Request for Proposals

After-School Grant Program for Grades K-12

July 1, 2017, to June 30, 2019

Purpose: To implement or expand high-quality programs outside school hours that offer student’s academic/educational enrichment and recreational activities in Grades K-12 that are designed to reinforce and complement the regular academic program of participating students.

Pursuant to Connecticut General Statutes Section 10-16x.

The Connecticut State Department of Education reserves the right to make necessary policy changes after proposals are submitted and to negotiate awards with potential recipients.

Application Due Date: July 31, 2017

Published: June 22, 2017

RFP #999
The Connecticut State Department of Education is committed to a policy of equal opportunity/affirmative action for all qualified persons. The Connecticut State Department of Education does not discriminate in any employment practice, education program, or educational activity on the basis of race, color, religious creed, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including, but not limited to, intellectual disability, past or present history of mental disorder, physical disability or learning disability), genetic information, or any other basis prohibited by Connecticut state and/or federal nondiscrimination laws. The Connecticut State Department of Education does not unlawfully discriminate in employment and licensing against qualified persons with a prior criminal conviction. Inquiries regarding the Connecticut State Department of Education’s nondiscrimination policies should be directed to:

I. Purpose

The After-School Grant Program was established by the Connecticut General Assembly for the purpose of creating high-quality after-school programs outside of regular school hours. After-school programs are defined as programs that take place when school is not in session (e.g., during before and after school, summer recess periods and school breaks) and provide educational enrichment and recreational activities for students in Grades K-12 and have a parent involvement component. After-school programs provide students with academic enrichment opportunities, as well as additional activities designed to complement the districts’ academic programs. These programs, located in elementary, secondary, or other facilities, can provide a broad variety of high-quality services to support student learning and development. Services include tutoring and mentoring, homework help, academic enrichment (such as hands-on science or technology programs), community service opportunities, as well as music, arts, sports and cultural activities. At the same time, programs assist working parents by providing a safe environment for students.

The specific purpose of the grant is to implement or expand programs outside of regular school hours that offer students both academic/educational and enrichment activities, such as youth development activities, drug, violence and pregnancy prevention programs, counseling, project-based learning, art, music, technology education programs, service learning, character education and recreation programs that are designed to reinforce and complement the regular academic program of participating students, as well as provide parent involvement opportunities for families.

The objectives of the grant are to improve school attendance, academic achievement and in-school behavior of students participating in after-school programs.

Please indicate on the application cover sheet which option you are applying for:
A. Elementary School After-School Program Implementation/Expansion; or
B. Middle and High School After-School Program Implementation/Expansion.

II. Eligible Applicants

All local educational agencies (LEAs), municipalities, not-for-profit and exempt community-based organizations (CBOs), including faith-based organizations and other public or private organizations, or a consortium of two or more agencies, organizations, or entities that may include, but are not limited to, local and regional boards of education, Regional Educational Service Centers (RESCs) applying on behalf of LEA(s), charter or magnet schools are eligible to apply/receive funds from the state under this program.

The Connecticut State Department of Education (CSDE) will give competitive priority to applications that propose to serve students in low-performing schools and to applications submitted jointly by LEA(s) and public or private community organizations.

All proposals require signatures from the superintendent of schools and the principal of the participating school in the applicant’s district. Signatures indicate a commitment of the superintendent and the principal to provide CSDE with the student’s State Assigned Student Identification (SASID) for Reporting purposes. Community partners will provide the LEAs with student information (e.g. last name, first name, DOB).
III. Time Period, Size and Number of Grants

**Time Period**
Funding is for two years, fiscal years 2017-18 and 2018-19, subject to the passage of the state budget. The second year of funding is contingent upon adequate progress toward program goals and use of funds. Programs will be required to submit an End of Year Report (EYR) and a budget prior to year two funding.

**Size of Grants**
The minimum grant award is $25,000 per year. The maximum grant award is $200,000 per year. The average cost per program ranges from $150,000 to $200,000, at two program sites serving a total of 150 students and their parents. Costs per program may be higher or lower, depending on the number of individuals served, the variety of activities and the availability of additional resources.

**Number of Grants**
The number of grants funded will depend on the number of applicants and funds available.

IV. Eligible Activities
Each eligible organization that receives an award may use the funds to carry out a broad array of activities during before- and after-school, summer recess periods and school breaks that advance student achievement including:
- remedial education activities and academic enrichment learning programs, including providing additional assistance to students to allow the students to improve their academic achievement;
- mentoring for college and career options;
- science, technology, engineering and/or mathematics (STEM) activities;
- arts and music education activities;
- entrepreneurial education programs;
- tutoring services (including those provided by senior citizen volunteers and mentoring programs);
- after-school activities for English Learners (EL) that emphasize language skills and academic achievement;
- health and wellness activities;
- recreational activities;
- telecommunication and technology education programs;
- assistance to students who have been chronically absent, truant, suspended or expelled to allow them to improve their academic achievement;
- drug, teen pregnancy and violence prevention programs, counseling programs and character education programs;
- programs that promote social/emotional learning and development;
- service learning activities;
- global education and world languages;
- college and career readiness activities;
- virtual high school and other credit recovery opportunities; and
- parent engagement activities and family literacy.

