

Requirements for Competitive Foods in Non-HFC Public Schools

This document summarizes the state and federal requirements for selling and giving competitive foods to students in Connecticut public schools that:

- participate in the U.S. Department of Agriculture’s (USDA) National School Lunch Program (NSLP); and
- choose **not** to implement the healthy food option of Healthy Food Certification (HFC) under [Section 10-215f](#) of the Connecticut General Statutes (C.G.S.).

Connecticut public schools include all local and regional school districts, the regional educational service centers, the Connecticut Technical Education and Career System (CTECS), charter schools, interdistrict magnet schools, and endowed academies.

For guidance on how the state and federal requirements apply to different sources of foods and beverages in non-HFC public schools, refer to the Connecticut State Department of Education’s (CSDE) resource [Summary Chart: State and Federal Requirements for Competitive Foods in Non-HFC Public Schools](#). The CSDE’s [Guide to Competitive Foods in Non-HFC Public Schools](#) provides detailed guidance on the requirements for competitive foods in non-HFC public schools. For more information, visit the CSDE’s [Competitive Foods in Schools](#) webpage.

Competitive foods include all foods and beverages available for sale to students on school premises separately from reimbursable meals served through the USDA’s Child Nutrition Programs (CNPs). Under Section 10-215b-1 of the Regulations of Connecticut State Agencies, competitive foods also include certain foods and beverages that are given to students while CNPs are operating.

Overview of State and Federal Requirements

All foods and beverages available for sale to students during the school day in non-HFC public schools must comply with the USDA’s Smart Snacks nutrition standards ([81 FR 50131](#)). Beverages must also comply with **the** state beverage statute ([C.G.S. Section 10-221q](#)) at all times. In addition to these nutrition standards, non-HFC public schools must comply with the following federal and state requirements:

- Connecticut’s statute requiring the sale of nutritious and low-fat foods ([C.G.S. Section 10-221p](#));
- Connecticut’s state competitive foods regulations ([Sections 10-215b-1 and 10-215b-23 of Regulations of Connecticut State Agencies](#));
- the local educational agency’s (LEA) school wellness policy, as required by the USDA’s school wellness policy legislation ([Section 4 of Public Law 108-265](#) and the [Healthy, Hunger-Free Kids Act of 2010](#)); and

Requirements for Competitive Foods in Non-HFC Public Schools

- the USDA’s regulation for revenue from nonprogram foods ([7 CFR 210.14 \(f\)](#)).

These federal and state requirements determine what and when foods and beverages may be sold or given to students in non-HFC public schools. They also regulate the accrual of income from sales of foods and beverages to students.

- “Sales” means the exchange of a determined amount of money or its equivalent (such as tickets, coupons, tokens, and similar items) for foods and beverages. Sales also include programs and activities that charge a fee that includes the cost of foods and beverages provided to students, and activities that suggest a student donation in exchange for foods and beverages.

Under Connecticut’s statutes and regulations for competitive foods, sales include tickets and similar items that are given to students (such as food rewards) and can be exchanged for foods and beverages. However, Smart Snacks does not apply to foods and beverages that can be obtained with coupons and similar items that are given to students.

- “Giving” means that foods and beverages are provided free of any charge, contribution, or suggested donations; and without the exchange of tickets, coupons, tokens, and similar items to obtain foods and beverages.
- “School premises” include all areas of the property under the jurisdiction of the local or regional board of education, the CTECS, or the governing authority district or school.

When the Requirements Apply

When the federal and state requirements differ, the stricter requirements apply. Some of the federal requirements are stricter than the state requirements, and some of the state requirements are stricter than the federal requirements. Some requirements apply during the school day, while others apply at all times or while CNPs are operating.

- The “school day” is the period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is from midnight to 3:30 p.m. A summer school program operated by the board of education or school governing authority is part of the regular school day.
- The CNPs include the [NSLP](#), [School Breakfast Program \(SBP\)](#), [Afterschool Snack Program \(ASP\)](#) of the NSLP, [Seamless Summer Option \(SSO\)](#) of the NSLP, [Special Milk Program \(SMP\)](#), [Fresh Fruit and Vegetable Program \(FFVP\)](#), [Child and Adult Care Food Program \(CACFP\)](#) [At-risk Afterschool Meals](#) operated in schools, and [Summer Food Service Program \(SFSP\)](#) operated in schools.

