

# Crediting Deli Meats in the Summer Food Service Program

This guidance applies to meals and snacks served in the U.S. Department of Agriculture's (USDA) Summer Food Service Program (SFSP). For information on the SFSP meal patterns and the meats/meats alternates (MMA) component, visit the "[Meal Patterns](#)" section of the Connecticut State Department of Education's (CSDE) SFSP webpage and refer to the CSDE's resource, [\*Requirements for the Meats/Meat Alternates Component of the Summer Food Service Program Meal Patterns\*](#). For information on the crediting requirements, visit the CSDE's [Crediting Foods in the Summer Food Service Program](#) webpage and [Crediting Documentation for the Child Nutrition Programs](#) webpage.

# Crediting Deli Meats in the Summer Food Service Program

## Overview of Crediting Requirements

Deli meats (such as turkey, chicken, ham, roast beef, salami, and bologna) credit as the MMA component in the SFSP meal patterns. The amount of deli meat that provides 1 ounce of the MMA component depends on the product's ingredients. The required serving can vary greatly between different brands and types of deli meats.

- **100 percent meat:** Products that are 100 percent meat without added liquids (e.g., water or broth), binders, and extenders credit on an ounce-per-ounce basis (actual serving weight). For example, 1 ounce of deli meat that is 100 percent meat credits as 1 ounce of the MMA component.
- **Added liquids, binders, and extenders:** Products that contain added liquids, binders, and extenders credit based on the percentage of meat in the product formula. A 1-ounce serving of these products does not credit as 1 ounce of the MMA component. The crediting depends on the amount of meat per serving, excluding added ingredients. For example, to credit as 1 ounce of the MMA component might require 1.6 ounces of one brand of deli meat and 2.3 ounces of another brand of deli meat.

SFSP sponsors must ensure that the serving of deli meat provides the correct amount of the MMA component being credited toward the reimbursable meal or snack.

## Liquids, Binders, and Extenders

Products with added liquids, binders, and extenders cannot credit as the MMA component without a CN label or PFS that states the amount of the MMA component per serving. Menu planners must review product labels and ingredients to determine if commercial products contain added liquids, binders, and extenders. Binders and extenders are defined by the USDA's regulations for the Food Safety and Inspection Service (FSIS) ([9 CFR 318.7](#)).

## Examples of binders and extenders

Binders and extenders are defined by the USDA's regulations for the Food Safety and Inspection Service (FSIS) ([9 CFR 318.7](#)). The list below indicates some examples

- Agar-agar
- Algin (a mixture of sodium alginate, calcium carbonate and calcium gluconate/lactic acid)
- Bread
- Calcium-reduced dried skim milk

# Crediting Deli Meats in the Summer Food Service Program

- Carboxymethyl cellulose (cellulose gum)
- Carrageenan
- Cereal
- Dried milk
- Dry or dried whey
- Enzyme (rennet) treated calcium-reduced dried skim milk and calcium lactate
- Gums, vegetable
- Isolated soy protein (APP)
- Locust bean gum
- Methyl cellulose
- Modified food starch
- Reduced lactose whey
- Reduced minerals
- Sodium caseinate
- Soy flour (APP)
- Soy protein concentrate (APP)
- Starchy vegetable flour
- Tapioca dextrin
- Vegetable starch
- Wheat gluten
- Whey
- Whey protein concentrate (APP)
- Xanthan gum

APPs in the list above are indicated with “(APP)” after the ingredient name. Commercial products may contain APPs if they meet the USDA’s APP requirements. For more information, refer to the CSDE’s resource, [Requirements for Alternate Protein Products in the Summer Food Service Program](#).

## Examples of commercial products with added liquid, binders, and extenders

The ingredients statements below show some examples of commercial turkey breast products that contain added liquid, binders, and extenders (indicated in *italics*).

- Ingredients: Turkey breast, *water*, *modified cornstarch*, contains less than 2% of sodium lactate, salt, sugar, sodium phosphates, *carrageenan*, natural flavor, sodium diacetate, potassium chloride, sodium ascorbate, sodium nitrite, caramel color.

# Crediting Deli Meats in the Summer Food Service Program

- Ingredients: Turkey breast meat, *turkey broth*, contains 2% or less salt, sugar, *carageenan*, sodium phosphate, sodium acetate, sodium diacetate, flavoring.

