

**List of Residential Child Care Institution (RCCI) Eligible Schools for the Fresh Fruit and Vegetable Program
(October 2019 Data)**

The Connecticut State Department of Education (CSDE) has selected October 2019 data for the FFVP to determine eligibility for the 2021-22 school year. This document provides information on RCCI site-eligible schools for the Fresh Fruit and Vegetable Program (FFVP) effective February 1, 2020. Schools must have an elementary curriculum in place up to grade 8. Additionally, schools with any secondary grade levels must ensure only elementary grade levels participate in the FFVP. Schools that are site eligible have 50 percent or more children eligible for free and reduced-price meals. However, site-eligible schools cannot be used in determining if other sites are eligible under the Child and Adult Care Food Program (CACFP), Summer Food Service Program (SFSP), Seamless Summer Option (SSO) of the National School Lunch Program (NSLP), FFVP, and Afterschool Snack Program (ASP). As with area eligible schools, percentages are calculated annually by the CSDE Child Nutrition Programs and are based on October data. For districts implementing the Community Eligibility Provision (CEP), the free and reduced-price percentage might not be reflective of individual children's eligibility status.