- ¹ Smart Snacks does not apply to foods and beverages intended for consumption at home. Examples include products in a precooked state (such as frozen pies and cookie dough) or in bulk quantities (multiple servings per package), such as boxes of candy bars or cookies, and bags of popcorn kernels or gourmet coffee beans. However, the state statutes and competitive foods regulations supersede Smart Snacks because they apply to all foods and beverages, regardless of when students will consume them.
- ² C.G.S. Sections 10-221q and 10-221p apply to all Connecticut public schools, including those that do not choose the healthy food option of HFC or do not participate in the CNPs.
- ³ The state statutes and competitive foods regulations apply to all foods and beverages, regardless of when students will consume them. This includes products in a precooked state (such as frozen pies and cookie dough) or in bulk quantities (multiple servings per package), such as boxes of candy bars or cookies, and bags of popcorn kernels or gourmet coffee beans.
- ⁴ The state beverage statute specifically prohibits beverage exemptions for vending machines and school stores. All beverages sold from vending machines and school stores must **always** comply with the state statutes.
- ⁵ The LEA’s school wellness policy must include locally determined standards and nutrition guidelines for all foods and beverages and beverages available for sale to students, and provided to students free of any charge, on school premises during the school day (refer to [“USDA School Wellness Policy”](#) in this document).

Requirements for Competitive Foods in Non-HFC Public Schools

Allowable Foods

Commercial food products and foods made from scratch must comply with the Smart Snack nutrition standards when they are available for sale during the school day to students on school premises, separately from reimbursable meals and snacks through the CNPs. For information on the specific Smart Snacks requirements, refer to the CSDE's resource, [Summary of Smart Snacks Nutrition Standards](#), and visit the CSDE's [Smart Snacks Nutrition Standards](#) webpage.

The Smart Snacks nutrition standards applies to the amount of the food **as served**, including any added accompaniments such as butter, margarine, cream cheese, jelly, mayonnaise, ketchup, mustard, relish, salad dressing, sauce, and gravy. When a food includes an accompaniment (such as a bagel with cream cheese or pancakes with butter and syrup), the nutrition information for the **food and accompaniments** must be added together to review the serving for Smart Snacks compliance.

Commercial products

The serving of a commercial product (including any added accompaniments) must meet each nutrition standard for the applicable Smart Snacks food category. The CSDE's [List of Acceptable Foods and Beverages](#) webpage identifies commercial food products that comply with the CNS (and therefore the Smart Snacks food standards). Schools may also use the Alliance for a Healthier Generation's [Smart Snacks Product Calculator](#) to assess food products for compliance with Smart Snacks. This tool cannot be used to identify allowable beverages because some requirements of the state beverage statute are stricter and supersede the Smart Snacks beverage standards.

Foods made from scratch

The serving of a recipe (including any added accompaniments) must meet each nutrition standard for the applicable Smart Snacks food category. Entities that sell foods made from scratch must complete the two steps below to provide documentation of each recipe's Smart Snacks compliance **before** selling these foods to students. Maintain this information on file for the CSDE's Administrative Review of the school nutrition programs.

1. **Standardized recipe with nutrition information per serving:** *This step is required to determine the recipe's nutrition information per serving.* Foods made from scratch must have a standardized recipe indicating the calories, fat, saturated fat, trans fat, sodium, and sugars per serving. The USDA defines a standardized recipe as one that has been tried, adapted, and retried several times for use by a given foodservice operation; and has been found to produce the same good results and yield every time when the exact procedures are used with the same type of equipment, and the same quantity and quality of ingredients. Standardized **quantity** recipes produce 25 or more servings. For guidance on developing and using

Requirements for Competitive Foods in Non-HFC Public Schools

standardized recipes, visit the “[Standardized Recipes](#)” section of the CSDE’s Crediting Foods in School Nutrition Programs webpage.