To credit these products in reimbursable meals and snacks, SFSP sponsors must obtain a CN label or PFS indicating the ounces of MMA per serving.

## Developing Recipes for Menu Items with Deli Meats

Different brands and types of deli meat credit differently. To ensure proper crediting, SFSP sponsors should develop standardized recipes for menu items that contain deli meats, such as sandwiches and other entrees.

These recipes should indicate the deli meat's contribution to the MMA component based on the specific weight of a specific brand. To make portioning simple for food service staff and ensure that the serving provides the proper crediting amount, round up the weight of the deli meat in the standardized recipe to the nearest  $\frac{1}{4}$  ounce. For example, the standardized recipe should list 1.2 ounces of deli meat as 1.25 ounces and 1.6 ounces of deli meat as 1.75 ounces.

If the SFSP sponsor makes the same food item using different brands of deli meats that credit differently, the standardized recipe should include the specific weight of each brand.

- **Example:** A summer site makes a turkey sandwich using either ABC brand turkey breast or XYZ brand turkey breast, depending on product availability and price. The summer site's standardized recipe should include the required weight of ABC brand for 1 ounce and the required weight of XYZ brand for 1 oz eq. Alternatively, the SFSP sponsor could also choose to develop a separate standardized turkey sandwich recipe for each brand of deli meat.

The USDA recommends using standardized recipes because they ensure accurate meal component contributions and document that menus meet the meal pattern requirements.

The USDA defines a standardized recipe as one that has been tried, adapted, and retried at least three times and has been found to produce the same good results and yield every time when the exact procedures are used with the same type of equipment and the same quantity and quality of ingredients.

# Crediting Deli Meats in the Summer Food Service Program

For information on standardized recipes, visit the “[Standardized Recipes](#)” section of the CSDE’s Crediting Documentation for the Child Nutrition Programs webpage.

## Comparing Cost

Determining the cost per ounce of MMA helps SFSP sponsors decide if the required meal pattern serving for a specific brand of deli meat is reasonable and cost effective. The deli product with the lowest cost per pound might not be the least expensive. Considering the cost per ounce of the MMA component instead of the cost per ounce of meat provides a more accurate reflection of the product’s cost in reimbursable meals and snacks.

The table below shows a sample cost comparison of two deli meat products. Products with added liquids, binders, extenders require a CN label or PFS to document the MMA per serving (refer to “[Required Crediting Documentation for Deli Meats](#)” in this document). SFSP sponsors must obtain the ounce contribution of the deli meat from the manufacturer’s PFS.

**Table 1. Cost comparison of sample deli meats**

Food Item	Price per pound	Price per ounce	1 ounce of MMA =	Cost of 1 ounce of MMA
Sample product A: Deli meat with liquids, binders, or extenders	\$4.99	\$ .31	1.7 ounces	\$ .53
Sample product B: Deli meat without liquids, binders, or extenders	\$6.99	\$ .44	1 ounce	\$ .44

Sample product A (deli meat with liquids, binders, or extenders) costs \$2 less per pound than sample product B (deli meat without liquids, binders, or extenders). However, when the SFSP sponsor compares the cost based on 1 ounce of the MMA component, a serving of sample product A costs 53 cents and a serving of sample product B costs 44 cents. Sample product A requires almost twice the weight of sample product B to provide 1 ounce of the MMA component because of the added liquids, binders, and extenders.

# Crediting Deli Meats in the Summer Food Service Program

## Required Crediting Documentation for Deli Meats

SFSP sponsors must obtain appropriate crediting documentation that states the ounces of the MMA component per serving for all deli meats that contain added liquids, binders, and extenders. Acceptable documentation includes any of the documents below.

- **Child Nutrition (CN) label:** A CN label is a USDA-approved statement that clearly identifies the contribution of a commercial product toward the meal pattern requirements. CN labels are available only for main dish entrees that contribute at least  $\frac{1}{2}$  ounce equivalent (oz eq) of the MMA component. Allowable CN label documentation includes 1) the original CN label from the product carton; 2) a photocopy or photograph of the CN label shown attached to the original product carton; or 3) a CN label copied with a watermark displaying the product name and CN number provided by the vendor and the bill of lading (invoice). For more information, refer to the CSDE's resource, [Using Child Nutrition \(CN\) Labels in the Summer Food Service Program](#).

