GENERAL INFORMATION

BACKGROUND

The Fiscal Year (FY) 2018 Agriculture Appropriations Act provides funds to state agencies to competitively award Equipment Assistance Grants to eligible school food authorities (SFAs) participating in the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The funds allow SFAs to purchase equipment that improves the school Child Nutrition Program in the following ways:

- improve the quality of school meals;
- serve healthier meals that meet the updated meal patterns with emphasis on serving more fruits and vegetables, which includes items purchased locally;
- improve food safety; and
- improve and expand participation in the NSLP and/or SBP.

GRANT PERIOD – August 1, 2019, through September 30, 2020

The United States Department of Agriculture (USDA) encourages grant recipients, through whatever means available, to expend their NSLP Equipment Assistance Grants within the specified timeframe in full. SFAs must complete their procurement and expenditure activities by September 30, 2020. Federal procurement regulations at 7 CFR Part 210.21 and 2 CFR Part 200.317-326 indicates that equipment competitively procured using these grant funds must be necessary, reasonable and allocable. SFAs must follow all federal, state and local procurement laws when purchasing equipment with these grant awards. Grant recipients must withdraw funds no later than 60 days after the grant end date. There are no exceptions to or waivers from this requirement.

SFAs that are unable to expend their grant amounts in full must notify the state agency by August 30, 2019, and return the unliquidated funds to the state agency. Unused funds returned to the state agency prior to September 30, 2019, will be reallocated to award the next applicant approved for an Equipment Assistance Grant that had not received funds during the initial competitive grant application process.

ELIGIBLE APPLICANTS

The Connecticut State Department of Education (CSDE) must award these grants via a competitive grant process to SFAs, giving higher priority to high-need schools where 50 percent or more of the enrolled students are eligible for free or reduced-price meals. In addition, priority is given to schools that did not receive a previous NSLP Equipment Assistance Grant award under the American Recovery and Reinvestment Act of 2009 and the FY 2010, FY 2013, FY 2014, FY 2015, FY 2016 and FY 2017 Agriculture Appropriations Acts.
FUNDING

Total funds available are $236,791. The CSDE will award grants of up to $15,000 per SFA (see section on Overall Use of Funds for further clarification). The grant award will occur on a one-time basis at the beginning of the grant period. The CSDE will distribute awarded funds through the CSDE prepayment grant system.

The CSDE reserves the right to make grant awards under this program based on scoring criteria alone (see page 9). The CSDE reserves the right to limit or prorate the award amounts based on the number and need of applicants. Grants are not final until the execution of award letters. The level of funding, reporting requirements, and effective dates of the project will be set forth in the notification of the grant award.

OVERALL USE OF FUNDS

Proposals may include the acquisition, renovation, or replacement of equipment. In accordance with the Connecticut State Comptroller’s definition, this category includes all items of equipment (machinery, tools, furniture, vehicles, apparatus, etc.) with a value of over $5,000 and the useful life of more than one year; and data processing equipment that has a unit price under $5,000 and a useful life of not less than five years. Therefore, the CSDE will accept proposals for equipment in accordance with these standards.

In addition, proposals may include any costs that are reasonably required to procure new equipment and place it in service. This includes delivery, installation, testing, and disposal of the old equipment. For example, the purchase of a walk-in freezer for the school food service would be an allowable cost, which could include the cost of minor alterations necessary for installation or operation. However, a general renovation or extension to a food service area would fall under the category of construction costs, which is not an allowable cost of these grant funds.

As with all federal grant funds, equipment procured using these grant funds must be necessary, reasonable and allocable. SFAs are required to follow all federal, state and local procurement laws when purchasing equipment with these grant funds (see page 21).

PURPOSE OF THE NSLP EQUIPMENT ASSISTANCE GRANTS

These funds will allow SFAs to purchase the equipment needed to meet the new nutritional standards for schools. The proposal must address how the equipment improves the quality of school meals. The grant proposal must address at least one additional focus area identified below:

- **Food Safety**: Equipment that improves the safety of food served in the school meal programs (e.g., cold or hot holding equipment, blast chillers, refrigeration or freezers).
- **Expand Participation**: Equipment that supports an SFA’s improvement or expansion of participation in the NSLP or SBP (e.g., equipment for serving meals in an alternate setting or to better utilize cafeteria space).
• **Efficiency**: Equipment that improves the overall energy efficiency of the school nutrition operation (e.g., purchase of an energy efficient walk-in freezer to replace on outdated energy-demanding freezer).