- If the recipe does not include nutrition information or is missing nutrients, the selling entity must conduct a nutrient analysis to determine the recipe’s nutrition information per serving. The nutrient analysis can be conducted with a nutrient analysis software program, or a nutrient analysis database and the CSDE’s [CNS Worksheet 9: Nutrient Analysis of Recipes](#).
 - If the recipe is missing nutrition information for sugars, calculate this information using [CNS Worksheet 10: Evaluating Recipes for Sugars](#).
2. **Comparison of recipe’s nutrition information per serving with the applicable Smart Snacks food category:** *This step is required to determine if the recipe’s serving complies with Smart Snacks.* Compare the recipe’s nutrition information per serving from step 1 (including any added accompaniments) with the required Smart Snacks nutrition standards.

Entities that sell foods made from scratch to students must complete these documentation requirements for all foods made from scratch. Foods made from scratch include the two food categories below.

- **Category 1: Foods prepared from scratch using a recipe:** Examples include entrees sold only a la carte (not as part of reimbursable NSLP and SBP meals) such as pizza, chef’s salad, and lasagna; soups; cooked grains such as rice or pasta with added salt and fat (e.g., oil, margarine, or butter); cooked vegetables with added salt and fat (e.g., oil, margarine, or butter); salad with dressing; fruit smoothies; and baked goods such as muffins and cookies.

Recipes and nutrition information are **not** required for entrees that are sold a la carte **on the day of service or the day after service** that they are sold as part of reimbursable meals. These entrees are exempt and may be sold a la carte during the meal service if they: 1) are the same or smaller portion size as the NSLP and SBP; and 2) have the same accompaniments.

Note: This exemption applies only to the **three categories of main dish entree items** (lunch) and **grain-only items** (breakfast only) defined by Smart Snacks. Any other meal components sold separately from reimbursable meals must comply with Smart Snacks. For example, french fries that are part of a reimbursable meal cannot be sold a la carte unless they meet the Smart Snacks standards. For more information, refer to the CSDE’s resource, [Summary of Smart Snacks Nutrition Standards for Competitive Foods in Schools](#).

Requirements for Competitive Foods in Non-HFC Public Schools

- **Category 2: Foods with other ingredients added after purchasing:** Examples include popping popcorn kernels in oil; assembling a sandwich; making muffins from a mix and adding butter and eggs; adding butter to rice and pasta; adding dressing to salad; and adding sprinkles to commercial frozen cookie dough. The selling entity must create a recipe for these foods based on the specific amount of each ingredient and conduct a nutrient analysis to determine the nutrition information per serving.

For more information on evaluating recipes for Smart Snacks compliance, review section 1 of the CSDE's [Guide to Competitive Foods in Non-HFC Public Schools](#).

Allowable Beverages

All beverages available for sale to students in Connecticut public schools must comply with the state beverage statute (C.G.S. Section 10-221q) and any stricter Smart Snacks requirements. The state beverage statute applies at all times to all beverages available for sale to students on school premises, including beverages sold as part of and separately from reimbursable meals. Smart Snacks applies to all beverages sold separately from reimbursable meals to students on school premises during the school day. The CSDE's [List of Acceptable Foods and Beverages webpage](#) identifies commercial beverage products that comply with the state beverage statute and the Smart Snacks beverage standards.

Connecticut public schools can sell only the following five categories of beverages to students: milk; 100 percent juice; nondairy milk substitutes; beverages containing only water and juice; and water. Each category must meet the specific nutrition requirements of the federal and state beverage standards. For information on these requirements, refer to the CSDE's resources, [Allowable Beverages in Connecticut Public Schools](#) and [Beverage Requirements for Connecticut Public Schools](#) (presentation), and visit the CSDE's [Beverage Requirements](#) webpage.

Beverages that do not comply with the state beverage statute (such as juice drinks, soda, coffee, tea, sports drinks, and sweetened water) cannot be sold to students on school premises unless the sales are at the location of an event that meets the beverage exemption criteria of the state beverage statute. For more information, refer to "[Food and Beverage Exemptions](#)" in this document.

Requirements for Competitive Foods in Non-HFC Public Schools

Beverage Exemptions

Beverages that do not comply with the state beverage cannot be sold to students on school premises unless the local board of education or school governing authority has voted to allow exemptions and the sales meet the following exemption criteria: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the beverages are not sold from a vending machine or school store.

