

RSCO LATE APPLICATION FOR CHOICE SCHOOLS & THE OPEN CHOICE PROGRAM

The period for submitting an on-time application ended on February 9, 2020, however, families may continue to submit applications for the schools and grade levels listed below through **August 14, 2020**. As indicated in the RSCO materials, applications submitted during this period are considered for placement only after all on-time applicants for the school or program have been offered a placement in available seats. For information about the number of available seats, [please refer to prior year available seat data for guidance](#) in choosing schools for late application to increase the likelihood that a seat may become available. **Note:** The late application is available to applicants who did not submit an application by February 9, 2020. Applicants who submitted an application during the on-time period may not submit a late application.

Please refer to the tables below for the list of RSCO schools, grades and programs currently accepting late applications. This is an updated list as of **July 28, 2020**. We will continue to update this list throughout summer. Please be aware that schools and programs on this list are not necessarily placing late applicants at this time. Some schools and grade levels may have seats available at some point during the application process while others may not. Schools are listed by grade level and sorted by town where the school is located.

Magnet Schools: Grades PK to 6