It is also essential that programs incorporate significant opportunities for the youth to have input as to which activities will be offered, as well as the ability to choose the activities in which they participate with appropriate guidance.
V. Application Format

The grant application must be single-spaced on white paper and stapled, not bound. The size of the font must be set at 12 point. A table of contents should be included that references the responses to the required grant sections. Pages must be numbered consecutively, beginning with the abstract page. All proposals must adhere to the format described in this section. Any information, such as visuals or charts, which can simplify the evaluator’s understanding of the submitted project, is appreciated. The total proposal must not exceed 42 pages and must include the following completed grant sections in order to be considered:

- Signed Grant Application Cover Page (Appendix A - one page);
- Application Abstract (one page);
- Table of Contents (one page);
- Application Narrative;
  - Need for Project (two pages);
  - Partnerships and Collaborations (four pages)
  - Project Design (seven pages);
  - Adequacy of Resources (two pages); and
  - Management Plan (two pages)
- Budget ED114 (Appendix D) and Budget Narrative (three pages);
- Statement of Assurances (Appendix E - five pages);
- Affirmative Action Packet (Appendix G - one page);
- Partner Applicant Commitment Letter (Appendix H - one or more pages); and
- Other Supporting Materials, for example staffing charts, daily scheduling diagrams or annual program calendar (10 pages).

The original and three (3) copies of the proposal with one (1) bearing the original signature of the official legally authorized to apply for the agency must be submitted. All proposals submitted become the property of the CSDE and a part of the public domain.

VI. Application Requirements

The following components must be included in the application:

A. Need for Project
   
   (two pages, 15 points)
   
   1. Provide a description of the applicant community and the needs of the target population.
   2. Provides a description of how the proposed project will remedy the risk factors for each target population.

   Guidance for applicants: Provide a description of your community and the extent to which the proposed project is appropriate to and will successfully address the needs of students and their families.

B. Partnerships and Collaboration
   
   (four pages, 25 points)
   
   Identify partner agencies and describe an established plan for ongoing communication and collaboration for the purposes of the proposed project.
   
   1. Provide a detailed description of the partnership between the LEA(s) or school(s) and CBO(s) or other public or private organizations.
   2. Clearly delineate roles of partners, including:
a. specific responsibilities of designated staff;
b. supervision, evaluation and supports for staff;
c. plans for ongoing communication; and
d. allocation of resources.
3. Describe how program staff will collaborate with school day teachers and disseminate information about program offerings and goals.
4. Describe how Professional Learning and training opportunities will be shared between partner organizations.
5. Include letters of commitment from the superintendent and administration that programs have the capacity to invest time and resources to support program start-up and implementation as specified in the grant proposal notwithstanding a delay in funding.

Guidance for applicants: Clearly delineate the roles to be played by each of the partners, describing who will do what, when and where, to what ends and with what anticipated results. Please include letters of commitment or memoranda of understanding that clearly indicate the role and capacity of each partnering organization discussed in the application. Applicants are advised that the quality of letters of support, with a clear demonstration of buy-in from senior administrators of the partnering organization, is more important than the quantity. Many successful applicants have involved their community partners in planning and writing the grant application, as well as in helping to implement the grant once awarded. If more than one school is involved in the proposed program, please include letters of support from each of the schools’ principals and superintendent.

C. Project Design
(seven pages, 65 points)
1. Identify target population, including number of students to be served and address needs of target population.
2. Provide logical and realistic project goals, objectives, activities, and timeline.
3. Offer students a broad variety of additional services, programs and activities, such as youth development activities, drug and violence prevention programs, art, music and recreation, technology education, character education that complement the regular academic program of participating students.
4. Outline plans to incorporate cultural competency practices into activity offerings and overall program environment.
5. Offer parents a broad range of activities to promote parent engagement.
6. Describe how children will travel safely to and from the program and home.

Guidance for applicants: Clearly describe your target population, including:
- the total number of students that each site will serve; and
- the target number of students who will receive a minimum dosage, as defined:
  - Elementary school: number expected to attend a minimum of 60 percent of all program activities during the school year;
  - Middle school: number expected to attend at least 45 days of programming during the school year; and
  - High school: number expected to attend at least 30 days of programming during the school year.

To be eligible for second year funding, programs must show at the end of the first year, that they have met 80 percent of their target number for minimum dosage. Additional hours from field trips
and special events can be included. Any of these activities planned for students should be thoroughly described in this section.

Clearly describe how the after-school program will provide students with a variety of learning opportunities that complement and enrich, but do not duplicate, school-day instruction. Clearly describe the activities to be provided by the project and elaborate on how these goals and objectives are linked to the identified needs. For example, explain how your project will provide services and activities that are not currently available during the regular school day, how project staff will vary their approaches to help meet a child’s individual needs and how staff will collaborate with regular school day teachers to assess a student’s needs.

Successful grant applications are clear in addressing how specific activities in the project design will assist students in their area(s) of need. For instance, merely asserting in an application that the project will assist students in meeting or exceeding local and state standards in core academic areas does not provide the reviewers of the application with a full understanding of how this expectation will occur. It is also suggested that you carefully tailor your activities to address the specific needs of program participants to achieve the desired outcomes. Successful applicants address the needs of potential dropouts and students otherwise at risk of academic failure, including students living in poverty and students with limited English proficiency.

**Program Schedule:**
Clearly address the number of weeks which the program will operate, with proposed start and end dates. The *minimum* number of weeks that the program must meet is 25, although additional points will be awarded for those programs that start in the first week of school and end in the last week of school. Programs that are designed to operate throughout the full school year will receive 15 points, at least 30 weeks will receive 10 points, and less than 30 weeks will receive five points.