- An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. Events involve a gathering of people in a social context, such as sports competitions, awards banquets, school concerts, and theatrical productions. For example, soccer games, school plays, and school debates are events, but soccer practices, play rehearsals, and debate team meetings are not.
- “Location” means where the event is being held. For example, lemonade may be sold on the side of the soccer field during a soccer game but cannot be sold in the school cafeteria while a game is played on the soccer field.

If the board of education or school governing authority has voted to allow beverage exemptions, noncompliant beverages could be sold to students at the location of an event that occurs after the school day or on the weekend.

- **Example:** The school day ends at 3:00 p.m. Noncompliant beverages could be sold to students from a fundraiser located at an event on school premises that occurs anytime between 3:31 p.m. through 11:59 p.m. during the school week, or anytime on Saturday or Sunday. However, if this fundraiser occurs from 30 minutes before up through 30 minutes after the operation of any CNPs, the state competitive foods regulations require additional restrictions (refer to “[State Competitive Foods Regulations](#)” in this document). Section 10-215b-1 prohibits this fundraiser from selling or giving candy, coffee, tea, and soft drinks to students. Section 10-215b-23 requires that the fundraiser’s income during this time must accrue to the nonprofit food service account. For example, if the ASP operates from 3:30 p.m. to 4:30 p.m., the nonprofit food service account must receive the fundraiser’s income from all foods and beverages sold to students from 3:00 p.m. to 5:00 p.m., and the fundraiser cannot sell candy, coffee, tea, and soft drinks to students during this time.

Beverages that do not comply with the state beverage statute can **never** be sold to students as a fundraiser from vending machines or school stores, even if the vending machines or school stores are at the location of an event. The state beverage statute specifically prohibits beverage exemptions for vending machines and school stores.

Requirements for Competitive Foods in Non-HFC Public Schools

State Statute Requiring Nutritious and Low-fat Foods

C.G.S. Section 10-221p requires that whenever foods are available for sale to students separately from reimbursable meals during the school day, nutritious and low-fat foods must also be available for sale at the same time, either at the location of the food sales or elsewhere in the school. The statute defines “nutritious and low-fat foods” as low-fat dairy foods (such as low-fat cheese and low-fat or nonfat yogurt) and fresh or dried fruit. Low-fat milk is a beverage and cannot be used to meet the statutory requirement for low-fat foods.

Whenever foods are available for sale to students separately from reimbursable meals on school premises during the school day, low-fat dairy foods and fresh or dried fruit must also be sold, unless these foods are available for sale to students elsewhere on school premises at the same time. For sales that consist of preordered foods, the nutritious low-fat foods specified in the statute must be available for sale when students **receive** the foods, not when students order the foods.

C.G.S. Section 10-221p applies to all Connecticut public schools, including those that do not choose the healthy food option of HFC or do not participate in the CNPs. For more information on C.G.S. Section 10-221p, refer to the CSDE’s resource, *Questions and Answers on Connecticut Statutes for School Foods and Beverages*.

Requirements for Competitive Foods in Non-HFC Public Schools

State Competitive Foods Regulations

Sections 10-215b-1 and 10-215b-23 of the Regulations of Connecticut State Agencies restrict candy, coffee, tea, and soft drinks while CNPs are operating; and regulate the accrual of income from all foods and beverages sold to students anywhere on school premises while CNPs are operating. In addition to selling and giving foods and beverages to students, these restrictions apply to:

- sales of beverages at events that meet the exemption criteria of the state beverage statute;
- fee-based programs and activities that include the cost of foods and beverages provided to students;
- programs and activities where students can exchange coupons, tickets, tokens, and similar items for foods and beverages (including coupons and similar items that are sold or given to students);
- distribution of foods and beverages to students; and
- fundraisers that offer foods and beverages to students in exchange for a suggested donation.

Sections 10-215b-1 and 10-215b-23 apply regardless of when students will consume the foods and beverages.

Section 10-215b-1: Restrictions for candy, coffee, tea, and soft drinks

Section 10-215b-1 of the state competitive foods regulations prohibits selling and giving candy, coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs.

