I. GENERAL INFORMATION

A. Introduction
The Connecticut State Department of Education’s (CSDE) Bureau of Health/Nutrition, Family Services and Adult Education is conducting a competition to award three-year funding from Fiscal Year (FY) 2022 through Fiscal Year 2025, seeking submission of written proposals on a competitive basis, from eligible agencies/organizations, to support and further enhance adult education services in Connecticut. The funds for this solicitation are authorized by the Workforce Innovation and Opportunity Act (WIOA) of 2014, Title II, Adult Education and Family Literacy Act (AEFLA), Public Law 113-128. Grants awarded through this competition are continued after one year as funds are available and contingent upon program performance.

B. Purpose
The intention of the Program Enhancement Project (PEP) Request for Proposals (RFP) is to increase the capacity of Connecticut’s eligible providers to deliver the needed educational and support services to adult learners in the five workforce development areas. The WIOA supports this effort by requiring solid collaborations with mandated partners and more purposeful relationships between adult education and Connecticut’s Workforce Development Boards (WDBs). The legislation further encourages the alignment of core programs to implement certain critical elements of Connecticut’s WIOA Unified State Plan.

The overarching goal of the WIOA legislation is to:

- increase accessibility to adult education programs and services for learners most in need;
- create a seamless transition to postsecondary education and training through the development of career pathways;
- foster strong, literate families in an effort to reduce the current student achievement gap; and
- build an educated and competitive workforce.

C. Overview of AEFLA Requirements and Purposes
The AEFLA funds must support programs, activities and services that include: adult literacy; workplace education and literacy activities; family literacy activities; English language acquisition (ELA) activities; integrated English literacy and civics education (IEL/Civics); workforce readiness activities; and/or integrated education and training (IET). Programs providing ELA and/or IEL/Civics’ services must support transition of those students to adult basic education (ABE) or adult secondary education (ASE) instruction. Programs must also prepare and support students in achieving successful transition to postsecondary education, training or employment.

The AEFLA recognizes that completion of high school is not an end in itself but the means to further opportunity. It adds to the purpose of high school completion and the transition to postsecondary education through the use of career pathways. The AEFLA also formalizes a role that adult education has played for decades related to assisting
immigrants and English language learners to read, write and speak English, and has added mathematics to the scope of services. The AEFLA also expands the focus of English language learning and civics education to support individuals in effectively participating in education, work and civic opportunities.

Multi-year grants will be awarded based on the ability of the eligible applicant to meet the following AEFLA purposes:

- assist adults to become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency;
- assist adults who are parents or family members to become a full partner in the education development of their children;
- assist adults in completing high school;
- promote transitions from adult education to postsecondary education and training through career pathways; and
- assist immigrants and English language learners improve reading, writing, math, speaking, comprehension skills in the English language, and acquiring an understanding of American government, individual freedom and responsibilities of citizenship.

Eligible Applicants

Applicants for AEFLA funding must be able to demonstrate effectiveness in providing adult education services to adult learners. Eligible applicants may include the following agencies/organizations:

- a local education agency;
- a community-based organization or faith-based organization;
- a volunteer literacy organization;
- an institution of higher education;
- a public or private nonprofit agency;
- a library;
- a public housing authority;
- other nonprofit institutions that have the ability to provide adult education and literacy activities to eligible individuals;
- a consortium or coalition of the agencies, organizations, institutions, libraries or authorities described above; and
- a partnership between an employer and an entity described above.

Demonstrated Effectiveness

An eligible provider must establish that it has demonstrated effectiveness through the following criteria: performance data on its record of improving the skills of eligible individuals, particularly eligible individuals who have low levels of literacy in the content domains of reading, mathematics, English language acquisition, and other subject areas relevant to the services contained in the state’s application for funds. An eligible provider must also provide information regarding its outcomes for participants related to employment, attainment of secondary school diploma or its recognized equivalent, and transition to postsecondary education and training (34 CFR 463.24).
The following Connecticut state-imposed elements will be used in determining demonstrated effectiveness of eligible training providers:

- credential attainment rate;
- measurable skills gain;
- median earnings;
- employment rate;
- total number of individuals served; and
- program of study completed.

There are two ways in which an eligible provider may meet the requirements in this section:

1. An eligible provider that has been funded under Title II of the WIOA must provide performance data required under Section 116 of the WIOA to demonstrate past effectiveness. Past effectiveness will be evidenced by meeting or exceeding performance measures based on documentation from the Literacy Adult and Community Education Services (LACES) database and annual reviews of previously funded providers.

2. An eligible provider that has not been previously funded under Title II of the WIOA must provide performance data to demonstrate its past effectiveness in serving basic skills deficient eligible individuals in all of the following areas:
   - Reading;
   - Mathematics;
   - English language acquisition; and
   - other subject areas relevant to the services

**Target Population**

The term “adult education” means services or instruction below the postsecondary level for individuals:

- who are 17 years-of-age or older;
- who are not enrolled or required to be enrolled in secondary school under state law;
- who lack sufficient mastery of basic educational skills to function effectively in society; and
  - do not have a secondary school diploma or its recognized equivalent,
  - have not achieved an equivalent level of education, or
  - are unable to speak, read or write the English language.