Specify the number of hours per day and the number of days per week the program will meet. Because school dismissal times vary between districts, programs must explain how their hours and schedule will meet the needs of their students and families.

Elementary school programs (Option A) must provide services for a *minimum* of nine hours per week and not less than four days per week on average. Programs that plan to operate less than 25 weeks are inadequate and will not be funded.

There are different requirements for the schedules of programs serving older students. Middle school programs and programs at K-8 schools that will target participants in Grades 6-8 (Option B) must provide a minimum of four days of services per week. This may be offered in two, two-day sessions, with Group A meeting on Mondays and Wednesdays, and Group B meeting on Tuesdays and Thursdays, as long as participants are allowed to sign up for both groups if they so choose. The expectation is that middle school programs should provide services for a minimum of eight hours per week. The program must be scheduled in a manner that allows the majority of middle school participants to attend a minimum of 45 days of programming during the school year.

High school programs (Option B) must provide a minimum of two days of services per week. The requirement is that high school programs must provide services for a *minimum* of five hours per week. The program must be scheduled in a manner that allows the majority of high school participants to attend a minimum of 30 days of programming during the school year.
A high level of student attendance in the after-school programs is essential to achieve the desired program outcomes. “Drop-in” programs and those without adequate registration processes and structured activities will not be considered.

**Literacy Component:**
A literacy component must be offered as part of the academic and enrichment offerings of the program and include small group instruction for low-achieving students using strategies consistent with Connecticut’s Common Core State Standards for English Language Arts or research-based literacy practices, such as those included in “Literacy Strategies for After School” available here: [http://bit.ly/1E2gkAp](http://bit.ly/1E2gkAp). Up to an additional 15 points will be awarded to programs, based on the quality of the proposed literacy component.

**STEAM Component:**
Academic and enrichment components must be offered that include project-based learning opportunities which focus on at least two of the following areas: Science, Technology, Engineering, Arts or Math (STEAM). Activities should incorporate literacy and technology whenever possible. Describe how STEAM activities align with program goals. Describe how the program will use strategies consistent with the Connecticut’s Common Core State Standards for Mathematics and/or the Connecticut’s Science, Technology Education and Arts Curriculum Frameworks. Up to an additional 15 points will be awarded to programs, based on the quality of the STEAM component.

**Wellness & Recreation Component:**
High quality wellness, social and emotional and recreational offerings must be aligned with program goals. Some examples of high quality social and emotional activities include: group work focused on interpersonal communication skills, problem-solving and team-building activities. Examples of high quality physical activities include: walking, running, dancing and playing active games. Games and activities that include hopping, skipping and jumping are also good. School can also reinforce academic concepts through activities such as Energizers (physical activities that integrate physical activity with academic concepts). Every student should have an equal opportunity to participate regardless of ability level. Activities should be age-appropriate, enjoyable, offer variety, promote active play and structured physical activity. For more information go to [http://www.coloradohealth.org/WorkArea/DownloadAsset.aspx?id=6808](http://www.coloradohealth.org/WorkArea/DownloadAsset.aspx?id=6808) (Out of School Time Physical Activity Curricula and Other Resources and [http://www.nchealthyschools.org/docs/resources/afterschoolstandards.pdf](http://www.nchealthyschools.org/docs/resources/afterschoolstandards.pdf) (Recommended Standards for After-School Physical Activity).

Programs should provide a daily healthy snack that contains at least two different food items from the following four components: a serving of low-fat plain or fat-free plain or flavored fluid milk; a serving of meat or meat alternative; a serving of vegetable(s) or fruit(s) or full strength juice (vegetable, fruit or combination); a serving of whole-grain or enriched bread or cereal. Sites that are located where at least half the children in the school attendance area are eligible for free and reduced price school meals are required to participate in the United States Department of Agriculture (USDA) After-School Meals Program, which will enable them to provide a more substantial meal after school.

In addition, the wellness component should also include opportunities to put into practice skills developed as a result of these components. Document how you will use strategies consistent with Connecticut’s “Healthy and Balanced Living Curriculum Framework for Comprehensive School Health Education and Comprehensive Physical Education. Up to an additional ten points will be awarded to programs based on the quality of the wellness and recreation component.

**College and Career Readiness Component (Required for Middle/High Schools Only):**
A meaningful exploration of postsecondary activities, both college and career, must be included as part of middle school and high school after-school programs. Up to an additional 10 points will be awarded to programs, based on the quality of the college and career readiness component.

**Parent Engagement:**
Parent engagement is defined as the participation of parents in regular, two-way and meaningful communication involving student learning. Before- and after-school programs provide a particularly important opening for supporting schools and families. Community agencies can collaborate to provide integrated family support services that build upon existing community resources and link with public schools.

All grantees must commit a *minimum of five percent* of their grant budget to support parent involvement activities, including staff training to support parent involvement activities. The use of funds shall support activities designed to build the program’s and parent’s capacity for strong parental involvement to support student achievement. Please include a description of the parent engagement activities in the Project Design section of the proposal.

