

# Capital Expenditure Approved List for School Food Authority Equipment Purchases

U.S. Department of Agriculture’s (USDA) [Policy Memo SP 39-2016: State Agency Prior Approval Process for School Food Authority \(SFA\) Equipment Purchases](#) allows state agencies to develop an approved list and criteria for capital expenditure purchases that are routinely purchased by school food authorities (SFAs). The Connecticut State Department of Education’s (CSDE) capital expenditure list in this document was approved by the USDA’s Northeast Regional Office (NERO) on August 24, 2016.

“Equipment” means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost, which equals or exceeds the lesser of the capitalization level established by the SFA for financial statement purposes, or \$5,000.

SFAs that would like to purchase equipment that is not included on this list **must** submit a request to the CSDE for approval **prior** to purchasing the item, as required by [2 CFR 200.439](#). SFAs must use the CSDE’s [Capital Expenditure Request Form](#) to submit their request.

Any used equipment with a purchase price over \$5,000  
requires approval by the CSDE.

As indicated on page 2 of USDA Policy Memo SP 39-2016, during local administrative reviews required by [7 CFR 210.18](#) and audits required by [7 CFR 200.501](#), the CSDE must ensure that the SFA’s equipment purchases were made with approval from the USDA-approved capital expenditure list or the CSDE prior approval process. If any equipment purchases are identified as unallowable, the CSDE will disallow these purchases and implement the CSDE debt collecting procedures.

For additional guidance, refer to the CSDE’s guide, [Financial Management Requirements for the School Nutrition Programs](#), and visit the “[Capital Expenditure Requests and Equipment Approvals](#)” section of the CSDE’s [Financial Management for School Nutrition Programs](#) webpage.