Programs should target individuals with multiple barriers to educational attainment, including: individuals with disabilities, criminal offenders, single parents and individuals with limited English proficiency.

**Considerations for Funding**

The CSDE is required to evaluate each application based on the WIOA Considerations for Funding (WIOA Section 231), which are listed below and in Appendix M. Additionally, past effectiveness of the eligible provider in improving the literacy of eligible individuals to meet state-adjusted levels of performance for the primary indicators of performance
(described in WIOA Section 116), especially with respect to eligible individuals who have low levels of literacy, will also be considered.

In awarding grants, the state provides for a standardized evaluation process using the following considerations. Proposals must demonstrate that all considerations are met.

**WIOA Considerations for Funding (WIOA Section 231)**

1. The degree to which the eligible provider would be responsive to:
   a) Regional needs as identified in the local plan under Section 108 (as evidenced by a description of regional needs and how the applicant will be responsive to those needs).
   b) Serving individuals in the community who were identified as most in need of adult education and literacy activities, including individuals who have low levels of literacy skills or who are English language learners (as evidenced by an objective statement of need accompanied by a recruitment and retention plan which targets these individuals).

2. The ability of the eligible provider to serve eligible individuals with disabilities, including eligible individuals with learning disabilities (as evidenced by an objective statement of need accompanied by a recruitment and retention plan which targets these individuals).

3. Past effectiveness of the eligible provider in improving the literacy of eligible individuals to meet state-adjusted levels of performance for the primary indicators of performance described in Section 116, especially with respect to eligible individuals who have low levels of literacy (as evidenced by meeting or exceeding performance measures based on documentation from the LACES and annual reviews for previously funded providers; and as evidenced by comparable objective performance measures which demonstrate successful student outcomes for new eligible providers).

4. The extent to which the eligible provider demonstrates alignment between proposed activities and services and the strategy and goals of the local plan under Section 108, as well as the activities and services of the one-stop partners (as evidenced by description of proposed activities, strategies and goals, and how the provider plans to align them).

5. Whether the eligible provider’s program is of sufficient intensity and quality, and based on the most rigorous research available, so that participants achieve substantial learning gains and uses instructional practices that include the essential components of reading instruction (as evidenced by a program design suitable to achieve applicable performance measures – appropriateness of program design may be demonstrated by past performance of successful outcomes or documentation of a similar program design and associated outcomes).

6. Whether the eligible provider’s activities, including reading, writing, speaking, mathematics and English language acquisition instruction, delivered by the eligible
(7) Whether the eligible provider’s activities effectively use technology, services, and delivery systems, including distance education in a manner sufficient to increase the amount and quality of learning, and how such technology, services, and systems lead to improved performance (as evidenced by program design and/or curriculum and the accessibility of hardware and software applications as appropriate).

(8) Whether the eligible provider’s activities provide learning in context, including through IET, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship (as evidenced by program design and/or curriculum which focus on skills needed for postsecondary education and training, the workplace and citizenship).

(9) Whether the eligible provider’s activities are delivered by well-trained instructors, counselors, and administrators who meet any minimum qualifications established by the state, where applicable, and who have access to high-quality professional development, including through electronic means (as evidenced by appropriate degrees, certifications and trainings).

(10) Whether the eligible provider’s activities coordinate with other available education, training, and social service resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, local WDBs, One-Stop Centers, job training programs, social service agencies, business, industry, labor organizations, community-based organizations, nonprofit organizations and intermediaries, for the development of career pathways (as evidenced by formal collaborations and the commitment of the provider to assess and address the literacy and non-literacy support services of participants).

(11) Whether the eligible provider’s activities offer flexible schedules and coordination with federal, state, and local support services (such as child care, transportation, mental health services and career planning) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs (as evidenced by program schedules and documentation of support services available).

(12) Whether the eligible provider maintains a high-quality information management system that has the capacity to report measurable participant outcomes (consistent with Section 116) and to monitor program performance (as evidenced by prior participation in or a commitment to participate in the eligible agency’s
Connecticut Competency System (CCS) and LACES, and to submit comprehensive, timely and accurate data).

(13) Whether the local areas in which the eligible provider is located have a demonstrated need for additional English language acquisition programs and civics education programs (as evidenced by area demographic data).

The assessment of each grant application will involve an intense evaluation of the ability of the eligible provider to meet the literacy needs of the area and to comply with the expectations and statutes described within the WIOA.

Alignment with WDB Local Plans
1. Applicants must describe the alignment between their proposed services and the local WDB plan by demonstrating the extent to which the eligible provider aligns the proposed activities and services and the strategy and goals of the local plan, as well as the activities and services of the one-stop partners.
2. As required under the WIOA, local boards will conduct a required review of the local AEFLA grant applications as part of the evaluation process to determine whether the applications are consistent with the local plan and to make recommendations to the eligible agency to promote alignment with the local plan.
3. After the WDB review process, a review team comprised of interagency staff and experts in each priority area will evaluate proposals responding to the RFP. Interagency participants will include representatives of the CSDE, the WDBs and one-stop partners.