- “Candy” includes all types of regular and sugar-free varieties, such as chocolates, chocolate-covered nuts and fruits, hard candies, jelly candies (e.g., gumdrops and gummies), and breath mints.
- “Coffee” and “tea” include all types, e.g., regular, decaffeinated, herbal and iced.
- “Soft drinks” include all beverages (with or without carbonation) that contain water and/or juice and added sweeteners (including nutritive sweeteners, nonnutritive sweeteners, and sugar alcohols) and may also contain other ingredients such as edible acids, natural or artificial flavors and colors, and added nutrients. Examples include soda (regular and diet), sports drinks (regular, low-calorie, and zero calorie), sweetened beverages (with or without carbonation) that are not 100 percent juice (such as lemonade and fruit punch drinks), and flavored water with added sweeteners.

Depending on when CNPs operate, Smart Snacks and the state beverage statute may supersede Section 10-215b-1, or Section 10-215b-1 may supersede Smart Snacks and the state beverage statute.

Requirements for Competitive Foods in Non-HFC Public Schools

These requirements are summarized below.

- **Selling candy:** Smart Snacks prohibits selling candy to students on school premises during the school day. In addition, Section 10-215b-1 prohibits selling candy to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. For example, if the ASP operates from 3:30 p.m. to 4:30 p.m., candy cannot be sold to students anywhere on school premises from 3:00 p.m. to 5:00 p.m.
- **Selling coffee, tea, and soft drinks:** The state beverage statute supersedes Section 10-215b-1 because it applies at **all times**, not just when CNPs are operating. Schools cannot sell coffee, tea, and soft drinks to students unless 1) the board of education or school governing authority has voted to allow beverage exemptions; 2) the sales meet the exemption criteria of the state beverage statute (refer to “[Beverage exemptions](#)” in this document); and 3) the sales do not occur while any CNPs are operating. Coffee, tea, and soft drinks can **never** be sold to students from vending machines or school stores.
- **Giving candy, coffee, tea, and soft drinks:** Smart Snacks and the state beverage statute do not apply when foods and beverages are given to students. However, Section 10-215b-1 prohibits giving candy, coffee, tea, and soft drinks to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs, including during and after the school day. For example, if the SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m., candy, coffee, tea, and soft drinks cannot be given to students anywhere on school premises from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m. Examples include:
 - giving candy, coffee, tea, and soft drinks to students as rewards;
 - giving candy, coffee, tea, and soft drinks to students at classroom parties;
 - giving students coupons, tickets, tokens, or similar items that can be exchanged for candy, coffee, tea, and soft drinks;
 - distributing fundraiser orders of candy, coffee, tea, and soft drinks to students; and
 - giving candy, coffee, tea, and soft drinks to students in exchange for a suggested donation at a fundraiser.

The CSDE strongly encourages schools to promote consistent health messages to students by eliminating candy, coffee, tea, and soft drinks on school premises. For more information, refer to the CSDE’s resources, [Healthy Fundraising](#), [Healthy Celebrations](#), and [Alternatives to Food Rewards](#).

Requirements for Competitive Foods in Non-HFC Public Schools

Section 10-215b-23: Accrual of income

Section 10-215b-23 of the state competitive foods regulations requires that the gross income from all foods and beverages sold to students anywhere on school premises from 30 minutes before up through 30 minutes after the operation of any CNPs must accrue to the nonprofit food service account. The nonprofit food service account is the restricted revenue account used only for the operation or improvement of the nonprofit school food service.

All sales of foods and beverages to students anywhere on school premises during this time must comply with this regulation, including:

- sales of foods that comply with Smart Snacks;
- sales of beverages that comply with the state beverage statute and Smart Snacks;
- sales of beverages to students at events that meet the exemption criteria of the state beverage statute;
- sales of coupons, tickets, tokens, and similar items that students can exchange for foods and beverages;
- program and activity fees charged to cover the cost of foods and beverages provided to students;
- student orders for foods and beverages; and
- student donations in exchange for foods and beverages.

The examples below show how Section 10-215b-23 applies to food and beverage sales.