Appropriate uses of funds for parent engagement include:
- materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, and to foster parental involvement;
- training for staff on how to reach out to, communicate with and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the program;
- reasonable and necessary expenses associated with local parental engagement activities, including transportation and child care costs, to enable parents to participate in meetings and training sessions;
- training parents to enhance the engagement of other parents;
- meetings at a variety of times in order to maximize parental engagement and participation;
- establishing a parent advisory council to provide advice on all matters related to parental engagement in the program;
- developing appropriate roles for CBO(s) and businesses in parent engagement activities; and
- providing such other reasonable support for parental engagement activities as parents may request.

**D. Adequacy of Resources**
*(two pages, 35 points)*
1. Includes an organizational chart of key staff, outlining identified roles (must designate a program director, program coordinator and data person) and percentage of time staff will be dedicated to the project.
2. Provide a description of the adequacy of support, including staff, facilities, equipment, supplies and other resources, from the applicant organization and its partnering organizations. Demonstrate that the total resources are adequate to achieve the stated goals.

3. Provide a description of the adequacy of supervision and training for all staff that have contact with children.

4. Demonstrate that total costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

5. Provide evidence that the organization has adequate fiscal health to sustain at least three months of after-school programming, and has adequate financial controls and policies.

**Guidance for applicants:** Show that appropriate resources and personnel have been carefully allocated for the tasks and activities described in your application. Applicants should make sure that their budget will adequately cover program expenses, including limited expenses for transportation.

It is essential to demonstrate how you will leverage existing resources, such as computer labs, libraries and classrooms to carry out your activities. Also, describe the resources that partners are contributing, such as the use of community recreational areas, staff, supplies, etc. You are advised that costs should be allocated and will be judged against the scope of the project and its anticipated benefits. Applicants should provide evidence that their plans had the support of program designers, service providers and participants.

Provide a detailed budget narrative that itemizes how you will use grant funds as well as funds from other services. The application must demonstrate that the total resources are adequate to achieve the stated goals, and that costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits. In addition, programs that are able to leverage other sources of funding and in-kind support are able to serve more students and stretch the grant dollars farther. See section VII, page 9 for more information about how to complete the budget form and narrative.

Adequate supervision, training and staff development is essential for ensuring a high quality after-school program. The application should include both an organizational chart showing the number of staff to supervisor ratio and a detailed description of plans to provide staff with necessary training.

Successful applicants must make sure that their budget will adequately cover program expenses, including Professional Learning, data entry staff to enter student attendance, transportation if it is provided, parent involvement activities (5 percent of grant budget), statewide systems evaluation project (5 percent of grant budget) and funds to cover mileage reimbursement for at least three people to attend three Connecticut-based grantee meetings during each year of the project.

Grant funds cannot be used to purchase facilities, support new construction or to purchase office or computer equipment.

Parent fees are permitted. If the program charges fees, the applicant must establish a sliding fee scale that takes into account the relative poverty of the students and families targeted for services. Applicants that choose to establish a fee structure must provide a narrative that explains the fee structure, its administration and management.

For school districts and municipalities applying as lead applicants, fiscal health and financial policies can be documented in a letter of commitment from the superintendent (for school districts) or chief elected official (for municipalities) that states that the programs have the capacity to invest time and
resources to support program start-up and implementation, as specified in the grant proposal, notwithstanding a delay in funding.

For CBO(s) applying as lead applicant, fiscal health and financial policies must be documented by providing all of the following information as attachments (these do not count against page limits):

- copy of IRS determination letter;
- organization chart;
- list of board of directors with names and affiliations;
- organization’s most recent financial statements (audited, if available) and management letter (if available); and
- organization’s annual operating budget and actual income and expenses for the current fiscal year.

Please note that applicants are reminded of their obligation under Section 504 of the Rehabilitation Act to ensure that the proposed program is accessible to persons with disabilities.

Grantees must provide training and support for all staff members, including administrators and parents, in developing partnership skills, especially around understanding and appreciating diversity and developing skills to work with people from different backgrounds.

E. Management Plan
(two pages, 25 points)
1. Describe how the organization will disseminate information about the programs to the community in a manner that is understandable and accessible.

2. Provide a description of the adequacy of the management plan to achieve the objectives of the proposed project on time, within budget, including clearly defined responsibilities and milestones to accomplish project tasks.

3. Provide a description of the coordination of proposed project between parents, teachers, the community and students. Include planning and preparation time for after-school teachers to align the program activities with the daily classroom expectations.

**Guidance for applicants:** Charts, timetables and position descriptions for key staff are particularly helpful in describing the structure of your project and the procedures for managing it successfully. We recommend you clearly spell out goals, objectives, activities, events, beneficiaries and anticipated results. Many successful projects budget for, and employ, a project director and seek guidance from a variety of members of the community. Successful projects have an adequate staff to student ratio and describe the roles and responsibilities of all key staff, as well as plan and provide resources for ongoing staff development and training.

Successful grantees will be required to enter evaluation data on student demographics and program attendance into an online database. It is recommended that proposals identify an individual who will act as the primary contact on all data issues for the program.