Allowable Activities: Each eligible provider receiving a grant must use the grant to establish or operate programs that provide services and/or instruction in one or more of the following categories:
- adult education and literacy services, which may include workplace literacy services;
- adult secondary completion programs;
- family literacy services; and
- English literacy programs.

Special Rule for Family Literacy Programs
Each eligible agency awarded a grant or contract shall not use any funds made available under this title for adult education and literacy activities for purpose of supporting or providing programs, services, or activities for individuals who are under the age of 17, are enrolled, or required to be enrolled, in secondary school under state law, except that such agency may use funds for such purpose if such programs, services or activities are related to family literacy activities. In providing family literacy activities under this title, an eligible provider shall attempt to coordinate with programs and services that are not assisted under this title prior to using funds for adult education and literacy activities under this title for activities other than activities for eligible individuals.

General Education Provisions Act (GEPA) Section 427
The purpose of the GEPA is to ensure that, in designing their projects to be carried out with federal funds, applicants address equity concerns that may affect the ability of
certain potential beneficiaries to fully participate in the project and to achieve high standards. Consistent with program requirements and its approved application, an applicant may use the federal funds awarded to it to eliminate barriers it identifies. Section 427 of the GEPA affects all applicants for grant awards under this program. In order to receive funding under this program, all applicants for grants must include information in their applications to address this provision. Applicants must complete the GEPA Attestation form found on page 38 (Appendix F).

D. Priority Areas
The CSDE will award multi-year grants to eligible providers through a competitive RFP process to enable providers to develop, implement and improve adult education and literacy activities. The CSDE estimates that approximately 4.5 million dollars will be available under this initiative. The grants will range from $30,000 to $300,000, as outlined in each of the following priority areas:

a. Comprehensive Services
   1. Transition Activities (may choose 1, 2 or 3 areas): If choosing more than one priority area under Transition Activities, the applicant must address how each activity selected will complement any other selected activities so that a pathway/continuum is created for student success. For example: creates a workforce readiness program that aligns its curriculum directly with a local postsecondary institution in an identified career pathway and in addition, establishes an agreement with that institution to offer education and/or training opportunities in direct partnership with the adult education provider. The 3 types of Transition programs are the following:
      i. Transition: Workforce Readiness
      ii. Transition to Postsecondary Education/Training
      iii. Transition: IET
   No stand-alone programs if more than one area is selected. Proposal will not be considered for funding under those circumstances.
   2. Enhancement of Adult Literacy Services
      i. High school completion
         1. Connecticut Adult Virtual High School (as outlined in priority specifications, statewide priority: funding for one agency to provide services).
         2. Expansion of the National External Diploma Program (NEDP).
      ii. Family Literacy Services
      iii. Corrections Education and Other Institutionalized Individuals or Special Populations
b. Integrated English Literacy/Civics Education (IELCE)

E. Accountability Practices
To meet federal and state accountability requirements, eligible providers must agree to implement the following student assessment and data reporting practices:
   1. Use the CCS to appraise and assess student progress. The CCS is a curriculum, instruction and assessment system that provides a comprehensive framework for teaching and assessing a common core of competencies and content standards that
adults need in order to be successful in life, work and postsecondary education. The system provides a common assessment vocabulary that allows for movement within and among programs and minimizes unnecessary testing. All funded grantees are expected to adhere to the policies and procedures outlined in the CCS Assessment Policies and Guidelines.

2. It is the grantee’s responsibility to ensure that staff is fully trained in the implementation of the CCS assessments. Training is offered through the Adult Training and Development Network (ATDN) and the CSDE. **Successful eligible applicants will be required to use the TOPSpro Enterprise system to provide immediate test scoring and reports, which help teachers and program directors identify students’ instructional strengths and needs, and pinpoint competencies and content standards to target instruction.**

3. **Use LACES to collect and report on programmatic and student data, specifically the program’s progress on performance levels for the Core Indicators of Performance.** LACES is used to collect and submit individual student and program data. LACES is an Internet-based system. Users are expected to access LACES using the most current version of Google Chrome over a dedicated, broadband Internet connection. It is the grantee’s responsibility to ensure that appropriate staff is trained in the LACES system and that staff follows the policies and procedures outlined in the **LACES Users’ Guide:** LACES Training is provided by Literacy Pro.

Use the **College and Career Readiness Standards (CCR)** in alignment with the Federal Office of Career, Technical, and Adult Education (OCTAE). The CCR Standards for Adult Education are content standards, which align closely with the CCS. The CSDE’s policy requires that all eligible applicants have all ABE/General Educational Development (GED), English and Math teachers trained in using the Math and English Language Arts CCR Standards, and all English as a Second Language teachers trained in using the English Language Proficiency (ELP) Standards in their curriculum. As a requirement for funding, eligible applicants who do not meet this criterion must make provisions to do so.