The USDA has an initiative with the National Football League and National Dairy Council’s Fuel Up to Play 60 (FUTP60) program to provide additional funding opportunities to help schools upgrade their kitchen equipment and infrastructure. These grants will help move millions of America’s youth from hungry to healthy through the provision of additional resources to schools to meet the updated national nutrition standards by helping to serve meals with more whole grains, fruits, vegetables, lean protein and low-fat dairy, and less sodium and fat. The FUTP60 opportunity is a separate grant announcement from this RFP. SFAs are encouraged to apply directly to FUTP60 through [http://www.fueltoplay60.com/funding/general-information](http://www.fueltoplay60.com/funding/general-information).
SCORING CONSIDERATION

The CSDE will not score submitted proposals that do not contain written quotes for the cost of equipment and any related work necessary. During the scoring and selection process, please consider the following factors:

- opportunities to realize a meaningful impact on nutrition and quality of meals (such as serving more local foods or replacing fryers with combination steamer ovens);
- age of food service equipment; and
- strategies for adopting Smarter Lunchrooms (e.g., lunchroom changes that provide more convenience and appeal to the student population, highlighting healthier choices, redesigning menus that target healthier entrees/options).

To read more about the Smarter Lunchrooms initiative, follow this link:

PROJECT REPORTING

The Federal Programs Reporting System will track project funding. The Food and Nutrition Service Regional Program Offices will be responsible for collecting quarterly and annual progress activity reports from state agencies that include the following information:

- progress made in expending funds;
- types of equipment purchased;
- cost of each piece of equipment funded;
- accomplishments and challenges in expenditure activities;
- impact on the school food service operation of purchased equipment;
- reason(s) for any unliquidated funds;
- report on the total amount and percentage of total administrative costs expended as compared to the total amount allowable for administrative costs; and
- potential return of equipment.

The CSDE will require complete accountability of the use of these grant funds, thus all grantees will submit accountability reports as requested in a format provided by the CSDE. Each grant recipient must submit a summative report of the purchase and installation of the equipment funded pursuant to this grant. Additional information will follow. Grantees must provide a final project report to Kelly.Mero@ct.gov on or before September 30, 2020. All procurement and expenditure activities must be completed no later than September 30, 2020. Any funds not expended by September 30, 2020, will be forfeited.
APPLICATION DEADLINE

Proposals (original and three copies), IRRESPECTIVE OF POSTMARK DATE AND MEANS OF TRANSMITTAL, must be received by Friday, May 31, 2019. THE CSDE WILL NOT GRANT EXTENSIONS.

The original proposal must bear an original signature of the food service director and the authorized representative of the SFA. An original signature is also required on the Statement of Assurances, which is a component of all proposals. Submit only pages 10-20, excluding page 14. 400 **Purchased Property Services.** Services purchased to operate, repair, maintain, and rent property owned or used by the grantee. These services are performed by persons other than grantee employees. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

500 **Other Purchased Services.** Amounts paid for services rendered by organizations or personnel not on the payroll of the grantee (separate from Professional and Technical Services or Property Services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

600 **Supplies.** Amounts paid for items that are consumed, worn out, or deteriorated through use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

700 **Property.** Expenditures for acquiring fixed assets, including land or existing buildings, improvements of grounds, initial equipment, additional equipment, and replacement of equipment. For most grants, only equipment such as computers, duplicating machines, furniture, and fixtures is allowable and the line item description on the budget will read Property/Equipment only. Other items which could be included in this category, if allowable under grant legislation, are expenditures for the acquisition but not the rental of buildings and land. Although cost of materials which resulted in a new or vastly improved structure would also be included here, the expenditures for the contracted construction of buildings, for permanent structural alterations, for the initial or additional installation of heating and ventilating systems, fire protection systems, and other service systems in existing buildings are recorded under object 400 - Purchased Property Services. In accordance with the Connecticut State Comptroller’s definition of equipment, included in this category are all items of equipment (machinery, tools, furniture, vehicles, apparatus, etc.) with a value over $5,000 and the useful life of more than one year.
