's CNS worksheets 1-8 in the [Documents/Forms](#) section of the CNS webpage. Schools must maintain this documentation on file for the annual CSDE review of the district's HFC documentation. For more information, see the CSDE's handout, [Guidance on Evaluating Recipes for Compliance with the CNS](#), and visit the "How To" section of the CSDE's CNS webpage.

Food and Beverage Exemptions

Foods that do not comply with the CNS and beverages that do not comply with the state beverage statute cannot be sold to students on school premises unless the local board of education or school governing authority has voted to allow exemptions, and: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the foods and beverages are not sold from a vending machine or school store.

- An "event" is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. Events involve a gathering of people in a social context, such as sports competitions, awards banquets, school concerts, and theatrical productions. For example, soccer games, school plays, and school debates are events, but soccer practices, play rehearsals, and debate team meetings are not.
- "Location" means where the event is being held. For example, cookies and lemonade could be sold at the baseball field during a baseball game, but cannot be sold in the school cafeteria while a baseball game is played on the baseball field.

The vote to allow food exemptions is part of the annual HFC Statement (Addendum to Agreement for Child Nutrition Programs (ED-099)) that public school sponsors of the NSLP must submit to the CSDE by July 1 of each year. Beverage exemptions are not part of the annual HFC Statement. The exemption section of the HFC Statement applies only to foods. If the district chooses to allow beverage exemptions, the board of education or school governing authority must vote separately. For more information, see the CSDE's handout, [Exemptions for Foods and Beverages in Public Schools](#).

Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools

If the board of education or school governing authority has voted to allow food and beverage exemptions, noncompliant foods and beverages could be to students at the location of an event that occurs after the school day or on the weekend. For example, if the school day ends at 3:00 p.m., foods that do not comply with the CNS and beverages that do not comply with the state beverage statute could be sold at the location of an event that occurs anytime between 3:31 p.m. through 11:59 p.m. during the school week, or anytime on Saturday or Sunday. However, if the event occurs while any CNPs are operating, Sections 10-215b-1 and 10-215b-23 of the Regulations of Connecticut State Agencies require additional restrictions for selling and giving candy, coffee, tea, and soft drinks to students; and the accrual of income from all foods and beverages sold to students anywhere on school premises (see table 1).

Sources of Foods and Beverages

Table 2 summarizes how the federal and state requirements apply to different sources of competitive foods in HFC public schools. Some of the federal requirements are stricter than the state requirements, and some of the state requirements are stricter than the federal requirements. Some requirements apply during the school day, while others apply at all times or while CNPs are operating. When the federal and state laws supersede each other, schools must follow the stricter requirements.

¹ Connecticut’s statutes and regulations do not address an age limit for students or distinguish between regular and adult education programs; therefore, they apply to all “students” in adult education programs on school premises under the board of education’s jurisdiction. No, but superseded by the stricter requirements of the state beverage statute.	Yes, if students can exchange coupons for foods on school premises during the school day. ² Low-fat dairy products and fresh or dried fruit must also be available when the students can exchange the coupons, either at the same location or elsewhere on school premises at the same time.	Yes, but superseded by the stricter requirements of the CNS, HFC, and state beverage statute. ² Students cannot exchange coupons, tickets, tokens, and similar items for candy, coffee, tea, and soft drinks on school premises unless the exchange occurs at an event that meets the exemption criteria. ³ However, Section 10-215b-1 prohibits selling and giving candy, coffee, tea, and soft drinks to students anywhere on school premises (including exempted events) from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. For example, if the NSLP operates from 11:30 a.m. to 1:00 p.m., students cannot receive or exchange coupons for candy, coffee, tea, and soft drinks anywhere on school premises from 11:00 a.m. to 1:30 p.m.	No. Not applicable when income is not generated.

¹ The CSDE strongly discourages the use of food rewards for academic performance or good behavior. Using foods and beverages as rewards has many negative consequences that go far beyond the short-term benefits of good student behavior or performance. LEAs are encouraged to develop healthy alternatives. For more information, see the CSDE’s handout, [Alternatives to Food Rewards](#).

² Under Connecticut’s statutes and competitive foods regulations, giving students coupons or similar items that can be exchanged for foods and beverages is the same as selling foods and beverages to students, regardless of when or where students can exchange them. However, Connecticut’s statutes and competitive foods regulations do not apply when a student’s Individualized Education Plan (IEP) requires food rewards.

³ Rewards are ineligible for exemptions because they are not events; they must always comply with the CNS and state beverage statute.

Using foods and beverages as rewards has many negative consequences that go far beyond the short-term benefits of good student behavior or performance. LEAs are encouraged to develop healthy alternatives. For more information, see the CSDE’s handout, [Alternatives to Food Rewards](#).
- ² The state statutes (C.G.S. Section 10-221q and C.G.S. Section 10-221p) apply only when foods and beverage are sold to student, i.e., when money or its equivalent (such as coupons, tickets, tokens, or similar items) is exchanged for foods and beverages.
- ³ Smart Snacks applies only when students *purchase* coupons, tickets, tokens, or similar items that can be exchanged for foods and beverages. Smart Snacks does not apply when coupons, tickets, tokens, or similar items are given to students free of any charge, contribution, or suggested donation.
- ⁴ Connecticut’s competitive foods regulations do not apply when a student’s Individualized Education Plan (IEP) requires food rewards.

No, unless the SFSP operates at a school during the school day during which summer school NSLP meals are being served on school premises, and the SFSP sells beverages to students separately from reimbursable SFSP meals and snacks.	No, unless the SFSP is part of the school day and sells foods to students separately from reimbursable meals during the school day. A SFSP is not part of the school day unless it operates on school premises during a summer school program operated by the board of education or school governing authority.	Yes, but superseded by the stricter requirements of the CNS, HFC, and state beverage statute. The SFSP can never sell candy, coffee, tea, and soft drinks to students. ^{1,2} In addition, Section 10-215b-1 prohibits giving candy, coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of the SFSP; either from the SFSP or any other sources on school premises during this time.	Yes. Income from the SFSP already accrues to the nonprofit food service account. The nonprofit food service account must also receive the income from all other sales of foods and beverages to students on school premises from 30 minutes before up through 30 minutes after the SFSP. For example, if the SFSP serves breakfast from 7:00 a.m. to 7:30 a.m. and lunch from 11:30 a.m. to 1:00 p.m., the nonprofit food service account must receive the income from all foods and beverages sold to students outside of the SFSP from 6:30 a.m. to 8:00 a.m. or 11:00 a.m. to 1:30 p.m.

¹ Foods sold to students on school premises separately from SFSP meals must always comply with the CNS.

² The SFSP is not an event and is ineligible for exemptions; it must always comply with the state beverage statute, in addition to the USDA’s SFSP meal pattern. For information on the SFSP meal pattern, see the CSDE’s handout, [SFSP Meal Pattern](#).

³ The state beverage statute applies to beverages sold to students on school premises, including beverages sold as part of and separately from reimbursable meals. Beverages sold to students in public schools must comply with the Smart Snacks beverage standards (if applicable) and any stricter requirements of the state beverage statute. For information on these requirements, see the CSDE’s handout, [Allowable Beverages in Connecticut Schools](#), and visit the CSDE’s [Beverage Requirements](#) webpage.