**F. Performance Accountability**

The WIOA has established an accountability system that requires states to set specific measures for program performance on an annual basis. At a minimum, as part of their program outcomes, programs responding to this RFP will be required to exceed the Connecticut performance levels for 2020. Performance Accountability assesses the effectiveness of grantees in achieving continuous improvement of adult education and literacy activities. The performance outcome measures consist of the following core indicators of performance:

- percentage of program participants who are in unsubsidized employment during the second quarter after exit from the program;
- percentage of program participants who are in unsubsidized employment during the fourth quarter after exit from the program;
• median earnings of program participants who are in unsubsidized employment during the second quarter after exit from the program;
• percentage of participants who obtain either a recognized postsecondary credential or a secondary school diploma, or its recognized equivalent during participation in or within one year of exit from program;
• percentage of participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains toward such a credential or employment; and
• indicators of effectiveness in serving employers.

G. Preparing and Submitting the Application
The proposal must be prepared in accordance with the “Proposal Guidelines and Requirements,” which begin on page 24. Submit one electronic copy to SDE.AdultEd@ct.gov and one copy, single sided, with one bearing an original signature by mail (see address below). H. Proposal Review and Evaluation Criteria
The proposals will be evaluated by a review team comprised of interagency staff and experts in each priority area. Interagency participants will include representatives of the CSDE, the WDB, the one-stop and vocational rehabilitation partners. The review team will evaluate each proposal using a standardized evaluation form based on required federal, state and regional criteria published in the RFP, including the considerations listed in the
WIOA, Title II, Section 232 as follows:

1. A description of how funds awarded under this title will be spent consistent with the requirements of this title.
2. A description of any cooperative arrangements the eligible provider has with other agencies, institutions, or organizations for the delivery of adult education and literacy activities.
3. A description of how the eligible provider will provide services in alignment with the local plan under Section 108, including how such provider will promote concurrent enrollment in programs and activities under Title I, as appropriate.
4. A description of how the eligible provider will meet the state-adjusted levels of performance described in Section 116(b)(3), including how such provider will collect data to report on such performance indicators.
5. A description of how the eligible provider will fulfill one-stop partner responsibilities as described in Section 121(b)(1)(A), as appropriate.
6. A description of how the eligible provider will provide services in a manner that meets the needs of eligible individuals.
7. Information that addresses the considerations described under Section 231 (refer to Appendix M - Considerations for Funding).

*Describe the strategies used for following up with students post-exit. Include concrete examples.*

An internal edit check will be conducted by CSDE staff to ensure compliance with the requirements of Title II of the WIOA, all applicable laws and RFP criteria.

I. Direct and Equitable Access
The CSDE will use the same grant announcement and application process to ensure that all eligible providers have direct and equitable access to apply for these grants under the WIOA. The CSDE will publish and post on the CSDE, the Connecticut Department of Labor and Department of Aging and Disability Services Web sites. In addition, a notice of the RFP will be e-mailed to all current grant-funded eligible applicants and other interested parties, as defined on page 2 of this RFP.

J. Bidders’ Conference
A bidders’ conference will be publicly advertised with the Notice of Availability and will be held virtually on Thursday, March 18th at 11:00 am. Please use this link to register: https://attendee.gotowebinar.com/register/3492422077776677391. Once registered, you will receive a link to the Bidders’ Conference. CSDE staff will be available to answer questions regarding application procedures, proposal format and funding requirements.

K. Disposition of Applications and Grant Awards
The content and cost of proposals are subject to negotiation prior to the final grant. Notification of the grant award will be issued by the CSDE. The level of funding and effective dates of the project will be set forth in the notification of the grant award. The CSDE reserves the right to make grant awards under this program without discussion with the applicants. Therefore, proposals should represent the applicant’s best effort.
from both a technical and cost standpoint. The CSDE also reserves the right to: (1) reject all proposals in a priority area; (2) conduct a more extensive proposal solicitation; (3) reject a lower cost proposal if the CSDE believes that a higher cost proposal more appropriately meets the stated objectives; or (4) transfer funds among priorities, if the number and quality of proposals should warrant it. In order to promote a broad distribution of funds, the CSDE may limit the number of grant awards per applicant and/or per geographic area. ALL AWARDS ARE SUBJECT TO THE AVAILABILITY OF FEDERAL FUNDS. GRANTS ARE NOT FINAL UNTIL THE AWARD LETTER IS EXECUTED.

L. Matching Funds
The CSDE requires applicants to provide a minimum of 20 percent in matching funds (state requirement). Matching funds may include expenditures from state, local and other non-federal sources for adult education programs, services and activities, as defined in the Act. Matching funds may be cash or in-kind, but must be clearly documented. Do NOT provide MORE than 20 percent in matching funds. The proposal must provide assurance that federal funds will not be co-mingled with state or local funds. Costs proposed are those above and beyond normal operational costs and must be attributed to the project described in the proposal.

