| Section | I | Purpose |
|----------------|----------|----------------|

The purpose of this grant is to promote academic and social success for students participating in the Open Choice Program in the Sheff Region.

In addition, the grant is intended to provide supplemental funding towards programs and supports that work to ensure that open choice students have positive school experiences, academic success, and social success. Activities funded by this grant should assist schools in developing specific goals related to improving student retention, increasing high school graduation rates, and increasing academic preparedness for college and careers. The grant also allows districts to implement a variety of strategies to improve school climate and student academic achievement for all students.

| | | |
|----------------|-----------|-------------------|
| Section | II | Background |
|----------------|-----------|-------------------|

With the July 1, 2007, expiration of the first Sheff v. O’Neill Stipulation and Order (see Milo Sheff, et al. v. William A. O’Neill, et al. No. X03-89-0498119S January 22, 2003), the State of Connecticut and the plaintiffs entered into an agreement known as the Phase II Stipulation and Order (Order), which was approved by the court on June 11, 2008, (see Milo Sheff, et al. v. William A. O’Neill, et al. HHD-X07-CV89-4026240 April 4, 2008). The Order specifies interim performance benchmarks and goals concerning the percentage of Hartford-resident minority students placed in reduced racial isolation settings. On April 30, 2013, a one-year extension to the stipulated agreement was signed to continue the Phase II stipulation, as amended, through June 20, 2014, allocating a portion of the academic, student and social support grant for professional development activities during the school year to those districts accepting open choice students. The parties then entered into a stipulation dated December 13, 2013, (the “Phase III Stipulation”) which set forth a one year plan for reasonable progress in reducing racial, ethnic, and economic isolation for Hartford-resident minority students through June 30, 2015, which has been extended through June 30, 2016 (the “Phase III Extension”).

The Open Choice Program plays a significant role in the state’s plan to meet its responsibilities as outlined in the Order. This statewide program is intended to reduce racial, ethnic, and economic isolation, improve student achievement and provide parents with a choice of educational programming. A focus of the Connecticut State Department of Education (CSDE) is to raise awareness of open choice in the Sheff region, increase the scope and level of academic and social supports for participating students, their families, receiving districts, and thereby encourage Hartford area families and communities to increase participation in the program. The CSDE’s long-term goal is to increase each Hartford area district’s participation in the program to at least 3 percent of its student population, making it critical for students, families, and staff involved in the program – residing in Hartford and the participating suburbs – to receive academic and social supports that leads to student success.

| | | |
|----------------|------------|--------------------|
| Section | III | Eligibility |
|----------------|------------|--------------------|

To be eligible for a grant, each applicant must receive open choice students and submit a proposal outlining the strategies and programs that they will implement to provide academic, student and social support to the students in the Open Choice Program.

Eligibility Requirements for 2015-16:

Although open choice is a statewide program, only those school districts participating in the Open Choice Program in the Sheff region, that contribute to the state meeting the goals of the Sheff Phase II Stipulation and Order, are eligible for funding through this grant. See Connecticut General Statutes (C.G.S.) Section 10-266aa (o) a list of eligible applicants is in Appendix A, along with their entitlements.

Districts that choose not to apply for funding should e-mail the CSDE Open Choice Academic, Student and Social Support Program Manager at ann.gaulin@ct.gov declining the funds no later than the due date on the grant application. The CSDE will reallocate those funds to other districts.

All districts receiving grant funding may receive site visits in 2015-16. Districts that do not respond to requests to schedule a site visit, or otherwise decline to participate, may jeopardize their current year's funding and will be ineligible for funding the following year.

| | | |
|----------------|-----------|----------------|
| Section | IV | Funding |
|----------------|-----------|----------------|

There is approximately **\$3.5** million available to fund academic, student and social support activities. This funding is in addition to, not in place of, the statutorily provided open choice grant currently funded on a tiered basis depending on the district's level of participation in the program. Grants are awarded on an entitlement basis, upon CSDE's approval of the required grant application. See Appendix A for estimated district entitlements.