VII. Plan for Expenditure of Grant Funds

Each grantee must submit an ED114 (Appendix E) and budget narrative for the first year of the grant as part of this application. For year two, each grantee will resubmit an updated ED114 and budget narrative by June 1, 2018.
The budget and budget narrative apply specifically for the activities described in the application, which may also be funded from sources other than this state grant. There is no matching requirement for this grant, but additional points are awarded for programs that reach more students by stretching state dollars by using other funding sources and in-kind support. Specific instructions for the Budget ED114 and Budget Narrative are as follows:

1. The ED 114 Form must be a separate page. See Appendix D.
2. Enter Grantee Name and Project Title.
3. Enter budget amounts in the appropriate expense line and column.
   a. Budget Amount Column: Enter the expense amounts for the CSDE Grant Award.
   b. Other Funding Sources and In-Kind Column: Enter the amount that will be spent for each expense line from funding other than the state grant. Other sources may include school district or municipal appropriations, parent fees, grants from other sources, fundraising, United Way funds, and allocation of the projected actual costs of in-kind support, such as supplies, building usage, utilities, telephone, copying, consumable supplies, equipment maintenance, travel, custodial or secretarial support, etc.
4. Total all columns and rows. Check that the total of the rows equals the total of the columns.
5. The Budget Narrative must provide a detailed description by budget code of the expenses to be used for the program, clearly stating which are allocated to this grant and which to other funding sources or in-kind. Total the amount for each budget code, for both this grant and other sources; each total should agree with the corresponding expenses on the ED114. Include details of all calculations and allocations. For example:

```
CODE 111A ADMINISTRATOR/SUPERVISOR SALARIES – Budget Amount
1 Grant Coordinator @ $30.00 per hour x 12 hours/week x 30 weeks = $10,800
   Total Grant Budget = $10,800

IN-KIND from YMCA:
1 Grant Administrator @ $40.00 per hour x five hours/week x 30 weeks = $6,000
1 Administrator @ $40.00 per hour x 10 hours/week x 30 = $12,000
   Total Other Funds = $18,000
```

VIII. Funding History and Experience

The CSDE will assess the 2016-17 performance data for any applicant who is currently receiving state after-school grant funding. Assessment will be based on the following criteria:

- program operations met state guidelines, including number of weeks, days and hours that services were provided;
- program met the goal for the total number of students and number of students on any given day targeted in the grant proposal or approved change request;
- Program met the goal for the number of students attending 60 percent of program activities targeted in the grant proposal or approved change request;
- program met state guidelines for per pupil expenditures;
- program provided parent involvement activities, as evidenced in the Parent Engagement Reporting Form;
- program has participated in quality improvement activities including program self-assessment using the Assessment of Afterschool Program Practices (APR) Observation Tool and as evidenced in the Quality Improvement Report; and
- CSDE will complete this section. Programs can gain up to 30 points in this section based on performance.
IX. Data Collection, Evaluation, and Professional Learning

A funded applicant must commit to:

- Providing an *End of Year Report (EYR)* that describes project activities, accomplishments, and outcomes. The EYR must be submitted by the end of year one in order to receive second year funding. The two purposes of the EYR are to: (a) demonstrate that substantial progress has been made toward meeting the objectives of the project as outlined in the grant application; and (b) collect data that address the performance indicators of a quality after-school program. More details about the EYR and performance outcomes will be provided in the fall Technical Assistance Workshop for grantees.

- Participating in evaluation studies and data collection conducted by the CSDE and their subcontractors. These studies may include site visits and interviews of staff, parents, students and educators, including completing and returning evaluation surveys, which will be provided to the grantees during the grant period.

- Participating in quality improvement efforts, including at least one annual outside observation conducted by the CSDE and/or their designees.

- Sending a representative team to every CSDE Technical Assistance Workshop and grantee meetings (maximum of four per year).

- Participating in an oral interview or receiving an onsite visit to clarify application information. Applicants will be contacted if such information is necessary.

- Setting aside five percent of the annual grant budget for the statewide data collection and evaluation project.

- Providing program and student data for the statewide evaluation project in a timely manner. Student program attendance data must be entered into the on-line data collection system weekly. The data to be collected must include:
  - Program Data
    - site information;
    - details of activities offered (e.g., start and end dates, type of activity);
    - teacher surveys; and
    - staff demographics.
  - Student Data
    - State Assigned Student Identification (SASID) number;
    - student demographics; and
    - program attendance.

- Submitting appropriate forms and receiving prior approval of the CSDE program manager before any programmatic changes can be made that differ substantially from what is presented in the grant application.

X. Licensing Requirements

Please note that programs receiving funding through this grant may be obligated to meet child day care licensing requirements, as defined under C.G.S. Section 19a-77. Some programs are exempt from this requirement. For more information, please see the following website: [http://www.ct.gov/oec/cwp/view.asp?a=4542&q=544636](http://www.ct.gov/oec/cwp/view.asp?a=4542&q=544636) or call the Connecticut Office of Early Childhood at 1-800-282-6063 for more information.
XI. Components of a High-Quality After-School Program

According to the U.S. Department of Education publication, *Working for Children and Families: Safe and Smart After-School Programs*, there are nine components present in high-quality after-school programs. These include:

- goal setting, strong management and sustainability;
- quality after-school staffing;
- high academic standards;
- attention to safety, health and nutrition issues;
- effective partnerships with CBO(s), juvenile justice agencies, law enforcement and youth groups;
- strong involvement of families;
- enriching learning opportunities;
- linkages between school day and after-school personnel; and
- evaluation of program progress and effectiveness.

XII. Review Process and Criteria

The CSDE will convene a panel to review all completed applications received by the due date. Grant awards will be negotiated and accepted, with notifications if necessary, in time for final award notification no later than September 2017. Each application will be rated according to the criteria provided within the rating form found in Appendix C (Option A and Option B).