M. Administrative Costs
According to the Act, at least 95 percent of an eligible recipient’s federal grant award must be expended for adult education instructional activities. The remaining amount, not to exceed 5 percent, may be used for local administrative costs including: planning; administration, including carrying out performance accountability requirements; professional development; and providing adult education and literacy activities in alignment with local workforce plans, including promoting co-enrollment in programs and activities under Title I, as appropriate, and carrying out the one-stop partner responsibilities described in 20 CFR § 678.420, including contributing to the infrastructure costs of the one-stop delivery system. Where the administrative cost limit is too restrictive and would provide insufficient funds for the aforementioned non-instructional purposes, a grant applicant may submit a detailed written request to Marcy Reed, marcy.reed@ct.gov Education Consultant, Bureau of Health/Nutrition, Family Services and Adult Education, justifying the additional administrative costs.

N. Obligations of Grantees
All bidders are hereby notified that the grant to be awarded is subject to contract compliance requirements as set forth in Connecticut General Statutes (CGS), Sections 4a-60, 4a-60a, and Sections 4a-68j-1 et seq. of the Regulations of Connecticut State Agencies. Furthermore, the grantee must submit periodic reports of its employment and sub-contracting practices in such form, in such manner and in such time as may be prescribed by the Connecticut Commission on Human Rights and Opportunities.

O. Freedom of Information Act

Priority Area: Expansion of the National External Diploma Program (NEDP) – up to $30,000

Rationale for this Priority Area: To increase the accessibility of the NEDP to an adult population in Connecticut that lacks a high school diploma. The NEDP provides a unique way for adults to earn a high school diploma; allows adults to demonstrate their high school-level skills by applying their life experiences in real-life situations; and awards a traditional high school diploma to adults who have acquired many of their high school-level abilities through work, family, and community experiences.

5. Programs must demonstrate how they will collaborate with the Department of Aging and Disability Services for support and resources, as well as the American Job Center in their area to ensure delivery of appropriate services, such as participant referral, job search, workshops and/or career information.
Special Note: Funds used for programs for criminal offenders in correctional institutions, or for other institutionalized individuals, can be academic programs in basic education, special education, English literacy, and secondary school completion. A “criminal offender” is defined as any individual who is charged with or convicted of any criminal offense. Priority Area: Integrated English Literacy and Civics Education (IEL/Civics) – up to $100,000

Rationale for this Priority Area: To assist individuals who must be able to read and communicate in English in order to understand and navigate governmental, educational, workplace systems and key American institutions.

Target Population: Immigrants and other limited English proficient individuals.

Special Note: The intention of this funding is to provide IEL/Civics education services, which are designed to serve a cohort of identified ESL learners (intermediate or higher). Integrated Education and Training (IET) program must be designed by and clearly established with training partner at time of application.*

Collaborations among adult education programs are strongly encouraged.

IEL/Civics Education: The term “IEL/Civics education” means education services provided to English language learners who are adults, including professionals with degrees and credentials in their native countries that enables such adults to achieve competency in the English language and acquire the basic and more advanced skills needed to function effectively as parents, workers and citizens in the United States. Such services shall include instruction in literacy and English language acquisition, and instruction on the rights and responsibilities of citizenship and civic participation and may include workforce training. For the purpose of educational and career advancement, IEL/Civics also provides adult education and literacy activities concurrently and contextually with workforce readiness activities and workforce training for a specific occupation or occupational cluster.

IEL/Civics programs must offer contextualized instruction in literacy and English language acquisition; the rights and responsibilities of citizenship; naturalization procedures; civic participation; and U.S. history and government as essential components of the program and in addition, must address the following:

1. Program design and goals that focus on preparing adults for employment in in-demand industries and occupations that leads to economic self-sufficiency;
2. Curriculum focus that will provide information and support in the workplace skills;
3. Coordination with the local workforce system and its activities provided in combination with IET activities. Must provide proof of a reliable and valid training program. Applicant must provide a signed agreement with a training provider.
4. Improvement of literacy skills including speaking, reading, writing and numeracy in order to provide learners with the skills to apply English and mathematics accurately and appropriately in a variety of home, community, workplace and academic settings; and opportunities for experiential learning in which participants are actively engaged in community pursuits included in the program design.
Integrated English Literacy and Civics Education (IEL/Civics) (cont’d)

Not all students are required to be enrolled in IET programs. Services must be provided concurrently and contextually such that within the overall scope of a particular program, the adult education and literacy activities, workforce readiness and workforce training:

- are each of sufficient intensity and quality, and based on the most rigorous research available, particularly with respect to improving reading, writing, mathematics and English proficiency of eligible individuals;
- occur simultaneously; and
- use occupationally-relevant instructional materials.

This funding should not be used to expand or supplant your English Language Acquisition program. IEL/Civics programs should contain multiple components in combination with IET activities and offered only to a subgroup of appropriate ESL learners.

*IET model provides a parallel, simultaneous approach that combines basic skills adult education or English Language Acquisition skills with technical training. The model has been nationally validated as an effective method for teaching adults who need both basic skills and job skills.

IET programs reflect the criteria of being a part of a career pathway aligned to the local workforce plan and how it supports the requirements that a career pathway helps an individual enter or advance within a specific occupation or occupational cluster.