Funding is to be distributed as follows:

- **Per Pupil Award:** Districts receiving open choice students will receive \$575 per student in Grades PK-5 and \$900 per student in Grades 6-12 based on their October 1, 2014, open choice enrollment as filed in the CSDE's Public School Information System.
- **Tiered Incentive:** Districts that continue to increase their enrollment of open choice students in an effort to meet or exceed the 3 percent enrollment target are eligible for the tiered incentive.
 - \$50,000 if open choice student enrollment is greater than or equal to 2.1 percent and less than 2.7 percent of the district's enrollment;
 - \$75,000 if open choice student enrollment is greater than or equal to 2.7 percent and less than 3 percent of the district's enrollment; or
 - \$115,000 if open choice student enrollment is greater than or equal to 3 percent of the district's enrollment.
- **Hold Harmless:** All districts with enrollment greater than one percent, that increase seats over their October 2014 enrollment will be eligible for a hold harmless provision. This provision will provide them with at least as much funding as they received in fiscal year 2014-15.
- **Targeted Professional Development:** The \$5,000 professional development funding must be used for school climate and culturally responsive education programming. These funds should be informed by the district's approved school climate plan or similar document approved by

the district. The funds should be expended only for such purposes and a separate program narrative and budget must be submitted detailing the use of the funds. Some programs that may be funded through this grant include but are not limited to: ADL Programming; Rachel’s Challenge Program; Comprehensive School Climate Inventory; Culturally Proficient Leadership and Instruction Module; Improving School Climate Training; Culturally Responsive Programming; Connecticut Welcoming Schools Initiative; Bully Proof Your Classroom; and Courageous Conversations.

- **Districts that do not offer additional Open Choice seats for the 2015-16 school year will not be eligible for an Academic, Student and Social Support Grant.**

Please note that the entitlement amounts listed in Attachment A are estimates, and that all participating districts are eligible for the tiered incentive portion of the grant if the enrollment criteria are met. Actual amounts will be based on 2014-15, open choice student enrollments. All awards are subject to the availability of funds.

| Section | V | Allowable Costs |
|---------|---|-----------------|
|---------|---|-----------------|

The CSDE encourages participating districts to implement strategies that will benefit students in need of academic and/or social support as well as to improve social climate within the schools in order to ensure that students remain in and complete the Open Choice Program. Districts should consider the academic and social needs of the students in the Open Choice Program and the types of supports that will improve and enrich their school experience when determining how to use these grant funds. Students benefitting from programs or services funded by the grant must include, but are not limited to, students enrolled in the district through the Open Choice Program. In order for the proposal to be approved, districts must propose and implement strategies that are research based or those with evidence of past success.

Activities that may be funded through this grant include, **but are not limited to:**

- summer school or other summer programs;
- school climate activities and/or programs;
- professional development for teachers;
- parent/family activities including program information and academic development;
- before- and after-school enrichment programs;
- school – family liaison;
- bilingual services for English language learner students and/or parents;
- supplemental reading and/or mathematics programs;
- tutorial services; and
- technology used to assist and/or enhance students academically (**no more than 10 percent not including professional development funds**).

Districts that are unable to purchase services within current resources may enter into agreements with other districts in order to secure cooperative services. Examples of such services include but are not limited to professional development, a support specialist, or a combined summer school program.

Allowable costs for this grant, in support of academic, student and social support activities such as those listed above include the following:

- staff with benefits;
- staff stipends;
- substitute teachers (to provide release time if necessary for professional development);
- instructional supplies and materials, including educational software and technology;
- school climate professional development and services;
- snacks for before and/or after school academic and social activities;
- contracts for academic and/or social support services by an outside agency or community partner;
- parent/guardian transportation; and
- pupil transportation for activities beyond the school day, not covered by the CREC open choice transportation grant.

Indirect costs are not allowable for this grant.

Other costs may be approved. Contact the CSDE program manager prior to submitting the grant application if you plan to expend funds on items or services other than those listed above. Funds must be used to supplement, not supplant, the district’s educational offerings. All budgeted expenses must clearly support the proposed strategies.

| | | |
|----------------|-----------|---------------------|
| Section | VI | Grant Period |

Status reports are due on January 22, 2016, and July 15, 2016. *Grantees must not assume automatic renewal of their grant. Funding is dependent upon available funds, sustaining and/or increasing participation in the Open Choice Program, successful site reviews, submission of acceptable and complete interim and final reports and other factors affecting the quality or delivery of services.*