**Note:** The SFSP meal patterns indicate the quantities for the MMA component in ounces instead of oz eq. The amount that credits as 1 oz eq or 1 ounce of MMA is the same.

- **Product formulation statement (PFS):** A PFS is a document developed by manufacturers that provides specific information about how a product credits toward the USDA meal patterns for the Child Nutrition Programs. The PFS must be signed by an official of the manufacturer and state the amount of each meal pattern component contained in one serving of the product. For more information on PFS forms, refer to the CSDE's resource, [Using Product Formulation Statements in the Summer Food Service Program](#). For guidance on how to review a PFS, visit the USDA's [Child Nutrition Programs: Tips for Evaluating a Manufacturer's Product Formulation Statement](#) webpage.

Deli meats without a CN label or PFS cannot credit in reimbursable meals and snacks unless they are listed in the USDA's [Food Buying Guide for Child Nutrition Programs](#) (FBG).

A PFS is required for all deli meats without a CN label that are not listed in the FBG. The USDA requires that SFSP sponsors must obtain and verify the PFS for accuracy prior to purchasing, serving, and claiming the product in reimbursable meals and snacks.

# Crediting Deli Meats in the Summer Food Service Program

For more information on crediting documentation, refer to the CSDE's resource, [Accepting Processed Product Documentation in the Summer Food Service Program](#), and the USDA's resources, [USDA Memo SP 05-2025](#), [CACFP 04-2025](#), [SFSP 02-2025: Guidance for Accepting Processed Product Documentation for Meal Pattern Requirements](#). Additional guidance is available on the CSDE's [Crediting Documentation for the Child Nutrition Programs](#) webpage.

Training on the documentation requirements is available in the CSDE's Summer Meals annual training module, [Crediting Documentation for Summer Meals](#). Training on the requirements for CN labels and PFS forms is available in [Module 8: Meal Pattern Documentation for Crediting Commercial Processed Products](#) of the CSDE's training program, *What's in a Meal: Meal Patterns for Grades K-12 in the School Nutrition Programs*.

## **Storing crediting documentation**

SFSP sponsors must maintain all crediting documentation on file in accordance with the records retention requirements for the SFSP (refer to the CSDE's resource, [Records Retention Requirements for the Summer Food Service Program](#)). This documentation must be current and will be reviewed by the CSDE during the Administrative Review of the SFSP.

## **Considerations for Reducing Choking Risks for Young Children**

Children younger than 4 are at the highest risk of choking. Large chunks or cubes of deli meats are choking hazards. Consider children's age and developmental readiness when deciding how to offer deli meats in SFSP menus and modify foods and menus as appropriate. For additional guidance, visit the "[Choking Prevention](#)" section of the CSDE's Food Safety for Child Nutrition Programs webpage.

# Crediting Deli Meats in the Summer Food Service Program

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. mail: U.S. Department of Agriculture  
Office of the Assistant Secretary for Civil Rights  
1400 Independence Avenue, SW  
Washington, D.C. 20250-9410; or
2. fax: (833) 256-1665 or (202) 690-7442; or
3. email: [program.intake@usda.gov](mailto:program.intake@usda.gov)

This institution is an equal opportunity provider.

The Connecticut State Department of Education is committed to a policy of equal opportunity/affirmative action for all qualified persons. The Connecticut Department of Education does not discriminate in any employment practice, education program, or educational activity on the basis of race; color; religious creed; age; sex; pregnancy; sexual orientation; workplace hazards to reproductive systems, gender identity or expression; marital status; national origin; ancestry; retaliation for previously opposed discrimination or coercion, intellectual disability; genetic information; learning disability; physical disability (including, but not limited to, blindness); mental disability (past/present history thereof); military or veteran status; status as a victim of domestic violence; or criminal record in state employment, unless there is a bona fide occupational qualification excluding persons in any of the aforementioned protected classes. Inquiries regarding the Connecticut State Department of Education's nondiscrimination policies should be directed to: Attorney Louis Todisco, Connecticut State Department of Education, by mail 450 Columbus Boulevard, Hartford, CT 06103-1841; or by telephone 860-713-6594; or by email [louis.todisco@ct.gov](mailto:louis.todisco@ct.gov).