See registered training providers and programs listed on the Connecticut Department of Labor’s website, CTHires.

The CSDE reserves the right to move funds from undersubscribed priority areas to other areas and to consider geographic distribution and access in making funding decisions.

L. **Indirect Costs**
   The CSDE has approved restricted and unrestricted indirect rates for the Regional
Educational Service Centers (RESCs) and some local education agencies. Those agencies which have an approved indirect rate on file at the CSDE may apply costs to line item 940 (Indirect Costs) and they must use the **Restricted Indirect Rate**. These rates may be used to compute indirect costs for grants and contracts funded by the U.S. Department of Education (USDOE), as well as other federal and private agencies. Agencies who wish to apply for an approved indirect rate should contact Education Consultant, Marcy Reed (marcy.reed@ct.gov), for information. The rates are to be applied to a base composed of total direct costs less items of equipment, alterations and renovation, and subcontracts in excess of $25,000 and flow-through grants. When using prepayment grant budgets and expenditure statements, indirect overhead may only be budgeted and reported using line item 940 only. **Indirect costs must be included in the administrative total.**

M. **Statement of Assurances**
The original copy of the proposal submitted must bear an original signature(s) of the authorized official(s) of the applicant on the Statement of Assurances (Appendix J).

N. **Certifications**
The original copy of the proposal submitted must bear an original signature(s) of the authorized official(s) of the applicant on the Certification Regarding Debarment and Suspension, Ineligibility and Voluntary Exclusion (Appendix K).

O. **Affirmative Action Certificate**
Complete and sign Appendix L and include with RFP submission.

P. **Date of Local Board or Agency Acceptance**
Board approval must be obtained prior to submitting the proposal on the established due date. Request for a delay in obtaining board approval must be forwarded to Glen Peterson (glen.peterson@ct.gov) in advance of submitting the proposal with sufficient reason for delay, and must also be included in the RFP cover letter. **Failure to do so may result in elimination from consideration.**

In addition, the grant proposal must be submitted, in total, including budgets into the CT Electronic Grant Management System [CT eGMS](#). If you are a new applicant who does not have current access to the eGMS, please submit a help desk ticket using Request Help with the name of the organization and the person’s name and email address who needs access.

The original RFP, in its entirety, is found in CSDE Resources. Click on CSDE Resources and open the Adult Education folder to access and download the document. Instructions for using eGMS can be found on the eGMS Home page in the section entitled “Training and Video Links.”

STATEMENT OF NEED/TARGET POPULATION:

PROJECT DESIGN: (Give a brief description of the overall design; indicate how this project aligns with community needs and the industry sectors identified by your local WDB.)

PROJECT OBJECTIVES: (Briefly state the objectives of the project.)
Project Plan: Each of the priority areas within the grant application must have an individual project plan, which is limited to FIVE pages, including the Priority Area Abstract. In your responses to each item below, please address how you are aligning your proposal with the 13 considerations found in Section 231 of WIOA and in Appendix M. Also, see Considerations for Funding Checklist (Appendix G-1).

Include in the Abstract:

- **Statement of Need/Target Population**: A statement of need for the project within the community and the service delivery area. Your description must justify the program you are proposing, the current gaps in access and/or service in the applicant’s delivery of adult education services. In addition, the proposal must describe the specific target population to be served.

- **Project Design**: A succinct description of the design of the project you are proposing, why it is appropriate to meet the objectives, and how it will build on the organization’s existing programs.

- **Project Objectives**: Clearly stated project objectives, activities/strategies, measurable outcomes and evaluation method. Include a timeline depicting each phase or aspect of the program. The use of additional diagrams or tables may be effective for this purpose.

In addition to the Priority Area Abstract, the Plan must include the following:

- **Curriculum**: A description of the curriculum to be used for the proposed project. Illustrate how writing, reading and mathematics instruction, aligned with CCR and ELP standards (where applicable), will be integrated into the curriculum to improve student achievement and how digital literacy will be incorporated into the classroom. Indicate that projected activities and instruction are built on a strong foundation of research and effective educational practice; sufficient intensity; and duration to substantially impact student learning.

- **Project Site(s) and Staff**: The site(s) in which this project would be implemented, affirming the availability and appropriateness for use. Efforts must be made to secure public facilities, which involve no cost to the state. If you are proposing to use facilities other than your own, a letter of support must be included. All programs and instructional sites must be accessible to persons with disabilities. Staffing must be suitable for the scope of the project and appropriately credentialed.

- **Recruitment/Retention Plan**: A thorough description of the eligible provider’s recruitment and retention plan for those individuals who lack the level of basic skills and literacy necessary to be effective parents, citizens and employees, and how that plan will focus on long-term program development and community responsiveness rather than solely on current year issues and achievements.

- **Support Services**: In order to minimize barriers to their successful learning experiences (e.g., transportation, child care, etc.), a description of any support services that will be offered to program participants and/or the referral process used to access support services for participants.
- **Evaluation**: A description of the evaluation process that will be used and how it will impact program progress and improvement.

- **Prior Program Performance with Target Population**: Information on the success of its prior educational and/or support interventions with the specific population and services that the priority area is to address.