XIII. Management Control of the Program

The grantee has complete management responsibility for this grant. While the CSDE staff may be consulted for their expertise, they will not be directly responsible for the selection of sub-grantees or vendors, nor will they be directly involved in the expenditure and payment of funds.

XIV. Grant Awards

The CSDE reserves the right to award in part, to reject all proposals, in its entirety or in part, and to waive technical defects, irregularities or omissions if, in its judgment, the best interest of the state would be served. After receiving the grant application, the CSDE reserves the right not to award all grants, to negotiate specific grant amounts, and to select certain grantees, regardless of points awarded, as part of the evaluation process to meet the State Board of Education’s priorities.

The CSDE will notify applicants in writing of the acceptance or rejection of their proposals. If a proposal is selected for funding, the Bureau of Health/Nutrition, Family Services and Adult Education will initiate a grant award letter. The level of funding and effective dates of the projects will be set forth in the notification of the grant award. The CSDE will retain all proposals submitted and such proposals will become part of the public domain.

XV. Obligations of Grantees

All bidders are hereby notified that the grant to be awarded is subject to contract compliance requirements, as set forth in C.G.S. Section 4a-60 and Sections 4a-68j-1 et seq., of the Regulations of Connecticut State Agencies.
Furthermore, the grantee must submit periodic reports of its employment and sub-contracting practices in such form, in such manner and in such time, as may be prescribed by the Connecticut Commission on Human Rights and Opportunities (CCHRO).

XVI. Fiscal Responsibility and Reporting Requirements
The grantee will be responsible for adherence to all state and federal regulations governing expenditures, accounting and reporting requirements and shall prepare and submit all reports, as required by the CSDE.

XVII. Grant Award Decisions and Disposition of Proposals
The CSDE reserves the right to award in part, to reject any and all proposals in whole or in part and to waive technical defects, irregularities or omissions if, in its judgment, the best interest of the state would be served. After receiving the grant application, the Department reserves the right not to award all grants, to negotiate specific grant amounts and to select certain grantees regardless of points awarded as part of the evaluation process to meet state requirements or State Board of Education priorities. In addition, the CSDE reserves the right to change the dollar amount of grant awards to meet state guidelines for grant awards. All awards are subject to availability of state funds. Grants are not final until the award letter is executed.

Applicants will be notified, in writing, of the acceptance or rejection of their proposals. If a proposal is selected for funding, the Bureau of Health/Nutrition, Family Services and Adult Education will initiate a grant award. The Chief Operating Officer of the CSDE will issue notification of the grant award. The level of funding and effective dates of the projects will be set forth in the notification of the grant award. All proposals submitted will be retained by the CSDE and will become part of the public domain.

Furthermore, the grantee must submit periodic reports of its employment and sub-contracting practices, in such form, in such manner and in such time as may be prescribed by the CCHRO.

XVIII. Freedom of Information Act (FOIA)
All of the information contained in a proposal submitted in response to this Request for Proposal (RFP) is subject to the provisions of Chapter 3 of the Connecticut General Statutes (Public Records and Meetings and Freedom of Information Act [FOIA] Sections 1-200 to 1-242, inclusive). The FOIA declares that, except as provided by federal law or state statute, records maintained or kept on file by any public agency (as defined in the statute) are public records and every person has the right to inspect such records and receive a copy of such records.

XIX. Annie E. Casey Foundation
Applicants that are part of a collaborative effort funded in whole or in part by the Annie E. Casey Foundation must submit documentation that:
- the collaborative oversight entity has been provided the opportunity to review and comment on the grant application or proposal prior to submission to the Department;
- the proposal or application submitted provides information detailing the activities which assure priority access to services for children, youth and families referred by the collaborative oversight entity; and
- the applicant shall designate someone to act as liaison for the referral process.
XX. Timeline of Activities

STATE DEPARTMENT OF EDUCATION  
PROGRAM MANAGER AUTHORIZATION APPROVAL
APPENDIX D: Budget and Budget Objective Codes (cont’d)

Master Budget Form Object Code Descriptions/Includable Items

111A Non-Instructional
Amounts paid to administrative employees of the grantee not involved in providing direct services to pupils/clients. Include all gross salary payments for these individuals while they are on the grantee payroll including overtime salaries or salaries paid to employees of a temporary nature.

111B Instructional
Salaries for employees providing direct instruction/counseling to pupils/clients. This category is used for both counselors and teachers. Include all salaries for these individuals while they are on the grantee payroll including overtime salaries or salaries of temporary employees. Substitute teachers or teachers hired on a temporary basis to perform work in positions of either a temporary or permanent nature are also reported here. Tutors or individuals whose services are acquired through a contract are not included in the category. A general rule of thumb is that a person for whom the grantee is paying employee benefits and who is on the grantee payroll is included; a person who is paid a fee with no grantee obligation for benefits is not.

200 Personal Services – Employee Benefits
Amounts paid by the grantee on behalf of employees; these amounts are not included in the gross salary, but are in addition to that amount. Such payments are fringe benefit payments and, while not paid directly to employees, nevertheless are part of the cost of personal services.

300 Purchased Professional and Technical Services
Services which, by their nature, can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, etc.