- **Example 1:** A fundraiser on school premises sells compliant foods to students during the school day. The SBP operates from 7:00 a.m. to 8:00 a.m. and the NSLP operates from 11:30 a.m. to 1:00 p.m. The nonprofit food service account must receive the fundraiser's income from all foods and beverages sold to students from 6:30 a.m. to 8:30 a.m. and 11:00 a.m. to 1:30 p.m.
- **Example 2:** A vending machine contract specifies that the school food service department will receive 20 percent of the total vending sales. If the NSLP operates from 11:30 a.m. to 1:00 p.m. and the ASP operates from 3:30 p.m. to 4:30 p.m., the nonprofit food service account must receive 100 percent of the vending machine's gross income from all foods and beverages sold to students from 11:00 a.m. to 1:30 p.m. and 3:00 p.m. to 5:00 p.m. **Note:** LEAs must ensure that all vending machine contracts comply with Section 10-215b-23. All vending machines must be turned off from 30 minutes before up through 30 minutes after the operation of any CNPs unless 100 percent of the gross vending income accrues to the nonprofit food service account.

Requirements for Competitive Foods in Non-HFC Public Schools

For more information, refer to the CSDE's resources, [Overview of Connecticut's Competitive Foods Regulations](#) and [Operational Memorandum No. 1-18: Accrual of Income from Sales of Competitive Foods in Schools](#).

USDA School Wellness Policy Requirements

The LEA's school wellness policy may have additional local requirements for selling and giving foods and beverages to students. The Child Nutrition and WIC Reauthorization Act of 2004 ([Section 4 of Public Law 108-265](#)) required all schools and institutions participating in the NSLP and SBP to develop a school wellness policy by the first day of school year 2006-07. The [Healthy, Hunger-Free Kids Act of 2010](#) strengthened the SWP law by adding requirements for public participation, transparency, and implementation.

Among other requirements, the LEA's school wellness policy must include nutrition guidelines for all foods and beverages that are sold or given to students on school premises during the school day. At a minimum, the LEA's school wellness policy for foods and beverages must meet all applicable federal and state nutrition standards and requirements. For more information on school wellness policies, visit the CSDE's [School Wellness Policies](#) webpage.

USDA Regulation for Revenue from Nonprogram Foods

Section [7 CFR 210.14 \(f\)](#) of the NSLP regulations requires that all revenue from the sale of nonprogram foods must accrue to the nonprofit school food service account. "Nonprogram foods" are foods and beverages purchased using funds from the nonprofit school food service account and sold to students or adults at any time or location on school premises, other than reimbursable meals served through the CNPs. They are different from competitive foods, which include **all** foods and beverages available for sale to students on school premises separately from reimbursable meals served through the CNPs, regardless of what funding source purchased them.

Nonprogram foods include all foods and beverages sold in schools, adult meals, outside-of-school hours, and catering or vending activities. They also include competitive foods purchased using funds from the nonprofit school food service account, such as cafeteria a la carte sales or foods and beverages for vending machines operated by the food service department. For most school food authorities (SFAs), cafeteria a la carte sales account for the majority of nonprogram foods. Another common source is vending machines operated by the nonprofit school food service account.

This regulation also requires that when school food service labor is used to prepare foods for an outside entity (such as catering), the SFA must ensure that all costs, including labor and any other costs incurred, are covered by the entity being served by the school food service program. For more information, refer to [USDA Memo SP 13-2014: School Food Service Account Revenue from the Sale of](#)

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/USDA-OASCR%20P-Complaint-Form-0508-0002-508-11-28-17Fax2Mail.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. **mail:** U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or
2. **fax:** (833) 256-1665 or (202) 690-7442; or
3. **email:** program.intake@usda.gov

This institution is an equal opportunity provider.

The Connecticut State Department of Education is committed to a policy of affirmative action/ equal opportunity for all qualified persons. The Connecticut Department of Education does not discriminate in any employment practice, education program, or educational activity on the basis of age, ancestry, color, civil air patrol status, criminal record (in state employment and licensing), gender identity or expression, genetic information, intellectual disability, learning disability, marital status, mental disability (past or present), national origin, physical disability (including blindness), race, religious creed, retaliation for previously opposed discrimination or coercion, sex (pregnancy or sexual harassment), sexual orientation, veteran status or workplace hazards to reproductive systems, unless there is a bona fide occupational qualification excluding persons in any of the aforementioned protected classes.

Inquiries regarding the Connecticut State Department of Education's nondiscrimination policies should be directed to: Levy Gillespie, Equal Employment Opportunity Director/Americans with Disabilities Coordinator (ADA), Connecticut State Department of Education, 450 Columbus Boulevard, Suite 505, Hartford, CT 06103, 860-807-2071, levy.gillespie@ct.gov.