- **Program Competency and Past Effectiveness**: Establish demonstrated effectiveness through the following criteria: performance data on your record of improving the skills of eligible individuals; particularly, eligible individuals who have low levels of literacy in the content domains of reading, writing, mathematics, English language acquisition, and other subject areas relevant to the services contained in the state’s application for funds. An eligible provider must also provide information regarding its outcomes for participants related to employment, attainment of a secondary school diploma or its recognized equivalent, and transition to postsecondary education and training (34 CFR 463.24).
APPENDIX C

PROGRAM COMPETENCY AND PAST EFFECTIVENESS

**Instructions:** Provide a description of the “past effectiveness of the eligible provider in improving the literacy of eligible individuals, to meet the state-adjusted levels of performance for the primary indicators of performance described in Section 116, especially with respect to eligible individuals who have low levels of literacy.”  
**(WIOA Title II Sec. 231 (e)(3))**

**NOTE:** Agencies that cannot demonstrate past effectiveness in increasing students’ educational functioning levels will not be considered “eligible providers.” Only “eligible providers” may qualify for funding.

### Criteria

Expand each row, as needed, to fully respond to the criteria.

| Each applicant must complete Appendix C and submit its Program Performance Summary for 2019, Program Profiles for 2019 and 2020, Tables 4, 4a, 4b and 5 for 2020 and 2021. |
| Identify the program’s key academic outcomes and successes in the past three years for all students, including those students who have low levels of literacy. |
| Describe academic outcome challenges and plans to address these challenges. Provide a full explanation of any years that did not meet the threshold for educational functioning level gains. |
| Provide information regarding outcomes for participants related to employment, attainment of a secondary school diploma or its recognized equivalent, and transition to postsecondary education and training |
| Describe the strategies that you use for following up with students post-exit. Include concrete examples. |

APPENDIX I
MASTER CODE BUDGET DESCRIPTION

Object Code Descriptions

111A Administrator/Supervisor Salaries (ADMINISTRATIVE)
Amounts paid to administrative employees of the grantee not involved in providing direct services to pupils/clients. Include all gross salary payments for these individuals while they are on the grantee payroll, including overtime salaries or salaries paid to employees of a temporary nature.

111B Teachers
Salaries for employees providing direct instruction/counseling to pupils/clients. This category is used for both counselors and teachers. Include all salaries for these individuals while they are on the grantee payroll, including overtime salaries or salaries of temporary employees. Substitute teachers or teachers hired on a temporary basis to perform work in positions of either a temporary or permanent nature are also reported here. Tutors or individuals whose services are acquired through a contract are not included in the category. A general rule of thumb is that a person for whom the grantee is paying employee benefits, and who is on the grantee payroll, is included; a person who is paid a fee with no grantee obligation for benefits is not.

112A Education Aides
Salaries for grantee employees who assist staff in providing classroom instruction. Include all gross salaries for these individuals while they are on the grantee payroll, including overtime salaries or salaries of temporary employees.

112B Clerical (ADMINISTRATIVE)
Salaries for grantee employees performing clerical/secretarial services. Include all gross salaries for these individuals while they are on the grantee payroll, including overtime salaries or salaries of temporary employees.

119 Other

200 Personal Services - Employee Benefits
Amounts paid by the grantee on behalf of the employees whose salaries are reported in objects 111A, 111B, 112A, 112B or 119. Such payments are fringe benefit payments and, while not paid directly to employees, nevertheless is part of the cost of personal services. Included are the employer’s cost of group insurance, social security contribution, retirement contribution, tuition reimbursement, unemployment compensation and workmen’s compensation insurance.
321 Tutors (Instructional Non-Payroll Services)
Payments for services performed by qualified persons directly engaged in providing learning experiences for students. Include the services of teachers and teachers’ aides who are not on the payroll of the grantee.

322 In-service (Instructional Program Enhancement Services) (ADMINISTRATIVE)
Payments for services performed by persons qualified to assist teachers and supervisors to enhance the quality of the teaching process. This category includes curriculum consultants, in-service training specialists, etc., who are not on the grantee payroll.

323 Pupil Services (Non-Payroll Services)
Expense for certified or licensed individuals who are not on the grantee payroll and who assist in solving pupils’ mental and physical problems. This category includes medical doctors, therapists, audiologists, neurologists, psychologists, psychiatrists, contracted guidance counselors, etc.

324 Field Trips

325 Parental Activities

330 Employee Training and Development Services
Payments for professional or technical services that are not directly related to instructional activities. Included are payments for data processing, management consultants, legal services, etc. Do not include the cost of an independent auditor in this category.