400 Purchased Property Services
Services purchased to operate, repair, maintain, and rent property owned or used by the grantee. These services are performed by persons other than grantee employees. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

500 Other Purchased Services
Amounts paid for services rendered by organizations or personnel not on the payroll of the grantee (separate from Professional and Technical Services or Property Services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.
2017-19 After-School Grant Application

600 Supplies
Amounts paid for items that are consumed, worn out, or deteriorated through use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

800 Debt Service and Miscellaneous
Amounts paid for goods and services not otherwise classified above.
APPENDIX E: Application Checklist

Applicant Name: ____________________________________________________________

The following sections of the After-School RFP must be attached to this checklist to be deemed a “Completed Application Package.”

STATEMENT OF ASSURANCES

CONNECTICUT STATE DEPARTMENT OF EDUCATION
STANDARD STATEMENT OF ASSURANCES
GRANT PROGRAMS

PROJECT TITLE:

THE APPLICANT: __________________________ HEREBY ASSURES THAT:

________________________________________

(insert Agency/School/CBO Name)

A. The applicant has the necessary legal authority to apply for and receive the proposed grant;

B. The filing of this application has been authorized by the applicant’s governing body, and the undersigned official has been duly authorized to file this application for and on behalf of said applicant, and otherwise to act as the authorized representative of the applicant in connection with this application;

C. The activities and services for which assistance is sought under this grant will be administered by or under the supervision and control of the applicant;

D. The project will be operated in compliance with all applicable state and federal laws and in compliance with regulations and other policies and administrative directives of the State Board of Education and the Connecticut State Department of Education;

E. Grant funds shall not be used to supplant funds normally budgeted by the agency;

F. Fiscal control and accounting procedures will be used to ensure proper disbursement of all funds awarded;

G. The applicant will submit a final project report (within 60 days of the project completion) and such other reports, as specified, to the Connecticut State Department of Education, including information relating to the project records and access thereto as the Connecticut State Department of Education may find necessary;

H. The Connecticut State Department of Education reserves the exclusive right to use and grant the right to use and/or publish any part or parts of any summary, abstract, reports, publications, records and materials resulting from this project and this grant;

I. If the project achieves the specified objectives, every reasonable effort will be made to continue the project and/or implement the results after the termination of state/federal funding;
The applicant will protect and save harmless the State Board of Education from financial loss and expense, including legal fees and costs, if any, arising out of any breach of the duties, in whole or part, described in the application for the grant;

At the conclusion of each grant period, the applicant will provide for an independent audit report acceptable to the grantor in accordance with Sections 7-394a and 7-396a of the Connecticut General Statutes, and the applicant shall return to the Connecticut State Department of Education any moneys not expended in accordance with the approved program/operation budget as determined by the audit;

L. REQUIRED LANGUAGE (NON-DISCRIMINATION)
References in this section to “contract” shall mean this grant agreement and to “contractor” shall mean the Grantee.

(a) For purposes of this Section, the following terms are defined as follows:

(1) "Commission" means the Commission on Human Rights and Opportunities;

(2) "Contract" and “contract” include any extension or modification of the Contract or contract;

(3) "Contractor" and "contractor" include any successors or assigns of the Contractor or contractor;

(4) "Gender identity or expression" means a person's gender-related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth, which gender-related identity can be shown by providing evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity or any other evidence that the gender-related identity is sincerely held, part of a person's core identity or not being asserted for an improper purpose.

(5) "good faith" means that degree of diligence which a reasonable person would exercise in the performance of legal duties and obligations;

(6) "good faith efforts" shall include, but not be limited to, those reasonable initial efforts necessary to comply with statutory or regulatory requirements and additional or substituted efforts when it is determined that such initial efforts will not be sufficient to comply with such requirements;

(7) "marital status" means being single, married as recognized by the state of Connecticut, widowed, separated or divorced;

(8) "mental disability" means one or more mental disorders, as defined in the most recent edition of the American Psychiatric Association's "Diagnostic and Statistical Manual of Mental Disorders", or a record of or regarding a person as having one or more such disorders;
"minority business enterprise" means any small contractor or supplier of materials fifty-one percent or more of the capital stock, if any, or assets of which is owned by a person or persons: (1) who are active in the daily affairs of the enterprise, (2) who have the power to direct the management and policies of the enterprise, and (3) who are members of a minority, as such term is defined in subsection (a) of Connecticut General Statutes § 32-9n; and I, the undersigned authorized official; hereby certify that these assurances shall be fully implemented.

"public works contract" means any agreement between any individual, firm or corporation and the State or any political subdivision of the State other than a municipality for construction, rehabilitation, conversion, extension, demolition or repair of a public building, highway or other changes or improvements in real property, or which is financed in whole or in part by the State, including, but not limited to, matching expenditures, grants, loans, insurance or guarantees.

For purposes of this Section, the terms "Contract" and “contract” do not include a contract where each contractor is (1) a political subdivision of the state, including, but not limited to, a municipality, (2) a quasi-public agency, as defined in Conn. Gen. Stat. Section 1-120, (3) any other state, including but not limited to any federally recognized Indian tribal governments, as defined in Conn. Gen. Stat. Section 1-267, (4) the federal government, (5) a foreign government, or (6) an agency of a subdivision, agency, state or government described in the immediately preceding enumerated items (1), (2), (3), (4) or (5).