400 Purchased Property Services
Expenditures for services to operate, repair, maintain and rent property owned and/or used by the grantee. These are payments for services performed by persons other than grantee employees. Most frequently allowed expenditures include: Rentals - costs for renting or leasing land, buildings, equipment or vehicles; Repair and Maintenance services - expenditures for repairs and maintenance services not provided directly by grantee personnel, including contracts and agreements covering the upkeep of buildings and equipment; and Construction Services (Remodeling and Renovation) - payments to contractors for major permanent structural alterations and for the initial or additional installation of heating and ventilating systems, electrical systems, plumbing systems or other service systems in existing buildings. Utility services such as cleaning service, disposal service, snow plowing, lawn care, etc. could also be reported in this category. It is up to the program manager to inform applicants what is an allowable purchased property service under a grant program. The review of the budget justification should reveal the existence of any unallowable item.

510 Pupil Transportation
Expenditures for transporting pupils to and from school and other activities. Included are such items as bus rentals for field trips and payments to drivers for transporting handicapped children.
530  Communication
Payments for services provided by persons or businesses to assist in transmitting and receiving messages or information. This category includes telephone and telegraph services, as well as postage machine rental and postage.

580  Travel (ADMINISTRATIVE)

641  Textbooks

690  Other Supplies

700  Property
Expenditures for acquiring fixed assets, including land or existing buildings, improvements of grounds, initial equipment, additional equipment and replacement of equipment. For most grants, only equipment such as computers, duplicating machines, furniture and fixtures is allowable and the line item description on the budget will read Property/Equipment only. Other items which could be included in this category, if allowable under grant legislation, are expenditures for the acquisition but not the rental of buildings and land. Although cost of materials which resulted in a new or vastly improved structure would also be included here, the expenditures for the contracted construction of buildings, for permanent structural alterations, and for the initial or additional installation of heating and ventilating systems, fire protection systems, and other service systems in existing buildings are recorded under object 400 - Purchased Property Services.
In accordance with the Connecticut State Comptroller’s definition of equipment, included in this category are all items of equipment (machinery, tools, furniture, vehicles, apparatus, etc.) with a value of over $5,000.00 and the useful life of more than one year.

940 Indirect Costs
Costs incurred by the grantee, which are not directly related to the program but are a result thereof. NOTIFICATION TO BIDDERS

The contract to be awarded is subject to contract compliance requirements mandated by Section 4a-60 and 4a-60a of the Connecticut General Statutes; and, when the awarding agency is the State, Section 46a-71(d) and 46a-81i(d) of the Connecticut General Statutes. There are Contract Compliance Regulations codified at Section 46a-68j-21 through 43 of the Regulations of Connecticut State Agencies which establish a procedure for the awarding of all contracts covered by Sections 46a-71(d) of the Connecticut General Statutes.

According to Section 46a-68j-30(9) of the Contract Compliance Regulations, every agency withholding a contract subject to the contract compliance requirements has an obligation to "aggressively solicit the participation of legitimate minority business enterprises as bidders, contractors, subcontractors and suppliers of materials." "Minority business enterprise" is defined in Section 4a-60 of the Connecticut General Statutes as a business wherein fifty-one percent or more of the capital stock, or assets belong to a person or persons: "(1) Who are active in the daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; (3) who are members of a minority, as such term is defined in sub-section (a) of Section 32-9n." "Minority" groups are defined in section 32-9n of the Connecticut General Statutes as "(1) Black Americans... (2) Hispanic Americans... (3) persons with origins in the Iberian Peninsula... (4) Women... (5) Asian Pacific Americans and Pacific Islanders... (6) American Indians... (7) individuals with a disability considered a minority business enterprise pursuant to Connecticut General Statutes, Section 32-9e." The above definitions apply to the contract compliance requirements by virtue of Section 46a-68j-21(11) of the Contract Compliance Regulations.

The awarding agency will consider the following factors when reviewing the bidder's qualifications under the contract compliance requirements:

a) the bidder's success in implementing an affirmative action plan;
b) the bidder's success in developing an apprenticeship program complying with Section 46a-68-1 to 46a-68-17 of the Administrative Regulations of Connecticut State Agencies, inclusive;
c) the bidder's promise to develop and implement a successful affirmative action plan;
d) the bidder's submission of EEO-1 data indicating that the composition of its work force is at or near parity when compared to the racial and sexual composition of the work force in the relevant labor market area;
e) the bidder's promise to set aside a portion of the contract for legitimate minority business enterprises. See Section 46a-68j-30(10)(E) of the Contract Compliance Regulations; and
f) the bidder's certifies firm is not listed on debarment lists promulgated pursuant to CGS, Section 31-53a and 34 CFR Part 85, Appendix A of federal statutes.

INSTRUCTION: Bidder must sign acknowledgment below, and return the signed acknowledgment to the CSDE, along with the bid proposal.
The undersigned acknowledges receiving and reading a copy of the Commission on Human Rights and Opportunities Contract Compliance Regulations and the "Notification to Bidders" form.

(8) Whether the eligible provider’s activities provide learning in context, including through IET, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship (as evidenced by program design and/or curriculum which focus on skills needed for postsecondary education and training, the workplace and citizenship).

(9) Whether the eligible provider’s activities are delivered by well-trained instructors, counselors, and administrators who meet any minimum qualifications established by the state, where applicable, and who have access to high-quality professional development, including through electronic means (as evidenced by appropriate degrees, certifications and trainings).