The Contractor agrees and warrants that in the performance of the Contract such Contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, gender identity or expression, intellectual disability, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such Contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United States or of the State of Connecticut; and the Contractor further agrees to take affirmative action to insure that applicants with job-related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, gender identity or expression, intellectual disability, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by the Contractor that such disability prevents performance of the work involved; (2) the Contractor agrees, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, to state that it is an "affirmative action-equal opportunity employer" in accordance with regulations adopted by the Commission; (3) the Contractor agrees to provide each labor union or representative of workers with which the Contractor has a collective bargaining agreement or other contract or understanding and each vendor with which the Contractor has a contract or understanding, a notice to be provided by the Commission, advising the labor union or workers' representative of the Contractor's commitments under this section and to post copies of the notice in conspicuous places available to employees and applicants for employment; (4) the Contractor agrees to
comply with each provision of this Section and Connecticut General Statutes §§ 46a-68e and 46a-68f and with each regulation or relevant order issued by said Commission pursuant to Connecticut General Statutes §§ 46a-56, 46a-68e and 46a-68f; and (5) the Contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the Commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the Contractor as relate to the provisions of this Section and Connecticut General Statutes § 46a-56. If the contract is a public works contract, the Contractor agrees and warrants that he will make good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials on such public works projects.

(c) Determination of the Contractor's good faith efforts shall include, but shall not be limited to, the following factors: The Contractor's employment and subcontracting policies, patterns and practices; affirmative advertising, recruitment and training; technical assistance activities and such other reasonable activities or efforts as the Commission may prescribe that are designed to ensure the participation of minority business enterprises in public works projects.

(d) The Contractor shall develop and maintain adequate documentation, in a manner prescribed by the Commission, of its good faith efforts.

(e) The Contractor shall include the provisions of subsection (b) of this Section in every subcontract or purchase order entered into in order to fulfill any obligation of a contract with the State and such provisions shall be binding on a subcontractor, vendor or manufacturer unless exempted by regulations or orders of the Commission. The Contractor shall take such action with respect to any such subcontract or purchase order as the Commission may direct as a means of enforcing such provisions including sanctions for noncompliance in accordance with Connecticut General Statutes §46a-56; provided if such Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Commission, the Contractor may request the State of Connecticut to enter into any such litigation or negotiation prior thereto to protect the interests of the State and the State may so enter.

(f) The Contractor agrees to comply with the regulations referred to in this Section as they exist on the date of this Contract and as they may be adopted or amended from time to time during the term of this Contract and any amendments thereto.

(g) (1) The Contractor agrees and warrants that in the performance of the Contract such Contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of sexual orientation, in any manner prohibited by the laws of the United States or the State of Connecticut, and that employees are treated when employed without regard to their sexual orientation; (2) the Contractor agrees to provide each labor union or representative of workers with which such Contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such Contractor has a contract or understanding, a notice to be provided by the Commission on Human Rights and Opportunities advising the labor
union or workers’ representative of the Contractor’s commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (3) the Contractor agrees to comply with each provision of this section and with each regulation or relevant order issued by said Commission pursuant to Connecticut General Statutes § 46a-56; and (4) the Contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the Commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the Contractor which relate to the provisions of this Section and Connecticut General Statutes § 46a-56.

(h) The Contractor shall include the provisions of the foregoing paragraph in every subcontract or purchase order entered into in order to fulfill any obligation of a contract with the State and such provisions shall be binding on a subcontractor, vendor or manufacturer unless exempted by regulations or orders of the Commission. The Contractor shall take such action with respect to any such subcontract or purchase order as the Commission may direct as a means of enforcing such provisions including sanctions for noncompliance in accordance with Connecticut General Statutes § 46a-56; provided, if such Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Commission, the Contractor may request the State of Connecticut to enter into any such litigation or negotiation prior thereto to protect the interests of the State and the State may so enter.

M. The grant award is subject to approval of the Connecticut State Department of Education and availability of state or federal funds.

N. The applicant agrees and warrants that Sections 4-190 to 4-197, inclusive, of the Connecticut General Statutes concerning the Personal Data Act and Sections 10-4-8 to 10-4-10, inclusive, of the Regulations of Connecticut State Agencies promulgated there under are hereby incorporated by reference.

I, the undersigned authorized official, hereby certify that these assurances shall be fully implemented.

CERTIFICATION THAT CURRENT AFFIRMATIVE ACTION PACKET IS ON FILE

According to the Connecticut Commission on Human Rights and Opportunities (CHRO) municipalities that operate school districts and also file a federal and/or state Affirmative Action Plan(s) are exempt from the requirement of filing an Affirmative Action Plan with the Connecticut State Department of Education. Agencies with an Affirmative Action Plan on file need to certify such by signing the statement below.

I, the undersigned authorized official, hereby certify that the applying organization/agency: ________________________________, has a current affirmative action packet on file with the Connecticut State Department of Education. The affirmative action packet is, by reference, part of this application.

Signature of Authorized Official: ________________________________ Date: _____________

Name and Title: ________________________________________________________________
APPENDIX H: Partner Applicant Commitment Letter

1. Use school/community-based organization letterhead stationery (one letter from each school or from each partner, except that you may combine school principals and superintendent in one letter from school district).

2. The letter of commitment should include language that the program staff and partner agencies commit to participate in all state activities, including, but not limited to: evaluations, data collection and reporting, networking meetings and all of the state mandated Professional Learning, technical assistance, data collection, trainings and meetings associated with the grant program for the duration of the grant.

3. Letters must include signature, printed/typed name, title, organization, and date.
